CRANBROOK HAS THE MINERALS THAT MAKE THE MONEY

WANT BARS LET DOWN

Employers Ask That Present Restriction on Laborers Coming From States to This Province be Removed on Account of Scarcity of Labor.

The visit of Hon. R. F. Green to this city last Thursday in connection with the New National Service Commission was a preliminary visit only to obtain the views and suggestions of employees and employers as to the best method of raising the additional men needed from Canada. Mr. Green had a meeting in the afternoon with a number of leading lumbermen, and in the evening met with a number of other employers and employees. Both lumbermen and mining men agreed on the difficulty of obtaining labor and strongly urged that the bars be let down between British Columbia and the United States in regard to workmen in order to relieve the present labor problem. Mr. Green admitted that employers all over the province were in favor of doing this, and intimated that the Government would give this matter their consideration with the probability of favorable action on their part.

Mr. Green is Director for British Columbia and the Yukon on the newly created National Service Commission, whose function will be to ascertain the man-power available throughout the Dominion and alleviate the interruption of industrial activity in the essential branches at this time by the practice of indiscriminate recruiting.

The National Service Board has absolutely nothing to do with recruiting for overseas service directly. Its business is to take a census of all males, who will then be grouped or classified as those eligible for military service in all requirements; those beyond the regulation age limit; those physically unfit. Also to ascertain the number of men at present engaged in certain industrial pursuits who are willing to adopt another branch where their services would be more beneficial; and again the number of men following a branch of employment in one locality who would be willing to migrate to another locality and follow the same occupation where their services would be more valuable to the Empire's cause.

The women of the country will be asked to co-operate in expediting the work of the board in the various communities when it is ascertained in what direction their efforts would be most effective. Mr. Green, however, did not think this would effect British Columbia to any extent except in the banks and mercantile houses on account of the very few factories in this province in which female labor could be utilized.

When the Board has completed the man power census it will have jurisdiction over the military authorities in so far as dictating where recruiting shall not be carried on. In this manner it is expected indiscriminate recruiting will be prevented from seriously depleting the man-power in those industries which are now contributing factors in sustaining the Empire.

FARMERS' INSTITUTE

The annual meeting of the Farmers' Institute was held on Saturday afternoon last when the officers were elected for the ensuing year. The attendance was very disappointing, however, and the officers ask and hope that more interest will be shown in the next general meeting which will be held on the 9th of December. Mr. Ormston resigned as Secretary but the vacancy was left open till the next meeting. The following officers were elected: Hon. Pres. A. E. Watts; Hon Vice Pres. John Levett; Pres. B. Palmer; Vice-Pres P. Woods; Directors, W B Bardgett, A. Nenzell, N. McClure, Mr. Armstrong, A. B. Smith, John Mitchell.

A resolution proposed by Mr. A. E. Watts urging co-operation with the *United Farmers of Alberta* was carried.

AGRICULTURAL MEETING WEDNESDAY AFTERNOON AT 2,30

The annual meeting of the Cranbrook Agricultural Association has been postponed till Wednesday afternoon, Nov. 29, at 2.30 city Time, in the City Hall. This is an important meeting and every farmer in the district and every business man should make a special effort to attend. The success of the Agricultural Society means much to the district, and only by the united efforts of the business men and farmers can the annual exhibition be made a success.

CLOSED THROUGH CHINESE COMPETITION

It may be a tribute to the ability and industry of the Chinese but it is not a very promising outlook for the fulfilment of the slogan "A White B. C." when a white laundry cannot make a success of the business in a city the size of Cranbrook. The Steam Laundry here has changed hands a number of times during the last year or so, each one who tackled the problem having to give it up as a money-loser. A couple of months ago two business men of the town took hold of the place determined to put it on its feet if such a thing were possible. They made some necessary improvements at the plant, put a competent laundry man in charge, and with a manager at the head who wasn't afraid to get out and hustle it looked as if it should go at last. But unfortunately the story is the same. Although they have endeavored as far as possible to meet the price of their Chinese competitors they were unable to get sufficient patronage to make the concern pay, and reluctantly decided to shut down before they went broke, pocket their losses and charge it up to experience. The laundry closes down tonight and it is very doubtful if it will be re-opened. It is unfortunate that one of the few industries of the city should have to shut down like this, throwing a half dozen male employees and a dozen female employees out of work, but until there is a greater spirit of co-operation and a desire on the part of the housekeepers to give white labor the preference the employees will have to seek other sources *of employment.*

MUNICIPAL ELECTIONS

The municipal pot is beginning to simmer a little but very slowly. Alderman W. S. Santo is the only man who has definitely announced himself as willing to stand for the Mayoralty, but we understand that if Mr. Santo remains in the field another candidate will be put up. Who that will be it is impossible to say just yet. Other names mentioned as possibilities are the present Mayor, Mr. Lester Clapp, Mr. W. A. Nisbett, Alderman Erickson and Alderman Hanson. Mr. Clapp has intimated that he will not run again though it is possible he might be induced to reconsider his decision. Mr. Nisbet is also averse to entering the fight and whether he will finally consent to stand is doubtful. Mr. Erickson would make a capable Mayor were he in the city all the time but during the year has been out of the city so much as almost to lose touch with the trend of events, and in many cases has attended council meetings at considerable incovenience to himself. It is not likely he would consider the matter very seriously. Mr. Hanson is a large property owner in the city and a solid substantial citizen who has shown his faith in the future of the city by investing his money in permanent buildings and improvements here. He has stated that he would not stand for re-election to the council but has not declared himself on the Mayoralty as yet.

There seems to be a dearth of prospective candidates for the council but of course it is early yet.

"BRITAIN PREPARED"

A Revelation of How Britain Has Lifted Herself to a State of Almost Perfect Preparedness During the Heavy Siege of the Present War.

Charles Urban, he who was responsible for the marvel of Kinemacolor, has gathered together in one tremendous footage of film the first complete and authentic revue of the accomplishments of Britain in meeing a situation for which at the commencement of the war she was practically unprepared. An exception must be made to this latter statement, however, in her great fleet, which has stood sponsor for the liberty of the seas for America and other nations, as well as for France and her own British Empire. This is exemplified in the film by illustration of the mine-sweeping operations and in other important ways.

The opening of the picture gives some excellent views illustrative of the making of the new British army, showing how in fifteen months four *million British civilians were turned* into a highly efficient military organization. Next came the making of munitions at the works of Messrs. Vickers, Ltd., showing the women and girls working at the lathe, making fuses, assembling and filling shells, and all the numerous tasks that present them-training of raw recruits, showing the training of raw recruits, howing the marvellously efficient methods resorted to is intensely interesting, the Royal Flying Corps dropping bombs on the territory of an imaginary enemy the Motor Cycle Machine Gun section at work, the provisioning of an army *showing the Army Bakery, where 172,* 000 pounds of bread is turned out per day, the review by King George V of 9,000 Irish volunteers, a contingent of the new army, arr all items of special interest. We then come to what is tabulated as "The Sure Shield of Britain and the Empire," which acquaints us with the British navy at all its angles from the making of a naval gun, which is given in splendid detail, to battleships in action, among them the "Queen Elizabeth," which was pierced by a Turkish shell during the seige of the Dardanelles. Some splendid views of the Grand Fleet in the North Sea, include submarine manoeuvers, daily sports performed by Jackies, and destroyers screening the fleet in the North Sea by circling around the ships.

WYCLIFFE SCHOOL CONCERT

The Tidy Sum of Fifty Dollars Raised for Belgian Relief Fund

Last Wednesday evening, Nov. 15th, saw the usually quiet town of Wycliffe astir with moving pedestrians as well as vehicles of all sorts. If one followed the general trend of these, he would finally bring up at the school house.

On entering here he is met by the genial "stenographer" who is acting as official door tender. After a very short wait, Mr. S. Clark took the chair and in a neat little speech explained the purpose of the entertainment, which was to raise funds for Belgian Relief, and then called upon the children who rendered in quite good style the old patriotic chorus. This was followed by recitations etc., until presently Jack Little was called upon for an instrumental. Then was it that the house went wild. They were not satisfied with one encore but demanded a second and would gladly have had a third, for the combination of mouth organ and guitar was very pleasing, especially coming from such an artist as Jack. After a few more enjoyable numbers by the kiddies, big Jim Parkins was called upon for a solo, which, after some hesitation, he finally decided to give, and the way he rendered "Miss Poverty's Christmas Cake" almost sent the crowd into hysterics. The next most interesting events were a couple of mouth organ solos by two modest young men, followed by a splendid recitation by Mrs. L. Taylor.

When at last the National Anthem was sung, every one turned homeward in good spirits being well pleased with the evening's enjoyment. The Treasurer was also satisfied for he thought that fifty dollars from a place the size of Wycliffe was quite good.

FELL DOWN TRAP-DOOR

Miss Mills, sister of Mrs. Christian, sr., fell down a trap-door Tuesday evening at the residence of Mr. W. B. Willis in Slaterville and sustained a broken wrist and severe cuts and bruises about the head and shoulder. Miss Mills was assisting in the preparation of supper and had brought a jar of fruit from the cellar. To reach the cellar it is necessary to use a trap-door in the pantry, and after bringing up the fruit Miss Mills started off to fetch up some pickles. There is no light in the pantry and whether she slipped at the top or forgot that the trap-door was open is not known, but the children heard her fall and shouted for Mr. Willis who was just entering the house. Mr. Willis truck a match and saw Miss Mills in a heap at the foot of the steps, unconscious. Fortunately, however, there were no broken bones or fractures about the head or shoulders although there are a number of severe cuts and bruises as well as the right wrist broken, and Miss Mills will be laid up for some time as a result.

LEONARD—FINLEY

A quiet wedding took place yesterday afternoon at 5.30 at the residence of Mr. and Mrs. Robert Finley when heir daughter Grace B. was united n marriage to Robert W. Leonard, of his city. The ceremony was performed by Rev. Thos. Keyworth in the presence of the immediate relatives only. Miss Ruby Finley, sister of the bride, acted as bridesmaid, while Robert Finley, brother of the bride, performed the duties of groomsman. The bride was attired in a handsome dress *f Copenhagen blue silk poplin, the* bridesmaid being dressed in Russian Green of the some material. The floral decorations were white Crysanthemums. A tasty wedding dinner was erved after the ceremony.

Both the bride and groom are well and favorably known in the city, the bride having for years been an employee at the local postoffice, and the groom being a C. P. R. brakesman unning out of Cranbrook. There were many beautiful presents sent to the ride, testifying to the popularity of he young couple. The groom's gift o the bridesmaid was a pearl brooch, *and gold cuff-links to the groomsman.*

The happy couple will reside on Watt Avenue.

WARDNER SCHOOL CONCERT

The concert held in the Library Hall Wardner, Wednesday evening, Nov. 15th, for the Belgian Children's Relief Fund, was a decided success, both from a financial and artistic point of view. The children performed very creditably and the large number of people who attended were treated to a very enjoyable evening.

The proceeds of the concert amounted to $27.75 and were forwarded to the Superintendent of Education at Victoria

RUSSIANS AND HINDOOS MIX IT UP.

(Special to the Herald)

Waldo, Nov. 20th.—A farcas of unusual proportions was staged n the Waldo Hotel here on Saturday evening last, which turned out to be a rather serious affair. It appears that a bunch of Russians from the Baker Lumber Company's camp near Baynes Lake were drowning what sorrows they had in the cup that cheers, as also were four Hindoos. Several of the Russians started in to give a caliper dance intermixed with a few calisthenics around the Hindoos, and this to them was indicative that they wished a scrap, and a rough house started. Altogether there were twenty-five Russians against the four Hindoos, and for a choise of weapons this had a Donnybrook Fair backed clean off the map, such articles as coal oil lamps, while whiskey, bottles and chairs figuring prominently in the lime light.

Several of the participants were knocked clean out of business, others receiving scalp and face wounds which kept the doctor busy until the wee sma hours of Sunday morning applying dressings.

The case came up before A. J. Joule, J. P., on Monday, but was remanded until all the participants were gathered in.

MOVED TO LARGER QUARTERS

The Cranbrook Drug Co. are now doing business in their beautiful new store on the corner, next door to the old stand. The new store is much larger, better lighted, and more convenient than the old quarters. Prismatic glass has been put in over the show windows which throws the light into all parts of the store, and makes it one of the best lighted stores in the city. The main store will be used for drugs, stationery, etc., with a commodious office at the rear, and a dispensary in the rear of this. The upstairs will be used for the display of their large line of Christmas goods and novelties, which will be opened up in a few days. Customers are given ample room to look around and inspect the goods offered for sale, and Mr. Atchison will be glad to welcome old friends and new.

CANADIAN PATRIOTIC FUND

The annual meeting of the Cranbrook Branch of the above Fund will be held on Wednesday next November 29th at 8.30 p.m. in the City Hall. Business: Election of officers. All subscribers are invited to attend.

WAR IN THE DRESS OF PEACE

Ex-rPesident Roosevelt seems to *think* that our present peace with Mexico is really a bigger war than our war with Spain. In soldiers it is Pecos Bill Shaft had no more than 25,000 troops in Cuba when San Juan Hill and El Caney were fought. Indeed, the United States has more regular and State troops under the flag today than General Scott and General Taylor together commanded in their conquest of Mexico 70 years ago. They had in the field 90,000 men. The biggest army Washington ever commanded which included all the troops under arms at one time during the Revolution, was only 68,000. There are more American troops with the colors on the Rio Grande at present than there were at any one time in the war of 1812. Whichever way you prefere to put it, this affair with Mexico is the most peaceful war, or the most warlike peace, which it has been our country's misfortune to finance.—Philadelphia Public Ledger.

The local Y. M. C. A. has had a very successful campaign for new members, no less than 29 being signed up. A very neat leather holder is now supplied for the membership cards, which makes them much more convenient to carry in the pocket. The total new members secured up till the 20th in the 10 day campaign to get 30,000 is over 23,000 and it is expected that when returns are in for the last four days the objective of the Association will be reached. The addition of 29 locally is considered very satisfactory.

The reception accorded to that old-time favorite "Ten Nights in a Bar-Room" on its appearance here last Saturday was quite different to the manner in which it was received a dacade or more ago and as far as the size of the crowd was concerned more nearly resembled a frost. "Ten Nights in a Bar-Room" apparently has outlived its welcome, at least in a territory which has already voted in favor of prohibition. The supporting company was fair though not as well adapted to the parts as on their previous appearance here in "Officer 666."

There is a spendid display of Fresh Killed Meats at P. Burn's Meat Market this week, including a lot of spring lambs and some nice mutton from Mr. Doyle's ranch at Fort Steele. A car of prime young beef has just been received from Creston and will be offered for sale this week-end. It is one of the finest shipments of beef which has ever entered the city, the animals being young and in the best of condition especially fed for the best trade. The householder who can*not find something to suit them among* the present stock will indeed be hard to please.

With a continuation of the present weather the Arena Rink will open for the season on Monday evening next. The above represents the number of years spent in fruitless efforts to cure a bad case of eczema with ordinary ointments, compared with the time it took Zam-Buk to effect a complete and permanent cure.

This was the experience of Mr. H. C. Buckley of 461 East Broadway, Portland, Ore. Writing to the Zam-Buk Co., he says: "For fifteen years I suffered with a bad case of eczema, and used all kinds of so-called "cures" and treatments, but nothing was capable of curing me until I tried Zam-Buk. *This wonderful balm, however*, completely cured me in less than a year, and not only so, but I have had no return of the disease. I strongly recommend Zam-Buk to anyone afflicted as I was."

This is but one of the hundreds of cases where Zam-Buk has effected a cure when everything else failed. The reason is easily explained. Zam-Buk being unusually refined—containing absolutely no animal fats or mineral drugs such as are contained in ordinary ointments—is capable of penetrating to the underlying tissues where skin diseases have their roots. Ordinary ointments, on the contrary, never get beyond the surface skin and so are incapable of effecting permanent cures.

Zam-Buk is just as good for salt rheum, ringworm, boils, ulcers, abscesses, blood-poisoning, piles, cuts, burns, scalds and all skin injuries. All druggists or Zam-Buk Co., Toronto. 50c. box, 3 for $1.25.

Did Hill Make a Mistake?

We confined our buying efforts this season to a "Watchful Waiting" Policy. We studied the styles closely and carefully—watched their reception—chose our garments when we were convinced we were right. Our **Ladies Coats and Suits** would do credit to any city. The business we have done in these lines has been very gratifying. We have now something like "Twenty" Coats left and have decided to make a sacrifice of our profits. Call and look them over.

Ladies' Plush Coats, full length regular price $22.50, offered at $16.50

Ladies' Ocean Wave, full length Coats, with or without belts, regular price $14.00, now $9.75

Ladies' Corduroy Coats— regular price $27.50, now $18.75

We do not intend to carry a single Coat past the 1st of January

CRANBROOK CITIZENS IN CONFERENCE

Under the auspices of the Social Service Council a conference was held last Thursday upon "Municipal Law and How to Enforce it". In spite of other attractions a good number attended and a very lively evening was spent.

The president, Rev. W. H. Bridge, after apologising for the failure of a number of speakers to keep their promise, read a paper upon "Town planning and civic government." "The War," he said, had obliged the nations to organise their resources to centralise their control. Inevitably in the future new ideas of the city and of the functions of its council would prevail. He sketched the growth of modern cities in Great Britain and explained how the great slum areas had arisen through haphazard growth subsequent upon the introduction of machinery. With the sad experience of the old country's sakes to guide them the Western builders had avoided some pitfalls. But unless the Government proved itself efficient in deaing with the problem, the expansion of cities in B. C. during the next ten or twenty years would breed conditions not unlike those of the slum areas of the older countries.

The speaker then proceeded to show that if agriculture was to be made attractive and the men returning from the front be pursuaded 'back to the land' every considerable agricultural area must be co-ordinated with a well equipped city. A city was not merely an odd collection of stores with a population clustering round them for their benefit. It was an educational, artistic and religious centre as well and might well be run upon business lines as a great institution. Before such an ideal could be realised, however, we must have as civic governers men educated in the science and art of Civics. The first step therefore was the introduction into the schools of a course in Civics. The speaker sketched such a course, claiming that could it be introduced the result would be a greater respect for law and authority, and hence for the rights of the property. The boys and girls instead of, as in Cranbrook at present, being a menace to the property owners, would be proud to help in making their city beautiful. Each school would be a source of general helpfulness to the city at large. After ten years of such training we should have men equipped, as our present generation was not, for the government of communal life.

The speaker then sketched what he considered to be the functions of the city councils in the future. The Municipal Council of the future would take hold of all public utilities, lighting, water power, tramways, jitney services, city institute including library, museum, art gallery, delivery service, architectural and housing amenities, hospitals and curative establishments. He concluded with a protest against the property qualification for mayor and aldermen in that it wrought an injustice both to the labor element and the professional class which was frequently unpropertied and exalted the possession of $500 above that of a moral character or an educated mind.

Mr. J. F. Smith spoke upon the History of Municipalities and raised the question of the destruction of local properties by Cranbrook children. Every property owner had the right to have his property protected and could lawfully obtain damages from the City Council for loss involved through their neglect to control children. He asked why nothing was done by the schools or by parents to stop this abuse.

Rev. W. K. Thomson spoke at some length appealing to parents to demand the removal of the red light district which he said, familiarised children with organised vice. He spoke of certain Cranbrook boys who had been enticed thither and of girls in the city whose loose behaviour, owing to the slackness of parental control, was leading them into the whirlpool. A remark to the effect that he would burn down every house in the row rather than allow his children to be brought up under its influence, called forth applause.

Then spoke Mrs. McFarlane who desired to see a municipal council which would tackle this problem; and Mrs. Manley who proposed that a list of trustworthy candidates be drawn up and recommended by the council to the electorate.

This last proposition met with general approval and it was agreed to work upon these lines.

A motion was passed without dissent, that the present mayor and council be asked to call a meeting of citizens at a time and place convenient to the said citizens and to lay before the electorate an account of their office.

In favor of the above motion then spoke Mr. Santo, Mr. Kay, Rev. W. K. Thomson, and the chairman. Then spoke also Mr. Kay, (upon the qualifications for public office,) Mrs. MacKinnon, Miss Pye.

CANADA NEEDS MORE POULTRY, GREAT BRITAIN MORE EGGS.

At no time in the history of the Dominion has the necessity for increased production of eggs and poultry been more apparent than at the present time. The demand is unprecedented. This is true whether for export or for home consumption. Consumers generally and even producers themselves are eating more and more eggs. The average per capita consumption of eggs in Canada this year will be greater than ever before.

The market for Canadian eggs and poultry is very firm. Prices to producers are extremely high, but even at these prices trade is increasingly active all over the country. The prospects for a continued demand are very bright. The country is facing a shortage, not only of current receipts, but of Canadian storage stocks as well. So great has been the export demand that we shall be obliged to import to meet our own requirements. Increased production has never rested upon a more secure foundation.

That poultry on the farm are profitable needs no argument. Eggs now rank as a staple article in the products of the farm. Poultry flocks can be increased materially without much additional outlay for buildings and equipment, and the increased labor involved is not such as will bear heavily upon the time of those charged with the care of the stock Some object to the present price of feed, but when it is considered that the selling price of the product is from forty to sixty per cent higher than it was two years ago, the margin of profit is such as will compare favorably with that obtainable elsewhere on the farm.

Canadian egg producers have responded well to the call for increased production. The country as a whole which was importing eggs a few years ago, has, in the aggregate, produced more than sufficient for its own requirements this year and last. Between seven and eight million dozen Canadian eggs were exported to Great Britain last year, and as an indication of what is going forward this year, nearly one million dozen were shipped during the first week of October. Yet the supply on the British market is still short, and there is a demand for many millions more. Increased production, more and better poultry, should be the motto of every Canadian farm and homestead.

Canada has all the requisites for the production of a quantity far in excess of her own requirements, and with her favorable climatic conditions can, with proper care and attention, produce quality equal to the best in the world. Only the fringe of production possibilities has been touched up to the present. The Western Provinces, with volumes of cheap feed, are the natural home for the Canadian hen. The bulk of the surplus at the present time comes from the provinces of Ontario and Prince Edward Island. Nova Scotia, New Brunswick, and Quebec do not produce sufficient for their own requirements. They must do more; and there is now an opportunity for the Western Provinces of Manitoba, Saskatchewan and Alberta to demonstrate to Canada and the Empire as a whole what they can do in this connection in this great hour of trade expansion. The first experimental shipments of eggs from Winnipeg to the British market are either now, or soon will be, on their way, and it is hoped that the increase in production in the Western Provinces in the ensuing year will be such as to warrant the opening up of big trade in this direction.

Eggs are scarce in Canada at the present time. Current prices are high, and a sharp decline immediately following the conclusion of the war is not anticipated. When prices advance gradually, as has been the case in staple food products, they decline slowly. It will take some years to re-establish the normal meat supply upon the markets of the world, and while prices of meats are high, people will continue to use increasingly large quantities of eggs. This condition will naturally be reflected in the matter of price. This is the situation. Readers may draw their own conclusions.

Oils Soothe Skin Disease

Oil of wintergreen, thymol, glycerine and other healing ingredients compounded in proper proportion into the D. D. D. Prescription has now become the universal favorite of skin sufferers in relieving skin disease. It is a mild wash that penetrates the pores and gives instant relief from all burning and itching. It kills and washes off the gnawing disease germs and its soothing oils quickly heal the inflamed tissues.

Come to us and we will tell you more about this remarkable remedy. Your money back unless the first bottle relieves you. D. D. D. Soap keeps your skin healthy. Ask about it.

"TWIN BEDS" AT THE AUDITORIUM

Friday evening, Dec. 1st, has been marked off the theatrical calendar for the presentation at the Auditorium of Salisbury Field and Margaret Mayo's international comedy success "Twin Beds", under the direction of A. S. Stern and company. Laughter holding both its sides but illy expresses the condition of an audience witnessing "Twin Beds". A delectable story is told in "Twin Beds" of the dire calamity that befalls when six people, assorted in couples and housed in three floors of a fashionable, big apartment house, have a neighborliness thrust upon them which fate never intended; and of the difficulties of acquiring peace and quiet in the home when nothing but a few inconsequent feet of lathes and plaster separate one home from another. Go to the Auditorium next Friday night, Dec. 1st, and see how the authors have told their funny story, retaining your sympathy for everybody, and if you simply don't scream at the spectacle you should consult a doctor. "Twin Beds" cannot be dealt with adequately in cold print, it is too funny.

Seat sale opens Tuesday, Nov. 28th.

'NEWFOUNDLAND TO CALIFORNIA'

Brigadier McLean, who is in charge of the Salvation Army throughout B. C. Alaska and the Yukon Territory, will be visiting our town on Tuesday, Nov. 28th, and giving his most interesting lecture on his travels from Newfoundland to California, and telling his experiences in Salvation Army Warfare for 30 years. The Brigadier will give an outline of his travels by an up-to-date set of stereoptican views, illustrating some of the important work which the Salvation Army is doing in Canada, as well as showing some very magnificent scenery in and around Canadian cities, the beautiful prairie land, and the Rocky Mountains in all their scenic splendor.

This promises to be a most delightful service to all who attend. In the course of his lecture the Brigadier will give a short description of the early days of the Salvation Army since its first years in this Dominion. Brigadier McLean is a Canadian by birth.

A SUITABLE REBUKE

Judge Gary of Chicago, the story goes, while trying a case, was disturbed by a young man who kept moving about in the rear of the court room and lifting chairs and looking under things. "Young man," Judge Gary called out, "you are making a good deal of unnecessary noise. What are you about?" "Your honor", replied the young man, "I have lost my overcoat and am trying to find it." "Well," said the judge, "people often lose whole suits in here without making all that disturbance."

NOTHING MORE DRAMATIC

(The London Sketch.)

"Nothing more dramatic in the way of war photographs has ever been thrown on the screen than the official films of the British advance in the Battle of the Somme. They are "the real thing," taken, not at a discreet distance from the front, but right in among the fighting, the wounded, and the prisoners."

NOTICE TO CREDITORS

In the Matter of the Creditors Trusts Deeds Act and in the Matter of the Assignment for the Benefit of Creditors of Messrs. Roberts & Winsor of Jaffray, B. C.

NOTICE IS HEREBY GIVEN that Messrs. Roberts & Winsor, of the town of Jaffray, in the province of British Columbia, carrying on business as lumbermen, at Jaffray, B. C. aforesaid, has made an assignment under the Provisions of the Creditors Trusts Deeds Act of all their estate, credits and effects to Alan G. Wilmot of the same place, Accountant, for the general benefit of their creditors.

A meeting of their creditors will be held at the offices of the undersigned solicitors for the assignees in the City of Cranbrook on Monday the 4th day of December 1916, at the hour of 2.30 o'clock in the afternoon to receive a statement of affairs, to appoint inspectors, and to fix their remuneration, and for the ordering of the estate generally.

Creditors are requested to file their claims with the assignee or his solicitors with proofs and particulars thereof required by the Creditors Trusts Deeds Act on or before the day of such meeting.

Notice is further given that after the first day of February 1917 the assignee will proceed to distribute the assets of the debtors among the parties entitled thereto, having regard only to the claims of which notice shall then have been given and that he will not be liable for the assets or any part thereof or distribute to any person or persons of whose claim he shall not then have had notice.

DATED at Cranbrook B. C. this 16th day of November, 1916.

Solicitors for Alan G. Wilmot, Assignee.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-West Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. No more than 2,560 will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, of legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the workinng of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Alex. Chisholm of Fort Steele came in on Wednesday and is the guest of J. E. Gifford, manager of the Selkirk Mining Co., which company is operating on Mr. Chisholm's old claim, "The

INVERMERE

Acting on the suggestion sent out by the Department of Education for the Province the children of this part have been giving public entertainments during the past week in order to raise funds for the suffering children of the Kingdom of Belgium. In every case the entertainment has been of their own and sole production with the kindly assistance of the public school teacher. That in Athalmer took the form of a bazaar and the one given here was a concert. The amount of money realized in both instances was most creditable, here it reached the sum of thirty dollars.

Doris Sainsbury was one of the stars in the performance. The chairman was Gilbert Traynton, one of the ex-scholars of the school, who now holds an important position in the Imperial Bank of Canada, here.

On the morning preceeding the entertainment the children, on behalf of *the Department, were formally pre*sented with a framed fascimile of that famous treaty known as "A Scrap of Paper." The presentation was made by members of the School Board accompanied by remarks setting out what the famous treaty stands for. Captain F. P. Armstrong, of Nelson, was present and also addressed the children telling what was being done along similar lines by the boys of that city.

During the past week there occured at the Windermere District Hospital here, the death of Tom Jones, following a long illness. Mr. Jones has for many years been engaged in farming about Spillimachene, but prior to that time he was a miner and prospector. In the early eighties he was about Fort Steele and later migrated into this part where amongst other finds he was fortunate enough to discover the claim which is now the famous Paradise mine of this part.

Mr. Jones was an Englishman by birth and leaves no known relatives in this part. His burial took place in the cemetary at Windermere.

ELKO

Archie McKee, an old Elko resident, came in from Vancouver and visited old friends and relatives after an absence of six years.

Mr. Cadwell, Manager of the Burton Mine, is building an ore chute and new landing stage. The development of this mine the last few weeks is the talk of the country. There is enough ore in sight to pay the Bond several times over and will be a big boon to the old historic burg. Men are being put to work just as fast as there is room for them, and Mr. Caldwell expects to have thirty men working by the first of the year.

George Hearn and a party of big game hunters left for the South Fork country Monday.

Mr. and Mrs. J. Leslie McKee of Redvers, Sask., moved into Elko and are residing in North Star Park.

Your Child's Cough

Is it nothing? Is it to be neglected until it leads to that terrible scourge consumption? Peps stand between winter coughs and colds, and serious consequences. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing.

Try a 50c. box of Peps for your cold, your cough, bronchitis or asthma. All druggists and stores or Peps Co., Toronto, will supply

Mrs. Wm. McKay of the Waldo Hotel is an inmate of the Fernie Hospital, and according to latest reports, is doing nicely.

Some of the farmers in the district are complaining about the icy condition of the Government Road near *the G. N. Depot, which they say is* very dangerous for them crossing with loads, and undoubtedly should be attended to.

Fred Docherty, Irish by name, but not by nater, was fined in the Waldo Courthouse on Friday last for being drunk and incapable.

Here's One on Jim Thistlebeak

The peaceful atmosphere which generally pervades the Roosville Valley and International Boundary was somewhat rudely disturbed one day last week with queer and peculiar noises which seemed to come from nowhere and which gave the residents chilly sensations. All sorts of notions and thoughts entered the minds of the people, and one rustic climbed to the roof of a barn and gazed long and anxiously towards the heavens expecting every moment to see a hostile airship hove in sight, but was doomed to disappointment, and is now suffering from a distorted neck. Some of the more venturesome inhabitants got together, and after holding a somewhat hurried convocation, decided to go further afield and investigate the mystery, and arming themselves with pike poles, cant hooks, hay forks and other ancient weapons of warfare sallied forth. After cruising around for some little time the leader of the party much to his amazement on climbing ovr a fence discovered the source of all the trouble stalled in the King's Highway, and which on closer investigation proved to be none other than our old time friend and contemporary *Jim Thistlbeak of Elko with his Ford* Car which he recently purchased.

FORT STEELE

At the concert given by the pupils, under direction of the teachers, of the Fort Steele school, the children performed their parts in a laudable manner. Mr. Galbraith made an efficient chairman, being an interesting speaker.

At the conclusion of the programme refreshments, cocoa and cake, were served. Mrs. Galbraith presented the children each with a dainty box of home-made candy.

The children and audience gave three cheers for their teachers at the suggestion of Mr. Galbraith. Later the children gave three heartfelt cheers *for their popular chairman and for* Mrs. Galbraith also her helpers Mrs. Chisholm and the Misses Blair and Anderson.

Jack McNeil passed through Fort Steele Saturday on his way to Baxter and Sangin's mill.

Mr. A. D. Legg, who left Fort Steele a few weeks ago, has written to friends saying he has work with the Canadian Northern Railway Co.

Mr. A. Doyle is helping to solve the high cost of living by raising very fine cows and sheep in large numbers and selling the mutton and beef at a very reasonable price, wholesale.

On account of a rather poor attendance due to many people being out of town on the 15th, $13 only was the proceeds of the school concert. However, "every little bit helps."

Hugh Dunlop of the 225th is thinking of joining the navy. He will visit in Fort Steele at Christmas if he can get away.

$5.00 SHOES $5.00

AT the present time when it is so difficult to procure Shoe Leather, when green hides are selling at 20 cents per pound, it is exceedingly difficult to get any kind of shoe to retail at $5.00.

We have one in stock now which we believe will give excellent satisfaction, we will guarantee itto give good service at the price; of course, we do not say it is as good as a "Liberty" at $6.50 or a "Hartt" at $7.00, but we do say it is well worth the price asked $5.00.

This shoe is made of good Box Calf, Blutcher style, slip sole and nice medium toe, is a good fitter, all sizes at $5.00.

MEN'S SUITS

We have built up a reputation which we are proud of on our Blue and Brown Serges; we guarantee them in every way and we have no fear of any one, not even the Great Big Houses selling anything better or as good at a less price. These are made of Genuine British Serge.

BLUES AT $25.00. BROWNS AT $27.00

We are also showing an excellent range of Overcoats.

BUTTER

BUTTER

Butter Has Again Gone Up in Price!

But I am going to lay in a stock of the Cranbrook Butter Company's finest Creamery Butter that they are still offering at the old price. I am mighty particular about the Butter I eat, it is so easily tainted, and unless made under the most perfect sanitary conditions and with the most rigid care I would not have it at any price. When a local concern like the Cranbrook Creamery stands behind every pound they turn out, with a money back guarantee, I can fell confident that everything is all right.

For a limited time they offer the following low prices:—

SELKIRK BRAND CREAMERY BUTTER—per lb. 45c; 3 lbs for $1.30
KOOTENAY BRAND CREAMERY BUTTER—per lb 50c; 3 lbs for $1.45

Both are first quality Creamery Butter that we sell with a money-back guarantee if not satisfactory. The Kootenay Brand is just Fresh Made, and many prefer it, but both brands are first class. These prices subject to change without notice.
