The ice in the skating rink is being flooded for both skating and curling. In a few days with cold weather there will be good sport for both curlers and skaters.

The regular meeting of the St. John's Ambulance Association will be held on Tuesday, Jan. 7th, 1919, at 7.30 p.m. in the Y.M.C.A. building. A full attendance of members is requested.

We shall be pleased to have you call and see the prize cattle we have brought in from the Calgary Fat Stock Show. Nothing like them has ever been seen in Cranbrook before. —Cranbrook Meat Market, phone 8.

Private Harold Grady, brother of Mrs. John Reid, returned from the front on Saturday. He got badly smashed up in the war but surgical science has practically made a new man of him.

"Make your gift a useful one." The little Sewing Machine Motor, or the "Eureka" Vacuum Cleaner, demonstrated by Patmore Bros., are popular favorites.

We warn the people of Cranbrook to be careful and don't flirt with the flu. Another instalment of the epidemic is about due and although there *is no ban on the city, no unnecessary* risk should be run.

The Herald will go to press next week on Tuesday instead of Thursday. The day before Xmas is better for the staff than the day after. Our advertisers will please remember that we issue next week on Tuesday, Dec. 24.

The Cranbrook merchants are trying hard to assist you in solving your holiday buying problems. They offer many suggestions to you through our advertising columns. Read them over, make your decision, and your greatest dificulty will be solved.

The people seem to be still afraid of the flu and do not care to hang around where the horrid germ can *fasten his fangs in their flesh* and poison their blood. It is just as well to go easy until the pesky microbe has been froze stiff.

Purchasers of Victory Loans who have made payments in full should sign their names on the back of the official receipt and send them in to the Bank they subscribed through and obtain their bonds. This does *not apply to fully registered bonds.*

On Tuesday Bert Matson appeared before Police Magistrate John Leask on a charge of having liquor in a place other than a private dwelling house. Accused pleaded guilty and was fined $50.00 or six months imprisonment. The fine was paid.

J. R. Walkley, of the Cranbrook Meat Market, bought a car load of prize cattle at the Calgary Fat Stock Show. Some of these will be killed and on exhibition at the Market. Call and see them.—Cranbrook Meat Market, Phone 8.

Cranbrook's brass band is to be revived. A meeting for reorganization purposes has been called for Monday evening next at 8 o'clock in the band hall over Mayor Clapp's cigar store. All those interested are requested to attend. If there are any new horn players who would like to join they are specially invited to be present.

Mrs. G. W. Patmore and family returned home on Friday last after a visit of about six months in the east, most of the time at Detroit, Mich., and London, Ont. Mrs. Patmore was in Detroit during the celebration of the victory of the Allies over Germany and she said it was just like Bedlam let loose. They all returned quite happy and healthy, having escaped the flu, although they were in the thick of it.

Mr. R. S. Shields, principal of the public schools, leaves today for Hollywood, Los Angeles, where it is announced that his marriage to Miss Hazel Taylor will take place on Christmas day. They intend to spend their honeymoon in Southern California, returning to Cranbrook in time for the opening of the school on Jan. 6th. They will reside on Norbury avenue. Their many friends will receive this announcement with great pleasure.

E. H. McPhee has received a wire from Hon. E. D. Barrow, minister of agriculture at Victoria, to the effect that the Ottawa Government has agreed to grant a rebate on hay shipped for feed. A list of the shipping points in Northern Alberta is imperative. Distribution will be made at Baynes Lake, Wardner, Cranbrook, Natal, Mayook, Michel, Fernie, Wycliffe, Elko, Rampart, Marysville, North Star A rebate will be allowed on an approximate total of 1,000 tons.

Don't leave your Xmas shopping until the last day. Although Cranbrook merchants have stocked up with a splendid lot of holiday goods a great deal is being sold every day, so that you can make a better selection now than you can next week. Besides everybody is short handed and it will be impossible to give you the same service the day before Xmas, when everything will be in a crush as you can get right now. Give the clerks a chance by spreading the shopping season over the four remaining days.

Rev. M. C. Campbell, M. A., of Kaslo, occupied the pulpit of the Presbyterian church here on Sunday morning and will preach again at both services next Sunday. He is a big fighting Scotchman, with a heart as large as his fist and a way of expressing himself that doesn't hurt although he hits hard. People like to be pummelled that way. He is out to fill the church next Sunday and it he don't succeed it will be because the Lord has sent bad weather, or otherwise put a jinx on his meeting.

Mr. H. C. Seaman, manager of the local branch of the Royal Bank is to be transferred to the Robson St. branch of the bank in Vancouver of which he will be manager. He will leave to accept his new position early in the New Year. Mr. Seaman has been in charge of the bank here for about three years. He has been very active in patriotic work and is an enthusiastic golfer and gardener. He is to be succeeded by F. T. E. Robertson, at present manager of the Dryden, Ontario, branch of the Royal Bank. Mr. Robertson looks forward with pleasure to a return to B. C. as he has been in this province before.

A hearty invitation to all.

We don't know what Cranbrook's Chief of Police would do under the circumstances, but when an irate citizen of Grand Forks began calling the Chief of Police of that city—who is also poundkeeper—some unprintable names, the chief gave him a poke in the optic that closed it up for a day or two.

There were no great crowds at the churches on Sunday morning, even the united service of praise and thanksgiving held in the evening at the Auditorium failed to draw more than half the people who would have been there under different circumstances. The people can hardly be blamed for not turning out more generally in the morning, as the sidewalks were very slippery. A rain had fallen during the night and freezing coated the paved streets with smooth and slippery ice. Six weeks of heathenism should have cured the people of churchless Sundays, but the Lord did not send along favorable weather, consequently most of us are heathens still.

CARD OF THANKS

Mr. and Mrs. D. E. Murphy wish to convey to the people of Cranbrook their sincere thanks for the many acts of kindness, the many floral cards and the sympathy extended them during their late bereavement. Special mention is made of Mr. and Mrs. J. Jackson, Mr. and Mrs. A. C. Bowness, Mr. and Mrs. C. Magee, Mr. and Mrs. W. E. Hastam, Mr. and Mrs. J. T. Sarvis, Mr. and Mrs. J. Thomson, Mr. and Mrs. M. Barney, Mrs. F. Cory, Mr. W. E. Worden and Mr. Wm. Henderson. They also thank their friends for the kindness shown Mrs. Murphy (Jr.) during her many weeks of illness.

VERY FINE BUNCH OF YOUNG BEEF CATTLE

J. R. Walkley, of the Cranbrook Meat Co., was in Calgary last week in attendance at the Alberta Fat Stock Show. While there he secured 24 head of baby beef, all prize stock. Not an animal in the bunch over two years old. They were entered in the boys' and girls' competition and Mr. Walkley secured some of the winners. One Shorthorn heifer, two years old, tips the scales at 1600 lbs. How would you like to have a porterhouse steak cut from that fat heifer? It is conceded by everybody who has seen these animals that they are the best stuff that has ever been seen in Cranbrook. They are prime beef. Customers of Cranbrook Meat Company are going to fare well this winter.

When in Cranbrook Wednesday night I was very pleased and amazed at the large number of children who came to see me and very very sorry that my stock of presents ran out before each one was served.

Last year I gave out about 475 books and had enough left for some of the schools in the district.

This time I sent on 665, of these 70 were lost in transit, leaving 585 books which I gave out last night and I think there are about 50 boys and girls who received none so that had the whole shipment arrived everyone of my little friends would have received a present from my hands.

Now, I will have to ask those who were missed last night to call at the Fink Mercantile Co.'s store later on and get their present, I have wired for a further supply.

I want to assure those who were missed last night that my feelings were hurt, even more, than theirs and next year I will make sure of having enough even if I have to ship in a whole car load.

Farewell, Dear Children, until next year.

CRANBROOK, BRITISH COLUMBIA, THURSDAY, DECEMBER 19th, 1918

A COMBINED CURLING AND SKATING RINK

Cranbrook has a fine skating rink that cost $12,000 to build and that could not be rebuilt today for less than fifteen or twenty thousand dollars. But it has never paid to operate it alone as a skating rink.

Cranbrook has a splendid curling club. It has a large membership of enthusiastic curlers. They have been making their curling ice in a building that has ceased to give good service.

Unless the Arena skating rink—the one mentioned in the first paragraph of this article—is kept open there will be neither skating nor curling this winter. Such an event would be a great calamity.

The present owner of the Arena rink has decided to sell for $3,000. It can be used for combined skating and curling for the winter and for other purposes during the summer.

A meeting of curlers and skaters was held in the city hall last Thursday evening and the proposition discussed. The unanimous opinion of that meeting was that the rink should be purchased by the city, therefore a committee was appointed to circulate a petition among the ratepayers askinng the council to submit a by-law to the people authorizing the purchase of the rink by the city council for the sum of $3,000.

The petition was circulated and signed by a large number of the ratepayers, a number more tthan sufficient to demand a vote on a debenture by-law.

This petition was presented to the council at a special meeting which was held last Monday evening, and a bylaw was introduced in accordance with the request of the ratepayers and is this week being published in the Herald for the information of the people.

As will be seen by reference to the bylaw the purchase price is $3,000.00, to be raised by debentures payable in ten years. The interest rate is six per cent. The amount to be raised annually is $261.69 on principal and $180.0 on interest or $441.69 a year.

We understand that a revenue of $400.00 a year for five years has been promised by the curling club as rental and a water rate of $25 a year in addition. So that if this agreement is made the cost to the people for a combined recreation furnished by curling and skating will be as nothing.

A vote is to be taken on Jan. 16th, 1919. In the meantime the proposition can be thoroughly discussed.

BUSINESS PROSPECTS BRIGHTENING

One of the busiest camps at the present time in the East Kootenays is Yahk and we are glad of it. The District Ledger, of Fernie, seems to think that the business activity at Yahk sounds the death knell of Cranbrook and Fernie, but we don't look at it in that way as far as Cranbrook is concerned at any rate. We are not going into hysterics about it; we are not losing any sleep over it.

We are glad to see Yahk prosper; we would rejoice to see as much prosperity in all the dots on the map that indicate a station or a mining or lumbering camp as there is now in Yahk. It would mean more business for Cranbrook. We are not afraid that Cranbrook will be wiped off the map or be sidetracked because the C. P. R. is building a few miles of track at Yahk to expedite its lumbering business there, recently bought from the King interests. Let the C. P. R. build a thousand miles of trackage within a radius of 100 miles of Cranbrook and this city will be a big gainer. Cranbrook would become the mecca for all the extra population and the distributing point for most of the business. These are the things we do want to see. The few hundred men who are now working at Yahk spend their money here. They have spent thousands of dollars already. We should worry. We should become hysterical! Of course we should. It's that kind of worry that makes life worth living.

It is quite true that there is great activity at Yahk. Yahk is situated at the mouth of Meadow Creek, a small stream with enters the Moyie river from the east, and along which there is considerable timber, lately owned by the King Lumber Company but which now belongs to the C.P.R. Further east, from the hearwaters of the Meadow Creek, there are other limits, said to have been acquired from private parties by the C.P.R., and it is stated that it is the intention of the big transportation company to extend a branch eastward through these limits and towards Waldo, on the Kootenay river, at which point there is the terminus of the side line, which leaves the Crow line a little to the east of Galloway, extending some 12 miles to the Baker Lumber Company's mills.

Nearly 300 men have been put to work at Yahk, to extend the branch line up Meadow creek, and the contracting firm of Jones and Doris, of Cranbrook, began last Monday the erection of freight sheds, store houses and bunk houses at Yahk for the accommodation of these laborers, and for the handling of freight and materials for the extension.

Bravo, Yahk! Here's to the day when the lumbering, mining, farming and distributing industries of East Kootenay become developed on a large scale. Cranbrook will then be a city of metropolitan proportions and importance.

THE BRITISH ELECTIONS

The British elections are over. They were held all in one day, a new thing in the Old Country, but the result will not be made public until Dec. 28, when the soldiers vote will have been received. It is generally believed, however, that the coalition has been sustaind by a good working majority. The Sinn Feiners of Ireland gave the Nationalists a drubbing. The Unionists expect to retain all their seats in the north of Ireland. Labor candidates received a heavy vote, but the most striking feature of the election was the unexpectd eagrnss and curiosity of women of all classes. Women waited in the rain for the opening of many booths in the outer suburbs of London, Liverpool, Hull, Manchester, Bradford, and other industrial centres. Working women and soldiers' wives did their Saturday shopping and then tramped through the mud and drizzle towar the booths, though laden with babies and parcels. They voted with a businesslike speed, resumed their burdens and marched homeward.

The women outnumbered the men 9 to 1 in Chelsea during the forenoon. Here one candidate, Miss Phipps, provided nursemaids to look after the children. The assembling of perambulators suggested that a baby show was going on inside.

Eearly voters at Rotherhill included a woman of 94, another of 91 and two over 85 years of age. Some amusing incidents resulted from the inexperience of such women in announcing aloud the names of the candidates they favored. A few ladies even insisted on accompanying their husbands to the polling compartments. In other cases the accompanying husbands came along to admonish their wives at the last moment to vote in the right direction.

There were many instances of shyness and nervousness and odd misconceptions. One women, after being induced to come to the poll, refused at the last moment to mark her ballot because "she wanted to keep respectable." Society women of the various Mayfair, Belgravia and Kensington sets, who recently have founded small clubs in order to discuss the rival candidates over their teacups, visited the polling booths in bevies. It is believed that Christobel Pankhurst is elected by a large majority.

The result of it all, says the Mail, will furnish: First, an overwhelmingly Tory majority; second, a solid Lloyd George party; third, an unprecedentedly large Labor party, with a 75 per cent patriotic element.

Is there a future for Cranbrook? Sure there's a future for Cranbrook, and a bright and prosperous one at that. Unity of purpose and action are the essentials required to attain that end. We would suggest that all unite in the support of your local paper. If you succeed in this, nothing that you co-operate to do will be impossible to you.

Prohibition Commissioner Findlay, of Vancouver, fell from the water wagon and it cost him $1,000 for repairs. He was dismussed from office and fined $1,000 for illegally importing liquor into the province. He cut the price of good whisky from $15 a bottle to $2 and paid the penalty in consequence of his rash action.

In the British elections held last week a bachelor candidate was asked by one of the women in the crowd "How many children have you?" and he replied "None." His female heckler came back at him with "Then you ought to have some." If he had no hereditary unsoundness in him there was more truth than poetry in the parting shot.

INVERMERE

Invermere, B.C., Dec. 12.—Kathleen Margaret Sellentin, wife of E F. W. Sellentin of this place, died in the General Hospital here today after an illness extending over two weeks. She leaves three small children in addition to her husband. The youngest child is only one month old. Before coming to this part Mrs. Sellentin had resided in England, coming out here as a bride.

FORT STEELE

A party and dance was given in honor of Miss Dorothy Walsh on her fifteenth birthday at her home on Saturday evening. A large and merry crowd of townspeople were present and dancing was continued until 12 o'clock when a very dainty luncheon was served by the hostesses. After luncheon everybody sang songs or played games until two o'clock when all went home at the end of a perfect day.

Winslow Haines, Ed. Wilkins, and Lester Boober are in from Rankins and are having a merry time.

News was received here last week of the death of Mr. Chambers, at his home in North Wales, England, from paralysis. Mr. Chambers is the father of Mrs. G. B. Watson, wife of George Watson, the Fort Steele fire warden, and was well known through the district in connection with the Presbyterian Church.

Cranbrook is a one hundred per cent better place for the kiddies to live in now than it was a week ago. There is now an open air skating rink right in the centre of the city.

Don't forget to be cautious. Flu germs are still lurking around and a second outbreak seems to be threatened. In fact the epidemic has started up again in a great many places with great virulence, too. It is safe not to monkey with the flu germ.

Creston Review: Ernest Ryckman, who came in from Drumheller, Alta., on Wednesday, left on Sunday for San rFancisco, Cal., where he expects to remain for the winter. His little daughter, Dorothy, has gone with him. Mrs. Ryckman will follow as soon as she recuperates from a very severe attack of the flu.

No sooner said than done. The kiddies now have a fine open air sheet of ice right in the centre of the city on which to skate, slide and chase away the flu or any other enemy to good health that may be lurking around.

The Herald gave expression to the will of the people. The council immediately acted upon the suggestion and today there is a fine open air skating rink for the kiddies within a stones' throw of the city hall.

Creston Review: The Farmers' Institute has fixed on $7.50 per ton for flats hay at the stack. The absence of snow up till the present is greatly appreciated by the stockmen. Due to the excessively wet weather that set in before some of the stacks had been covered it is feared there will be considerable loss of feed of this sort.

Without Music You Cannot Live a Full Life

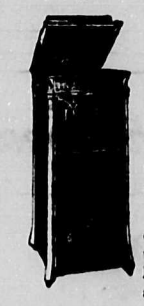
Music is now recognized as a necessity in the home. Music feeds the soul, as food feeds the body and literature feeds the brain. Next to religion, it is humanity's greatest comforter.

The New Edison opens the doors to the world of music. It brings the supreme art of the greatest singers, instrumentalists and musical organizations to you with such unerring fidelity that the artists themselves could give you no more.

The NEW EDISON
"The Phonograph with a Soul"

does not merely imitate; it actually re-creates.

Before audiences totalling more than two millions, thirty great artists have conducted tone tests which proved that no shade of difference could be detected between the artist and the instrument. They have sung in direct comparison with the New Edison, then suddenly ceased, permitting the instrument to continue alone. The only way the listeners could tell when the artist stopped was by watching his lips. And with the lights lowered, they were unable to say when it was the living voice they heard and when the New Edison.



Could a more convincing test than this be devised? Doesn't it prove the truth of our assertion that ownership of this instrument is equivalent to having all the great artists of the world literally at one's command?

Come in and hear the New Edison here, or allow us to send one to your home, where you can hear it at your leisure. 174

DROWNED IN KOOTENAY RIVER AT WARDNER

A very sad drowning accident occurred last Sunday at Wardner, when two children of Mr. and Mrs. Home's fell into the Kootenay river and before they could be rescued they were beyond recovry. The younger of the two boys, Robert, a kiddie only four ears old, was sliding on the ice when it gave way and he went through into the cold waters beneath. His brother George, 14 years old, endeavored to rescue him, but he too, went through. Other children gave the alarm and some men in a boat shoved off to the scene of the accident and with boat hooks were able to recover the bodies but not before life was extinct. The parents have the heartfelt sympathy of the community in their sad double loss.

Harry Rymell, well known trapper and prospector, who has spent the summer in the Cariboo country, has returned to Kitchener, where he will spend the winter.
