Contractor Geo. Leask was at Marysville Thursday on business connected with the building of the new school house in that town.

A. A. Macneil, principal of the public school returned Monday from his holiday visit to Winnipeg and other eastern cities.

The showers of this week have been welcomed by all. The dry weather of the summer had prepared field and wood for fire but now all danger is over. The air feels fresher and everything puts on a healthy appearance as a result of the rain.

You are invited to come to the Methodist Church next Sunday Evening and hear Rev. J. P. Westman give his address on "What will save Cranbrook and what the city will then be like." Good music will be furnished by the Choir. Come along.

Patmore Bros. have about completed the extensive "Blower" plant for the East Kootenay Lumber Co's. large planing mill at Jaffray, and are now busy enlarging the plant at the King Lumber Co's. new Planing Mill here.—Patmore Bros. Tinners and Plumbers.

Rev. B. Gootield will next Sunday night in the Baptist Church peach upon the important subject of "Salvation:" the preacher will make direct reference to the criminal carelessness of those who are responsible for the shocking moral conditions of our town. All interested in noble living and heroic doing are invited to attend.

Now is the time to clear up and get ready for Labor Day. The Carpenters are busy on Baker street which will be much improved by Sept. 3. The residents might well spend a few hours in beautifying their residences and yards. The City could put the teams to work by pulling off stones etc and thus assist the rate payers. Let every one clean up.

The executive of the foot-ball association met in their Committee room in the gymnasium on Wednesday evening of this week to wind up the affairs of the season and discuss matters relating to the Kerrigan cup. After much discussion it was decided not to form a league this season owing to the lateness of some of the entrees. The season being far advanced it was deemed advisable to shelve the question until next year.

Mr. and Mrs. F. C. Malpas opened their home on Monday to a number of friends in honor of their visitors.

Mrs. Gaffney of Wardner called on friends this week and made a short visit at the parsonage.

Mr. and Mrs. A. B. Fenwick and Mrs. Fred Binmore of Fort Steele were Cranbrook visitors Thursday.

Mrs. Erickson and her two daughters left for a three week's visit at the coast on Thursday. They were accompanied by Miss McDonald.

Mrs. G. T. Rogers was at home last Friday evening to her friends visiting in Cranbrook. The visitors thoroughly enjoyed the evening.

J. R. Anderson, deputy minister of agriculture, and Frank Smith, chemist of the Dominion Experimental farm, were registered at the Cranbrook Friday.

F. E. Simpson returned Thursday from West Kootenay where he has been engaged in rounding up the Liberal organizations.

Bryans advance agent is working overtime these days, and what is more he is earning his money, says the Herald. And so is organizer Simpson.

Messrs W. D. Hill of this place and T. A. Hill of Moyie left this week for the coast where they will spend a short vacation.

G. L. Podlar of Fernie, principal of the public school of that place was in town this week visiting Mr. A. A. McNeil, principal of the public school of this place.

C. Hungerford Pollen, President of the Kootenay Central Railway Co. arrived in Cranbrook Thursday. There will be a meeting of the directors of the company on September 3rd.

Mr. C. M. McHardy of Nelson was in town Wednesday. He was on his way home from the Prairie provinces where he has been in charge of the fruit exhibit of B. C. at the several exhibitions. He reports times good on the prairie, but states that fruit prospects of B. C. are a great attraction to the money men of the grain belt.

Superstition and distrust, with which all societies known as secret orders were at one time viewed by a large number of people, was, happily long ago dispelled, and today the lodge stands as one of the champions of the home and family. Wherever society has reached a high state of development, secret and fraternal orders have their greatest stronghold.

If there is a great question pressing for solution, the influence of which is to affect the home-life, the women of our city are ever on the alert to see that it is correctly solved. Thus working, they've formed a nucleus around which have been erected institutions that stand as a living monument in their defense of the home. All hail, then, to the queenly, white-souled women of this community!

Damage To The Illinois.

New York, August 25.—According to the official report of the experts it will cost about $10,000 to repair the damage done to the battleship Illinois in the recent collision with the Alabama. The Illinois will take part in the President's review and will then be sent to the Navy Yard for repairs.

Spokane Visitors.

It looks as through the business men's excursion to British Columbia may be a big affair this year. With the largest crowd the chamber has taken on such a trip and the evident enthusiasm with which the delegates will be received in the towns they visit, it looks as through it should be a profitable trip.

Southeast Kootenay Ore Shipments

The week's output of Southeast Kootenay silver-lead mines were as follows:—

	WEEK	YEAR
St Eugene....	608	20,868
Sullivan	500	16,420
Total	1,108	37,288

The Black-Mackay Co.

Chas. A. Mackay, manager of the Black-Mackay Mining Co., owning the sub marine mining proposition on Moyie lake, is again in town and is busily engaged doing assessment work. Another test will be made to ascertain the depth of bedrock on the St. Eugene side of the lake. Where the sand pipe was driven last spring it showed an alluvial deposit of 80 feet. This was near the edge of the shore. The new test will be made some distance out in the lake. The company recently purchased two lots from J. C. Drewry upon which will be built a warehouse, office buildings, etc.—Moyie leader.

As Others See Us.

The Rev. J. P. Westman, Methodist minister of Cranbrook, and chairman of the East Kootenay district, is what we may call "a mixer" that is, he makes it a point to be pleasant to all ordinary, as well as extraordinary folks, but we are surprised to learn of his being recognized as a shady character. It seems that on entering one of the local hotels at Coal Creek, just after going through the mine, that a little trap door tender of the mine shouted out, "Say, Ma, there goes the "tough" that was in the mine today."—Fernie Ledger.

King Edward Makes Millions.

The most stupendous speculative trick ever engineered in wall Street's turbulent history was successfully put through by E. H. Harriman, when without an instant's warning the news was flashed into the exchange and through every artery of the financial district in this and other cities, that the Union Pacific had been put on a 10 per cent. dividend basis and the Southern Pacific on a 5 per cent. dividend class. Winners of millions in the Harriman lines coup: E H Harriman $5,000,000; King Edward VII, $2,500,000; Wm. Rockefellew, $1,000,000; Alfred G. Vanderbilt, $1,000,000; James R. Keene, $2,000,000; John W. Gates, $1,000,000; H. H. Rogers, $1,000,000; William K. Vanderbilt, $1,000,000; James Stillman, $1,000,000. One of the most interesting developments of yesterday was the fact that King Edward of England had made a "hog killing" out of the boom on a tip from Jacob H. Schiff, delivered to the monarch through his New York financial representative, Sir Edward Cassel. There is no doubt that King Edward and a group of friends who operate with him in the New York market, have made an enormous amount. He is usually represented in Gotham by Sir Edward Cassel, who makes his headquarters at the offices of Jacob Schiff. He learned soon after Mr. Harriman's flying return from the coast that Union Pacific was about ready to pay handsomely and his royal backer was at once advised.

Longpre—Ouelet.

One of those events which brighten the world and make lives happy transpired on Wednesday morning of this week at 8 a. m., at St. Mary's church, when Rev. Father Choinell united in marriage Mr. George Longpre and Miss Laura Ouelet of Marysville. Mr. Harry Robichaud, uncle of Miss Ouelet, gave the bride away, and Miss Annie Ouelet and Mr. Peter Robichaud acted as bride and best man.

After the cermony was performed the wedding company repaired to the home of Mr. and Mrs Harry Robichaud where the wedding breakfast was partaken of.

The bride presented a very attractive and graceful appearance in her wedding gown. The bridesmaid was attired in white organdie, and carried a boquet of carnations and sweet peas.

The wedding presents were many and beautiful, and as a mark of high esteem in which the young couple were held in the Smelter City, they were presented with a beautiful cabinet containing a silver desert set from the boys of the smelter city. A silver fruit dish and mamalade jar frcm P. Robichaud, silver cake dish Annie Ouelet, silver egg stand Mr. and Mrs. H. Robichaud Silver fruit spoon Mr. and Mrs. J. Hall, cut glass vase Mr. and Mrs. R. E. Beattie, pearl handled butter knife, Mr. and Mrs. G. Lewis, silver fruit knife Miss Kennedy, silver butter knife Miss Hall, silver sugar bowl and cutlery Mr. and Mrs. J. F. Pringle, clock Mr. and Mrs. J Brault, table doilies Miss Barnhardt, tray and water set J. LeBau, table set, Mr. Caron silver biscuit jar Miss Greenier, groom's present to bride, cheque.

Mr. and Mrs. Longpre left on the afternoon train for Nelson and other points in East Kootenay and on their return will make their home in Marysville.

Baron Lewis.

Married on August 15th, 1906, at St Paul's church Vancouver, by the Ven. Edwyn S. W. Pentreath, D D., Archdeacon of Columbia, Robert Stewart Baron of Cranbrook, B. C., eldest son of Rev. R. B. Baron, of Douglas, Isle of Man, to Edith, second daughter of Thomas Lewis, Esq., of Vancouver.

Adding To Asiatic Squadron.

New York, August 24.—The squadron of four new armored cruisers, composed of the Maryland, the Pennsylvania, the Colorado and the West Virginia, under the command of Rear Admiral Willard H. Brownson, sailed to-day for Manila It has been decided by the Navy and State Departments that the fleet of the Asiatic station should be materially increased. The four armoured cruisers, each as powerful as a first-class battleship, but having the advantage of greater speed, will relieve in the Orient the only two battleships there, the Ohio and the Wisconsin. These will be ordered home, the Wisconsin to be extensively repaired on the Pacific coast, probably at the Bremerton Navy Yard, and the Ohio to come to the Atlantic coast to join the Atlantic fleet under the command of Rear Admiral Robley D. Evans. When the armored cruisers reach the Philippines Rear Admiral Brownson, who for so many years was superintendent of the Naval Acadamy, and who was severely criticized by the House investigating committee on account of the hazing at Annapolis, will relieve Rear Admiral C. J. Train in command of the powerful fleet on the Asiatic station. Admiral Train will be ordered home for other duty.

Will Improve Manchester Canal.

Manchester, England, August 24.—Herbert M. Gibson, the chief traffic superintendent of the Manchester Ship Canal Company sailed to-day for America. This is Mr. Gibson's third visit to America and he will visit the leading ports and cities, as improvements are under way for increased tonnage in the New Orleans-Manchester service and the Galveston-Manchester service, and there are various matters awaiting his attention in connection with the service from New York, Philadelphia, Boston and St. Johns, N. S. to Manchester. Mr. Gibson will visit the ship canal office in Toronto, Ont. and spend some time in Montreal, Que., from which port there is a direct line to Manchester.

Cranbrook Gets the Cup.

Monday last was the date set for the deciding game of lacrosse between Lethbridge and Cranbrook, Frank being named as the ground. The day has passed and as Lethbridge refused to play on the Frank ground the game has gone to Cranbrook by default, and as a result Cranbrook is now in possession of the Levasseur cup.

To Build Puget Sound Naval Dock.

Washington, D. C., August 23.—The Bureau of Yards and Docks is completing the plans for the only dry dock authorized by Congress at the late session, that intended for the navy yard at Puget Sound. The borings for the structure are now being made at the Bremerton establishment, the location of the dock being near the present dock. The plans, which have not yet been approved, as to general dimension, will be among the largest in the world. The length of the dock will be 750 Feet, and the depth 37 feet. Much interest attaches to the dock on account of the demands likely to be made upon the structure and the yard shops by returning vessels of the Pacific and Asiatic stations. The friends of the Mare Island Navy yard are fearful that it means the withdrawal from that yard of much of the work which has always gone to Vallego. The completion of the big dock at Bremerton will place the Navy yard there on a secure footing, and will add greatly to the value of the plant for naval repair work. Incidentally it will mean a great boom for Puget Sound.

Don't forget that Cranbrook will celebrate Labor Day.

LABOR DAY COMMITTEE

Meet and Transact Business—Judges Appointed.

Labor Day committee held its regular weekly session on Tuesday evening. Mr. Billings was appointed temporary chairman, records of last meeting were then read and adopted.

Correspondence from E. H. Holmes of the East Kootenay Mills, Geo. Wales of Wardner, D. R. Yates of Wycliffe, T. E. Kelly Moyie and F. E. McConnell of Baynes Lake, were read and on motion placed on file.

The report of the transportation committee was then read and adopted. Special train will leave Sidar at 6 a. m. on the morning of the 3rd, and visitors from Crows Nest points will come on regular passenger train, with specials from Jaffray and Wardner if needed. The fare will be one and one third from all points west of Pincher Creek and east of Sirdar, good on all trains

The secretary was instructed to secure the Cranbrook Brass Band for Labor Day.

The following gentlemen were then appointed as judges for the several events:—

For parade and floats—Hugh Cameron, Moyie; D. V. Mott, Fernie; D. D. Dulmage, Cranbrook.

For Horses—Dr. Bell, Cranbrook; R. A. Kimpton, Windermere; J. Grant, Moyie.

Decorations—Fred Smythe, Moyie; S. Speers, Creston; R. Benedick, Mayook.

Caledonian sports, Horse racing and Indian sports:—J. F. Pringle, Marysville; A. K. Leitch, Cranbrook; J. F. Hutchcroft, Marysville.

Lumbering events—J. Henderson, Cranbrook; H. Cameron, Moyie; D. V. Mott, Fernie.

In drilling contest the contesting teams will select their own judges.

The secretary was instructed to correspond with and notify the judges of their appointment.

Committee then adjourned to meet on Monday evening next.

An Open challenge.

The Secretary of the Labor Day Committee has received a communication from Francis McConnell, secretary of the Baynes Lake football team, which challenges any team in Southeast Kootenay to play a friendly game on Labor Day.

Lowery's Claim.

Sir—As the powers at Ottawa have locked my journal out of the mail sacks, I intend to stop the Claim in September and hie me to the South in order to chase the red back to my lily-white cheeks.

Liberty seems to be dying in Canada, as it is the only country on earth that has shut my paper out of the mails.

If I was a Grit and a grafter this story might never have been told.

R. T. Lowery.

Nelson, B. C., August 13, 1906.

Worth Adopting.

Some one connected with the management of the Grand Army encampment in Minneapolis had an idea that was little short of an inspiration. It was simply along the streets of the city during encampment week benches should be placed, so that any one who was wearied could sit down and rest. The benches were merely temporary rough plank affairs, but they answered the purpose as well as the finest benches would, and proved to be a great convenience to the thousands of strangers who thronged the streets. It is an idea worth adopting here at Cranbrook during Labor Day Celebration.

The Prospector.

SATURDAY, AUGUST 25, 1906.

THERE is noticeable unrest among leaders of the Provincial Opposition, and the lesser lights in this district as well as the public in general are interestedly awaiting future developments.

* * *

Liberal papers throughout the province are sounding the tocsin and if they can be relied on, which we doubt very much, there will be a provincial election this fall.

* * *

The Conservatives of this district are enthusiastic and a rosy view of the party is taken by the leaders who declare that in the next provincial election the Conservatives will carry the country.

* * *

The most conclusive evidence of increased interest in the lumber industry, is supplied by the number of timber locations now being made.

* * *

It is evident that the McBride government will not be blighted this year by the opposition "frost" now prevailing in this province.

* * *

Without exception Cranbrook is the most important city in Southeast Kootenay, and next year will have a most important duty to perform in a political way, and that is the election of a Member to represent this riding in the provincial legislature, and it is safe to assume that a Conservative will be elected.

* * *

While the world moves we should move with it; but too many men get the idea that they are moving the world.

* * *

Some people get so skeptical that if they were permitted to reach the pearly gates they would want to chip off a piece to see if it was genuine pearl.

• • •

It is our opinion that Gabriel will not have the only trumpet at the final wind-up of all things. There will be a lot of opposition slander mongers who will insist upon tooting their own horns.

• • •

Wages here are good and there is not an idle man in the district from a lack or an opportunity to work.

• • •

You do not need to knock the brains out of common sense to improve social and political conditions.

• • •

Organizer Simpson of the Liberal party in the Kootenays must be having an interesting time. The Conservatives will have a long rest if he will explain to the satisfaction of the public some of the "Grit" doings. Think of the Preston Bureau. An artic orgie, or the Saskatchewan land ring. These are only a few of the topics he may speak upon. Or perhaps he will deal with Mr. Duncan Ross the member from Yale-Cariboo and explain his attitude in regard to the V. V. and E. railway. Al together he will have interesting time, and it must be like an interesting entertainment to hear him get around these points. Those people who have been told for years that the Herald is independent will now look to see if he means it all or if the organ is strictly Liberal.

• • •

The Toronto Globe is authority for the rumor that the Dominion Parliament will be called for business on November 22nd and that the session will likely last until June.

• • •

The Nelson Daily News regrets to announce that Hon. Mr. Fielding, finance minister in the Laurier administration has been unseated on the score of corruption practiced by agents in the last federal campaign, but hopes that he will be returned once more with a majority even greater than that accorded him two years ago.

* * *

It is possible that Mr. Fielding may be returned by a greater majority, obtained in the same old way, that he got his majority two years ago, and be unseated in the same old way.

The Joy of Poverty.

From Harper's Weekly: It is common to hear people wish for great riches, even common to to hear fairly wise people, who, having seen something of the world, shrink from so unworthy a demand, wish for a few thousands more than they have, fondly believing, against all evidence, that they can buy therewith freedom from care and things; but real freedom is poverty. The best way to avoid the care of silver and fine dishes and table napkins is not to have them, and the lifting of spirit, the buoyancy of mind that results from even a temporary release from ownership, ought almost to give us courage to pray for a yearly conflagration.

The great things in the world, the necessary and the truly beautiful, are always 'Tis only God can be had for the asking free. As the poet says:

There is no price set upon the air and sky, space to walk in and water to bathe in; the open vision, the unencumbered mind, these are the gifts of poverty. Everyone admits in a half-hearted way that life is too complex to be pleasant, but few take stringent measure to relieve themselves of the complexity. For things have power. If we live with them too much we fall unsuspectingly into their power, and as old age comes over us, unless we are vigilant and wary, we find we cannot live without shelter and blankets and three plentiful meals a day. Think of all that person misses in life who has never known the joys of hunger and thirst and weariness and exposure! Few gifts can rival them in beneficence. Thoreau never needed a fire because when he got cold he carried coal up and down stairs till he got warm.

The real virtue of riches is that they add to the picturesqueness of life. Millionaires and even semi-millionaires do a great deal towards brightening the landscape and we ought not only to suffer them to live, but to be grateful to them. who would willingly miss the gay pageant down Fifth avenue on a spring afternoon, and reduce the beautiful city with its glad decoration of well dressed people to the gray level of the willing poor? No; the world is best constituted as it is, with all the varieties of people, and all the varying scales of being and of dressing.

Only let the man not yet doomed to being a millionaire realize that, like the purple cow, it is better seen than to be one. And joy, after all, is really and truly *not to be bought with money*, nor to be found in any distant corner of the earth, but is, in deed, as the sages have known in all ages, the kingdom of heaven within.

THE STAFF OF LIFE

FLOUR Made From WHEAT

It must have occurred to every good housekeeper that theres FLOUR AND FLOUR. We handle the flour made by the best and most approved process known to man, from the kernal of the wheat grown in our great North West—the best in the world.

It's called LAKE OF THE WOODS' FIVE ROSES

Since no article however much it may excel all others, will satisfy everybody, and this is as true of flour as of anything else, but when 99 out of every hundred who once try the **FAMOUS FIVE ROSES** insist on having it again there must be exceptional merit attached to it—Don't you think so? When we sell it for the same price as **ORDINARY FLOURS** don't you think you should use it?

We are busy catering to the 99 and handle 5 Roses in ⅛, ¼, and ½ barrel sacks
