Legislative Assembly April 24-11

## DINGMAN WELL AT OKOTOKS BECOMES A "GUSHER"

### Calgarians Go Speculative Mad And Oil Stocks Soar New Companies Are Formed Almost Hourly—All Enthused

Calgary, Alta., May 18.—Twice today the Dingman well became temporarily a gusher. The first rush of oil occurred about noon, while the second explosion took place three hours later. In each instance the phenomena lasted for about a minute. The drill house was filled with spectators on both occasions and they were drenched with the fluid. The oil in the well has now risen to a depth of 2,200 ft., and only bailing keeps it from coming higher. The flow of gas has also become heavier.

Four thousand people visited the well yesterday and the road between the city and the scene was lined with automobiles. Several accidents took place but no one was seriously injured.

Current opinion among oil men is that with a little more drilling the flow at the Dingman well will be increased materially as the drill has not penetrated the oil-bearing sands to any great depth.

The drill at the Monarch company's well tapped a body of wet gas at a depth of 633 ft. Saturday afternoon.

The McDougall-Seegur drill has encountered a formation not unlike that encountered in the Dingman well a month ago. It is a dark, heavy substaance.

**Public Rushes to Buy**

The trading Saturday was furious. The owners of property abjoining the Dingman well took in over $100,000 during the day in small amounts. The crowd was so great that a dozen policemen were detailed to keep order. Some of the low priced companies had their entire issues of stock subscribed for during the day. The trading continued until 2 a.m. Sunday.

Dingman stock jumped from $15 to prices ranging around $125, and some small blocks were sold around $200. New brokerage offices opened up every hour. The scene enacted were much wilder than those occurring during the real estate boom of two years ago.

The land office did a record business Saturday, taking in $8,000 during the three hours it was open.

The record price was paid today for a leasehold, W. S. Harron disposing of 20 acres adjoining the Dingman property for $50,000.

That the newspapers, as well as the conservative business element in Calgary, should combine to discourage the present feverish speculation in what may, in many cases, turn out to be wildcat concerns, which may eventually work great injury to the reputation of the whole district, was one of the statements made by A. W. Dingman, managing-director of the Calgary Petroleum Products company.

"I have absolutely no interest in the matter other than that of an ordinary citizen," said Mr. Dingman. "The shares of my company are not for sale, and I have no interest in knocking Dingman. Only I think that following the general depression last year, people have been carried away by the mania of speculation.

**New Companies Every Hour**

"New concerns are coming out virtually every hour, and it has been stated that some of them have begun selling share before they got their charter. Whether or not some of the methods employed are legal or not, I don't know. But there is no doubt that anyone holding a lease for oil almost anywhere in the southern part of the province can form a company, and in the present excited state of the people, easily unload their stock.

"It is clear that such a procedure, indefinitely repeated, will give the district a bad reputation and do the new industry the greatest possible damage. I repeat, I have no desire to knock anyone, but the present mania for speculation will wind up in loss and disappointment for thousands who are investing their savings in the pieces of paper that represent share certificates."

Asked as to the latest developments at the well, Mr. Dingman said that following the removal of 26 barrels of oil yesterday, a gusher had leaped *far over the top of the derrick—a dis*tance of 86 feet, one of the most remarkable phenomena ever noticed in an oil field.

"The oil seems to be rushing in with greater force all the time," he continued, "and gushers are becoming more frequent. We are very short of receptacles at the well and have closed the well until we can get sufficient tanks there. This will probably take several days, and by the time the tanks reach there we hope to have some tubing to put down in the hole around the casing to form an air-tight space. This done, we anticipate the gas will force the oil out of the well in a steady stream, thus obviating the need of baling and at the same time putting an end to the gushers. As I said, however, this will take a few days."

Mr. Dingman further stated that the gasoline was meeting with a ready sale, it having been found far better for automobiles than the ordinary "juice."

"A farmer near here experimented with some in his traction engine," continued Mr. Dingman, "and he is delighted with it. He says that it generates considerably more power than the ordinary fuel. There is no doubt that it is an exceedingly high grade oil."

In a few concise words Mr. Dingman laid at rest the rumors regarding the possible action of the American oil trust. He expressed the opinion that while the trust probably had a representative here it was merely to watch developments.

"It is not the policy of the Standard Oil to rush in and buy a lot of speculative properties. The trust is not a developer. It waits until the development is done and then pays the price. Money is no hindrance to the trust. Several years ago I tried to interest the trust in the oil possibilities here. They stated that they would not be interested until the industry was on a working basis. 'Then we'll talk business,' they said. The talk of the trust coming in now and snapping up the properties at the present time is all nonsense."

## WATER IMPROVEMENTS TO BE VOTED ON

**By-Law Providing for $110,000 for Water Works Will be Submitted to People on June 10th**

Special meeting of the city council was held at the city hall on last Wednesday evening, those present being Mayor Simon Taylor, City Clerk T. M. Roberts, City Engineer J. C. Glenday, Aldermen Horie, Leask, Genest, Campbell and Hickenbotham.

The meeting was called for the purpose of discussing the Water Works Improvement Debenture Bylaw No. 138, which provides for the raising of $110,000 by sale of debentures to be used in rebuilding the water works.

The bylaw was introduced and read section by section and passed first reading. It was proposed to submit the same to the people in a special election to be held on June 10th, and motion by Campbell and Hickenbotham that bylaw be published in Cranbrook Herald on May 21st and 28th, and Prospector May 23rd and 30th carried.

The proposed improvement provides for the building of a new dam or reservoir, the installation of a 14-inch pipe line from the dam to the city and the relaying of the city water mains with steel pipe, replacing the wooden pipe.

The by-law is published in full in another column of this issue.

## INFANTRY TO TRAIN AT VERNON

**Six Hundred Members of Twenty-Third Infantry Brigade To Meet at Vernon**

Vancouver, B.C., May 19.—Vernon will after all be the place where the Twenty-third Infantry brigade, com*prising the 6th, 72nd, 11th and 104th* regiments, will train this year and the local regiments, about six hundred strong, will entrain next Saturday night, according to Lieut. Col. J. Duff Stuart.

Colonel Roy, who was here Saturday for the inspection of the 6th D. C. O. R. had a conference with commanding officers of local regiments and afterwards wired a synopsis of the situation to Ottawa and an answering telegram was received today authorizing the holding of the camp at Vernon.

The camp at Vernon will be the largest ever held in British Columbia. There will be about 1,800 men under canvas of all ranks. It is planned this year to work the infantry and cavalry together and an ambitious series of maneuvres will be worked out.

## CONSERVATIVES ELECT OFFICERS

**Annual Meeting of Cranbrook Conservative Association Held in Campbell and Manning Block**

Annual meeting of the Conservative association was held in the Campbell & Manning block on Tuesday evening, and the election of officers for the ensuing year resulted as follows:

Honorary President—Sir Richard McBride.

Hon. Vice-President—T. D .Caven.

President—A. J. Balment.

Vice-President—Geo. F. Stevenson.

Secretary-Treasurer—Wm. Steward

Executive Committee—J. D. McBride, E. A. Hill, Dr. J. W. Rutledge, Lester Clapp, A. C. Shankland, Ed. McMahon, S. McDonald and Jas. Martin .

## FATAL ACCIDENT AT CRESTON

**George English Thrown From Team and Instantly Killed**

A fatal accident occurred on Tuesday afternoon on the Continental mine wagon road, Creston, near the half way hause, international boundary line. George English, a teamster in the employ of the mining company, was proceeding to the mine in a wagon when one of the springs under the seat broke, throwing English out and killing him instantly. He was found by another teamster coming along later. The skull was fractured, one leg broken and the body badly cut and bruised.

The deceased was a son of Dan English of this place, and was 26 years of age. The funeral will be held today and the remains interred in Port Hill cemetery.

## EMPIRE DAY CELEBRATION

**Cranbrook Children Will be Entertained by the Overseas Club.**

All the children of this city are reminded to be at the government building on Empire day, May 25th, at 1.30 p.m., when they will hear some patriotic addresses from prominent citizens, after which they will be marched to the Rex theatre, for a free patriotic picture show. As they leave the theatre candies, oranges, etc., will be given each child.

Do not forget the dance in the evening, Empire day, May 25th, at the Auditorium at 21.30. Tickets $1.00 per couple and 50c. for extra lady. A good time is assured.

## *Corporation of the City of Cranbrook.*

TO THE ELECTORS OF THE MUNICIPALITY :

In another column will be found a notice calling for the votes of electors of the municipality of the City of Cranbrook on Bylaw No. 138, being a bylaw authorizing the borrowing upon the credit of the water revenue and charges a sum of $110,000.

The council have thought it advisable to briefly explain to you their reasons for advising the expenditure of this sum:

The maintenance charges from October, 1909, to November, 1913, amounted to $28,408.16, which charges have been gradually increasing, and last year reached the very large sum of $8,475.00. Of that sum $1800 was expended in repairs to the dam.

The council have called into consultation Mr. A. L. McCulloch, C.E., of Nelson, B.C., and he reports with reference to the dam and reservoir as follows: "Your present storage reservoir is inadequate, the dam is unsafe and leaks badly. This dam is built of timber crib covered with earth, the timbers of which are badly rotted, and it is not advisable to utilize this dam in any improvements made. Instead I recommend the construction of a new dam at a point 750 feet above the present dam, on the city's own property.

Mr. McCulloch proposes to build a new dam at a elevation of 3222.5 feet, being 15 feet above the creek bed at the site, it being also 15 feet above the water level in the present reservoir.

With the water elevation in the reservoir at 3217.5 the storage will be 2,000,000 gallons, and the estimated cost of the dam would be in the neighborhood of $6,000.

It is proposed to replace the entire system at present composed of wood stave pipe with steel pipes, and apart from the reduction in the maintenance charge, which, as referred to before, last year amounted to $8,475. It is estimated that if the system is installed the saving would be in the neighborhood of $6,000 annually. The city will obtain a safer and more permanent supply of water in case of fire, and will give an increased pressure at the hydrants of 50 per cent.

The council feel that this work will have to be taken in hand in the course of a very short time and from the information gathered it appears that at the present time, owing to the conditions of the money market and the ample supply of labor that the improvements can be done more economically at the present time than they probably could be done later on.

THE MAYOR AND COUNCIL OF THE CITY OF CRANBROOK

## LIBERALS ELECT NEW OFFICERS

**Annual Meeting of the Cranbrook *Liberal Association* Held at Club Rooms**

There was a very good attendance present at the Liberal club rooms, over Lester Clapp's store, last Thursday evening to attend the annual meeting of the Cranbrook Liberal association. Mr. Chas. R. Ward, the president, called the meeting to order and announced that the first order of business was the election of officers for the ensuing year, which resulted as follows:

Honorary President—Sir Wilfrid Laurier.

President—T. S. Gill.

First Vice-President—Dr. F. B. Miles.

Second Vice-President—J. E. Kennedy.

Third Vice-President—C. C. Connolly.

Secretary-Treasurer—Oliver Bristow.

Executive Committee—J. E. MacFarlane, Malcolm Horie, C. R. Ward, Ed. Paterson, Jos. Brault, Fred Russell, A. B. Smith, M. E. Collins and Dr. J. H. King.

Delegates to the next meeting of the District Association, which will be held at Fort Steele, were elected.

The retiring president, Mr. C. R. Ward, reviewed the political situation during the past year as well as giving a brief outline of the work of the association during his incumbency in the president's chair.

## CRANBROOK'S POTATO PATCH

Eighteen boys as named below have entered the potato competition under the auspices of the provincial government. Each boy must plant 44 rows of potatoes each 33 feet long. The following is the list of boys competing and the number of rows planted to date:

| *Name* | Rows planted |
|---|---|
| Turner, John | 21 |
| Swain, Joe | 5 |
| Webb, A. H. | 44 |
| Hannot, H. | 15 |
| Fyles, H. | 36 |
| Argue, G. | 42 |
| Leask, M. | 32 |
| Malcolm, E. | 30 |
| Lees, B. | 13 |
| Murgatroyd, S. | 39 |
| Mennie, A. | 44 |
| Briggs, Ph. | 32 |
| Swain, Fred. | 14 |
| Rogers, F. | 16 |

**Home Workers**

Couldwell, A.
Daniels, W.
Doris, H.
Macdonald, H.

## IMPORTANT MEETING

**Regular Board of Trade Meeting Will be Held at City Hall on Friday Evening**

A special request has been made for a full attendance at the regular meeting of the board of trade at the city hall on Friday evening, May 22nd, when the work of the board will be reviewed and arrangements made for entertaining the Winnipeg business men arriving by special train on Saturday morning, May 23rd. All members of the board of trade with automobiles are especially requested to be present.

British India, a writer in the Outlook for the blind says, leads all eastern countries in the number of its blind people, containing about 600,000. In China there are, it is estimated, 500,000, in Japan 100,000 and in Egypt 150,000 of the unfortunates.

## MOVIES AS ADS. FOR B.C. LUMBER

**Approaching Canal Opening Stimulates Trade to Go After Business**

VANCOUVER, B.C., May 16.—The taking of moving pictures of the great parade of British Columbia lumber interests here on June 12 will be probably the first serious attempt ever made in Canada to advertise the lumber industry of the Dominion through the "movies." Arrangements have been made by the committee in charge of the lumber parade, which is to form part of the Vancouver pageant to have thousands of feet of film pictures taken by a leading "movie" company. These views will be shown all over Western Canada and throughout the States, in fact, everywhere that the B.C. lumberman sees a chance of enlarging a market. The prairies of Western Canada, for the battle ground, so to speak, between eastern and western lumbermen, and the "movies" will be made a great factor in "boosting" the Douglas fir products of the British Columbia coast.

The recent activity of the mill men of this province in advertising their wares is directly attributable to the early opening of the Panama Canal. Not only are they anxious to sell in increasing quantities to the prairies but they also hope to invade the Atlantic coast, and this can only be done through the new water haul route created by the canal opening. At the present time, Washington mills, competing against southern yellow pine companies, manage to dispose of a large quantity of Douglas fir every year on the Atlantic coast, selling both in New York and Buenos Ayres, by cargo as well as shipping overland to points in the eastern states.

British Columbia mill operators, however, do very little cargo shipping, except possibly to the Orient, and they are now awakening to the possibility of developing a lurcative trade along this line. British bottoms, for one thing, are cheaper than American boats on charter, and the American lumber companies on the Pacific coast cannot, under U. S. marine regulations, utilize foreign bottoms in shipping cargoes to eastern U. S. ports. This relative cost advantage, in favor of the British Columbia mills, will be increased when the water haul is greatly reduced in distance and time by the opening of the canal.

## PRIZES OFFERRED TO LOCAL MARKSMEN

**Don't Forget the Rifle Shoot on Monday, May 25th, Starting at 8 a.m.**

The Cranbrook Civilian Rifle association are holding a prize shoot on Monday, May 25th. A cup given by V. Hyde Baker will be shot for in the morning open to all members who will not have made 70 or over out of a possible 105 during the season. This cup is to be awarded to the member who makes the highest aggregate score at three shoots to be held on May 25th, Jnue 27th and July 25th, with seven shots and one sighting shot at 500 and 600 yards, on the dates mentioned. Entries for this competition will close at 9.30 Monday morning.

In the afternoon Mr. G. W. F. Carter has offerad a first prize to the value of ten dollars and a second to the value of five dollars for the highest aggregate score at two, five and six hundred yards. Also a prize for the best score at each of these ranges and a consolation prize given by Mr. A. C. Bowness, Messrs. Fink Mercantile company, Mr. J. D. McBride, Messrs. Parks & Co., and the Cranbrook Jobbers. Entries for this competition close at 13.30. Members taking part will be required to pay an entrance fee of twenty-five cents to cover cost of ammunition at each range, and a marker's fee of twenty-five cents to cover the day's shooting.

Entries may be made any time with either the captain or the secretary.

## NEW TRAIN SCHEDULE BEGINS ON MAY 31

**Daily Service to Kimberley and Local *Passenger to Fernie Announced* by the C.P.R.**

Commencing on Sunday, May 31st, a new train schedule between Kimberley and Fernie has been announced. The new service means a daily passenger service between Cranbrook and Kimberley, as well as a daily local passenger service between Cranbrook and Fernie. The train will leave Kimberley in the morning as a mixed freight and passenger train. On its arrival at Cranbrook it will be transformed into a regular passenger train and after making the round trip to Fernie will complete its run from Cranbrook to Kimberley again as a mixed train.

The new service means not only the re-establishment of the daily service to Kimberley but the return of the local with a service as far east as Fernie.

The following is the official time table of the new train: No. 686 mixed train leaves Kimberley 6 a.m., arriving Cranbrook 9.30; No. 508, local passenger, leaves Cranbrook 10k., arrives Fernie 12.20; No. 507, local passenger, leaves Fernie at 13.00k arrives Cranbrook 15.15; No. 685, mixed train, leaves Cranbrook 16.10 and arrives at Kimberley at 18k.

The new time table also announces slight changes in the Calgary-Spokane train. After May 31st No. 63 will arrive in Cranbrook at 2.25 and leave at 2.40, and No. 64 will arrive at 3.30 and leave at 3.45.

## MARRIED

On May 14th a quiet but pretty wedding was solemnized at the pro-Cathedral of the Redeemer, Calgary, when Percy Adams, chief of police of Cranbrook, was married to Miss Anne Louise Attwood, of Moyie, by Rev. Dean Paget. The bride was given away by D. A. Ayers and wore her travelling suit of blue serge with white embroidered revers and hat to match. Mrs. Ayers, the bride's sister, was the matron of honor, and Miss Nina Attwood was bridesmaid. After the ceremony a reception was held at the Devenish apartments. Mr. and Mrs. Adama left on the southbound train for Cranbrook, where they will reside.

Mr. and Mrs. Adams were met on their arrival in Cranbrook by the Cranbrook city band, and a large number of friends and conveyed to their residence in an artistically decorated automobile carrying a grinning, bobbing and bowing policeman's head. They were paraded down Baker street and enthusiastically welcomed home.

## DELEGATION FROM SPOKANE

Spokane, Wesh., May 19.—The Spokane chamber of commerce will send a delegation to the Cranbrook Agricultural exhibition next September according to a decision reached today by the Inland Empire relations committee.

Other Canadian meetings to be attended by official representatives of the local chamber are Chahco Mika carnival at Nelson, B.C., July 13-18; Calgary Industrial exhibition in June; Trail fruit fair, B.C., September 17-18; and Nelson fruit fair, Nelson ,B.C., September 23-25. It is expected that Spokane will be formally represented also at the irrigation congress in Calgary this fall.

The British government has agreed to reconsider its decision not to participate in the Panama Pacific Exposition at San Francisco, and it now seems probable that Great Britain may be officially represented at the fair in a distinctly modified form.

## LIST OF DONATORS TO CRANBROOK FALL FAIR

### Subscribers and Amounts Contributed by Each for the Purpose of Aiding Last Year's Big East Kootenay Fall Fair

The following is the list of contributors to the fund for the Fall Fair which the Cranbrook Agricultural Association last year made one of the best fairs ever given in the district.

**Cash Subscriptions**

| | |
|---|---|
| East Kootenay Lumber Co. | $ 50.00 |
| P. Burns & Co. | 45.00 |
| Hiram Walker, Walkerville, Ont. | 25.00 |

*Raworth Bros., value $10.00.*
Great West Saddlery Co., Calgary, bit and bridle.
McCreery Bros., value $25.00.
Nor'-West Farmer, five subscriptions.
W .M. Park & Co., value $11.00.
Calgary Herald, - subscription.
Farm & Ranch Review, 2 subscriptions.
Fink Mercantile, value $15.00.
Vancouver World, 2 subscriptions.
Manitoba Free Press, 1 subscription.
Cranbrook Trading Co., value $10.00.
Model Variety Store, value $5.00.
T. S. Gill, silver shield.
Miss McLeod, handbag.
Beattie-Murphy Co., value $16.00.
A .M. Beattie, Waldo, cup.
E. H. Slater ,silver cup.
Northern Electric Co., Calgary, American Benaty iron.
Kerr Glass Co., 3 doz. Ecenomy jars and caps.
Ira R. Manning, 1 ¾ bbl. flour.
Ira Manning, value $22.50.
B.C. Dairymen's Association, spring dial scale.
Ross Carr, value $5.00.
Lethbridge Herald, 1 subscription.
Bank of Commerce, silver medal.
A. E. Watts, Wattsburg, silver shield.
Geo. Powell, 1913 Singer Sewing machine.
Brock Co., Winnipeg, lady's umbrella.
C.C.S., baby's carriage.
R. J. Binning, large framed photos.

## METHODIST CONFERENCE AT KAMLOOPS

**Rev. W. Elson Dunham Returned to Cranbrook For Another Year.**

Rev. W. Elson Dunham, pastor of the Methodist church, who has been attending the twenty-eighth annual session of the British Columbia conference of the Methodist church at Kamloops, B.C., has furnished us with the following report of the proceedings:

The new president elect is Rev. Elihu Manuel, of Robson Memorial church, Vancouver, B.C.

The former secretary, R. Forber Stilliman, was re-elected.

The following stations in the East Kootenay district have been supplied:

Cranbrook—W. Elson Dunham.
Moyie—J. R. Norton.
Kimberley—Joseph Evans.
Fernie—Daniel M. Perley, B.A.
Michel—Elbert C. Curry.
Coal Creek—J. Stoodly.
Creston—Fred. L. Carpenter.
Morrissey, Corbin, Hosmer, Elko and Baynes Lake are still to be supplied.

The congregation of the Methodist church will be pleased to learn that Rev. Dunham is to be returned here for another year.

## DUKE COMING TO BRITISH COLUMBIA

**Official Announcement of Final Tour in Canada is Made—Here in Fall.**

Ottawa, May 20.—The arrangements of the Duke and Duchess of Connaught for the coming summer were officially announced from the government house today.

Tonight they left for Toronto, where they will remain until May 31, and will attend the Woodbine races. At the conclusion of their visit in Toronto they will make a short tour in eastern Ontario. On June 1st they will visit Cobourg, Peterboro and Port Hope. On June 2 they will visit Belleville and Kingston and on the following day Brockville and Cornwall.

From there they will go to Quebec, where they will be in residence for a month until July 4. During his visit at the ancient city the duke will probably visit Petawawa camp and inspect the troops and make a trip through the eastern townships. On July 5 the governor-general will leave for a brief visit to Newfoundland, proceeding there on H.M.S. Essex, which is coming to Quebec in June.

At the end of July their royal highnesses will make a trip across the continent to Vancouver, making short stops en route at the principal citites. They will return to Ottawa early in September and shortly after will leave Canada.

## SERVICE THROUGH BIG DITCH BEGINS

**Barges Make Initial Journeys Through Panama Canal—Regular Run Planned**

Panama, May 18.—A tug with five barges in tow started from Balboa this afternoon and was passed through the Miraflores and Pedro Miguel locks. The tug and her tow proceeded through Culebra cut without disturbing the work at Cucatrach and were tied up at Gamboa, the half-way point in the canal for the night. The trip through Lake Gatun and Gatun locks will be made tomorrow. Five empty barges will start from Colon in the morning on the trip to Balboa. This is the beginning of a regular barge service through the canal.

## VERNON FIRE RATES THOUGHT TOO HIGH

**Merchants Pay Twenty-Seven Thousand Dollars Annually—Loss Only Forty-Five Hundred Dollars**

Vernon, B.C., May 19.—The city council, at the suggestion of Mayor W. H. Smith, has started a fight for lower fire insurance rates in Vernon, the existing rates being considered prohibitive. Statistics gathered indicate that on the four blocks of the principal business streets the merchants pay out in excess of $27,000 a year in premiums and that the total premium tax on the city each year exceeds $6,000. Never during any one year of the last four has the fire loss exceeded $4,500 per annum. The city was promised, three years ago, substantial reductions, when the fire department had been equipped with chemical engines and a modern auto fire truck. Not only has this been done, but the water system, formerly with a maximum of four inch pipe, has been enlarged, many thousands of feet of six, eight and ten-inch pipe having been laid. An invitation will be sent to A. W. Ross, of Vancouver, secretary of the Mainland Underwriters, to come here and work out a readjustment of rates.

## STATEMENT

**J. Riley Benefit Dance**

| | |
|---|---|
| Gross proceeds | $178.00 |
| Hall rent | 40.00 |

## MAKES OFFICIAL VISIT TO LOCAL LODGE

Sister A. E. Parker, president of the Rebekah Assembly of British Columbia, paid the local Rebekah lodge an official visit last Wednesday, May 13th, and delivered an extended address to the large number of members in attendance.

After the address had been received, Sister Baxter, Noble Grand of the local lodge, presented Mrs. Parker with a beautiful china breakfast set, on behalf of the local lodge.

A social session was then held and the evening spent in bonhommie and good-fellowship, and a splendid evening is reported.

## CITY BAND CONCERT

Last Sunday the city band rendered the following programme at the band stand. It is expected that the new seats will be ready for the public by next Sunday.

March—W. M .B. ..... Hall
Overture—The Elvs ..... Kiefer
Waltzes—On the Mississippi .... Daby
Selection—Martha ..... Feotow
Serenade—At Twilight Hour ..... Rockwell
March—Albanian ..... Hall
God Save the King

J. Austin, bandmaster.

## EDITORIAL NOTES

Legislation has been proposed in Canada to abolish the tipping system. It is not likely to be successful in being enforced should it pass. The only way in which this iniquitous system may be abolished is through education. If you teach the boy that he should be worthy of his hire and that the acceptance of a "tip" is debasing both to the giver and receiver and pass laws forcing hotels and railroad companies to pay their employees a living wage, the country will have gone far in the direction of abolishing the tipping evil.

In the month of April, 1913, the total revenue of the Dominion amounted to $12,145,455. In April, 1914, the total revenue stood at $9,848,998. In other words there was a decrease of $2,296,457 or more than eighteen per cent. The greater part in the decrease came in the falling off in custom's revenue, an indication of a continued drop in Canadian trade. For months past there has been a great and steady decline of Canadian trade and the April figures indicate that this accompaniment of Borden rule continues markedly evident.

A very important bill affecting newspapers was put through the house of commons last week and came up in the senate last Friday. At present the rates on newspapers are fixed by law and can be changed by parliament only. The new bill, No. 147, now in the senate, has an apparently innocent clause which takes this great power over the press of the country away from parliament and gives it to the post office officials. If it is not defeated in the senate, an unscrupulous official could legally permit the newspapers of one side of politics to go through at low postal rates, while those in the same town on the other side would be compelled to pay a much higher rate. This actually happened in the last general election. It was illegal, but the act, if passed by the senate, would make this and similar occurrences legal. It is very unusual for a government bill to be opposed in the senate, but in this particular instance when the bill was presented, Hon. Sir Mackenzie Bowell, of the Belleville Intelligencer, the veteran Conservative leader, arose at once and expressed his decided objection to the proposed change in the law, which gave such great power to the post office officials. He was particular to say that his remarks did not apply to the present postmaster-general personally or to any of his predecessors. Senator Young said a number of newspaper men had spoken to him privately in opposition and he was followed by Senator Bostock, the Liberal leader in the Senate. In view of the opposition, Senator Longheed, the Government leader, asked that the Bill stand over until Tuesday night for the purpose, no doubt, of laying the situation before his colleagues in the Cabinet.

It is a fact that the Canadian Press Assciation was not consulted on the matter, while on the other hand, it is known that at least one representative of the big "Dollar Dailies" was informed on the subject. This seems to confirm the statement that has been freely made that some permanent officials of the Post Office—unofficially, of course— are working in conjunction with the big city dailies.

## WHERE THE LIBERALS STAND.

"The first objection we have to this agreement is that although it purports to be a unification of the Canadian Northern system, it is no such unification—the twenty-eight companies are still in existence and will continue as they are today. The next point is that the guarantees that we have are absolutely illusory, that the mortgage we receive is absolutely insufficient.

"I said a moment ago, and I repeat, that this enterprise must go on. It has been conceived for the benefit of the Canadian people. We require this railway. It must not go into liquidation, but we should have the control of it. Since we must go into partnership with the Canadian Northern railway let us see that we are the master, not the servant. Let the agreement be modified; let the resolutions be modified. But, sir, as they stand at the present time they are not conceived for the benefit of the Canadian people; they are conceived altogether for the benefit of the firm of Mackenzie & Mann and of the Canadian Northern railway.

"There is this consideration to be borne in mind by the prime minister: There are interests which the transcendent, and the primary one of those transcendent interests is that of the country. I have to repeat that the interest of the country is not served by the present resolution, and as they stand it will be the duty of the opposition to oppose them from first to last." (From the speech of Sir Wilfrid Laurier on the government's proposals to aid Mackenzie and Mann by a bond guarantee of $45,000,000—Unrevised Hansard, page 3820).

# APPROACHING BALDNESS

## MAY BE CHECKED BY USING HERPICIDE

The above expression is one which is used frequently in connection with hair preparations. Just exactly what is meant by it in each instance is a question. Baldness is not a disease and hence, does not permit of a cure. It is a result invariably to be traced to the dandruff germ and if the condition has become charonic, that is, if there is complete atrophy of the hair follicles, a "cure" is absolutely impossible.

Approaching baldness, seen in falling hair, may always be checked and if the hair follicles are not atrophied the hair may be induced again to grow.

This is accomplished by regular applications of Newbro's Herpicide, which cleanses the scalp and eliminates the dandruff. Checking the accumulations of scarf skin removes the most common enemy to beautiful hair.

Soft, glossy, fluffy hair cannot grow on a scalp infested with dandruff any more than a delicate plant can grow on an ash heap. The scalp must be kept clean and free from dandruff. The best remedy for doing this is Newbro's Herpicide , which receives the highest endorsements from professional men, the stage and the best people everywhere.

Newbro's Herpicide in 50c. and $1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will ge refunded.

Applications obtained at all first-class barber shops and hair dressing parlors.

Address the Herpicide Co., Dept. R., Detroit, Mich., enclosing 10c. in postage or silver for sample and booklet.

Beattie-Murphy Co., Ltd., Special Agents.

## $45,000,000 GUARANTEE FOR MACKENZIE AND MANN

By legislation introduced into the Commons on April 28th, the Borden Government proposes to further guarantee the bonds of the Canadian Northern Railway to the amount of $45,000,000. If that legislation is passed by parliament, Sir William Mackenzie and Sir Donald Mann, the controlling owners of the Canadian Northern system, will have received assistance from the people of Canada amounting to $234,639,576 plus the value of 6,102,848 acres of land granted them in part by the Dominion and in part by the province of Ontario.

Up to June 30th, 1913, the Canadian Northern system, or Mackenzie and Mann ,had received from the people of Canada cash subsidies totalling $41,977,741.

This amount is made up as follows:

| | |
|---|---|
| Dominion subsidies | $32,048,244 |
| Quebec subsidies | 3,562,946 |
| Nova Scotia subsidies | 3,899,605 |
| Manitobo subsidies | 641,575 |
| Ontario subsidies | 1,825,371 |
| Total | $41,977,741 |

Up to the same date, Mackenzie and Mann had been given by the Dominion and several of the provinces bond guarantees amounting to $135,715,833.

These guarantees are as follows:

| | |
|---|---|
| Dominion guarantees | $60,446,625 |
| Nova Scotia guarantees | 5,022,000 |
| Ontario guarantees | 7,860,000 |
| Manitoba guarantees | 24,408,446 |
| Saskatchewan guarantees | 8,258,,966 |
| Alberta guarantees | 8,719,796 |
| British Columbia guarantees | 21,000,000 |
| Total | $135,715,833 |

During the last session of the British Columbia legislature, however, a further guarantee bond of some $12,000,000 was given Mackenzie and Mann by the McBride government.

The land granted Mackenzie and Mann is as follows:

| | |
|---|---|
| By the Dominion | 4,102,848 acres |
| By Ontario | 2,000,000 acres |
| Tatal | 6,102,848 acres |

It is not possible to set down the precise value of this amount of land; it has increased in value since it was granted and will go on increasing in value from year to year. It is possible, however, to give an indication of the opinion held by the Canadian Northern itself as to its value. A reference to the Canadian Northern report for the year 1910 will show that the company estimated that 1,151,017 acres of land granted to it were worth "not less than $14,000,000." Apparently, then, it is not unreasonable to set an average value of at least $10 an acre upon all the lands so granted. At this valuation over $60,000,000 more would be added to the amount of the cash and guarantee assistance received by the two railway magnates from the people of Canada.

With this $60,000,000 together with the other assistance already given the railway the passage of the further guarantee now fathered by Premier Borden will bring the total aid granted the Canadian Northern up to nearly $300,000,000!

## PARTY FUNDS FROM CORPORATIONS

The Calgary Herald joins with the News-Telegram in ridiculing a newspaper which believes that the country is in serious danger when railway companies and other big interests supply campaign funds to the different political parties. The Herald gives the impresion that it is a sophisticated old rascal, which knew all about these wicked doings and was not shocked or even surprised at the terrible arraignment of Mr. Bennett. Perhaps that is the case.

The people have been suspecting this thing all along. They did not dream of the extent of it until Mr. Bennett made the bald statement in the house. Then the News-Telegram with brutal jocularity declared that it knew all about it. And the Calgary Herald declares in a small voice that it knew it too. But neither paper ever mentioned it and neither paper resents it now.

The facts as presented by Mr. Bennett were bad enough. But the attitude of the members of parliament and numerous newspapers in aceptin g conditions without a word of protest is the most depressing incident in Canadian politics in recent times.

The Albertan repeats that forty years ago this very year, the Canadian people rose in their might and turned from office one party strongly entrenched because they believed that one corporation had furnished one party with campaign contributions in large amounts. But now it is taken as a matter of fact. And here in Western Canada, one newspaper accepts it with coarse, vulgar jocularity and the other sneers at the newspaper which objects to it.—Albertan.

## MEDIATORS MEET ON MEXICAN PROBLEM

### Settlement of Troubles in Southern Republic are Being Considered at Niagara Falls

NiagaraFalls, Ont., May 20.—Stimulus was given today to the report that the self-elimination of Gen. Huerta would make it possible for the mediation conference here to bring about peace for Mexico. It was announced in a despatch received from Mexico City by the Associated Press that the provisional president had authorized his representatives to present his resignation if such a step became necessary of adjustmetnt of the trouble with the United States. Later, however, it was said that there had been an error in transmission and that Gen. Huerta had said that his delegates had no instructions to offer his resignation.

Confidence in the amicable settlement of not only the differences which have arisen between the United States and Mexico but in the ultimate pacification of Mexico through the avenues of diplomacy was reflected after the formal session of the three mediators and the represetatives of the Huerta and United States governments. s

For the last three days it has been taken for granted in diplomatic circles generally that the problem before the mediators was not so much the elimination of Huerta but what was to follow his retirement, what kind of government could be established and what persons would be acceptable to all interests in Mexico. The sentiment of disinterestedness which the Mexican commissioners expressed in their informal talks was particularly emphasized in the opening speech of Ambassador Da Gama at the first full conference of the mediation board.

Today's proceedings were concerned with preliminary organization. The plenipotentiaries of Argentina, Brazil and Chile will preside over the conferences. The deliberations will be secret. The general feeling tonight was that tomorrow some of the vital issues in the Mexican problem would be ready for submission.

## HOW MUCH SILAGE TO FEED A COW

### Will Depend Largely Upon the Capacity of Animal to Consume Feed

Washington, May 21.—Silage is the main reliance of dairy farmers in many sections for cow feed, since it has been found to be particularly well adapted as feed in this connection, in the statement contained in farmers' bulletin 578, United States department of agriculture. While silage is an excellent feed for dairy stock, it should be combined with some other leguminous feed, such as clover, cow peas or alfalfa, owing to its insufficient productive quality.

The leguminous material will tend to correct the deficiencies of the silage in dry matter, protin and mineral constituents. A ration of silage and, say, alfalfa hay alone is satisfactory, however, only for cows which are dry or giving only a small amount of milk, and for heifers and bulls. Cows in full milk require some concentrated feed in addition to hay and silage, as they can not consume enough of these feeds to keep up a large flow of milk and maintain body weight.

The amount of silage to feed a cow will depend on the capacity of the animal to consume feed. She should be fed as much as she will cuean up without waste when consumed along with her hay and grain. Raise or lower the amount until the proper quantity is ascertained. Generally speaking, a cow should be fed just short of the limit of her appetite. If she refuses any of her feed it sould be reduced at once. The small breeds will eat 25 to 30 pounds a day; the large breeds 40 or more, and the medium-sized ones amounts varying between.

Iron-clad directions for feeding cows can not be given. In general, however, they should be supplied with all the roughage they can clean up with grain in proportion to butter fat produced. The hay will ordinarily range between 5 and 12 pounds per cow per day when fed in connection with silage. For Holsteins one pound of concentrates for four pounds of milk produced will prove about right. For Jerseys one pound for each three pounds of milk or less will come nearer meeting the requirements. The grain for other breeds will vary between these two, according to the quality of milk produced. A good rule is to be feed seven times as much grain as there is butter fat produced.

## KIND OF BEEF IN DEMAND AT PRESENT TIME

There is no doubt that the beef which is in the greatest demand at the present time and which makes the highest price, is young beef of the finest quality and which has been well fed with its birth, says the London Live Stock Journal. The public are also aware of the risks they run in consuming the produce of the dairy, which may have been obtained from infested or diseased cattle. It ie necesary to be most careful only to raise healthy stock for the dairy on the one hand and on the other cattle for the butcher which will make the highest price per pound at the least expense to the feeder. It is quite true that all farms are not suitable for the breeding of cattle, and it is no use for a man to go in for this business unless he is prepared to face a great deal of worry and hard work. Given a realy good bull and a conscientious cowman it is extraordinary what good cattle can be produced from inferior dams if liberally fed. Breeding from inferior dams is not, however, advocated. The bull is said to be half the herd, and in many instances a cowman who takes an intelligent interest in his work may be said to be the other half.

## LACROSSE

Fernie will be here next Monday, May 25th, in full force to clean up the local lacrosse team, and a warm contest is anticipated. The local team has been practising consistently and are in shape to give a good account of themselves. As lacrosse is the only organized sport here this season it shoud receive the hearty support of the public and the boys shown that their efforts are appreciated. The local grounds have been levelled up during the week for the game and will be in good shape. Let the boosters get out and encourage the boys to keep the championship of East Kootenay at home.

## CHURCH COLUMN.

### CATHOLIC CHURCH

Sundays—Low mass at 8:30 a.m., high mass, 10:30 a.m.; Sunday School from 2 to 3 p.m.; Rosary and Benediction at 7:30. p.m.

Mondays and holy days of obligation— Mass at 8 a.m.

Week days—Mass at 6 a.m. at the hospital.

P. Plamondon, O.M.I.

### BAPTIST CHURCH

Rev. O. E. Kendall, Pastor.

Preaching services, 11.00 a.m. and 7.30 p.m.

Sunday school, 3.00 p.m.

Fellowship Bible class, 3.00 p.m.

Baptist Young People's Union Monday evening at 8.00.

Weekly prayer meeting Wednesday 8.00 p.m.

Junior B.Y.P.U. Friday 4.15 p.m.

Week-end meeting for prayer Saturday 8.00 p.m.

The topic for the morning service will be "The Lord's Prayer Series." The ground of hope that the prayer will be answered.

In the evening service the pulpit will be occupied by the British Columbia representative of the British and Foreign Bible Society.

All are invited.

### METHODIST CHURCH

Pastor, Rev. W. E. Dunham.

The Rev. Hugh Dobson, of Regina, will preach at both services.

Morning

Prelude ..... Selected
Anthem—"I Will Bless the Lord".. ..... Danks
Offertory—Adagio in E. Flat ..... ..... Spark
(Choral hymn)
Postlude—March from "Egmont".. ..... Beethoven

Afternoon

Sunday school and Onward Bible class, 3 p.m.

Evening

Service 7.30 p.m.
Organ (I.)—Andante and Allegro.. ..... Spark
(II.)—Prelude in F....Funke
Anthem—"O Taste and See".....Goss
Offertory—Communion in E. Flat.. ..... Batiste
Postlude—March in B. Minor, Op. 27, No .1 ..... Schubert

C. F. Nidd, organist and choirmaster.

The Onward Bible class will hold a picnic at Perry Creek on Monday.

### KNOX PRESBYTERIAN CHURCH

Pastor W. K. Thomson

Divine service at 11 a.m. and 7.30 p.m .

Morning service: Psalm 2 C: 10-12 vs.

Evening service: Job 26 C: 12 vs. "He Divideth the Sea With His Power."

S. S. and Bible class, 3 p.m.

Selections by choir at morning and evening worship.

Choir leader—Mrs. E. Paterson.

Organist—Mr. H. Stephens.

Mid-week service Tuesday, 8 p.m.

Knox Literary and Debating Society on Wednesday evening, 8 p.m.

## WATER NOTICE

Application for a license to take and use water will be made under the "Water Act" of British Columbia, as follows:

1. The name of the applicant is Florence Edith Tibbetts.

2. The address of the applicant is Marysville, B.C.

3. The name of the stream is: Unnamed spring rising on Lot No. 10367, Group One, Kootenay District. Spring rises on south-east corner of said lot. The stream has its source in Lot 10367, and flows in a south-westerly direction, and sinks about 100 feet from rising point on Lot 10368, Group One, Kootenay District.

4. The water is to be diverted from the spring where it sinks on Lot 10367, 75 feet from northern boundary line of Lot 10368, Group One, Kootenay District.

5. The purpose for which the water will be used is irrigation.

6. The land on which the water is to be used is described as follows: Lot No. 10368, Group One, Kootenay District.

7. The quantity of water applied for is as follows: Five (5) inches.

8. This notice was posted on the ground on the 20th day of May, 1914.

9. A copy of this notice and an application pursuant thereto and to the requirements of the "Water Act" will be filed in the office of the Water Recorder at Cranbrook, B.C. Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

20-5t Florence Edith Tibbetts.

A high school of horticulture for young women of France has been opened near Paris under the auspices of the Union for the Agricultural and Horticultural Instruction of Women.

# Keeping Out of the Ruts

The blood of a business which advertises regularly runs faster than the blood of a busines which rarely or never opens it mouth.

Men who get in ruts grow like ruts. There is a certain comfort and contentment in routine—which word is very close to "rutine."

Advertising compels the advertiser to bestir himself—and since he advertises to YOU, since he wants your favor and custom, you can be pretty sure that he is doing his best to deserve your favor and custom.

**A WORD TO THE PUBLIC**

**Give your custom to those who solicit it—who tell you they want it; who tell you what they are doing in your niterests. Encourage those who serve you best and most.**

**Shop Where You Are Invited to Shop**

# Between Women's Health or Suffering

The main reason why so many women suffer greatly at times is because of a run-down condition. Debility, poor circulation show in headaches, languor, nervousness and worry.

# BEECHAM'S PILLS

(The Largest Sale of Any Medicine in the World)

are the safest, surest, most convenient and most economical remedy. They clear the system of poisons, purify the blood, relieve suffering and ensure such good health and strength that all the bodily organs work naturally and properly. In actions, feelings and looks, thousands of women have proved that Beecham's Pills

**Make All The Difference**

Sold everywhere. In boxes, 25 cents.

# You Can Thank Advertising

Next time you step into the corner store, take a look around. Of all the articles on the shelves, how many were on your shopping list five years ago? Make it ten years, and you will find that most of things you buy to-day—and could not do without—were not even made then.

You men and women who buy things, let this sink in. You are better men and women because of advertising. You eat more wholesome food. You wear better clothes. Your home is better furnished. You have cleaner and more sanitary houses. You read better books and magazines. You seek more healthful amusements.

Isn't life brighter because we have new and higher standards of living?

Let us thank advertising for it.

## CANADA AND THE TIMES CORRESPONDENT

One cannot help but sympathize with the Toronto correspondent of the London Times, who has worked himself up into a state bordering on nervous prostration because of the alleged Americanization of Canada. Unless there has been a recent change, the Toronto correspondent of The Times is none other than the peerless Sir John Willison, whose voice is ever uplifted in loud and sonorous roars against "truck or trade with the Yankees." Sir John, as editor of the Toronto News, knows that Canada is more firmly Canadian than it ever was, and if he is guilty of the alarming story in question, must know that it is false in every detil.

It may be that Sir John is no longer the correspondent of the Times. If so the blame is not upon his shoulders. Whoever the author, he is guilty of serious misrepresentation. This may be the result of overwhelming ignorance, combined with a supreme belief in the writer's powers of observation. Unfortunately the story bears every earmark of deliberate falsehood. It is in tune with the great mass of twisted information which is sent out from Canada by correspondents of English newspapers, who, either as a result of barren information are forced to rely upon their imaginations or because they have not been treated with the pomp and ceremony they expected, nurse a bitter grudge against the country.

Apparently it is impossible for either Britisher or American to realize that Canada is a nation, with thoughts, beliefs, conditions and ideals peculiarly its own. The average Britisher complains that Canada is too American and the average American goes back to his own country with a story that Canada is entirely too English. As a matter of fact, Canada is neither American nor English. It is Canadian, and every Canadian is proud of it. The sooner visitors to Canada realize this the more easy will it be for them to understand the country. The constant harping of such congenital idiots as the Times correspondent is almost enough to bring about an effect entirely opposite to the one he strives to achieve. Editorially The Times commented on the horrendous news from Canada with the remark that a process "for moulding the Canadian people into a common devotion to the Empire" was necessary. This is typical of the London Times. In the estimation of the average Englishman Canada is a nice little place with rather bad manners, to be treated as a naughty child and whipped into shape.

This attitude is intolerable. It is on a par with the attitude assumed by a large number of Americans who seem to believe that Canada would be so much better off if annexed to the United States. Nothing could be more mistaken Canada is quite capable of solving her own problems in her own way and it is an insult to any loyal Canadian to insinuate that the Dominion is in need of management, either from across the water or across the border.

It is equally absurd to say that Canadians are disloyal to the mother country. When a boy leaves home to make his own mark in the world he no longer is expected to follow out a course made out for him by his parents. He seeks his own course. It does not mean, however, that he repudiates his parents. He still holds his father in the highest regard and accepts his advice, perhaps, when that advice seems good. The past has gone when dad can take him out in the woodshed to drive the advice home. The same is true of Canada. The Dominion is bound to the mother land with ties which cannot be broken any more than family ties can be broken. Canada recognizes the parent body and pays it every respect, but Canada will not brook interference.

The "Americanization" of Canada is the product of a bad dream. Canada is becoming Canadianized, for which every Canadian should offer up a prayer of thanks. Perhaps this is difficult for the Englishman and American to understand, since each in his own walk harbors the idea that Canada is distinctly inferior. Once I heard an Englishman say that the Canadain had all the vices of the American with none of his ability. The Englishman in question was a remittance man, earning nothing. Without his remittance he is a pariah, without a friend in the world. With his remittance he is a "good fellow," with a score of similar castoffs who can sponge upon him while the money lasts. This is the sort of thing a Canadian hears from the men who fear Canada is growing "too American."

On the other hand, there is nothing quite so offensive as the class of American who speaks patronizingly of Canada and tells one that he is "going back to God's country" as soon as he can get away. Such as they are sufficient in themselves to prevent any 'Americanization." They make loud and unpleasant noises with their hands and feet in the theatres when the Stars and Stripes appear on the scene, yet religiously put on their hats when "God Save the King" is played. No, the Times correspondent need have no fear. Canada is perfectly contented to be Canada.—Saturday Sunset.

## EXPLODES POWDER EIGHTY MILES DISTANT

### Young Inventor Proves Ultra-Violet Rays Effective in Passing Through All Obstacles

London, May 19.—The Milan correspondent of the Daily Chronicle records further remarkable successes which the young Italian engineer, Giulio Ulivi, has achieved with the ultra-violet rays.

Ulivi last year demonstrated the explosive power of these rays in the presence of experts of the British admiralty after he had experimented in France. Ulivi then claimed that he had proven the efficacy of his invention to fire explosives at a distance of several miles, but the experts viewed his demonstrations coldly.

The correspondent says that the engineer's latest inventions fired explosives contained in a gutta percha bag covered with fibre and contained in a porcelain box which was wrapped in asbestos paper and placed in an asbestos box with a wrought iron casing. These elaborate contrivances were sunk in the river Arno. Ulivi took his ray apparatus ten miles away, placing hills between the apparatus and its objective, but within thirty minutes of receiving the signal Ulivi's apparatus exploded the sunken mines. Ulivi now announces that he intends to perfect new apparatus capable of firing explosives within eighty miles.

## BEAUTIFUL HAIR— A CLEAN, COOL SCALP

### Use Parisian Sage. It Makes the Hair Fluffy and Abundant.

It is needless for you to have hair that is anything short of perfect. If it is falling out, losing color, splitting or if the scalp burns and itches, immediately get from the Beattie-Murphy Drug Co. or any drug counter a 50-cent bottle of Parisian Sage—use it frequently—the first application removes dandruff, invigorates the scalp and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies hair needs—is perfectly harmless. It contains the exact elements required to make the hair soft, waxy, glossy and to make it grow thick and beautiful.

You will surely like Parisian Sage. It is one of the best and most delightful hair tonics known.

## NOTICE

NOTICE IS HEREBY GIVEN that the Canadian Pacific Railway Company (as Lessees and exercising the Franchise of the Kootenay Central Railway) has (in pursuance with the requirements of Chapter 115 of the Navigable Waters Pratection Act) deposited with the Minister of Public Works at Ottawa and on the 9th day of April, 1914, with the Registrar of Deeds at Nelson, B.C., as number 1168 (Bridge Plan number 12) plan and description of the site showing proposed diversion of the Columbia River in Lot 2578, Group 1, East Kootenay District, near Mile 65 of said Kootenay Central Railway.

Dated at Winnipeg this sixteenth day of May, A.D., 1914.

P. McPherson,
Right-of-Way and Lease Agent,
Western Lines. 21-4t

## VERNON WILL MAKE NEWSPAPERMEN HAPPY

Last fall when the Alberta and Eastern British Columbia Press association held its annual convention at Edmonton, the attendance was in the neighborhood of 200. All but seven of these newspapermen and their wives were carried to Edmonton over the C.P.R. and were shown every courtesy by the officials of the company. It was owing to this liberality and kindness of the railway company that the convention was made such a success, at the same time the officials of the Grand Trunk Pacific provided a special train to carry the delegates and their wives to the end of steel at Tete Juan Cache.

This year the Alberta and Eastern B.C. Press association convention is to be held at Vernon. To assist in making the convention a success, the C.P.R. has volunteered to bring all delegates and their wives from Alberta and Eastern B.C. points, and in addition the company proposes to provide the big Oganagan lake boat to give the delegates a chance to see the Okanagan valley as far south as Penticton. At the annual meeting of the members of the Okanagan Press Guild at Vernon last week, Mr. Fred E. Trautman, press representative of the vice-president's office, appeared, and conveyed the good news to the delegates. He said the company would assist in every way possible to make the Okanagan convention as big a success as that of Edmonton last year.

One has to know the magnitude of the undertaking, and its possibilities to fully realize what this means to the Okanagan. Every newspaper in Alberta and Eastern British Columbia will be represented at the forthcoming convention. And the various editors of these newspapers will go home to fill their readers about the trip and the country they pass on the way. The convention will be held the latter part of August or in early September, and the delegates will spend the better part of a week in the valley. It will be up to the various towns to show what they have to offer and to lend such assistance as can be given in the entertainment of the guests.

## HOW TO TELL THE AGE OF HENS AND PIGEONS

There has been a great development of late years in the Canadian poultry industry. This development has been brought about by many factors, chief among which are the nutiring and highly successful efforts of breeders; the experimental work carried on by the various poultry plants of the Dominion and provincial experimental farms and agricultural colleges, the information given out by these institutions, the poultry exhihits, in which the people of Canada are now taking a great interest, and, last but not least, the profits of the industry, little thought of it in the past, but now well recognized and appreciated.

Production is increasing at an extraordinary rate while the quality of the product shows wonderful improvement. The value of the flock depends upon the production of the birds selected, but the productiveness of any bird decreases after a certain age is reached. It is very important, therefore, that the breeder be able to tell with some degree of certainty the age of the fowls which he desires to retain or purchase for breeding purposes, otherwise he will be exposed to the risk of having individuals that are past their prime and that do not pay for their keep.

Record books have been established for horses, cattle and many other animals, where information pertaining to pedigree, age, etc., are kept for reference ,but it has remained to Victor Fortier, Assistant Dominion Poultry Husbandman,Central Experimental Farm, Ottawa, after much personal observation and study, to publish a method whereby the age of hens can be accurately estimated. This information, which is meant especially for the breeder and the judge, has been published under the direction of the Hon. Martin Burrell, in a profusely illustrated bulletin, which is No. 16, Second Series of the Central Experimental Farm. Copies will be mailed to those who apply for them to the Publications Branch, Department of Agriculture, Ottawa.

## THERE CAN BE NO INFALLIBLE INSTRUMENT FOR RIGHT THINKING

Logic, according to Bertrand Russell, a distingusihed English philosopher, "is trivial nonsense and mere training in habits of solemn humbug."

This pronouncement is ambrosia and nectar to the Philistines, but gall and wormwood to the true Israel of culture. The plain, practical man has always felt that the logic of the schools was verbal gymnastics and intellectual hair splitting, but the scholar has maintained that it is a drill in the mental manual of arms that qualifies its master to fight the battles of reason successfully.

But the practical man retains only the shadow of victory. The academician wins the substance and the spoils. Professor Russell brings a new logic on the field of thought.

The philisopher claims that this logic has brought the menas of the same advance in philosophy as Galileo brought for physics. It wings thought. It renders it practicable to perceive what kinds of problems may be capable of solution and what must be abandoned as beyond human faculty. It "enables us to obtain results that must command the assent of all competent to form an opinion."

This is the most daring of claims. It looks like claiming that there exists an automatic and infallible means of ascertaining truth and grasping the reality of the thing-in-itself. But this infallible instrument must be employed by fallible intellects. The personal equation is bound to creep in, assert itself, affect the result and infect or even vitiate it with human error. Ramon Lull of Spain imagined six centuries ago that he had invented or discovered such a method of infallibly correct and logical reasoning, but experience proved that he had not done what he supposed he had. It is as impracticable as perpetual motion. Intuition remains as likely as logic to win reality and truth.

But Professor Russell states two valuable facts. The immense expansion of knowledge has made men doubt the validity of universal systems of thought and yet the new knowledge acquired by men has brought new human powers. The second of these facts strikes a body-blow at the contention of Alfred Russel Wallace that human ability has not increased with the progress of civilization.

## CRANBROOK DRUGGISTS HAVE VALUABLE AGENCY

The Beattie-Murphy Co., Ltd., have the Cranbrook Agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. The QUICK action of Adler-i-ka is astonishing.

**Better to be Safe Than Sorry**

MOST people, when not feeling well, think—"I will wait and see; perhaps I shall feel better tomorrow. At such a time the prompt use of Eno's "Fruit Salt" rids the system of disease germs and prevents the spread of the malady.

**ENO'S "FRUIT SALT"**

keeps the liver working, preventing the accumulation of poison in the blood, which, when allowed to continue unchecked, might develop into Fever. Without such a simple precaution as Eno's "Fruit Salt," the jeopardy of life is immensely increased. Better be safe than sorry. Eno's is much more efficacious than the effervescing waters of potassium or soda, and is supplied to you at less than one-tenth the cost.

Order a bottle TO-DAY from your local dealer.

## CRESTON

(Special correspondence).

Charles Wright, J.P., the pioneer rancher of Kuskanook, brought in a car of registered Jersey cows last week from Toronto. Three were sold in Creston at $175.00 each.

The electric storm on Friday evening put the telephone line out of commission for several hours.

The recently organizer brass band, sixteen strong, gave the citizens a pleasant surprise on Friday evening by giving an open air concert on Front street. Several selections were rendered which drew well earned applause from the large crowd that gathered. Most of the members are ex-bandsmen of wide experience and it is safe to say that by mid-summer Creston will have one of the best musical organizations in the interior.

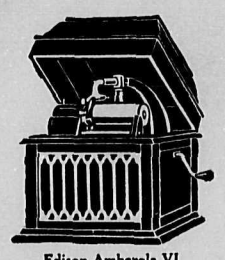
# Don't be satisfied with anything less than an Edison Phonograph

Throughout the history of sound reproduction Mr. Edison has blazed the trail. Every important step has been conceived first in his mind. He is the acknowledged master of acoustics throughout the world. His recent triumph is the Blue Amberol Record.

It came, after countless experiments, with all its strength of volume, sweetness of quality and lasting endurance. To bring out the remarkable tone of this new record demanded a new reproducer. He invented it—the Diamond-Point Reproducer. With it there is none of the annoyance of changing the needle after each record. The diamond is as much a part of the phonograph as its beautiful cabinet.



Hear a Blue Amberol—that's all we ask. Your Edison dealer will play over as many as you like. We are content to leave the verdict with your ear.

**Edison Amberola VI**

Cabinet Mahogany or Golden Oak. Diamond Point Reproducer; Powerful Spring Motor. Plays Blue Amberol Records

Written by Bright Correspondents

High water in the Goat river threatens to take out the Great Northern railway bridge near the Indian Mission .

C. E. Bennett, of Cranbrook, is now installed as manager of the local branch of the Canadian Bank of Commerce. Mr. Bennett is well known here, having been relieving on several occasions, and has won the confidence and esteem of the whole community.

On Sunday evening Harry Leonard and a companion made an attempt to ford the high water which is overflowing the government road at Goat river bridge. The horse dropped out of sight in a washout and it was with difficulty that the occupants of the buggy were rescued by onlookers who happened to be in the vicinity viewing the flood.

Campbell Dow teller in the Canadian Bank of Commerce, has been transferred to Revelstoke.

Hugh Taylor is spending a few days in Sirdar visiting friends.

Mr. and Mrs. E. Mallandaine returned on Monday from a visit to Windermere.

Vegetable and fodder crops in the Creston Valley never looked better than at the presen ttime.

The fruit trees are a mass of blossoms and an optimistic feeling prevails.

## BAYNES AND WALDO

(Special correspondence)

Mr. Dubois, from Pacific coast, has bought McConnan's Island (the old Island Hotel) and intends to make his home there. He plans great improvements. Mrs. Dubois, her two daughters and two sons, with all their household effects, have already arrived from Vancouver.

Mr .Legrandeur has taken over the old John Aye farm, now the property of Mr. W. Williamson, and is moving in.

On Thursday last the Baynes-Waldo C. of E. Ladies Guild entertained the Elko C. of E. Guild at a picnic at a charming spot at the mouth of Rock Creek. There were about twenty-five in attendance. The righteous and the wicked they all picniced down at Rock Creek mouth, and all had a right good time. Such gatherings help to keep up a good and neighborly spirit.

Mrs. Adolpd, senior, who has been very ill for some months in California, returned home on Thursday very much improved in health. She was accompanied by her daughter-in-law and grandson.

Mr. Harry Adolph, of Brandon, Man., is in town on a visit to his brother.

Mr. Trafford Joule, is visiting his parents in Baynes, after an absence of two years on the coast.

The Waldo baseball boys are in hard practice for the 24th of May.

The Baynes senior baseball team went to Elko on Sunday to try conclusions with the local aggregation and came back licked. Score 36 to 8 in favor of Elko. Some ball. What?

Dan McNeish, government road superintendent, has made several trips through here organizing the various road gangs and aranging for the season's work. The road through to Gateway is one of the first jobs to be undertaken, and it is badly needed, as the road from Flagstone to Gateway is in bad shape, most people at present preferring the longer road via the Indian village. On the whole our roads are in very good shape.

### Church Notes

A celebration of holy communion was held at the home of Mr. Little at 8 a.m. Sunday, and matins at Adolph hall at 11 a.m., the Rev. A. E. Bruce officiating.

It is high time we had a church in Baynes-Waldo. The Ladies Guild have already some $800.00 in hand towards the building fund.

Rev. Solly, organizing secretary of the diocese, visited Baynes-Waldo on Sunday.

Rev. C. L. Cowan , Presbyterian minister, held service in Adolph hall Sunday evening.

## ELKO

(By Fred Roo).

The Ottawa government have put a customs house officer at Roosville. This will shorten the road between Elko and Kalispell fully twelve miles and the Roosville valley is one of the most picturesque in B.C. The Roosville falls, one and a half miles north of the international boundary line is a favorite picnic grounds for Americans south of the border. This will be welcome news for our cousins across the line and dozens of automobile parties from Lincoln and Flathead counties will visit the valley and also take in the Elk River canyon at Elko. Inspector Graham, of the Calgary customs staff, Deputy Collector McDonald and Mr. Fitzgerald, late of Montreal, who we understand will be stationed there, drove over from Gateway and located a building site. The old customs house was bought by Mr. G. H. Scott. It is expected that the immigration department will put a man there, as the walking and driving are both splendid at this point—left unguarded for the last ten years—and afforded golden opportunities for those anxious to beat the government and retain their liberty. It's about time the government got wised up to the fact, that prevention beats the cure, and prevents the horse from getting out. You're doing well, Bob Green, and making a name for yourself.

Mr. John Hanbury, of the North Star Lumber company, was inhaling the Chahka Mika ozone of Elko this week.

Alex. Birnie, automobile expert and the Barney Oldfield of Elko, is spending his vacation in Fernie this week.

Mr. and Mrs. T. Letcher, of Fernie, motored to Roosville this week.

General Superintendent Adamson, of Cranbrook, and Assistant Superintendent Boyce, of Fernie, of the Kootenay Telephone Lines, were in Elko this week on a tour of inspection.

The Elko Ladies Guild visited Baynes and Waldo this week.

Mr. John William Bull, of Lethbidge, president of the Yorkshire Pudding club, and a prominent S.O.E., was an Elko visitor this week.

In view of the big building rush and other important events to take place in Elko in the near future, the Elko Water, Light & Power Co., have a big force of men extending their system.

"When money talks," which is very seldom these hard times, "few people stop to criticise its grammar.

"Ignorance of the law," says Jim Thistlebeak, "excuses no man, unless he is on the bench and is reversed by a higher court."

The Elko Horseshoe pitching team has gone in for baseball, and we sincerely hope they will never take the horseshoe from the door again.

The man who has nothing to sell generally has a stock of advice to give away.

The next time the Elko board of trade meets, there will be the temperance question, votes for women. The ladies constant talking unions remarks about the water in the Elk river, the reception to be tendered the business men from the Red River valley, the fishing to be reserved for Roosevelt when he comes to Elko, and several other kinds of pickled salmon will be brought up for discussion.

A. B. Trites, Fernie's merchant prince, along with Mrs. Trites and several lady friends, arrived by train and then motored down to the Elk River canyon to spend the day as "simple lifers" Sunday.

George Bernard Shaw will not visit Elko this summer we are pleased to say.

A great game of baseball was played on the new grounds Sunday between Baynes Lake and Elko. Stan Todhunter pitched fine ball for Elko, while Ayres' 45 degree curves, high balls, low balls and drop balls made it impossible for Elko to score. Elko's team work was splendid but Baynes far better, and was one of the best contested games of ball played this summer, resulting in a win for Baynes. Score 5 to 4. This makes Baynes Lake hot favorites for the tournament empire day at Waldo, May 25th.

W. R. Wilson, manager of the Crows Nest Coal company, Fernie, was an Elko visitor this week along with the company's engineer.

Mr. Ray Hirtz, manager Roo's store, Elko, and wife were Fernie visitors this week.

Never hit a man when he's down—unless he's down to stay.

Continued advertising breeds confidence.

It's hard to love your neighbors as yourself, if he keeps chickens, while you are trying to raise a garden.

## MOYIE

L. Taylor is alleged to have broken into the Ryan section house and stolen clothes belonging to the men. He was intercepted at Kingsgate on Monday by Policeman J. T. Browning and brought back to Moyie. On Wednesday he was taken to Cranbrook to be tried.

W. B. Willan returned to Moyie on Tuesday and left on Friday for Cranbrook.

A fair sum was realized at the ice cream social given by the Methodist Ladies' Aid on Saturday.

Miss Nina Attwood has returned from Calgary.

A number of the citizens of Moyie are taking great pains in gardening this spring.

Mrs. W. H. Laird and Mrs. J. Farrell took a trip to Cranbrook on Saturday.

Miss Girda Arvidson left on Friday for Kitchener, B.C., where she is employed by Mrs. Andeen.

R. A. Smith made a record launch trip on Saturday evening from Green Bay to Moyie, a distance of about nine miles in 55 minutes.

A dance was held in the old drug store on Saturday night.

A meeting of the Ladies' Aid society of the Methodist church was held in the church parlors on Wednesday. Officers were elected as follows:- Mrs. J. J. Atwood, president; Mrs. A. Johnson, vice-president; Mrs. J. W. Fitch, secretary; Mrs. Alex Cameron, treasurer.

Mr. and Mrs. F. Johnson were travelers on the west-bound train on Wednesday.

C. H. MacDougall visited town on Wednesday.

Rev. R. E. Curry, of Michel, passed through Moyie on Tuesday on his way to attend the Methodist Conference at Kamloops.

On Thursday evening Mrs.R. Smith, accompanied by a number of friends, made a trip in her launch around "U-Go-I-Go" bay and returned home by the way of Frenchtown.

G. B. Hawthorne, of Nelson, was in town on Friday .

George Routh and J. Blackburn went to Cranbrook on Friday.

Miss Helma Nordine is improved in health.

P. Parkin went to Wattsburg on Thursday last .

Mr. Miller, of Crows Nest is visiting friends in town.

On Sunday a launch party from Moyie were joined at Green Bay by an auto party from Cranbrook consisting of E. A .Hill and family, Mrs. Reid and son, Mr. H. Reid. All present enjoyed the day spent in the open.

Mr. J. W. Fitch spent Monday in Aldridge.

On an average three or four cases of eggs are shipped from Moyie each week. This is the first period in the history of Moyie that no eggs are imported .

Dr. Davis, of Cranbrook, was here on Tuesday.

Mr. Ed. Dutt arrived from Ainsworth on Tuesday.

Mrs. Otis Herritt and daughter Thelma went to Creston on Tuesday.

The government road is being improved between Cranbrook and Moyie. The work is now in progress in the direction of Moyie on the Cranbrook side of Green Bay.

George Smith is expected home in a couple of days from the Cranbrook hospital.

A. Pearson and Olif Nordine returned home on Tuesday from Glenlily.

A pleasant surprise party was tendered Mrs. J. Whitehead last evening. A large number attended. Dancing was the order of the evening, for which various guests present supplied hte music.

J. T. Martin has returned from a trip to Wardner.

## WYCLIFFE

(From our own correspondent).

Mr. Wells, of St. Mark's hall, Vancouver, arrived last week and will take charge of the work of the English church in this section upon the departure of the Rev. A. B. Lane for England the latter part of the month.

The dance given by the Wycliffe club Saturday evening was, to say the least, a huge success. The weather was perfect, even to a bright moonlight, permitting a large crowd to attend from Cranbrook, Marysville and Kimberley. The club house was lined with autos, there being upwards of two hundred people present. The Wallinger orchestra, of Cranbrook, rendered sweet music, making it a real delight to trip the "light fantastic" to music played in such perfect time, and was most liberal in according encores. Dainty refreshments were served at half time, after which dancing was resumed until the early morning hours. The club boys realized a substantial sum, which will be applied on the indebtedness of the club housse.

Mr. Honeyford has been exceedingly busy the past two weeks seeding the land which he and John Dickson have rented on the Hogan-Graham farm. Potatoes and oats will be the principal crops.

This section of the country has been blessed with ample rainfall all spring, and the farmers could not have more ideal growing weather if it had been of the made-to-order variety.

Mr. Elmore Staples, president, and H. W. Davis, secretary, of the Otis Staples Lumber company, are away on a business trip through Alberta and Saskatchewan.

Apropos of spring the old farmer's wife breaks out in rhyme as follows:

Calves is friskin'
and buntin' around,
Daddy is swearin'
and diskin' the ground.
Cows are grabbin'
the first shy grasses,
Meadow larks warblin'
atilt on their sashes.
Large brown freckles
on my brow do appear,
Which are mighty good signs
That spring is here.

Have a hankerin' fer horse radish
And rhubarb pie,
Lord! I hope the summer
Ain't a goin' ter be dry!
Must start my garden seeds
When moon is right fer luck;
Well, I declare! old Biddies
Begun to cluck.
Thinkin' I'll be behind
With my work this year,
And spring will be gone
Fer summer will be here.

## INVEREMERE

(From our own correspondent).

Yesterday was one of the especial days for the district for it was signalized by the home-coming from the old country and from the bridal tour of Robert Randolph Bruce, C.E., F.R.G.S., and his bride, Lady Elizabeth Bruce, to the groom's home in Wilmer. That place was en fete over the occasion and all the residents turned out to do honor on the occasion to Mr. Bruce, who in a broad sense has been the founder of the burg.

The last stages of the journey from Calgary were rather eventful and changeful to the bride in the methods of travelling. From Calgary to Golden the distance was covered in one of the C.P.R.'s most up-to-date and standard cars attached to one of their most perfect trains. At Golden a change was made to the newly opened Kootenay Central branch of the Canadian Pacific railway. This line is not yet fully standard even in the part which is operated, and for the forty-two miles on which the mixed train runs, the rate is only ten miles an hour. The coach is of the very ordinary day coach variety and is hitched on to the end of a collection of freight cars. Reaching Spillimachene another change was made to motor car for the last forty odd miles of the journey. The change is certainly advantageous, for in addition to the added comfort, the new arrival is able to view the glorious scenery of this part, which at the automobile stage of the journey, really only makes its first appearance.

As the car containing the bridal couple swept into Wilmer it passed by buildings decorated for the occasion with bunting and evergreens, then under a huge Union Jack which had been stretched arross the road, then under an evergreen arch bearing the banner on which was emplazoned the motto "Welcome Home." Over the home gate another arch beautifully decorated had been erected and the same motto entwined about it. At the home gate the party was met by many of the old friends of the groom who had assembled to do honor to the occasion. As an omen of luck they were also greeted at the door step by a huge cast iron jet black cat, who, with head and tail erected, looked all the world like the real thing.

After the shades of night had fallen all the young men of the neighboring villages, including those of Wilmer, assembled to end the eventful day in the rather questionable but still firm standing habit of a chivari. With torches, with pipes, but above all with tincans, and implements for a noise, they marched upon the home and at a given signal set up the sounds which represent the salute. In due time these were acknowledged in fitting form by the groom, after which the assemblage dispersed to other places for further amusement.

Today the bunting flies from all manner of places in this townsite in anticipation of a visit here .

Steps are being taken to form a fire brigade for the townsite.

The date for the formal opening of the District Hospital has been set for early in June.

The season is quite well advanced in the way of growth.

# Every Night —a Sunkist Orange

Every member of the family should eat Sunkist Oranges just before retiring at night. Eat them at meals and between meals. For no other fruit ever better insured good health.

Heavy with luscious juice, sweet and delicious. They are free-peeling and so tender-meated you can eat them whole without losing any juice.

Sunkist are tree-ripened, glove-picked, tissue wrapped, and shipped right from the tree, so are always fresh and full flavored.

Will you buy merely "oranges," or will you get "Sunkist?"

Prices are low. Get a dozen now.

# Sunkist Oranges
# Sunkist Lemons

Sunkist Lemons, madam, are the equal of Sunkist Oranges in quality—practically seedless, juicy and richly flavored. Serve them with fish and meats—they are the best looking lemons. Try using their juice wherever you now use vinegar. See what you're missing by going without the Sunkist Brand.

# Some Tasks are Hard and Some Tasks are Easy for ADVERTISING

## While Few Indeed are Impossible

The easy advertising tasks are usually accomplished through ONE PUBLICATION of the advertisement. The hard advertising tasks may require REPEATED PUBLICATIONS of the advertising -- sometimes growing into the dignity of "advertising campaigns."

And, while purely "transient" advertising may not complete the task set for it, an "advertising campaign" does not fail if sensible persistence is used. This means that such difficult advertising tasks as that of finding ONE BEST BUYER for your property, or the man who will be glad to invest in your enterprise, or the best possible tenant for that store or business property, are SURE TO BE ACCOMPLISHED if you enter upon suitable advertising campaigns.

**You Are Business-Like in Most Things, and Yet Not an Ad. Reader!**

If you'll take the trouble to read the advertisements carefully, interestedly, in this and future issues of the "Herald," you'll decide that you've been using poor business judgment in overlooking them in the past. You'll find, even in your reading of the advertisements, buying opportunities --- clues to business opportunities that should be followed up --- money-saving and money-makng Facts.

Get your repairs done at Green's Repair Shop, opposite Masonic hall. Guns, keys, bicycles, typewriters, gramophones, lawn mowers, etc. 21-*

Postmaster J. B. Henderson announced that one wicket will be kept open hereafter at the local post office during the sorting of mail for delivery of registration mail, purchase of stamps ,or money orders. This new rule will be a great accommodation to the many patrons during the busy time after the receipt of the day mails.

The dance given at the Auditorium on last Tuesday evening in aid of J. Riley was well attended and a very enjoyable time experienced by the many dancers. A statements of the receipts is given in another column. The success of the enterprise was largely due to the good work of Mrs. Wallinger and Mr. C. H. Knocke in selling tickets. Messrs. A. L. McDermot and R. E. Nafe were also on the committee and did much work in making the dance a success.

Raxawa tea, 35c. ,50c. and 60c. per lb. at Ward & Harris.

*The dance at the Auditorium* last Friday evening given under the auspices of the Cranbrook Lacrosse club proved a very enjoyable and happy social event. There was a large crowd present, but not so large as to interfere with the dancing. The Cranbrook orchestra furnished the music. The supper proved to be in most capable hands and was pronounced to be the best of the season. The hall was decorated with lacrosse sticks and the affair netted a neat sum for the benefit of the team, which will contest during the summer for the honors of the city in the athletic field.

**DOUBLE VISION EYE GLASSES**

W. B. McFarlane is a business visitor at Kingsgate today.

A. Grenier, formerly a resident of this city, is here on a visit.

Mrs. A. B. Macdonald is enjoying a visit of her niece from Spokane.

Big line grass chairs at Fink's.

Miss Christie left the first of the week for Alberta, where she will visit friends for a short time.

Nels Jenson, a farmer of Loco, left yesterday for Wadina, Sask., where he will spend a few days visiting.

A. C. Bowness ran his automobile as far west as Kingsgate this week, making a busines trip through the district west of the city.

J. H. Malcolm left yesterday for Marysville where he will start work on his pre-emption recently secured from the government.

Strawberries, cherries, tomatoes and all kinds of green vegetables in stock now.—Cranbrook Trading Co.

Mrs. J. P. Leslie accompanied her son, who had been visiting here, to his home in Calgary, where she will visit for a few days.

Mr. and Mrs. E. Mallandaine came down from Windermere last Saturday, going through to Creston for a short stay at their ranch.

Fresh strawberries arriving daily at Ward & Harris.

Mr. C. Hungerford Pollen and family left last week for the ranch at Skookumchuck, where they will remain for the next two months.

Rev. E. P. Flewelling, rector of Christ church, is in Nelson this week attending the executive meeting of the Synod for the diocese of Kootenay.

Miss Ada Hickenbotham has returned to her position in the superintendent's office of the C.P.R. after an absence of several days, caused by illness.

Miss Greta Pitts, of Windermere, passed through the city last Saturday on her way to Fernie, where she has accepted a position and will make her future home.

Make $7.00 to $20.00 by reading Fink's ad.

Mr. and Mrs. Alan Graham are leaving in a few days for Fernie where they intend to reside, Mr. Graham having entered the law office of Herchmer & Martin .

The Women's Musical club will hold the last meeting of the season on Monday, June 1st, at 3.30 in the Masonic hall. Their friends are cordially invited to attend.

Fibre rugs and slat porch shades at Fink's.

Ex-Constable Reid, serving seven years at Stony Mountain for assisting John Krafchenko to escape from the Winnipeg jail, died at 9.07 last Monday night from injuries he received in a 40-foot fall from a scaffold upon which he was working in the penitentiary. The accident took place at 4.20 in the afternoon. Reid's companion on the scaffold, Frederick C. Hawkins, serving 20 years for burglary, died two minutes earlier as a result of the fall.

W. S. Mills, of Gateway, was a business visitor in the city Wednesday of this week. He is one of the oldest settlers in the district, having settled on Tobacco Plains in 1895, before the railroad had gone through or Cranbrook or Fernie were on the map. He has recently erected a fine home for himself on his property, which, he states, is situated in the finest climate to be found in Canada. The Gateway district is rapidly growing into a very prosperous farming country and is increasing in population every year. There are still large tracts of fine land in that section, which needs only the touch of the plow and cultivator to turn it into productive agricultural land.

Miss Margaret Kennedy departed the first of the week for Fernie, having secured the position of stenographer with the law firm of Herchmer & Martin.

Mrs. R. W. Hamilton and daughter Gabriella left the first of the week for New Brunswick ,where they intend spending the summer months with friends and relatives.

Cliff Steeves, Fred Kummer and John Scanlan went to Spokane on Tuesday to attend a session of the D.O.K.K.'s, the dramatic degree of the Knights of Pythias.

Cucumbers, vegetables and green onions at Ward & Harris.

Mrs. E. Laurie, of Toronto, is spending the week in the city the guest of her neice, Mrs. F. M. Macpherson. Mrs. Laurie is on her way home, ofter spending the winter in Penticton, B.C.

Jas. Finlay returned Tuesday from a trip to his mining property at Bellevue, Alberta. He reports the mines started to work again after being closed for three weeks on account of strike troubles.

Since the opening of the fishing season a number of large fish stories have been going the rounds of the local sportsmen, the latest and largest being credited to W. W. McGregor.

Fibre rugs and slat porch shades at Fink's.

J. D. Gilmour, of the Forestry department, has been up in the Elk river district during the past week inspecting a new telephone line and fire patrol system which was recently installed in that district.

Principal Dexter, of the Cranbrook public schools, has been busy this week assisting the boys in organizing their lacrosse teams. He states that four teams are being organized in the schools to compete for the Lally medals.

The Sisters of Charity and the graduating class of the St. Eugene Training school, have issued invitations for their commencement exercises, which will be held in St. Mary's hall on Wednesday evening, May 27th, at eight o'clock.

This is the season for golf, polo and tennis. To those who can't afford all or any of these there is always the simple amusement of walking to the office every morning. It is sad but true that the majority "prefer" the latter recreation.—Exchange.

Big line grass chairs at Fink's.

It is now almost certain that the seuate will pass the anti-tipping bill introduced by Senator Davis. It is believed the commons will follow suit. One might offer the friendly suggestion that Senator Davis avoid ordering soup when dining in hotels or dining cars. Especially dining-cars.

The semi-annual court of revision opened at the local government building last Monday morning and was presided over by N. A. Wallinger, government agent and registrar of voters. About three hundred objections were filed, of which about two hundred were ordered off the list.

J. A. Greaves, of Cranbrook, son of W. H. Greaves, of this city, has recently passed his exams with honors in the Ontario College of Pharmacy at Toronto. Mr. Greaves has been attending the college since last September. He will return to Cranbrook about June first.

Fibre rugs and slat porch shades at Fink's.

The annual meeting of the W.C.T.U. will be held at the home of Mrs. W. B. McFarlane on Thursday, May 28th, at 3.30 o'clock. A full attendance is requested as election of officers will take place.

Louis Taylor was brought before Judge Thompson on Wednesday charged with breaking into, entering and stealing from the section house at Ryan and was sentenced to one year at hard labor in the Nelson jail.

Refreshing summer drinks: Eiffel Tower Lemonade, Welch's Grape Juice and Montserrat Lime Fruit Juice at Ward & Harris.

J. L. Walker this week received notification of his appointment to the vacancy in the custom's office caused by the resignation of Mr. Fred Small. Mr. Elliott Crowe will take the position of accountant with Ira R. Manning, which has been held by Mr. Walker for the past several years.

The Winnipeg excursionists are due to arrive in Cranbrook next Saturday morning at 7:50, their special train schedule giving them an hour's stay in the city. The Board of Trade and Automobile association are endeavoring to lengthen their visit to two hours in order to take them over the district, but they have not been able to complete arrangements for the extension of time.

With the beginning of June all railways operating trains in Saskatchewan and Alberta will be required to remove the common drinking cup from the passenger cars. To give the patrons of the road a substitute the Canadian Northern has secured a large supply of very handy waxed paper drinking cups. In the sleeping cars these cups will be placed in a special box from which they can be easily extracted. On all other cars a supply will be carried by the news agent, who will supply them to the passengers upon request.

Mr. and Mrs. H. H. Bourne are leaving next week for Invermere where Mr Bourne will relieve the manager of the Invermere branch of the Imperial bank during his vacation.

## VICTORIA DAY NEXT MONDAY

**Children's Program by Overseas Club and Lacrosse Game Principal Events of the Day**

Next Monday is Victoria Day, a national holiday, and will be observed in Cranbrook by the closing of stores and a few exercises and sports. This has been Cranbrook's gala day in former years, the day having been generally given over to a full program of sports, horse racing, etc. This year the citizens decided not to have the usual celebration and many are making plans to spend the day picnicing at nearby lakes or streams. However, the day will not be entirely devoid of interest in the city.

In the morning the Overseas club will have charge of a program of exercises for the children at the government building, after which they will march up Baker street, headed by the Cranbrook city band, and will be escorted to the Rex theatre, where a special program of moving pictures will be shown. This program is really in keeping of the spirit of the day in instilling lessons of patriotism in the minds of the children.

The afternoon will be devoted to a lacrosse match between Cranbrook and Fernie. This promises to be an unusually interesting, match as the local players do not intend to surrender the game without a hard tussle, and it is understood that Fernie will be here to win. A large crowd of Fernie fans will accompany the visiting team and it will be up to the Cranbrook people to get out and root for their favorites.

*The Young Peoples' Society of* Knox church are holding a church festival and ice cream social on the Tisdale lawn during the afternoon and evening.

The day will be closed by a dance at the Auditorium in the evening given by the Overseas club. The proceeds of the dance will be used to defray the expenses of the children's program in the morning..

## MARRIED

Shaw Briggs, an employee of the City Livery, and Miss Belle Bardgett, eldest daughter of Mr. and Mrs. W.B. Bardgett, were united in the holy bonds of matrimony at Christ church at 6:30 p. m. this evening by Rev. E. P. Fleweling. They will reside on Armstrong avenue.

## GRANTING LEAVE TO APPEAL IS RESTRICTED

London, May 20.—Lord Haldane's recent intimation that the privy council's principle would tend to restrict the granting of leave to appeal from a decision of the Canadian courts, was exemplified in the refusal of a petition by Geoffrey Lawrence on behalf of Truedell, the petitioner, who sought an appeal against the supreme court's decision regarding the assessment of compensation for land taken for the National Transcontinental railway. Fifteen thousand dollars was the *amount involved. The government* originally offered $3,000. Considering the land was farm land, the exchequer court awarded $18,000. Maintaining that the land was suitable for building purposes, the supreme court reversed the inrerior tribunal's decision by a majority of three judges to two.

## CORPORATION OF THE CITY OF CRANBROOK

### By-Law No. 138

A By-law to raise the sum of One Hundred and Ten Thousand Dollars ($110,000.00) for the purpose of replacing the present wood pipe with steel pipe and the building of a new Dam and Reservoir, and for the purchase of any necessary lands or real estate for improving the Water Works System of the City of Cranbrook.

Whereas, the water rates or charges in the Municipality of the City of Cranbrook are enforceable under the provisions of the Municipal Act.

And whereas, it is necessary to raise the sum of One Hundred and Ten Thousand Dollars ($110,000.00) for the purpose aforesaid .

And whereas, the estimated water rates or charges chargeable for the year 1914, being the year in which this By-law is passed, is the sum of Seventeen Thousand Two Hundred and Twenty-Five Dollars and Twenty Cents ($17,225.20.)

And whereas there is no amount of money already charged upon the said water rates or charges.

And whereas, the said debt of One Hundred and Ten Thousand Dollars ($110,000.00) is created on the security of the said water rates or charges.

Now therefore, the Municipal Council of the Corporation of the City of Cranbrook in Council assembled, enacts as follows:

1. The said proposed expenditure of One Hundred and Ten Thousand Dollars ($110,000.00) is hereby authorized.

2. It shall and may be lawful for the Mayor of the Corporation of the City of Cranbrook to borrow upon the credit of the water rates and charges revenue the said Corporation by way of debentures hereinafter mentioned from any person or persons, body, bodies corporate, who may be willing to advance the same as a loan, a sum not exceeding in the whole the sum of One Hundred and Ten Thousand Dollars ($110,000.00) and to cause all such sums so raised or received to be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited.

3. It shall be lawful for the Mayor of the said Corporatnon to cause any number of debentures to be made, executed and issued for such sum or sums as may be required for the purpose and objects aforesaid, not exceeding however the sum of One Hundred and Ten Thousand Dollars ($110,000.00); each of the said debentures being of the denomination of One Thousand Dollars ($1000) and all such debentures shall be sealed with the seal of the Corporation and signed by the Mayor and the Treasurer thereof

4. The said debentures shall bear date of the 1st day of August, 1914, and shall be made payable within twenty years from the said date in lawful money of Canada at the offices of the Imperial Bank of Canada in Toronto, Ontario, or at Cranbrook, British Columbia, and at Montreal, Quebec, or at the Bank of the Manhattan Company at New York City, U.S.A., which said places of payment shall be designated by the said debentures and shall have attached to them coupons for the payment of interest and the signatures to the said coupons may be either written, stamped, printed or lithographed.

5. The said debentures shall bear interest at the rate of six per cent (6%) per annum from the date thereof, which interest shall be payable semi-annually at said offices of the Imperial Bank of Canada aforesaid and the Bank of the Manhattan Company, New York City, U.S.A., in lawful money of Canada, on the 1st day of February, and 1st day of August in each year during the currency thereof, and it shall be expressed in said debentures and coupons to be so payable.

6. It shall be lawful for the Mayor of the said Corporation to negotiate and sell said debentures or any of them.

7. The sum of One Hundred and Thirty-Two Thousand Dollars ($132,000.00) is necessary for the payment of interest during the currency of the said debentures (i.e., the sum of Six Thousand Six Hundred Dollars [$6,600] annually) and there shall be set aside annually the certain specific sum of Four Thousand and Ninety-Three Dollars and Seventy-Two Cents ($4,093.72) from the revenue from the water rates or charges of the City of Cranbrook and the said water rates or charges shall be set aside by being kept in a special account, both in the hands of the City Clerk and in the City's Bank Account for the payment of said debt and also for the payment of interest thereon during the currency of the said debentures.

8. It sall be lawful for the said Municipal Council to repurchase any of the said debentures upon such terms as may be agreed upon with the legal holder thereof, or any part thereof either at the time of sale or any subsequent time or times, and all debentures so repurchased shall forthwith be cancelled and destroyed and no re-issue of debentures so repurchased shall be made in consequence of such repurchase.

9. This By-law shall take effect on and after the 15th day of June, 1914.

10. This By-law may be cited for all purposes as the "Water Works Loan Debenture By-Law No. 2."

Read the first, second and third time on the 20th day of May, 1914.

TAKE NOTICE that the above is a true copy of the proposed Bylaw upon which the vote of the Municipality will be taken at the Municipal Building, Norbury Avenue, on Monday the 1st day of June, 1914, between the hours of 9 o'clock in the morning (10 o'clock local time) and 7 o'clock in the evening (8 o'clock p.m. local time).

T. M. ROBERTS,
Clerk to the Municipal Council.

Dated at Cranbrook this 21st day of May, 1914.

Efforts on the part of the Nelson board of trade and mining men of the district to induce the Woolsey, McAlpine, Johnson Zinc Corporation of New York, to locate its proposed new electric smelting plant at Nelson, have resulted in a decision of Mr. Johnson, Dr. Struthers, his associate, and E. A. Barlow, of McGill University, Montreal, who has been working on the problem for the Canadian federal government, to visit Nelson and discuss the matter with the local people.

For the first time in California, a Hindu will enjoy the privilege of citizenship, when Genesh Pandit is naturalized by Frederick Jones, United States naturalization examiner. Pandit is a Hindu of the Brahmin caste, a graduate of the University of Bombay, lecturer and law student. Several weeks ago he filed a brief in the superior court which Judge W. I. Morrison, before whom he appeared, said was one of the best he ever read. The court ordered that naturalization papers be issued to Pandit.
