CANADA'S LOSS TO OCTOBER 31ST 211,358

Ottawa, Nov. 12 - In the awful conflict that ended yesterday Canada's glorious effort has cost heavily in loss of life and limb.

Up to and including the 31st of October, the latest figures available, the total casualties were 211.358, divided as follows:

Killed in action, 34,877.
Died of wounds or disease, 15,477
Wounded, 152,779.
Presumed dead, missing and prisoners of war, 8,245.
Total, 211,358.

Another Marine Disaster

During a heavy fog a Japanese liner rammed a coast vessel in Puget Sound, off Seattle and sank her in 180 feet of water. No lives were lost, but experts say that her cargo, consisting of $500.000' worth of canned salmon, will be a total loss.

Farmers Institute Notes

Following are the crop competition results in potatoes. The winners of seven leading scores are given here in the order of standing: Fred Clark, Lyman Taylor, C. S. Fleming, all of Wycliffe; A. J. Miller, Wasa; Norman McClure, Beattie-Murphy ranch, J. Levett. Scores ran from 87 1-4, for Mr. Clark, down to 84 1-4 for Mr. Levett, some of the other entries going as low as 80 3-4. The most serious cuts in the scores were for scab and blight and for small number of tubers per hill. It is encouraging to note the improvement in purity of variety, nearly all but one getting full score on this head. Full score card will be given at the first meeting of the Institute.

The Advisory Board meets this week, on the 12th, at Victoria. The secretary of the local institute regrets that owing to not having fully recovered from a severe attack of "flu" he was not in a condition to make the trip, which is the more to be regretted as this will no doubt be the only call for the board prior to the sitting of the Legislature.

No meetings of the Cranbrook institute will be held until the lid is raised on assemblies of all sorts.

The Provincial Seed Fair for the Mainland will be held at Kelowna on Dec. 4 and 5. Prizes for registered wheat, oats and potatoes are $15, $12 and $10 respectively; for unregistered seed $10, $8 and $5. The Department of Agriculture will pay the transportation expenses on seed exhibited. Entry forms will be supplied by the secretary of the local institute Last year the second prize for potatoes was won by John Levett.

None of the country neighborhoods seem to have been harder hit by the "flu" epidemic than that just south of town. During the height of the contagion Mr. James Atchison was the only one on his feet in the house. one daughter being in the hospital, two daughters, two sons and Mrs. Atchison being down in the house, the latter very low for some with pneumonia and we understand still very ill. The rest of the family, however, are now doing very nicely. Mrs. Worthington had at the same time seven children and husband in bed to look after sole and alone. We are glad to see Mr. Worthington is now out and about, and that the children are progressing favorably. John Phillips and A. B. Smith, who were down for a considerable time, are also to be seen on the street again on a fair way to complete recovery.

Last Saturday James Balsden and family left for Winnipeg, where they will reside.

Joseph Orr and famity have removed from the district and are settling at Evarts, Alberta. In moving, Mr. Orr shipped out his stock and chattels in two cars, travelling in one himself and his son George in the other in the first week of the "flu" here. Arriving in Calgary car yards Mr. Orr was taken from the car seriously ill, but George was over 24 hours lying in his car too sick to get out before friends could locate him. We are glad to hear both are now recovered and have completed their journey, a fortunate ending to what might have had a different finish.

Died---Mary Belle Emslie Somerville, beloved daughter of Mr. and Mrs A. Somerville, on Nov. 8th. Interment took place on Monday, Nov. 11th, 1918, to Cranbrook cemetery.

Word has been received that Capt. McCreery who was badly wounded at the front and whose life was despaired of, is now recovering.

Mr. A. E. Watts, of Wattsburg, has taken Mrs. and Miss Watts, who are recovering from influenza, to Radium Springs, Windermere, while convalescing.

How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

Victory Loan Must Succeed

At least $500,000,000 must be obtained by Saturday night.

1--To bring the boys home.

2--To maintain them in Europe till peace is firmly established.

3--To maintain our industrial activities and provide new employment for munition workers and soldiers as they return.

4- To continue our loans to Britain for buying Canadian food

5--To enable Canadian workers to get their rightful share of orders for rebuilding Belgium and France.

Monday, November 11, will be recorded as the greatest day in British history. We all relaxed and rejoiced and will remember it as long as we live

Let us, in our rejoicing, not forget the tremendous responsibility that rests on us for the remainder of the week.

Canada must subscribe for $35,000,000 each of the next two days.

CRANBROOK CELEBRATES THE GREAT VICTORY

As soon as it became certain on Monday that Germany had signed the terms of armistice and the war had really come to an end preparations were begun for a joyous celebration.

Chief Hersey undertook to arrange the program and the Herald issued an extra containing the good news from the battlefield and calling upon all the citizens to turn out and celebrate.

At 8 p. m. the fun began. Bells began to ring, whistles began to blow, horns began to toot, and everybody began to tune up for the occasion.

The demonstration began at the government house, where a procession was formed composed of every auto in town and every patriotic institution was represented. The procession was headed by the Union Jack and the veterans, called together by Bugler Richardson and proceeded up Baker street to the station, where a big bonfire was blazing and the Kaiser was burned in effigy. Three cheers were given for all who had helped to bring the war to a successful conclusion, the National Anthem was sung and the crowd dispersed to follow thsir own devices.

PEACE HATH HER VICTORIES

The enemies of civilization are taking the count one by one. Bularia, Turkey, Austria—all have succumbed to the terrific onslaughts of Great Britain and her glorious Allies, and the instigator of the foul crime against humanity, the once proud German Empire has thrown herself on the mercy of the world. Soon will be the peace that seemed so far away only a few short weeks ago. How glorious it is to know that our boys "over there" are through fighting. And we will prepare to bring them home and re-establish them in peaceful pursuits.

"Peace Hath Her Victories No Less Renowned Than War." It is for us, then, to remove the difficulties we see in our path, and we can do this by lending the Government to the limit of our ability so that industry will not lag and Canada will face the new problems with serenity and confidence.

He had only been in the trenches about two weeks. His parents received a letter from him written on Sept 9th. Percy was well known in the city, having been one of the milk venders. He was born and brought up in the valley.

Jack Hamilton, an old time prospector of this district, says he has a sure cure for the "flu." His is a very simple recipe, but is guaranteed to cure the worst case inside of 24 hours. Take one ounce of the oil of glycerine, one ounce of the oil of peppermint and three ounces of alcohol. Rub on the chest, neck and back. It can be taken internally as well, but only in very small doses, 5 drops for a child and half a teaspoonful for an adult.

Victory Bonds provide a market for British Columbia Mines and Smelters

Of Canada's total production in the calendar year 1917, of copper, lead and zinc, amounting to $35,750,000, British Columbia produced $21,350,000.

For the fiscal year ending March 31st, 1918, Canada sold on credit to Great Britain and the Allies more than $46,000,000 worth of metals, the greater part of which were produced from the mines of British Columbia. That was more than three times the average exports for the three preceding years.

The Victory Loan 1917 made this production possible because it enabled Canada to give credit to Great Britain and the allies for their metal purchases in this country.

Without this market the mines and smelters of British Columbia could not have sold their outputs.

But the mines have had a market for their ores. The smelters have turned out tremendous quantities of copper, lead and zinc.

This production has not only brought prosperous times to the miners but it has been a mighty factor in helping to win the war, for these metals were absolutely necessary to the production of munitions in both Canada and Europe.

The Victory Loan 1918 will keep the good work going. British Columbia will continue to have a market for her metals and other minerals and these will help to win the war.

By buying Victory Bonds you enable Great Britain to secure needed materials for munitions and you help to maintain prosperity in British Columbia.

THE WAR IS OVER VICTORY HAS BEEN WON

The great world war has come to an end, and Germany, the arch conspirator against the peace of the world, has collapsed from pressure both from within and from without.

The Huns have been forced to send a delegation from their government to Marshal Foch, the commander-in-chief of the Allies, imploring him to grant an armistice. They came bearing a white flag and they heard the roaring of the guns of the Allies and saw the German defences falling to pieces before the terrific fire; they felt the ground shake and tremble with the tramp of the millions of men who were advancing rapidly and in ever increasing numbers to overwhelm with their superior forces the vanquished Huns; they came with fear in their hearts, not having the spirit of a mouse since the spirit of the devil has departed from them.

They were given their terms of armistice Under those terms the Huns were to throw everything on the peace table; abandon at once and forever everything they had gained territorially and every other way from Belgium, France, Serbia, Russia, Rumania; lay down their arms, call in their submarines, surface ships and aeroplanes, and hand everything over to the Allies, a great portion of which to be retained by the victors as spoils of war. The Germans must also retreat across the Rhine and leave the Allies in complete possession of all German territory east of that river, until peace terms are arranged.

The Huns were given 72 hours to sign up and they signed in 60. The armistice is to last for 30 days, during which time peace terms will be considered.

The whole German empire is in a ferment of revolution, the Kaiser and Crown Prince have fled to Holland, and famine and pestilence threaten to sweep the Central powers.

Such a speedy end to the war was hardly thought possible, three months ago, but when there were 1,000,000 Americans on the battlefield and 250,000 going across as re-inforcements every month, The Day for the Allies arrived, and terrific pressure was brought to bear upon the enemy's line that it began to strain everywhere, It broke in Bulgaria, Turkey, Austria, and was just about to snap in France and Belgium when the Huns gave up the fight and cried for mercy.

So this is a joyful occasion, let us take off our hats and cheer

For Marshal Foch; the greatest master of strategy the world has produced

Marshal Haig, the commander of the British forces

General Currie, commander of the Canadian army corps

King Albert of the Belgians, who dumped the Hun fat into the fire

General Serrail, who put the Bulgars out of action

General Allenby, who defeated the Turks

General Diaz, the great Italian general who destroyed the Austrian army

General Pershing, the commander of the American forces

The fleet, the vital part of the Allies mobilizing forces, without which Europe would have been ruined.

God Save the King.

ONE MILLION SCHOLARS! ONE MILLION DOLLARS!

A million Sunday school scholars and members of Young Peoples Associations of the Anglican, Presbyterian, Baptist, Methodist and Congregational churches are co-operating on a plan which has the three-fold purpose of helping to boost the Victory Loan over-the-top; assisting the churches to extend their mission work, and commemorating the heroism of church members who have fallen at the Front.

"Every school at least one bond" is the cry that will help to carry the 1918 Victory Loan to the Sunday schools' million dollar objective. Above is a reproduction of the shield to be presented to each Sunday school subscribing a Bond.

BE CANADA'S BANKER

THE individual who buys a Victory Bond becomes his country's banker. He shows a banker's confidence in the progress and future of Canada. The country's business is *your* business. If you believe that Canada has a future; that she is worth blood her sons have shed in order that she may be secure, you will buy Victory Bonds.

Canada cannot carry on War and face the problems of peace unless her citizens are willing to finance her with an open hand; the security she offers is the best in the world-the whole resources of the finest land on which the sun ever shone.

The reward of the man who buys Victory Bonds to the full extent of his ability will be not merely the reward of thrift, bur of duty done and an obligation fulfilled. Patriotism and Self-Interest join hands when you---

Those who do not fight must save.

Dry wood wanted at the Herald office.

A. K. Leitch, of Jaffray, was a business visitor in the city yesterday.

W. B. Bardgett lays claim to being one of the oldest settlers of this district, having been resident in the neighborhood for nearly 30 years.

Unless other announcement is made the bazaar of the Methodist Ladies Aid will be held on Saturday, Nov. 30th.

Born—At Cranbrook, on Nov. 7th, to Mr. and Mrs, J. R. Kemball, a daughter. The town celebrated the event with colored lights and flags.

WE ARE PLEASED TO NOTE THAT

Judge Thompson, who has been a volunteer helper at the temporary hospital ever since it was opened, has escaped the "flu."

Mayor Clapp had but a mild attack.

Postmaster Henderson has recovered from the "flu" and is back in the postoffice again and that the whole staff has recovered and don't smile at you any more through a mask.

A good drink of Scotch whiskey is recommended to chase away the "flu," but the recommendation is not unanimous, as

The Medical Association at Vancouver has declared that there is no virtue in alcohol to chase away the "flu."

Frank Provenzanno and all the family have recovered, although at one time the doctors had little hope for Frank.

R. E Beattie has fought a winning fight against the "flu."

Mr. and Mrs. John Martin had a hard struggle with the "flu," but have recovered.

Rev. F. V. Harrison wielded the axe with a mighty hand for the benefit of sick neighbors, whose home fires were kept burning brightly.

The streets of the city were gay with flags and bunting upon the receipt of the news that the Huns had surrendered and the war was over.

W. S. Santo has recovered from the "flu," which he caught while a volunteer worker in the temporary hospital.

There was more than one fool of an Englishman, we are credibly informed, who got bloody well drunk on Thursday last when news was flashed over the wires that Germany had surrendered, and again on Monday, when the news became authenticated.

There were also a number not particularly English who were "stewed."

Geo. Leask smoked several fat cigars last Thursday, not so much in honor of the fact that he had come back but to celebrate the Allied victory.

The Union Jack with all its glorious color was thrown on the wall of the postoffice by a powerful stereopticon operated by W. A. Myers, ye editor, and again on Monday night some patriotic pictures were shown in honor of victory over the Hun.

Fred Lodge has thrown away his crutches and other aids to pedomitry.

The Victory Loan in Cranbrook will go over top with a clean cut jump.

A wealthy German at Claresholme, who refused to buy Victory Bonds, was induced to change his mind when confronted with a pot of tar and a bag of feathers and a bunch of sturdy men standing by who were ready to administer the dose. He kissed the flag, bought $2,000.00' worth of Bonds and contributed $200.00 to the Red Cross.

M. A. Beale has decided to start up another newspaper in Cranbrook He has already advertised for business manager and linotype operator and has a sheaf of replies. He will retain the position of chief editorial censor. He has also secured an option on one of the idle printing plants in the city, so that the opposition paper may be expected to appear at any time and will doubtless give a slavish support to the Liberal party. When the editorial bee settles in a man's bonnet you can't kill it even with a club.

Are you saving for Victory Bonds?

The Bank will trust you

Perhaps you never had an account in a bank—maybe you've never done business in a bank—hardly even cashed a cheque in one. But—

that is no reason why you cannot go to a bank and borrow money to buy Victory Bonds.

If you are a steady, industrious, thrifty citizen, working and saving a part of your income, you are just the kind of person Canada's chartered banks stand ready to help to-day.

Any bank will lend you as much money as you can save during the next twelve months, with which to buy Victory Bonds.

All you have to do is to pay ten per cent. of the amount you want to buy and deposit the receipt for that ten per cent. in the bank.

The bank will lend you the 90 per cent. balance at 5½ per cent. interest and will give you a year to repay it, the interest you get on your bond being just the same as the bank charges you.

This is a fine opportunity for you to begin a real savings account, to make a first class investment and to help your country at the same time.

Why not see a banker to-day—he will tell you all about it and you will be glad of the advice and help he can give you.

"What Phonograph Shall I Buy?"

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question!

The Edison tone test answers it for you, completely, convincingly.

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

The NEW EDISON
"The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep—which one you think you would enjoy hearing as much five years from now as you do to-day.

Be your own salesmen. Sell a phonograph to yourself. We will gladly send a New Edison to your home for the purpose, without obligation on your part. 172

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

LOVELY IN LIFE NOT PARTED IN DEATH

Many expressions of sympathy have been received by Mr. and Mrs. J. Wise over the death of their twin boys, who died of influenza and pneumonia, at the age of 14 years and 6 months. Johnnie Pied on Saturday morning, Nov. 2nd, and Jakie died on Monday, Nov. 4th. They were born at Lake Linden, Michigan, May 1st, 1903. The funerals took place from the undertaking parlors—Johnnie being buried on the 4th and Jakie on the 6th November. The funeral services were held at the grave by Rev. Father Demarais. They were lovely boys and were loved by all who knew them, and will be greatly missed. The deepest sympathy is extended to the bereaved family.

CARD OF THANKS

We wish to thank all our neighbors and friends and all those who have so kindly in any way assisted us in our sad and great loss of our twin boys.

Letters received from friends in England state that Frank Cryderman is in St. George's Hosyital, William King ward, Hyde Park Square, London, S. W., his right arm shattered above the elbow. Showing the pluck and perseverance of the Canadian boys, Frank himself has written a letter home, writing with his left hand. He is in one of the best hospitals in London where all special cases are sent. He is doing as well as can be expected but will be in hospital a long time. He will have to have another operation to reset his arm, but nothing can be done for the break until the wound heals, which will be three or four months. A big piece of shrapnel went through above the elbow smrshing the bone up badly, therefore a lot of bone has been removed. He says he is resting easy now after twelve days and nights of sleepleeness. He is loud in his praise of the treatment he is getting—of the sisters—and of the kind friends he has found over there.

PRECAUTION:—We are advised against taking up our rugs and carpets and raising unnecessary dust and dirt in the usual unsanitary way, under the present epidemic conditions. The only effective and sanitary system is the Electric Vacuum Cleaner which draws all dust and dirt into the machine. You cannot afford to run chances by using unsanitary methods of ridding your home of dust and disease germs under the present unhealthy conditions. Patmore Bros. are demonstrating the efficiency of one of these, the "Eureka" the winner of the grand prize at the Panama Exposition. Drop in and see it in operation.

Awarded First Prize im Victory Loan Poem Contest

Since neither word of ours can raise
Nor prayer of ours restore
The dear lost lads of other days,
That legion "gone before,"
How shall we grudge the yellow gold
To beat their foemen down,
Where the Red Prussians pitiless hold
Sacked city, pillaged town?

But if some faith of ours could know,
Some prayer of ours awake,
The dear lost lads of long ago,
That perished for our sake;
And at the dusk thesr spirits dim
Come whispering sweet and far
From that fair land beyond the rim
Of things that mortal are

If such could be, would these not ask
(Vague voices down the wind)
That we should help—ah, humble task—
Their comrades left behind?
Then grudge we not the yellow gold
To beat their foemen down,
Where the Red Prussians pitiless hold
Sacked city, pillaged town.

Have Your Own Name Or Brand Name Printed on BUTTER WRAPPERS

THE LAW SAYS THAT YOU MAY NOT SELL BUTTER FROM A FARM OR THROUGH A STORE OR MARKET UNLESS IT HAS THE WORDS "DAIRY BUTTER" PRINTED ON THE WRAPPER. AS YOU NOW HAVE TO USE PRINTED WRAPPERS WHY NOT HAVE YOUR OWN NAME OR THE BRAND NAME PRINTED ON THE WRAPPER AS WELL AND IN THAT WAY GAIN VALUABLE ADVERTISING. IF PURCHASERS OF YOUR BUTTER WHO LIKE IT'S QUALITY DON'T KNOW WHO MAKES IT THEY CAN'T KNOW WHAT BRAND TO ASK FOR WHEN THEY WANT TO BUY THE SAME KIND AGAIN.

According to the Dominion government regulations all farmers who sell butter either to the stores or privately, are required to have it propertly covered in a wrapper on which MUST appear in prominent letter the words

"DAIRY BUTTER"

The fact is also emphasized that all butter in such packages must be of the full net weight of sixteen ounces and in default of same a fine of from $10 to $30 for each offense is imposed. Whey butter must be so labelled even when mixed with dairy butter and dairy butter retains its label even though it be mixed with the creamery product.

YOU CAN BE SUPPLIED WITH NEATLY- PRINTED WRAPPERS FOR YOUR BUTTER AT THE HERALD PRINTING OFFICE, FOR FOLLOWING PRICES:

Paper and Printing Included

200 Wrappers for $2.50

500 Wrappers for $3.50

1000 Wappers for $5.00

These prices include both the Paper which is thebest obtainable for the purpose, and the printing.

THE ONLY WAY

to cure a skin disease, ulcer or sore permanently is to get to the "root" of the disease. That's what Zam-Buk does.

Zam-Buk's extraordinary powers of penetration, combined with its germ-destroying properties enable it to reach and destroy all germs in the underlying tissues, where skin troubles have their origin. In other words, Zam-Buk cures from the "root" upward, so that no trace of the disease is left to break out again.

To get lasting results, therefore, you should use Zam-Buk for all skin diseases, boils, ulcers and blood-poisoning, sores and piles. All dealers, 50c. box.
