KOOTENAY'S PARLIAMENT

Ninth Annual Meeting of Associated Boards of Trade.

The Ninth Annual Convention of the Associated Boards of Trade of Southeastern British Columbia, opened at Greenwood on Wednesday afternoon, president, G. O. Buchanan presiding.

President Buchanan opened proceedings by delivering his annual address. He was followed by Fred. A. Starkey, vice-president, and then came the election of officers, the latter resulted as follows:

President—G. O. Buchanan of Kaslo.

Vice-President—F. A. Starkey of Nelson.

Secretary—A. B. Mackenzie of Rossland.

The visiting delegates were extended the freedom of the city by Mayor Bunting of Greenwood and later were entertained at a citizens smoking concert in Miller's Hall.

F. E. Simpson representing Cranbrook, C. Hungerford Pollen Fort Steele, E. O. Kamm and R. Campbell Moyie were in attendance.

Political Pointers.

If the Liberal party expects to have the support of the people in the next Dominion election, they must have their leaders drive the G. T. P. railway pirates out of business.

The men sent out west by the Ottawa machine to work a scheme of rule of ruin policy for the Liberal party in Manitoba and British Columbia, are back at Ottawa looking over the wreck and telling the G. T. R. and the machine, just how the play came up that killed the job.

The senatorial situation in the Kootenays is full of life, but a good organization, though defeated, has put new life in the old man.

Special from Ottawa announces arrival of W. W. B. McInnes, negotiations transfer Ralph Smith to Governorship Yukon, McInnes to contest Nanaimo, "the boy from Alberni" said to be pining for a second Waterloo.

In the Provincial House.

Never before has the provincial legislature succeeded in getting down to real work so soon after the opening.

On Thursday Mr. Macdonald the leader of the opposition made his first appearance in the House

Thursday the house was in committee of the whole on bills to amend the interpretation act and the assessment act of 1903. All amendments in this direction were voted down on a division by a straight party vote, the socialists voting with the opposition.

The premier made the announcement that the election in Dewdney will take place within two weeks.

Appointments.

Jacob P. Fink and Thos. H. Caslake has been appointed as members of the Board of Licensing Commissioners for the City of Cranbrook.

James Ryan and "Vic" Rollins have been appointed and gazetted as police commissioners for the City of Cranbrook.

Canada Needs Laborers.

Ottawa, Ont. March, 15. It is estimated that this spring from 50,000 to 60,000 men will be required on railroads building operations in Canada, the majority of whom must be obtained from other countries. In view, therefore, of the great scarcity of laborers in Canada, it is probable that the operations of the alien labor law will be suspended for the time being. The various contractors on railway works throughout Canada are greatly exercised over the outlook. Some of them on the Grand Trunk Pacific have taken contracts to be finished within a certain time limit under severe penalty. They have had agents scouring the country in vain for workers. They have made inquiries in Great Britain and on the Continent, and have found that a certain amount of labor can be secured from Italy, France, Switzerland, and Scandiavia. The leaders of the trades unions contend, it is said, that these workers from Europe will come under the operation of the Alien Labor law, and that their immigration into Canada could be prevented. The same argument applies to works in the United States where likewise the railroad contractors cannot get all the labor they require. There may be an influx of railway workers from across the boundry, but it is to Europe that Canada must look for the men who will construct new railway lines during the coming season.

Southeast Kootenay Ore Shipments

The week's output of Southeast Kootenay silver-lead mines were as follows:—

	WEEK	YEAR
St. Eugene....	250	1,268
Sullivan.....	1,000	6,400
Total	1,250	7,668

At the Rinks.

Curling in Cranbrook this winter has been full of interest as well as a pleasure for all concerned in winter sports. The Bonspiel, the greatest of all events was one of the most successful ever held in the Kootenays. Visiting rinks were here from all over the Kootenays. The prizes were numerous and well contested. Since the bonspiel local curlers have been busy contesting in many competitions for local prizes, but owing to the soft weather now prevailing the season is ended.

The Wm. F. Tate & Son, competition prize by the Cholditch rink.

The Fink cup by the Wilson rink.

The Gault Cup was won by the McSweyn rink.

The Kaiser's Gift To London.

London, March, 15.—London newspapers are still agog over the statue of William III, which the Kaiser has presented to London. The site for the statue, in front of Kensington Palace, has been selected by King Edward, for the reason that Kensington was the favorite home of William, and it was there that he entertained Peter the Great, and there he died March 8, 1702. King William has not been fortunate in postmortem tributes to his greatness. When he died the Privy-Council, for some good reason of their own, resolved to bury him unobtrusively in the Abbey, and to erect a monument to him there, as well as an equestrian statue in some public square. The good resolutions of the Privy Council were never fulfilled. All that Westminister Abbey holds in memory of the King is his effigy. Tardy homage was, however, done by the placing of a marble statue, in the great hall of the Bank of England in 1735, Hull, in the previous year, had put up one to the memory of "Our Great Deliverer." Petersfield is the only other English town that has honored the silent, morose hero of the House of Nassau. Ireland thinks she has done more than her share by planting his statue in Collego Green.

J. Hughes of Toronto, C. C. Snowden of Calgary, F. F. Dawson of Winnipeg, and Fred. Ritchie of Victoria were guests at the Cranbrook Sunday last.

The practice work in connection with the Sacred Oratorio Emmanuel is rapidly improving in the different parts, a success is already assured. The solos and choruses are of a high order and a musical treat is in store for the citizens of Cranbrook. The admission fee is set at 50 cents, and proceeds will go the children's Aid Society of the province. All should assist.

The handsome challenge cup presented to the Basket Ball players of the city is now in town and is to be seen in the window of Mr. W. H. Wilson, the donor of the cup. It presents a very attractive appearance standing on an ebony base about 16 inches high and nine inches across. The design is very attractive and all the players are loud in their praise to Mr. Wilson for his thoughtfulness in this matter. The series of games is well under way and are creating a great interest. Tuesday night next one of the fastest games will be played when the "Gym" and Fire Brigade teams meet in battle.

The American Smelting and Refining Company Pays Usual Dividend.

New York, March 15—Contrary to the expectation of many stockholders of the Smelting and Refining Company, who believed that the greatly increased earnings of that corporation would induce the directors to raise the rate on the common stock from 7 per cent to 10 per cent a year, no change was made in the rate, and stockholders will get the usual rate of 1¾ per cent, quarterly on the common stock, and the regular dividend of one and three-quarters on the preferred stock.

The Great Oxford Cambridge Race

London, March 16.—The two crews in the memorable race, the Oxford and Cambridge, meet as they have done so many years on the Thames, the event being the greatest in the history of boating. Cambridge has won easily more times than Oxford. The chances are considered in favor of Cambridge. As usual the great event has drawn out an immense crowd, with representatives from all parts of the world, Americans being the most conspicuous in numbers, and very welcome as they were made by the Londoners.

Among the Craft.

A regular convocation of Rocky Mountain Chapter R. A. M. was held in Masonic Temple on Tuesday evening.

A special assembly of Selkirk Preceptory and Priory was held in the Temple Chapter room in the Masonic building on Wednesday evening.

Danger Signals at Public School.

Electrician Bremner was at the Public School building on Saturday last putting in a fire alarm. The service consists of a large gong placed in the main hall-way, and smaller bells connecting with the different rooms. This improvement in connection with fire drills will make, as far as possible, every thing safe for the children in case of fire.

May Have High Water This Year.

Old timers are predicting high water on the Kootenay river this spring because there is a large amount of snow in the mountains which is slowly melting. Many thousand feet of logs piled on the banks of the Kootenay awaiting the falling of the water, these logs will then be sent down the river to Wardner.

LOCAL NEWS.

Rev. W. S. Hall, B.A.B.D. of Fernie, one the best platform speakers and debaters in British Columbia will speak in the Methodist Church next Sunday morning and evening. All who can posssibly do so should hear Mr Hall on this occasion. This will be his first appearance in Cranbrook.

Rev. R. Reid, who has been visiting his brothers W. T. and Chas. Reid, during the past week returned to his home in Walla Walla, Tuesday.

The display window of Hill & Co. this week, is an attraction to the ladies of Cranbrook. As one lady remarked, it is very pretty nothing finer can be seen in Toronto or other eastern cities.

No Railway Legislation.

The Premier made the important announcement that while the present year would be marked with important railway construction in various parts of the province, the Government would have no railway bills to bring down this session, and that all Government legislation would be submitted to the House within the next two weeks. The Premier also added that there was a "needless fear" that the Government's proposed immigration policy would disturb the labor interests. That was far from the intention. The Government merely sought for British Columbia the advantages the Salvation Army immigration scheme had already given Ontario and Manitoba.

On a Tour of Inspection.

G. J. Bury, Assistant Manager of the Western lines of the C. P. R. accompanied by J. R. Jamieson, general superintendant, W. E. Woodhouse, master mechanic, H. E. Macdonell, general freight agent, and T. Martin resident engineer were at Cranbrook Wednesday on a tour of inspection of the Crow's Nest branch, the party left on Thursday morning for Nelson for a run over the Pacific division.

Spring Opening.

Hill & Co. have today opened their spring line of Easter bonnets, and ladies wearing apparel, and are to be congratulated in the manner in which they are watching the present-day trend of fashions. Each successive change brings with it increased beauty of line, and more efforts that make the becomingness, and stronger proofs of the undefinable charm that lies in dainty femininity.

The premises of Hill & Co. are overflowing with the most beautiful materials for indoor wear at home or at social gatherings. For outdoor wear, their line of ladies coats, cream saques, and rain-proof coats are superior to anything ever before brought into Cranbrook.

Ravishing growns are displayed of all the most popular shades and the most beautiful materials. Embroidered shirt waists, mulls and linens, in which are to be found everything to exemplify the most handsome styles.

Fashion which is so capricious is found here in every garment, and enticing hats for Easter. Ladies two-piece costumes in clearing or shorter length; consisting of cutaway jacket, and a nine-gored skirt, tucked at the upper part of each side seam. Misses costumes, consisting of a box coat in two lengths and a three piece skirt. Girls box-plaited dresses in sizes from six to 14 years; smart hosiery is shown in every possible tint or color. In this day of sheer hosiery the most important feature with Hill & Co. provides good wearing qualities. Dainty infant dresses according to fancy, of regulation length and of the softest and finest material.

All these beautiful creations have just been opened for spring by Hill & Co. who extend an earnest invitation to every lady and child of Cranbrook in visit their salesrooms, that will be open for inspection today, and during the coming week.

Bull River Power Co.

G. E. Henderson, president of the Bull River Power Co. was in the city Thursday. Mr. Henderson said work had commenced on grade for the big flume, that a mill for cutting lumber had been contracted for, and that the dam now partially completed would be finished this season.

Should Meet Often.

When in peace, prepare for war. The Cranbrook Conservative Association should meet as often as once a month during the present year, inasmuch as the Dominion elections is likely to take place within a year. It is better to be in line, all prepared, for the Ottawa machine, when ready, will send the summons, like a bolt from the blue, from the Atlantic to the Pacific.

PROVINCIAL FINANCES

A Record of Prosperity—Indications of the Development of the Country.

The revenue of the province for the fiscal year ending June 30th, 1906, was $3,044,442.49. In the previous year it was $2,920,461.71. Of this amount $306,076.66 was received from the Dominion, and the remainder was contributed from the local sources. The largest signal item last year was from timber royalties and licenses, the amount being $509,043.44, a gain of nearly $100,000 over the previous year. Next in order came the real property tax, which yielded $301,765.85, a gain of about $15,000. From land sales $189,391.92 were received against $141,510.29 in the previous year, a very satisfactory gain. Timber leases yielded $100,499.83. Thus the timber industry contributed in all $609,492.23 to the revenue, from lands, including survey fees and rents, $301,676.48 were received, making the revenue from these two sources $920,168.71, or nearly as much as the total revenue of the province ten years ago. Nothing more clearly indicates the development of the country than this. Mining contributed in all $440,686.39; the revenue tax and the real and personal property taxes $16,074.31. From wild land taxes $101,308.02 received. Thus we find that the principal sources of the provincial revenue are as follows:

From direct taxation	$616,074.31
From timber.....	609,494.23
From mining.....	440,686.39
From the Dominion..	306,976.66

Registry fees yielded $152,120.71, an increase of 60 per cent. over the previous year. It is impossible to suggest any better indication of the prosperity of the country than this affords. Further particulars as to receipts will be found in another part of today's paper.

The net expenditure of the year was $2,228,126.27. The largest single item, except interest and redemption charges, was for public works, which called for $452,726.76. Next in order came education, for which $418,937.97 were required. Salaries of all kinds absorbed $372,357.27, and the administration of justice exclusive of salaries $116,405.53. The public debt makes an annual charge upon the revenue of $713,063.15, a very serious legacy from the past, and one that would never have had to be assumed if the province had received that consideration from the Dominion to which it is entitled.—Victoria Colonist.

Keep the City Clean.

Now is the time for the Board of Health and the Board of Works, by prompt attention to little things, to enable the city to make a favorable impression upon all who visit it. Praise worthy efforts have already been made at the street crossing. The lanes and alleys should receive much needed attention, back yards should be cleaned, for these things mark the difference between efficiency and inefficiency. The year 1907 promises to be a record one in the history of Cranbrook, clean and well lighted streets will do much towards making the city attractive to visitors as well as citizens.

Sullivan Stock

There was a goodly amount of business done last week, at Spokane, in Sullivan Stock. There was a large demand, and it started with 1,000 at 7½ cents, then rose 8½ cents, the sold at 8½ cents, finally closing at 8¾ cents. There seems to be no doubt but that this stock will reach 15 cents inside of six months.

SATURDAY, MARCH 16, 1907.

THE public ownership of public utilities is a fruitfull subject for discussion. For the lack of genuine public spirit in Cranbrook the Electric Light and Water Power by-law was defeated when it came before the people. This was due, no doubt, to an imperfect understanding of the matter, and to a large extent the indifference of the citizens. In asking for certain privileges, the company, only asked for a guarantee that they should be able to continue business for a certain length of time without being compelled to ask further favors of the city. The only question was the granting of this privilege of doing business for a certain number of years. The granting of this privilege to the company did not convey any restriction so that another company would not be able to enter the field in competition with the old company, but to the contary left the field open for the city to buy, or put in a plant, or give to another company the privilege of putting in a power plant at any time. The passing of this by law would have been of great benefit to the city, it would have increased its revenues, it would have given employment to a large number of men during construction, and the employment of a large permanent force. Every citizen of Cranbrook would have benefitted, either directly or indirectly by the expenditure of not less than $50,000 in our city.

* * *

British Columbia is rapidly coming to the front in the mining world. It is a matter of great satisfaction to the people of this province, that British Columbia is being recognized as the largest producing mining province in Canada. This province is to be the seat of one of the most stupendous industries in the world. The mining area is now known to cover over 7,000 square miles. There can no longer be any question as to the permanency, or the extent, or the richness of the mines of southeastern British Columbia. The man who hesitates and asks for more proof is an unreasonable lunatic. We have already entered the domain of certainty, and it is now solely a question of degree.

* * *

What is needed is a railway through the upper Columbia and Kootenay valleys, which would tap the finest agricultural and mining region in the province. The lack of such a road retards development which would be remarkable if all the necessary facilities were provided. But that so much is being done without these facilities is proof that there is a well grounded faith in the future of this section of the province. The C. P. R. has always been favorable to the idea of building this road, also the Dominion government, but of course it is also a matter for the provincial government to interest itself in it.

* * *

Proper communication and the providing of facilities material for the prosecution of a large number of enterprises now under way are matters in which the entire district are interested, for assuredly, if the mining, agricultural and lumbering industries be benefited by the providing of *this railway, the province*, as a whole, also the Dominion would reap, directly and indirectly, the benefit of the outlay attendant *upon such provision.*

* * *

"Is there any chance of the C. P. R. taking the initiative in the building of the Kootenay Central railway?"

EDITORIAL.

Well, the C. P R. is asking for assistance from the provincial government in this undertaking. The Dominion government has given a subsidy to the K. C. R. company which, owing to the natural difficulties of constructing a railway through a mountainous country is hardly enough to warrant rapid construction without further aid from the province. With such aid being granted by the province, construction work would be pushed to completion, and would be in the nature of a national and provincial benefit, leading as it would to the rapid opening and development of one of the finest districts in the province.

* * *

The fastest express train stops after the steam is shut off, just like the business man's trade stops when he quits advertising.

* * *

Our friends may sometimes speak of us, but our enemies often speak of us.

* * *

Political parties in this province are organizing for the coming general election fray. The Conservatives of Cranbrook should take warning and get in line. The general elections will take place next spring. It will then be time to put the present Ottawa machine down and out.

• • •

The time is approaching when the candidates for the Dominion House are to be talked about, and it is worth while for the electors of every district in this constituency to look the ground over carefully with a view of selecting men who are equal to their duties.

• • •

It is not what happened to the McBride and Roblin' government that is worrying the G.T.P. and the Ottawa machine, but what will happen to Laurier and his party at the next general election.

• • •

Politicians all over the Dominion are watching with great interest the outcome of the chaotic conditions that now prevail in the House of Commons.

• •

If a few of those last year's sun spots would show up with a bunch of heat, we would think that spring had come.

• • •

It is now up to the McBride and Roblin governments, with their large majorities to apologize to the Ottawa machine and the G. T. P. for being on earth.

The Canadian Pacific Railway Co., announces a new feature for the convenience of second class passengers travelling via the new Empresses from St. John; on March 21st, April 4th, 18th and May 2nd Tourist Sleeper will be run from Montreal direct to the steamer at St. John berth rate $1.25. This gives for the first time direct through tourist sleeper service for passengers making the Atlantic trip. For reservations or further particulars write J. S. Carter, D. P. A., Nelson, B. C.

The advertising merchant is the one who does the business in these days of push and enterprise. There are more newspaper readers today than ever before in the history of the world. The newspaper places your business under the eyes of the buyer. He sees what he wants, and, knowing where to find it, looks up the wide awake merchant who asked him to come and see him. Success in these days of sharp competition calls for eternal vigilance. You can't keep a hustler down.

When a woman wants to get rid of her husband for an hour, she sends him up stairs to get something from the pocket of her dress.

Notice to Contractors

Sealed tenders superscribed "Tender for completion of basement of Public Buildings," will be received by the undersigned up to four o'clock p.m. (local time) on Tuesday, the 19th day of March, 1907, for the continuation and completion of the basement work of the Joint Government and Municipal Buildings, situate on Block "D" in the City of Cranbrook. All tenders to be delivered at the office of the City Clerk, Cranbrook, B.C.

Plans, specifications, contracts and forms of tender may be seen at the office of the Government Agent and at the office of the City Clerk, Cranbrook, B.C.

Each proposal must be accompanied by cash, or an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the undersigned in the sum of $100.00, which will be forfeited if the party tendering declines to enter into contract when called upon to do so. The cash, cheques or certificate of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract. The successful tenderer will be required to furnish a bond, himself and two sureties in the sum of $1,000.00 each, for the due fulfilment of the work contracted for to the satisfaction of the Architect in charge. Upon the execution of the bond the cash, cheque or certificate of deposit above mentioned will be returned to the Contractor.

Tenders will be required on the basis of the completion of the work for a lump or by day labor on percentage.

Tenders will not be considered unless made out on the forms supplied and signed with the actual signature of the tenderer.

All tenders must be accompanied with the names of the proposed bondsmen.

The lowest or any tender not necessarily accepted.

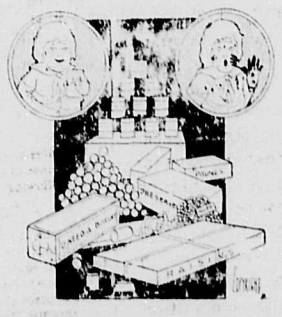
"PALATE TICKLERS"

This is the time of year when everybody is calling for a change of diet. "I don't know what I would like" is the common expression. We thought of this season coming, and arranged for a good variety of fancy appetising delicacies which would appeal to the most fastidious palate. We have received a consignment of these "Table Delights" this week and they are certainly just the thing to tone up the appetite. Below is a partial list of some of the nice things received:

Prices Champignons in glass. Harricots Verts Extra Fins. Harricots Flageolets Extra Fins. Aylmer Celery Relish. Setna Green Tomato Chutney. Old Virginia Stuffed Olives. Club House Queen Olives. McLarens Imperial Peanut Butter, etc.

Put Up In Cans But Just Like Fresh.



Old Homestead and Triangle Canned Fruits are delicious. They are just as good as if you put them up yourself. They retain their original flavor and appearance and are a treat at any time but most particularly at this season when your home supplies are nearing a finish and you are longing for a piquant relish.

You won't be disappointed when we tell you they are good as we have found out from experience that the above brands are the finest put up in Canada.

Lyvola Ripe Olives will make you forget all your enemies. Try a Can.

MILLINERY OPENING

March 19 and following days

The Summer Millinery shown here is different in tone, character, beauty and exclusiveness from that shown elsewhere. Reid & Co. Millinery is the vogue and commands attention and enthusiasm. The prices are especially reasonable quality and style being considered. We've anticipated the wishes of those who want the latest style, we therefore cordially invite the ladies to visit our Show Room March 19th and following days.

P.S.—We are pleased to inform the ladies of Cranbrook that we have secured the service of Mrs. Burritt of Montreal. As a Dress Maker this lady is most popular, she comes to us highly recommended we therefore assure the ladies of this City that satisfaction in the Dress Making department is assured.
