## OIL LAND CASES

THEY HAD A HEARING BEFORE JUDGE WILSON THIS WEEK

A case of very considerable interest and importance to South East Kootenay came before His Honor County Court Judge Wilson here on Monday, affecting the titles to various coal and oil claims situated on Sage, Kishemeeneh and Starvation creeks, in the valley of the Flathead river, and forming part of the famous lot 4593, which was once under reserve to the C. P. R., but was subsequently declared open to public location under somewhat sensational circumstances.

On Sunday many people arrived who were interested in these cases, including Sir Charles Hibbert Tupper, of Vancouver; S. S. Taylor, of Nelson; R. T. Elliott, of Victoria, solicitors for different parties. Messrs. J. A. Harvey and M. A. Macdonald, of this city, were the other solicitors interested, and with this galaxy of prominent solicitors were the men who are interested in the claims, and were either looking after their interests or here for the purpose of appearing as witnesses.

The chief occurrences of petroleum are on Sage creek, with others of apparently lesser volume on Kishemeeneh, Akamena and Starvation creeks, all tributaries of the Flathead and falling into it immediately north of the International boundary between B. C. and Montana. These various oil seepages attracted the attention of Fred Bowman, who since 1885, has trapped, hunted and prospected all through that country. In 1895 he, with a partner named Leonard, made the first stakings on the Sage Creek seepages or springs and having made application to the B. C. government for title to the three claims then located by them which constitute the key of the oil situation in the Flathead country, they were informed that the ground was not open for location. They had, therefore, to stand aside; but as Bowman's trapping business took him in on the ground every year he was able to keep an eye on what others might be doing to the prejudice of his rights under the first location.

In 1900, Watts, of Victoria, B. C., and his associates staked sixteen claims, each a mile square exactly and lying one against the other along both Kishemeeneh and Sage creeks and, of course, covering the master claims of Bowman and Leonard.

The third staking of this ground was in 1901, when the party now represented by Sir Charles Hibbert Tupper and Major Leckie staked over both Watts' and Bowman and Leonard's locations. When they made application for licenses they were informed by the government that the ground was reserved to the C. P. R. Very soon after the whole question of the rights of this railway reserve came to be investigated with unpleasant results for certain of the then government's officials with the result that in 1902, by order in council, the entire of lot 4593 was thrown open to coal and oil location and licenses duly issued to prospect for both. As in the case of a certificate of location of an ordinary mineral claim, the government gave no guarantee, either express or implied, as to the title to the ground affected by those licenses, and, to still further safeguard themselves, caused to be written across the face of these documents in red ink a statement that the licenses were issued "subject to all prior rights"—to the ground.

Directly after the promulgation of the order in council of 1902 Sir Charles Hibbert Tupper tendered the money sufficient to pay for all the locations in which he and his party were concerned, but refused to accept them with the condition that they were subject to priority of rights.

The spring of 1902 found A. W. McVittie on the same ground and he, acting for certain parties as well as himself, put up the fourth set of stakes over, practically the same ground as that covered by the others. He went ahead and was the first to get an actual license though he accepted it in the form required by the order in council, which was refused by Sir Charles Hibbert Tupper.

The last locations over the ground were made in Sept. 1902 and May 1903, when Angus Cameron and his associates from Greenwood staked the old, familiar battle scene and duly accepted their licenses "subject to prior rights." To the defining of those prior rights the lawyers and the judge will have to bring bales of legal lore and the latest novelties in subtle distinctions.

The matter came before the court by way of petition and counter-petition wherein Sir Charles Hibbert Tupper represented 26 parties; S. S. Taylor, of Nelson, 16; R. F. Elliott, of Victoria, 15; J. A. Harvey, of Cranbrook, 16, and M. A. Macdonald, of Cranbrook, appeared for Bowman and Leonard, the original locators.

The formal evidence and general outlining of the case occupied all the sittings of Monday, while on Tuesday Sir Charles Hibbert Tupper, S. S. Taylor and M. A. Macdonald went into their respective cases and finished the examination of their witnesses. The regrettable absence of A. W. McVittie, owing to a deplorable accident, resulting in the loss of one of his eyes a few days since, prevented J. A. Harvey going on with his case and thereupon R. F. Elliott representing Watts et. al. of Victoria, as respondents to the petition, declined to proceed till Mr. Harvey had developed his case.

The hearing stands adjourned till Sept. 15th, but it is not unlikely that some compromise may be arrived at, failing which the matter may go from the decision of the county court judge to the supreme court of Canada and even to the privy council of England.

## ON LABOR DAY

Special trains will leave Sirdar at 7 a.m., Fernie, 7.45; Kimberley, 8.30, calling at all intermediate points. Returning will leave Cranbrook about 8.30 p.m. Excursion rates for round trip will be good going August 31, Sept. 1st and 2nd, returning Sept. 3rd. Full particulars of trains and rates will be sent out to the different points not later than Monday next.

H. White, Sec'y.

## LABOR DAY

EVERYTHING IS READY FOR A BIG DAY AND A SUCCESSFUL CELEBRATION

The Labor Day committee have been doing some hard work the past ten days and have got matters in shape to insure a most successful celebration. The laboring men from all over the district have freely expressed their desire to do all in their power to make the day a success and will be here by the hundreds for that purpose. There will be some hot sports on that day and it is evident now that contests will be of the keenest kind. Secretary White has received letters from the following firms, saying that they will close down business on that day for the purpose of giving their employes an opportunity of coming to Cranbrook:

George A. Laurie, Creston.
Adolph Lumber company, Baynes Lake.
Otis Staples Lumber company, Wycliffe.
Crows Nest Pass Lumber company, Wardner.
North Star Lumber company, Elko.
Kimberley Milling & Manufacturing company, Kimberley.
Mayook Lumber company, Mayook.
The Standard Lumber company, Baker.
The St. Eugene Mining company, Moyie.
Watts & Co., Wattsburg.
Leask Lumber company, Creston.
North Star Mining company, North Star.
The Jewell Lumber company, Jaffray.
Sullivan Group Mining company, Kimberley.

Word has also been received from the Marysville smelter that everything will be done to let off as many men as possible on Labor Day.

In the evening trains will leave Cranbrook for the east 8.45 p.m. For the west 9.00 p.m. For Kimberley 9.15 p.m.

The above rates are for round trip tickets and are good going August 31, Sept. 1st and 2nd, returning Sept. 3rd.

## BURNS BROTHERS

The Burns brothers, successors to W. T. Reid & Co., have taken over the business and closed up the store for this week, while engaged in stock taking, but will have their big opening on next Saturday. After looking all over Western Canada these gentlemen decided that Cranbrook was the field for them, and they lost no time in arranging for engaging in business at this point. Backed by ample capital, with years of experience in the business, the Burns Brothers propose to go after their share of the trade in this district on the basis of merit in the way of prices and quality of goods sold. They will inaugurate a great sale Saturday to clear the shelves and counters of goods to make room for the big stock that they have on the way, and therefore will present to people of this district prices that will prove very attractive indeed.

## THE KOOTENAY CENTRAL

C. Hungerford Pollen returned the first of the week from Calgary, where he met Mr. Whyte and Mr. Dennis, of the C. P. R., relative to the Kootenay Central. Mr. Pollen stated to the Herald that there was no definite information at this time. It is the opinion of the Herald that there will be something doing with the Kootenay Central before many days, and this paper would not be surprised to see contracts let within a few days for quite a stretch of this road.

## THE FORT STEELE LIBERALS

The Liberals of Fort Steele held an enthusiastic meeting last Monday evening. Dr. Watt was elected president of the association for the coming year, George Geary, vice-president; and William VanArsdalen, secretary-treasurer. A vote of confidence was given J. A. Macdonald, the Liberal leader of this province, and Dr. J. H. King, the Liberal member of this district. Dr. Watt was also elected as delegate to the Vancouver convention to be held on the second day of October.

## A VERY NICE PAYROLL

(Fernie Free Press.)

While some of our neighboring towns are publishing their pay roll and making big boasts of their prosperity, it occurred to a representative of the Free Press that the time might be opportune to let the public know something about Fernie's pay roll, and after going carefully into the matter the following figures have been gathered as to the amount of money paid out per month. These figures have nothing to do with the michel pay roll:

| | |
|---|---|
| C. N. P. Coal Co., including M. F. & M. Ry., and C. N. P. E. L. & P. Co | $121,000 |
| Elk Lumber Co. | 20,000 |
| Fernie Lumber Co. | 7,500 |
| North American L. & L. Co. | 7,000 |
| Wood-McNabb Lumber Co. | 2,000 |
| Construction pay roll | 10,000 |
| Liveries, Cartage Co., etc. | 2,000 |
| The Trites-Wood Co., including Western Canada Wholesale Co. | 4,300 |
| The Crows Nest Trading Co. and A. McDonald Co. | 1,500 |
| Great Northern Ry. | 2,500 |
| C. P. R. | 2,500 |
| Ft. Steele Brewing Co. | 1,800 |
| Printing offices | 1,200 |
| P. Burns & Co. and other butchers | 2,000 |
| Hotels of Fernie | 6,000 |
| Other stores and businesses | 6,000 |
| Great Northern construction at present | 25,000 |
| Total | $222,000 |

## TO WORKINGMEN

Next Monday we are to celebrate Labor Day. Let the day be far more to us than a day of sports and sprees. Let us think of what it represents in the way of development of the workingman from savagedom, up through slavedom, then serfdom, now wagedom, and next freedom. Let it remind us of the dignity, beneficence, usefulness and virtue of labor. Let it recall the Divine Workman of Nazareth and all He stands for. Let us begin celebrating the day before—on Sunday, by attending divine service. There seems a certain amount of estrangement between the Christian church and the workingmen. This should not be and is probably due to a misunderstanding on both sides. On Sunday evening next I will speak on the church and the workingmen in the Presbyterian church and all workingmen are cordially invited to attend individually or as unions.—C. O. Main, pastor Presbyterian church.

## SPEAKS WELL FOR CRANBROOK

G. L. O'Callaghan arrived in Cranbrook last week after a protracted stay in Washington, and will remain here some time. During the past eighteen months Mr. O'Callaghan covered nearly the entire State of Washington and part of British Columbia, and states that in his estimation Cranbrook is the best town of its size in the northwest, and while there is no boom here, like there has been in some towns visited by him, the volume of business done from one year's end to another exceeds that of any town where he has been compared with population.

## PERRY CREEK HOTEL FOR LEASE

Owing to ill health I will lease the Perry Creek hotel and ranch, or the hotel alone. For terms write O. A. Burge, Cranbrook, B. C., or call at the hotel.

## FERNIE COMING

(Fernie Free Press.)

Cranbrook is celebrating on Labor Day. Let us make a pilgrimage to the banana belt on that date. And by the way we might throw down a few guantlets for the citizens of the sister city to pluck up. For instance outside of the usual athletic games and events why not challenge them to a bowling tournament, a tennis tournament, and a rifle shoot. Many who take part in these games may not be baseball, football, or lacrosse enthusiasts and moreover, a tennis tournament would give the ladies an opportunity to distinguish themselves.

Your personality is a valuable asset. Get to know your customers personally and intimately. Put your name on everything you send out.

One day when the Northern soldiers were marching through the South they saw an old woman hanging clothes on the line. A soldier, who needed a pair of socks, took a pair from the line. "You will have to pay for them," she said. The soldier asked her when. She said, "On judgment day." "Oh, if you are going to trust me that long, I will take another pair," the soldier replied, helping himself.

## CROTHERS' MILL

(From our own correspondent.)

Here we are again with our small budget of news for the Cranbrook Herald. We must do our duty and that is to write for the esteemed Herald. When all other friends forsake us the Herald will stand by us. The Herald is our friend forever. What is home without the Herald?

We read in the columns of the Herald that R. L. Borden, leader of the opposition in the Dominion house, is to visit British Cojumbia and demonstrate to the people why they should vote Conservative. The Hon. gentleman might just as well includest Crothers mill in his tour.

Crothers saw mill closed down for the season on August 19th, owing to the lumber yard being filled with lumber and the company was unable to sell out the lumber that was on hand. In order to make room for the lumber that the mill is cutting and various other reasons is why the mill closed down so soon.

We are much pleased to report that during the eight months that the Crothers mill had been in operation, not one of the employes, who had been laboring in the mill met with an accident of any kind. This speaks volumes for the management and also for the employes, as it is the only mill in the district, so far as the writer can learn, where an accident of some sort or another has not occurred during the season's run.

There are two things in this world that gets a man up in the world. One is the step ladder and the other is an alarm clock.

The writer is anxious to know more with regard to the proposed lake for Cranbrook. Don't let the matter fall through, it is too vital a question to let drop. Stay with the lake proposition and you will win. We must have it.

Give her speed for Cranbrook on Sept 2.

When a man is down help him up and you will feel better for it.

Keep out the Japanese. We must commend the Herald for the stand it has taken with regard to the Japanese question. To say that this province is to be flooded with Japanese is a matter that is deserving of attention. It is a known fact that a Jap will work for anything that a man wishes to hire him for, and in that case it won't be long before the workingmen of this great province will be up in arms against the Jap. Now is the time to act.

Say, fellow pilgrim, don't be a knocker. Life is too short to be continually growling about everything. If you don't like the town move to Fort Steele and there you will be happy forever.

Mr. Howard Jordin, of this thriving little burg, who has erected a handsome residence lately, has it all completed and has moved into the same.

The editor of the Herald made no mistake last week when he said that the Elko and Wardner correspondents were the best in the province. The writer of this column extends to them his heartfelt congratulations upon their success and for using their talents in such a way as they do. In writing for the Herald they represent a paper that stands for the peoples rights. That is the paper to patronize and to speak well of. It is our policy to support a paper that stands by the workingman as the Herald does. It has devoted time and space to the cause of unionism, in short it is the workingman's friend. We mean it and what is more we mean to stand by it.

Now that Cranbrook can boast of a typographical union it is up to every man in this camp to demand the union label on his work. The union label represents fair wages, good workmanship and a fair working day, in other woods it stands for freedom. Eight hours work, hours hour sleep, eight hours to do what you will. Demand the label, brother pilgrim.

Boost Labor Day, it's worthy of it.

Come to Cranbrook on Labor Day. This is one day in the year that belongs to the workingman and one day he demands as his own. No one can make you work on that day if you do not care to. Then let us go to Cranbrook and have the best time of our life.

When in Cranbrook on Labor Day speak well of your town, speak well of your neighbor, speak well of everybody. Your duty on that day will be to stand Pat and boost Crothers mill.

A large crowd of men from this place left for Spokane last week.

Mr. and Mrs. Ellings, of this town, who have been in the employ of the Crothers Lumber company for the past two months, and who have been cooking for the Crothers employes, left Tuesday for Spokane. During the time they have been employed here they have given entire satisfaction and every man in the camp was more than pleased with their services. There was not a man in the camp who weighed less than 160 pounds, which certainly speaks well for their cooking. May their path be an easy one and may success be with them is the wish of every member of this camp.

Herb Ladds, of this place, left a few days ago for Vancouver.

Fred Taylor, who has been in the Crothers employ for the past five months as setter in the saw mill, left here last week for Cranbrook the beautiful.

Two things to be remembered while in Cranbrook: Boost Crothers mill and the union label.

## SCHOOLS OPENED

The Cranbrook schools opened Monday with the following attendance:

| | |
|---|---|
| F. R. Anderson's room | 26 |
| Miss Caldwell's room | 28 |
| Miss Purdy's room | 46 |
| Miss Hall's room | 40 |
| Miss Anderson's room | 38 |
| Total | 168 |

The same staff of teachers are in harge this term as last, with the xception of Miss Fraser, whose place has been taken by Miss Anderson, who comes from the coast and is highly recommended as an efficient teacher. Miss Fraser has secured six months leave of absence and is at present at New Westminster.

### HIGH SCHOOL CLASS

Although there are not at present sufficient pupils in Cranbrook to admit the establishment of a regular high school, yet the board of trustees have decided to establish a class if they can secure a sufficient number of pupils to make it advisable. Any pupils either in or around Cranbrook who would care to attend such a class should communicate with Edward Elwell, Cranbrook, or with F. R. Anderson, Cranbrook. The board of trustees hope to see the establishment of a regular high school in the near future, but until that is possible the same work will be given to as many as can take advantage of it. The class will be in charge of a competent teacher who has had considerable experience in this work.

### A SPLENDID ENTERTAINMENT

Last Friday evening Mr. and Mrs. F. W. Green entertained a large number of guests at the new opera house with a dancing party. Without a doubt it was the most elaborate affair of the kind ever attempted in the city of Cranbrook and it was a glorious and artistic success from beginning to end. The beautiful hall was simply decorated with evergreens and Chinese lanterns in a manner that produced a most artistic and pleasing effect, as the glare of the bright electric lights were subdued into a soft and delicate light by the shades of the lanterns. There was a large attendance and perhaps Cranbrook people never looked better than they did on that occasion. Mrs. Green was assisted in receiving by the Misses Green, sisters of Dr. Green. An orchestra from Fernie furnished the music and dancing was indulged in until a late hour. About twelve o'clock the curtain on the stage was raised and there was revealed a bower of beauty. More lanterns were displayed with shaded candles and artistically decorated tables. Here the refreshments were served and as the guests were inclined they wandered to this delightful spot, where they were served with tea, coffee, sandwiches, cake and ice cream. Those present had a most delightful time and on leaving expressed their pleasure to the host and hostess.

### IMPORTANT TIMBER WORK

Mr. Manley H. Craig, of Perth, New Brunswick, and formerly of Minneapolis, Minn., is stopping at the Royal hotel for a few days transacting business in connection with the great British Columbia lumber industries. Mr. Craig is an expert pine land engineer and estimator of standing timber, and has just completed the work of inspecting a large tract of timber land in the East Kootenay district. He is now on his way to the coast, where he will be engaged for the next few months inspecting a tract of over two billion feet of timber in the vicinity south of Prince Rupert. It is said that Winnipeg and Minheapolis lumbermen are chiefly interested in this large deal, and that some of their holdings will run over one hundred thousand feet to the acre.

Mr. Craig speaks highly of the city of Cranbrook, and thinks it an ideal location for a city of very material importance to the southeastern section of British Columbia, and just far enough away from the foothills of the Rockies to make it a most desirable and pleasant place for a home.

Mr. Craig is accompanied by his son, H. Lee Craig, and George D. Larlee, of Perth, N. B.

### DISTINGUISHED VISITORS

S. E. Oliver, who was formerly a resident of Cranbrook, but who has for the past year been acting as agent for a large English syndicate in the purchase of property all over Western Canada, was in the city the past week accompanied by Lord Vivian, the Hon. W. W. Vivian and W. T. Kirby, a prominent capitalist of Winnipeg. They had just returned from a fishing trip to the headwaters of the Elk and came to Cranbrook to take the drive up the Kootenay valley to Golden. Mr. Oliver accompanied the party as far as Windermere, returning here last Sunday. He says that the party were very favorably impressed with Cranbrook and the Kootenay valley and expect to return here next year for a longer stay. The syndicate that Mr. Oliver represents has invested over $100,000 in this country in the last two years and expect to invest much more, as they are more than satisfied with what purchases they have made.

### AN HORRIBLE ACCIDENT

Last Thursday Archie McVittie, and no man is better known in the interior of British Columbia, was on the beach across from Nelson with his children and the members of neighbors families who have cottages for the summer at that famous resort, when he attempted to open a bottle of ginger ale for the children in his charge. Using a rock to knock off the top of the bottle in the absence of an opener, he hit the bottle a few times and suddenly the top broke and a piece of the glass flew back and struck one of his eyes on the pupil letting out the water. Fortunately there was a physician present and Mr. McVittie was taken at once to the hospital and every attention given to him, and that night he was sent to Spokane to a specialist to see if the eye could be saved. It proved, however, that it was necessary to have the eye removed, which was done. The many friends of Mr. McVittie in this district and throughout Western Canada, where he is so well known will sympathize with him in his misfortune, as it is a serious blow to one engaged in surveying and having as much work ahead of him as had Mr. McVittie.

# THE CRANBROOK HERALD

$2.00 A YEAR | THE PAPER THAT IS READ BY THE PEOPLE | AUGUST 29, 1907

CRANBROOK HERALD
By the Herald Publishing Company, Limited.

UNION LABEL CALGARY

E. Simpson
Editor and Manager.

The Herald is worth $10 a year. It costs only $2. No man in South East Kootenay can afford to be without it, and everyone living outside of the district, who is interested in the progress of this section, should read it. It publishes the news while it is news. It is controlled absolutely by the publishers. No clique, party or individual dictates its policy. It don't try to please the people. It's desire is to publish a newspaper that will be a credit to the community. Send in your subscription and you will be thankful ever afterward.

Advertising rates $1 per inch per month, no more and no less.

Reading matter 15 cents per line to non-advertisers; 10 cents per line to regular advertisers.

If you desire to reach the people of South East Kootenay you must advertise in The Herald.

The Herald has a first-class job plant, and its work is of the best. The Herald don't want charity. It wants a square deal on your job work. If we can't suit you in quality and price, kick, and send your work to some Cheap John house in the east that never spends a cent in Cranbrook.

MORE THAN
**4,600 a Month**

This is the guaranteed circulation of the Herald

Press room and subscription lists open to investigation by advertisers at any time.

The Herald gives a dollar in value for a dollar in money. The advertiser has the right to know what he is receiving for his money. The Herald is one paper that courts investitigation.

## OBSERVATIONS
### BY THE OLD MAN.

The new subscriptions are rolling into the Herald office in a manner that is most satisfactory to the management. It is evident that the Herald is appreciated by the people.

Who wants the Japanese to flood the province? There is not a business man, a working man, or any man who is vitally interested in the progress of the province who is not opposed to cheap Oriental labor. Keep out the Japanese.

Frank Oliver, minister of the interior, has a practical idea of securing more white labor for this province. That is what British Columbia wants, more labor, but white labor. Additional labor is needed to assist in the development of this province, but it must be of the right kind.

If it is a fact that Sir Hibbert Tupper is in favor of Japanese immigration it is no wonder that he is going away back to Nova Scotia to re-enter the political arena. He could not get even a show down in this province.

It is said that F. J. Dean, editor of the Nelson News, may be a candidate for the Dominion house in this district. Mr. Dean is a well known Liberal and is a man of more than ordinary ability, and his candidacy would receive the hearty support of his friends.

If Duncan Ross is a candidate to succeed himself he will be elected. Mr. Ross has shown exceptional ability for a new member and has done much for his district during the brief time that he has been in parliament.

The Calgary Eye Opener says that if Member McCarthy decides to retire from politics that a Liberal member will surely be elected from that district. Mr. McCarthy has made a good reputation for himself and is looked upon today as one of the brightest of the younger members in parliament, and what is more he is honest and clean.

The Herald is willing to compare subscription lists with any paper in the district, and it is the number of readers that interests the advertiser.

There will be a number of nominations by the Conservatives for the Dominion house during the tour of Mr. Borden over this province. We wonder if Sir Hibbert Tupper will be invited to participate in the meetings. It would look strange indeed to see Mr. McBride and Mr. Tupper speaking from the same platform.

The Herald has been condemned because it has opposed Japanese immigration. Well the Herald cannot help that. The Herald is here as a permanent institution and it would not have a Japanese subscriber in 1,000 years. The Herald is talking for itself as well as for the laboring and business men of this district, when it opposes the unrestricted immigration of Japanese to this province. Low prices of wages means the end of prosperity in this province or any other province. The Herald prefers prosperity, in fact it must have prosperity or quit.

By the way, why is it that the Herald is the only weekly paper in this part of the province that has opposed Japanese immigration? What is the matter with the rest of the newspapers? Have they a Japanese subscription list that they are afraid of losing, or are there other reasons?

Some action should be taken by the provincial authorities to protect the coke supply in this province, and if it is not within the power of the provincial government, then pass it up to the Dominion government. What this part of the province needs is protection against coke shortage.

There is no more chance of Mr. Borden carrying his party to victory at the next election on the platform presented by him than there is of the Liberals carrying Toronto.

The Conservative organs have had a great deal to say about Mr. Green being vindicated in his recent suit against the Vancouver World for libel, in which the jury found for the defendant and put the costs on Mr. Green. And yet someone still holds the stock that was offered to Mr. Green. Where is the stock that was so kindly donated by Sir Adolph Caron who had dealings with Mr. Green as a government official and why has it not been returned? That is the point that is puzzling the people of this province, that is the masses who have the votes.

The fact that a town the size of Cranbrook has been selected as one of the meeting places of Mr. Borden, the Conservative leader of the Dominion house, is a nice compliment to the Liberals of this district.

Since Mr. Borden accepted that annuity he can afford to make his trips over the Dominion.

The Herald has only one basis for asking for the job work of this district, and that is the quality of the work done. It does not ask for patronage for party reasons, it does not ask for patronage for religious reasons, it does not ask for patronage for any reason except that it can give value received. That is why the Herald is prosperous.

If there is not a change in the weather on the prairie very soon the price of wheat will be sailing by the first of the year.

It is quite likely that Sir Wilfrid Laurier will do like Sir John A. Macdonald in reconstructing his cabinet, take his own time and do as he thinks best.

Canada was never so prosperous as at the present day. The people appreciate this fact and will let well enough alone.

Prior to 1896 the people of Canada were emigrating to other countries. Since that time the people of other countries are immigrating to Canada. What is the reason?

Keep on boosting Cranbrook. It is one of the best towns in the Dominion to boost, for the reason that it never fails to make good.

That was a great joke in Manitoba when Premier Roblin appointed Mr. Haggart, K. C., as prosecutor for the crown to go after the beef barons of that province, as Gordon & Ironsides are the leading beef men of Manitoba and Mr. Haggart is solicitor for the firm of Gordon & Ironsides. Politics is a great game and it is played to a farewell both in Manitoba and British Columbia.

There are rumors floating around the district that there have been some discriminations at the government office in the way of extensions on timber limit applications and the giving out of valuable inside information. Surely there can be no grounds for such rumors, as the staff at the government office in this district is one that has made a reputation for being both accommodating and fair. It is easy for a party who fails to secure a certain piece of timber to feel disgruntled and charge this man or that man with a political pull at the coast and in consequence of such pull a powerful influence at the home office. The Herald is loath to believe these rumors, as it has too much confidence in the civil agents of the McBride government to think for a moment that they would be guilty of any act that would be unjust to any individual, no matter if he be Conservative or Liberal, rich or poor, pull or no pull.

Judge Forin, of Nelson, is spoken of as a probable candidate for the Dominion house in this district. Judge Forin is well known and is a man who bears a most excellent reputation.

Nothing is known as to the intentions of William Galliher, and it is quite probable that he will be a candidate to succeed himself in the Dominion house. "Big Bill" is one of the strongest campaigners in Canada and if he concludes to run again he will probably run again.

No one but A. E. Watts has been mentioned up to date as a candidate on the Conservative side for the Dominion house in this district. Mr. Watts seems to be a rustler.

Watch Cranbrook grow.

The visitors to Cranbrook on Labor Day are given a cordial invitation to visit the Herald office and see an up-to-date printing plant.

When in town on Labor Day, if you see Mr. Billings or the Old Man and owe anything on the Herald you can get a receipt from either of those representatives of the Herald.

It now develops that the promoters of the recent Japanese immigration are out of pocket as they put up the money, and as soon as the Japs landed they scattered over the province, and the promoters are now looking for their money. Good.

The Canadian Northern are endeavoring to buy the water front at Port Simpson of the Indians, and it is quite evident that the port will be the Pacific coast terminal of that road.

Mr. Rockefeller is determined to collect the $2.50 witness fee for his testimony in Chicago. Mr. Rockefeller should have it. He needs the money.

The All Red Route appeals to the people of the British empire.

Honest elections is not a party issue. The best element in both parties are heartily in favor of honest elections.

The Montreal Star, the great Conservative organ of Canada, does not take kindly to Mr. Borden's platform. That looks badly for Mr. Borden.

The people of Cranbrook and this district, irrespective of politics, should do all in their power to make the visit of Mr. Borden and his distinguished party a pleasant one in every respect. Mr. Borden is the leader of a great party in this Dominion and is a gentleman of high standing, and the fact that Cranbrook has been selected as one of the points that he will visit, is a compliment to the town and the district.

The Herald cannot please everybody and does not try to accomplish such a feat. But that it is pleasing a very large number is evidenced by the growing subscription list.

The Herald is in receipt of a letter for publication from an individual in Wattsburg, roasting the mayor and city council because they do not do some things that the correspondent wants done. The writer of the letter has not the moral courage to sign his name to the letter for publication, consequently it is not printed. When a man wants to criticise the city council let him come out in the open and not try to hide behind a fictitious name. The city council is doing all in its power for the good of the city, and when one desires to make personal criticisms he should not be afraid to let his name be known.

How do you like the Herald this week?

### WHITE TENTED PLEASURE

(Prince Albert (Sask) Times.)

The Nat Reiss carnival has been providing fun for the residents of this city and district all this week. The attraction is all that could be desired and in the evening when the electric lights are ablaze on the midway and the bands are playing and the pike is thronged with a gay and laughing crowd and the spellbinders are all talking at once the general effect is bright and pleasing. Nat Reiss is an artist in the selection of shows and in his varied repertoire he has good productions. From the big tent, where a minature circus with the clowns and the acrobats and the slack wire artists perform, right down to the baby incubator, the glass blowers and the ring and cane man, the whole place breathes with life, gayety and pleasure. The baby incubators are attracting much attention. This exhibit is in charge of Dr. Lewistein, of Seattle, and a trained nurse. The doctor gives a very interesting address explaining the incubator and how it takes care of the prematurely born babe until it becomes a healthy and strong infant. One of the baby's is seven weeks old. It only weighed 2 pounds 7 ounces when put in the incubator, but now weighs 9 pounds 8 ounces. Dixie Land, the escape from Sing Sing, the glass blowers, the red dome, the Ferris wheel, the merry-go-round and the train wreckers all nightly attract a large crowd. The carnival is one round of pleasure from start to finish. Free shows are put on nightly and the Pike hums with life and light and beauty and people.

(These shows will be in Cranbrook for three days next month: 12th, 13th and 14th.)

### VERY LOW RAILROAD RATES FOR SPOKANE INTERSTATE FAIR

Lower rates than usual will be granted for the Spokane Interstate fair this year, and more different railroads will grant them. All the railroads entering Spokane, including the various branches of the Northern Pacific, Great Northern, S. F. & N., the O. R. & N., Spokane International and the Inland Empire Electric system will also agree to grant a fare of a fare and a third from September 21st to October 2nd, all tickets to be good until the close of the fair. In addition to these low rates, each road will sell tickets for one fare on certain days to be designated later. This means that one can come to the Fair any day for two-thirds of the ordinary expense for railway transportation, and, by choosing the time of coming, it is possible to come for one half this expense.

### ACCIDENT AT LETHBRIDGE

Lethbridge, Aug. 21.—Yesterday three switchmen were riding on the footboards of a yard engine here. The board broke with their weight or from striking some obstruction. Edward Moffat was dragged under the engine, breaking his arm and shoulder and sustaining severe bruises on his head. He died last night. He was unmarried, coming here some years ago from Brighton, Ontario, where the remains will be taken.

# HILL & COMPANY

## Hill & Co. Possibly in their Last Struggle

THE stringency in the money market has affected the financial standing of all people in business. The banks of Canada and the United States are curtailing credits and shortening loans. Hill & Co. are no exception to this rule. They must raise money to meet the demands of their bankers. That means that they

## Must Raise the Cash

And there is only one way to do it. That is to sacrifice profits and get below the cost mark. To accomplish this we will put on the greatest Sale ever known in the Kootenays, commencing

## Saturday, August 31st,

and there will be no let up in cutting prices until the demands of our bankers are satisfied. We have worked hard to build up our business, but the condition of the money market and our bank account make this sacrifice necessary to protect our interests. Watch for our prices in the windows and on our counters. The cash must come, and the way to get the cash at this stage is to give the people such bargains that they will feel that they must buy. If this Sale is not satisfactory during the coming week, the knife will go deeper, as we must raise the cash or lose all. We will not be undersold by anyone and we invite comparison. We have to-day the largest stock of

## Ladies' and Men's Furnishings, Boots and Shoes, and Furniture

In fact, anything that a lady or gentleman can wish for in the line of Wearing Apparel or House Furnishings. We realize now that we have bought too much on credit, forgetting that there is a day of reckoning. But our bankers have reminded us, hence our chase for the almighty dollar.

We quote you a few prices as follows, which will largely govern :—

| | | | |
|---|---|---|---|
| MEN'S SUITS, | reg. $18.00, | will sell for | $9.75 |
| " " " | $12.50, | " | $6.50 |
| " " " | $10.00, | " | $5.50 |
| BOY'S SUITS, | reg. $8.00, | will sell for | $4.25 |
| " " " | $6.00, | " | $3.35 |

The prices of Boots and Shoes will be cut in two. Men's Hats also to be sacrificed. In fact everything in our store will be offered at prices never before quoted in the Kootenay. This Sale must appeal to the economical buyer. Call and be convinced.

ALL PRICES QUOTED ARE STRICTLY FOR CASH

The Masons are talking of giving a ball in the new opera house in a short time.

Miss Prest has returned from an extended visit in eastern Canada and the States.

Dan McIntosh, of Moyie, visited Cranbrook on Monday and Tuesday of this week.

Mr. and Mrs. Edwards, of Moyie, were the guests of Mrs. Bourgoine last Sunday.

N. C. McKinstry is laid up in the hospital with blood poisoning in one of his hands.

Superintendent Coleman, of Nelson, was in the city last Friday on railway business.

Mr. Kennedy is building the new Standard Lumber company's mill just north of town.

A good way to spend the 2nd will be to take in the big event at the new opera house.

Two reliable call boys are wanted by the C. P. R. Applicants should see Mr. Anthony.

Mr. Laidlaw, of the Fink Mercantile company, is taking a vacation at Nelson this week.

WANTED—A school girl after school hours to mind baby. Apply Mrs. E. H. Small. 23

J. P. Fink visited Creston, Nelson and other points west the past week, returning yesterday.

Furnished house, three rooms, for sale, in north part of town. $100 cash. Mrs. Smoke. 22-tf

William Forrest, of Calgary, is in the city as a prominent witness in the coal lands cases.

Coming: big fall stock men's shoes. Summer lines must go. Good street shoe at $1.75.—C. C. S.

Judge Wilson returned last Sunday from Nelson, where he has been for a short time with his family.

There have been more freight trains running over the Crow the past week than for some time past.

R. L. T. Galbraith and Constable Walsh, of Fort Steele, were in town a brief time last Monday.

Miss Eva Small returned home last week after spending four weeks with friends at Port Hill.

Webster Burton has returned from his trip to the east and is back at his duties at the Reid store.

Frank Angers and Amie Campbell expect to leave tomorrow for Findlay Creek on a goat hunting tour.

Mrs. Chas. C. Harris will receive at her residence on Hanson avenue, Thursday afternoon Sept. 5th.

Mr. and Mrs. Oldlands visited Fernie over Sunday and brought back another batch of rainy weather.

City Clerk Roberts has been busy the past week collecting the semi-annual business tax for the city.

Don't fail to attend the sparring match in the new opera house on Sept. 2. It will be worth while.

Otis Staples has gone to Stillwater, Minn., to look after his interests in that part of the country.

The new addition to the hospital is making good headway under the management of Contractor Leask.

A big line of heaters just in, both sheet iron and cast. Suitable for shack or residence.—Patmore Bros.

Mr. Phipps, manager of the Imperial Bank at Revelstoke, was in town this week inspecting the local branch.

Big reduction in men's shoes.—C. C. S.

Buffett tan, Bal. shoes for men, $1.75.—C. C. S.

Dongola kid, Bal. shoes for men, $2.25.—C. C. S.

Kickers, good shoe for such work at $1.75.—C. C. S.

Coming: big fall stock men's shoes. Summer lines must go. Good street shoe at $1.75.—C. C. S.

There have been more rains the past month than ever was seen in this district in the month of August.

Rev. J. C. Cameron, of the Summerland Baptist college, lectured at the Baptist church last Monday evening.

The Telegraphers' annual ball will be held at the Cranbrook opera house on the evening of the 27th of December.

Mrs. J. A. Harvey and children returned the first of the week from the coast where they have spent the summer.

Mrs. J. F. M. Pinkham has returned from the coast where she has been visiting relatives for the past few weeks.

Miss Dudley, of Fernie, spent a few days in the city the first of the week, the guest of Miss Georgie Small.

Mr. and Mrs. F. C. Douglas, Grahame Donahue and William Logan, of Wardner, were Cranbrook visitors yesterday.

Manager Schermerhorn, of the Wood-McNab Lumber company, came down from Fernie to spend Sunday with his family.

Get an oil heater, just the thing for the bath room these chilly evenings. We have the very best.—Patmore Bros.

There are too many dogs running about the city without tags, and some with tags have become a veritable nuisance.

Mr. Johnson, of Moyie, one of the pioneer mining men of the district, has been a visitor in Cranbrook the past few days.

Mr. Drake, of the local branch of the Imperial bank, has been transferred to Victoria and left for his new home last Friday.

G. T. Rogers left last Monday for the coast, where he will join Mrs. Rogers, and expects to be absent about three weeks.

Angus Cameron, customs officer at Cascade, spent several days in town the past week, being interested in the big coal lands case.

There is one family in Cranbrook that is at times in need of the necessaries of life. This should not be in a community like this.

Mr. and Mrs. E. Feagan, Mrs. Doyle, R. Hoggarth and I. Burch, of Marysville, were registered at the Cosmopolitan on Monday.

C. M. Henretta, of Cambridge, Ohio, who is interested in some timber and coal lands in this province, was in town last Monday.

A good time is in store for those who attend the boxing match in the new opera house on Sept. 2. The contest will be for points.

A dance was given Tuesday evening at Wentworth hall in honor of the Misses Dudley, of Fernie, who are visiting Cranbrook friends.

Robert McKay left for his home at Lethbridge last Friday after several weeks visit with his sisters, Mrs. W. J. Atchison and Miss McKay.

Now is the time to think about your furnace. We handle the Sunshine furnace. The greatest success in furnace heating.—Patmore Bros.

M. A. Beale may not leave England until after Christmas, as he has many matters to attend to and can hardly get away before that time.

Major R. G. Edwards Leckie, of Cobalt, was summoned here as a witness in the coal lands case and arrived Tuesday on the delayed train.

The main street of Cranbrook shoul be graded so that the water would be properly drained. It would not cost much and do a power of good.

A. J. Devlin and son, of Spokane, spent several days in Cranbrook this week. Mr. Devlin is interested in the coal claims in dispute in this district.

Buffett tan, Bal. shoes for men, $1.75.—C. C. S.

William VanArsdalen and Harry Mathers, of Fort Steele, were in town last Wednesday, and they saw the trains come in and then left for home.

Mr. and Mrs. J. G. McCallum left on Monday for Halcyon Hot springs. Mrs. McCallum will remain for a brief time for the benefit of her health.

It is worth the while of any citizen to go to the schools and observe the effects of discipline and training as shown by the perfect marching of the children.

Gomer Jones, the good natured bookkeeper of the Crows Nest Pass Lumber company, came up from Wardner this morning to breathe a little metropolitan air.

The local Masons held their annual church service at Christ church last Sunday evening. Rev. Flewelling preached the sermon and there was a very good attendance.

The art of self-defence will be demonstrated at the new opera house on Sept. 2nd, between Jim Burrows and Barney Mullen, two of the best and cleanest boxers in the country.

Dongola kid, Bal. shoes for men, $2.25.—C. C. S.

Traveling secretary of the International Sunday School association, Mr. Muirhead, was in Cranbrook on Monday arranging for a Sunday school convention at Nelson for the Kootenays.

Simon Taylor is enjoying a visit from his aged father and mother of Arnprior, Ont. Mr. Taylor is well along in years but is as active as Simon himself and is thoroughly enjoying the trip.

Mr. Ayres, of Moyie, was in town Tuesday and Wednesday of this week. Mr. Ayres is one of the well known young men of Moyie and has many friends in Cranbrook who are always pleased to see him.

William Carlin, of Fort Steele, was in the city yesterday. Mr. Carlin says that the Kootenay river is within two feet of its highest water mark, something unknown at this time of the year heretofore.

There will be a dance at Wentworth hall on the evening of Labor Day under the auspices of the C. P. R. Quadrille club. The club always makes a great success of these dances and will do so again this year.

Street shoe at $1.75.—C. C. S.

Big reduction in men's shoes.—C. C. S.

Buffett tan, Bal. shoes for men, $1.75.—C. C. S.

Dongola kid, Bal. shoes for men, $2.25.—C. C. S.

Kickers, good shoe for such work at $1.75.—C. C. S.

Coming: big fall stock men's shoes. Summer lines must go. Good street shoe at $1.75.—C. C. S.

Rev. A. McRae, Ph.D., principal of the Western Canada college, of Calgary, was in town over Sunday in the interests of his institution and preached very acceptably in the Presbyterian pulpit on Sunday evening.

An Italian named Angelo Finos, who has been working in the mines at Moyie, died at the St. Eugene hospital last Tuesday of internal poisoning and was buried yesterday, the funeral being held at the Catholic church.

J. B. Langley, of Spokane, and W. J. Langley, of Santa Monica, California, are in town this week attending the big coal land lawsuit. These gentlemen are interested in the contest as part owners of some of the claims involved.

Principal Anderson, of the public schools, took a census of the children in Cranbrook the past two weeks and found that there were 485 under the age of sixteen. That shows that this climate is good for more than raising bananas.

Dongola kid, Bal. shoes for men, $2.25.—C. C. S.

Messrs. Hoggarth, Baker, Edwards, King and Chapman returned last Sunday from their fishing trip to the Old Man river and brought back with them an immense amount of fish. Mr. Chapman landed one char that weighed 13 pounds.

Miss Barbro Wilhelmson and Peter Molander, of Cranbrook, will be united in marriage on the 15th of next month. Mr. Molander is the proprietor of the Queens hotel and a well known citizen in this city. The Herald extends congratulations.

M. McEachern and family returned last Monday from their trip to their old home in Prince Edward Island. Mr. McEachern reports a very pleasant visit and says that the people of that favored island are more prosperous than ever the past year.

John Reid sent in $2 to the Herald this week as a contribution for the family of Thomas Thomas, the man who was drowned at Marysville. This is a most worthy cause and a few dollars would be gladly received for the benefit of this family.

Buffett tan, Bal. shoes for men, $1.75.—C. C. S.

"Barney" Mullen, one of the men who will take part in the boxing contest in the new opera house on the evening of the 2nd of September, is in town. Mr. Mullen is a past master in the art of self-defence and he says he never felt in better condition before.

The Conservatives of Cranbrook held a private meeting last Monday evening for the purpose of listening to a short address by Sir Hibbert Tupper, who is in the city engaged in the coal lands law suit. The meeting was a very successful one and was well attended.

Rev. Flewelling visited Creston this week and brought back with him a peach, and it was simply a sample of what the Creston climate and Creston soil will produce. It was a dandy and makes a man who sees it regret that he is not raising fruit in that part of the country.

J. C. Drewery and his fish basket arrived in the city this morning from the ranch near Cowley. Mr. Drewery is of the opinion that there are a few trout left in Moyie lake and he intends to seduce them from their watery depths and add them to his trophies for the year.

W. H. Wilson is having the building formerly occupied by the Canadian Bank of Commerce rebuilt for his jewelry store. The front is being removed and will be replaced with a plate glass front, making the store when finished one of the finest of its kind in the Kootenays.

Mr. and Mrs. George Johnson returned last Tuesday from an extended visit to the east. Mr. Johnson reports a very pleasant time but says that he is glad to get back to Cranbrook. Albert Johnson, of Montreal, a brother of George, returned with them for a short visit in Cranbrook.

Last Saturday was the 25th anniversary of the wedding of Mr. and Mrs. W. F. Tate. Fred Tate, of North Bay, has been here for a few weeks, and C. Ross Tate, of Lethbridge, came up last week to be present on the occasion of the anniversary. Thus the whole family had an opportunity to be together, a fact that was thoroughly enjoyed by all.

"Jim" Burrows and "Barney" Mullen will be the principals in a sparring contest to be held in the opera house on the evening of Labor Day. Both these gentlemen sparred in Fernie on Aug. 5th, and both are so well scienced in the art of self-defence that it was decided to bring them to Cranbrook and give the people of this town a treat along this line of sport.

# News of the District

**Written by Bright Correspondents and Gleaned from Newspapers**

## ELKO AND TOBACCO PLAINS

(From our own correspondent)

"He makes no friend who never made a foe."—Tennyson.

A game of baseball now and then
Is relished by all gentlemen,
The ladies too all sorts and clans
Develope into howling fans.

Undoubtedly the sensation of last week in Elko was the full dress ball in honor of the baseball team. Great credit is due to Mrs. Glen Campbell, who came down from Fernie, and with the assistance of Manager McEwen, made the affair such a brilliant success. The dance hall was gaily decorated in the colors of the club, and Japanese lanterns hung both inside and out. Cosy nooks were arranged in the corners and were very much appreciated by the matrons and chaperons. The Elko stringed orchestra supplied the music, Prof. Barney Wilson playing first base. The young ladies of the town donated the refreshments and to say they were delicious is putting it mildly. There was everything from doughnuts to angel food and when the tables were spread for luncheon the lavish display would in comparison make a palace dining car look like a lunch counter. Captain and Mrs. Roy Robey received the guests, assisted by Mrs. Glen Campbell and Manager McEwen. There was about eighty-five couples present outside the rubbernecks and talcum powdered wall flowers. There were people from Moyie, Cranbrook, Jaffray, Baynes Lake, Waldo, Elkmouth, Roosville, Crows Nest, Pincher Creek and Macleod. The members of the Fernie Athletic association were conspicuous by their absence.

The Misses Mable, Mary and Ettie McKee, left for the south on the Great Northern Flyer on a short visit to Elkmouth, returning home Saturday evening with their father.

Good morning—Say, wasn't that a fine dance last night.

Andrew Carnegie still expresses a desire to die poor. Why the devil don't he try buying eggs.

The Fernie gentlemen who are advertising for nice, clean, hogs, should be able to get them right in town, scrubbed and massaged, bathed in Florida water and annointed with tachum powder.

Oh, say, girls! but didn't the boys give us a good time last night.

It is reported that one of the Fernie baseball team quit them and is now making an honest living.

Fred Roo, who was spending a few days with his family at Roosville this week said there was a lady down there who raised a cucumber that big that she is using it for a rolling pin, and he further stated without batting an eyelid that he actually saw a man down there digging up angle worm holes and was shipping them to F. E. Simpson for the Moyie Lake drain pipe line.

No, Mrs. Z——, I never enjoyed myself so much as I did last night. I just sat in one of those cosy corners Mrs. Campbell had fixed up and the whole crowd seemed so sociable I just felt young again myself. It was just delightful to be amongst such sociability.

Miss Alice Phillipps, of Fruitlands, drove a jolly crowd of young ladies to the canyon on Saturday from Elko.

The mail carrier in Elko sure worked hard this last week packing catalogues from the cent belt. Where the bargain book comes from in the sweat shops, where the girls have to join the squirrel clubs to dress themselves, etc. Draw an easy chair to the table where the light will shine full on the page, and put your glasses on that no bargains may escape your eye. Don't worry about the home merchant you forgot to pay last month. What a wonderful book it is to be sure—wonderful for what it does. We miss a good many things we would be glad to see. What page do they offer to take your spuds, cabbage, butter, eggs, hay, oats, etc. What will they pay for your cattle, cayuses, hogs, chicks, F. O. B. your local station? How much taxes do they pay to support your schools and educate your children, for improving your roads and bridges, for which you are always crying out for repairs? On what page is their offer to contribute money to the support of your churches? What line of credit will they extend to you when you're out of work or your crops are a failure and your money gone? When through illness or misfortune you are not able to send cash with your order? What will they do for your picnics, your children's entertainment? What return do you get for all the money you send out of your community. None! None!! NONE!!!

We have just received a letter from the Mott-Boulton pineries, of Elkmouth, asking us whether rhubarb is fruit or medicine.

M. McInnes, of Midnapore, was in Elko this week renewing old acquaintances, and he's sure got lots of them.

O. M. Collins, of Eureka, was in town this week.

Joe Bourgoine was down from Cranbrook this week.

Armistead, the gold leaf sign writer, who is painting Elk heads on some of the business places, went up to Cranbrook last week and forgot what he went for and came back without it.

Dan McKay, of Leduc, was in Elko looking for fruit lands this week.

George Adams was in town several days last week selling corked boots and carpet slippers to the lumberjack stores.

Jim Smiley, of Waldo, was here this week.

Mrs. Two Bucks says its wrong to play poker. So it is, the way her husband plays it.

Mike Quinlan, head bookkeeper for the Pugh & Livingston company, of Rock Creek, left for Okotoks, Alta., for a short visit last week.

A Vancouver paper says bridge whist is now played by stout old ladies only. If this doesn't kill the game it can't be killed.

Mrs. Cook and daughter, of Chaplin, Sask., is visiting her aunt, Mrs. John Irvine, Riverside park, Elk river, for her health.

Roadmaster Whitney, of the G. N., was in Elko this week, looking over some changes to be made here.

And now the horrible news comes to Elko from Tobacco Plains that a young boy climbed a corn stalk to see how the corn was getting along and now the stalk is growing up faster than the boy can climb down. The boy is plumb out of sight. Three expert lumberjacks undertook to cut down the stalk with axes to save the boy from starvation, but it grows so fast that they can't hack twice in the same place. The boy is living on nothing but raw corn and he has already thrown down two bushels of cobs.

The Hoffman house donated two gallons of delicious ice cream to the baseball dance.

The Pugh & Livingston Lumber company are shipping some fine lumber from Elko these days and they have stacks of it out at the mill and big pines still growing.

The business men of Elko are trying to arrange with the Great Northern railway for handling freight between Elko and Fernie. It is badly needed. The C. P. R. is as slow handling freight as the Fernie Athletic association is paying prize money.

The Magic Baking Powder man was in Elko Saturday tacking up signs: "What is Home Without a Mother and Baking Soda," "God Bless Our Home and the Baking Powder We Sell," etc., etc.,

## WARDNER

(From our own correspondent)

Mr. Broley, of Fernie, called on Wardner friends on Thursday last.

No employes have "sounder" reasons for going on strike than the telegraph operators.

Mr. Parker returned from a business trip to Winnipeg on Saturday morning last.

An experienced married man says: "If there is one time more than another when a woman should be left alone, it is when a line of newly washed clothes comes down in the mud."

Mr. McIntosh, representing the Gillette Baking Powder company, of Toronto, called on friends in town on Monday last.

Never forget that you are a part of a town, and that your own department helps to make up the strangers estimate of the place. Sell all you can and buy all you can at home. Every dollar that is sent or carried away from home makes the town that much poorer. If you have the means invest in something that will give somebody employment. Do not kick at a proposed improvement simply because it is not at your door.

Miss Della Dow spent a couple of days in town last week visiting her aunt, Mrs. Otto Wisner.

A newspaper is in no sense a child of charity. It earns twice over every dollar it receives, and it is second to no enterprise in contributing to the upbuilding of a community. Its patrons reap far more benefits from its pages than its publishers, and in calling for the support of the community in which it is published, it asks for no more than what it all fairness it is entitled to, though generally it receives less. Patronize and help your paper as you would any other enterprise, because it helps you, and not as an act of charity.

Mrs. Geo. Wales, of Claresholm, Alberta, is spending a few days with friends in town.

Wardner will be well represented in Cranbrook on Labor Day.

The "big head" is a popular way of expressing a common and very frequent ailment. It arises from various sources, but the real foundation is a lack of common sense. A little money develops it in some people; a few good clothes gives it to others; a little office where a chance is given to exercise a little authority is often the cause of it; while others get it having a little better job than their associates. The truth is no sensible person gets the "big head." The ones who become stuck up and stiff-necked from sources of any kind, are weak in their intellectual caliber.

The fellow who stops his paper because he becomes offended at some item that does not suit his fancy, always imagines he is getting even with the publisher, but he is never missed. This only happens occasionally, for there are only a few people in any community who imagines a paper should contain nothing but what they approve of.

Mrs. Larson was in Cranbrook on Thursday last on business.

Ho, for Cranbrook on Labor Day.

Mrs. Gibson, of Pincher Creek, renewed old acquaintances in town this week.

Mrs. Otto Wisner visited her sister Mrs. Cory Dow, of Cranbrook, on Thursday last.

Mr. Dixon, representing the Dominion Produce company, of Calgary, called on friends in town on Thursday.

Miss F. B. Johnson, teacher of the Wardner public school, returned from her home in Grand Forks on Sunday last, to resume her duties.

Mrs. T. Gaffney and little daughter Beulah spent last Thursday in Cranbrook.

Mr. S. Mulhern, of Jaffray, spent Sunday with friends in town.

Miss Katie Woods, of Cranbrook, spent a few days this week visiting her friend, Miss Verle Martin.

Young man, you are the architect of your own fortune. Rely on your own strength of body and soul. Take for your star self-reliance. Don't take too much advice—keep at your helm and steer your own ship, and remember that the great art of commanding is to take a fair share of the work. Think well of yourself. Strike out. Assume your own position. Put potatoes in a cart over a rough road and the small ones go to the bottom. Rise above the envious and jealous. Fire above the mark you intend to hit. Energy, invincible determination, with a right motive, are the levers that move the world. Be in earnest. Be self-reliant. Be generous. Be civil. Read the papers. Advertise your business. Make money and do good with it.

Master Herman Renstrom returned home one day last week after recovering from a severe illness in the Cranbrook hospital.

Master Jack Owens met with quite a painful accident on Friday last. The little lad went over to the planing mill and jumped on the hand car. It immediately carried him at quite a rapid speed down the grade, running against a huge pile of timbers and badly crushing both limbs. Fortunately no bones were broken.

Mrs. John Holfstadt, of this place, died at the home of her parents, Mr. and Mrs. Augustine Olson, of Jaffray, on Wednesday last. Deceased had been suffering for some time with lung trouble. She leaves to mourn her loss, a loving husband and two small children. The remains were brought to Wardner on Friday morning and interred in the Wardner cemetery. The bereaved relatives have the sympathy of the whole community in their sad affliction.

A very successful dance was given on Friday evening last in the mill hall, under the auspices of the Ladies Aid society. A large crowd was present and all report a very pleasant evening.

**Time Table**

C. P. R.—Kootenay Central Division Trains leaving Wardner at 7 and 11 a.m., and 5 p.m. for Golden and all intermediate stations, due to arrive at 6 and 10 a.m. and 4 p.m.

What might have resulted very seriously happened on Saturday evening last. Mr. P. Lund, accompanied by his sister, Mrs. Jewitt, Miss Couzens and Mrs. George Wales, drove to the depot to meet the eastbound express. While waiting, Mrs. Jewitt, who had been sitting in the front seat of the carriage decided to get into another became frightened and gave a leap, throwing Mrs. Jewitt across the seat and while so doing the horses dashboard, injuring her spine. She was carried in an unconscious condition to the caboose of a freight train, which was standing in the yard and accompanied by Mr. Lund and Miss Couzens was taken to the Cranbrook hospital.

The business of the C. P. R.—Kootenay Central division is so heavy that the company have decided to go ahead with double tracking the entire line. "Watch Wardner grow."

Mrs. Donahoe and daughter Irene arrived home from Winnipeg on Monday morning last.

## FERNIE

(From the Fernie Free Press.)

The matter of lighting the streets by electricity will be taken up at a special meeting of the city council on Monday evening. It is proposed to put four arc lights on the main streets of the town and a 32 c. p. light on each street corner of the remainder of the town. It is estimated that the street lighting will cost the city $800 a year.

C. E. Eveleth, general inspector of the purchasing department of the Great Northern railway, is in town this week buying ties for the Crows Nest Southern extension to Michel.

This morning's westbound express when it pulled out of the depot had on board a Chinese woman ticketed for Kamloops, B. C. As Harry Oldland was walking down the track near the brewery shortly after the departure of the train he saw a human form struggling between the rails. At first he thought it might be a man in a fit and ran up to offer assistance. A nearer view showed the before mentioned Chinese woman in a deplorable condition. One arm was crushed to a pulp, the other was broken and her head was covered with blood from several wounds. Mr. Oldland shouted for help and ran around the curve of the track to see if another train was coming. Then with the assistance of some men from the brewery the unfortunate was placed in the Dominion Meat company's wagon, which happened to be passing, and taken to the Fernie hospital, where her arm was amputated and the other injuries dressed. This woman is said to be the widow of the Chinaman who died last spring of a loathsome disease. She has since been living with another Chinaman who ruled her with a butcher knife. It is not known how she got off the train. Rumor says that she did not want to leave the city and that after getting started on the journey she tried to leap from the train without realizing its speed. Another surmise credits her with suicidal intent.

Saturday last was a busy one in Fernie. The miners have nearly all recovered from the strike, are spending their money freely and business generally has been good. Going down town pay night was like going down the streets of a large city, everything was humming. Three different shows were giving performances at the same time.

At one of the Elk Lumber company's camps about five miles up the river they had the misfortune to lose a fine team of horses on Wednesday. A teamster with more nerve than brains started to drive through the fierce current with a boom and the moment the boom got out in the stream it dragged the horses off their feet and down the river, drowning them both. The team was valued at about $700, being one of the best in the camp.

The hose reel team are again in training with the object of competing in the Labor Day sports at Cranbrook.

L. O. Kummer, a brother of E. A. and Wm. Kummer, arrived from the east on Monday to take up his residence in Fernie.

A. B. Trites has purchased the handsome residence belonging to H. R. Huntingdon.

F. H. Sherman, president of the district union, is talking about resigning. It is said that he will live on his homestead in Alberta.

A party consisting of Rev. A. Dunn, P. McTavish, D. McTavish, G. Marshall, Miss L. Marshall and two young ladies from Calgary climbed Crows Nest mountain on Tuesday of this week.

Construction work on the Crows Nest Southern is beginning to hum. All along the line camps are being opened up and men rushed forward with the work. The fall season will no doubt be one of the best that Fernie has ever had.

Messrs. Geo. and Wm. Barton, who left Fernie about five years ago for their former home in England returned to town on Wednesday morning. The Barton boys say that wages are low in the Old Country and that the steady miners can do far better in Canada.

Customs Officer W. S. Keay, U. S. Consular Agent, J. R. Pollock, G. N. Agent H. L. Blackstone and G. N. Contractor Follette went down to Gateway on Sunday on business in connection with the entrance of several carloads of horses into Canada. The beasts are to be used on the C. N. S. construction.

Chas. Richards has resigned his position with the Trites-Wood Co., staff and will leave with his family for Vancouver early next month, where he has secured a position with Wilson Bros., the big Vancouver wholesalers. Mr. Richards has been a prominent citizen of Fernie for the past eight years and his departure will be sincerely regretted.

What has happened to the Board of Trade? Visitors become inquisitive at times and we have many curious questions to answer. This one we had to pass up.

Mr. and Mrs. D. V. Mott entertained a number of their intimate friends at their home last evening.

H. Oldland has a contract for building 240 coke ovens at Hosmer. Work will be commenced as soon as material can be got on the ground.

Miss Nellie Handley, returned to her home in Cranbrook this morning after spending a two weeks vacation as the guest of the Misses Dudley.

J. F. Armstrong, deputy commissioner of lands and works, of Cranbrook, was in Michel yesterday selecting the government lots in the new townsite.

A case of cruelty to animals came up before S. M. Whimster this week. The offender who had been working a horse with sore shoulders, was fined $5.00 and costs.

## MOYIE

(From the Moyie Leader.)

The last pile has been driven on the tramway out into Moyie lake where the shaft on the Cambrian mine is to be sunk. This has been planked over and everything is in readiness for sinking the casing to bedrock. This casing will be framed from the best of fir timbers to the bottom of which will be attached a very heavy steel shoe. This casing will be made water tight by means of a coating of clay which will be boarded over. After this casing is sunk the water will be pumped out and work will be begun on the sinking of the shaft proper. A building 24x38 is in course of erection near the water's edge, and will be used as a blacksmith shop and carpenter shop. On August 16th by an order-in-council the name of the company was legally changed from the Black-MacKay Mining company to the Cambrian Mining company, Limited.

Excavating for the foundation of Moyie's new fire hall was commenced this week, and the building will be under way in a very short time. The members of the building committee are in need of money, and it is very important that all who have subscribed come forward and pay their respective amounts. The money can be paid to any of the members of the building committee, which is composed of: C. C. Farrell, C. A. Foote, E. O. Kamm and R. Campbell.

A large addition is being built on the north side of the St. Eugene mill, which will be fitted up with a conveyor for sorting purposes and storage bins for ore. The building will be on a concrete foundation. A long trestle is to be built out over the railway track to the lake, over which waste will be carried out and dumped.

Geo. Schaitt, a recent arrival from Rossland, while workin in the No. 1 tunnel at the St. Eugene last night came in contact with a live wire and received a shock which rendered him unconscious for some time. It was necessary to carry him home to his room in the Central hotel.

A. P. Macdonald was in Cranbrook three or four days during the past week taking treatment for blood poisoning in his left arm. He returned with Mrs. Macdonald yesterday.

Hugh Cameron, it is said, is building up a splendid real estate business in Spokane. He is now one of the heaviest advertisers in that line of business in that city. Hugh is well aware of the value of printers' ink.

Paul Jensen came up from Cranbrook last Saturday and spent a day with his Moyie friends. He expects to be able to leave the hospital in a week or ten days.

Messrs. Armstrong & Riley, of the International hotel are building an addition to their place, thus adding 20x30 feet to the rear over the kitchen. The new addition will be fitted up for bedrooms.

Last Wednesday a deal of more than ordinary importance was consumated when D. J. Elmer disposed of his property on Victoria street to Philip Conrad. The property adjoins the Kootenay hotel on the north, and comprises, besides the lot, the building occupied by C. A. Foote as a tailor shop and A. B. Stewart as a cigar store, and the residence occupied by D. A. Ayres. It is one of the best business locations in town, and probably pays a better revenue for the money invested than any other place. Mr. Conrad is making several improvements on his newly acquired property.

## FRANK

(From The Frank Paper.)

It seems evident that it will be only a matter of a short time before the Soo-Spokane train will stop regularly at Frank. The C. P. R. has this week started building a new water tank of large size and 100,000 feet of material for a coal chute for coaling engines, is on the ground. The latter, it is said, is to be for the especial use of the Flyer, which no doubt means that all trains will likely coal and water here and passengers will be able to get on and off the train whether a stop at the station is made or not and that, it is assumed, is most likely to follow.

In the report of the provincial coal commission error has crept into reporting the rates of wages paid by the different coal mining companies. By it Frank is made to appear as paying the lowest wages of any of the companies while directly the opposite is the case. The report shows that the average wages paid to miners by the Canadian-American company is between $3 and $4 a day. An examination of the books of the company shows that last year the highest average of pay of contract miners was $7.90, the low average, $5.19, which gives a general average of $6.55 for contract miners. The average wage paid men working by the day was between $3 and $4, which no doubt accounts for the error. The only importance attaching to the matter lies in the fact that miners seeing the report might be kept away from Frank, thinking it a poor paying camp, who might otherwise come if the truth appeared.

Superintendent Charles Emmerson, of the Bellevue mine, had a serious runaway accident on the slide road one day last week while driving to Frank with two little girls who had been visiting at his home. Mr. Emmerson was thrown out on the rocks and sustained a painful injuries, while the children, more fortunate, were able to cling to the rig until they got down off the rocks, where they were thrown into a sand pit and were unhurt. It was only by the narrowest margin that the consequences were not much more serious.

Contractors Frayer & Sinclair have been awarded the contract for building the buildings for the Maple Leaf Coal company at Bellevue. The contract includes a boarding house, a bunk house, an office with rooms for the manager, a cottage for Superintendent Chestnut and a blacksmith shop. Later a tipple will be built. Work on the buildings is to start at once.

C. M. Henretta, who filled the position of manager of the Canadian-American company during the early part of 1902 and who was subsequently manager of the C. P. R. mines at Bankhead, paid a flying visit to Frank friends last week. Mr. Henretta is interested in a large timber limit at Crows Nest and came up from Ohio, where he is now engaged in coal mining, in connection with a sale of the property which is pending.

W. R. Beatty, Funeral Director
Cranbrook B. C. Phone No. 89

## The Truth About Scotch Whisky

THE safest and most refreshing of all beverages is Whisky and Soda. Where wines and other stimulants are forbidden, Whisky, diluted with some suitable mineral or aerated water, and prescribed by a physician at the proper time, has always a highly beneficial effect.

Scotch Whisky has long been acknowledged the best. It has almost entirely superseded French Brandy over the greater part of the world. This is owing to the skill and care which have, of recent years, been devoted to blending. Malt Whisky, by itself, unless very old, is heavy and unpalatable, and is extremely hurtful to the digestive organs when taken freely.

Scotch Grain Whisky, however, being made from the finest grains and malted barley, and distilled practically pure by modern appliances, is frequently preferred. No stronger evidence of its purity can be given than this, that one of the most eminent Professors of Chemistry in England has used Cambus Grain Whisky for nearly thirty years.

The blending of Malt and Grain Whiskies has within recent years been reduced to a science, the result being a combination which avoids the heaviness of the "All Malt" Whisky and imparts a distinct delicacy to the Blend. Of course both kinds must have age. Nothing is harsher than Malt Whisky unmatured.

"The London Wine and Spirit Trade Record," of 8th May, 1905, in discussing the recent controversy regarding "all malt" Whisky, says:—

"It is much to be regretted that the agitation some time ago regarding 'all malt' was conducted on the extreme lines it was, as the change from blends of grain and malt to 'all malt' was much too extreme, and it is admitted that 'all malt' is not desirable, and the English stomachs which it suits are few and far between."

We are Proprietors of **ten** Scotch Distilleries, famous for their makes of Grain and Malt Whiskies, and we hold enormous stocks of both kinds of spirits.

### "KING GEORGE IV."

is a pure blended Scotch Whisky, guaranteed for **age, quality and flavor**. It never varies. It has obtained Gold Medals (Highest Awards) wherever exhibited in competition with other blends. For **General Table Use** it stands without a rival.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.
Entry must be made personally at the local land office for the district in which the land is situate.
The homesteader is required to perform the conditions connected therewith under one of the following plans:
(1) At least six months' residence upon and cultivation of the land in each year for three years.
(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.
(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.
Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the grown output.
W. W. CORY,
Deputy of the Minister of the Interior

The "Your Money Back If You Are Not Satisfied" Store

THE FINK MERCANTILE CO. LTD

Children's Reliable Clothing and Footwear at Actual Cost

Children's Reliable Clothing and Footwear at Actual Cost

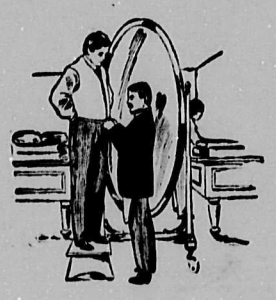
# It's Such a Satisfaction to Buy Our Clothing

OUR Clothing sets the fashion for men who want to be well dressed. When you wear our Clothing you know there's not a man in town who has anything more stylish or in better taste.

It is made in such range of sizes that you can get an absolutely perfect fit, whether you are tall or short, stout or slender, smaller or larger than the average.

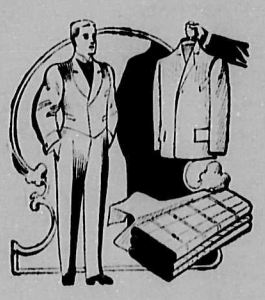
Our Clothing holds its shape. It is tailored by experts, the finest cloths and linings are used, and every suit is sold with our personal guarantee of "money's worth or money back." Our Clothing is mighty satisfactory Clothing to buy, and equally satisfactory to wear.

# We'll Make Your Clothes as You Want Them Made



We are Custom Tailors, not arbiters of fashion.

We appreciate the fact that you know what you want.



We are here to please you.

We have the newest styles from New York.

We may be able to suggest some novel effect or some pleasing pattern that perhaps you had not thought of.

We'll gladly help you, if you ask us.

## LOCAL NOTES

### PICKED UP ABOUT THE CITY BY ASKING QUESTIONS OF MANY PEOPLE.

Street shoe at $1.75.—C. C. S.

Dongola kid, Bal. shoes for men, $2.25.—C. C. S.

Robert Dempsey, of Wardner, is in the city today.

Mr. Hughes will conduct service at Wattsburg tonight (Thursday) at 7.30.

Mr. McDonell, brother of Despatcher J. J. McDonell, car checker at Kingsgate, is confined in the St. Eugene hospital with typhoid fever.

J. E. Smart, secretary of the Victoria Fair association, was in the city this week. Mr. Smart is one of the principals in the oil land cases.

If you want to read something that will put dollars in your pocket, don't fail to read Hill & Co's ad. That man Hill is desperate, and that means money for you.

Mr. and Mrs. C. A. Gaskill, of Kimberley, came down this afternoon, and will go tomorrow to Spokane, where they will place their daughter in school for the coming year.

The gymnasium committee are meeting shortly, and arrangements will soon be under way for the winter's programme. The date of opening will be announced before long.

The Tuesday lawn parties at the Methodist parsonage were concluded last Tuesday by an informal concert on the verandah. Quite a large number of the young people were present.

The subject next Sunday night for discourse in the Methodist church will be: "The Ministry of Music." A reception of members will take place during the evening service, to be followed by the sacrament of the Lord's Supper. A special service for the children will be held in the morning at 11 o'clock.

Mr. and Mrs. M. B. King and children and maid left last Tuesday for Chipman, New Brunswick, for a month's visit at the old home. Mr. King has been a hard worker for the past nine years and has never been able to get back home for a real vacation, but this time he has gone for that purpose and the Herald wishes him and his family a most pleasant visit.

Street shoe at $1.75.—C. C. S.

Morley T. McLaughlin, the popular bookkeeper of the Crows Nest Lumber company at Marysville, was made happy Tuesday evening, when Miss Agnes M. Bishop, of Amherst, Nova Scotia, became his wife. The quiet ceremony was performed at the Presbyterian manse and the happy couple left on Wednesday for Marysville, where they will reside. The Herald extends congratulations to the newly married couple.

Street shoe at $1.75.—C. C. S.

The local Conservatives held a meeting last week to make the preliminary arrangements for the holding of the meeting on October 1, on which occasion Mr. Borden, leader of the opposition in the Dominion parliament and other Conservatives of note will speak. Special trains will be run from various parts of the district and the committee in charge of the arrangements expect to have a large attendance. The meeting will be held in the opera house.

Dongola kid, Bal. shoes for men, $2.25.—C. C. S.

Walter Forbish, business manager for the McPhee's attractions is in town arranging for Downie's Uncle Tom's cabin, which will give one night performance here under canvas on Monday, Sept. 9th. Mr. Forbish reports excellent business all over the North West Territories, and claims the press and public are a unit in pronouncing this as being the best production ever given of this historic and time-honored drama.

William Harrington, who had been in charge of the Calgary Cattle company's business in this city for a long time, left last Friday for Vancouver, where he takes an important position with the P. Burns company. There were a large number of Mr. Harrington's friends at the station to say farewell, and before he left a handsome gold chair and charm was presented to him by the baseball boys of the city. The gift was so unexpected that Mr. Harrington was unable to say a word for a moment, but he finally rallied enough to express his appreciation of the gift and the kindness of his many friends in this city.

### A GREAT POTATO COUNTRY.

W. B. Bardgett, who has a few acres on the flat just above town, brought into this office one day this week thirteen magnificent looking potatoes of the Early Rose variety, all of which came from one hill, and the bunch weighed just 9 pounds. This is further evidence of the fact that has been preached for years by the Herald that the soil around this town is a veritable gold mine if it is properly cultivated.

## BASEBALL

There have been some very good games the past week and the Clerks are now at the top with the town a close second. Owing to Labor Day occurring next Monday all games have been called off until after that date when the schedule will be finished as rapidly as possible, as the time is limited in the evenings for seven innings, and some of the time only five or six innings can be played.

## R. L. BORDEN'S TOUR

### THE CONSERVATIVE LEADER WILL VISIT CRANBROOK

R. L. Borden, leader of the Conservative party in the Dominion, and of the Conservative opposition in the Dominion parliament, will reach Victoria Sept. 25, and on the evening of that day will address a meeting probably in the Victoria opera house. Owing to the fact that the Conservative leader's visit to this province will only last a week, he will address but seven meetings. His stay in British Columbia lasts from September 24 to October 1, and in that time he will address meetings in the following places on the dates mentioned:

Sept. 24, Vancouver.
Sept. 25, Victoria.
Sept. 26, New Westminster.
Sept. 27, Kamloops.
Sept. 28, Nelson.
Sept. 30, Grand Forks.
Oct. 1, Cranbrook.

The arrangements for the meetings in the above centres will be in charge of the local Conservative associations, which have been notified of the dates on which Mr. Borden will be in their respective cities.

Mr. Borden will be accompanied by a number of eastern Canadian members of parliament. While as yet it has not been announced who these gentlemen will be, it is thought likely that F. D. Monk, M. P. for Jacques Cartier; H. B. Ames, M. P. for St. Antoine, Montreal, and W. F. Cockshutt, M. P. for Brantford, will be members of the party.

### A GREAT INVENTION

A rotary engine that is perfect in its construction has been the dream of inventors for the last half century. There have been rotary engines invented, but none have reached the satisfactory stage. John and Tom Leask, men who have produced many valuable and ingenious ideas, have been working on the rotary for the past fifteen years, and recently they struck the idea that they have been laboring for so long, and have applied for patents all over the world. Men experienced in this line of mechanics say that the idea will revolutionize the motive power of the world. Several thousand dollars have been raised here in town to secure the patents and make a working model, and this work is being carried on as rapidly as possible. If it is a success, and there seems to be no doubt of this, there will be immense fortunes for many people in the invention.
