May Arrange Team of Young Judges

To Prepare For Junior Stock Judging at New Westminster Fair

For the last few years stock judging competitions for boys and girls have been held at the New Westminster Exhibition, and representatives from several districts have taken part in these competitions, but so far the Cranbrook district has not been represented, due to the fact that this line of work has not been promoted in this district. During the next few months an effort will be made to prepare a team of three from this district to attend the New Westminster exhibition this year. The following are the rules and regulations of the 1922 competitions and it is expected that the 1923 rules and regulations will be very similar:—

INDIVIDUAL STOCK JUDGING COMPETITION

Regulations

1.—All general rules which are applicable will apply to this department.

2. — Judging will include Heavy Horses, Beef Cattle, Dairy Cattle, Sheep and Swine.

3.—All competitors must judge three of the above named classes of live stock.

4.—No enfry fee will be charged and entries will be received by the secretary at any time previous to the hour set for the competition.

5.—Twenty minutes will be allowed for the placing and writing of reasons for each class of stock; Judging cards will be supplied at the ringside.

6.—In making the awards the judges will allow 50 points for the placing of the animals and 50 points for proper reasons (written).

3.—For any prson who has taken one year or over in the study of animal husbandry at any university or agricultural college. $12. $10. $8. $6. $4.

TEAM CONTESTS IN STOCK

Regulations

1.—Any recognized district in the province is eligible to enter a team in this competition, such team to be under the supervision of a local breeder, farmer or representative of any branch of the government service and to have received some instruction in live stock judging in preparation for this contest.

2.—Each competing team shall consist of three—boys or girls—18 years of age or under, but no boy or girl who competed in a previous team judging competition at this fair will be eligible to enter.

3.—Judging will include three classes of live stock, viz. Heavy Horses, Beef Cattle and Dairy Cattle. An effort will be made to have the classes made up of animals that are mature or as nearly so as are available.

4.—In making the awards the judges will allow a maximum of 50 points for placing and 50 points for reasons (written). Judging cards will be supplied at the ring side.

5.—The maximum time allowed in judging each of the three classes of live stock will be as follows:—

(1) Placing of animals—15 minutes.

(2) Writing of reasons—15 minutes.

6.—No entry fee will be charged but entries for the competition must be made by the coach on behalf of the team on or before the 2nd of September.

7.—Each class of live stock will be judged and the reason cards rated by a committee of three qualified judges who will be appointed by the executiv of the association.

8.—Prizes will be awarded on total points made by the members of each team judging in the three classes.

FIRST PRIZE—A major trophy donated by the B. C. Stock Breeders Association and a gold medal by the R. A. and I. Society to each member of the team.

SECOND PRIZE—A silver medal to each member of the team.

THIRD PRIZE—A bronze medal to each member of the team.

9.—Individual members of the teams are eligible to compete in the individual stock judging competition held at 10 a.m. of the same day at which ring side entries will be accepted.

10.—Return railway or steamboat fares will be provided by the association for the members of the competing teams and their respective coaches together with free admission to the grounds.

11.—The prizes will be officially presented at a complimentary banquet to be tendered to the members of the competing teams and their coaches the evening following the judging.

Those interested in this work are hereby advised to send in their names at an early date, as this work must be started in the near future.

SECRETARY OF CO-OPERATIVE UNION SPEAKS IN CITY

Mr. George Keen Gives Able Address in Connection With New Movement Here

On Tuesday evening a public meeting was held in the Maple Hall under the auspices of the newly formed Co-Operative Society, at which Mr. George Keen, general secretary of the Co-Operative Union of Canada, and editor of the "Canadian Co-Operator," gave an address on the principal objects and workings of the co-operative, one of which it is proposed to start in Cranbrook. The Co-Operative Union is the national federation of such institutions, and Mr. Keen is from Brantford, Ont.

A fair crowd greeted the speaker, who from long experience is obviously well versed in the subject he is dealing with. Mr. Keen dealt with the matter in a plain, dispassionate manner which added much weight to his arguments. The various forms of co-operative societies were described, and the reasons for their success or failure explained.

Previous to the address, the chairman, Mr. J. H. Cameron, gave a brief outline of the progress of the movement to date, stating that they had been successful in obtaining the names of one hundred subscribers, and that sufficient cappital had already been subscribed to start successfully. A board of directors of twelve had been elected and they had advertised for a manager. It was also stated that a host of applications for the position had been received.

Mr. Keen said that the movement was steadily growing. The success of it depended on the self-help and mutual co-operation of the members. Many societies failed because they were imitations of organizations started in the Old Country and the people behind them had no knowledge of the philosophy and principles of the movement the methods of which they were trying to adopt.

There were three types of co-operators, as the individual members were called, he said. The first consisted of people who wanted a store started out of a real or supposed grievance against the local merchants. They started a society as a counter organization. This motive though sometimes legitimate, was parochial and selfish. Such organizations, animated by that motive only, were most likely to fail, their vision being only a narrow one. The second type was initiated by men who, studying it from the political and economic aspect, saw in it a logical and practical means of introducing a new social order having for its object the building up of a co-operative commonwealth by voluntary action. This class of co-operator was willing to make personal sacrifices to insure better social and economic conditions for others. The third type might be described as the philosophical co-operator, who felt that for centuries the competitive instinct had been unduly cultivated and that much of the poverty, misery and international misunderstandings and wars had arisen therefrom. He felt that co-operative habits of mind should be steadily fostered to replace the competitive. To him co-operation was a rule of life. If his philosophy were generally entertained and practiced, he was convinced that excesses of poverty and wealth would disappear, and by mutual self-help a happy world would be developed. The philosophical co-operator would apply his co-operative habits of mind to every phase of life, social, economic or otherwise, where concerted action was necessary. The speaker claimed that societies consisting of members largely animated by the two last-named principles almost inevitably succeeded.

The present movement, said the speaker, was started a century and a quarter ago. Mr. Keen then traced the changes in industry from the individual, self-employing manufacturer, who made and marketed his own goods, down to the present system of crowded factories, owned and operated, not by the actual producers, but by capitalists, with the consequent change in social conditions. In the

Miss Kathleen Shepherd of Wardner, is convalescing nicely after undergoing an operation for appendicitis at the hospital lately.

Three appointments to the local school staffs have been made this week by the school board. Miss Winnie Lippett has been appointed to the Kootenay Orchard School, succeeding Miss Johnson, and Miss F. I. Campion, of Proctor, and Miss Margaret Bannerman, of Cumberland, have been engaged for intermediate grades at the Central School.

Opposition Leader Expected in City

Mr. W. J. Bowser and Party On Way To Attend Opening Of New Road

Word has been received that Hon. W. J. Bowser, leader of the opposition in the legislature at Victoria, will be visiting the city next week. Accompanying him will be a number of the Conservative members of the legislature, including, it is expected J. W. Jones, of Kelowna; W. K. Esling, of Rossland; J. H. Schofield, Trail; W. A. McKenzie, Penticton and Col. Lister, of Camp Lister. The party are motoring across the province to attend the official opening of the Banff-Windermere road at noon on the 30th, and are holding meetings, and being entertained at points en route.

Arrangements have been made to hold a banquet and smoker on the evening of the 27th,Wednesday next, at the Knights of Pythias hall, when the visitors will be the guests. Ladies will be invited to attend this gathering, and a charge of one dollar will be made to the gentlemen for tickets, to cover the expenses of the function.

Many will welcome this opportunity of welcoming the opposition leader to this city, and the gathering will not be strictly in the nature of a political gathering.

Mr. Bowser also expects to address gatherings at Golden and Invermere while in the Windermere and Columbia valleys at this time. Meetings may also be held at Kimberley and Fort Steele.

WINDERMERE DIST. RACE ASSOCIATION TO HOLD TWO MEETS

Stampede On Monday, July 2nd And Race Meet In September

(Special to The Herald)

Invermere, B.C. June 16.—Thanks to the untiring energy of Mr. Frank Richardson and a few others of the men interested in the sport of the turf, the Windermere District Racing Association is coming back to its old time form. There were times in here when the horseraces of the district brought lovers of the sport from far off turfs. With the outbreak of the great war this amusement declined, but once again it is reviving.

A re-organization meeting was held in Athalmer lately and the whole situation carefully gone over and the first steps laid for re-organization. Captain A. H. McCarthy was elected honorary president of the association; James McKay has become president and Frank Richardson again holds the reins as secretary-treasurer. The following enthusiasts were appointed a committee, John A. McCoskrie, Alexander Ritchie, Douglas Grainger, Dr. F. E. Coy, Thomas N. Weir, Sterling Grainger, Francis C. Stockdale, J. Edgar Stoddart, J. C. Pitts, Capt. Bride, Major F. B. Young, R. Randolph Bruce, E. M. Sandilands, Dr. W. H. Geddes and Ed. Tunnacliffe.

The program for the season consists of putting the new race track in better shape, and completing the fencing about the grounds. The first event will be a Stampede on Monday, July 2nd which will be succeeded by a race meet on Monday the 3rd of September next.

Invitations have come to hand in the city this week in the name of Dr. King, minister of Public Works, to attend the official opening of the Banff-Windermere road, and to the ceremonies which will take place at Kootenay Crossing on that day. The privilege of reserving space for cars has also been extended, for which notification is to be made to the Parks Commissioner, at Banff. There will be a good representation from this city it is believed, and probably more if it were felt that accomodation would be available for visitors. Mr. W. H. Wilson is in receipt of word from Dr. King to the effect that any who have not received invitations and wished to attend the opening could obtain such invitation by applying to Mr. Wilson to whom additional invitations have been sent.

THE SALVATION ARMY
HANSON AVENUE

Sunday Services: Holiness Meeting at 11 a.m.

Sunday School at 3 p.m.

Evening Service at 7.30 p.m.

Tuesday evening, Public Meeting at 8 p.m.

Captains E. Tigerstedt and A. Sherriff, who have been in charge of the Salvation Army here for the past year, are being transferred, and wish to thank all those who in any way, by their co-operation and support have helped to make the stay of the officers pleasant and profitable. They bespeak for their successors the same loyal support and hearty co-operation. The welcome meetings for the new officers will be held on Sunday, July 1.

RECREATION CLUB NOTES

The membership campaign is over but there are still some reports that are not completed. The campaign was productive of quite a number of new members, with numerous promises of joining in the fall. We can still accomodate a few more members for the summer months.

The Gym classes will be suspended during July and August, and all activities will be held in the swimming pool, with particular attention being paid to beginners, and the teaching of Life Saving to the swimmers.

The junior girls class has outgrown itself and has now been divided into two, with about thirty girls in each class.

A three months membership for students who are home for the holidays has been arranged, and the fee will be five dollars.

A new schedule is being drawn up for the summer months and will be published next week.

All new members are requested to report to Mr. Salter so that he can get your particulars, and see that you get started right.

PHONE THE HERALD FOR ONTARIO ELECTION RESULTS

Realizing how many people in the city and district are interested in the Ontario elections which take place on Monday of next week the Herald has made arrangements to receive a bulletin service with the results, as soon as they become available over the wire.

Enquirers are invited to phone the Herald Office for the latest information on the returns.

Members of the Rebekah Lodge entertained their friends at cards on Wednesday evening, in honor of two of their active members, Miss Emslie who is leaving shortly for the Old Country and Miss Edith Murgatroyd, who becomes a bride next week. The first order of the evening was whist at about twelve tables, the prize winners being Mrs. Macdonald, ladies' first, Mrs. Craig, ladies' consolation, and Messrs. Craig and Williams, the gentlemen's first and consolation respectively. Musical numbers were rendered at the conclusion of the cards, those contributing being Miss E. Miller, Miss Grace Higgins, Miss Garland, and Mr. A. E. Leigh, who rendered a humorous selection. Substantial presentations were made to the guests of the evening by Mrs. W. S. Johnston, reresenting the lodge. Miss Murgatroyd received a cut glass water set, and Miss Emslie a beautiful beaded bag. Plenteous refreshments were provided of an appetizing nature, and completed the pleasure of the evening.

Mr. and Mrs. W. R. Grubbe are at present away on vacation, motoring to Victoria, and intending to visit other points before their return. In the absence of Mr. Grubbe, Mr. Arthur Ashworth is acting manager at the Imperial Bank.

The Columbia Brick Company now announce that they have locally made brick for sale, after having been sold out for some time. A kiln of some 75,000 newly baked brick is available now, and is pronounced of a better grade than formerly, owing to the use of a better grade of clay, and improvements effected in the manufacture. This is a local industry which those contemplating building operations should give every opportunity for encouragement, as it has been found that their product gives every satisfaction, and is now in many respects equal to the imported pressed brick.

On Friday of last week at the home of Mrs. Baxter, Garden Avenue, Miss J. Hopkins and Miss V. Baxter were joint hostesses at a most delightful party when the friends of Miss Edith Murgatroyd met to do her honor and give tangible expression of their friendship for her. To hem dusters was the supposed cause of the party but after a few minutes a stop was put to this pleasant occupation by the arrival of Miss M. Baxter with a baby carriage loaded with all sorts of good things for the guest of the evening These consisted of all the nice things that a bride might wish for, the number thereof showing the esteem in which the bride-to-be is held. The dining room was tastefully decorated in red and white for the occasion, streamers of these colors running to the table in the center of which was a kewpie doll and a minature bride and groom surrounded by the all-important ring of gold. After the presentation ceremony was over and all the nice things duly admired the rest of the vening was made enjoyable with music, dancing and most tempting refreshments. At about twelve-thirty the good nights were said.

C.P.R. Land Head Visits Cranbrook

Col. J. S. Dennis, of the Dept. of Colonization, and Party, Makes Short Stay Here

Col. J. S. Dennis, of Montreal, head of the C. P. R. Colonization and Development Dept., visited Cranbrook on Thursday morning, coming down from Windermere in his private car the "Selkirk," on Wednesday and leaving with the west bound train on Thursday. Accompanying him were Miss Aileen Dennis and Miss Marion Cardell, of Calgary, and Mr. Norman S. Rankin, Special Publicity Agent for the department, of Montreal. Col. Dennis is on his way to Portland to attend a conference of land agents for the C. P. R. in the western States, which has been called for the purpose of co-ordinating the colonization efforts of the company south of the line, and for a thorough explanation of the new thirty-four year amortization plan recently formulated by Col. Dennis, and under which the land operations of the company are now being carried on.

The Colonel is one of the outstanding figures of the west. He recently made the interesting announcement in Winnipeg at a gathering that he had been fifty years in the west and during that time he has made a notable contribution to the upbuilding of the country. Not the least of the outstanding achievements in the direction of the colonization of the vast areas of company lands in the prairie provinces is the new plan which has recently been announced, whereby the existing land contracts to settlers are much ameliorated, and all new contracts drawn up are on the same liberal terms as now amended.

During his short stay in the city, Col. Dennis spared some time for a personal interview with the Herald, and gave a concise outline of the new land plan, which has attracted much favorable comment, especially in the districts where the company's land holdings are situated. He also referred to the policy inaugurated this year of procuring for responsible farmers qualified help from the British Isles, and certain continental countries, the type of immigrant being selected by the company's agents in those countries. Under this plan about a thousand immigrants of the best potential farmer type have been placed in Western Canada in the past few months.

Col. Dennis has recently returned from a protracted visit to the Old Country, where he looked into conditions affecting emigration, and conferred with British government officials on these problems. He has a mass of facts and figures at his fingers' ends in respect to social and economic conditions which have arisen on the other side of the Atlantic as part of the post-war upheaval, and is firm in his conviction that selected emigration on a generous scale numerically, and under properly assisted auspices would at the same time inestimably benefit the mother land, and also build up the fabric of nationhood in the dominions overseas.

Col. Dennis will attend the opening of the Banff-Windermere road at the end of the month, and a little later is due as a speaker at the Western Canada Irrigation convention at Penticton next month. He also has in project a visit to the Peace River district in connection with the busitness of his department.

Gustave L'Ecuyer, of Wetaskiwin, Alta., died at the hospital on Wednesday of this week. Little is known of him, and so far as is known he has no relatives in these parts. The funeral will probably take place here.

GUESTS ARE INDICATING ACCEPTANCE TO ATTEND OPENING OF NEW ROAD

Gov't Fittingly Tenders Official Invitation to Mr. R. Randolph Bruce

(Special to the Herald)

Invermere, B.C., June 20.—Amongst the few who have been chosen as special guests of the Department of the Interior to rank amongst the governors of the five southwestern states and the dignitaries of Western Canada is Mr. R. Randolph Bruce, of this place. Mr. Bruce recently received a formal invitation as a guest from the Hon. Chas. Stewart, minister of the interior.

Amongst other persons who will be present, word has been received that Hon. W. J. Bowser, K. C., will be here together with Mr. W. K. Esling, M.P.P., from Rossland, and Mr. N. A. Wallinger, M.P.P. for the Cranbrook riding, and others.

Col. J. S. Dennis, accompanied by Miss Dennis, and also by Miss Cardell, of Calgary, arrived here this week as visitors to Mr. R. R. Bruce. Col. Dennis is also accompanied by Mr. Norman Rankins, the able editor of C. P. R. publications, at Montreal. Col. Dennis is on his way to a convention of colonization agents at Portland, Oregon, the first held since before the world war.

In regard to coming local events pertaining to the celebration at the opening of the Banff-Windermere road, Col. Dennis while here received a telegram from Mr. Duncan C. Scott, general superintendent of Indian Affairs Ottawa, saying that under the special circumstances it has been determined to allow the Indians to take part in the opening of the highway.

REAL DARKY MINSTRELS DRAW BIG CROWD HERE ON FRIDAY EVENING

The famous Georgia Minstrels who were here last Friday evening were received by a packed house at the Auditorium. Their reputation for presenting something better than the average in the way of minstrel shows having preceded them. They came equipped with their own special scene settings, unusually bright costumes, and a seven piece orchestra for the musical numbers that rendered a complete and sympathetic accompaniment for the first part of the program, and changed in the second part into a real snappy jazz aggregation. Two well known favorites rendered as solos with double quartette choruses in the first part, "Silver Threads Among The Gold," and "When You and I Were Young, Maggie," took exceptionally well with the audience, being rendered in an inimitable way that only darkies seem to be able to master. Encores were frequent during the entire evening. The six end-men were all clever dancers, and introduced some uproarious numbers with some of their grotesque steps, this being quite a program in itself. The second part presented a more robust type of entertainment, including a number of clever skits, which all took very well.

DELEGATE NAMED FOR G.W.V.A. ANNUAL CONVENTION AT COAST

On Saturday evening last a special general meeting of the Great War Veterans Association was held in the club rooms. The main business before the meeting was the election of a delegate to attend the annual convention of the G. W. V. A. which will be held in Vancouver, July 3rd to 7th, this will also be the big re-union of all ex-service men. There were about fifty members in attendance. Major H. B. Hicks was chosen to represent the local organization.

After the meeting a most enjoyable smoker was held, instrumental music, songs and recitations being the order of the evening, these were all much appreciated. The big event of the evening was a card of three boxing bouts which proved very interesting.

The bouts were as follows:

L. Costello and W. Kay.

L. Costello and J. Richards.

Bob Watson and Walter Kay.

A general meeting of the veterans will be held the third Saturday of each month in connection with which a smoker will be held. Eyes front for the next one. All leave cancelled for that evening.

Mrs. Harold Brown is another of the many Cranbrook people that are tripping to the east. Mrs. Brown left on Saturday last to spend six weeks with her brother Mr. J. Chalmers, in Chicago.

Thursday, June 28th is visiting day at the South Ward school and the parents and friends of the pupils are cordially invited to attend.

C. E. Burgess and wife and Miss Burgess of Waldo were Cranbrook visitors on Friday last.

Mrs. Guy Constable of Creston, paid a visit to Cranbrook on Sunday.

J. D. Sutherland and E. B. Allan of Calgary are in the city auditing the city books.

To Hold Girls Camp at Wasa

Inter-Church Committee Plans Outing At Wasa Lake For Next Month

The inter-church committee which has in hand the arranging for the Girls' Camp this summer met on Monda evening in the vestry of the Methodist church and selected Wasa as the site of the proposed camp. It is expected that about thirty girls from Cranbrook and as many from Fernie will be in attendance at camp during the week July 20 to 27. The girls will maintain their group organizations from the various churches, each group or "tribe" having its own president, or "little chief," its group leader or "great chief." It is suggested that in camp organization each group take an Indian name and have its own tribal motto and color.

Besides the local groups, the camp organization will be simple, an efficient cook will be hired for the week. A camp director will be responsible for the discipline, program and general management. Rev. W. E. Galloway, secretary of religious education for Alberta and British Columbia, has had direction of this line of work since its inception, and will give leadership in this capacity at the camp for a week. A business manager will be secured to look after the supplies, equipment and finance. Mrs. D. McVannell of Fernie will act as camp mother, assisted by a trained nurse who is expected to be in attendance. A sports leader will have charge of the recreation, setting up exercises, swimming, nature study, hikes, etc.

The daily program will be approximately as follows:

7 a.m.—Rising and setting up exercises.

7.15.—Morning dip and dressing.

8.—Breakfast.

8.30.—Morning watch.

9.—Camp Fatigue, tents put in order, etc.

9.15.—Bible Study and rifle practice.

10.15.—Games.

11.45.—Council hour (C. G. I. T. problems.)

12m.—Dinner.

1 p.m.—Rest period.

2.—Quiet games, stories, hikes, nature study, camp craft, etc.

3.—Swimming.

5.—Supper.

7.—Group games.

8.—Camp fire. (a)Sing-song. (b) Camp chronicle. (c) Talk. (d) Vesper service.

9.30 or 10 p.m.—Bed.

10. or 10.30.—Lights out.

Some details of this camp life are of special interest. The girls will be responsible for such fatigue duties as setting tables, washing dishes, carrying water, etc. A regular schedule will be arranged, the tribes appointing their own fatigue girls. The camp chronicle will be a daily newspaper edited by one of the girls, and having contributions from each tribe. No girl should leave camp without the opportunity of building a fire, and helping to prepare a meal out of doors. She should know something of how to construct a camp bed and to put up a tent.

Bedding should be carefully provided by each girl. If possible bunks will be secured, or a heavy carpet of straw placed in each tent. A mattress or empty tick into which straw can be stuffed is an important item. With this, a pillow, flannelette sheets, a pair of blankets and a heavy quilt are none too much.

The food will be plain and wholesome. The menus will cover something like the following:

Breakfast—Porridge, breakfast foods, toast, jam.

Dinner—Irish stew, beans, occasional roasts, eggs, vegetables, puddings, fresh rhubarb, prunes.

Supper—Macaroni and cheese, scalloped corn or salmon, beans, corn fritters, eggs, fruit, jello, etc.

A camp fee of seven dollars per member will be charged to cover the cost entailed in hiring a cook, putting up tents, securing camp equipment such as stove, dishes, etc., erection of dining hall and the provisioning of the camp. As the possible number of girls who can be provided for at the camp is limited, application of those wishing to attend should be made early through the leaders of the local church or C. G. I. T. group.

PROVINCIAL COURT OF REVISION HELD ON MONDAY LAST

J. E. Kennedy, registrar of voters under the provincial government presided on Monday morning last at the sitting of the Court of Revision, which had been postponed a month. There were a number present representing the Conservative interests, including N. A. Wallinger, M.P.P., Dr. J. W. Rutledge, H. W. Herchmer, and I. Burtch, while for the Women's Conservative body Mrs. W. B. McFarlane and Mrs. A. C. Bowness were present. The only representative of the Liberal organization on hand was Mr. A. B. Smith.

NOTES

The government of B.C. is about to slice another melon with the cities and municipalities of the province, another division of the profits derived under the liquor act being due. Under the new method the province devotes thirty-five per cent. of the profits from the sale of liquor through the government stores to a refund for the relief of some municipalities. The amount to be so divided this time as up to the 31st of March last, is $415,698, slightly less than the aggregate of the last division made. Thus to drink to the prosperity of B. C. is to do so quite literally. It is also apparent that if there is a wave of prosperity now carrying B.C. along on its crest it is not of the ordinary H2O varvariety, but something stronger,put up in bottles and under the government seal.

Close upon three hundred candidates are lined up for the election contest in old Ontario, with only about one-third of that number of seats to be filled on polling day, Monday next. There were only two acclamations, one a Conservative and the other a Labor man supporting the government. It has been the hottest campaign the province has ever seen, and it is being watched with intense interest all over the Dominion, wherever the sons of Ontario have scattered.

Music appears to run in the Oliver family, the Lethbridge Herald recently remarks editorially, though that which the Hon. John Oliver is accustomed ed to start, it goes on to state, as recently shown is not the accepted variety. At the North Derbyshire Musical Festival recently held in England, four Oliver sisters secured the five premier awards against all England, in the 'cello, violin and pianoforte awards. They were nieces of the Premier of this province.

Hon. Dr. J. D. McLean, provincial secretary in the B.C. government, did not mince matters recently in addressing the Canadian Medical Association. Himself a doctor, he said very plainly that the honorable profession was in danger of losing some of its dignity, with a consequent lowering of its standards, by the inroads of men who were presuming to practice medicine, while "not measuring up to the qualifications of a medical doctor." He urged a "housecleaning" of the profession in regard to these men, designating them as the "scourge of the profession." His remarks, however will find little favor in the eyes of the supporters of these various cults.

TWENTY YEARS AGO

Extracts from The Cranbrook Herald of this date, 1903.

Mining companies at Perry Creek are planning expenditures of upwards of $50,000 this summer, to employ greatly increased forces of men, and greatly increased showing in both placer and quartz are expected as a result.

Mrs. W. B. McFarlane left yesterday for Montreal on a visit.

For the Liberal nomination in the election now pending the names of Dr. King, R. E. Beattie and W. F. Gurd have been mentioned, but no convention has as yet been held.

C. H. Pollen, who is at the head of the Kootenay Central railway, has gone on a business visit to the East and will cross to England.

FROM THE VIEW-POINT OF OUR CONTEMPORARIES

THE CURTAIN WILL SOON DROP IN ONTARIO.

The difficulty of Premier Drury's task to enforce electoral reforms based upon his own dictatorial ideas, was heightened by one of the most outstanding efforts of a determined opposition, witnessed in the legislative chamber for many sessions. The absurdity of the delay in bringing down these bills was too evident to be lightly passed over and the Conservative group in the house steadfastly refused to go into the committee on supply as long as the measures confronted them.

These conflicting factors of provincial politics will doubtless be taken into consideration when the people exercise their franchise in June and they will not forget the continued efforts of a determined Conservative opposition which has tried its utmost during the past four years of a riotous regime, to keep the finances of the province of Ontario within reasonable bounds.—Belleville Intelligencer.

KAMLOOPS DOES NOT ENTHUSE OVER MEETING

Premier Oliver told us nothing new at his meeting. It was a stock speech and he has delivered it so often throughout the country that its terms were familiar to us before he arrived here.

One point the Premier emphasized as usual, that this speech was not a smoke screen to hide the maladministration of his regime. While we would like to see the equalization of freight rates (and that there is another side to the argument goes without saying) Mr. Oliver protests too much. He gets far too indignant to be useful. He reminds one of the description of Sir Andrew Aguecheek in "Twelfth Night" by Sir Toby Belch: "He is a knight with unhatched rapier and on carpet consideration; but he is a devil in private brawl; soul and body hath he divorced three."

While the fairly large audience was politically aligned to the Premier, there were no real signs of enthusiasm. It was felt the issue, while rather important, had become cold.

The importance of Vitamines in food is being recognized at the present time to a greater extent than ever before. It has been conclusively demonstrated that yeast is rich in this all important element. Many people have received great benefit physically simply by taking one, two or three Royal Yeast Cakes a day. It is difficult to arouse interest in the acrobatic acomplishments of the beater of a dead horse.

What friend and opponent of Premier Oliver wish most of all are: constructive administration which shall be of such economic nature as to bring about better trade, less extravagance in the official end of his regime; in fact a business government of our affairs from Victoria.— Kamloops Standard Sentinel.

SECRETARY OF CO-OPERATIVE UNION SPEAKS IN CITY

(Continued from Page 1)

early stages, the decay in the social environment brought a decline in the moral character of the people. This gave birth to the idea that what was co-operatively produced should be co-operatively enjoyed, thus insuring a congenial social environment for the development of human character. Co-operation was therefore a movement to replace the present by a happier order of things. The speaker traced the development of the movement from a small self-helping society to the vast organization of today. Co-operative retailing led to co-operative wholesaling; this led to co-operative manufacturing, with its banking and other phases, such as parliamentary representation, in the old land. British co-operators were the largest employers of labor in the world outside railroad and governmental undertakings.

Mr. Keen made it clear he had no antipathy towards the local merchant and did not suggest that any of them were necessarily getting too much for their goods, although sometimes it was found understandings existed unduly to advance prices, and that there was a greater number employed in the business than was necessary to provide the public with an adequate and efficient service. Under the present system a store served 350 and under the co-operative 2,400.

One advantage to be derived from co-operation was the stabilizing of prices and as to that the whole community benefited as well as co-operators. Speaking generally it was a great world wide movement for the betterment of mankind.

At the conclusion the chairman thanked the speaker for the able address he had given.

The Revision of the Bank Act.

Every decade, a bill regarding banks and banking, is passed in the Dominion house. During the latter part of March of this year, the Hon. W. S. Fielding, minister of finance, introduced in the form of Bill No. 83, the fifth revision of the bank act. The object of the bill is to amend the act now in force, and to extend the banks' charters for ten years from July 1st. 1923. It is said that Canadian banks meet the requirements of merchants, rather than those of the producers; that provincial banks could give better service; a national bank should have a monopoly of the bank note issue; that auditors, other than bank officials, should be appointed by the government for a period not exceeding three years and that it should be a criminal offence for an official to sign a bank statement which is incorrect in any point.

In reply it may be stated that the banks hold the funds of the depositors in trust, and, by law, are allowed to make only a certain class of loans. Provincial banks in Canada could not be successful, as the west depends upon the east for much of its working capital, so only banks with branches throughout the entire country can finance farming districts in which repeated crop failures are common.

The Commonwealth bank of Australia has not proved to be a solution for all banking ills. Their interest rates are the same as ours. They lend 18 per cent. of their deposits to producers and others. Canadian banks lend 60 per cent. in the same class of business.

The auditor learns by experience and three years limit to their office would deprive the banks of their services when they would be most valuable. They should be bankers if possible, and should be encouraged to serve as long as they retain the confidence of the directors.

The bank official cannot vouch for every item in his statement. He must depend upon his subordinates to a great extent, as returns are submitted from all parts of the Dominion.

Why should the bank act be drastically altered? There are five thousand bank branches throughout Canada, serving the citizens of this vast country faithfully and well.

CORRESPONDENCE

HAD DIFFICULTY IN REGARD TO ROADWORK

Dear Sir:

Seeing Fair Play's letter in last week's paper, thought I would give our experience with the Public Works department. In the spring after Dr. King's election, some cribbing was to be done on the St. Mary's, my husband and his team had been hired, and were waiting, but heard nothing so went to Cranbrook to see what was doing. There we heard someone had made it his business to say we both had not voted for Dr. King and so were not entitled to a job. This did not stop the team working, but they got the hardest, dirtiest work to do alright. What is a taxpayer to do? We have been heavy taxpayers for twenty years and here people can come in and get all the road work they want (one man three teams) before even they have a vote, and we old timers are put to the wall It is sure time a change came about. Fair Play's case is not alone, but one of many.

Yours truly
(Mrs.) Beatrice M. M. COOPER.

W. H. Bowness, son of Mr. and Mrs. A. C. Bowness, familiarly known as "Bubs" returned last week from Portland, Ore., where he has been attending school.

FORT STEELE NOTES

Mr. Tom Fulton spent Sunday at home returning to Skookumchuck in the evening.

Sam Brander is working with one of the government road gangs in the Sheep Creek district.

Some more road repair work is being done on the road between the Mission and Westport; same crew, same hours. Quite a picnic some people get.

The Baptist minister is expected to be at the community church on Sunday at 3 p.m. It is hoped that there will be a good attendance.

All danger of a flood seems past as both rivers are dropping fast.

A meeting of the third political party is called for Saturday evening at Fort Steele.

STAMPEDE EXHIBITION
AND
BUFFALO BARBECUE
Calgary July 9th to 14th

To surpass the great Calgary Stampedes of 1912 and 1919.

Celebrate the opening of the Banff-Windermere Highway.

Opens Monday with a stupendous Stampede Parade; closes Saturday night with a buffalo feed cooked in deep pits over roaring fires, in true old-time style.

Canadian champions and provincial champions in cowboy sports will be crowned. Wonderful list of cash and special prizes, including the Prince of Wales' prize, a sterling silver horse; beautiful trophies from Mary Pickford and Douglas Fairbanks.

Old Timers Re-Union. Real western village with Indian chiefs, braves, squaws; Hudson's Bay trading post, Old Timers' headquarters, all built of logs, surrounded by Red River carts, Indian tepees, etc.

Calgary is really going back to the good old days for one glorious week. Citizens to wear cowboy attire. Main business street reserved mornings for saddle horses, Indians, cayuses, chuck-wagons, etc.

Special exhibition rates in force from Saskatchewan, Alberta and Eastern British Columbia points Golden and Revelstoke; and summer tourist rates in force from U. S. and Canadian points to Banff and Lake Louise, with privelege to stop off at Calgary.

Calgary has an ideal free auto camp.

Send for prize list and illustrated folder.

Be here for the thrills, and then visit Banff and Lake Louise.

Built for Hard Work As Well as for Comfort

The "Master Four" Touring Model, 23-35 Special

THE McLaughlin-Buick "Master Four" Touring is the ideal car for everyday use. It is strongly constructed to "stand up" under the most strenuous service, over all kinds of roads, in any kind of weather. It is ready with abundant power for any emergency. It is low in cost of operation and upkeep, and it is backed by such widespread and efficient service that it need never be "laid up" when wanted.

Yet it is a handsome car—one you will be proud to own. It is big enough to accommodate the family on its pleasure trips and on visits to friends and relations. It is a comfortable car—smooth riding, a real means of relaxation after a hard day's work. As to price, a close inspection will convince you of its outstanding value.

Standard equipment includes massive crown fenders, drum type head and cowl lamps, transmission-driven speedometer, bumper, combination tail and stop light, scuff plates, dumb-bell radiator cap, etc.

COMB HAIR AND IT STAYS COMBED, GLOSSY

Greaseless Combing Cream Costs Only Few Cents a Jar at any Drug Store

Even obstinate, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions.

Millions use greaseless, stainless "Hair-Groom" because it does not show on the hair. It is absorbed by the scalp, therefore the hair remains so soft and pliable and so natural that no one can possibly tell you used it. Not sticky or smelly.

TASTY TESTED RECIPES

Griddle Cakes

1 Cupful Borden's St. Charles Milk
1 cupful water
2 tablespoonsful melted butter or butter substitute
1 egg, well beaten
3 cupfuls white flour
1 teaspoonful salt
4 teaspoonsful baking powder
2 tablespoonsful sugar

Combine the milk and water, add the shortening, sugar, and the egg, and beat in the dry ingredients which have been sifted toether, beat thoroughly and fry as usual on a slightly oiled griddle, or on an unoiled aluminum or soapstone griddle. If very thin cakes are desired, add two more tablespoonsful of evaporated milk and water.

Halibut Baked in Milk

Order two pounds of halibut steak cut half an inch thick. Lay in a dripping pan, or large shallow baking dish and dust lightly with a little flour, salt and pepper and a sprinkling of minced parsley and barely cover it with one part of Borden's St. Charles Milk diluted with one and one-half parts of boiling water

Bake in a moderate oven until the fish is tender—about twenty-five minutes. It should be somewhat browned on the top and the liquid will be thickened by the flour and act as a delicious sauce.

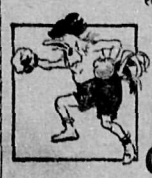
WHO FIRST FELT "LIKE A FIGHTING COCK"?



COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity — and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

TWO SOCIAL AFFAIRS AT THOMPSON FORT DURING LAST WEEK

(Special to The Herald)

Invermere, B.C. June 16.—The David Thompson Memorial building was the scene of two fetes last week, one being when the Fort Steele and the local girls' basketbal clubs played a match and the other was the Dance and Bridge drive given by the Invermere Golf and Country Club which followed.

The Misses Fenwick, Gladys, Dawson, Cummings, Attree and Crooks, from Fort Steele, under the guidance of Mrs. Al. Moore were the ones who met their Waterloo before a local team captained by Miss Olive Langton and comprising Miss Erickson, the Misses DeCew, Francis, Marion McKay and Miss Langton. The score was 12 to 14. Mr. A. McN. Robb and Dr. F. E. Coy acted as umpires.

The bridge drive was a great success, Mrs. Theodore Bodecker winning the ladies' prize and Mr. R. Gladwyn Newton that of the gentlemen. The floor was in good condition for dancing which was much enjoyed by those taking part.

Vancouver.—The Nickson Construc- have received the contract for clearing and grubbing 96 acres and clearing 66 acres at the University site additional to the work done by the relief gangs. Their tender was$73,700; the highest was $108,000.

Banff, Alberta.—A large increase in tourist traffic to the famous mountain resorts of Alberta and British Columbia is exected the coming summer as a result of the opening of the last link in the grand circle tour of the Western States and Alberta, namely, the stretch of highway between Banff, Alberta, and Windermere, B. C. The official opening of this road will take place June 30.

INDIANS IN FORCE WILL BE PRESENT FOR CELEBRATION

Big Gathering Of Aborigines To Mark Official Opening Of Road

(Special to the Herald)

Invermere, B.C. June 16.—Having in mind the enjoyable time afforded them last year at the opening of the David Thompson Memorial fort here and hearing that another pow wow was to take place to honor the skookum road which has been built along the trail over the bias mountains which their forefathers went over in search of game or clambered into the midst of to take the ochre from the paint pots of Tokkum creek having these matters in mind, the Indians, in that manner which is known only to themselves sent the glad tidings about and from south and west they have resolved to come to Invermere on the day of the opening of the Banff-Windermere highway to the number of some five hundred strong and show their white brothers just how pleased they are over the marking of the trails. They intend to camp in the midst of the townsite pitching their smoky wigwams and teepees on Bennett's plain, from whence the smoke for the cooking of their meals which the white people will sell to them, will wind its way in the peaceful evening down over the waters of Windermere lake. There was a council meeting held recently, and Lame Joe, Louis Abel, Neas Capilo and other chiefs burnt the white man's tobacco and arranged details as the smoke curled above them. The plan of campaign includes the Lower Kootenays or Archs a Plats from Creston, the Upper Kootenays from Tobacco plains on both sides of the international boundary, from St. Eugene mission and from the local reserve. From this part also will come the celebrated Shuswaps with all their gaudy trappings. On the evening of Saturday, June 30th, the great celebrations pertaining to the opening being over, the members of the various bands in all their most joyous raiment and gaudy with paint will form in procession and to the music of tom-toms and rattles will walk gravely to the memorial post erected in honor of David Thompson, the great explorer and astronomer of the North West Company, and here they will give two successive exhibitions of the characteristic dances which have long made the tribes known. On Monday, the 2nd of July they will attend the stampede in full strength and take part in everything that offers, from horse racing to tackling the wild steer and the bucking broncho.

ACTIVE WORK RESUMED ON GROUP OF CLAIMS NEAR KITCHENER

Work has commenced on the Leadville group of silver-lead claims situate on the Goat river about six miles north of Kitchener. A crew of five men is at work on the property at present, and this will be increased contemplation is constructed on the west side of Goat river to the property.

It is the intention of the owners, who are Spokane capitalists, to commence construction of the road early in July and rush it to completion. It is an easy grade, and will not be as expensive as the average mine road to construct, as about two miles of logging road can be utilized, with slight repairs, making a total of about four miles of new road to be built.

This property was located several years ago by Scott Price and worked intermittently on a prospecting basis until three years ago, when it was sold to Spokane parties headed by the Lakes interests.

A new partnership has been formed recently, and extensive development work is planned, and it is expected that another shipping mine will be added to the list this year.

TOURIST COMMISSIONER URGES MORE BE SPENT IN ADVERTISING B.C.

Vancouver Sun. —A letter recived recently from Mr. J. F. Spaulding, commissioner for the South Eastern British Columbia & Southern Alberta Tourist Association, states that the association is sending out 50,000 circulars, including a map of the territory. Mr. Spaulding is very enthusiastic over the results secured so far by the tourist traffic and writes as follows:

"As I have personally logged and mapped practically every road in Western Canada, Idaho, Washington Oregon, California, Montana, and parts of Utah and Nevada, I am probably more familiar with the attractions of North America than most people, so when I state that British Columbia contains better scenery and more of it, than all the rest of the country put together I do so without fear of contradiction. I am a professional photographer and specialize on landscape work, consequently in the 150,000 miles I have driven in the last nine years my eyes have been looking for scenic effects. As for roads, our mountain roads are tthe finest mountain roads on the American continent. I meet thousands of tourists every year who come from every part of the continent, and they all say that about our roads.

"I maintain that the tourist trade can be made a much greater revenue producer to this province than several of our principal industries combined, but our efforts along advertising lines to draw this business at present, and in the past, to say tthe best of it, are puny; in fact we have done nothing."

Five years ago there were less than 50 Canadian cars and no American cars visited the Kootenay district. Last year there were approximately 3000 American cars, all of them staying a considerable time and spending a great deal of money in the district, which proves beyond a doubt the value of the tourist traffic and taking care of them as they arrive.

Victoria—The Public Works department has instructed its engineers to carry out a number of bridge repairs this month. The Kootenay Reserve bridge is to have $1,000 spent on it.

"Woman, you make me see red," said the youth, as he gazed at her rouged cheeks and painted lips.

CANADIAN COWMEN BEHIND STAMPEDE AT CALGARY FAIR

Coming Event Promises To Eclipse Anything Heretofore Attempted There

That the Calgary Exhibition, Stampede and Buffalo barbecue scheduled to be held the week of July 9th to 14th will outdistance anything of a like nature that has ever been on the north American continent, seems now to be an assured fact.

First of all, there is no place in the west that has the natural location, with such scenic embellishments, right at its door, the historical data to work upon, such as the Hudson's Bay Company's frontier activities the honored traditions of the Royal North West Mounted Police, the native reservations practically at the city limits, the cowmen in their picturesque work, and last but not least, the great number of old timers, both men and women, who still live in the vicinity; men and women who are the actual pioneers of this Last, Best West; whose untiring efforts and strenuous undertakings in a primitive country are the real cause of the wonderful development that has been attained in this country in comparatively few short years.

From the time of the stupendous Stampede parade on Monday morning, July 9th, until the feed of buffalo meat cooked in deep pits over a roaring fire Saturday night, July 14th, Calgary will really turn back to the good old days for one glorious week. Citizens will wear cowboy attire and the main streets will be reserved during the mornings for saddle horses, Indian cayuses, chuck wagons, cowboys and cowgirls.

The parade alone will be well worth going a thousand miles to see, illustrating the old west, and the Indians, up to present day development. On the grounds, the Hudson's Bay Company are erecting a permanent log trading post; the southern Alberta Old Timers' Association and the Royal Canadian Mounted Police Veterans' association are each erecting permanent log headquarters. These will be surrounded by Red river carts Indian teepees and a real Indian village.

The event is to crown the Canadian champions in the various cowboy sports, also Provincial champions, for which generous cash prizes are offered, as well as the grandest list of special prizes ever offered for any sporting event. The special prizes include sterling silver horses and cigarette case, presented by H.R.H. the Prince of Wales, magnificent trophies from Mary Pickford and Douglas Fairbanks, buffalo heads and robes, saddles, etc.

That week, Calgary will celebrate the opening of the Banff-Windermere highway, and will pay tribute to the pioneer cattlemen of the north west in a way that will be a surprise to the thousands of visitors from a distance. A special free accomodation bureau will be maintained at the station, so that there should be no difficulty in procuring accomodation. Those wishing to camp will find an ideal free auto camp with every convenience placed at their disposal.

No stronger guarantee could be offered, that the competitions will be conducted in a fair and impartial manner, that the judges will be men of sterling character and a thorough knowledge of the events they are to judge, than the following names of the Stampede committee.—P. Burns, chairman; George Lane, A. E. Cross, A. J. McLean, the big four of the 1912-19 stampedes; and in addition, D. E. Riley, of High River, president of the Western stockgrowers association, J. W. Cahill, of the Alberta stockyards, E. J. Dewey, E. D. Adams, Fred Johnston and N. J. Christie of the Calgary Exhibition board.

Prize list, illustrated folder and full information may be obtained by writing E. L. Richardson, Exhibition manager, or Guy Weadick, Stampede manager, Calgary, Alberta.

Legislature to Meet in Fall

Premier Is Hopeful As To Outcome Of Rates Question Affecting B. C.

British Columbia's legislature this year will meet in October, according to present plans, and there is no indication that the session will be called earlier than last year, according to Hon. John Oliver.

"As far as we can see at present, the legislature will meet at about the same time as last year," he said. "At any rate it will be early enough to finish all business and let the members get home again for Christmas."

Although he had no advice from Ottawa regarding the freight rates question, the premier stated that he expected to leave for the east as soon as parliament rose.

"We have been promised an early hearing before the privy council and we shall press for the matter to be settled as soon as possible. We already have been informed that the decision will follow closely on the hearing and are very hopeful of results that will be satisfactory, not only to British Columbia, but to the west at large."

Hon. Mr. Oliver intimated that "satisfactory" meant complete equalization of all rates in line with rates in force in the east.

"That can be the only satisfactory result for the west," he said, "and especially for British Columbia. No halfway measures will do. We have already obtained a fifty per cent. amelioration but I do not intend to give up this fight until we have obtained complete satisfaction."

"LITERARY DIGEST" ADVERTISES TOURIST ATTRACTIONS OF B.C.

The well known "Literary Digest" of New York recently ran an article emphasizing the "See America First" idea, in which the beauties of the Canadian Rockies as a tourist venue had a considerable part. Of the new Banff-Windermere road now completed, the following mention was made:

"Penetrating the very heart of the wildest Canadian Rocky Mountain scenery is the new government constructed Banff-Windermere motor road, which will be open to the public on June 30th. This highway is 93 miles long, and is the last link of a 6,500 mile circle tour that touches at ten national parks—American and Canadian. It also completes a smaller Canadian motor circle touching at Calgary, Banff Sinclair Hot Springs, Windermere, Cranbrook, Fernie, McLeod and back to Calgary. It is estimated that at least 15,000 automobiles will pass over this road in 1923, 75 per cent. of them from the United States.

"An unusually attractive feature of vacation life in the Canadian Rockies is the series of bungalow camps open from June 15th to September 15th which provide comfortable accomodations and good food at reasonable rates. Those in the Canadian Rockies are Moraine Lake camp, Lake O'Hara camp, Lake Wapta camp, Yoho Valley camp, Emerald Lake bungalows (connected with the Chalet): Sinclair, Vermilion, and Lake Windermere camps are in the Columbia River Valley on the west curve of the motor loop completed by the Banff-Windermere highway."

CONVENTION OF B. C. LIBERALS WILL TAKE PLACE THIS SUMMER

B. C. Liberals will have a convention before Sept. 1, according to an announcement by J. A. Campbell, president of the Vancouver Liberal Association, last week. The convention last fall in Nelson instructed for a convention this summer. Some party workers are pressing for a convention early in the summer.

M. A. Macdonald, president of the Provincial Liberal Association, has discussed the subject with Premier Oliver, but no decision as to a date has been reached, it is understood.

During a recent meeting Mrs. Mary Ellen Smith delivered an address, in which she alluded to the situation at Ottawa, and declared it was her opinion the prime minister should bring on an election at once and make the position of the government stronger in numbers, which would enable it to carry out its policies more actively.

WASA NOTES

Mrs. Chenuz, of Wolf Creek and Tracey districts, was a business visitor to the neighborhood of Wasa on Thursday of last week. Mrs. Chenuz states that she came to the district when a young woman and during the days when mining operations were in full swing in the Tracey mining district. A good many years ago the mines were closed indefinitely for some reason and have since been abandoned. Some buildings still remain as landmarks of former days together with old diggings; however a day may come when a revival of acitvities will take place and the ancient village of Tracey will again flourish as in days of old.

Walter Carruthers who is in the service at the Lovering camps at this time, hails from Bad Axe, Michigan, and says that the B. C. climate is quite agreeable to his health and believes the west is the place in which to reside

Mr. Weatherall has taken up his position as truck driver for the Lovering company on their motor truck highway.

The water in the Kootenay river is rising rapidly and inundating the low land at several points. At Wasa there are some shallow lakes under normal conditions, but they are now swelled up from the water which has overflowed from the river and the mill which is sawing lumber in a small way is expected to close down till the water recedes sufficiently to resume, when more available logs are to be had from the forests.

Robert McBean, former fireman at the mill has switched to loading teamster at the camp operations and has cast in his lot with he log loaders. Mr. McBean although somewhat short in avoirdupois is on the job so far as ambition is concerned and appears to be delivering the goods in packages while in the performance of his duties.

Mr. Phil Cyr, together with other log loaders has contracted the loading of logs on the trucks for the Lovering company at their forest camps. Much timber is in readiness to be removed to the mill at this time and every effort is being put forth to accomplish results. Owing to the excessive rainfall of the season the roads were rendered impassable for the hauling of heavy loads, thus retarding the work and the consequent shortage of logs at the mill. The mill is being repaired at this time while a supply of logs is coming in from the forests.

The snow is fast disappearing from the hills as the result of the warm weather and as a consequence of the resulting high water much alarm is being felt for the safety of stock and property along the river.

"Scotty" McRitchie, employed at the camps during the spring months as porter and handy man has returned from a trip to the coast embracing points from Vancouver to San Diego, California. Mr. McRitchie states that he has a brother who is paying teller in the 'Frisco branch of the Bank of California, however for himself, he has travelled intermittently since a boy.

WE LIKE SUGGESTIONS

ted using our product says she had been reading the printed recipes from time to time and that she thought we stretched the point to always mention Pacific Milk. However, she found six of our recipes "turned out real well" and also that almost without exception her old recipes were better with Pacific than with fresh milk. "And" she adds "I didn't think I should like Pacific Milk at all for I had a horror of tinned goods."

We like to hear such personal experiences.

WEDDING

QUIRK-HOLT

That cupid has been unusually active in Kimberley is evidenced by the fact that again this week there is a wedding to report in which a Kimberley resident is one of the contracting parties. On Saturday evening at 7.30 at the Methodist Parsonage, Edwin Thomas Quirk, of Kimberley, was united in matrimony to Miss Marion Holt of Cranbrook. The bride was prettily attired in a gown of white satin and was given away by her father. Attending her was Mrs. Margaret Quirk, sister of the bride and sister-in-law of the groom. Mr. Jas. Holt, brother of the bride, acted as best man. Mr. and Mrs. Quirk will be taking up their residence at Kimberley. Mrs. A. Ashworth presided at the organ and played the wedding march.

Here and There

Vancouver as a grain port has gone over the top and is assured of achieving the 15,000,000 bushel objective set for the 1922-1923 crop year, according to statistics issued at the Vancouver Merchants Exchange.

A Canadian Pacific Railway train, over half a mile long, left Oshawa for New York recently. The train was composed of 52 flat cars, each carrying from four to six automobiles, and was the first solid train to leave Oshawa for New York.

Making the heaviest loading since the big crop year of 1915, grain loaded on the western lines of the Canadian Pacific Railway from September 1st, 1922, to March 7th, 1923, inclusive, totalled 118,565 cars. This is 16,000 more cars than were loaded during the corresponding season of last year.

While in mid Pacific, the wireless operator of the Canadian Pacific Steamship "Empress of Russia" was in touch with the Leafield wireless station in England, and received a number of news items. "The ether waves were evidently carried across the North Pole, as we were on the other side of the world," said Captain A. J. Hosken, commander of the liner.

An Owen Sound deputation which recently interviewed Canadian Pacific Railway officials in Toronto, urged the building of a line from Owen Sound, through Meaford and on to Collingwood and then on to a point on the Sudbury line near Coldwater. The officials are reported to have been interested by the suggestions made by the delegation.

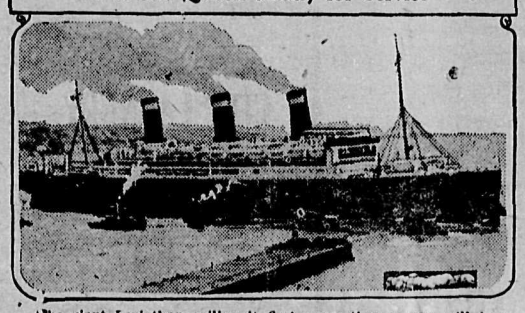
Captain A. J. Hosken, R.N.R., of the Canadian Pacific Steamer "Empress of Russia," has been awarded the Medaille d'Honneur de Sauvelage de premiere classe by the French Government, for the part taken by him as commander of the liner "Monteagle" in saving the crew of the French steamer "Hsin Tien", off the China coast.

There is a gold rush on to Rouyn township, in northern Quebec, to Labrador and now to the Soo district. In fact, the whole northern district has immense areas of rock bearing more or less gold, and the question is whether the quantity is large enough to make a real mine. Gold mining will be one of Canada's greatest industries twenty-five years from now.—"Mail & Empire."

Still another case of children travelling alone. Elmer Lann, five years old, and Roland Callwell, seven years old, both living on St. Denis street, Montreal, were missed by their parents who did not hear of them after their disappearance until notified by Canadian Pacific Railway officials that the children were in Quebec city, to which place they had begged a ride.

The initial shipment of cattle since the Embargo removal was recently inspected by the Hon. W. P. Motherwell, Minister of Agriculture, in the C. P. R. stock yards, Montreal. They were stall-fed Ontario cattle from along the Canadian Pacific west of Toronto, with the exception of one car load of Western cattle, the latter being in the best condition despite the fact that they had had a 28 hours run from North Bay. The minister expressed the opinion that the cattle being shipped were of the first quality.

U. S. Sea Queen Ready for Service



The giant Leviathan sailing it first peace time voyage will leave New York in early June mistress of the seas and queen of American boats. Photo shows the great liner entering Boston harbor where reconditioning work was completed.

WYCLIFFE NOTES

Wycliffe secured the second, and biggest shut out of this season's schedule, on the Kimberley diamond last Sunday, when they sat down hard on the miners, piling up a grand aggregate, as they say in golf,—or is it tennis,—of six runs to nix. In spite of the shut out score, however, and the fact that Wycliffe got a three run lead in the first two innings it proved a mighty ticklish proposition until the ninth frame when three more Wycliffe men touched all four bases.

Pennington got into the pinches with men on second and third in no less than four innings and in two out of the four the bases were choked, but great work by the battery and first class support from the field saved the day in each case. Musser tackled a rough looking job when he went into the box to relieve Horne in the third with bases loaded and no men out, but he worked himself clear and kept Wycliffe from scoring with the team working behind him. Good baseball featured the whole game, it's good business for any team to get behind the man on the mound. He has the big job but can't do it alone, and it's good baseball from the spectator's point of view. The only comedy the fans were treated to during the game was the rival rooting, hot and heavy as usual, and some of the umpires decisions. Most of the gang are asking, "Why did the umps call 'em before they came over? We can't think of any answer to that, if there is any. Individual work showed up in Musser's pitching, Pennington's work in the pinches, Trimble's work on third and Staples triple and shoestring catch.

The game by innings:—

First Inning — Wycliffe—Crowe, hit by pitched ball went to first, Whitehead sacrificed Crowe to second, Crowe went to third on error and came home on Trimble's sacrifice, Rogers struck out. No hits, one run.

Kimberley — Cosgriffe walked, stole second, Grant struck out, Coen flied out, Crerar out at first. No hits, no runs.

Second Inning— Wycliffe — Clark singled, went to second on a passed ball, Olderjack struck out, Hunter singled, Staples hit to left for three bases, scoring Clark and Hunter, Pennington flied out, Crowe out at first. Three hits, two runs.

Kimberley—Musser walked, Carland forced Musser out at second, McBride fouled out, McMahon singled, advancing Carland, Horne went to first on error, bases full. Cosgriffe out at first. One hit, no runs.

Third Inning—Wycliffe — Whitehead singled, Trimble singled, Rogers singled, bases full, Clark, fielders choice—Whitehead out at plate, Olderjack, fielders choice, Trimble out at plate, Hunter struck out. Three hits, no runs.

Kimberley — Grant singled, Coen hit by pitcher, Crerar struck out, Musser sacrificed advancing Grant and Coen, Garland flied out. One hit, no runs.

Fourth Inning—Wycliffe — Staples flied out, Pennington out at first, Crowe out at first. No hits, no runs.

Kimberley— McBride struck out, McMahon struck out, Horne out at first. No hits, no runs.

Fifth Inning—Wycliffe—Whitehead struck out, Trimble flied out, Rogers out at first. No hits, no runs.

Kimberley — Cosgriffe singled, Grant walked, Cosgriffe caught on steal to third, Coen out at first, Crerar out at first. One hit, no runs.

Sixth Inning—Wycliffe—Clark singled, Olderjack forced Clark out at second, Hunter flied out, Staples flied out. One hit, no runs.

Kimberley — Musser singled, Garland flied out, McBride doubled, Musser on third, McMahon out at first, Horne struck out. Two hits, no runs.

Seventh Inning—Pennington, Crowe and Whitehead all out at first. No hits, no runs.

BORN—To Mr. and Mrs. E. L. Staples, at Detroit, Mich., on Monday, June 18th, a daughter.

W. A. Andrews is relieving as agent at the depot since the departure of H. J. Chomat to Kimberley. Mr. Chomat left for the mining centre on Sunday; Mrs. Chomat and family will remain in Wycliffe for a few days before moving to their new home.

A son was born to Mr. and Mrs. J. Marzocco on Sunday, June 17th.

Larry Piper, formerly of Gull Lake, Sask., has joined the local ball club. Under the residence clause he was unable to play in Sunday's game at Kimberley, but will be on the line up for the next league affair July 8th.

Mr. G. Alexander is visiting at the home of his sister, Mrs. H. J. Chomat for a few days.

A meeting of the Women's Institute was held at the clubhouse last Friday afternoon; a good sized audience heard the several speakers on "Child Welfare" with interest. The proposal to appoint a district nurse was also discussed.

J Foran arrived in Kimberley on a business trip. Beside business Jack is renewing old acquaintances. During the past seven years Mr. Foran as been engaged in mining in Peru. He expects to leave soon for Alaska.

780 STUDEBAKERS ARE SHIPPED ON BANNER DAY OF CORPORATION

When the whistles of the mammoth Studebaker factories at South Bend, Detroit and Walkerville sounded on the evening of May 29th and 20,000 Studebaker employees started homeward, a new record for a single day's production and shipments had been made, for on that day 780 Studebaker cars were forwarded to Studebaker dealers throughout the world. Of the total, 189 were driven overland.

This record represents a single day's production and was achieved without permitting cars to accumulate purposely to establish a new mark. The only extra incentive involved was an effort to more adequately meet the insistent demand from every section of the world for more Studebakers, but this is a daily endeavor because of the thousands of unfilled orders on hand for immediate shipment.

While the production of 780 cars in one day establishes a record for Studebaker, the total is only a little above regular daily shipments. Since the additional facilities provided by seven new Studebaker factory units were completed and tooled and manned early this spring, capacity production has been maintained. Altho Studebaker's present output is 15,000 cars a month or at the rate of 180,000 cars annually, the demand is far in excess of production and additional factory facilities, begun this spring, and to cost $5,000,000, are being rushed to completion.

Studebaker manufactures six-cylinder cars exclusively, in three models, the Big Six, Special Six and Light Six which are offered in twelve body types. 780 cars, in one day, therefore, represents the biggest day's shipment of six-cylinder cars ever made by any manufacturer.

MAY BIGGEST MONTH IN NASH HISTORY STATE FACTORY MEN

May was the biggest month in the history of the Nash Motors Company. Shipments for the month exceeded those of April, the previous record month, by 582 cars and eclipsed the record of May 1922, by 1,073 cars. In other words Nash Motors shipped in May of this year 6,208 passenger cars as against 5,125 cars in the same month last year.

"While we actually shipped 6,208 cars in May," said E. H. McCarty, general sales manager of the Nash Motors Company, "we had on our books, orders for more than 8,000 cars for May delivery. There apparently is no let up in sight for June. Nash dealers throughout the country have practically no cars in stock and most of them are arranging deliveries to buyers in the sequence that orders are received.

"Because of the backward weather of the spring months June is likely to be a heavier selling month than usual, many buyers, because of the recent uncomfortable weather, having postponed their purchase of a new car. Practically ever since the new Nash line of cars was shown to the public at the various automobile shows, the Nash factory has been in an oversold condition with the result that since March 1st we have never been able to fill all of the orders received by the factory. Production, of course, has been increased, but on a very careful basis, safeguarding the quality of Nash Cars.

On Friday evening last the members and friends of the local council of the Knights of Columbus gathered in the Parish Hall where they spent a very pleasant evening, Robinson's orchestra providing the music for the dancing which was kept up until the early morning hours. Owing to the big minstrel show falling on the same night the attendance was not as large as it otherwise would have been. The dance was in honor of the ladies' who assisted so ably at the big Knights of Columbus convention recently.

In a mishap on Sunday morning a Ford car suffered when it came in collision with a telephone pole outside the residence of Mayor Cameron, on Burwell avenue, and damaged the mayor's fence as well. The car was coming along Edward street and in making the turn into Burwell had to come too far round to avoid another accident. The end of one of the springs hit the telephone pole which seemed to pivot the car round so that in backing out the rear of the car went through the fence. The car was extricated and proceeded on its way under its own power.

In the account in last week's issue of the farewell party given at the home of Mr. and Mrs. F. M. MacPherson for Mr. and Mrs. D. R. McKenzie and family and Mr. and Mrs. W. C. Wilson, it is regretted that the name of Mrs. E. W. Paterson was inadvertently omitted. Mrs. Paterson's rendering of "I Love, and the World is Mine" was most pleasing and in response to an encore she sang "I Passed by Your Window" which was also much appreciated.

IN MEMORIAM

In loving memory of our dear son, Gordon.

One year ago today,
One lonely year has slowly passed,
Since the one we loved so dearly,
Was laid beneath the clay.
Oh, Gordon, oft we think of thee,
With sorrow and with pain;
'Tis hard to think we'll never see
Your face on earth again.

Inserted by his Parents.

IN MEMORIAM

In loving remembrance of our dear Gordon Taylor, who passed away June 26th, 1922.

When you think upon the loved one,
Do not let your heart feel sore,
Do not say, my son, my treasure,
I shall never see thee more.
Could you now behold your loved one
In that bright and happy home,
Close beside his loving Jesus,
You, too, would be glad to come.
Whenever to his grave you go,
His parents now so sad,
Your loving faith must stronger grow,
Your loving heart more glad.
God bless that love so good and true,
A heaven, he now waits for you;
His soul responds with longing love,
Weep not—you'll meet your son, above.

Aunt Lizzie.

Cranbrook have entered a team in the association football tournament at Fernie on July 2nd, and are to play an exhibition game with Kimberley at Kimberley. All players are asked to get out and practise.

Miss Helen Hunter, who has been in charge of Kitchener school the past term, has turned in her resignation, much to the regret of both trustees and pupils. She will attend the B. C. University next term.—Creston Review.

On Monday evening of this week further raids were made on several of the local hotels in consequence of which information was laid against the Imperial for illegally having liquor on the premises. The case came up for trial today.

The C. P. R. have raised a fine flag pole on the lawn adjoining the Y. M. C. A., which adds much to the appearance of that end of Baker Street. On celebration days the flag at the government building at one end and on the new pole at the other will make a good showing.

Alderman and Mrs. W. J. Flowers left on Saturday last for a three months visit to eastern Ontario points. They will spend most of the time at Kenora, where Mr. Flowers was at one time a resident, and where he has a host of friends. Mr. Flowers is recuperating from a recent operation and is on three months leave from his work at the C.P.R. shops.

On Friday morning at the Central School at 11 o'clock the prizes won by the school children at the sports on the 23rd of May will be distributed by Rev. B. C. Freeman, chaplain of the G. W. V. A., and Mr. Fred Scott, honorary president of the G. W. V. A. The distribution will be made at the high school probably at nine o'clock.

Fair dates covering this part of the province were announced last week-end from Victoria. They were as follows: Windermere, August 31-September 1; Elk Valley and Natal, September 3; Cranbrook, September 11-12; Nelson, September 18-21; Kaslo, October 3. The mere fixing of the date does not determine the holding of a fair, but is determined so that judges' circuits can be arranged without overlapping dates.

Mr. E. F. Taylor, a former resident of St. Mary's Prairie, stopped over last week-end at the camp site on his way from Edmonton to Wycliffe. Mr. Taylor left this district in 1914 going to Barnes, Alberta, where he resided up to three years ago when he moved to the Prince Georg country. After spending a little time with his brother Lyman, it is Mr. Taylor's intention to continue his motor trip to Los Angeles

The Rotarians had a good time at their weekly dinner when one of thier number was up before a mock court for throwing the baseball game to the fats last week. The case was tried before Judge MacPherson, Rotarian Attridge acting for the prosecution and Rotarian Ward for the defence. A verdict of guilty was rendered, and Attorney Ward complimented his opposing counsel for the many "bald-headed" facts he produced.

CRANBROOK STEPS UP TO FIRST PLACE IN BASEBALL LEAGUE

The amateur league ball games this week resulted in a win and loss for the city, they still remaining in first place, losing to the "Y" and winning from the High in the two games played. While the City are in the lead the championship is still anybody's meat. Five games remain to be played, four regular and one postponed game. It is a question as to what loss the High school will suffer through the departure of some of the teachers.

On Friday last the "Y" took a fall out of their City brethren by trimming them 10 to 1. On Wednesday the High School lost to the City, taking the short end of a six to three score. This game was featured by a wonderful one-handed catch by Findlay of the high school of a wicked Texas leagguer from Simpson's bat. It had all the ear marks of a two bagger ,the fielder running to get the ball The game was also marked by poor baserunning on the part of the high in the sixth, when with the score six to three the unners took some foolish chances, two going out without any reason. Blumenaeur was on the mound for the city, and Musser for the high school.

In the district league Sunday last was the day for the undrdogs. Fernie and Kimberley both leaders of the league were defeated by the teams in the third and fifth places. A full report of the game at Kimberley which resulted in a win for Wycliffe will be found on. page 5. The local team journeyed to Fernie and met the coal miners on their own dump. The home team was looking for a nice pleasant afternoon's fun with the Cranbrook aggregation, but got a surprise when the visitors uncorked some of the finest brand of ball seen in the league for a long time. Mitchell pitched perfect ball and had a good team behind him all the time He allowed but two hits, both to Reshcal. Cranbrook got six hits off Ault and they were well scattered. Cranbrook scored in the fourth on a drive by Bamford with the bases full, two men crossing the plate. Fernie scored their lone run in the sixth when Ault scored on Ault's hit. In the ninth Fernie tried to stage a rally, but the best they could do was a slow ball to first and two strike-outs. In the sixth, with a man on third, Fernie's pinch hitter struck out. Score by innings:

Fernie	0 0 0 0 0 1 0 0 0—1

The Herald is in receipt of a letter from John Taylor, general road foreman, which is necessarily held over till the next issue. It has reference to a letter from "Fairplay" in last week's issue, but unfortunately did not come to hand till the last pages of the paper were going to press.

In an exhibition game at Kimberley on Wednesday the home team, with their new battery defeated Cranbrook four to one. Cranbrook was minus five of their regular line-up, and played Bamford in the box. In the second innings a player sliding for third took the feet from under Zeith who fell on his wrist, breaking a small bone.

The retail merchants of Cranbrook at their meeting on Wednesday evening decided to remain closed as usual on the half day in the holiday week. According to law they are privileged to remain open when a holiday takes place in that week. Delinquent accounts were again considered and action in certain cases decided upon. A deputation from the G. W. V. A. was present and asked the association to support them in a petition to have Thanksgiving and Armistice Days coincide on November 11th.

Mrs. Arthur Bryan of this city is a patient at the hospital this week, but is reported doing nicely.

The Star Theatre is erecting an electric sign outside the building, which will add further to the animated appearance of Norbury Avenue in the evenings.

The funeral took place today, Thursday, of Mrs. W. R. McArthur, of Toronto, who at the time of her death was a guest at the home of Mrs. J. D. Brackett, coming to Cranbrook ten days ago. Mr. McArthur arrived for the funeral today. Later the body will be removed to Toronto for re-interment.
