CIVIC ELECTIONS OVER

Hurrah For Hunt

Hurrah For his Colleagues

P. De Vere Hunt Elected Mayor by a Large Majority---The Actions of the Retiring Council Sustained by the Result of the Poll on Thursday

Four School Trustees Elected

The civic elections are over, and no doubt many of our citizens and business men are pleased with the result, and satisfied that a strong and efficient Mayor and Council has been elected.

Mr. DeVere Hunt, who ran on the by a Business Men's ticket ,was elected by a majority of 55.

Following are the Aldermen elected:—

FOR ALDERMEN.

Joseph Jackson,	287
Jos. F. Campbell,	268
Jos. R. McNabb,	258
Simon Taylor,	253
A. C. Bowness,	234
Donald J. Johnson,	229

FOR SCHOOL TRUSTEES.

H. White,	351
E. Elwell,	268
H. A. McKowan,	217
E. H. McPhee,	214

The popular verdict is, that a strong and efficient council has been elected.

Messrs. Hunt, Jackson, Campbell and Johnson were members of the 1910 council, and the fact that they have again been returned, is taken by the citizens, as a complete vindication of the charges, made by the Moral Reform speakers, of extravagance in civic finances.

A. C. Bowness, one of the newly elected members of the council, is a thorough business man, and if he conducts city business as he conducts his own business, will prove to be a most essential and careful member of the council.

Simon Taylor, is a successful lumberman, and will make good in the council chamber.

Joseph McNabb, a conductor, who has been a resident of the city for a number of years, and has taken an active part in the development and progress of the city, and who has a host of friends, who have placed him in the council, and being a good worker, will prove to be a good man in the council

We have no doubt, but that in a few months we shall hear the citizens remarking that the new council is the most efficient and progressive that the city has had since incorporation.

The Moral Reform League, or the Citizens ticket as they styled themselves made a vigorous fight, even preventing the clergymen from participating, in their desire to win. But it was evident after the meeting in the Opera House, and the vicious attacks made upon city employees, that cost them a considerable number of votes, that defeat, sure and certain, would be the result of their outpouring of spite, venom and wrath.

The Prospector in supporting the BusinessMen's ticket, "had no special friends to serve, no special enemies to punish", being of the opinion that the best interests of the city would be best served by business men who were loyal and true to the city, who were progressive in every detail, and would carefully see that every requirement of the city would be carefully looked into, and that economy, development and progress would be their watchword during the current year.

Y. M. C A. NOTES

The Young Men's Christian Association has been engaged in this work now for 66 years, with its increasing capital of men, experience and equipment ,it is directed by business men who have themselves won success.

In North America there are 2,017 centres, and a membership force of half a million men and boys.

These men thread the vocations.

They are a part of the fabric of a nations life from the grocery store to the university hall, the mine to the manufactory, the railroad to the battleship.

It has 700 buildings, costing over $70,000,000.

These teeming centres are equiped to serve and conserve the young men and boys in the sensitive, and shaping period of life.

It has an employed force of over 2,927 men, who are expert in the science of directing Christian service.

More than 100 secretaries from North America are now in charge of Y. M. C. A's in foreign countries.

Every 24 hours 51,000 railroad men come to the association. 2,275,067 beds were used last year in Railroad Y. M. C. A's. 4,930,000 meals were served. 54,000 students enrolled in evening educational classes,1,000,000 enrolled in bible study, 3,000,000 men attended religous meetings last year, and 300,000 men enrolled in gymnasium classes.

The date for the opening of the Y. M. C. A. building has not yet been fixed, but will probably be about Jan. 26.

Death of Mrs. Chas. Clarke

Died at Fort Steele, Wednesday, at 12 p. m., Mrs. Charles Clark, in her 69th year. The funeral took place on Friday at 2. p. m.

Mrs. Clark was one of the pioneer women of the Kootenays, and the first white woman in East Kootenay having came to Fort Steele same thirty years ago, when it was known as Galbraiths ferry. Mrs. Clark, was one of the most esteemed women in the district, and her many kind acts and attention will be fondly cherished and remembered by every old timer in the district.

Mrs. Clark's husband, Mr. Charles Clark, was accidently drowned in the Kootenay river, some eight or nine years ago. She leaves a son, Mr. Herbert S. Clark, and a brother Mr. R. L. T. Galbraith, to mourn her loss.

Mr. James Clark, a brother-in-law and Mrs. T. T. McVittie, and Miss Galbraith, all of Fort Steele, are neices of the deceased.

Hon. W. S. Fielding is back in the Capital and looks somewhat improved in health after his sojourn in the south. He dipped into work at once. The return of the Minister of Finance was welcomed by the Government, for his absence from the House has been a most serious blow. The session had only begun when it was evident that something was wrong. The premier, hitherto credited with being a parliamentarian, looked absolutely lost on several occasions and the Opposition were quick to take advantage of his weakness. His absence served to show two things; first that Fielding during all these years has been the man behind the guns, while the premier has been the spectacular head of affairs. There will be considerable sympathy for the Minister of Finance because of the fact that it is extremely unlikely he will ever get the premiership in name, while all along he has been the premier in truth. Mr. Fielding's shattered health will prevent him attending the sittings of the House as assiduously as formerly.

The municipal election is over, and the winning candidates will have a year to enjoy the honor of being members of that august body known as the city council. The new council will be composed of business and railway men, and we consider them to be strong and efficient, a credit to those who nominated and elected them.

It is now time, now that the election is over, for the would be seekers of favors, to come forward and say: "How nicely it was done, and that we heartily supported all those who were elected.

There was a "hot time" in the old town, when the result of the election was announced.

What a narrow escape, City Solicitor Thompson, Chief Wand, Shief of Police Dow, and other civic employees had on Thursday. Surely the 'Good Lord' is kind to his own."

SOCIETY GIRL MINE.

The second carload of ore this week from the Society Girl mine was shipped today to the smelter at Trail. This makes the fourth carload sent out since shipments commenced in December. The two carloads last month was ore from the upper dump of the mine that had been taken out several years ago. The two carloads this week came from the new strike in the lower tunnel. During the past week two teams have been hauling steadily, some making two trips to the mine and getting down four loads. This ore is being taken from a drift that was run in a westerly direction from the main 6200 foot tunnel and is at a depth of about 350 feet. This chute of ore has opened up in splendid shape, and for several days has held a width of about four feet. The ore is of high grade and is well up with that of the St. Eugene, the property which it adjoins. The ore body has every indication of permancy, and there is already enough in sight to guarantee several carloads a month for two or three months. A good sample of the ore from the new strike is on exhibition in the window of the company's office in the Farrell block. It is a solid chunk of galena and weighs 207 pounds.

There has been a big demand for shares in the Society Girl Company during the last few days, and many local parties familiar with the property have taken advantage by investing their capital.

Frost will not form on the inside of a show window if the air from an electric fan be turned upon the glass.

HOCKEY

AT THE ARENA RINK.

The hockey game at the Arena rink on Friday night resulted in a victory for Fernie, by a score of 4 to 3. On account of the intense cold, the thermometer standing at 40 below zero, the players suffered severely, some of them having their fingers, toes and ears frozen. A good crowd witnessed the game which was the fastest hockey ever played in Cranbrook.

The first half ended in favor of Fernie, score 1 —0.

Cranbrook came up strong in the second half, Kelley tieing the score in one minute from take off. The score was tied three times, but Fernie got the winning goal just one minute before time was called.

Goals scored by Cranbrook Kelley 1, Pye 1, McWha 1, total 3.

Goals scored by Fernie, Boyce 1, DuBois 1, Thrasher 2. Total 4.

R?feree, C. Lindsey.

Judge of play, F. Armstrong.

Fernie has a fast team, and in order to win next week in Fernie, Cranbrook boys must get in some good hard practice as team work is badly needed.

CURLING

Preparations are being completed for the bonspiel which takes place on Monday next, when followers of the "Roaring Game" from Nelson, Trail, Rossland, Fernie and Vancouver will be here.
