HELP TO WIN THE WAR BY ECONOMY AND PRODUCTION

VIMY RIDGE ANNIVERSARY TO BE COMMEMORATED NEXT WEEK

On Tuesday next, we commemorate the first anniversary of the battle of Vimy Ridge, and in view of the fact that recent events in the Great War have erased from our minds the details of the brilliant achievement of the Canadian forces at Vimy a year ago, it may be well to recall the important features of the encounter.

Vimy Ridge, which extends from Souchez to Vicury, which is just north of Arras, was the objective of the French at an earlier stage of the war and in this district their losses are said to have amounted to the enormous total of 170,000 before securing a footing on the ridge. This sector was later taken over by the British forces and Vimy Ridge allotted to the Canadians. The date set for the advance was the 9th of April and everything was planned down to the smallest detail.

Behind the Neuville St. Vaast sector, a miniature Vimy was laid out even to the details of the machine gun emplacements so that when the big day arrived, every man knew just what his duty would be when the British barrage was lifted and the order came to go "over the top."

It was a dark night and a light drizzle of rain was falling when, on April 8th, the battalions that were to make the advance, moved into the front line trenches. Comrades had little to say, one to the other, for they realized that before another sun had set many of them would be borne back to add mound after mound to the long line already to be found in the last silent entrenchments of other Britishers, dead on the field of honor. There was no fear in their hearts, however, there was no doubt in their minds as to the outcome of tomorrow's battle. They were confident.

"Heine" seemed to know that a big offensive was pending, for all night long his big batteries roared ceaselessly, while the British artillery replied intermittently. The latter saved its great weight of metal to greet the first struggling rays of the dawn of April 9th, a date that will go down in Canadian history as one of the great military achievements of the sons of the maple leaf.

Watches in hand, timed exactly with those of the artillery commanders, the officers of the various units waited impatiently for the moment when the parapet was to be crossed and the enemy dislodged from his stronghold.

Weather conditions had not improved with the dawn, but at the time set the British Artillery loosed all its pent-up fury on the German lines and trenches that had been substantial and strongly constructed by the enemy, were beaten into shapeless ditches strewn with debris.

Two minutes after the creeping barrage started the order was given and the Canadians eagerly started forward, advancing under shelter of the barrage. Signals of distress from the enemy trenches were soon heard and so effective was the work of the artillery, acting under direction of airplane observers that our infantry gained ground far more rapidly than had been anticipated and after advancing in places considerably beyond the objective, withdraw to the line that had been planned and proceeded to consolidate the gain.

The night of the 9th fell with the infantry at rest with the heavy artillery growling sullenly. Weather conditions improved during the night and on the morning of the 10th a further charge resulted in the Canadians taking about 2500 yards.

In ten days, the Canadians, co-operating with the Imperial forces advanced on a ten mile front to a depth at some points of six miles and to the Canadians alone fell 5000 prisoners and a large quantity of booty, including one naval gun, 35 howitzers, 27 field guns, 124 machine guns and 27 trench mortars.

In the words of Capt. Rev. Alan Shatford, C. E. F., the magnificent victory of the Canadian troops was worth all our anguish and our struggles.

Needless to say this advance was not made without considerable losses and in this connection it is interesting to note the opinion of James H. Thompson regarding the work of the Ambulance Corps. Thompson, who enlisted here with the 54th Battn. in March 1915, went overseas with a draft and being attached to the 7th Battalion was in one of the first waves advancing from the Vicury end of the ridge. He was attached to the C. A. M. C and speaks in the highest terms of the work of the St. John Ambulance Association and he is in a position to speak with authority as he saw considerable service in France and in addition to ministering to the wounded was himself put out of action for nine weeks through a shrapnel bullet when working near Ypres and later being invalided home after suffering from shock caused by a shell bursting within a few feet of him in Fresnoy Woods. For his work Thompson was awarded the military medal.

The local branch of the St. John Ambulance Association plans to commemorate Vimy with a Flag Day on Tuesday next and it is hoped that the funds of the local branch may be considerably augmented so that the members may carry on with renewed energy the good work they have been doing as a branch of the parent organization which at the present time is unable to do all that is desired and could accomplish very little were it not for the activities of its members in every part of the Empire.

POLICE COURT PROCEEDINGS

Rex vs. John Pattinson

This case was heard before Police Magistrate Arnold on Wednesday March 27th. The accused John Pattinson was charged with having liquor in a place other than a private dwelling house.

Liquor to the value of approximately $400.00 was being conveyed by the accused to some destination when seized by the Police.

B. C. Hersey, Chief of Police, for the prosecution.

Mr. A. B. Macdonald for the accused.

The accused, through his Counsel, pleaded guilty, the Court imposing a fine of $50.00 or thirty days imprisonment.

The fine was paid and Mr. Macdonald applied to the Court for return of the liquor.

Chief Hersey:—Provided that Pattinson can prove to the satisfaction of the Court that he is the owner of the liquor, I raise no objection.

Mr. Macdonald:—You have inflicted a fine of $50.00 for this man having liquor in an unlawful place. There is nothing more left. The gist of the case is having liquor; being in possession of liquor, and having it in an unlawful place. Pattinson had the liquor. If he had it in his house, you could have no objection; there could be no fine. He had the liquor on the street or in an improper place. He is fined for that, but there is no way in which the liquor can be confiscated. This is not a civil trial. If this is not Pattinson's liquor, then the person who owns it may start his action. He might start something but would not get very far.

Your Worship, fortunately you have a precedent on it, in the cases at the Coast at the present time, where a person had liquor in an unlawful place the order has been for return. That has been decided by the magistrates absolutely.

Chief Hersey:—Counsel for the defence has cited cases at the Coast. I have kept myself posted. The cases at the Coast are entirely different, for instance that of Lim Jim. In those cases the claimants have been able to prove that the liquor that had been seized has been their property. I maintain that Pattinson in this case, cannot prove that this is his property. If this case is to be heard with regard to whose property this is, I suggest that it be heard in the ordinary way on some future occasion and I will be in a position to prove that this liquor could not possibly have belonged to Pattinson.

Mr. Macdonald:—Your Worship is here to try that case. Now, my friend the Chief, wants to try a suit possibly between Pattinson and some other parties. Where you are sitting exercising jurisdiction over criminal cases, you surely have no right, and the Chief knows perfectly well that you have no right to decide a civil matter, except to follow the ordinary course. Here, there is a fine for Pattinson having liquor. Pattinson pays his fine and he is placed in the same position as when the Chief arrested him. He has paid the penalty and reverts to that position. If the Chief can establish that that liquor is not Pattinson's, then he had no right to have Pattinson here, but he has chosen his form. The Chief undoubtedly is asking you to sit on a civil case, which is absurd.

Chief Hersey refers to Sec. 51 of the Prohibition Act.

Mr. Macdonald—Section 51 does not deal with this at all. There is no diference in this case and any other case.

Magistrate Arnold—As the Information is laid, Pattinson is charged with having liquor in a place other than a dwelling. You, as his Counsel, pleaded guilty, but did not say that the liquor belonged to him.

Mr. Macdonald—We plead guilty to having liquor in our possession. Now we want the possession of that liquor.

Magistrate Arnold—I do not think you should have possession of it.

Mr. Macdonald—I submit your Worship, that you are overstepping your jurisdiction. You are endeavouring now to decide a civil matter.

Magistrate Arnold—Chief Hersey, and I think, you, have referred to cases at the Coast. I have watched decisions at the Coast. Mr. Justice Macdonald decided that liquor could not be held, but in that case it was proven whose liquor it was. In the case of the chinaman it was proven that it was his.

Mr. Macdonald— Is there any proof that it is not Pattinson's except hearsay.

Chief Hersey—I am in a position to prove it.

Mr. Macdonald—Your Worship in this case is taking something that is not before the Court, as proof. I do not want to argue the matter any more.

Chief Hersey—I would point out that Pattinson has not spoken a word in this matter..

Mr. Macdonald—He has pleaded guilty.

Magistrate Arnold—He does not say that it is his liquor.

Mr. Macdonald—He is charged with having it. He pleads guilty and pays his fine. We are charged with being owners of it and having it in an improper place and—

Magistrate Arnold—It has not been brought out where the improper place is. I do not know where he had the liquor.

Mr. Macdonald—So far as that is concerned, he had possession of the liquor and possession is ownership until it is set aside.

Magistrate Arnold—It has not been shown where the liquor came from.

Chief Hersey—If you will allow me to make a suggestion, I would suggest that you place Pattinson under oath and ask him if he is the owner of this liquor.

Mr. Macdonald—If your Worship would attempt that, I have a serious objection that I would raise.

Chief Hersey—I have no more to say.

Mr. Macdonald—This is eactly what I object to. We have a case which should be tried on its merits. It is being tried on hearsay. There is absolutely no evidence that Pattinson does not own it.

Magistrate Arnold—There is no evidence before the Court that it is Pattinson's, yours or mine. He is charged with having it. I do not know where he was fetching it from, to take it to. Neither you nor Chief Hersey have proved that it is his.

Mr. Macdonald—I ask that Pattinson be placed in the position he was before paying the fine. From where did you take it? Make an order that the liquor be returned to the place from which it was taken.

Magistrate Arnold—I do not know where it was taken from.

Mr. Macdonald—The Chief knows. I do not give a rap about the question of ownership so far as this case is concerned, but you make a fine of $50.00, and now you say I am going to make a fine of $50 and confiscate possibly $200.00.

Magistrate Arnold—I am not confiscating it. The liquor can be returned to the person it belongs to on proving ownership.

Mr. Macdonald—There is the very position you are putting the case in. I am simply asking that the parties be placed in the same position as they were before this information.

Magistrate Arnold— If Pattinson will come forward and say whose it is, we will give it to him. If he will not, it will be given to you if you will say that you are the owner if you say the liquor is yours. If you come forward as a citizen of Cranbrook and say "that liquor is mine," I will make an order for it to be given to you.

Mr. Macdonald—Suppose I have a motor-car. It is in my possession but I have not a license. I can be fined for running that car without a license. My car, if I do not pay the fine, can be confiscated. There is no difference between liquor and the car.

Chief Hersey objects.

Mr. Macdonald, (continuing): Take with the car. I am fined. The car is held by the police. I plead guilty to not having a license and want my car. Am I told "Prove that it is yours and you can have it"?

Chief Hersey objects as there is no provision in the Motor Car Act as to ownership, but the Prohibition Act requires proof as to ownership.

Magistrate Arnold.—If Pattinson had pleaded guilty and denied ownership, then the liquor is kept for thirty days and confiscated if not claimed within that period.

The Magistrate referred to the Drew case, where Mr. Spreull asked for the liquor to be returned as it was proven who it belonged to.

Magistrate Arnold.—I think in this case it should be proven that it is his liquor.

Mr. Macdonald.—I submit you are wrong.

Chief Hersey.—I am in a position to prove.....

Mr. Macdonald.—I do not know about that case nor do you. If your Worship takes the stand that.....

Magistrate Arnold.—It was stated (referring to Drew case) that it had not been proven that he was not the owner and I believe it is in abeyance, but in this case it is not proven whose the liquor is and for you to say that it is Pattinson's liquor, someone else might come along.....

Mr. Macdonald.—Your finding, in brief, is this. Pattinson is charged under section 11 of the Prohibition Act with having liquor in his possession in a place other than a dwelling house. He pleads guilty and is fined $50.00. On request of Pattinson, through his Counsel, that the goods seized be returned and placed in the same position as before the seizure, the Court refuses the request, stating that Pattinson should prove that he owns the liquor. That is the position?

Magistrate Arnold.—That is it, Mr. Macdonald.

SITTING OF COUNTY COURT

The regular sitting of the County Court was held to-day. His Honor Judge Thompson heard two cases, the first being a claim for balance of wages alleged to be due to H. W. McGillivray by the Otis Staples Lumber Co. Mr. G. J. Spreull appeared for the Plaintiff and Mr. A. B. Macdonald for the defendant. Judgment was reserved.

Considerable time was occupied with the hearing of an appeal of T. Clausan from the decision of Magistrate Arnold in connection with some liquor found on the Queens Hotel premises a few weeks ago. Chief of Police Hersey and Constable John appeared as witnesses for the City while Mr. Clausan gave evidence on his own behalf. Mr. Sherwood Herchmer of Fernie appeared for the City, and Mr. A. B. Macdonald for Mr. Clausan. After listening to lengthy argument by Counsel, Judge Thompson reserved his decision.

The hearing of a third case on the list was adjourned until next week.

POLICE RAID IN CHINATOWN

On Friday last the police made a raid on certain premises in the very heart of Chinatown. In spite of the fact that look-out men or spotters surrounded the premises where the game was going on, the police by taking french leave and running thru other houses in the front and out at the back were able to get in and see the game in progress before the players had time to lock and bolt the doors.

The case came before Mr. Harry White, J. P., and Mr. T. M. Roberts, J. P., on Tuesday.

Chief Hersey prosecuted, A. B. Macdonald defended the accused. There was considerable argument both for and against, and after two hours sitting the case was adjourned until the next morning at 10.30. The result being, the case was dismissed, no reason was given on what grounds the finding was made.

HOTEL KEEPERS CHARGED UNDER PROHIBITION ACT

On Tuesday at 2 p.m., before H. White, J. P., and T. M. Roberts, J. P., James Buchanan appeared on a charge of selling liquor contrary to the B. C. Prohibition Act.

Mr. G. J. Spreull appeared for the City and was evidently prepared to proceed with the case; Mr. A. H. Nisbet appeared for the accused.

The Justices remanded the case until Tuesday, April 9th at 2 p.m., no evidence being heard.

On Wednesday at 2 p.m., Edward Nomendeau, of the Canadian Hotel, appeared before N. W. Burdett, J. P., and H. White, J. P., to answer the charge of selling liquor.

G. J. Spreull prosecuted; A. B. Macdonald defended the accused.

After considerable evidence had been heard and the witnesses cross-examined, the case was adjourned until Tuesday April 9th at 9 a.m.

A charge has also been laid against Joseph Brault of the Canadian Hotel for that he did have or keep liquor for sale. This case will be heard on Tuesday, April 9th.

SALVATION ARMY

We are making a special appeal during the next two weeks to the friends of Cranbrook on behalf of our Annual Self Denial Effort. Are there 150 kind friends who could give $1.00 each as we are anxious to raise $150.00 for our Missionary and Military work. Those who receive letters, will you kindly respond in the usual way. Donations to be sent to Box 173. Thanking you for your past help.

Her All

Only a widow, and so poor;
But all to God she gave.
Yes, all the living that was hers,
She felt the Lord must have.

None of His plentitude may give,
And none the poorer be;
But, saith the Lord who reads the heart,
"Ye did it unto Me."

—L. Hodge and G. Turner, Captains.

SPLENDID ATTENDANCE AT WOMEN'S INSTITUTE

There was an attendance of well over one hundred members at the monthly meeting of the Women's Institute at the Parish Hall on Tuesday afternoon. The chair was occupied by Mrs. W. B. McFarlane.

The proceedings opened with the singing of "O Canada," following which the Secretary-Treasurer, Mrs. J. W. Burton, read the minutes of the previous meeting and numerous letters concerning various activities of the Institute.

Resolutions recently sent to Victoria on matters of legislation brought replies from the Hon. Dr. J. H. King, and the Attorney-General, also encouraging letters from Mrs. Ralph Smith and the Chairman of the Advisory Board.

Suggestions regarding changes in the Divorce Law are being sent to Dr. Saul Bonnell as this subject is one that is governed by the federal authorities.

The question of quarantine regulations in connection with whooping cough has been referred to the Provincial Board of Health.

Premier John Oliver wrote that he was forwarding to Capt. G. W. Brewster the letter of sympathy from the Institute to the relatives of the late Premier Brewster.

The Patriotic Committee reported 6 dozen personal proeprty bags completed and the Knitting Committee have 59 pairs of hand knitted socks as the result of their efforts during March.

A collection was taken up for the Prisoners of War Fund and realized $6.75.

In an endeavor to raise funds for the Patriotic work of the Institute it has been decided to secure direct cash donations wherever possible rather than by the circuitous method of contributing a cake or pie to provide refreshments for sundry persons who may be induced to part with certain currency in consideration of card party or social evening. Mrs. R. A. Clark of Wycliffe donated $10.00 for patriotic work and small sums amounting to $5.35 were received during the cash receipts at the meeting $2.10.

The result of the 1916 attendance competition showed the Cranbrook Institute to occupy sixth place of 59 Institutes with 97 members, 12 meetings, average attendance 63. The Institutes that showed a better average than Cranbrook were in all cases small organizations and where the meetings were discontinued during three or four months of the year.

A subject of considerable interest to residents of the city as well as the surrounding districts was dealt with in an interestng paper on the poundage question, by Miss F. McD. Smith.

A matter of vital importance was discussed after the reading of a well prepared paper on "The Advisability of having Domestic Science taught in the Public Schools," by Mrs. F. B. Miles.

Mrs. G. H. Thompson gave a demonstration on War Time Cookery, and by means of samples proved that flour substitutes can be used to provide cookies and other dainties in ising as those made with wheat flour.

The musical items included an instrumental duet by Mesdames Whitehouse and Edmonson and a vocal solo by Mrs. W. C. Adlard, Mrs. J. Roy gave a recitation "Somewhere in France."

Twenty one pairs of socks were recently sent to Cranbrook boys at the front as Easter gifts.

CANADIAN PATRIOTIC FUND

Collections for the Canadian Patriotic Fund for the month of March, 1918, amounted to $949.48, which brings the total for the four months beginning 1st December, 1917, to $4,462.65.

Contributions from outside points were as follows:

Otis Staples Lbr., Co., Ltd., and employees $414.50
Yahk Lumber Co., Ltd., and employees 66.00

H. C. Seaman,
Treas. Cranbrook Branch Can. Patriotic Fund.

LARSON—ARROLL

A very pretty wedding was solemnized by Rev. Hillis Wright, at the Presbyterian Manse on Wednesday, April 3rd, when Minnie Alexandra Arroll was united in marriage to Mr. Carl Larson. The bride, who looked charming in a mulberry suit with hat to match was attended by Miss Phyllis Shaw; while the bridegroom was supported by Mr. A. E. Laurie. After the ceremony, a delightful luncheon was served at the home of Mrs. A. C. Nelson.

THE METHODIST CHURCH

Pastor: Rev. Thos. Keyworth

There will be two services on Sunday at 11 a.m. and 7.30 p.m. at both of which the pastor will preach.

Sunday School at 3 p.m.

The Church of the Cordial Welcome.

Display of New Spring
Suits, Coats, Dresses & Millinery

New Suits
Materials are Serges and Gaberdines in all the New Shades. Some plain tailored, others more fancy. In sizes 16 years for Misses to 42 for Women.

New Coats
All sizes in coats and a good variety of materials and styles to choose from.

New Dresses
Very pretty Serge Dresses, smartly made, suitable for Street Wear, also silk and crepe-de-chene dresses of fancier make.

New Hats
There are all styles of Hats. Drop in and try them on. You will find one to suit you.

LOOK OUT FOR THE WOOD-TICK

Wood-ticks are again attacking in force this spring, the woods are full of them, and the greatest care should be exercised by all parents to closely and frequently examine the heads of their children owing to the dangerous and sometimes fatal effect resulting from their bite. Ticks usually hang tenaciously to the skin but if they are covered with oil or vaseline, thus closing their breathing pores (*situate back of the fourth pair of legs*) they release their hold more easily. If pulled too roughly, the capitulum ("head") is likely to break off and remain in the skin.

THE QUEBEC RIOTS

The action of the young men of Quebec in rioting at this critical time when the safety of the Empire is in the balance and when France is bleeding at every pore, cannot but arouse the bitterest feelings of resentment throughout Canada and the vigorous measures of suppression adopted by the Dominion Government will receive general approval.

We believe a large proportion of the Quebec people are ready to stand by the Military Service Act as long as it is fairly and equitably enforced and that the present disturbances do not reflect the general trend of feeling in that province, but are the acts of a gang of hoodlums who desire to evade the clutches of the military powers and the prompt measure to deprive these men of all their claims to exemption should prove the most effective way of enforcing compliance with the law.

ANNIVERSARY OF VIMY RIDGE

Vimy Ridge is a name that will always be thought of in connection with the gallantry of the Canadian troops, who on April 9th, 1917, added lustre to a never-to-be-forgotten name for daring, courage and bravery.

Recent events in connection with the Great War may have a tendency *to erase from our minds* the details of the accomplishment of our forces at Vimy a year ago, but the mention of two names—**Banfield and Harrison**—reminds us that our own citizens were taking part in that famous battle and it is but fitting that we should take advantage of the Flag Day organized by the local branch of St. John Ambulance Association on Tuesday next to commemmorate the an*niversary of this glorious* Canadian victory by contributing liberally to the funds of the association named, in order that its members may carry on, with renewed energy, the work they are doing in the interests of our overseas forces.

Y. M. C. A. WAR FUND CAMPAIGN

A Dominion wide campaign for the purpose of raising $2,250,000 for Y. M. C. A. work overseas is being arranged. on May 7th, 8th, and 9th. The machinery in the campaign is being set up in every district throughout the Dominion. British Columbia has 8 divisions, Cranbrook being the centre and headquarters of the Crows Nest district extending from Crows Nest to Kootenay Landing and north to Athalmere and south to the International Boundary. The apportionment for B. C. is $100,000. A. L. Carr of Fernie, director in this district, is this week in Cranbrook organizing a central committee to shape up the big drive in this district.

No one will doubt the magnificent work the Y. M. C. A. is doing for our boys in England and France in helping them to win the war and prepare for after-the-war conditions. Besides providing a home atmosphere for our lads, huts, religious services, concerts, popular lectures and social meeting places, the Y. M. C. A. has set up educational work known as the "Khaki University". The enrolment of students at the present time numbers 3174 the majority of those being students who enlisted in Canada before completing their university work. This gives them an opportunity to continue their work and come back ready to fit a large place in the national life.

The growth of the Canadian Y.M.C.A. in England during the past twelve months is most interesting. One year ago there were only ten centres in the Shorncliffe Area staffed by fourteen officers and forty-seven light-duty men; today there are seventy-three centres scattered over England and Scotland from the English Channel to Narin in the Highlands, staffed by fifty-four Y .M. C. A. officers and one hundred and fifty light duty men, all serving the Canadian troops. The number of entertainments in one week's programme is 177 and estimated attendance 53,000. The work in France has grown equally as great and is one of the brightest features for our boys in a strange land.

WHAT DOES THE PRESENT LULL PORTEND?

For the moment only, the great German offensive has slowed down; reports of fierce fighting in certain sections of the British front are still coming in but it is clear that the German forces have been compelled thru sheer exhaustion and the lack of heavy artillery to pause in their mighty effort.

It is safe to assume that they have stopped far short of their great objectives and this knowledge must have a tendency to seriously impair their morale and will reflect on their fighting efficiency when the second attack is launched.

That the objectives were not reached according to the much heralded German programme is due to the heroic resistance of the British and French troops who threw themselves time and again into the beach with dauntless courage.

The present lull is all in favor of the Allies; the Germans must advance their heavy guns over shell torn ground exposed to the merciless attacks of our airmen; in the meanwhile the Allies are rapidly re-inforcing their divisions and strengthening the weak spots in the line.

The selection of General Foch, as Generalissimo of the Allied forces is a move which should have been made earlier in the war. The Germans long since recognizing the advantage of one supreme command. The change reflects in no way on Sir Douglas Haig who still commands the British forces, France is entitled to the supreme command and Foch is probably the greatest living strategist.

What the next move will be, when and where, time alone will tell. The advantage in man power is still with the Germans, but every attack in massed formation is wiping out the allied deficit, so it seems unlikely that any counter blows on a large scale will be attempted at present.

The gravity of the situation has by no means passed, but there is reason to feel confident that the limit of the German advance has almost been reached and when their energies and courage have been spent in futile attacks we may look for the psychological moment to have arrived for a counter stroke on an immense scale.

NOTES ON THE LEGISLATURE

By One of the gods.

(Special to the Herald)

Mrs. Ralph Smith has fathered a bill entitled "An Act to provide for a Minimum Wage for Women," and it has been mothered by the late speaker, Mr. Weart; now we know why the member for South Vancouver resigned *the speakership*. We would suggest that the bill contain the following clauses: First, that no woman be allowed to work any longer than eight hours a day, whether in the factory, the field, or at home. Some women now begin their work at 5 o'clock in the morning and are on duty until 10 o'clock at night, except on wash day, and then they begin at 4 a.m., and on baking day when they begin *the night before. Second, that a min*imum standard of living run alongside of the minimum wage and be fixed at what the cost of food statistician of the province figures out is necessary to maintain health, enjoyment and efficiency, and that the said minimum wage do not lag behind this standard of living. Third, that every woman be given an opportunity to bring forth her young under the best conditions *for herself and her offspring* and that all the expenses in connection with the development of her reproductive function from the time she has had to leave her employment until she is restored to economic life be paid out of the public treasury.

* * *

Mrs. Smith is to be congratulated upon the brevity of her speech on moving the second reading of the bill *to provide for a minimum wage for* women. If the session drags its weary way along the lengthening days of spring it will not be the fault of the only lady member in the house. When she speaks she speaks to the point—a good example for mere man to follow.

* * *

Oh, joy! the Hon. Minister of Mines has taken a tumble to himself—has *come off his pinnacle, as it were, and* leaves his hat behind him when he enters the legislature chamber—following the suggestion persistently made by friends of chivalry.

TWENTY YEARS AGO IN CRANBROOK

(Taken from the Cranbrook Herald, 5th April, 1898.)

Reverend Father Walsh of the Mission, passed through here Wednesday, homeward bound from Moyie City, where he held services the preceding Sunday in rooms in the new hotel building.

* * *

J. H. Sibbald is contemplting establishing a dairy near Cranbrook.

The North Star Mine near Cranbrook has developed a large deposit of galena ore, which will undoubtedly prove very profitable.

* * *

Landlord Ryan was a visitor to Fort Steele recently.

* * *

Gold Commissioner J. F. Armstrong was in town Wednesday in connection with the McCrea-Donahue case.

* * *

The C. P. R. traffic receipts for the week ending March 7th were $454,000, for the same week last year they were $325,000.

* * *

It looks now is if the C. P. R. intended to proceed with the construction of the Kuskanook to Nelson without delay. The preliminary work is being pushed forward rapidly.

ELKO NOTES BY FRED ROO

Among the distinguished visitors to Elko last week was J. H. Tabor, the man that put the candy in the Hat, and chocolate around the kisses, a gentleman and a scholar; a lively young man from Nelson flirting with the Pantry Queen, and buying her Cremo for breakfast; delegates from the Alberta and Saskatchewan Meat Trusts, smiling like a crack in an ice chest; young Mr. McEwan from Chicago with a nice red complexion like a restaurant lobster, selling milk in tall tins at bargain prices; R. U. Herron, Prince Rupert, looking like a can of imported sardines, selling whale meat; A drug traveller from Winnipeg selling patent medicines and handing out whooping cough literature and other astounding facts which tells how so and so was yanked from the grave at 50 cents per bottle; Ed. Clay, Vancouver, the Super-Dreadnought with delicious Italian dainties and plantation syrups, and his face shining like a Dutch woman's warming pan, said merchants were always welcome to look at his samples, if they meant business. A book agent from Toronto with some of Pastor Russell's works going south like a nigger that mistook the bull dog kennel for a chicken coop. A traveller from Fernie telling a hard luck story about a Coal Creek Miner who pawned his false teeth so he could buy a beefsteak, and then found himself unable to eat it, with a full line of concentrated emergency rations and Olive Oil. No travellers arriving Sunday or Monday, but well filled automobiles from the West and South.

Jim Thistlebeak says some people eat soft boiled eggs, thinking they were in a shower bath.

Miss E. B. Paterson of Kootenay Orchards, Cranbrook, and Miss E. M. Roo, Elko, are visiting with Mrs. A. M. Ellwood, Flagstone, and the Roosville Valley during the Easter holidays.

Jim Thistlebeak was invited out for *Easter Dinner and remarked that its* always better in these hard times to get a dinner for nothing, than nothing for dinner (so say all of us).

Mr. Oliver Johnson, Contractor, of Lethbridge, bought the logging camps on Long Prairie, and has a gang of men tearing them down and loading the lumber.

A man went into Fred Roo's store at Elko the other day and said to Ray Hirtz, the manager, "I want to buy some of Jim Thistlebeak's 'Physical Culture Apparatus'" and Ray sold him a hoe, rake, spode and a dozen packages of garden seeds.

Mrs. Booth and family of Fernie came down to Elko Good Friday and motored to Flagstone.

Scientists now tell us that eggs contain microbes. Jim Thistlebeak says, *being a microbe in some eggs* he has known must be a very unpleasant job.

O. C. Thompson, manager of the Burton Mine, was a Nelson visitor last week and on his return left for Calgary, where Sunday observance cranks are thicker than fleas on a Victoria, B. C., dog, which is going some.

Miss Annie Murray of the Central Office, was the guest of Miss Lottie Terris, Fernie, last weekend.

Contractor Wm. Woods, College Ave. Elko, was a business visitor to Lethbridge and Tabor, last week.

The Apaches of Potsdam, just to show they have not forgotten how, publicly hung two Sisters of Charity from the Hospital of St. Elizabeth, Antwerp, last week.

A Card of Thanks— Mr. and Mrs. Frank Swanson and family, Elko, B.C., desire to return sincere thanks for the many kind expressions of sympathy received in their sore bereavement, also to Fernie friends, the teacher and school children of Elko, for the beautiful wreath and flowers sent.

OVERWORKED, TIRED WOMAN TOOK VINOL

Now She is Strong and Hearty

Philadelphia, Pa.—"I was overworked, run down, nervous, could not eat or sleep. I felt like crying all the time. I tried different remedies without benefit. The doctor said it was a wonder I was alive, and when Vinol was given me I began to improve. I have taken eight bottles and am now strong and perfectly healthy in every respect, and have gained in weight. I can not praise Vinol enough."—Mrs. Sarah A. Jones, 1025 Nevada St., Philadelphia, Pa.

We guarantee Vinol to make overworked, weak women strong or return your money. Formula on every bottle. This is your protection.

Cranbrook Drug & Book Co., Cranbrook, B. C., also at the best druggists in all B. C. towns.

WATER NOTICE
Diversion and Use.

Take Notice that Peter Lund, whose address is Lethbridge, Alberta, will apply for a licence to take and use 1500 acre feet of water out of Mark Creek, which flows southerly and drains into St. Marys River near Marysville. The water will be diverted from the stream at a point about the Dam at Government Road crossing, Marysville, and will be used for irrigation purpose upon the land described at lots 2377 - 4045 - 6035 - 6668, Group 1, Kootenay District.

This notice was posted on the ground on the eighth day of March, *1918. A copy of this notice and* an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Cranbrook, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

PETER LUND, Applicant
A. H. DeWolf, Agent.

The date of the first publication of this notice is 14th of March, 1918.

Copenhagen Chewing Tobacco
IS THE WORLD'S BEST CHEW

It is manufactured tobacco in its purest form.

It has a pleasing flavor.

It is tobacco scientifically prepared for man's use.

Equal to 10 Horses

Three sticks of Giant Stumping Powder will do as much work as ten horses and do it quicker, cheaper and better.

British Columbia Experimental Farms, Farmers' Institutes and farmers in practically every town from Prince Rupert to Fernie are constant users of

GIANT STUMPING POWDER

—the first stumping powder made in Canada.

If *you* have not already tried Giant Stumping Powder, test it the next time you blast. You will find that it goes further and therefore costs less to use. When farmers use Giant once, they always insist upon having it in the future.

Get our free book

It contains many illustrations showing you how to save explosives in loading stumps. It explains how you can get the stumps out cleaner and easier with Giant Stumping Powder. Mail the coupon or write a postcard and the book will be sent free.

The Ford is Now Considered a Necessity for Large-Scale Farming

WHETHER you are doing work on a large scale, or a small scale, *you endeavor to reduce the delays of your farm* machinery to a minimum and save time. A Ford will assist you in doing these two things.

If your tractor runs short of gasoline, the Ford will bring a few cans right to the spot and greatly shorten the delay. Or if you need a repair, or some new plow points, you can "run" the errand to town and back in one-third the time it would take with a horse and rig.

With a Ford you can supervise the work on your ranch much more thoroughly. You can get your mail and supplies oftener, and take more enjoyment out of prairie life. A Ford will do all these things and many more, and at the same time save you money.

The strength and endurance of the Ford has been proved the world over. It is equal to the western roads and the distances.

The Ford is *the* car for the Western Farmer.

FORT STEELE

The many friends of Mr. Thomas T. McVittie, P. L. S. regretted to hear of his death at Edmonton on Monday of last week. For some months Mr. McVittie's health caused his friends a good deal of anxiety and it was thought a change would do him good, and he went with his sister to Edmonton to spend the winter months. Mr. McVittie was an old time resident of the Kootenay District where he was well and favorably known in our district and where he practiced his profession for years. He came from Barrie, Ontario, where he received his education. He was president of the Conservative Association of East Kootenay and was a personal friend of the late Sir Richard McBride.

MARYSVILLE

James'Orchestra will supply the music at the Hard Times Dance at Wycliffe, on Friday, April 5th.

J. J. Dickson and family, who has resided in town for the Winter months left for their ranch on Monday.

The Rev. Thomas Keyworth conducted services at the Methodist Church on Sunday last.

Lennard Mawson, section foreman, left on Monday last for Victoria, to report for military duty.

J. H. Thompson, military medalist, was renewing acquaintances here this week.

Harold Bidder returned home on Tuesday from Willows Camp, Victoria, pending his discharge from Military duty.

Jimmie Miller and Fred Bidder were Cranbrook visitors on Tuesday.

Mrs. Mellor spent the Easter vacation with her children Percy and Edith at Blair's College, Spokane.

Miss Ranka Lundeen left on Monday for Fort Steele, while there she will be the guest of Mr. and Mrs. J. Hayes.

Paul Handley and John Dickson, jr., were doing business in Cranbrook on Saturday.

WARDNER

The big Easter Ball given by Stone's Orchestra at the Club Hall, Monday night proved o be a howling success. It was attended by a large crowd, both from in and out of town At a late hour a dainty luncheon was served by the Misses Lottie Leask Dot. Feldhausen and Laura Thompson, assisted by Jack Braithwaite, Gus Kay and Tubby Howe. Miss Dot. Feldhausen and Tubby Howe won first prize for being best waltz partners, while Miss Lottie Leask and Jack Braithwaite won first prize for being best three-steppers. Among those from out of town who attended the dance were: Miss Lottie Leask of Cranbrook, Mr. and Mrs. O. Nelson, of Bull River, Tubby Howe of Jaffray, Douglas Finnis, Sidney Murgatroyd and Art. Burch, all of Cranbrook. Wardner attendants were: Mr. and Mrs. J. B. Feldhausen, Mr. and Mrs. E. Thompson, Mr. and Mrs. V. N. Feldhausen, Mr. and Mrs. Gene Stone, Laura Thompson, Herb. Headdon, Zena Chase, Frank Thompson, Esther Anderson, Jack Braithwaite, Millie Barnes, Gus Kay, Dot. Feldhausen, Herb. Watts, Anna Anderson, John Hafstad, Margaret Feldhausen, Frank Hastings, John Wolf, Grace Feldhausen, Jack Hafstad, and many others.

Miss Lottie Leask spent Saturday and Sunday in Wardner visiting at the home of Miss Dot. Feldhausen, 702 Military Drive.

Mr. and Mrs. Sie Heric are the proud parents of a ten-pound boy, born Sunday night.

Doug. Finnis, Art. Burch, and Sid Murgatroyd, all of Cranbrook, attended the big Easter Ball here Monday night They report having had a good time.

Mr. Jack Dahl of Bull River has purchased a new 1918 Buick touring car. It sure is a peach and all the girls are falling for Jack now.

Mr. and Mrs. C. McKenzie left Monday for Libby, Mont. where they will make their future home.

Mr. and Mrs. C. Brown and Mr. and Mrs. F. E. Biggins toured to Cranbrook Sunday.

Miss Irene Donahoe returned Wednesday from a three week's visit in Vancouver.

Miss Millie Barnes made a flying trip to Fernie Sunday.

The C. N. P. Lbr. Co., started working two sides Tuesday morning. Things sure are booming around Wardner.

ATHALMER

Wilmer Dramatic Club Scores Success

A bumper house, at first receptive, then appreciative, and speedily enthusiastic, greeted the production of a rattling good farce "Too Many Husbands", by the Wilmer Dramatic Club at McKay Hall, Athalmer, onthe evening of Easter Monday. The farce furnished two hours of almost continuous laughter and was followed by a dance. The proceeds of the entertainment supplemented by the proceeds of food table in charge of local ladies amounted to $194.00 which will be handed over to the Windermere District Ded Cross. For this production which was more ambitions and contained a larger cast than those of former years, the stage had been enlarged and extended wings added and better foot lights installed the drop curtain a really artistic piece of work from the clever brush of Mr. J. S. Chivers, who also designed the other decorations, was beautifully colored view of Windermere Lake looking southward. Most farces depend for their "punch" on either mistaken identity or misunderstandings; "Too Many Husbands" hinges on the latter. Harry Brown, a bookkeeper, and his wife, Millie, take in boarders. Among them are Arthur Maitland, an impecunious young author, nephew of a peppery old colonel. To obtain a large allowance from the colonel, Arthur has written him that he is married and in response to request for his wife's portrait has sent him a photo of Millie Brown. The Colonel, accompanied by his daughter, a former sweetheart of Arthur's, and his private secretary, arrives unexpectedly from England. Arthur, to keep up the deception, asks his friend Brown to lend him his wife. Brown complies With this basis all sorts of laughable situations ensue. The other boarders are drawn in. Brown's man-eating mother-in-law arrives with the clergyman to christen Brown's baby. There is a comic detective on the trail of the colonel's secretary, also a comic boarding house slabe and comic expressman and policeman. Now to put over comedy of this kind to get it to the audience, amateurs must not only work hard and rehearse often but they must have in addition natural aptitude in this connection. It is worth remarking that with one or two exceptions none of the participants had any previous experience in amateur theatrical, that being so greatly to their credit that they got their work across with a swing and "pep" that left little to be desired. They were letter perfect in their parts and as they warmed to the work they carried their audience with them.

As Millie Brown, Mrs. Arthur Taylor gave a splendid interpretation of a pretty much worried and at times painfully embarrassed young matron Miss Agnes Patterson, as Dorothy, the Colonel's daughter, was a shy sweet young ingenue. The comedy honors of the ladies went to Mrs. E. M. Sandilands and Mrs. A. S. Moore, the former the man-eating mother-in-law, and the latter as the slavey made the most of two excellent parts. They were better than good and deserved the hearty laughter and spontaneous applause they received.

In the leading man part, Mr. C. Kemprud, as Arthur Maitland, was excellent. Mr. D. McLeod, as Harry Brown, sustained a difficult part with conspicuous success. As the peppery old Colonel, Mr. J. L. McKay left little to be desired, while Mr. A. G. Granito, in the difficult and thankless roll of villian, made a favorable impression. Mr. E. M. Sandilands, as the Comic Detective, was funny from the start and Mr. J. J. Gifford, as the mild old parson, got a laugh when he came on and kept getting them. Mr. H Munson, as expressman, and Mr. E. Fisher, as policeman, entered well into their parts. Much of the credit for the success of the performance is due to the untiring efforts of the director and stage manager, Mr. J. S. Chivers, who placed his wide experience in amateur theatricals at the service of the Wilmer Dramatic Club, coached them throughout and designed the costumes and scenery. When one considers the time and trouble involved in putting on such a really excellent evening's entertainment as this it seems a pity it should stop at one performance but in any event the Windermere District Red Cross Association is indebted to the ladies and gentlemen who took part for the very substantial contribution and the public for the opportunity of witnessing amateur performance of exceptional merit.

Arrangements are under way to present "Too Many Husbands" at Cranbrook on the evening of the 13th inst. We wish the same success it had here.

WINDERMERE DISTRICT BOARD OF TRADE

The annual meeting of the Windermere District Board of Trade was well attended this year when allowance is made for the large number of late members who have answered the call of King and Empire and gone to the front to fight our battles. Much of the time of the meeting was taken up in reviews and listening to the reports. The report of the auditor showed the Board's funds as a whole to be in a fair state. The other important reports were those of the Council and of the Mining Committee which are given in full below.

One very pleasing feature was the presentation of a roll of honor of men of the District who up to about the first of December last had left this part to fight the battles of the Empire There was a total number shown on the list of some twenty officers and two hundred privates. The roll was presented by Mr. A. G. Cuthbert and was fittingly received by the President of the Board, Mr. J. C. Pitts, and by Mr. T. A. Pope.

Other resolutions of importance included a request for local mail sacks to be dispatched from the local centres to Cranbrook and carried through on the Kootenay Central train.

The election of officers for the year resulted in the re-election of Mr. J. C Pitts, as President; Mr. G. E. Parham was elected Vice-President, and Basil G. Hamilton re-elected as Secretary-Treasurer. The following comprise the Executive—A. M. Chisholm, C. G. T. Harcourt, F. C. Stockdale, A. G. Cuthbert, Ed. Tunnacliffe, W. H. Cleland, E. M. Sandilands, T. A. Pope and George A Bennett.

Report of the Council for the Year Ending 31st December, 1917.

To the Members of the Windermere District Board of Trade.

Gentlemen: — To-day marks the Seventh annual meeting of our Windermere District Board of Trade, we having become incorporated under the Benevolent Societies Act of the Province in the year 1912. We reached our zenith in the early part of the year 1914 but since that date owing to the altered conditions and the demands made upon our members by the exegencies of the Great War, our numbers have steadily decreased. During the past year we have again suffered losses, notably in the death of Mr. George Alexander Starke, and in the removal to another sphere of usefulness of our late Vice-President, Mr. J. E. Cornwall. Others who have gone are Messrs. L. J. Peaks, B. G. Frazer-Crierie, David Howell, J. P. Guthrie, V. R. Houghton, Cecil A. Davidson, R. St. A. Shaw, W. Whelpley and L. O'Brien. It is a pleasure to be able to state, however, that we still have forty-eight names left on our membership roll.

Commercial conditions in the District have improved as a whole since our last annual meeting, notably in the prosecution of active work in the mining sphere, especially on the Paradise, the Lead Queen and the Isaac properties and lately there has taken place the establishment of a saw milling industry at Edgewater.

Your various committees have been working industriously; but without much headway; on the matters of the Banff-Windermere automobile road and on the matter of game fish fry for our local lakes. Mr. John A. Hope, our enthusiast on game conservation, has been working single handed on the question of improvements to the Provincial Game Act.

We herewith give our annual review of agricultural industry in the District showing the comparison of crops this year with that of 1916. Timothy and clover, 955.50 acres for 1916; 844 acres for 1917; Oats for threshing 194.50 acres 1916, 131 for 1917; Oats for hay 754.60 acres for 1916, for 1917 897.75 acres; Fall Wheat 13.50 for 1916, 12.50 for 1917; Spring Wheat 123.37 for 1816 116.12 for 1917; Barley 50.75 for 1916 not any in 1917; Rye 19.25 acres for 1916, not any in 1917; Alfalfa 199.25 acres for 1916 and 205.50 for 1917; potatoes 50.55 acres, this year 33.31; gardens, 1916, 28.70 acres, 1917 31.69; roots 1917 26.08 acres; summerfallow 76 to 52 acres; horses, 1916 902 in 1917 834; beef cattle 706 to 718 in 1917; steers 236 in 1916; 228 in 1917; milk cows 185 in 1916 and 192 in 1917; hives of bees 23 as to 18 in 1917.

In this connection it is interesting to note that private enterprize has been instrumental in bringing in a registered dual purpose Short Horn bull, the property of Mr. Arthur J. Walker; while other registered sires in the district are owned by H. H. Peters, a Holstein Bull named "Kitchener" and two registered Short Horn bulls, under the care of Mr. Archer of Findlay Creek. The Stock Association of Wilmer, are in possession of a polled Angus. The Dominion Government Experimental Station now have a registered Short Horn bull and are about to add a registered boar, of which one is already on the ranch of Mr. T. W. Turner.

The District imports for the year 1917 are still very regrettably strong being 13,000 pounds of creamery butter; 5260 pounds of lard; 12,800 lbs. of hams and bacon; 2100 dozen eggs; 100 tons of baled hay and 150 tons of oats.

While the imports into the District have been heavy yet we have not been without our exports having sent out 180 head of beef cattle; 50 head of dressed hogs; 200 head of horses; 200 crates (equalling 4000 pounds) of small fruits; a small supply of new laid eggs; 975 pounds of honey; dairy butter; some 2500 ponds of dressed mutton; minerals, lumber and fur have been exports of natural products together with some big game carcases.

The prices of local products delivered on our markets have run from thirty to sixty-five cents per dozen for new laid eggs; from $25 to $35 per ton for baled hay; from 45 to 55 cents per pound for butter; from 25 to 30 cents per pound for meat in choice cuts; and from 35 to 45 cents per lb. for bacon.

All of which is respectfully submitted on behalf of the council.

B. G. Hamilton, Secretary.

[NOTE—We regret that through lack of space we are compelled to hold the Report of the Mining Committee over until next week's issue.]

E. S. STOKES,
District Registrar

Date of first publication March 22 1918
12-4t

Spring Skin Troubles

Every spring, for years, Mr. Amos Smith, of Port Hood, C.B., suffered from boils, until he used Zam-Buk. He writes:

"Each spring they would return and break out on my hands and arms. At times they were so bad that I could scarcely work. I tried various remedies without receiving any benefit. I consulted a doctor, but he was unable to cure me.

"Then a friend recommended Zam-Buk. The improvement after using the first box was surprising. I continued until the boils had entirely disappeared, and I have never had any return since."

Zam-Buk is also unequalled for eczema, ulcers, abscesses, scalp sores, ringworm, blood-poisoning, piles, cuts, burns, scalds, etc. All druggists, or Zam-Buk Co., Toronto; 50c. box, 3 for $1.25.

Military Service Act

Important Announcement to All

EXEMPTED MEN

and to the Public Generally

IN dealing with the very large number of claims for exemption brought forward for consideration in connection with Class 1 under the Military Service Act, it has occurred, as was inevitable, that as a result of false statements and difficulties put in the way of investigation, some individuals have secured exemption whose proper place is in the Army.

It is not the intention of the Government to allow these men to evade permanently their obligation to bear their part in the military defence of the Country and of the ideals for which we are fighting. To do so would defeat the purpose of the Act, and cause grave injustice to men in the second class necessarily called out to fill their places.

Exemptions Granted on False Grounds

It is, therefore, proposed to scrutinize carefully all exemptions granted to date in order to separate those which have been granted on false or insufficient grounds from those that are well founded.

With this object in view the various Registrars under the Military Service Act have been instructed to issue a series of questionnaires to exempted men. These questionnaires must be filled up correctly and returned promptly under penalty of forfeiture of exemption for failure to do so.

Exempted Men Who Have Changed Address

It is therefore important in their own interest that all exempted men who have changed their address since their exemption was granted and who have not already notified the Registrar of such change should notify him at once. Under the Regulations it is the duty of exempted men to keep the Registrar advised of any change of address, and failure to receive the questionnaire by reason of neglect of this duty must be treated as equivalent to failure to return the questionnaire after receipt.

Citizens Urged to Assist

In many instances information has been furnished by members of the public which has led to the cancellation of exemptions obtained by false or misleading statements. Further co-operation of this character is invited. The Government regard it as the Duty of all loyal citizens, not only to the Country, but to the men at the front, to assist in this way in securing reinforcements on a just and legal basis. Correspondence of this character will be treated as strictly confidential and will receive the fullest investigation.

CHARLES J. DOHERTY,
Minister of Justice.

Correspondence should be directed to Robt. S. Lennie, K.C., Registrar under the Military Service Act, Vancouver, B.C.

402K
