FERNIE STRIKE SETTLED

Men go to Work at Once—Peace and Prosperity will Again Reign in the Crow's Nest Pass.

Fernie, Nov. 12—The strike is settled. The end came suddenly and unexpectedly an hour ago. At 8 o'clock Mr. Thomas Burke, National Board Member, called upon General Manager Lindsey at his office and within a short time the agreement as given below was signed by these two gentlemen for the contending parties. This settlement completely vindicates the stand which the company officials took from the start, and which the great bulk of the miners in their desire to be fair and honorable conceded. Mr. Burke acknowledges that Sherman was wrong in demanding the closed shop and that the strike was entirely unjustifiable. The discrimination clause is inserted. A new check-off, operative for the life of the agreement, is substituted but all names added since September 11th, are to be cancelled. The men go back to work at once. At Michel, where fan in No. 8 has been in operation, work will commence tomorrow morning. At Coal Creek the mines will be put in workable condition with all possible despatch.

The Free Press desires to take this early opportunity of congratulating all parties concerned on the resumption of activity to our great wheels of industry, which since the 22nd of September have been ominously silent. We congratulate the miners. They will welcome the opportunity to take up their discarded picks and shovels. To their credit be it said that the rank and file persistently stood by their principles of honor and justice and at the same time did all they consistently could to uphold the good name of their union. To the company we extend congratulations. The strike has incurred heavy loss to the shareholders, but the management could not afford to recede from the position which they felt was the right one. To the business men of the city, the smelting men, the metalliferous miners and all that great outside class who suffer most in times of strikes and who are powerless to intervene, we extend congratulations. The satisfaction will be none the less keen because it is unexpected.

MEMORANDUM OF AGREEMENT.

I, Thomas Burke, acting for President Mitchell and sent to Fernie by him to settle the strike, find that the Crow's Nest Pass Coal Company were promised by the Conference Committee, which framed and signed the agreement of May 23rd, 1905,

(a) That there should be no refusal to work with non-union men.

(b) That the issue of the closed shop would not be raised.

(c) That President Mitchell would not permit a strike for any such purposes.

(d) That it was relying on the faith of these promises that the discrimination clause in the previous agreement was omitted from the agreement of the 23rd of May, 1905

I further say that President Mitchell had he been advised of the aforesaid promises would not have ordered a strike nor sent his telegram dated September 11th 1906.

It is therefore agreed between myself and Mr. Lindsey, acting for the Crow's Nest Pass Coal Company.

1. That there shall be no discrimination by union men against non-union men or refusal to work with them.

2. That all men who joined the United Mine Workers of America since September 11th, 1906, and signed to deduct dues under Article 5 on or after that date, are released from the said organization and their signatures to such orders shall be and are cancelled and they may rejoin and resign at their option.

3. That the monies collected for the union by the Company for dues in October from the September pay-roll shall be paid over to the union.

4. That in as much as the present check-off order does not last for the life of the agreement a new check-off order is to be prepared and substituted for it which will last for the life of the agreement and this when signed the company will accept.

5. All men are to go back to work.

Dated Fernie, Nov. 12th 1906.
(Signed)
G. G. S. Lindsey.
Thomas Burke.
Witness: R. W. Coulthard.

A LATE REPORT.

Fernie, Nov. 13.—New developments have occurred in the strike situation.

At a meeting of the Gladstone local Union held this afternoon, it was decided not to accept the settlement signed by general manager Lindsey and representative Burke last night and not to return to work till instructed to do so by president Mitchell.

Messrs. Burke, Sherman and Patterson left for Indianapolis tonight to lay the whole matter before the president of the U. M. W. of A.

The local union disputes the authority of Burke to finally settle the strike.

Pay Day at St. Eugene.

Another record has been broken in the St. Eugene payroll. Saturday last was payday at the mine, and the amount disbursed was $36,000. Last month the amount paid out was $32,500. The increase is due to the extra men working in the shaft, says the Moyie Leader.

During the month of October 2,440 tons of ore and concentrates were shipped, and this in the face of the mill being shut down for six days on account of the mill engine breaking.

The St. Eugene shaft is being put down as fast as possible. It is now down 95 feet below the first station and will be sunk to a depth of 150 feet. The mine is said to be showing up splendidly in the lower levels

Work on the addition to the mill is getting well along. This addition is 37 x 41 and will be used as a vanner room. A new Corliss engine is being installed in the mill. The company paid its regular quarterly dividend on November 1st.

Special Council Meeting.

A special meeting of the City Council was held on Thursday evening to consider matters re the construction of the Municipal and Government building.

There were present Mayor Rogers, and Aldermen Ryan, Murphy, Jackson and Fink.

In a letter to the City Council, Mr Armstrong, acting as architect in charge of the Municipal and Government building, reported that he was dissatisfied with the progress made by the contractors, Messrs Kerr & Campbell; and requested the Council to take action under the the terms specified in contract.

It was moved by Aldermen Jackson and Murphy, that, the City Clerk be instructed to write Messrs Kerr & Campbell, at Cranbrook and at Fernie, that, unless work was resumed on the joint Municipal and Government building on Saturday November 17th, and continued without interruption, the city will take possession of the works pursuant to the terms of the contract

As the train and mail were late on Friday, Clerk Roberts wired Messrs Kerr & Campbell, at Fernie, Friday morning notifying them of the action of the Council.

Better Terms Banquet.

Cranbrook, B. C., Nov. 15, '06.
Hon. Richard McBride,
Victoria, B. C.

My Dear Mr. McBride:

At a meeting of the Executive Association held today, the following resolution was moved and adopted: "That an invitation be extended to the Premier, Honourable Richard McBride, to attend a banquet to be rendered to him by this Association as a mark of appreciation and approval of his patriotic conduct at the Ottawa Conference on better terms."

Speaking, on behalf of the Association, I may say that we would be very pleased indeed, if you see your way clear to come to Cranbrook and accept the invitation on any date that would suit yourself, as our Association and all Conservatives as well as the great majority of Independent Liberals, would be only too pleased to commend by their attendance at a banquet, your magnificent stand at Ottawa on behalf of the province.

Yours very sincerely,
G. H. Thompson,
Secretary of the executive committee.

MICHEL MINERS AT WORK

A Portion of Coal Creek Miners Adopt Same Course—Sherman Wants Trouble to Continue.

Fernie, Nov. 14.—The collieries the Crow's Nest Pass Coal Co., at Coal Creek and Michel resumed operations today.

Michel miners held a meeting this morning and by a vote of 94 to 41 decided to act on the instructions of representative Burke and accept the settlement made by him and return to work, thus ignoring the order of district president Sherman, who yesterday wired them to remain out.

Between 80 and 90 men went to work at Michel this morning without waiting to hear the result of today's meeting.

Between 60 and 70 men presented themselves for work on the morning shift at Coal Creek and many applications have been received during the day.

Coal is coming out at Michel but only the preliminary work of cleaning up in preparation for active operations has been done at Coal Creek.

Tomorrow coal is expected from this colliery also

At yesterday's meeting of Gladstone union, Sherman threatened that if president Mitchell supported Burke's action in calling off the strike he would proceed with the organization of a new union.

BEAUTIFUL CRANBROOK

As Seen by the Traveling Correspondent of the Victoria Week.

"Cranbrook is conceded to be one of the best towns in the interior of British Columbia by those who make a business of traveling over the province. Cranbrook has a population of 3,200 to 3,500, and has always been prosperous and progressive. It is advantageously situated in the center of a rich district, with unlimited resources in lumbering, mining, agriculture and fruit, and is the natural supply point of the whole region. Cranbrook has a fine system of waterworks, electric light and telephone, the latter having branches to all the towns in the district. The residential portion of Cranbrook is the pride of the town. As a scenic center Cranbrook is superb, having within two or three hours ride, the historic Wild Horse, the wonderful valley of Perry creek, the marvelous Elk Canyon and the placid beauties of Moyie Lake. Cranbrook looks good to her home people, in fact, Cranbrook looks good to everybody."

The above greeted my eye as I picked up the dinner menu at the Cranbrook Hotel the evening of my arrival. For a brief description, it covers the point. Mine hosts Hoggarth & Rollins have that unbounded faith in their home town that they are not afraid to spend dollars in "printers' ink." They are of the stamp that believes in publicity, and knowing this one does not marvel at their prosperous condition.

For a place still in its 'teens, Cranbrook is today one of the most prosperous, live and substantial municipalities of the interior. It shows it in many ways. Miles of well constructed side-walks, an excellent fire hall, with up-to-date appliances and a crack volunteer department are things that the infant municipality can well pride itself on. While the public utilities, such as waterworks, electric light and telephone are in the hands of private ownership good service is given the citizens. Again take a peep into the numerous stores, and besides quantity you note quality in the goods displayed I was told that the best the country produces finds a ready sale in all lines, and imported stuffs of the most expensive nature have the readiest sale. It speaks well for the people, and it speaks well for the times. Out on Baker Hill is the principal residential district. There are many fine homes, costing thousands, and with five churches and a public school, including a high class, the home life, educational and ministerial needs are well supplied. There is also a splendid hospital—the St. Eugene Hospital—managed by the Sisters and containing sixty-five beds. The financial needs of the city and district are taken care of by the Canadian Bank of Commerce and the Imperial Bank, which have branches here The former has erected a really handsome brick bank building. "Dad" Grace, who for over a decade has edited the "Prospector," and "Old Man" Simpson of the "Herald" deserve well of the community for the manner in which they both everlastingly keep Cranbrook and the district generally before the reading public.

At Cranbrook the Canadian Pacific Railway Company distributes between $55,000 and $65,000 per month to its employees. Here is the headquarters of Superintendent D. Erickson, who manages 430 miles of line between the Kootenay lakes and Medicine Hat, Alta. One hundred and sixty-five trainmen make the city their headquarters. Fifty men are employed in the mechanical department, and the maintenance of way department, tributary to Cranbrook, has on its payroll 600 more names. When D. C. Corbin's line, the Spokane International, is in operation and the first through freight between St. Paul and the Falls City is scheduled to start on the 25th, an additional number of men will be concentrated here. In passing let me tell you what a prominent business man had to say of the railroad boys of Cranbrook: "From Superintendent Erickson down, the C. P. R. has centered here one of the finest body of men anywhere in the employ of its great system. They take an active part in all that helps the upbuilding of the place, whether in civic affairs or sport and as a class cannot be beaten."

Besides the railroad payroll, the lumbering industry located here adds a big monthly sum, distributed in supplies and wages, and the nearby mines contribute largely to the financial prosperity of the growing city. Evidences are not wanting of its stability. Baker street is well built up, and among the new business blocks is a fine fire-proof cement block nearing completion, for the Fink Mercantile Co. A combined $20,000, two and a-half-story building is to be erected by the Province and Municipality. That the city does not lack enthusiastic sportsmen is shown by the ease with which some $4,000 was raised for the building of a 60x158-foot curling rink. It is also well understood that V. Hyde Baker and L. A. Hamilton of Winnipeg purpose in the near future to build a modern hotel on the site of the present Cranbrook Hotel. While the plans have not been definitely matured, Mr. Baker—who is the pioneer of the town—is working on them. Altogether Cranbrook is a good, healthy little city, that has a great future before it, the way for which is being paved by as energetic and progressive a body of citizens as can be found in British Columbia.

Caledonian Society.

The regular bi-monthly meeting of the Caledonian Society met at the Watts hall on Friday last. It being the date for the appointment of officers, after a selection on the pipes by Mr. McCowan, the chief took the chair. Mr. James Finlay was elected chief, Mr. Abernethy secretary-treasurer, Mr. Murdock McEachern sub-chief. A committee was appointed to prepare a programme for each night. After these preliminaries were gone through with, Miss Kelly, late of Edinburgh, sang a song very sweetly. Mrs. Abernethy rendered the "Scottish Blue Bells," very acceptably. Mr. Byers gave a humorous recitation. Mr. Drew gave "Saucy Mary Anne." After a very pleasant evening all formed a circle and sang "Auld Lang Syne."

Kootenay Central Railway.

Mr. Hungerford Pollen, the popular president of the Kootenay Central Railway, is in Victoria for the purpose of interviewing the government on the subject of the early construction of the much needed line of railway from Fort Steele to Golden. In an interview with The Week he declared that there was no possibility of the work going ahead without aid from the Provincial Government, as the Dominion subsidy was not sufficient to induce London capitalists to finance its construction. The railway is badly wanted; it would pass through one of the most fertile valleys in the province, and it is greatly to be hoped that some means will be devised to enable the necessary work to be proceeded with as early as possible.

MEETING OF COUNCIL.

What the City Dads are Doing to Promote the Welfare of the City.

A special meeting of the City Council was held on Friday evening November 9th, for the purpose of considering the request of the Electric Light and Water Supply Companies for a franchise from the city.

There were present His Worship Mayor Rogers, and Aldermen Fink, Ryan, Jackson and Murphy.

After considerable discussion, and having heard Mr. W.F. Gurd the representative of the companies, Alderman Jackson gave notice that, at the special meeting of the Council called for the 13th inst, he would introduce a by-law to licence and regulate Electric Lights and Telephone companies, and to use the public highways of the Municipality by such companies.

Council adjourned.

Special Meeting Nov., 13.—There were present, His Worship Mayor Rogers, and Aldermen Fink, Ryan, Jackson and Murphy.

A communication from L. B. VanDecar, re electric light and telephone franchises was read.

Alderman Jackson then submitted a draft of a by-law to regulate electric lights and telephones.

It was then moved by Aldermen Murphy and Fink that leave be granted to introduce by-law No. 33, being a by-law to regulate electric light and telephone companies within the municipality of the city of Cranbrook, said by law was read a first, and second time.

The City Clerk was instructed to issue vouchers on the following accounts—Sidewalk debentures $101.15., Municipal debentures $53.25, Sidewalk debentures $78.00 use of team $30.25, cheques to be drawn in favor of the city. The motion was carried.

The Chief of the Fire Brigade was empowered to ordered the balance of fire team harness.

T. M Roberts was appointed as clerk of the Municipal Council, also as Assessor to the City of Cranbrook.

It was moved that the Assessor shall complete the annual assessment roll of the City of Cranbrook on or before the 31st, day of December, and the same to be returned to the Clerk of the Municipal Council on or before that date.

That the City Solicitor be instructed to write to the Government of the province re grant for tuition of children resident outside of the city limits.

Council adjourned.

The Pringle Company.

Will return to the Cranbrook Opera House for three nights starting November 22nd, opening with the five act comedy drama the "Fatal Wedding," a play that you can bring your wife and children to see. The "Fatal Wedding," as presented by the Pringle Company, is a powerful and enticing piece, excellently played and superbly mounted. The Pringle Company is said to be one of the strongest on the road this season, its personal including Johnnie Pringle, Miss Pearl King Edwin S. Barton, Florence Pringle, Harry Pringle, Glady Manley and baby Ruth. This child is one of the best child actress on the stage today, and her specialties are worth the price alone

Good singing and dancing specialties during the show.

Don't forget the date, three nights starting Nov. 22nd Thursday.

Prices 75, 50 and 25c. Tickets on sale at the post office drug store.

Dance at Marysville.

Mr. Thos. Cole, proprietor of the Central Hotel gave a dance Friday night in the Hotel dining room. The Wycliffe Orchestra provided the music. A number of people drove up from Cranbrook and a most enjoyable time was the verdict of all present.

SATURDAY, NOV. 17, 1906.

IT is now almost two weeks since the *premier* intimated his willingness to meet the leader of the opposition in public debate on the question of better terms. The suggestion it will be remembered was made by the Liberal Association of Victoria after the confession that Mr. McBride had made a "hit". Mr. Macdonald has been at Vancouver, Victoria, and other coast points for some time, but so far we are not informed that he has any time to meet the premier, as desired by his own friends and supporters there. We wonder why.—Nelson Canadian.

* * *

Grit newspapers are again announcing that a provincial election is to take place at once. All of which goes to show that they don't know anything about the matter, but are shooting at random hoping that at some time to come near the mark.

* * *

What sort of standing does his visit to Fernie give the opposition leader.

* * *

When J. A. Macdonald, leader of the Liberal party in this province, recently visited Fernie, he was warmly welcomed as the one man that could and would settle the Fernie strike. He found the party all "In again" at the Liberal house. After his conference with the Coal company, they were all "Out again," and it is possible that at the next election they will remain "out again."

* * *

The Dominion Parliament will meet on the 22nd of November. The sessions will held during the winter season from this time forward.

* * *

We are convinced that the more the electorate of Southeast Kootenay study the methods of J. A. Macdonald, the leader of the opposition, the more they will be surprised if not disgusted with these methods. His recent visit to Fernie, his conference with the Coal Co., and his actions regarding the strike situation, an evident inclination to make political capital out of the misfortune of the coal miners, all show that Mr. Macdonald has made another blundering attempt at interference which will be warmly resented at the proper time.

Appealing To The People.

The Times says that "it has been definitely announced that Mr. McBride is going to appeal to the people upon the question of better terms." This is true. The Times has so announced quite frequently, and, if it will only keep on saying so, there will come an occasion sometime within the next six or eight months when it will be timely. There can be no doubt that, at the next election, the government will appeal to the people to pass upon the question of better terms. When this will be The Colonist is not in a position to say, further than that it will be at such a time, either before or after the next session of the legislature, as seems most expedient to the government, and meets the approval of His Honor the Lieutenant-Governor. If our esteemed contemporary will put this date down upon its calender, it will not have to do any more guessing and will save those who look to it for political information a great deal of needless anxiety. Our contemporary ought to be more careful. Its trick of exploding bombshells under the nose of an unsuspecting public may some day be attended by dire results. A few weeks ago it had the whole town talking about an impending dissolution.. It seems that some one, whose name could not properly be disclosed, mentioned to some one else, who, for obvious reasons, did not wish his name mentioned, at a casual meeting which took place in a locality where people are accustomed to meet, that he had received definite information from a source which, if it were named, would carry conviction with it, that the Premier had told a man, who told another man, that he had decided upon an election at a date that was not specified. Our contemporary played up this very interesting information in its usual attractive manner on its first page, and there is reason to believe that as many as several people took more or less stock in the story.

On the present occasion its exclusive information takes the form of an editoral, and it is quite correct, within the limitations above indicated. There will be an election some time during the next six or eight months, and at that election the government will appeal to the people for an expression of opinion on the question of better terms, and, what is more, they will get such an outspoken declaration that the only thing left for the Opposition to do will be to move to make it unanimous.—Victoria Colonist.

HELD RESPONSIBLE FOR IT

This Charge is Hurled at the Slater Shoe by a Dealer.

"You are responsible, and you alone for the importation of American Shoes into Canada." Mr. Slater was surprised when this charge was hurled at him by an indignant shoe man. He had opposed the supplication of the other Canadian Shoe Manufacturers for an increase in the Shoe Tariff, and stoutly and ably opposed it, his competitors admitted. But his opposition, he maintained, did not favor the foreign shoe.

This is the way the charge against the Slater Shoe Company was argued: "You give exclusive agencies for the Slater Shoe. Only one man in a town or city can have the agency. What are the other dealers in the town to do? sit still, and allow the Slater Shoe to get all the trade of people who want fine shoes! Not much, sir. We know that the only shoe that can stand up with your shoe in style and workmanship is the American Shoe!" And they have to have it. The buyer pays the duty, too.—Reid & Co exclusive agents, Cranbrook, B. C.
