ISSUED MANY BAD CHECKS

Orders Fifteen Thousand Dollars Worth Lumber.

CAUGHT IN CRANBROOK

Elevator Secretary Was Badly Wanted in Lethbridge.

Chief of Police Dow made an important arrest on Saturday last, when he secured C. B. Bell, who is wanted at Lethbridge for embezzlement.

It was shortly after 3:30 p. m., after the arrival of 213, the west bound passenger train, when Chief Dow received a wire from Inspector West, of the N. W. M. Police, stationed at Lethbridge, to look out for, and arrest, if possible one C. G. Bell who was wanted at Lethbridge on a charge of getting away with about $15,000 worth of lumber from the Stacy Lumber Co., of that city.

The description of the man, as wired, was vague and uncertain, the only important feature being, that the man had a number of gold teeth in his upper jaw. In less than ten minutes after receiving the wire, Chief Dow had his man in the lock-up.

On walking down Baker street Chief Dow observed a man who answered to the description wired, especially the teeth. Keeping his eye on the man he followed him to the Cosmopolitan Hotel, where the man went direct to his room. On looking at the register he found the name Gordon Bell, of Macleod. The man remained in his room but a few minutes, came down stairs and left the hotel followed by the officer, who on overtaking him said: "Say Bell, I have a telegram instructing me to arrest you. Show me the telegram was the reply. This is not meant for me, my name is Gordon Bell, not C. G. Bell, and I was never at Bow Island I am from Macleod. Well replied the Chief, I shall hold you untill I hear from Lethbridge, and if you are not the man wanted, I shall let you go. Did the description say that I was bald, asked the man, taking off his hat, and showing a very bald head. No answered the Chief." On taking him to the lockup and searching him, receipts were found in the name of C. G. Bell, also an express order for$60 and $90 in cash and a through ticket for Spokane. Chief Dow, now being assured that he had the right man, immediately wired Inspector West to that effect, who at once dispatched Constable Venis of the N. W. M. P., with a warrant, to take Bell back to Lethbridge.

On searching Bell's valise, a wig was found, showing that the man had been masquerading with a fair supply of boughten hair, to cover his bald head.

The man was supposed to be a very desperate character, one that would shoot on sight, and the officers were instructed to take no chances while arresting him.

The following is from the Lethbridge Herald of Saturday last:

Where is C. G. Bell, erstwhile secretary-treasurer of the Western Farmers Elevator and Milling Co., Ltd.? The Stacy Lumber Co., Ltd., in particular would like to know.

On the fourteenth of this month Mr. Bell gave the Stacy Lumber Co. a cheque lor $5,000.00 in part payment for lumber supplied. On presenting the cheque at the Bank of Commerce it was found that there was just four dollars with which to meet it.

Over fifteen thousand dollars worth of lumber was ordered by Mr. Bell from the Stacy Lumber Co. A large part of this lumber, about twenty carloads, is in cars at different points between here and Medicine Hat with demurrage rapidly piling up. The rest of the order has been cancelled in the Mountains by the Stacy Lumber Co.

A complaint was laid with Inspector West, J. P., by Geo. Stacy, of the Lumber Company yesterday afternoon but the warrant has not been issued as yet as the fact that the Elevator Co. had an account at the Bank protects Bell.

The head offices of the company are in Lethbridge and the organizers are mostly Alberta men but eastern capital was reported as being used. The plans of the company as given out by Bell were that elevators were to be built at Chin, Seven Persons, Winnifred, Burdett and Bow Island with a flour mill at the latter place to be operated by gas from the Old Glory gas well. The directors and shareholders of the company are very anxious to get hold of Bell to find out what has become of the funds of the corporation.

S. J. Shepherd, of Simmons and Shepherd, lawyers for the Stacy Lumber Co., says that he understands that Bell has been buying much land at Bow Island and taking contracts for breaking land for others with steam and gasoline breaking outfits. Also that he was in Bow Island yesterday giving out a number of cheques, in fact squaring up his debts with cheques. A. J. Bergeron, blacksmith, of Bow Island, who is in Lethbridge, is one who received a cheque for fifty odd dollars which he says he finds is worthless. James A. Macdonald, architect, who has drawn plans for elevators under instructions from Bell, is wondering if he is going to get his money and is down the line trying to locate him. The Red Cross Drug and Book Co., went after Bell at Bow Island for payment for a typewriter but say they got their money alright.

Mr. Bell was in Bow Island last night but could not be found by parties looking for him there this morning.

A KNIGHT FOR A DAY.

The Boston Globe is not careless in according praise to theatrical productions. A recent issue, commenting upon the sensational run at the Tremont of "A Knight for a Day," remarked:

"The laughter characteristic of an audience under the spell of A Knight for a Day, was a natural feature of last evening's audience at the Tremont. The gaiety is now in its third month locally. So far, interest in the engagement shows no sign of lagging. Certainly last night's audience laughed, applauded and encored as heartily as has any crowd since the frolic came to town. Tilly Day hadn't struck the stage before the mirth loosed and the merriment didn't abate until the final curtain had rung down on the bogus Knight's funny burlesque waltz with the falling star ballet effect. The bolts of laughter, which certain of the comic scenes release, struck the audience hard last evening; its humor and its sentiment; its persiflage and its buffoonery; its songs and its pageantry, diverted and interested a typical city audience. The play is now in its glory and as provocative of mirth and general entertainment as ever." Now it has started "on the road," and the piece will be seen here at the Opera House on Wednesday April 27th. Reserved ticket now on sale at Beattie-Murphy company's drug store.

SHALL CURFEW BELL RING

We are pleased to note the action of the City Council in regard to the ancient fire bell, which will soon be placed in the tower of the new chool building.

Cranbrook has a Curlew By-Law, which prohibits the small boy and girl from being on the street after certain hours unless accompanied by their parents or guardians. This was a step in the right direction, but the by-law is not enforced. As late as 12 o'clock p. m., children in their teens are to be found on the streets.

This should not be. The hope of our country is in the youth, and if they get the street habit while young they are likely to pick up many other habits that will stay with them through life. The inhabitants of the city will support the council in this act, all except the small boy, and a few years hence he will likely thank the city fathers because they forced him to go home early and get his proper rest.

Let the Curfew Bell Ring.

SATISFIED WITH CENTS

Toronto Star:— Canada is to coin silver dollars because British Columbia want it. While silver dollars are preferable to none at all, they are an unwieldy form of currency at the best, and British Columbia is welcome to keep its cartwheels west of the Rockies.

British Columbia is not located in the "cent belt" and prefers the silver cartwheel to the copper cent or penny. The distant east can use them, possibly to advantage, especially in the "cent belt." But in the hurry and bustle of every day life in British Columbia, we have no use for them. Ontario is welcome to keep its cents, and British Columbia will always prefer the cartwheel.

The Prospector man is always willing to accept two cartwheels for a year's subscription to The Prospector.

NIGHT LETTERGRAMS

On Wednesday, April 15th the Canadian Pacific Telegraph company inaugurated a night lettergram system The charge for a night lettergram of fifty words, or less is 50 cents, and one fifth of this rate will be charged for each additional ten words or less. All lettergrams must be written in plain English, code or cipher will be prohibited. Lettergrams will be accepted prepaid or collect under the usual regulations, but will not be transmitted before midnight, and will be delivered during the following morning.

MINERS VOTE FOR STRIKE

Carried by a Very Narrow Margin.

BOARD DECIDED FOR

Union Dissatisfied With Result of Vote in February Last.

Phoenix, April 19.—Four hundred employees of the British Columbia Copper company at the Greenwood smelter, Mother Lode and Oro Denoro mines quit work at 7o'clock this morning, demanding that the company employ members of the Western Federation of Miners exclusively The strike today was the result of a vote taken on Saturday among the members of the Greenwood Miners' union, which was dissatisfied with the outcome of the verdict of the conciliation board which sat in Greenwood last February. The department at Ottawa recently issued its report of the evidence taken and the finding of the conciliation board, which was favorable to the British Columbia Copper company. The vote passed by a very narrow majority. The company has posted a notice offering all men work if they care to take it.

Greenwood, April 19.—Owing to several men in the employ of the British Columbia Copper company who do not belong to Greenwood Miners' union the union has declared a strike against the company. It went into effect today and the Mother Lode mine and the smelter have closed down.

A POSITIVE CURE FOR INDIGESTION

If you have indigestion, your food ferments in the stomach and bowels. It does more: it decays, and the nutritious matter which should go to make new blood decays with it, and this leads to an impoverished condition of the blood, to nervousness, bad breath which disgusts your friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that doesn't digest, but ferments and oftimes rots in the stomach.

And fermentation is caused by the stomach not being strong enough and energetic enough to thoroughly mix the food with the digestive juices.

M-I-O-N-A is responsible for tens of thousands of cures. In fact, it is such a positive cure for indigestion and all stomach troubles that it is guaranteed by The BEATTIE-MURPHY Co., to cure or money back. The price of a large box of Mi-o-na tablets is 50 cents, and they are sure to promptly relieve the worst case of indigestion or gastritis. Try them.

KOOTENAY CENTRAL RAILWAY

The prosperity, hinges entirely on the construction of the Kootenay Central railway to provide transportation for the valleys of the Upper Columbia and Kootenay river, between Golden and Cranbrook. Of the 160 miles to be constructed, only ten miles have been graded, and steel laid on a small portion of these ten miles.

The Dominion subsidy of $3,200 per mile, amounting to the gross sum of $512,000, is still in force.

T. G. Proctor, of Nelson, agent for the Kootenay Valley Land company, was in Cranbrook last week, having returned from a trip through the Windermere country. He said: "The Kootenay Central will let a contract next week for the construction of the first hundred-mile section of its road from Galloway, on the Crow's Nest branch line, to Golden City on the main line of the Canadian Pacific. This section extends from Galloway to Wardner, thence along the east bank of the Kootenay river to Wasa, generally known as Hanson's ranch. It will be a water grade all the way.

The Selkirk range of mountains is undoubtedly rich in mineral wealth, and there are some well developed properties in the Cranbrook and Windermere districts, at present lying dormant for want of a railway.

Ranch lands have also been taken up and improved, but at present there is no means of getting stock and produce to market. Many intending settlers, who like the district and would prefer to settle there are forced to pass it by on account of the lack of transportation.

Orchards are being planted and the hardier kinds of fruit can be raised with great success, but again there is no means of getting this fruit to market just at the proper time it is ready for shipment. The prosperity of these districts would justify the C. P. R. in building this line, not only as a method of relieving the congested freight conditions over the mountain division of the main line, but as ameans of enhancing the value of the vast areas of farm lands held by the company in these valleys.

The C. P. R. has had absolute control of the K. C. R. charter for six years. It is time for them to make some effort towards constructing the road, and do it at once.

HIS BRAZEN METHODS

Mr. Pugsley the other evening in supply gave a remarkable instance of his brazen methods and manners. After the exposures in the Marine Department Mr. Pugsley issued a statement that the "patronage list had been abolished" in the Public Works Department. This was trumpeted about in the Liberal press, and the plain ordinary voter was carefully encouraged to suppose that the Public Works Department gave its work and its business to the best firms and persons irrespective of politics. In reply Mr. Pugsley was questioned on the subject of newspaper patronage. The Government spends several hundred thousand dollars a year in newspaper advertising printing, etc. Mr. Pugsley was questioned on the subject; did he ever give any business to newspapers, however widely circulated or influential, which were not Liberal. He dodged the issue for a while, and then brazened it out. Mr. Blain asked if he would give the committee a list of Conservative Newspaper which got business from his department.

"Certainly", said Mr. Pugsley, smiling broadly; and he sent across the floor to Mr. Blain a blank sheet of paper.

There you have Mr. Pugsley though and through. Making loud protestations; doing the exact opposite; and when exposed treating the whole thing as a big joke.

Toronto Saturday Night continues its criticisms of Mr. Pugsley. In a recent issue it returns to the subject as follows:—

"In last week's issue I drew attention to Hon. William Pugsley's enthusiastic advocacy of the proposition to hand over to a United States syndicate a vast water power on the St. Lawrence river. Since then, I had occasion to make a few enquiries into the canal project to connect Montral and New York, which the Hon. William is also supporting."

Saturday Night then reviews the project in a highly unfavorable manner, and proceeds to say:—

"No influential Canadian body is behind the scheme, which the Minister of Public Works has endorsed, and his attitude on this question is just as mysterious as it is on the Long Sault power scheme, unless Hon. Mr. Emmerson's declaration that a two million dollar fund has been raised in the United States to influence Canadian legislation may afford a clue. In his own interest, Mr. Pugsley should lose no time in setting himself right before the electors of the Dominion on these two matters, for just at present he is in very bad odor."

Come to Cranbrook, the metropolis of Southeast Kootenay, and we'll show you a model town—One that make any other town of its size look like 30 cents in Chinese money. We'll show you our schools and churches, our prosperous fraternal societies, our solid business concerns. We'll call your attention to the appearance of the people, their dress and intelligence, health and smiles of prosperous happy lives. We'll show many successful business men. We'll show you a lot of girls, robust, full of life and energy, who are fairly bubbling over with praise for Cranbrook City.

The Americans who are settling in the Canadian Northwest are leaving adversity for prosperity. Prosperity is a great factor in reconciling expatriated Americans to a new loyalty

FURNITURE

We are daily adding new lines to our immense stock of thoroughly dependable furniture. Our sales, so far this year, have exceeded our most sanguine expectations. We attribute this increase to our quality of goods and the service this store affords. We sell goods at the lowest possible prices but always consider quality before price.

CARPETS AND RUGS

We have just placed in stock three large shipments of Rugs--Canadian and English--and we believe we now have the largest and most beautiful range ever shown in the Kootenays. On account of our heavy buying we were able to secure a large lot of small Rugs at a much less price than regular. These are worth from $3.00 to $3.50 each but we are going to place them on sale Saturday at

$2.50 each. This is a snap

We can now make up special size Rugs "while you wait." We have one of the latest carpet machines which does much better work than can be done by hand.

Big shipment of English Linoleums just came to hand. Price per running yard

$1.00 to $3.00

CURTAINS

Before buying please examine our stock of Lace Curtains. We have them from 65c to $6.50 per pair. We also stock a big line of Tapestry Curtains, and Curtain Cloths at a little less than usual price.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.
