IN THE AUDITORIUM

Postal Revenue For Last Year

From All Sources Reaches Respectable Sum Of $228,000

HOW TOTAL IS MADE UP

Through the courtesy of W. M. Harris, postmaster, the Herald has been furnished with figures showing the business conducted through the post office for the year ended December 31st last. The figures reach a very respectable sum, and it is altogether likely that before another year is past, the revenue will reach the quarter of a million mark. The exact increase registered over last year is not available, but it is known that the period immediately preceding Christmas showed an increase of approximately 10 per cent. Figures furnished the Herald from the inspector's office three years ago, showed the total money order sales then were just over $130,000, and since that time, it is obvious that an increase of fifty per cent. has been registered.

The figures for last year are as follows:

Statistics Cranbrook Post Office For the Year 1924

MONEY ORDERS ISSUED

	Number	Amount	Commission
January	1185	$ 14,334.11	$ 152.61

The pre Christmas business this year showed an increase of 10 per cent. over that of a year ago.

MAYOR RETURNS TO CITY FROM VISIT TO VICTORIA

T. M. Roberts returned the end of last week from a visit to Coast points, returning by way of Calgary. He went in connection with city business, and reports receiving very favorable consideration from the various departments of the government with whom he had business. The mayor is laying the results of his visit before the city council at their regular session on Thursday evening of this week.

Mr. Roberts called at Calgary on his return to look over the city financial statement which the auditors were then completing, and which has since been placed in the hands of the city for consideration this week. Mr. Roberts is confident that with the school rate dropping about two mills, and with the other economies that may be effected, that it is likely the tax rate for this year will be kept down very close to forty mills.

CARD OF THANKS

Mr. and Mrs. Cox and family desire to express their appreciation of the sympathy and assistance extended to them by their many friends during their recent bereavement.

Fernie Goes After The Beer

Every Hotel In District Applying For License to Sell Beverage by Glass

GIST OF REGULATIONS

Apparently taking very kindly to the doctrine expounded by Tom Uphill, member for Fernie, that a beer license should be given to every hotel in the city and district there, it seems that every hotel in the Fernie district is out after a beer license. The current issue of the Fernie Free Press contains the applications of no fewer than nineteen hotelmen of Fernie and district, who desire beer licenses for their premises. These come from every one of the eleven hotels in the city of Fernie, and from Michel, Newgate, Elko, Waldo, Natal and Krag. The hotels at Fernie come under the second class license, calling for a fee of $500 per year, while for industrial towns of more than 2,500 people the fee is put at $300. In smaller places the license fee will be $150.

British Columbia's new beer halls will operate from 10 a.m. to 11 p.m., and the rules are designed to prevent any return to the "beer cabaret," so prevalent some years ago, according to the regulations announced by the attorney-general's department, recently.

It is specified that patrons may enter halls from a door opening on the street. Beer premises in practically all cases will be part of an hotel, but there must be no door connecting with the hotel.

No blinds or screens are to be allowed; the inlook, like the outlook, is open to the public.

The room will contain chairs, tables and waiters. Only young men who are British subjects, and otherwise eligible to get on the voters' list, can be employed. The commissioner thus hopes to head off an invasion of foreign bar-tenders.

The proprietor, likewise, must be British, and eligible to vote.

Beer, and beer only, will be sold. Licenses do not provide for light or heavy wines, or for porter or ale, or even soft drinks and sandwiches.

Draught and bottled beer will be on sale, with as high as 4 1-2 per

(Continued on Page Three)

The game on Wednesday evening at the rink between the Bluebirds and the Canucks, ended in a one-all tie after overtime periods.

FATHER AND SON WEEK, FEBRUARY 16 TO 22; PROGRAM OUTLINED

Parents Should Be Ready To Co-Operate & Make Movement Real Success

Weeks of one sort or another have almost become a fad with us. We have of late taken to celebrating everything by weeks, from "Better Pig Week," to "Clean up your neighbor's back yard week," but of them all, ONE that has a very large significance to the future of the nation, if not indeed to the whole world, is "Father and Son Week."

Beyond a doubt, hundreds and thousands of fathers and sons throughout the length and breadth of the land, will during this week give each other more thoughtful consideration than they will again for months. On the other hand, fathers will have brought to their attention anew, the tremendous responsibilities, as well as the deep satisfaction of modern fatherhood, and who can say how many resolutions will be made by busy, driven fathers, to do better by the boy this next year? Or, who can estimate the practical value and significance of the determination of thousands of boys to play the game at home better during the coming months because of Father and Son Week?

The following is a suggestive outline on how Father and Son Week may be observed:

Monday—"Tune In" — Draw up your plans for the week so that there will be no misunderstanding about the program for the week.

Tuesday—Home Day. Father and son home for the evening. Spend the evening together. Invite Boy Scouts of the city and their dads in for the evening. Fathers and sons away from home write a special letter to each other. Homes not blest with sons entertain fatherless sons for dinner or the evening.

Wednesday—Recreation Day. Fellowship is the keyword to rational father and son relationships. To get the most out of life both fathers and sons must not only do things for each other, but with each other, grow up together.

Skating, curling or bowling together with fathers and sons playing as partners. Several fathers and sons might organize a hike together.

Talk things over and plan on some kind of outing together.

Thursday— "Tell Your Boy" day. This gives a splendid opportunity for fathers to tell their boys things they ought to know regarding their social and mental life. This day provides a splendid opportunity to stress the value of education. Preparation for life work should be talked over.

Friday—Citizenship Day— Training sons for citizenship is a service every father owes his son as well as his country. Our boys are a great national asset. The boy is looming large on the horizon, as worthy of special attention. Our hope lies in our children as never before. The boy of today becomes a factor of tomorrow in the replacement of Canadian man-power. The strongest bodies and the cleanest minds are needed now as at no other time. The wisest care we can therefore bestow on our boys is the surest investment for our country's future. They must be made strong in every fibre. Their minds must be wisely trained. Their hearts must beat strong and right.

Saturday—Open to do as dads and lads see best.

Sunday—Go to Church Day. The pastors can arrange special Father and Son service. Fathers and sons should sit together.

School Board Striking Estimates

The School Board met on Wednesday evening, when it was intended to establish the estimates for the year. It was the expectation of the chairman of the board and other members before the meeting that they would be able to strike a rate for school purposes at least two mills lower than last year, not having to provide funds for finishing up any extra rooms this year. Two rooms of the new eight roomed addition are still available for new classes if necessary. The regular monthly meeting of the board took place on Friday evening of last week.

Rev. H. A. Barton, Evangelist, while conducting a campaign in the city, proved his merit as a dramatic elocutionist on Saturday night, at a recital at the Methodist Church. Among his selections was the portion of Shakespeare's "As You Like It," delineating the seven ages of man; "A Welsh Classic," and "The Vagabond," which were all enthusiastically received. During the evening solos were rendered by Mrs. Kinghorn and Mr. W. G. Morton.

Dads and Lads Get Together

Banquet Friday Last Makes History for Community Gathering

SPLENDID ADDRESSES

Tune: "Coming Through The Rye"

If a laddie has a daddy
Then he has a friend.
If a daddie has a laddie
Pleasures never end.
Every dad should help his laddie
Every way he can.
Then the lad will grow the right way
To a splendid man.

To put into effect the desire expressed in the song above, nothing could have been more successful than the "Father and Son" banquet held in the basement of the Baptist Church on Friday evening last. The addresses made by both old and young were of a high order, and no doubt the get-together will be of even greater benefit than was expected by those who were responsible for the gathering, and who are interested in making Cranbrook a better place to live in.

In conversation with Mr. Buckley, the speaker of the evening, a Herald representative was told that it was in Mr. Buckley's mind the most enthusiastic affair of its kind he had ever attended, and that the boys of Cranbrook are deserving of much credit for the manner in which they took their parts.

It would have been impossible to pack another person into the hall on Friday night, making it apparent that if a larger representation of fathers and sons is required in the future a more commodious hall will be necessary.

Soon after six-thirty the boys and their dads or adopted dads got busy on the sumptuous repast prepared by the mothers, who for one day in the year more or less a secondary consideration, even on that day were again indispensable. It was evident that neither grown-ups or boys had left their appetites at home, and two sittings at the tables were necessary to feed everyone.

After several songs, of which the one at the head of the column is a sample, H. L. Porter, the chairman of the evening, called upon Mr. T. R. Flett to address the meeting. In a talk to the boys and their dads which was very much appreciated, Mr. Flett dealing with his subject, "How May We Share in Our Sons' Games and Work," said in part:

"The taking of a share in our boys' games and work appears to me and I am sure when squarely faced will appear likewise to every adult person, to be simply a matter of our geting into their work and games.

"To start, we need not go further afield than to dig into the work of assisting our boy in his chores and then carry it a little further by enquiring into his daily duties, if the boy we have in mind has reached that branch of life where he has taken up a trade, calling or profession, and encourage him.

"Can we not all remember when a little help from an older person made us feel good and think the older person just the real stuff, if when having a job we were assisted, particularly if the help enabled up to get away with our chums just a little earlier to play? And while helping along with the work, the drudgery of it can be lessened by a talk about any of the many interesting happenings taking place around us, that are not only of interest to the boy, but also to us. What, for instance, is more interesting to the young fellow just now than the unseasonable temperature? It is to him only slightly short of a real calamity that skating cannot be resorted to for a little fun. His skiis and sleigh are put to one side and altogether, he is out of luck, so here we find a chance to encourage a bright side to his chores and work. Dig in here and there, give him a hand to overhaul any little weak spot, and generally prepare for the playday ahead, when the ice will be good, and the deferred games can be gone at with a vigor that does everyone good to see; and the boy, free of his burden, of work and care will radiate a happiness at once contagious and exhilarating.

"I am afraid in the discharge of our duties, we do not give sufficient thought to our boys in the light of later years. Let us study the boys and acquiring a knowledge of their ambitions, and having learned their preferences, endeavor to place them from time to time where their environment will be in line of their expressed preference.

(The Herald regrets, for a number of reasons, one of which was the sudden failure of the power on Wednesday evening, having to hold over the remainder of this article till next week).

JEKYLLS AND HYDES IN EVERY DAY LIFE NOW SAYS EVANGELIST

Striking Exposition from Well Known Stevenson Story on Sunday Evening

The services held on Sunday last, at which Rev. H. A. Barton spoke, continuing his evangelistic campaign in this city, served to heighten the regard with which Mr. Barton has been looked upon during his stay here. On Sunday morning he spoke at the Presbyterian Church, in the afternoon at the Auditorium to a men's meeting, and in the evening to a crowded mass meeting at the same place.

In the afternoon, when Mr. Barton addressed the men's meeting, he based his words on the dying advice of David to his son, Solomon—"Shew thyself a man." He dwelt upon the attributes of manliness, quoting historical instances of men who were giants physically or intellectually—and yet fell far short of the true standard of manhood. Self-control and self-sacrifice were two of the outstanding requirements which the real man must have, Mr. Barton showed. Unfortunately the attendance at this meeting was not very large, but those who attended had a real man's address given them. A special musical number was given during the afternoon by a male quartette, comprised of Messrs. H. R. Hinton, J. M. Clark, F. A. Williams and J. L. Palmer.

The united service in the Auditorium on Sunday evening was a distinctly memorable gathering. The regular services at the Baptist, Presbyterian and Methodist churches had been withdrawn, and many of the members of all their congregations, with others who do not identify themselves with any church, crowded the building so that every nook and corner of the large hall was occupied. Representatives of the choirs of the three congregations, with Miss Alma Sarvis at the piano, gave valuable help in the praise service. Mrs. Norgrove and Mr. Hannah sang most effectively a duet, in the refrain of which the audience joined. The solo, after the address, by Mrs. Warren, was particularly well rendered.

With the closing verses of Romans VII. and the opening verses of chapter VII. for scriptural background, Mr. Barton made singularly effective use of Stevenson's story, "Dr. Jekyll and Mr. Hyde," to point out the dangers and triumphs of dual lives. To those who did not know the famous story, Mr. Barton's dramatic telling of it made the way clear to all for the application. No one who was present is any longer a stranger to the genial Dr. Jekyll who, according to the wierd fable, by the use of a mysterious drug, became transformed, at first occasionally, but eventually altogether, into the deformed, monstrous, evil, Edward Hyde. As the speaker went on to cite specific instances of actual duplicity in life the members of the audience were made to feel that it was not of others but of themselves many of the things were being said.

The strained attention of the audience made it evident that it was not of a character in a book—a man who slowly lost hold of his better self, and became incorporated with his second and worse; stripped of all balancing instincts—but of themselves they were being made to think.

There was an evident sense of relief from time to time as the speaker brought out one phase after another of the adequacy of the Gospel to meet each and every possible condition and situation. It was good to have the same man who painted the lurid and horrid picture of debasement—so tragic, so terrifying—also to make so very real and appealing, the fact that the gospel of Jesus Christ is the very power of God unto salvation to every one that believeth.

Mr. Barton has been continuing his meetings every evening this week at the Methodist church.

PROGRAM FOR BIG SKATING AND HOCKEY WEEK AT ARENA RINK

Hockey Games For The Smallest Juniors Up; Good Ladies' Games

The following is the program which was drawn up for this week:

Tuesday Night — Junior Hockey, 7 to 8. Skating 8 to 10.

Wednesday — Cranbrook's Girls. Bluebirds vs. Canucks. They put up a good brand of hockey, well worth seeing. Admission, 25c and 15c to all. Game to commence at 8 sharp, to 9.30. Skating after.

Thursday — Public school hockey league. Four girls' teams and four boys' teams, commencing at 7.30 sharp. This will be worth seeing. See the little tots, Cranbrook's coming hockey players. At conclusion regular schedule game will be played. Admission free to one and all

Friday—7.30 to 8; Girls' hockey practice. Band night 8 to 10, and general skating. Usual admission, 50c and 25c.

Saturday — Fernie Ladies' championship team vs. Canucks. It will be some game, with some surprises. Come to this, at 8 sharp. Skating after the game.

Admission 50c and 25c for children.

Monday — Weather permitting, Kimberley vs. Cranbrook Junior Boys' and Girls teams will play return series, 7.30 to 9.30. Skating after the game.

YOUNG DAUGHTER OF MR. LEWIS COX CALLED BY DEATH

With a suddenness which made it difficult to believe the reality of it, the home of Mr. Lewis Cox, baggagemaster at the C.P.R. depot, was visited by death on Monday last when Barbara Helen, their sixteen months old child, was called away. Playing around as usual on Sunday, the child was put to bed about 8 o'clock Sunday evening. At this time Mrs. Cox detected that the child apparently had a cold. This grew rapidly worse and at about 8.30 Dr. MacKinnon was summoned. Upon examination there were no signs apparent which would indicate anything else but a cold. Again in the evening, about midnight the doctor came and another examination was made and still no signs of anything of a serious nature were apparent. The following day the child grew rapidly worse and despite the most faithful attention of Dr. MacKinnon, the young sufferer succumbed at 4.30 Monday afternoon, within less than a day of being taken with whatever ailment it may have been.

Since there were indications of croup and diphtheria, it was decided to quarantine the house for a week or ten days.

On an occasion of this kind words of sympathy seem of little avail, but Mr. and Mrs. Cox may rest assured many friends feel deeply for them in their sudden bereavement.

What makes the case harder for the bereft ones is the fact that the mother and children being quarantined, the parents are denied their mutual comfort.

The funeral took place on Tuesday afternoon, many beautiful flowers being in evidence as follows:

Family, pillow; Mr. R. Cox, wreath; Mr. and Mrs. Laurie, spray; Salvation Army Home L'gue, spray; Mr. and Mrs. Loucks, wreath; Mr. and Mrs. Reg. Hartnell, spray; Mrs. Derbyshire, spray; Mr. and Mrs. Moir, spray; Mr. and Mrs. W. G. Robinson, spray; Brotherhood of Railway Clerks, spray; Mr. and Mrs. J. S. Taylor, spray; Mrs. R. D. Finley and Mrs. Liddicoatt, spray; Mr. and Mrs. T. H. Bronsdon, spray; Mr. and Mrs. W. Steward, spray; Mr. and Mrs. Godderis, spray; Mr. and Mrs. D'Hondt, spray; Morley, Elizabeth and Arthur, cross.

Mining Group Shows Promise

Tunnelling at Boy Scout Claims Near St. Mary's River Going Ahead

STRIKE RICH ORE SHOOT

The contract for tunnelling on the Boy Scout group of mineral claims on Hell Roaring Creek is progressing very favorably. The lower drift is in considerably over 250 feet, and the ledge has maintained its width and course steadily; the ore, which is concentrating galena and zinc, carries good values in silver and lead, and has been present for the whole distance, running from two to four feet in width. Last week, however, the drift ran into a shoot of ore over 12 feet in width, with a much larger percentage of galena. The assay returns, which have not yet been received, should go considerably higher than the general run of ore.

As this ledge is apparently not the main one, great hopes are entertained that the property will develop into a mine, and it is understood that the owners are prepared to push development, entering upon permanent work on the main ledge.

This will be, if successful, a good advertisement for the St Mary's river section. The property lays in the Aldridge formation, quartzites and argillites, and within a few feet of the southern boundary of the granite intrusion that runs across both forks above the canyon.

Coming Events

Thursday, Feb. 12: Cranbrook Football Club general meeting, in G.W.V.A. Hall at 8 o'clock.

Wednesday, Feb. 18: Tennis Club Dance in Parish Hall.

Saturday, Feb. 14: Valentine Tea by Knox Church C.G.I.T. Girls in the schoolroom, 3 to 6.

Saturday, Feb. 14: Postponed Ladies' Hockey Game, Fernie Swastikas vs. Cranbrook Canucks, Arena Rink, 8 p.m.

Saturday, Feb. 14: Boxing and Wrestling Tournament at the K.P. Hall, at 8.30 p.m.

Friday, Feb. 13: Valentine Dance in Auditorium.

Monday, Feb. 16: Annual Meeting Cranbrook Golf Club Co., Ltd., in ity Hall at 8 p.m.

Wednesday, Feb. 25: L.A. to B.R.T. Whist Drive and Dance, K.P.Hall. Admission 75c. Ladies 50c.

Friday, Mar. 6: Women's Institute Hard Times Dance and Whist Drive, K.P. Hall. Cards 8 to 10; Dancing 10 to 2.

Tuesday, Mar. 17: G.W.V.A. Masquerade Ball at Auditorium.

"FATHER AND SON WEEK"

February 16th to 22nd

TO THE PEOPLE OF CRANBROOK

Because it has an important bearing on civic welfare in Cranbrook as well as on individual welfare in countless cases, I feel it my duty to call attention to the well conceived plan for a "Father and Son Week."

The purpose is admirable. Anything that tends to bring father and son closer together in friendly spirit can not but be beneficial to themselves and the community.

I believe that fathers can do more than any others to stem the great and alarming tide of "dropping out" of school, which carries many boys out into the world unfit for progress and prosperity or public service.

Many boys grow to manhood virtually ignorant of even the simplest processes of government. These every father can explain to his son. The son, in every case, should become better than his father, for that marks progress.

The "Week" that is coming will suggest many ways in which fathers may gain more completely the confidence of their sons, with all that means of effective guidance and unresented control.

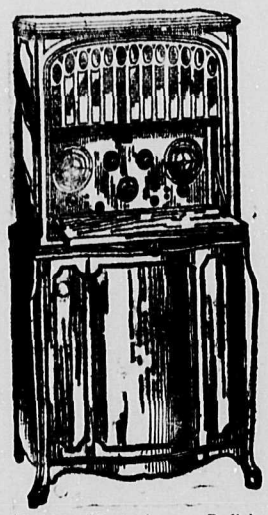
I, therefore call upon the fathers of this city and request their co-operation in this important movement by falling in line with all that is suggested, and attending all the meetings that may be arranged as far as possible during the "Father and Son Week." I hope men who have no sons will befriend the boys who have no fathers.

T. M. ROBERTS, Mayor.

FEBRUARY 28th IS THE CLOSING DATE FOR THIS ABSORBING COMPETITION.

All Solutions to Rank for the Prizes Must Be Mailed Not Later Than This Date: Lose No Time in Getting Your Solution Handed In

FIRST PRIZE



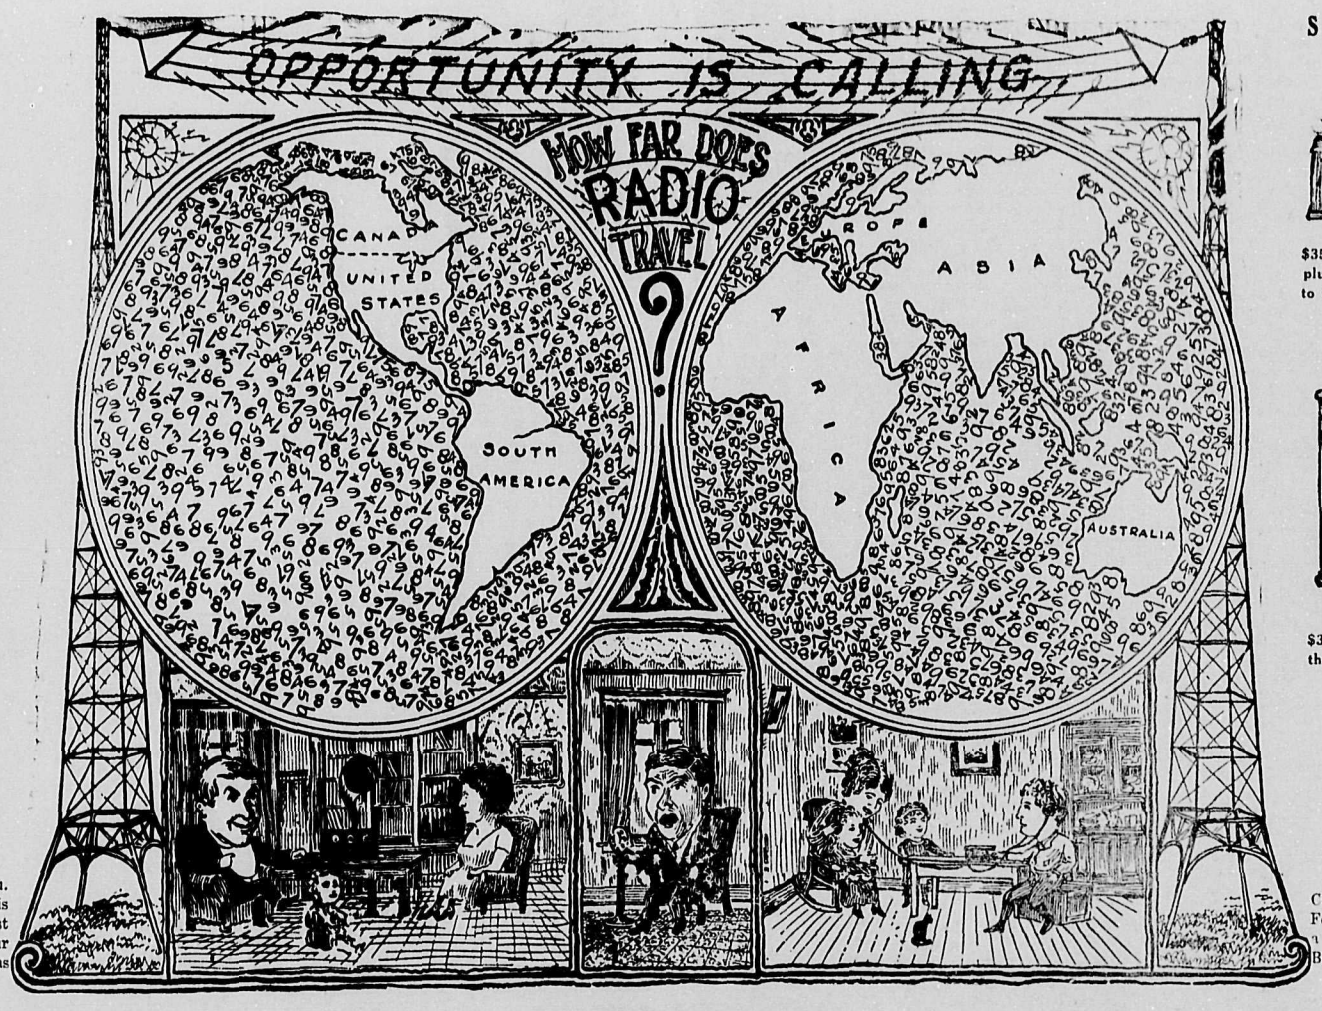
$575.00 Westinghouse Radiola Super Eight, plus 20 times the amount of money sent in up to $30.00.

START COUNTING NOW

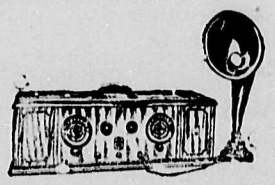
Take a pencil and put down the numbers as you stroke them out, then add them up. We would suggest that you cut the chart into dozens of pieces then check them from all sides.

SAVE THIS PAGE

It may mean $1270.00 to you. One Hundred Free Prizes. This is not a trick puzzle but merely a test of patience and skill. Surely your chance for winning is as good as anyone else's.

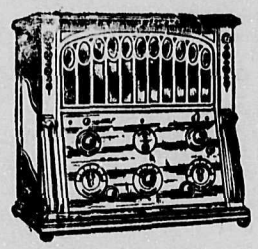


SECOND PRIZE



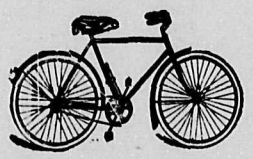
$350.00 Radio Super-Heterodyne plus 10 times the amount sent in up to $30.00.

THIRD PRIZE



$325.00 Radiola No. 10, plus 5 times the amount sent in up to $30.00.

35 BICYCLES GIVEN



Contestants standing from Sixth to Fortieth will be given the choice of a $45.00 Bicycle (Men, Women, Boys or Girls), or a $45.00 Radiola Three.

$5,000 in Prizes

FIRST PRIZE Has a Value Up to $1,270.00 Choice of—
$670.00 Ford Touring Car, plus 20 tims amount sent in up to $30
$575.00 Radiola Super 8, plus 20 times amount sent in up to $30
$450.00 Cash. plus 20 times amount sent in up to $30
SECOND PRIZE Has a Value Up to $650.00—
$350.00 Radio Super-Heterodyne, plus 10 times the amount sent in up to $30.00
THIRD PRIZE Has a Value Up to $475.00—
$325.00 Radiola No. 10, plus 5 times amount sent in up to $30
FOURTH PRIZE Has a Value Up to $325.00—
$265.00 Radiola Regenoflex, plus 2 times amount sent in up to $30
FIFTH PRIZE Has a Value Up to $110.00—
$80.00 Radiola 3-A, plus the amount sent in up to $30
SIXTH TO FORTY—
$45.00 (each) Radiola 3. or $45 (each) Bicycle.
FORTY-ONE TO FORTY-FIVE Choice of—
$35.00 (each) Radiola Loud Speaker or $25.00 (each) Cash.
FORTY-SIX TO SEVENTY-FIVE—
$14.00 (each) Brandes Table Talker or $10.00 (each) Cash.
SEVENTY-SIX TO ONE HUNDRED—
$7.00 (each) Headset or $5.00 (each) Cash.

CLOSING DATE IS FEBRUARY 28th - STILL TIME YET!

Much interest has been taken in this competition, and solutions have come in from many of the outside points tin the district, as well as from the city. From as far away as Lethbridge even, replies and solutions have been received.

Although the special prize periods have expired, there is still an opportunity till the end of the month to get solutions in which will rank for the principal prizes. Extra copies of the puzzle may be had free of charge, or copies of the puzzle containing exceptionally plain figures may be referred to.

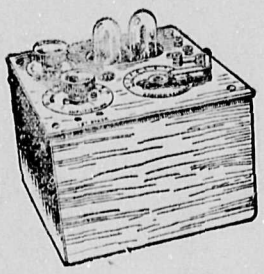
FOURTH PRIZE

$265.00 Radiola Regenoflex, plus twice the amount sent in.

FIFTH PRIZE

$80.00 Radiola Three A, plus the amount sent in.

THIRTY-FIVE



RADIOLA THREE, valued at $45.00 cash, will also be given.

$2,190.00 IN CASH

The cash prizes to be given away in the contest have a value up to $2,190.00.

THE PROBLEM

The problem is to find the sum total of the figures in the two circles, which, when added together, represent the total number of miles that Canada's most powerful broadcasting station can be heard. Every figure is complete and the drawing is entirely free from tricks and illusions, but like a lot of other things, it is not as easy as it looks. Figures range from two to nine, each standing alone thus, two, three, four five, six, seven, eight, and nine. There are no ones or cyphers in the chart. The tops of the sixes are curved, while the bottoms of the nines are straight. By looking at any figure carefully you can easily tell what it is. However, to pick out all the figures and add them together correctly is a task that requires both patience and skill. This is one of the most attractive figure puzzles that has ever been produced, and it would be worth while to solve, even though no prizes were offered. In the event that no one obtains the exact answer, the prizes will be awarded for the nearest correct solution. Accuracy and patience are the main factors for arriving at the correct or nearest count. Those who display these qualifications to the best advantage will solve the puzzle best.

$5,000 in Prizes FREE

No One Knows Correct Answer

To make sure that no one knew the exact or correct answer to the problem, or how many miles CFCN can be heard, Mr. H. W. Wood, president of the United Farmers' Association of Alberta, Mr. W. M. Davidson, member of the legislative assembly, also editor and publisher of the Calgary Daily Albertan, and Mr. J. I. McFarland, president and managing director of the Alberta Pacific Grain Company, Limited, kindly consented to erase one or more figures from the puzzle chart. This was done at different times, consequently no one knows just what numbers were taken out. Notes of these figures were made by Mr. Davidson, Mr. McFarland and Mr. Wood, sealed and placed in a safety deposit box, where they will remain until after the close of the contest.

Bear in mind that the correct answer was known before the judges erased some of the figures. After the contest is over, the judges will inform the Contest Department just what numbers they erased. These numbers will be subtracted from the original correct answer, thus giving the present correct answer.

SOLUTION AND REMITTANCE BLANK FOR CONTESTANTS

This contest is being run in conjunction with CFCN Radio Broadcasting Station, Calgary.
All Contestants must use this blank when sending in solutions.

My answer to the problem is .....

I desire to enter your Figure Puzzle Contest, and herewith remit, in accordance with conditions of same, the sum of $ ..... which please place to my credit.
Subscriptions collected from the following:

		New or Renewal	Amount
Name	Address	.....	$.....
Name	Address	.....	$.....
Name	Address	.....	$.....
Name	Address	.....	$.....
Name	Address	.....	$.....

Is this your first remittance on this puzzle? .....

Total amount of money sent to date $ .....

If this a winning solution, send prize to .....

.....
(Please print Name and address and city plainly)

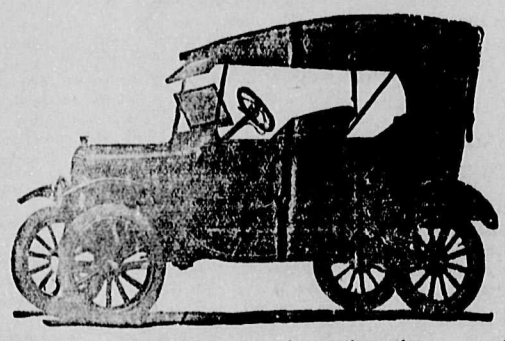
IMPORTANT:—BE SURE AND ANSWER ALL QUESTIONS, AND ADDRESS ALL COMMUNICATIONS TO

The Contest Dept., THE HERALD, Cranbrook, B.C.

General Rules

1. This contest is open to everyone except employees of The Cranbrook Herald.
2. Additional puzzle charts on a good grade of paper may be obtained by writing to this office. They will be mailed to you free of charge.
3. Competitors must fill out the entry blank and enclose a subscription of not less than $2.00, which will be credited to their accounts, both as entrance fee to the contest and as a prepaid subscription to the Cranbrook Herald, which will then be sent at the regular rate until the subscription expires.
4. The full amount of your subscription must be sent direct to Contest department of the Cranbrook Herald.
5. You have the same chance of winning a prize by paying a $2.00 subscription as you would have by paying a larger amount, but the amount of the first five prizes depends greatly upon the amount of subscription money you send in to the Contest Department.
6. The contest is open to both old and new subscribers alike, anyone may help you in collecting subscriptions or solving the puzzle.
7. Subscriptions for $2.00 and over are transferable, a subscription makes a very acceptable birthday or other present. The Cranbrook Herald will be sent to any address specified by the contestant.
8. In case of a tie for any prize a second puzzle will be presented, which will be as practicable and as solvable as the first. Only those tied will be permitted to solve Puzzle No. 2. Should two or more persons be tied for any prize, that prize and as many other prizes following as there are persons tied, will be reserved for them, before any prizes will be awarded for less correct solutions.
9. One person cannot win more than one Regular prize.
10. The Contest Department will be more than pleased to answer all questions regarding doubtful figures in the puzzle.
11. No entries unaccompanied by a cash subscription will be accepted. No solution can be changed after it is once registered.
12. If a subscriber, who has given his subscription to some other contestant to send in, desires later to send in a solution to the puzzle, he can do so. He does not require to send any further payment on subscription unless he wants to.
13. All cheques, Postal notes, bank, postal, or express money orders, etc., should be made payable to The Cranbrook Herald.
14. Only those tied will be permitted to solve Puzzle No. 2. There will be no Third Puzzle, and no remittances will be accepted on Puzzle No. 2.
15. The Contest will close in February, 1925, but send in your solution as soon as possible as there are some special prizes for early solution senders.
16. The Contest Department of The Cranbrook Herald reserves the right to alter the rules and regulations. Also to refund subscriptions and disqualify any competitors whom they consider ineligible. Also to finally decide all questions which may arise. Competitors must abide by their decisions.

FIRST PRIZE



$670.00 FORD TOURING CAR plus 20 times the amount of money sent in, up to $30.00.

LUMBERTON CHIPS

Miss Emily Gregory entertained a number of her friends at the home of her sister and borther-in-law, Mr. and Mrs. O. N. Jacobson, on Saturday evening of last week. Dancing was the principal pastime of the evening. Various games were also played. A very delightful lunch was served by the hostess at a late hour. The guests departed in the wee, sma' hours, after having had a very delightful time.

Miss L. Burnett is spending a few weeks at the home of her sister, Mrs. S. Brown. Miss Burnett expects to leave for Olympia, Wash., in the near future, where she will join her father and mother.

The regular social gathering of the Lumberton Club was held on Wednesday evening of last week in the club rooms. Empire whist occupied the attention of the members for the early part of the evening, eight tables being in play, prizes for which will be awarded at the end of the month to the persons having the highest number of points at that time. A lunch was served by the committee in charge of the entertainment and refreshments for the month, which was followed by dancing until midnight, the music, as usual, being supplied by Messrs. P. Weyenburgh and H. F. Wilson. The dance program was well arranged, for it made way for several quadrilles, as well as some of the more recent dances.

Mr. and Mrs. T. Gustafson were hosts to a large circle of friends at their home, on Saturday evening of last week. Norwegian whist occupied the guests for a time, which in turn was followed by dancing. A very delicious luncheon was served by the hostess, who was assisted by Mrs. L. Hilton. The party dispersed at a late hour and all the guests regretted that the time for Home Sweet Home had come.

Mr. L. T. Dwelley returned from a trip to Calgary and Winnipeg, on Wednesday of last week. While in Winnipeg Mr. Dwelley attended the Retail Lumbermen's annual convention.

The regular monthly meeting of the Lumberton Ladies' Aid Society was held on Thursday afternoon of last week. A large number of the members were present and a fine meeting was held. A kindergarten has been organized to take care of the little tots who cannot be left at home, and is in charge of one of the members. This innovation precludes any interruption of the business sessions of the Aid.

Mr. H. P. Klinestiver, manager of the B.C. Spruce Mills, Ltd., departed for various points in the eastern States on Friday afternoon of last week. Mr. Klinestiver will spend several days in Minneapolis, where he will visit the American sales representative of the company, and will also be in attendance at the annual convention of the Wisconsin Retail Lumbermen's Association which will be held in Milwaukee this week. From Milwaukee, Mr. Klinestiver will proceed to Cleveland, Ohio, and also to Sheffield, Penn., where he will spend several days at the home of his father and mother.

Mrs. W. L. Hunter entertained a number of her friends at tea last Saturday afternoon in honor of her guests, Miss Mae Kennedy and Miss A. Allen, both of Boswell, B.C. A very delightful afternoon was spent.

The first instalment of a zoo has been started at camp two. The captive in this case consists of a deer which wandered to one of the landings out in the woods and loitered around there several days. The men noticed that the animal had been injured and finally got close enough to it to pick it up and carry it into camp, where it is receiving the best of attention, and has been adopted as the official camp pet. Needless to say, the deer is leading a very fine existence, living on the fat of the land, as most of the men see to it that there is always some thing of the sweets there to munch. The super-existence is beginning to have a marked effect on the deer for it is rapidly developing a very discriminating taste for it will partake of only the very choicest from that which is offered.

The shipping department is feeling quite proud of itself these days for the members of this department established the highest peak that it has yet reached during the history of the B.C. Spruce Mills, the total amount of shipments reaching the three million mark, one hundred and eight cars having left the shipping dock during the month, most of the lumber being dressed and very little being shipped. This record is not going to be left at that figure very long if business conditions reach a stage where the orders come in at all steadily for any length of time. However, it is a good start for the first month of the year.

Mr. Moore, tie inspector for the C.P.R. spent several days in Lumberton last week, while doing some work a short distance down the line from here.

Several of the contracting jobs at camps one and three have been completed and the men have come down from the bush for the balance of the winter. At present it is not planned to give out any more of the strips on a contract during the remainder of the winter, owing to the deep snow. Logging operations will be resumed on a more extensive basis as soon as the weather permits in the spring.

COMMUNICATION

THE MILK QUESTION AGAIN

To the Editor,
Cranbrook Herald.
Sir:

Re the wail in your issue of last week on the milk question. We are the "Newcomers" mentioned by the person with no name, who takes up the gage on behalf of others equally nameless, (creepy, ain't it?). We are terribly abashed at having to labor under this stigma and apologize most humbly for our inability to arrive here before 1920, in the era of 20 cent milk, as, during the previous four years or so, we were otherwise engaged. While this explanation may not condone our fault at present, yet we hope, through time, to live it down.

While we are loth to enter into sordid recrimination, making it a rule to attend to our own business, yet this peurile propaganda is just a little too crude to overlook. We scent combine in the wail o' woe.

The person who wrote the article is well vouched for and, apparently, must be of superior clay to the ordinary; otherwise, he would hardly dare presume to advise the people of Cranbrook where to buy their milk, and what stores to patronize. He also, in thinly veiled innuendo, condemns our dairy inspector and officer of health as being unable to look after the health of this city. Judging from the written text, and noting the amount of space he required to say some things which were better left unsaid, we should say that he had done most of his practical farming on the shady side of a tree on a government road; and also, that he is a firm adherent of the ancient cult—"The pen is mightier than the hoe."

The first great principle in good dairy practice is—"an abundance of home-grown roughage." These nameless ones have not adhered to this great essential and, of course, find it difficult to produce goods at market price. We further venture to say—though speaking without knowledge of the cases—that 90 per cent. of the dairymen, who are said to have quit in disgust, also broke this fundamental. This brings us to the gentleman who, this year has lots of feed and $1,000 to lose. We must keep his name a dark secret, so we will call him "Mr. Is-der-God"? Mr. Is-der-God grows an abundance of hay every year, not just this year, and in our opinion he grows more per acre, year after year, than any farmer in this Dominion. He then passes on the results of his skill and labor to his customers and he immediately becomes a pariah in the eyes of these shameless ones. "Why should the people pay for inefficiency?"

The same thing is happening in the lumber and mining industries thru the Crow. When production costs rise over a certain point, the more favorably situated competitor takes the business if the product be of equal quality.

We now come to figures. We accept those given on the retail side as correct. In Spokane, 3 1-2 per cent. milk, as sold here, retails at 11 1-2c, the producer getting $2.60 per 100 pounds. In Seattle the consumer pays 10c per quart, the producer receiving $2.05-$2.10 (January prices) minus freight. These figures show a spread for large city dairies of 6.2 cents and 5.8 cents respectively, or in imperial measure, as here, a spread of 7.7 and 7.25 cents respectively. Thus we see that the figure of 7.4 cents per quart, for retailing, as laid down by our public defender, is safe practice even where a higher standard of wages prevails than here. We will now examine this 7.4 cents for retailing. ((The production cost of 7.4 cents we leave strictly alone as we do not consider it correct for this district or its cows). These large city dairies have been in business for many years and are not run at a loss, all the time, as here. Their profit must be somewhere in this 7.4 cents.

Let us now assume a city dairy to be handled by two men—say 300 quarts per diem. Any less would be waste labor in a well equipped dairy. We place the cost of dairy and equipment at $3,000.

Taxes, depreciation, interest, insurance, $730 per annum, or, per deim	2.00
Wages, one hired man	4.00
Ice, 365 days, per diem	.50
Coal, power, caps, powder waste, oil, replacements, advertising, printing, stable debts, etc.,	5.50
Total expense per diem	$12.00

or 4c per quart on the delivery wagon.

300 quarts per day @ 7.4 cents—$22.20. Therefore, the proprietor has $10.20 for his own labor, clear of all overhead. We consider our figures to be ample. If some disagree, we point out that in dairy practice in this town the production and retailing sides use one dairy, the help is interchangeable and freight is dispensed with. Therefore about one-third of overhead of dairy ($2.30) should be charged back to production, thus bringing the total surplus to $12.50. However, for our purpose $10.20 is as good as $12.50.

This rather changes the aspect of things. From a loss of 0.52 cents per quart, of $1.56 per diem on 300 qts., we discover a surplus of $10.20, or a total difference of $11.76 per diem. We think this is sufficient to prove the fallacy of the expert analysis which was inflicted on poor Mamma Cranbrook last week.

We feel real sorry for this puling nameless Geyron in our midst, and would like to spare it; but listen, "Each and every one of them has bought the questionable milk and cream and sold it to unsuspecting mammas for years." And now, my Geryon, goodbye, and remember what befel your namesake And you, most amusing Sir Galahad, goodbye, and please don't bother us again until you have had about a year's tuition from the wee laddie on Side Hill Farm, goodbye. Dear Editor, please reserve our name for our epitaph.

The Newcomers,
Standard Ranch

FERNIE GOES AFTER THE BEER

(Continued from Page One)

cent. alcoholic content, and not lower than 3 1-2 per cent., it being considered by experts that this strength will give the best tasting and most wholesome drink.

The commissioner may at any time question the license holder regarding particulars of loans or mortgages against his property, put on either before or after the license is issued

Provision is being made for the sale of beer in the "wet spots" only of those electoral districts which voted for beer in the June plebiscite.

Twenty-three electoral districts in the province voted "wet" and 17 "dry."

There are no provisions in the regulations for the issuing of licenses in any of the 17 districts, though there were some definitely "wet" sections in these dry areas. In this particular, as in others, it is claimed that Mr. Davidson has steered rather to the "dry" side of the channel in the inaugurating of British Columbia's experiment in the sale of beer by the glass.

Applications will be considered in detail by the commissioner. He will examine the various premises, study the neighborhood needs and then decide how best to meet requirements of workingmen and others who may wish to patronize the emporiums.

The commissioner will have very wide powers. His judgment is final in connection with a cancellation of or suspension of licenses, for which no compensation is allowed.

Municipalities cannot add other fees against license holders. Provincial license fees and profits will go into "general liquor profits account" and municipalities will share in these.

Applications must be advertised, and if neighbors object to any proposed license, the commissioner will consider such objection before issuing the license.

Though freely urged in some quarters that serving of soft drinks and cigars, and especially sandwiches and crackers, would be advantageous to the public, a number of objections to against it. He decided to keep as close to the letter of the plebiscite as possible, and it was also felt that the introduction of bottles containing soft drinks would multiply chances of promiscuous sale of hard liquor in the guise of soda pop.

No communicating door between the beer parlor and the rest of the hotel will be permitted.

Holders of beer licenses will have no direct dealings with brewers. A chief beer vendor for the government will be the intermediary, buying from brewers and selling to licencees.

A system of account has been worked out which is expected to provide an accurate check on beer taken from breweries.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for construction of Public Building, Revelstoke, B.C.," will be received until 12 o'clock noon, Tuesday February 17, 1925, for the construction of a public building at Revelstoke, B.C.

Plans and specifications can be seen at the offices of the Chief Architect, Department of Public Works, Ottawa, the acting District Resident Engineer, Victoria, B.C., the Superintendent of Dominion Buildings, Department of Public Works, Vancouver, B.C., and the Postmaster, Revelstoke, B.C.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p.c. of the amount of the tender. Bonds of the Dominion of Canada, and Bonds of the Canadian National Railway Company will also be accepted as security, or bonds and a cheque if required to make up an odd amount.

By order,
S. E. O'BRIEN,
Secretary
Department of Public Works,
Ottawa, January 12, 1925. 50-51

INTERESTING BABY BOOK

Undoubtedly the most interesting reading for the young mother is that which deals with the care and feeding of babies, particularly if the subject is treated in simple language for all to understand clearly. We have just received a booklet, "Baby Welfare," which is one of the most interesting and instructive we have seen in a long time. It has chapters on prenatal care, Feeding of Baby, Bottle Feeding Supplementing Breast Feeding, Diet after First Year, Food Formulas, Sleep, Fresh Air, Exercise, Bathing, Clothing, Baby's Weight & Measurement, with sundry hints as to safeguarding baby's health against common ailments. There is also a page devoted to baby's biography, which should be an interesting record of the little one's activities when it is filled in, and a Weekly Record for Baby's Weight and Height, which the mother can fill in. In the introduction the publishers say that they have purposely omitted suggestions pertaining to medical treatment, knowing that such information should come from the family physician when such advice is needed. Mothers desiring a copy of this most helpful book can obtain one free by writing to the Baby Welfare Department of the Borden Company, Ltd., 180 St. Paul Stret West, Montreal, mentioning this paper.

TEACHERS TO MEET IN CONVENTION AT PENTICTON IN APRIL

The sixth annual convention of the B.C. Teachers' Federation will be held from April 14 to 16, in Penticton. In addition to the regular features of convention, the special purpose for holding this year's gathering at that point is to allow teachers an opportunity of seeing the interior and to strengthen the bonds of friendship and good will already existing among those engaged in the educational work of the province.

Special arrangements have been made with the C.P.R. for a circular tour for those from the coast attending the convention, with the object of allowing the teachers to see as much of the interior as possible, and so obtain first hand knowledge of its geographical and historical features. The officials of federation hope that all teachers will assist to make the experiment of an interior convention a decided success.

CONNAUGHT TUNNEL LINED WITH CONCRETE JACKET OF 12 INCHES

The lining of the famous Connaught tunnel, under Mount Macdonald, in the Selkirk range was to be completed by February 4th, according to C. A. Cotterell, assistant general superintendent of the C.P.R., who has returned to Vancouver from a week's trip over B.C. lines.

Nearly half a million sacks of Canadian cement have gone into the lining of the tunnel, Mr. Cotterell said, and the work represents the biggest undertaking of its kind on the American continent. The tunnel is now lined with a concrete jacket 12 inches thick throughout its entire length of five miles.

TRAGEDY OF A VETERAN

A VETERAN of the world war at Trail lost his grip on things and with a pistol took the life of a girl, and then turned the weapon on himself, but unavailingly. As a result this man will now have to face a trial for murder, and so strong is the local feeling, that he was removed to another hospital, so that the nurses of the institution at Trail would not be asked to minister to the man who had ruthlessly taken the life of one of their nursing sisters. This man had gone through all the harrowing experiences of the war; had served his country as bravely as the rest of the Canadians did; risked the German gas, the barrages and the hail of rifle fire from the opposing trenches; and the war had left its mark indelibly on him in the form of a mutilated body and shattered nervous system.

This cannot in the least extenuate the heinousness of his crime. He must be judged not on his war record, but on his cold-blooded and apparently premeditated crime. But the hangman's noose seems a piteously ignominious end for a man who was at one time receiving the plaudits of his country when he was fighting for it, and the question arises whether the government quite did its part after the war was over in allowing this veteran to go out into the world again to make his way, with the disabilities he was known to be handicapped with as a result of his war service. This man who had no fear of a host of Germans over in France, became the victim of his own jealous fears. It is a war tragedy — and yet the war ended six and a half years ago. But its ravages are still all too apparent.

* * * * *

A NEW GOSPEL

IT is gratifying to learn there are other things besides secular entertainments can fill the Auditorium on occasion. Last Sunday night a church service was held there, and not an inch of sitting room was vacant. It was a unique service, and while the old gospel was preached, it was clothed in new garb. Would the place have been packed as it was if a theme from the scriptures had been announced? There is room for nice argument in the question, but the unique point is that it is not often that literature—profane literature, as distinct from holy writ — is made the vehicle for driving home so conclusively moral truths. They could, without question, have been derived just as forcibly from some passage of scripture, but to pick out secular writings, and elevate them to go alongside holy writ, as it were, is surely an indication of the broadening of the times. In an evangelical church this would at one stage in the world's history have been dubbed heresy. But it isn't any more, and pulpit and pew alike are the better for such an enlargement of viewpoint, for it is only by keeping itself so focussed on its objective that the church can hope to overtake its hurculean task at the present time.

* * * * *

SASKATCHEWAN'S WET LAW

SASKATCHEWAN has framed a liquor act all its own which is now being considered in the legislature, with the probability that it will not likely be very much altered before going into effect. After all the praise that has been heaped upon the B. C. government system—principally, it must be admitted, by those whose admiration for the government and everything connected with it is sometimes suspected of being not altogether disinterested—it is somewhat surprising to find that Saskatchewan is to blaze a new trail in the liquor control business. One of the chief features in its proposed measure is a local option feature, enabling districts to vote liquor in or out of their confines, upon the proper steps being taken. The obvious disadvantages of this proposal it is expected to overcome to a large measure by a careful watch on quantities sold, so that one wet section may not become a bootlegging rendezvous for neighboring dry districts. Another proposal made is to provide for the sale of hard liquor only in the principal cities, and in the rural districts carry on the sale of beer. No permits are to be issued, and the enforcement of the new law is to be put in the hands of the provincial police direct.

It is interesting to note that no other province has as yet followed the precedent of B.C. in providing a fund out of the liquor profits for a grant to cities and municipalities, except Manitoba, where all the cities and districts, excepting Winnipeg, are provided for under a scheme adopted.

* * * * *

NOTE AND COMMENT

ORE reserves at the Sullivan Mine are estimated by a well known mining authority to represent the respectable sum of three-quarters of a billion dollars. The statistician can be forgiven if he is a few paltry millions out, but it would seem to indicate that Kimberley is destined to hold its position on the map for some little time to come. Barring unforseen market catastrophies, and if other conditions do not intervene, the Sullivan Mine is likely to be a heavy shipper for years. Taken with a quickening of interest hoped for from other industrial fields in the East Kootenay, and it will be understood there is a basis for believing that Cranbrook is going to enjoy fairly stable times in the years in front of it.

A REAL potent draught is brewing for the government in the beer by the glass situation it is now attempting to grapple with. Electoral districts that voted for beer are going to be allowed to have the means of getting it, though not, it is expected, quite on the generous scale that the Fernie district is looking for it, nineteen applications for beer licenses being already pending there for the district. The Cranbrook riding as a whole, voted for beer, but the city of Cranbrook did not. Will licenses therefore be kept away from the city, but permitted in nearby points where the vote was for beer? Such an anomalous situation is not going to make for smoothness and harmony in the working of the new measure. To make an exception of the city in the one case, or to deprive the outlying points of the licenses they feel entitled to, neither one course nor the other is going to prove a popular policy to work out.

* * * * *

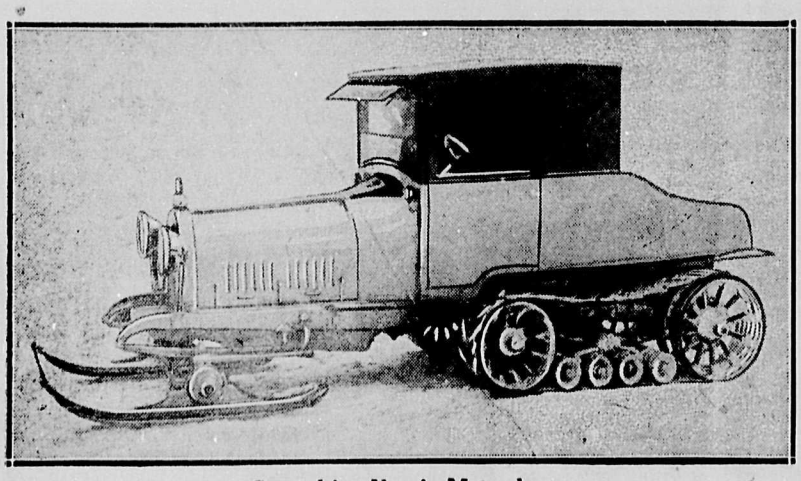
From Our Exchanges

CONSIDERS MONEY TAINTED

"Enderby's share of the profits from the sale of liquor for the last half year amounted to $679,92, and from race track gambling about the same.

"Isn't it lovely! Some years ago when we were less sophisticated, it used to be considered a savage thing that the government of Mexico raked off a percentage of the receipts taken at bullfights and the like.

"But now we think nothing of the government of our fair province bootlegging booze at a bootlegger's profit, and sharing in race track gambling—so long as we get a piece of the gambler's and drinker's money. Truly, we are becoming a great God-fearing and loving people—at a profit!"—Okanagan Commoner.



Something New in Motordom

The dog-sleigh and caleche have nothing on the auto scooter which is parked outside the Chateau Frontenac, Quebec. The caterpillar traction makes for service rather than speed.

TWENTY YEARS AGO

Extracts from the Issue of The Cranbrook Herald of this Date Twenty Years Ago.

The mineral production for the past year has just been announced by the government as amounting to $19,770,000, an increase over the previous year of $2,200,000.

Dr. King, elected representative for Cranbrook riding, has left to attend the session at Victoria.

Mr. Harry White has established his office as customs collector, in the corner of the new Herald building.

A good deal of activity is expected at Yahk this spring following the decision of the Corbin interests to build north from that point to Spokane. A big hotel and a sawmill are among the undertakings projected for Yahk.

BIBLE THOUGHT —FOR TODAY—

Bible Thoughts memorised, will prove a priceless heritage in after years.

Friday, February 13

BRETHREN, if a man be overtaken in a fault, ye which are spiritual, restore such a one in the spirit of meekness; considering thyself, lest thou also be tempted. — Galatians 6:1.

\+ \+ \+

Saturday, February 14

MASTER, THIS WOMAN was taken in adultery. Moses commanded that such should be stoned: but what sayest thou? . . He said unto them. He that is without sin among you, let him first cast a stone at her.—John 8:4,5,7.

\+ \+ \+

Sunday, February 15

BOAST NOT THYSELF of tomorrow, for thou knowest not what a day may bring forth. — Proverbs 27:1.

\+ \+ \+

Monday, February 16

PEACE I LEAVE WITH YOU, my peace I give unto you: not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid. — John 14:27.

BUT NOW IS CHRIST RISEN from the dead, and become the first fruits of them that slept.—1 Corinthians 15:20.

\+ \+ \+

Thursday, February 19

OH THAT MEN would praise the Lord for his goodness, and for his wonderful works to the children of men.—Psalm 107:21.

TRAIL INSURANCE MAN NOW FACING MURDER TRIAL, IS KNOWN HERE

Pat Hanley, Trail insurance man, who is now in the Rossland hospital recovering from a self-inflicted wound, and who faces a charge of murder arising from the shooting of a nurse at the Trail Hospital last Friday, is well known in this city, having visited here quite frequently in connection with his insurance agencies. He was connected with the Monarch Life, the Mutual, and other companies at times during his visits here. During his service overseas, Hanley was in the battalion under Major H. B. Hicks of this city.

Pat Hanley shot and killed Miss Mildred Neilsen, a nurse, in the sitting room of the nurses' home, the Aldridge House, later turning his revolver on himself and inflicting a wound from which he is now recovering.

When Hanley called, Miss Neilsen and another nurse occupied the sitting room, and he cordially greeted them. After the other nurse withdrew, a shot was heard and Dr. C. F. Williams, who was in the doctors' offices on the lower floor, rushed up the stairs to find Miss Neilsen lying in the passage dying, while Hanley was in the sitting room with a revolver in his hand. The doctor and nurses carried the dying girl into a bedroom opposite, and then a second shot was heard from the sitting room.

Hanley then crossed the street to the hospital opposite and stating that he had shot Miss Neilsen and himself asked that two beds be prepared. When Chief of Police Downes and Dr. Williams arrived there, he was on the floor of the room, being treated by a nurse for a chest wound.

Miss Neilsen was 25 years of age and her parents live in Vancouver.

ADDRESSES GIVEN ODDFELLOWS AT SOCIAL GATHERING

History of the Order, and Trend of Education Are Themes

At the conclusion of their regular meeting on Monday evening, the local lodge of Oddfellows entertained their members and a few friends at an informal smoker. Between 30 and 40 were present, and enjoyed a social time, and along with it a supper, followed by two very instructive addresses.

After a very satisfying bean supper, provided by the L.D. Cafe, had been done full justice to, Bro. E. H. McPhee took charge of the program, acting as chairman.

The first address was a concise history of Oddfellowship, given by W. D. Gilroy, P.G. He went back to the beginning of the 19th century and showed the origin of the first Oddfellows' lodges on this side of the Atlantic just over a hundred years ago. Thence it gradually spread westward, reaching the Pacific Coast, and then spreading north to B.C., the first lodge in what is now this province, being formed at Victoria. The Grand Lodge of B.C. came into existence in 1874. Since that time the grand lodge has expended upwards of a million and a half dollars in relief, and there was now a membership in B.C., of over seven thousand. Nearly fifty thousand dollars wes expended last year in the province for relief purposes.

Bro. Gilroy preceded his historical talk on Oddfellowship by an application of the motto of the order, "Friendship, Love and Truth," showing what an essential place in life they occupied to-day. He was warmly thanked for his illuminating address, which conveyed much information respecting the growth of their order to many members of considerable standing.

Interspersed in the program were several musical numbers from members of the order and friends. These included a piano solo by E. Patey, vocal solos by Bro. A. Bell, trombone solos by Mr. Ted Searles, and brass quartettes by Bro. A. Burtch and Messrs. Ted Searles and J. and E. Patey.

The other principal address of the evening was given by Mr. Porter, of the high school, who spoke on the development which is taking place in regard to the basic idea underlying modern education. Mr. Porter said that since 1920 the matter of education has been the subject of serious discussion in both the United States and Canada. The question has been: What purpose is aimed at in educational work, and what were the plans for the future? To this end, educational surveys have been made, the reports showing a remarkable sameness.

Going back to 1900 it is found the tendency then was to train the young people away from the basic industries such as mining, fishing, lumbering and agriculture. By 1910 there were being graduated, bodies of students who put undue emphasis on the status of the "white collar positions." That idea was wrong. Today they are being taught differently. But before the central idea was changed there had been a great demand for labor immigrants, many young Canadians having been drawn away from the dignity of labor.

Between 1910 and 1914 there arose a great demand for prevocational training for those whose aims were outside of the professions. Thus agricultural, commercial, and other prevocational high schools were started. But with the idea of these, Mr. Porter was not in accord.

Shortly after the outbreak of the war, when most of the trained officers had been drafted, men for leadership were sought from the universities. They did remarkably well and made most efficient officers. Later, when this supply of university trained men became exhausted, it was necessary to look for men from the ranks. Then it was discovered that they were equally capable of filling these positions. The question then arose, if these men from the business world were equally capable of leadership, was it not right that all men should have the advantage of a university education?

The idea is now spreading that the professional positions are of no more importance than those of the main basic industries. The trend today is towards placing the dignity of labor first. The speaker claimed that the failure of the Cranbrook commercial class had been mainly due to the fact that the average student in those classes had not known at what they were aiming, or why they were in the class. Just how undecided the average pupil is as to his future, Mr. Porter showed by the result of an analysis of the situation which he had been asked to make in connection with a recent survey on the subject.

A three-fold question was put to the various grades, based on their views of their future life work. The answers are tabulated thus:

Grades	9	10	11
"I want to be"	21	32	78
"I think I would like to be"	19	18	8
"I do not know what I would like to be"	60	50	14

This seems to show that the average student has not made up his mind, at least till Grade 11 is reached.

Mr Porter claimed that the opinion of men who have made education a life study, and who were interested in education, was that it was a fallacy to overburden a curriculum. He was of the opinion that in B.C. there is a better system than in some of the other provinces, though some educational leaders advocate fewer subjects and a wider choice. Mr. Porter thought there would be few changes when the B.C. survey report was made.

As to the value of certain subjects, Mr. Porter said all had their values. The study of chemistry, for instance, could be so applied, as he lucidly explained, to teach the folly of jumping to conclusions.

In conclusion he bespoke the hearty co-operation of all for the work of the school board and the school staffs.

After the Noble Grand, A. E. Leigh, had extended thanks to those who had assisted in making the evening so enjoyable, the meeting closed with the singing of the national anthem.

Another gathering of this kind will be held in about a month or six weeks.

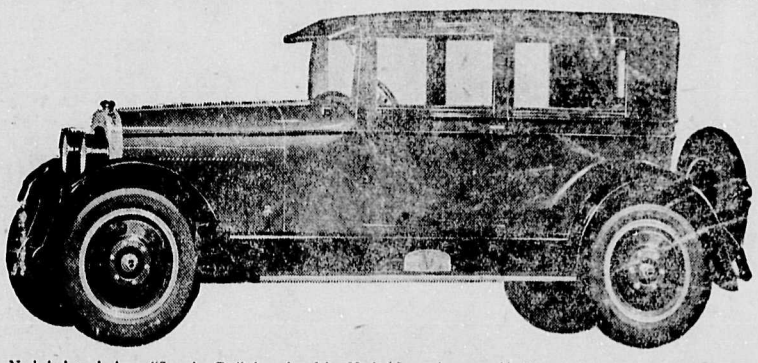
Nash Introduces New Low Priced Advanced Six Sedan



Nash is introducing a "Surprise Car" at the Automobile Shows in a brand new five-passenger Advanced Six Sedan.

It has been rumored for several weeks that Nash was planning to announce an enclosed model of this type, powered with the big Nash Six motor, but dealers and visitors at the various shows who have seen the car have been taken completely off their feet by the extremely fine custom-built quality of the coach work construction in striking contrast to the low price named. It is doubtful if any model ever introduced by Nash Motors has caused such wide-spread comment.

Nash also is displaying, for the first time at the Automobile Shows, a beautifully-built Advanced Six Victoria.

"Mounted gracefully close to the road-way on the 124-inch Advanced Six chassis the new sedan is a charming picture of motor car beauty," says E. H. McCarty, General Sales Manager of The Nash Motors Company. "Its pleasing length and closeness are accentuated by the trim bevel beading which completely encircles the body. The doors are exceptionally wide. And in the interior snugness has been achieved without sacrifice of comfort. There is spacious room for five full-grown passengers to recline in perfect ease.

"The deep, restful seats are upholstered in a choice grade of mohair cloth. Appointments and fixtures reflect good taste and refinement. This beautiful low-priced sedan is a deliberate attempt of Nash engineers to build an enclosed car value of high quality at the least possible price. There is little doubt but that it will prove an outstanding attraction at the Shows.

KIMBERLEY AND WYCLIFFE NEWS

KIMBERLEY NEWS NOTES

The Kimberley boys journeyed to Fernie last Friday to meet the coal city team in the second game of the series to decide who should meet the West Kootenay intermediates at Trail. The town boys lost the game 4-2, but being still in the lead as far as the aggregate was concerned, they left on Monday for Trail to try conclusions with the winners of the West Kootenay league. Bill Atchison accompanied the team.

Mrs. W. B. Caldwell and Mrs. E. S. Shannon were hostesses at a bridge party on Wednesday evening at the home of Mrs. Caldwell, in honor of Mrs. Dickson who is leaving shortly for England.

A full house greeted Jackie Coogan on Tuesday last at the Orpheum. The part proceeds going to the Union Church from this performance totalled $125.

Mr. R. Foster of the Concentrator, returned from Calgary this week.

J. Norrie, who was injured some time ago, by falling from the Staples building, returned from the Cranbrook hospital this week.

A meeting of the executive of the curling club was held on Tuesday evening in the C. M. & S. office, to decide on the new schedule for the Burke-Morrison cup, and also the Colts schedule.

Mrs. C. A. Foote entertained a number of friends on Monday afternoon in honor of Mrs. Hanington Sr. who is leaving shortly for Victoria.

After several weeks' stay in Kimberley, Mrs. Dickson, aunt of Mrs. Capt. Bride, left for the Old Country this week.

Mrs. Thomas and family left this week for Vancouver, where they will reside in the future.

The hockey match last Thursday night ended in a victory for the home team by a score of 7-2. It was a good game from start to finish, a good crowd being in attendance, the Elks, band furnishing some music to enliven the proceedings.

Mrs. William Lindsay entertained a number of her friends on Thursday to a very enjoyable evening.

A meeting of the board of trade was held in the school house on the evening of last Thursday.

The Catholic ladies are working hard for their big sale, to be held on the 17th of March.

The ice carnival which was postponed some time ago, will take place on Wednesday evening at the rink. The Elks' band will be in attendance.

Mrs. O. C. Thompson entertained at tea on Wednesday afternoon.

Mr. and Mrs. Chomat returned the first of the week from Vancouver, where they were in attendance at the wedding of Mrs. Chomat's sister.

The children's choir of the Union Church on Sunday night was certainly enjoyed by all who had the pleasure of hearing them. Mrs. Evans' training was certainly in evidence.

The children of the Union Church Sunday school were treated to a sleigh ride on Friday night, and on their return were given a wonderful supper, and the rest of the evening was enjoyed by the kiddies. The teachers and ladies in charge deserve great credit for their efforts, also those who supplied the sleighs and teams for the drive.

The choir of the Union Church entertained a number of their friends at the Oddfellows' Hall on Friday night.

Mr. Owen, of Victoria, was in town on Thursday.

Jack Milo won the wrestling match at Bigattini's hall on Monday evening.

The local lodge of the Knights of Pythias will hold a dance in the Orpheum theatre on Thursday evening next. This is in connection with the 61st anniversary of the order, and all disciples of Damon and Pythias are asked to keep this date in mind.

Constable O'Halloran returned last week from Nelson, where he had taken a young Italian who on Thursday last was found guilty of indecent exposure and was sentenced to six months in the cooler at Nelson.

J. B. Boise, formerly proprietor of the Silver Grill, at Lethbridge, was in Kimberley over the week-end. Mr. Bolse was quite favorably impressed with Kimberley, and thinks seriously of locating here in the near future.

Last Thursday night, the Knights of Pythias held a little social evening in honor of their newly initiated member, Brother Granger. After the initiation ceremonies the boys sat down to a feed of "hot dogs" (Airdales), with the necessary fixin's. Brother Granger spoke a few words, praising up the Knights, and said that he didn't hold a grudge against anybody, now that it was all over, "not even the guy who put the cactus under the goat's tail to make it buck." Brother Branch, a member of Crescent Lodge, Cranbrook, congratulated the boys on the way in which they intended to celebrate the Pythian anniversary, and promised every support from his lodge. During the evening a Past Chancellor's jewel the gift of his mother lodge in Rossland, was presented to Brother Tom Parsons, as a token of appreciation for his untiring efforts on behalf of his own lodge and the great Pythian order.

WYCLIFFE NOTES

Mrs. W. J. Cox entertained at an enjoyable bridge party at her home on the evening of Tuesday last. First prize was won by Mrs. Crowe, while Mrs. Frederickson received the consolation. Mesdames Caldwell, Clarke, Crowe, Frederickson, A. Staples, Yager, and Miss Williams were the guests.

Ice packing commenced on Wednesday last, and was completed on Saturday. A good many difficulties were experienced this season owing to the early thaw, but the usual supply has been procured and stored for use during the summer.

E. L. Staples returned on Wednesday last from an extended visit in California, where Mrs. Staples and the children are spending the winter.

Wycliffe hockey enthusiasts made up a good sized party which made the trip to Kimberley last Thursday night when the miners trimmed the Fernie puck-chasers in the first game of the play-off for the East Kootenay championship, seven to two.

Mr. and Mrs. A. Yager entertained several friends at dinner on Saturday evening last.

The Misses Muriel and Edna Baxter were visitors at the home of Mr. and Mrs. A. Staples over the week-end.

The home of Mr. and Mrs. S. G. Clarke was the scene of birthday occasion of Edith's eleventh birthday, when her playmates met at a merry little gathering .

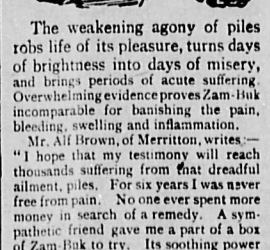
The planing mill which has been closed down during the ice harvest, commenced operations again on Monday of this week.

Roy Barrows had the misfortune to painfully injure his foot while at work on the tie deck last week. Although not at first considered serious, his injury will necessitate his absence from work for several weeks.

The winning team in the fight for supremacy in the Sawdust League has not yet been named. In the event of continued warm weather and a consequent absence of skating ice, it is rumored that the issue will be decided under Marquis of Queensbury rules (with gloves), players of the Radiolas and Bearcats competing, with the All Stars as judges. There is no doubt that this wouldl be a sporting event that would go down in history with magnificence.

Miss Ruth Simpson, of Cranbrook, was a visitor at the home of Mr. and Mrs. W. B. Fulton on Saturday last.

Why Endure PILES MISERY



The weakening agony of piles robs life of its pleasure, turns days of brightness into days of misery, and brings periods of acute suffering. Overwhelming evidence proves Zam-Buk incomparable for banishing the pain, bleeding, swelling and inflammation.

Mr. Alf Brown, of Merritton, writes:—"I hope that my testimony will reach thousands suffering from that dreadful ailment, piles. For six years I was never free from pain. No one ever spent more money in search of a remedy. A sympathetic friend gave me a part of a box of Zam-Buk to try. Its soothing power was marvellous, and I soon had a further supply of this grand herbal healer. I used Zam-Buk until the old painful trouble was gone completely."

Equally successful for eczema, psoriasis, salt rheum, pimples, boils, bad legs, ulcers, scalp disease, poisoned wounds, cuts, burns, scalds, etc. Dealers everywhere sell Zam-Buk at 50c. box, 3 for $1.25

FERNIE FAILS TO OVERCOME KIMBERLEY'S LEAD; LOSES SERIES

Fernie last Friday night was unable to overcome the five-goal lead Kimberley obtained in the first of the series played at Kimberley Thursday evening, when the home team won by seven goals to two, and Kimberley therefore wins the championship of East Kootenay, and the right to proceed in quest of the British Columbia intermediate hockey championship, the total score being nine goals to six.

Playing in the second game, Fernie won by a score of four to two.

Despite heavy ice the game was a good exhibition of hockey. Starting at a fast clip, the frequent use of subs allowed the players to keep up the pace.

Kimberley opened the scoring two minutes from the start, Griffith giving a perfect pass to Blumenaeur, who beat Costa. One minute later a combination rush by the Fernie van ended with Dicken picking up a goalmouth pass from Biggs and equalizing.

After 18 minutes play Fernie took the lead after a bombardment on Peever, Wilson rushed in for a rebound off Thompson's shot, got the puck and gave Peever no chance. Peever played a great game in the Kimberley goal during the second period, stopping everything that came his way. Two minutes from the end of the period, following a scrimmage in front of the Fernie goal, Griffiths batted the puck into the Fernie goal for the equalizer. Fernie started in determined fashion in the opening stages of the third period and had Kimberley on the defensive for the first five minutes, then Wilson gave Fernie the lead when he got another rebound close in and bulged the net. Coste and the Fernie defence then had a spell of hot work but proved equal to all attacks. With only thirty seconds to go, Fernie got their fourth goal, Sofko worming his way through the entire Kimberley team and scoring.

The Line-Up

Kimberley—Peever, Musser, Rochon, and Slawter, Ehmann, Blumenaeur, Griffith, Gill and Lafortune.

Fernie—Cocta, Kirkpatrick, Swedberg, Sofko, Thompson, Commons, Dicken, Wilson and Biggs.

Referee: J. F. Scott, of Cranbrook

NEW GAS CAR IS HELD AT CALGARY FOR REPLACEMENTS

The new Canadian Pacific railway car for tryout in the Nelson district has not yet left the Ogden shops at Calgary, and it is impossible to say just when it will be ready to start, according to J. McFadden, master mechanic for the company, and formerly of this city, who has just returned to Nelson from the prairie.

Mr. McFadden said that the new car was supposed to leave for Nelson last Sunday morning, but that it met with an accident in the Ogden yards, and therefore is back in the shops for repairs.

As the parts must come from the east, it is not known how long it will be before the car reaches Nelson.

Fry's for economy

A big cup of steaming hot FRY'S Cocoa—so warming and delicious—is the best of all foods for a growing child. Use it every day—for true economy. But of course remember, "nothing will do but FRY'S."

LAKE WINDERMERE NOTES

(Special to the Herald)

Invermere, B.C., Feb. 7 — The David Spencer, Limited, of Vancouver, have presented the Windermere District Agricultural Assoc. with a magnificent silver challenge cup. It stands on a high pedestal, and is suitably engraved. The cup is to be put up yearly as an award to the person exhibiting the best registered dairy female. It is open to all comers in the district of East Kootenay. The intention is that it shall remain the property of the Association and only be held from year to year by the respective winners. It will be offered for the first time during the exhibition in August next.

Weather prophets here predict the open season has now started and there will be no further continuous sleighing in this part of the Windermere district. The past season has been one continuous succession of cold spells, prodigious falls of snow, succeeded by chinooks and gentle rain storms. At the present moment the sleighing on the lower levels is non est.

Mr. and Mrs. A. G. Cuthbert expect to leave here on Wednesday, to reside permanently in Nelson. They have been residents here for the past fourteen odd years, during which time they have been in the foreground of district development.

Mr. and Mrs. Bartman motored here and back from Fairmont Hot Springs on Tuesday. Mr. Bartman says that all through the cold periods of the winter the water in the open swimming pool has maintained a temperature of 57 degrees Farenheit.

Mrs. Joseph Heath, who has for some months been visiting her daughter, Mrs. Floyd Rogers, at Creston, returned home last week ,accompanied by Mrs. Rodgers, who is here on a short visit.

Mr. R. G. Newton, B.S.A., Superintendent of the exprimental station here, left last week on a visit to the Coast cities in order to attend various conventions.

Strong resolutions were passed recently by the various agricultural bodies protesting against any possible change in the regulations at present governing the test for bovine tuberculosis. These provide for the destruction of all animals afflicted with the disease and the payment for the destruction to the owner. It has been suggested that a change be made and that only those animals which are found on examination to be a menace should be destroyed.

There are many events coming off in the next few weeks in which the residents of the district are interested. These in part are a children's fancy dress ball on the evening of St. Valentine's Day; a whist drive in aid of the Boy Scouts at the home of Mrs. Arthur Taylor, on the 21st inst., and a sale of home cooking by the Girl Guides and Mothers' Committee on the 28th of February. The usual annual teamsters' ball in aid of the Windermere District Hospital, Women's Auxiliary, is spoken of for St. Patrick's night.

Mrs. George A. Bennett was the hostess on the afternoon of Wednesday last at a function given under the auspices of the Women's Auxiliary of the Windermere District Hospital Association and the members of the Girls' Auxiliary of Christ Church at Lake Windermere, in honor of Mrs. A. G. Cuthbert, who was a member of the former and a director of the latter body. Mr. and Mrs. Cuthbert will shortly be leaving this part after a residence of nearly 14 years, to take up their residence in Nelson. During the time they were here both have been most active in all good works, and in the case of Mr. Cuthbert, he has filled many public positions of importance. On this particular occasion Mrs. Cuthbert was made the recipient of an electric coffee percolator by her friends and fellow members in the societies mentioned. They leave on Wednesday next for their new home.

Some Modern Marvels

The guy who is always "chasing rainbows," and never gets tired or discouraged.

The bird who declared he is getting by "Forever Blowing Bubbles."

The fellow whose ingenuity gets him a line on how to exist "Always Building Castles in the Air."

REVISED COPIES OF OTTAWA PROCEEDINGS AVAILABLE TO PUBLIC

A number of enquiries having reached the Herald office, in respect to securing copies of Hansard, which contain the complete proceedings of the House of Commons at Ottawa during the session, the following will be read with interest by those who have made enquiry:

"Discussions in the house of Commons reflect the state of public opinion and the progress of events in Canada in a most interesting and striking way," says a pamphlet issued by a special committee of the house of commons, which has undertaken to secure a wider circulation for Hansard. The daily (unrevised) issue of the House of Commons Debates has always been available to the public but the committee feels that this is not commonly known, and has issued a booklet setting forth the advantages of Hansard for reading and reference. Anyone can receive Hansard daily through the mails during the session, upon the payment of $3.00, application being made to the King's Printer, Ottawa.

Generally speaking, Hansard covers about a thousand pages for each month of the session. Copies of the daily issues are sent by the earliest mails. The booklet says: "The style of publication makes it easy of reference. Each issue has on the front page a complete table of events, and bound in with the last issue of the session is a full index of the whole series. Complete translations in French and English are made."

Hansard is the name of a family of printers who for more than a hundred years printed official documents of the British House of Commons.

R. E. BEATTIE DOES NOT FAVOR TAKING ELEVATORS FROM HARBOR BD.

"I certainly do not contemplate for one moment that as a result of the recommendations of the royal grain enquiry commissioners, our elevators at the Coast will be taken from the Vancouver Harbor Board and placed under a separate commission," stated R. E. Beattie, harbor commissioner, at Winnipeg last, on his way home from a trip to Ottawa.

"If such a course is proposed by the Dominion government," said Mr. Beattie, "we shall fight it tooth and nail."

The grain commission recommended that the government elevators should be taken over by a special commission, instead of being both operated and checked by the board of grain commissioners as at present.

NOTICE
OF
Dissolution of Partnership

NOTICE IS HEREBY GIVEN — that the partnership heretofore existing between the undersigned restaurant proprietors, and known as the Club Cafe, Baker Street, Cranbrook, B.C., has this day been dissolved by mutual consent. All debts owing to the partnership are to be paid to Alfred Seto and Seto Lun, at their restaurant and all claims against the said partnership are to be presented to the said Alfred Seto and Seto Lun by whom the same will be settled.

Dated at Cranbrook, B.C., this 5th day of February, 1925.

FERNIE MORE HOPEFUL GOVT. WILL PROVIDE FOR BANK DEPOSITORS

The Fernie Free Press says that Hon. Dr. J. H. King, minister of public works and member for East Kootenay, has been deluged with wires this week begging him to do his utmost to secure reimbursement for the Home Bank depositors at the present session of the Dominion House at Ottawa.

While there was no mention of Home Bank affairs in the Speech from the Throne in the Dominion house on Thursday, the Free Press thinks the following wire from Hon. J. H. King, minister of public works, would seem to indicate early action:

Ottawa, Feb. 5.

A. I. Fisher, Fernie, B.C.:

Replying to your wire, you can assure Home Bank depositors they have my personal sympathy, and that as indicated by the Prime Minister, the government policy will be announced early in the session.

J. H. KING.

Halifax, N.S.—The estimated value of production in the province of Nova Scotia during the past year totalled $151,682,950, distributed as follows: General manufactures and ship tonnage, $50,525,750; farm products $21,539,000; coke and by-products, $3,032,000; gold and other minerals, $385,000; gypsum, limestone, etc., $4,192,000; building materials and clay products, $3,800,000; terials and clay products, $3,800,000 iron and steel products, $9,283,000 forest products $11,950,000; fisheries, $9,100,000; tourist travel, $7.-648,200; and game and furs, $850,-000.

GIRLS! A GLEAMY MASS OF BEAUTIFUL HAIR

35c "Danderine" So Improves Lifeless, Neglected Hair

An abundance of luxuriant hair, full of gloss gleams and life shortly follows a genuine toning up of neglected scalps with dependable "Danderine."

Falling hair, itching scalp and the dandruff is corrected immediately. Thin, dry, wispy or fading hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine is delightful on the hair, a refreshing, stimulating tonic— not sticky or greasy! Any drugstore.

Mother!

Clean Child's Bowels

"California Fig Syrup" is Dependable Laxative for Sick Children

Hurry Mother! A teaspoonful of "California Fig Syrup" now will sweeten the stomach and thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, full of cold, children love its pleasant taste. It never cramps or overacts. Contains no narcotics or soothing drugs.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

Use Baby's Own Soap. It's "Best for Baby — Best for You".

CREATE LARGER PAYROLLS

Mr. W. L. Macken of Chilliwack, past president of the Associated Boards of Trade of B.C., in a recent address before the B.C. products bureau of the Vancouver Board of Trade stated that the farms and manufacturing plants of British Columbia have a surprising variety of products.

Mr. Macken was urging home consumption. Millions in money that now goes away could be kept here, creating larger payrolls. That helps everybody.

WATCHMAKER and JEWELLER

Insure with Beale & Elwell.

It is stated that Ben Werden, pioneer hotelman of Fort Steele, whose place, the Imperial Hotel, was burned down just before Christmas, intends to rebuild the hotel and have it ready for occupancy about the middle of May. It is not expected that the hotel will be rebuilt quite as large as formerly, but it will be large enough to take adequate care of the tourist traffic that reaches the historic town to remain overnight. Fort Steele would not seem quite the same without the Imperial, and though it will have to be a new hostelry that arises, it will be the same name and the same genial proprietor.

We repair Hot Water Bottles, Rubber Footwear, or anything made of rubber.
WILSON'S VULCANIZING WKS.

The wrestling tournament to be held in the K.P. Hall on Saturday evening promises to be a good exhibition. In the main bout, Sampson and Bozinas have appeared before in the district and are men of ability in the wrestling game. The preliminaries also promise to be good..

At the weekly luncheon of the Gyro Club, the members were treated to a vocational talk on dentistry by Dr. W. A. Fergie, who gave an interesting resume of the practice of dentistry from 786 right down to the present day. Stewart Black will represent the local club at the annual meeting of the Nelson club shortly.

The L. A. to the B. of R. T. will hold a whist drive and dance in the K.P. Hall, Wednesday, February 25. Cards 8 to 10. Dancing 10 to 2. Robinson's orchestra. Admission, 75c. Ladies 50c. Refreshments. 49tf

CARD OF THANKS

The Boys' work committee of the Y.M.C.A. wishes to thank all who so kindly assisted in making the Father and Son Banquet a success, the ladies who so willingly provided the good things to eat, the orchestra for assisting in the music, Mrs. J. Edward Warren for the solo, the Rotary Club for financial assistance and everyone who in any way helped. To one and all this word of thanks is given.

We carry a full line of Men's Women's and Misses' Shoes.
W. F. DORAN.

The open meeting of the Baptist Women's Mission Circle will meet in the church on Thursday, February 19th, at 8 p.m. Everybody welcome.

Friends and acquaintances of J. F. Looney, formerly of Kimberley, will be pleased to know that he has tion at the St. Eugene Hospital, on Monday last.

Why is a Geryon? See letter in this issue on the milk question. 51

Raworth Bros. have on display a group of eight very nice cups, presented by the Kimberley Curling Club to the Selkirk Curling Association. The gift of the Kimberley curlers is much appreciated and indicates the interest they are taking in the new league.

The Guardian Brogue Oxford, brown, all sizes. Sale price $6.00 per pair, all sizes, at
A. STRANGE, Armstrong Ave.

When the local hotelkeepers discovered that the government had fixed the fee for Fernie beer licenses at $500, a lot of them nearly had heart failure. However, they are all applying. The fee charged is out of all reason, and the regulations make it almost impossible, barring as they do, soft drinks and cigars, for a house to make it pay. However, later on, when the government has time to look into the matter thoroughly they will doubtless get down to business and arrange the regulations and licenses so they will look something like a business proposition. — Fernie Free Press.

It costs you nothing to try. When ordering your bread to-morrow, just ask for one loaf of City Bakery Bread. 36tf

Will Pritchard was the lucky holder of the ticket in the raffle put on by Patey Bros., for a Columbia Grafonola. The drawing took place on Friday evening of last week at the Star Theatre. Mr. Pritchard's ticket was number 38.

Boys' Shoes, goodyear welt, solid leather insoles. Sale price, sizes 8 to 10½, $4.25; 11 to 2, $5.00. at
A. STRANGE, Armstrong Ave.

From far-off France this week came an enquiry as to the use of advertising space in the Herald. A French manufacturer of rubber goods, including a world-renowned automobile tire, is apparently seeking to cultivate a distribution for his product on this side of the Atlantic more extensively than has been the case before.

Postponed hockey game, Fernie Swastikas, versus Cranbrook Canucks, Arena Rink, Saturday, February 14th, at 8 p.m. Tickets still good. 51

On Saturday night next, at the Arena Rink, providing the ice holds, the postponed ladies' hockey game will take place between the Fernie Swastikas and the Cranbrook Canucks. Tickets sold for the previous game will be good on this occasion, and the ladies are hoping for good support at the rink that night.

Whist Drive and Hard Times Dance will be held in the K. of P. Hall on Friday, March 6th, by the Women's Institute. Whist at 8 p.m. sharp till 10. Dancing 10 to 2. Robinson's orchestra. Lady 50c Gentlemen 75c. Everybody welcome. Good Eats. Ladies' and Gent.'s prize for best Hard Times Costume. Come and have a good time. 51

Court of Revision Sits Monday

Monday evening six aldermen sat as the court of revision on the new assessment of the city property. Considering the fact that the assessment committee appointed by last year's council, consisting of Messrs. C. R. Ward, Geo. R. Leask, and the City Clerk, had made a totally new assessment, going carefully into the valuation of every parcel of land, the number of appeals was remarkably small. This speaks well for the committee undertaking the revision. Among those appeals were some who owing to changes made, may have grounds for a revision. This year there are also cases of some who have been assessed at the same figure for years, but are appealing this year. The largest number of appeals is from the townsite company, the C.P.R. They are making a general appeal against all their assessments as being over-valued. At a meeting of the court on Monday night the council made an offer of a reduction of ten per cent. The board held a final sitting on Wednesday night to conclude their work, having between the two meetings, examined a number of properties which were referred to the committee for inspection.

Poor Eyesight!

For first class automobile repairs and winter storage, see Ratcliffe & Stewart. 33tf

Selkirk Bonspiel This Week

The annual bonspiel of the Selkirk Curling Association got under way today after a postponement of ten days. The ice was a little heavy, but this did not deter the curlers from entering wholeheartedly into the games. Twenty rinks in all are entered from Bull River, Lumberton, Chapman and Kimberley, as well as the city. The ball, which is always an important function of the bonspiel, took place on Friday last, when a good crowd, was present, considering the poor condition of the roads from outside points. Robinson's Orchestra dispensed the music, which was to the liking of everyone. The refreshments which were prepared and served by the ladies were all that could be desired. It was about four a.m., when the dancers dispersed.

Valentine Dance, given by Maple Leaf Rebekah Lodge, Auditorium, Friday, February 13th. 48tf

Farewell of Evangelist Barton

Next Sunday, Evangelist H. Arthur Barton will give his farewell addresses in the Methodist Church. His morning subject will be "The Vision Splendid," and in the evening he will speak on "The Gates of Pearl." Many will wish to avail themselves of this last opportunity of hearing him.

The C.G.I.T. Girls of the Presbyterian Church are holding a Valentine Tea on Saturday afternoon from 3 to 6, in Knox Church schoolroom. There will be a short program. Everybody welcome. Silver Collection. 51

While returning to the city on Monday evening from Kimberley, Bert Sang had a narrow escape from an accident which might have proven serious. When coming through Marysville he saw some lights in the vicinity of the railway crossing which he took for an approaching car, not discerning until within a few yards proaching. Putting on all brakes of the track that it was a train ahard and turning to the left along the track, a collision with the engine was narrowly averted.
