Interior Conservative.

The following were present at the meeting of the Conservative executive of the interior held at Halcyon Hot Springs last Saturday afternoon: R. S. Lennie, A. E. Watts, J. H. Schofield, N F. McKay, Thos Taylor, Wm. Hunter, Capt Armstrong and R. B. McKibbon. The meeting was a very enthusiastic one, and many matters of importance to the Conservative party in the interior were discussed. In the absence of the president, R. S. Lennie occupied the chair. A resolution was passed expressing confidence in Hon. Richard McBride, and congratulating him on his return to his native province, and expressing the hope that he might long be spared to benefit by the noble work he has done for British Columbia by pressing the claims of the province on the consideration of the Imperial authorities The resolution was carried unanimously, and Mr. Lennie was instructed to forward the same to Mr. McBride. Those present were united in the belief that the Conservative party, organized as it is at present, will sweep the whole province at the next Dominion election.

PROGRESS OF MINING

Southeast Kootenay The Banner Silver-lead Producing District in British Columbia.

The value of the mineral products of this district grows steadily greater, each year showing a material increase over the preceding year. Three shipping mines shipped 180,036 tons of ore.

The Crow's Nest Pass Coal Company, operating at Michel, Coal Creek, and at Morrisey, have mined during the past year 720,449 tons of coal, of which 150,793 tons were sold in Canada, and 230,863 tons sold in the United States, 304,045 tons were used in making coke and 34,748 tons were used under the companies boilers.

The amount of coke produced was 189,385 tons, of which 1,339 was carried over the year as stock and 188,046 tons sold, some 134,646 tons for consumption in Canada—all in British Columbia—while 53,400 tons were exported to the United States.

The Fort Steele district continues to produced a little gold from the old creeks, but the quantity is yearly diminishing.

Southeast Kootenay produced 1,049,536 ounces in silver, and 44,487,481 pounds of lead, or about 88% per of the lead produced in this province.

Big Timber Deal.

Iowa capitalist have just concluded a deal for Vancouver Island timber limits to the extent of 76 square miles, mills will be erected on the island and the lumber exported to the states.

The same parties are considering the purchase of extensive limits on the main land.

It is said that a number of Cranbrook business men are in on the deal.

Patmore Bros. are setting up a 15 horse power Fairbank's Morse gasoline engine for the Japs. This is the second sold to these people, which speaks well for the Fairbanks Morse Engines, which are being sold all over the country.

SOUTHEAST KOOTENAY DISTRICT

Report of J. F. Armstrong, Gold Commissioner.

The following table shows approximately the number of mineral claims held in this district during the year 1906:—Held under Crown grant or certificate of improvement 241, certificates of work 235, new locations 160.

The assessment work done on mineral claims show a slight increase, but the number of new locations is smaller than the previous year.

The shipping mines have been the St. Eugene group at Moyie and the Sullivan and North Star at Kimberley. The North Star group has shipped only 2,900 tons of ore, but has been energetically pushing development work throughout the year. Work has been continued on the Stemwinder, a neighboring claim to the North Star, with good results, and this claim will undoubtedly be added to the shipping mines in this division within the next twelve months.

The Syndicate which secured rights during the year 1905 to prospect under the waters of Moyie Lake, between the St. Eugene and Aurora groups, has been boring on the eastern shore and in the lake, and expects to reach the vein shortly.

Development work on a large scale would be justified on many properties with the present means of transportation, but capital seems to be waiting for cheaper transportation.

The silver-lead ore from this Mining Division has this year contributed largely to the total mineral production of the province.

PLACER MINING.

The usual output from Wild Horse creek by Chinamen has been made An hydraulic plant has been completed by a company of white men, who washed for six weeks during the early part of the fall.

One hydraulic company has been operating with a large staff of men on Perry creek during the whole summer. The steam shovel installed on this creek has not been operated this year.

The company operating on Bull river resumed work late in the fall, but I have no details of the work done.

COAL AND COKE.

The Crow's Nest Pass Coal Company continues shipping coal and manufacturing coke in large quantities. In consequence of the mines being closed for some months by a strike, it has not been able to supply the constantly increasing demand. The provincial Mineralogist will report more fully on their operations than I can. The installation of improved machinery during the year will result in increasing the daily output.

The Imperial Coal and Coke Company, having uncovered coal on the different groups of coal licences held by them on Fording river, have applied for and obtained leases over 89 lots, covering 53,851 acres of land. The preliminary survey of a railway route to these properties has been completed.

The Elk Valley Coal Company, holding 14 licences and leases on the upper Elk river, has discovered coal on several of its claims, and is continuing the exploration of the others.

Coal has been discovered and leases have been granted on 41 lots lying immediatly north of Lot 4,588 on the Upper Elk river and leases have been granted covering 26,240 acres.

Coal licences covering 13,440 acres on the north fork of Michel creek are in force.

A syndicate holds 16 coal leases, covering 10,240 acres, at the northern end of Lot 4,593.

I have not in my office any records of the number of coal licences and leases in force in the other parts of Lot 4,593.

Princess At Garden Fete.

London, July 18.—Princes Victoria of Schleswig-Holstein is the patron and will preside at a stall during the great fete and bazaar to be held on the grounds of Wolvesey palace, Winchester, today and tomorrow. The affair is the most notable garden fete of the season and has attracted the social elect of all England, as well as many prominent Americans now in this country. Her Highness is assisted by Lady Portal, the Countess of Portsmouth, Lady Alice Ashley, the Countess of Northbrook and other society leaders.

Drowned in St. Mary's River.

J. McLeod and J. Lewis were drowned in the St. Mary's river Tuesday.

Last Tuesday two men employed in the smelter at Marysville, who desired to do a little prospecting as well as fishing, started to cross the river in a boat. They left word with the foreman, Mr. Fitzpatrick, that they would return in time to go on shift at the smelter at 11 p.m. nothing was heard of the men until Wednesday when it was reported that the men were drowned and the boat upturned on a bar in the river. Searching parties were organized and went down the river, finding the boat upturned and near it the body of one of the men, which was recognized as McLeod. The body of Lewis up to this time has not been found. The body of McLeod was taken to Cranbrook Thursday, and is in charge of Beatty the undertaker awaiting an investigation by the coroner.

A report received Thursday afternoon announced that an unknown man searching for the body of Lewis, made an attempt to wade across the river, but was swept off his feet and drowned, his body being carried down stream has not been recovered

If, perchance, a copy of this paper should fall into the hands of any who are in search of a new location—a place where church, school and social advantages are given emphasis, and where you can live out your allotted number of years without fear of pestilence or famine, we say, like one of old "Come thou with us and we will do the good," without emphasis on the "do".

Some newspaper men are terrible liars In writing of a cyclone one of them said it turned a well inside out, a cellar upside down, moved a township line, blew the staves out of a whiskey barrel and left nothing but the bung hole, changed the day of the week, blew a mortgage off a farm, blew all the cracks out of a fence and knocked the wind out of a politician.

LEAGUE GAMES

An Even Break for Office and Clerks.

The Office and Shops broke even in a seven innings game on Friday evening last. Burton pitched a heady ball for six out of the seven innings, the clerks getting three runs in the second. Umpire Bates.

The score was as follows:—

Clerks, ...0 3 0 0 0 0 0—3
Offices, ...0 1 0 1 0 1 0—3

Town vs Clerks.

The game between the Town and Clerks on Monday night was close and exciting. The victory for the Town was due to hard hitting and close attention to ball playing. Umpire Small.

The score was as follows:—

Clerks, ...1 0 0 1 0 2 2—6
Town, ...0 0 2 1 6 0—9

Offices vs Shops.

The Shops had on their batting togs on Wednesday when they defeated the office team to the tune of 16 to get some. McCallums deliveries proved easy picking for the Shops. The lightening jerkies had men on third several times, but could not reach home. Reid pitched a fine game allowing but four or five scattered hits. Umpire Bates.

Offices, ...0 0 0 0 0 0 0—0
Shops, ... 1 5 2 0 3 5—16

Standing of the Teams.

Six games have been played, two of which have resulted in ties.

	WON	LOST
Shops	1	1
Town	2	0
Clerks	1	1
Offices	0	1

Shops and Town have tied.
Offices and Clerks have tied.

Wycliffe vs Cranbrook.

Cranbrook administered a total defeat to Wycliffe on Saturday last, beating the sawdust gang by a score of 21 to 10. The victory of the Cranbrook team was due to hard hitting in the first innings, when they succeeded in batting out ten runs. There was hot playing during the balance of the game. The team from the mill playing excellent ball, taking great chances, but Cranbrook's lead in the first innings together with good fielding on the part of the locals was not overcome. Umpire, Bates.

The score was as follows:—

Cranbrook, ..10 0 0 0 5 3 1 3—21
Wycliffe, ...0 0 1 1 0 5 3 0 0—10

Laurier Home Again.

Ottawa, July 18—Aylesworth, Paterson, Oliver and Templeman left on todays train for Quebec, where they will join Lemieux.

The party goes on the Lady Grey, the government cruiser, which leaves Quebec on Friday morning, to meet the Empress of Britain with Sir Wilfrid Laurier on board, at Grosse Island. Scott will remain at the capital to attend to the government business during the absence of the others.

Montreal, July 17. The C. P. R. steamer Empress of Britain, with the Canadian premier on board, passed Point Amour, which is 550 miles this side of Belle Isle, at 3:20 a. m. today, thus beating all records to this point by six hours. The Empress should reach Quebec tomorrow night by nine.

Pushed for Six Months.

George Pushie was up before Judge Anderson on Tuesday charged with assault with intent to do bodily harm, there being sufficient evidence he was sent up for trial.

On Wednesday Pushie was arranged for trial before Judge Wilson, who found him guilty as charged, and gave him six months in the Nelson jail.

THE importance of the popular vote of the Kootenays in the coming Dominion election is fully recognized by both political parties and the selection of their candidates will undoubtedly be materially influenced by the consideration of the influence which the selection would have upon the electors.

Editorial Notes.

Disraeli says that the secret of success is constancy of purpose The lives of many successful men prove this statement to be true.

• • •

The time is approaching when candidates for the Dominion House are to be talked about, and it is worth while for electors of this constituency to look the ground over carefully with a view of selecting a man who is equal to his duties.

• • •

"Uncle Sam" has not killed any of the Japs yet.

• • •

The man who prides in the delusion that he is always right is simply too stupid to comprehend when he is wrong.

• • •

Uncle Sam's idea of reciprocity is apparently to throw the hooks into Canada at every opportunity.

• • •

It is not "what happened to McBride at London" that is worrying Liberal leaders, but what will happen to Laurier and his party in the coming general election.

• • •

There is much speculation in this district as to the nature of the proposed change, if any, in the route of the Kootenay Central railway.

• • •

Every town in Southeast Kootenay, except Cranbrook, has had a celebration this year, but the banner celebration of the district will be at Cranbrook on Labor Day.

• • •

The reports for the fiscal year ending June 30 are complete, and the McBride government are busy these days, announcing to the people that there is a surplus of $1,000,000. This is a gratifying statement to everybody in the province.

SUNSHINE FURNACE

NO BENDING DOUBLE AND POKING AROUND THE ASH-PIT WITH A SHOVEL TO GET THE ASHES OUT OF THE SUNSHINE.

The Sunshine is furnished with a good, big ash-pan.

All you have to do is to grasp two strong, firmly attached, always-cool, bale handles and the large, roomy ash-pan easily comes out.

A minute or two is all it takes to perform the operation.

All the ashes are in the pan, too.

Because they are guided into it by means of ash-chutes attached immediately below the fire-pot.

Sunshine is the simplest, easiest-managed, cleanest kind of a furnace. You don't have to wear overalls and a smock when attending to the Sunshine.

If your local dealer does not handle the "Sunshine" write direct to us for FREE BOOKLET.

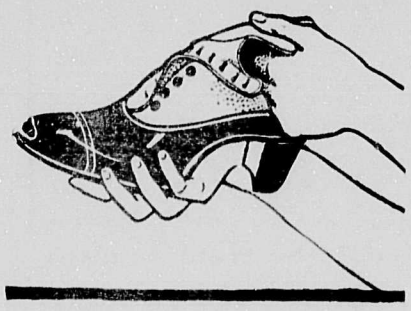
A SOFT LEATHER



"ONE OF THE 14"

A horrible thing is coarse, brittle, hard leather, and most of it answers to that description. It rubs the tender feet of the gentler sex into blisters, corns, etc. It will almost blister a horse's hoof.

When we decided to exploit the Dolly Varden Shoe, we concluded that it must be made from a soft silken leather. Arduous and costly experiments resulted in "Velvette" Kid, a leather as soft as velvet but as tough and unwear-outable as cowhide. It is not frail and papery, but firm and silky.

The counters and uppers of all Dolly Varden Shoes are made exclusively of this cloth-like leather, which can be found in no other feminine shoe in the world, as we control all rights, while the soles are of oak-tanned cowhide, the pliant and wearing qualities of which are widely known.

The Dolly Varden agent in your city will gladly show you this soft shoe, which is as comfortable at the first fitting as at the last wearing. Purchasers or investigators equally welcome. $5.00 and $4.00 in Canada and the States. Every pair Goodyear Welted. (To be continued.)
