N. HANSON PURCHASES LARGE TRACT

Will Engage in Brick Manufacturing Industry--Restaurant and Billard Room in Basement of Hanson Block

Mr. N. Hanson, who recently disposed of his estate at Wasa, is preparing to invest more heavily in Cranbrook preperty. He has always had a firm faith in the future of the city and the Hanson block is the finest business building here. Last week Ms. Hanson purchased from V. Hyde Baker 160 acres of land lying across the C.P.R. tracks just north east of St. Eugene hospital.

A number of scientific tests will be made of the soil and it is Mr. Hanson's intention, if the soil proves of the right quality, to start a brick manufacturing industry there. Experienced men will be brought in and a plant erected, capable of manufacturing for the whole building trade of East Kootenay.

Excavation will be made under the Hanson block the entire length and a basement built. This basement will be highly finished on the inside and will be lighted with prism glass eight feet wide and the latest electrical appliances. The entrance to the basement will be at the front of the building on Norbury avenue, and will be fenced off with a heavy brass railing.

The basement will be fitted up for a first-class restaurant, with tables, lunch counter and boxes for family parties as well as banquet rooms, etc. A fine billiard room will also be provided for.

HANSON ENTERTAINS MOTOR CLUB

ENTHUSIASTIC SECOND ANNUAL MEETING OF CRANBROOK DISTRICT AUTOMOBILE ASSOCIATION HELD AT WASA.

Last Friday the second annual meeting of the Cranbrook District Automobile association occurred at Wasa. The meeting there was on the invitation of Mr. N. Hanson, formerly of Wasa, serving as a farewell, for Mr. Hanson has sold his Wasa property.

A few machines left the city early in the afternoon but the most of them departed about four o'clock, leaving from in front of the Cranbrook hotel in a long string. The weather was ideal, warm and sunshiny and the drive was made without serious mishap. Mautice Quain and A. B. Fenwick were stopped on the road between Fort Steele and Wasa with tire trouble which was soon remedied and they arrived with the crowd. A total of seventeen machines completed the party and carried over fifty passengers, some of the cars carrying five or six. Most of them had arrived at six o'clock, after which pictures were taken, and dinner was served immediately after. The dinner was given by Mr. Hanson and was a sumptuous repast to which the hungry motorists did full justice.

Following was the menu:

SOUP
Oyster a la Royal
FISH
Baked Salmon a la Italien
ENTREES
Fried Spring Chicken, Petit Pois
Young Turkey, Cranberry Jelly
ROAST
Leg of Pork with Dressing
Loin of Beef a la Tiere
VEGETABLES
Mashed Potatoes. Sugar Corn
Combination Salad
PASTRY
Green Apple Pie. Cocoanut Pie
DESSERT.
Apple Snow Pudding, Cream Sauce.
Cafe Noir. French Coffee.
Green Tea. Black Tea.

At 8.30 the annual meeting was called to order by President V. Hyde Baker, in the Club building, about fifty being present.

The minutes of the last meeting held at the same place on April 11, 1912, were read and approved.

On motion by Geo. F. Stevenson, seconded by J. P. Fink, the secretary's report was received and the membership roll was opened.

On motion by J. D. McBride and A. B. Macdonald Messrs. Harry Mott, E. T. Cooper, H. Williams and John Reed were made honorary members.

The correspondence of the past year was received, the important communications read and all filed. Among the letters was one from Alberta with the information that British Columbia cars could tour through Alberta for twenty days without being subject to an extra license. Letters regarding a through road from Cranbrook to Spokane were read and the correspondents thought this would be an assured fact within another year. Several road matters were included in the correspondence, among which were several communications from officers of the Canadian Highway association regarding the building of the trunk road across Canada.

On motion of A. B. Macdonald, seconded by J. P. Fink all officers were re-elected, the motion being carried unanimously. The officers are:

Honorary President—N. Hanson.
President—V. Hyde Baker.
Vice-President—Dr. J. H. King.
Secretary-Treasurer—W. H. Wilson.
Directors—Dr. F. W. Green, A. B. Fenwick and Geo. Hoggarth.

Report of the committee on bylaws was received and committee discharged and a new committee appointed to report by the 15th of May. Those named were: Geo. F. Stevenson, W. H. Wilson, A. B. Fenwick and A. B. Macdonald.

On motion by A. C. Bowness and A. B. Fenwick it was unanimously carried that a pennant be given to each member of the association owning a car.

The following committee on membership was appointed and the committee instructed to report within fifteen days: J. R. McNabb, A. B. Fenwick and P. Matheson. All officers are to work with this committee.

On motion by A. C. Bowness and A.B. Fenwick carrying, the secretary was instructed to write the Imperial Oil Co., Calgary, in reference to the price of gasoline.

A vote of thanks was passed to Mr. N. Hanson in appreciation of his entertainment, the meeting joining in a tiger and singing of "He's a Jolly Good Fellow."

A vote of thanks was also unanimously passed on behalf of Mr. Wilson, the secretary-treasurer, in appreciation of the large amount of work he has accomplished for the association. After three cheers had been given for Mr. Wilson the meeting adjourned.

Those present were E. H. McPhee, S. L. Coop, J. R. McNabb, Bob Eakins, Harry Mott, E. T. Cooper, H. Williams, A. J. Mott, P. Matheson, W. H. Wilson, P. E. Wilson, J. R. Thompson, W. S. Santo, T. S. Gill, Carl Gill, F. M. Christian, R. B. McCreery, Geo. F. Stevenson, Maurice Quain, Geo. Leask, J. P. Fink, John Reed, Jas. T. Laidlaw, W. F. Attridge, J. D. McBride, Jack Davis, V. Hyde Baker, D. D. McLaws, Geo. Hoggarth, R. H. Bohart, A. B. Fenwick, Fred Small, Ira Manning, J. F. Campbell, A. B. Macdonald, A. C. Bowness, F. A. Russell, W. B. McFarlane, Cory Dow, J. B. Henderson, G. W. Donahoe, N. Hanson, Dr. F. B. Miles, E. A. Hill, Frank Dezall, H. W. Supple, T. B. O'Connell, Harry Banfield, Al. Doyle, Jack McTavish, F. Binmore, W. Carlin, J. Walsh and Mr. Gilmore.

DRINKS CARBOLIC ACID BY MISTAKE

CHARLES WATSON VICTIM OF ACCIDENT WHILE UNDER INFLUENCE OF LIQUOR.

An inquest was held over the body of Charles Watson at the undertaking parlors of F. M. Macpherson on Monday evening by Coroner Dr. J. H. M. Bell. Deceased had been working as clerk in the camp of East Kootenay Lumber company at Loco, and on last Saturday came to Cranbrook to make a payment on some lots owned at Moose Jaw. While in the city he had several drinks and purchased a bottle of Irish whiskey and a bottle of carbolic acid to kill bedbugs. He returned home in the evening with the teamster for the camp, Dawson Cassils, and the two had several drinks en route out of the large bottle of whiskey. After supper at the camp Watson went into one of the shacks and took a drink out of the bottle of carbolic acid, probably mistaking it for the whiskey. He walked out of the shack toward the office where he slept and collapsed on the steps and was unconscious when his friends carried him inside. He died a few minutes later. The coroner's jury returned a verdict of accidental death from drinking carbolic acid by mistake while under the influence of liquor. Those on the jury were: F. Chapman, F. M. Macpherson, W. J. Atchison, A. H. Bullock, Fred Wells and J. R. Thompson.

Charles Watson had worked at the camp for several months and was well liked by all the men for his invariable good temper and sunny disposition. He was not in the habit of using intoxicants and had not been on a spree for a year before. He owned lots in Calgary, Moose Jaw and Vancouver and a half section of land west of Edmonton.

The funeral was held at 2 o'clock Tuesday afternoon, the services being conducted by Rev. E. P. Flewelling.

PAPER CHASE FOR TWENTY DOLLARS

Last Saturday afternoon during the high wind if you were outside on Baker street you would have seen mystified and amused at the antics of a crowd of small boys, who were apparently chasing every bit of flying waste paper they could see upon the streets. Several boys had their eyes on bits high in the air and chased for miles waiting for the stray bit to come to earth. Every sidewalk was looked under and every piece of paper examined in the hope of finding two valuable pieces which the wind was playing with somewhere.

Mrs. Cadwallader, who lives a mile south of the city, on emerging from a store, had two bills, a five dollar bill and a twenty dollar bill, whisked away from her by the mischievous breeze as she was endeavoring to place them in her recticule. She never found either afterward. She notified the authorities and a crowd of small boys were engaged for the hunt with promises of a large reward if they succeeded.

One man who hadn't heard of the loss questioned his interlocutor's sanity when he was asked, "if he had seen a twenty dollar bill flying down the street?"

The money has not been returned to Mrs. Cadwallader.

BIG FIRE AT CALGARY

PLANT OF MORNING ALBERTAN DESTROYED IN FIERCE HOLOCAUST.

Calgary, Alta., April 19.—The fire which destroyed the Allan block, corner First street east and Ninth avenue early Friday morning, was one of the worst visitations of the downtown district in recent years. MacLeod Bros., dry goods and clothing store; the Calgary Millinery Co.; the City Bowling Alleys; the Majestic Realty Co.; the Rex Cafe; Burnand's Job Print; L. H. Kennerly Realty company and the Albertan Publishing company were rendered homeless, and the various plants and premises completely destroyed, entailing a total loss of between $200,000 and $250,000.

The blaze was a spectacular one. For about three hours a thousand or more people watched the building burn, the fire gutting the whole interior of the premises, which covered half a block, and leaping in great crimson sheets from partition to partition, and sending tongues of light into the clouds of smoke, which enveloped the structure.

So fierce and sudden was the blaze that only a few moments were to spare for the removal of furniture or machinery from either MacLeod Brothers or the Morning Albertan. Except for a few books which Miss Passmore, bookkeeper for MacLeod Brothers, removed by the back door, the mailing lists, and one or two desks full of advertising contracts, etc., torn from the Albertan office, and a big safe which two Chinamen of the Rex cafe carried out on their backs, under a collapsing wall, nothing of all the property was saved.

The blaze spread with incredible rapidity. The tons of woollen and cotton material in MacLeod Brothers blazed up in sheets of fire, and the whole interior was a mass of flames within fifteen minutes. The blaze backed up to the Albertan job office, where Fireman Harry Wilson and an auxiliary crew had made a strategic stand, and for half an hour the firemen fought in the face of the flame, pouring streams of water through a hole in the roof and through the windows and doors on to the rapidly heating machinery. While these men kept the fire in check in the southeast corner of the building, the business office of the Morning Albertan took fire, and the floor gave way with a deafening crash, precipitating everything, except two or three desks and a few papers which had been hastily hauled out, into the basement, where the weight of the debris disconnected the gas pipes. The men working in the basement had the forethought to turn off the gas under the furnaces before rushing out, but the gas company, although notified by telephone at once, failed to have the curb valves turned off. In a second an enormous volume of gas from two or three disconnected pipes caught fire under the floor, consumed the boards above, and sent up a roaring flame to the ceiling behind the plate glass windows. In a minute the roof crashed in, and the gas flame leaped above the tin cornice, making a spectacular illumination.

ACCIDENT AT JAFFRAY

FRED OGGER CRUSHED BY HEAVY LOGS AT EAST KOOTENAY LUMBER CO.'S MILL.

A very sad accident occurred at the East Kootenay Lumber Co. mills, Jaffray, on Friday, April 18th inst. While preparing to unload several C.P.R. cars laden with logs into the mill lake, by some unaccountable means sevesal logs became detached from the top of the cars, falling upon Fred Ogger, throwing him from the rollway, head foremost, into the lake. Fortunately Colin Leitch was standing near, and without thought of danger to himself, ran forward and dragged Ogger out by the legs. Dr. Bell, of Cranbrook, was immediately sent for, and arrived by the afternoon train. He attended to the sufferer, who was afterwards conveyed by the night train to Cranbrook hospital in an unconscious state. His condition is critical. His brother, who is a fireman on the C.P.R. at Calgary, has been telegraphed for. The accident cast a gloom over the district. The kindness shown by the employers and employees towards their unfortunate friend was most admirable. The weevly service was held at 8 p.m. in the mens dining hall and special prayer offered for the recovery of Mr. Ogger.

Mr. Fred Ogger died at the St. Eugene hospital on Wednesday morning of concussion of the brain. His body was taken to the undertaking parlors of F. M. Macpherson and was taven by his brother, Francis Ogger, to Cairo, Mich., for interment today.

MISSIONARY LECTURE BY COLONEL BULLARD

The lecture given by Col. Bullard of the Salvation Army in the Methodist church on Thursday evening last brought out a good attendance. The speaker had a very complete range of views, many of them of great beauty and remarkably well disdwelt particularly on the Army's played. In his remarks Col. Bullard work in Japan, India and Korea. He also gave much information on the work of other societies in these lands.

The Japanese work was most fully taken up and the slides of this country were both interesting and beautiful.

In his remarks on India he related scenes and gave views that impressed vividly on the minds of all present the horrors of such suffering, bringing home to many as never before the immense work still waiting for the powers of religion and good government in that overcrowded land.

Col. Bullard was accompanied by Staff Capt. Wainwright, who is second in command of the Army forces in B.C., and who spoke briefly also.

The evening entertainment was diversified by songs by Mrs. Fred Chapman, and by Mr. Cameron of the Y.M.C.A.

PROSPECTS GOOD FOR WILD HORSE PROPERTY

Among the numerous visitors in Cranbrook last week attnding the water commissioner's hearing was George Doherty, of Fort Steele, better known as Colonel Doherty. Mr. Doherty is one of the few still left in the district who were on Wild Horse in the palmy days, having first come to the gulch in '65, leaving later for other camps in the States, where he reaped a large experience working with his brother Neil on the Comstock, also on the White Pine, Helen, Norcross and other properties once notable, now only names to the public of today.

Mr. Doherty has been continuously in the country for twenty-one years now and has of late years confined his attention entirely to the Doherty claim, developing and sampling it in preparation for the revival of interest in East Kootenay mining, in which he has kept a constant faith.

Recent samples on examination the colonel states to be fully equal to Homestake stuff, which property he was sent from Frisco to examine in '77.

He is highly satisfied with his latest showings and showed the Herald man a recent letter from a well known mining man in San Francisco expressing a very complimentary opinion of ore samples received from the Doherty claim and signifying the hope that he would be able to inspect it in the near future.

The colonel is to be congratulated on his prospects and the wish of all will be that he shall yet realize fully his long delayed hopes.

WASTE MONEY ON USELESS BUILDING

JUGGLING WITH TENDERS FOR FERNIE BUILDING WHICH IS NOT NEEDED OR WANTED.

Ottawa, April 15.—The free and generous manner in which Colonel the Hon. Sam Hughes sows drill halls around the country with a view to instilling a military spirit in the people of Canada, whether they will or not, is illustrated in a return brought down in the commons today. Last spring the colonel decided that Fernie should have a drill hall. The estimated cost of the department's engineers was $22,200. An order-in-council was passed last June providing for the expenditure of the money and tenders were called for in August.

Immediately after the tender call was advertised in the newspapers Lieut.-Col. R. L. Wadmore, the District Officer Commanding, wired the minister from Victoria that it would be "probably extremely difficult to raise a new unit at Fernie now or any time." Capt. G. G. Moffatt, of Fernie, wrote the deputy minister, Col. Fiset, drawing attention to the fact that the Kootenay Rifles, stationed at Fernie, had been disbanded. Col. Hughes' belief comment on these official communications was a note to his deputy, "Go on." No tenders were received in response to the advertisement, and a call for new tenders was then issued.

On October 31st last Col. Wadmore again wrote the secretary of the militia council calling attention to his previous communication, and concluding with the statement, "It therefore seems that the erection of a drill hall at Fernie will be absolutely a waste of money from a military point of view."

No reply was vouchsafed. On November 11 Colonel Wadmore again wired, asking if it had been decided to allow the question of a drill hall at Fernie to lapse, as he had recommended. The minister's note appended to this telegram was a laconic. "Don't reply, let the tenders come in." On November 16th two tenders were received, one from McLean and Kerr, of Fernie, for $35,330, and one from J. A. Broley, of Fernie, for $38,865. In the note attached to the memo drawing the minister's attention to these tenders appears this statement: "It will be seen that Mr. Broley is not the lowest tenderer."

On December 13th the minister authorized a call for new tenders. This call brought in on January 29th last two tenders. One was from Broley for $33,925, and one was from McLean and Kerr for $34,350. The official papers show a note from the minister as follows: "After going into this thoroughly with Mr. Green (the member for Kootenay) and other B.C. persons, accept J. A. Broley's tender for $33,925."

On February 12th Colonel Hughes sent a recommendation to the cabinet council in favor of the acceptance of Mr. Broley's tender. This recommendation, however, contained the statement that it was considered the lowest tenderer was still too high in his figures, but that nothing would be gained by inviting new tenders. The cabinet sent back the recommendation for "a better statement." It was noted that "if the price is too high it would not be accepted."

The minister of militia thereupon called for a report from the departmental engineers as to the reasons for the tenders being so many thousand dollars in excess of the original estimate of cost. Finally, on March 8th the minister added an official note to the papers dealing with the case as follows: "Postpone for the present year; new tenders to be called for."

Colonel Wadmore has been retired as District Officer Commanding.

LIBERALS SWEEP ALBERTA

Sifton Government Returned to Power With Big Majority On April 17th

Premier Sifton was returned to power in the Alberta elections last Thursday with a total of thirty-eight Liberals and fifteen Conservatives. This should be considered highly satisfactory to the Liberals, as no one, except a rabid party man, would begrudge the Conservatives fifteen seats out of fifty-six. The government will have a good working majority and the opposition will have enough color to be considered little more than a name as it has in the past.

So long as the Sifton administration has been sustained, in the remarkable manner it has been, it would be exceedingly foolish on the part of any one of its supporters to have or to show any regret in the enlargement of seven to fifteen for the opposition. Twenty-seven per cent approximately of the total members in the new house is a fairly respectable minority.

LIBERALS.—38 SEATS.

FAREWELL TO MISS LILY FINNISS

On Monday evening Mr. and Mrs. J. Woodman opened their home for the reception of a few friends gathered for the purpose of tendering their respects to Miss Lily Finness, who is taking up residence in Edmonton, Alta. Miss Finness for a number of years has rendered an inestimable service to her church, freely giving her fine vocal talent as leading soprano in the church choir. In severing her connection in this regard she leaves a large circle of friends who will greatly miss her genial presence. In behalf of these friends, and in recognition of the splendid service given for so many years in song, her pastor, Rev. O. E. Kendall, presented her with a beautiful brooch. Miss Finness left the city on Tuesday evening.

FAREWELL AND PRESENTATION

An event of considerable importance to the local Baptist church took place at the close of the evening service last Sunday. The choir, under the able leadership of B. H. Short, rendered a programme of sacred song, excelling all past records in the church's musical services. The occasion was also the leavetaking of Mr. Short and family, who are leaving Cranbrook out of consideration for Mrs. Short's health. Before the dismissal of the large congregation present, the pastor, Rev. O. E. Kendall, in behalf of the friends, took occasion to address Mr. Short, expressing the grateful appreciation which they entertained for his self-sacrificing efforts to promote all the interests of the church during his nine years residence here. As a slight token of their affection and esteem the congregation presented Mr. and Mrs. Short with a silver tea service. Miss Maude Short was also the recipient of the pastor's commendation for the service she has given as organist. The congregation also presented her with a gold locket. Mr. Short feelingly replied expressing his gratitude to the people for the manner in which they spoke of his work and now his removal. The family have Boston, Mass., as their immediate destination. After a short stay there they purpose visiting childhood scenes in Nova Scotia and New Brunswick. They will return to the province late in the summer and will take up residence in Los Angeles, Cal. Mr. Short has been an interested supporter of the civic life of this city during his entire stay. He leaves a large circle of friends to wish him Godspeed.

PROGRAMME FOR BAND CONCERT.

The Cranbrook city band will give the regular weekly open air concert Sunday, April 27th, commencing at 4 p.m., weather permitting.

The following programme will be rendered:

March—Officer of the Day ..... Hall
Overture—American Triumph ..... Miller
Waltzes—A Southern Dream ..... Lincoln
Serenade—Garden of Dreams ..... Lincoln
Medley—Selection ..... Arr. by Mackie
March—Cheer Up ..... White
God Save the King.

James Austin, bandmaster.

Catching in the belt leading from the main shaft of the engine at the Cranbrook Sash and Door last Friday the cut-off-saw was snatched from the floor and torn from its foundation and hdrled against an outside door. Luckily no one was injured and the saw was able to resume operations after a few repairs.

The social given by the Onward Bible Class in the old Gym on Monday evening proved a very enjoyable affair. About a hundred were present and the building being decorated with bunting, presented a very attractive scene. A programme of promenade and games was given. Miss Belau at the piano and Mr. Hockey with the violin, supplying the music. Refreshments served at the close completed a very pleasant evening, apparently thoroughly enjoyed by all present.

EDITORIAL NOTES

There is a political storm gathering in Canada and an ear to the ground swell will prove that the forthcoming storm will have some heavy breakers into which Mr. Borden and his henchmen are leading the country and over which the said crew are unlikely to be able to pilot the ship of state.

First.—Since Mr. Borden and his crew assumed the tiller there have been mutterings from the forecastle, the crew have lost their bearings time and again, and have sailed aimlessly around in the heavy fogs of indecision, ignorance, and inability.

Second.—The indiscriminate discharge of postmasters throughout the Dominion, wherever there was a hungry Conservative out of a job, has rankled in the minds of the decent citizens of the country.

Third.—The contracting for forty years supply of locks for mail bags at a price for which individuals could purchase two hundred or two dozen, is a wanton misappropriation of public money, for which there is no excuse, except the fact that the powers that be, know their time is short and are "making hay while the sun shines."

Fourth.—The practice of sending political heelers, and party hangers-on from Ottawa, to participate in the provincial elections, as was done in the recent election in Alberta, will not redound to the everlasting credit of those who follow such a practice.

Fifth.—The numerous election frauds, the granting of a homestead to a man within the city limits of a city of 70,000 population, the irregularities in various acts of the ministers, such as taking a man out of jail and giving him a government job, are all piling up a toll of charges which the present government must face before the people.

Sixth.—If there is any dignity in the position of premier of Canada, and we think there ought to be, the premier has cheapened that position lowed the gross insult which was offered to Sir Wilfrid Laurier last week by the Hon. Hazen, when he was not allowed to speak on the floor of the house. The good people of Canada will never allow such a cheap insult to pass unnoticed. A man who occupied the premiership for the long term it was occupied by Sir Wilfrid together with his long years of honorable service before he became premier to be shown such an affront and especially by a novice and a junior in the halls of legislation, will meet with rebuke by the people of Canada when the opportunity arrives.

Seventh.—The centralization scheme fostered and fathered by Mr. Borden in his proposal of a contribution of $35,000,000 and his subterfuges and weak-kneed support of the measure, his chameleon "emergency," which changed into a need and then into a duty, will be relegated into the ranks of oblivion when the voters receive the opportunity of voting on the question.

Eighth.—In 1911 reciprocity was proposed and when Premier Laurier was confronted by obstruction he said: "Allright, we will pass a few supply bills and then go to the country," and the opposition refused to allow him to pass the distribution bills and he went to the country immediately. This year after two weeks of debate upon the naval question, the Liberals joined with Conservatives in passing supply bills, carrying on the business of the country and postponing the debate whenever the Conservatives wished. Premier Borden has refused to go to the country, because he is afraid to give the people a chance to express their opinion. And now after weeks of debate he still refuses to go to the country, asleep to the fact that every day that he dallies Liberal votes are in the making.

Ninth.—The application of the gag rule in the house, an unprecedented action in the annals of Canadian history, has caused a widespread revulsion of feeling even among the staunchest supporters of the government. Of forty-six years of Canadian history there have only been five instances where the opposition have dared to block legislation and in every one of those instances the action of the minority was sanctioned by the people afterward. The proposal of the closure method at this time is an outrage upon the Canadian sense of decency and fair play, a proposal made by machine politicians and establishes a precedent dangerous to the peace and best interests of the country at any and all times. The centralization scheme has aroused the patriotic and fighting blood of the Liberal party and the brute force tactics of the premier at the present time, plainly illustrates the fact that the country needs an honest opportunity of ridding itself of machine rule and demagogues.

It is evident the provincial government, not satisfied with having prostituted all branches of the public service to party purposes, has now determined to do the same with the public associations constituted under and in connection with the department of agriculture. Witness the action of R. M. Winslow, acting in the capacity of secretary of the B.C. Fruit Growers association, a non-partisan body composed of fruit growers of the province:

Reticient as are the members of the provincial government and the officials serving under them, when approached for information by representatives of the Liberal newspapers, they have always hitherto had the good sense and the good taste to make a show of being fair in the giving out of news. Even Attorney-General Bowser and Sir Richard McBride, while they favor their own party press, have not the indecency to avow their partiality. It has been left to one of the minor underlings of the service, R. M. Winslow, the provincial horticulturist, to testify his trencher-inspired devotion to party by openly declaring that any information which came from him would appear in the government newspapers, and no others. In addition to being in the government service, Mr. Winslow is secretary of the British Columbia Fruit Growers' association, the executive of which was in session at the Dunsmuir hotel yesterday. After the meeting a Sun reporter asked Mr. Winslow what had been done. The reply was: "We have no information to give to the Sun. If any statement is published as the result of our deliberations, it will be found in the government press."

This would have been bad enough if Mr. Winslow had been acting in his capacity as a government official, but that the secretary of a non-partisan association, whose membership is drawn from all shades of politics, should take upon himself to discriminate in favor of one or other class of newspapers is a breach of decorum which should procure his instant dismissal from the position. We greatly mistake the temper of the members of the Fruit Growers' association if Mr. Winslow is not made to realize without ceremony that as secretary of that society he should have no political prejudices, and if his employers at Victoria have any sense of the dignity of their position they will impress on him in a most pointed manner that he is the servant of the province and not of any political party.—Vancouver Sun.

The real meaning of the above to the people who wish to get the information for which they have joined this association is, that they must subscribe to the Tory press, and the government official imagines he is made secretary of this association for the benefit of Conservative members only and that those so unfortunate as to be Liberals have no right to expect any consideration from him in this office, or any regard for Anglo-Saxon fair play from him. We confess to great disappointment in Mr. Winslow whom we had formerly felt to be anxious only to further the fruit growing interests of the province as a whole and above such petty tactics.

GOOD ROADS.

There has been a great deal of discussion the past few months on road-improvement, but we do not appear to be any nearer a solution of this big problem than we were a year ago or even ten years ago. It seems to be too big a problem for our statesmen to tackle in an energetic way. They go at it in a piecemeal fashion, here a little and there a little, and talk big of what they are doing in the interests of better roads. But no one has yet evolved a practical and comprehensive scheme for improving all roads and keeping them good after they are improved. This will come in time, no doubt, but in the meantime a lot of money is being spent on roads in a more or less hap-hazard fashion, and without permanent provision for maintenance and the future up-keep of the road. A government, a country or township may spend thousands of dollars to build roads, but if no provision is made to maintain the roads after they are built, that money will, to a large extent, be wasted. What is required is a comprehensive scheme covering all the roads and so planned that some body will be responsible for every road. This is worked out in the United States by the state assuming responsibility for certain main roads, the counties for roads leading to these, and the township for the balance, all working under one definite plan. This, to our mind, is the only workable plan for securing permancy in road building and maintenance. All the roads cannot be built at once. But if some definite, comprehensive plan were decided upon and a beginning made to carry it into execution, there would be more accomplished than the present hit and miss scheme, with no one responsible for keeping the roads in proper repair after they are built. Canadian Farm.

MR. BORDEN'S BROKEN PLEDGES.

In a speech delivered at Halifax, August 21st, 1907, Mr. Borden, then leader of the opposition, laid down as his three essentials of good government:

"Honest appropriation of the public money in the public inter?st."

What he meant by this was exemplified by his efforts to secure $1,000,000 for good roads, and his persistent refusal of the Liberals' demands that its expenditure be so safeguarded that every province should get its fair share and that the money could not be used for partisan purposes.

"The appointment of public officials upon consideration of capacity and personal character, and not party service alone."

Yet since Mr. Borden's coming to power there has been such an unprecedented slaughter amongst the Liberal employees of the public service that the government recently stated it would take over eighteen months to prepare particulars of them without including the hundreds or thousands of postmasters dismissed by Hon. Mr. Pelletier. Nor is this statement strongly in accord with the freeing of a convicted forger at Decousse, who immediately took a government job from which a Liberal had been dismissed. Nor is it exemplified in the case of a man named McCloskie, appointed postmaster at Wakaw, Sask., who, the Hon. Mr. Davis recently said in the senate, within three months of his appointment had been fined for a serious offence, and who a short time later attacked his mother-in-law with a knife and then took to the woods.

Mr. Borden's third essential was:

"Elections untainted by the corrupting influences of bribery and fraud."

His lack of sincerity in this was shown by his tolerance of the Hon. Mr. Rogers, who led the notorious outrages in Macdonald by-election, the attempt to bribe the electors of Richelieu with the promise of a railway if they elected a Conservative, and the attempt to influence the Antigonish bo-election by publishing there aforetime the government estimates for public works in that riding.

These are samples of the manner in which Mr. Borden is trying not to redeem the multitude of pledges he made before his election.

BAER ADRESSES CRANBROOK LIBERALS

LARGELY ATTENDED MEETING HEARS INTERESTING ADDRESS ON REORGANIZATION.

There was a banner attendance of Liberals at a gathering held last night in the Liberal committee rooms to discuss the broad question of organization. The chair was taken by Ed. Paterson, of the Fink Mercantile company, who briefly stated the objects of tht meeting and introduced the provincial organizer, Walter W. Baer, handing the meeting over to him for the discussion of organization methods.

The organizer, who has visited many parts of the province, gave an interesting account of his work, showing some of the gratifying results obtained by the methods adopted in the construction of an effective organization of the Liberal party throughout the province as well as how it is being kept free from the menace of political "machine" methods. After this he dwelt at some length on the grounds upon which the Liberal party, thoroughly reorganized, rejuvenated with new blood and thirsting for the fray, intends to attack the "Bowser-McBride" administration when next it is their privilege to go to the polls. Mr. Baer entered somewhat exhaustively into a criticism and analysis of the unstatesmanlike legislation of the administration, scoring heavily on the timber and land policies of the government and its utter disregard for the rights of labor in the laws which have been enacted during its term of office.

In an after meeting the organizer explained the decimal methods of the organization, taking the executive fully into the confidence of the organization committee and commending them to the work. The annual meeting of the Cranbrook Liberal association will be held in two week and the election of officers and executive for the current year will then be made, when the local body with the associated organizations throughout the Cranbrook riding will enter heartily upon the scheme.

FIRST MIXED FARMING CONGRESS

FORMALLY OPENED IN LETHBRIDGE ON WEDNESDAY MORNING.

Lethbridge, April 23.—The first Mixed Farming convention on record was called to order this morning at 11 o'clock by Mr. O. T. Lathrop, chairman of the agricultural section of the Lethbridge board of trade, with a few remarks as to the aims of the convention. He included the whole situation when he said that the object was to help the farmer to raise mixed products, and to prepare and maintain a market for the produce when it was ready.

Mr. Lathrop called on Mr. G. E. Fleming to lead the audience in the singing of "God Save the King," which formally opened the meeting.

His Worship Mayor W. D. L. Hardie extended a gracious welcome on behalf of the city. He said that he was no farmer and couldn't give any advice along farming lines, but as an observer and business man, he has been aware for some time that a change from the present method of farming is needed. He pointed out the very intimate relation existing between the citizen as a consumer, and the farmer as a producer, and said that the producer should study the demand of the consumer and produce accordingly, and the consumer should help in the organization of markets so that he will know where to get what he wants.

TO BE PRETTY, A WOMAN'S HAIR MUST BE FREE FROM DANDRUFF
HERPICIDE

A pretty woman may enhance her beauty and a plain woman become good looking by the proper care of her hair.

Nice hair, pretty hair, growing on the head it adorns, is one of nature's greatest beautifiers.

The kind of hair which always makes us look the same the second time, follows the use of Newbro's Herpicide, and is possible for every woman.

The results following regular applications of Newbro's Herpicide are often wonderful. It not only cleans the scalp entirely of dandruff but helps the coming out, adds to its life, luster and luxuriance which are so essential to their beauty.

Newbro's Herpicide is the Original scalp prophylactic. All other hair remedies claiming to kill the dandruff germ are simply trying to trade upon the reputation of genuine Herpicide.

Applications may be obtained at good barber shops and hair dressers.

Send 10c. in postage to The Herpicide Co., Dept. R., Detroit, Mich., for sample and booklet.

Newbro's Herpicide in 50c. and $1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Rexall Orderlies

Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associate organs or glands.

Make Us Prove It

We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at the Rexall Stores.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about, should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion.

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol." Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money.

LIVING HIGHER THAN IN HISTORY

GOVERNMENT REPORT ON COST OF LIVING SHOWS INTERESTING COMPARISON.

That the cost of living was higher last year than at any time during the last generation is the statement made in the annual report of the labor department in regard to wholesale prices, which was tabled in the house of commons last week.

"High as was the general level," the report opens, "reached in 1911 by wholesale prices in Canada—the highest probably within the present generation—a still further and pronounced advance took place during 1912. Taking the 287 representative articles included in the record of the department of labor, the rise in 1912 over 1911 amounted to 6.5 per cent.

"These figures," the report goes on, "probably minimize to a degree the bearing of the wage to the high cost of living. A calculation which assigns to the various groups their approximate relative weight, from this standpoint, shows the rise in 1912 to have been well over nine per cent. In retail prices the advance was approximately 5.8 per cent.

"For the four years prior to 1890, no comparison data has been assembled; in 1882-4 prices were higher in Canada, but it would be necessary probably to go back to the first quarter of the decade, 1870-1879, when the level was very high, both in Europe and America, to find conditions to parallel those of 1912.

"With the period for which definite information has been collected (1890-1912)," it is added, "at no time have prices approached the level of 1911-12, save perhaps in 1907, when, however, the highest point was still considerably below that of 1911-12."

"The rise in the cost of living," the report remarks, "has struck at the standard of comfort, often with serious results to many whose incomes have not similarly advanced, while business in many instances, notwithstanding widespread prosperity, has been unsettled if not embarrassed by the unstable condition of values."

In order to illustrate the influence of the increase in prices on the cost of living, a table was prepared by R. H. Coats, under whose direction the report has been compiled, who has drawn up a table of the weekly expenditure of a typical family of five on staple goods, fuel, lighting and rentals. The income of the family is estimated at $800 per year. On this basis the weekly budget would have cost $12.24 in 1910; $12.89 in 1911; and $13.63 in 1912.

The rise in prices, it is noted, is not confined to Canada, but it is noticeable in the statistical reports of the United States, of the United Kingdom, of France, and of Australia and New Zealand.

No attempt is made to assign causes for the increase, but a special report is made on the increase of production of gold.

"As to the outlook," says Mr. Coates, "no immediate change in price tendencies was foreshadowed at the close of 1912, though the rapid upward movement of the autumn appeared to have spent its force. In general, two leading influences appeared in opposition: The prevailing trade prosperity and the growing restriction in the supply of money flowing in, partly from the disturbed political conditions in Europe."

The monthly report of the department of labor for March shows that the general range of wholesale prices at the time had fallen off a couple of points from the figure of the end of the year.

Mr. Coates this year has added a considerable amount of new material to his report, and much detail is given which throw valuable sidelights on the course of the prices of various commodities.

In laying the report on the table, Hon. W. T. Crothers, minister of labor, stated his approval of President Taft's proposal for an international commission on the high cost of living.

News of the District

ELKO

(By Fred Roo).

Current society items, visitors, travellers, train jumpers and other cough medicines are as follows:

Chas. Leys made his first appearance in Elko Saturday, sitting on the ridge pole of a wild cayuse, Tod Sloan fashion, that is, he had his knees stuck up so high he could rest his face on them and allow his hands to hang down. Charlie hails from Galloway, a west subdivision of Elko, where he teaches the young to grow up grammarians if nothing else.

J. B. Gottstein drifted in from Vancouver, where he said they were having considerable rain. There were signs of moss growing on his *hard boiled hat. He was peddling* clabber milk and other kinds of axle grease.

Harry Abrains, of Nelson, the leather lunged Prince of Armours, who tells how to take a piece of his resty bacon and cook it so that it would top the banquet line of the greatest function ever held in the Hume hotel, was in Elko this week.

There was no truth in the statement that a party of suffragettes had arrived in Elko. It was only one of the ladies in North Star park blowing off.

Quite a little commotion was caused when word was passed round that the Duke of York had arrived travelling incog, but in looking into the matter it was a fellow called "York," who sells carpet tacks, grindstones, barb wire, and matchless automatic fire kindlers, from Calgary, Alta., and who busted into tears when he heard of the result of the elections.

Finley Robson, one of the most popular travellers on the road, is looking for a site to build.

Sil Bradley will soon be quitting the road to wiggle around the strawberry patches around Creston.

M. Gorman, Elko's human ferret, left for Spokane to bring back Messrs. Fleecer, Soakem and Graball.

Mr. and Mrs. Webster, of Winnipeg, arrived in Elko and left by the Pack Train Special for their land on the south fork.

Mr. Woodacre, of England, passed through Elko on his way to beautiful Baynes with sufficient lumber to build himself a cabin.

A party of sightseers came down to Elko last Saturday to watch the coal company's surveyors blazing their assessment work.

Cranbrook men buy inside property in Elko.

Big Frank Hawthorne, of Nelson, was an Elko visitor this week, he also visited Waldo. Frank informed the board of trade that the first of July would be the last of August.

Joe Stephens, of Morrissey, was visiting Elko friends this week.

Mr. McIntyre arrived in Elko and will dispense the gospel from the pulpit of the Presbyterian church. This is not the fellow Ralph Connor wrote about. The Ladies Aid are making a ground floor proposition for McIntyre in the shape of a three roomed bungalow on Gospel Hill.

A college professor from one of the eastern colleges arrived in Elko and left for Tobacco Plains, where he will spend three months chasing humming birds, butter flies, and chicken Hawks. A merchant of Elko sold him a pair of snowshoes so he could speed across the alfalfa meadows without getting his feet wet.

The Elko board of trade will meet Tuesday night to arrange a date for the big celebration.

Mr. and Mrs. Stone Calf drove in from Tobacco Plains in their covered buggy, accompanied by Miss Amelia Son-of-a-Gun. Both ladies are as popular as a pink fashion sheet, while Stone Calf has blue blood, but is a little short of the long green at this season of the year.

Several *collar button drummers* visited Elko for the first time and their actions would qualify them for a position in a pain killer almanac.

Dr. Rutledge, famous around Cranbrook, was an Elko visitor. Doc's knowledge of horses would make him a fortune on the track.

Mr. Whitney, of Calgary, with specialties such as stem winding mouse traps, patent clothes wringers, mop sticks and self-acting clothes lines, was in Elko last week.

Alex. *Birnie's automobile* party left for Cranbrook on Tuesday. May the Lord have mercy on Cranbrook.

The government is building a large addition to the court house and putting in new steel cells for the accommodation of the prisoners who escape from Fernie.

If you see a man with a couple of gold bricks and a roll of blank stock certificates notify M. Gorman, Elko.

The people in Fernie are laying in a supply of coal in anticipaion of the long hard winter between now and the 4th of July.

McIntosh, of Cranbrook, was in Elko Sunday looking as if he had a load on his mind as big as a haystack. Dave Spiers, another Cranbrook capitalist, with a smile the width of a saddle blanket, sees golden opportunities for Elko.

Murdock McKay, the champion road builder of B.C., and party of civil engineers, are putting the finishing touches to the boulevards and river drives around the old historic burg.

C. E. Ayre, the South Kootenay manager for the North Star Lumber company, left Elko for Spokane and other portions of the land of the cast iron dollar and wooden nutmegs. The mill expects to start operations some time this week.

As we go to press there's a couple of dog fights and a high toned conversation going on by two society leaders which will be reported in our next week's items. We are, however, pleased to say that business is ripping and that it pays to advertise.

WARDNER

(Special correspondence).

Mrs. Elgy Buhl and family left on Thursday for Nakusp, B.C., where Mr. Buhl has been engaged for some time. We are sorry to loose them and trust they have every success in their new home.

Mr. Fred Speaker has severed his connection at Canyon City and intends working for the company.

Oscar Buck, who has been employed at the company's store, left on Thursday morning for the prairie, where he will join his family. Miss Addie Buck will go later on.

Mr. Hawthorne, of the Hudson Bay company, of Nelson, called on business Thursday.

A large number of men arrived in town Wednesday to work on the flume at Little Bull river.

Mr. Baker, superintendent of construction for Mr. Harbad, the flume man, is in town in attendance at his duties.

P. Lund was a Cranbrook visitor Thursday.

Spring plowing is in full swing on the ranches around Wardner these days.

Chief Minty, of Fernie, called Friday on business.

Miss Sadie Monkley and Janie Ramsey were visitors at Fernie Saturday last.

The regular meeting of the Wardner Conservative association was held Friday night. Much business was passed and adopted. The next regular meeting will be held on the third Friday in May at the Foresters hall.

R. H. Bohart and friends, Mrs. Donahoe and Graham Donahoe, motored to Wasa Friday in attendance of auto enthusiasts held at the Wasa hotel.

A large slide of snow came down Big Bull river, completely stopping the water for a time. Such slides are dangerous to life and property since the country has been opened up.

Geo. Henderson and wife arrived in town Friday on their way to the claim up Big Bull canyon.

The people of Wardner need more sidewalks and now is the time to get them —this year.

G. W. Renick had the misfortune to injure his hand at the planer and is spending a few days at the Cranbrook hospital.

Sam Harrison sold his horse to C. Blair, J. F. Huchcroft and F. Jackson, of Creston.

Saturday afternoon the fire department got a hurry up call to one of the suburbs, Rienstrom's house being in great danger of total destruction. The efforts of the brigade soon extinguished the flames.

Ole Holmes in blasting out a basement for his house, blew holes through the floor and damaged the house in general.

The ball game Sunday afternoon was a very brisk affair, the intermediates winning by a score of 12 to 10. The feature of the game was the double play of Donahoe to Johnson, Johnson to Markle.

Billie Barclay was a Cranbrook visitor on Monday and Tuesday of this week.

The organization of the Bull River ball team took place Sunday afternoon. The election of officers resulted in the following: Manager, Bob Pierson; captain, Mr. Fidler; secretary, Ed. Desonia; treasurer, Joe Chassey. About one hundred dollars was collected and everything points to a very successful season. The old grounds are to be greatly improved and bleachers installed.

Mr. French and sister, Miss M. French, were Cranbrook visitors Monday last.

Mr. Bates, of the Tourist hotel, Bull River, passed through town Monday for Cranbrook.

Ben Leard and Mr. Fisher are blasting up in the hills in East Wardner *seeking gold in its natural state.*

The Sunday School will meet in the morning instead of the afternoon as formerly.

Mrs. Flossie Kimball, of the St. Eugene hospital staff called on her parents here Tuesday.

Mrs. Chas. Scarboro has returned to her home here after a very pleasant holiday with friends in and around Spokane.

WINDERMERE DISTRICT BASEBALL LEAGUE.

A meeting was called with delegates from the Wilmer, Invermere and Athalmer clubs, to form the above league, in the Athalmer pool hall Tuesday, April 8th at 5 p.m. The following were present: Messrs. Fletcher and Clarke (Athalmer) Hall and Wedd (Invr(mere) Chamberlain and Moore (Wilmer). H. L. Fletcher was appointed secretary-treasurer. Each club to play eight *games, four on home grounds* and in case of a tie, to be decided by one game on neutral ground.

Each club to submit to the secretary of the league the names of two umpires, being playing members of their respective clubs, the playing teams to make a choice. Lsague games to start at 2.30 sharp.

POETT-JEPHSON NUPTIAL

WEDDING OF PROMINENT YOUNG PEOPLE AT INVERMERE—WILL RESIDE IN VANCOUVER.

Invermere, B. C., April 22.—At high noon on Tuesday, the 15th, there was solemnized at the home of her father, the wedding of Frances Mary Phyllis Poett, eldest daughter of Brigadier-General Poett, and Mrs. the assemblage was distinguished in son, of Vancouver, only son of Mr. and Mrs. Jephson, of No. 4 Cornwall-Gardens S. W. London. The rite was performed by Reverend Father E. Lambot, O.M.I., of St. Eugene Mission. The bride was unattended but Baron Metzsch, late of Dresden, Germany, acted as groomsman. The ceremony was performed at Westlake, the home of the bride's parents, which place is situated a few miles to the west of here. Only the members of the family and their immediate friends were present, but *bride cake, speeches and the drinking* the number of names of military officers who were amongst the guests. The ceremony was followed by the usual custom of the cutting of the

ground on the 21st day of April, iately after the ceremony for their new home in Vancouver. The first stage of the journey to Golden which is the nearest railway station, had to be undertaken by automobile, this part covering a distance of eighty-five miles. A telephone message since received from Golden says the trip to that point occupied rather longer than usual owing to the condition of the roads, but that the journey was safely performed in six hours time.

RHEUMATISM YIELDS TO ZAM-BUK.

Read This Lady's Experience.

Just at this season many people find themselves suffering from aches and pains of rheumatism, sciatica, etc. For these, Zam-Buk is a sure cure.

Mrs. Mary Harman, Wheatley, Ont., writes: "I had rheumatism very badly. It affected my right arm and leg, and was so bad that I could not put my hand to my head or behind me. I was quite helpless, could not do my work, and could not even dress myself, but had to be attended to like a child. The rheumatism in my leg was so bad that at times I could hardly walk.

"Naturally I tried various remedies, *but they seemed to do me* no good. A friend advised me to try Zam-Buk. I obtained some, and had it rubbed thoroughly into the affected muscles. Before the first box was used I was very much better. I could move around the house with ease, and dress myself, and needed very little personal attention. I continued with the treatment, rubbing Zam-Buk in thoroughly every day, and in a few weeks' time the rheumatism was driven completely out of my system. The cure was permanent too, and since that time I have never been troubled with rheumatism."

It is just as good for skin injuries and diseases, eczema, scalp sores, eruptions, piles, cuts, burns, bruises, scalds, etc. All druggists and stores, 50c. box, or by mail from Zam-Buk Co., Toronto, for price.

Barney Scott, who was taken to St. Eugene hospital last week with a severe attack of neuralgia of the head, is out again but is still unable to attend to his work and has considerable difficulty sleeping nights. He intends to take further treatment for his trouble.

Dan Munro, a well known old timer of Fort Steele, was brought in from that city Wednesday by the officers and will be brought before the court on a charge of insanity. Mr. Munro recently returned from an extended trip to Cobalt. Physically he is a powerful man, has spent many years ranging the mountains as a hunter and trapper, and many old timers express deep regret at his present plight.

Mr. F. L. Davis, who spent most of last year in this section as business man for J. J. Woods, contractor, of the new school at the Mission, has returned to town with his family and taken the residence of Mr. L. P. Sullivan recently vacated by Mr. Sullivan's annual emigration to his ranch. Mr. Davis is at present in charge of the construction of fire escapes on the new school, a work that will occupy him for a month or so, and is looking forward to other local business later on.

The Choral Society will meet on Monday evening, April 28th. New music will be on hand and should the number in attendance warrant, a full programme will be immediately drafted and a concert arranged. Otherwise it is proposed to drop the practices until those interested sufficiently can be induced to attend rehearsals. Cranbrook has a large number of musical people and it is hoped the Choral Society will not be compelled to discontinue rehearsals for lack of support.

Lawrence Coney Barlass, of Corbin, B.C., died at the St. Eugene hospital on Friday, April 18th, 1913, of typhoid fever. His age was 25 years. Impressive funeral services were conducted on Sunday afternoon at 2 p.m. from the Odd Fellows hall, the body being laid to its last rest under their auspices. Rev. Mr. and Mrs. B. H. Short and daughter left this morning on the flyer for an extended trip. They will go through to Boston, visiting there, afterward making a three months visit in Nova Scotia. It is their intention then to go to Southern California to reside permanently. The change is made for the benefit of the health of Mrs. Short. All of their interests in this city have been disposed of with the exception of their residence property, which has been rented by Mr. C. Hood, the C.P.R. train master. Mr. Short has resided in this city for the past ten years during which time he has been engaged in the painting and paper hanging business. A large circle of friends will regret their departure.

Quite a lively bit of excitement on Baker street Wednesday afternoon when the police arrested two Indians, Mike Michel and Abraham. W. Soden, the poundkeeper, put a horse belonging to Michel in the pound and Michel broke the lock and rescued his horse. Constable Baxter later arrested Michel and Abraham interfered and attempted to stop the arrest. They were both lodged in jail after a hard tussle down Baker street. The case was heard before Police Magistrate Ryan this afternoon at 3 o'clock.

TWO MINERS CRUSHED TO DEATH.

Fernie, B. C., April 23.—Herbert Ashland and James McDicken, two miners, were killed by a fall of coal in No. 1 south mine, Coal Creek, this morning. Both were married and leave families. They were members of the Salvation Army and much respected, being residents of Fernie for some time.

ATHALMER HOSPITAL ASSOCIATION ELECTS OFFICERS

Invermere, B.C., April 22.—The annual meeting of the Windermere District Hospital association was held this week at Athalmer when the business affairs of the past year were gone into and the officers for the year 1913 were elected. Not much progress was shown to have been made in the year gone by and much criticism of the directors and those pertaining to the management of the association resulted. A new set of officers and directors was elected and promises extracted that the good work would bt pushed. The treasurer's report showed a sum of some eleven hundred and odd dollars standing to the credit of the building fund. The funds received for maintenance of the hospital netted some two thousand dollars, while the sums received for annual fees to the association had all been spent in the operation of the society. There are no liabilities. It is the intention to actively push for the collection of more funds for the erection of the new building and the directors were instructed to get out a new set of plans, call for tenders and go ahead with the work.

The officers and directors for the ensuing year as elected are:

Harold E. Forster, M.P.P.—Honorary President.

R. Randolph Bruce, C.E., F.R.G.S.—President.

Frank Richardson—Vice-President.

George Allan Bennett, C.E.—Secretary-Treasurer.

The following were put in as directors: Messrs. J. E. Cornwall, C. F. Stalker, Captain I. H. G. White, J. C. Pitts, D. P. Hanington, M.D., Basil G. Hamilton, Alfred Mitchell, Irving C. Wedd, George A. Starke and Captain F. B. Young.

CHANGE NAME TO WELL'S PASS

EARL GREY ASKS FOR CHANGE IN NAME OF FAMOUS SELKIRK PASS.

Invermere, B. C., April 23.—To those who are veen in local nomenclature and have had an opportunity to examine a good deal of local interest has come about through an article published in the Mountaineer column *of the Boston Transcript to the* effect that Earl Grey has requested that the name of the Pass through the Selkirk mountains, which was called after him in honor of his adventurous trip over it in 1905, be changed back to Wells Pass, as first named. This is one of the important passes between this part and the West Kootenay country. It leads up what is known as Toby Creek, one of the main tributaries of the Columbia river in this part, and passing west down Hamill creek, ends at Argenta on the shore of Kootenay Lake. It was originally named after Fred Wells, a local mining prospector who first discovered it, and who, year after year for a long period used, to make pilgrimages this way across the summit. This was long before any government road or trail was built across the divide. Now there is a good wagon road for nearly half the way, and when the *balance of the work is completed this* will form one of the southern connecting links on the great international automobile highway.

Earl Grey came across it from the west in the early fall of the year 1908. The trip turned out to be much more arduous than the promoters had anticipated, owing to the fact that the narrow trail which then existed had not been cleared out. So strenuous was the work that the horses had finally to be left behind while his excellency and the guide had to push on on foot and make the best of their way down over the broken trail to the home of John Barber, whose modest ranch house was one of the furthest west up Toby Creek from this point. Earl Grey's experiences on this trip are historical, and the relation of them would give many an interesting side light on his work of learning Canada first hand.

The work of constructing the new Invermere boat house is being proceeded with. Advantage is taken of the ice which still remains in order to take the heavy pile driver out and place the numerous piles which are necessary to have placed in order to support the superstructure.

GOOD TIME AT FORESTERS' BALL

FIRST ANNUAL BALL BY INDEPENDENT ORDER OF FORESTERS AT AUDITORIUM FRIDAY EVENING.

The first annual ball given by the Independent Order of Foresters on Friday evening last has been by common consent voted one of the best of the season.

The Auditorium was as well filled as was comfortable and all present report a most enjoyable evening.

The music was supplied by the orchestra from the Rex, which is equal to saying that it was of the best, and dancing began at 10 o'clock, being kept up till three.

Lunch was served buffet style and Miss Wellman and Mrs. Darling relieved the musicians during their recess for refreshments. The evening's entertainment was most decidedly a success, both socially and financially and the lodge is to be congratulated for the way in which the whole affair was handled.

Much of the credit is due to the able committee in charge, Mrs. F. Wells and Mrs. W. F. Doran, to whose unsparing efforts the complete success of the undertaking was largely due if we are to accept the testimony of the numerous well-satisfied guests of the evening.

SIX HUNDRED MILES OF STEEL

Edmonton, Alta., April 22.—Six hundred miles of steel will be laid on the Grand Trunk Pacific system *in the western provinces this season,* is an official announcement made in Edmonton today by J. E. Dalrymple, vice-president of the company. He also said that the gap of 400 miles, separating the two heads of steel, west of here, will be completed early in 1914. Four thousand men are employed on grade work and when rail-laying is resumed, in a few days, there will be fully eight thousand men on the payroll. Work on the main line will be rushed till completed. The company, he added, has under consideration a plan to establish a fleet of steamships between its terminals on the Pacific coast and the ports of Great Britain. This will be installed as soon as the necessity arises. So far, however, no conclusion has been reached by the officials.

At a meeting of the executive of the Poultry association, held on the 17th inst., it was decided that the association will double the first prizes in the dressed poultry and eggs sections of the Fall Fair prize list whenever there were more than two competitors in the section. The Poultry association will also award a ribbon as a sweepstake prize for best male and best female in different breed classes. It was also decided to order a three section exhibition coop for use in breed demonstrations at monthly meetings.

LES MESAVENTURES DE LABOULBENE, POIVROT GASCON

Je viens ici, vous raconter une histoire de poivrot ; évidemment, s'il s'agissait d'un ivrogne ordinaire, tel que vous, par exemple, qui me lisez, ou moi, ou d'autres, ça n'en vaudrait pas la peine, mais Laboulbène étant un poivrot doublé de gascon, en a parfois, comme on dit, qui sont bien bonnes. Ce brave ami, est un de ces beaux spécimens d'ivrognes, comme il en pousse par là-bas, sur les bords de la Garonne. C'était un dévot du vin ; toutes les fois qu'il avait un remords à apaiser, un souvenir à évoquer, une douleur à noyer, une chose à oublier, une joie à fêter, ou un château en Espagne à bâtir, il invoquait ce dieu mystérieux, sorti des fibres de la vigne. Il savourait la grandeur de ces spectacles éclairés par le soleil intérieur, et cette seconde jeunesse, qu'on puise dans le breuvage bienfaisant.

J'imagine, qu'il aurait aimé à discuter sur ce sujet, avec Hoffman, quand, il écrivait dans le *Kreisleriana* qu'un musicien consciencieux doit user du champagne s'il veut composer un opéra-comique ; il trouvera dans ce vin, la gaité légère et mousseuse que réclame ce genre ; l'amertume enivrante des vins du Rhin ou du Jurançon, s'adapte mieux à la musique religieuse, alors que le généreux, bourgogne, communique la fougue et l'entrainement héroïque du patriotisme.

Si notre ivrogne avait eu à donner une définition du vin, il aurait certainement trouvé quelque chose *de mieux, que* Brillat-Savarin, dans sa physiologie du goût : à Le vin qui fut inventé par le patriarche Noé, est fait.....avec du raisin !.....et dire, que cet ouvrage, malgré l'indigence lamentable d'une pareille définition, a été, et est encore célèbre : c'est le cas de dire de lui comme de tant d'autres : *Habent sua fata libelli.* Aussi, que le Seigneur, préserve ceux qu'il chérit, et qui aiment la table, de pareilles lectures.

Bref, pour en revenir à notre homme, comme vous pouvez le voir, c'était un vrai fervent, de ce que notre bon maître François Rabelais, appelle la *purée septembrale.* C'était un de ces chercheurs, de souvenirs ou d'oubli, et qui ne les trouvant jamais assez complets, prennent l'habitude de ne plus contempler le ciel, *que par le cul de la bouteille,* (Béroald de Verville, Le moyen de parvenir).

Laboulbène, était un des types les plus populaires de la cité très gasconne de Périgueux. Si parfois, il vous arrivait d'ignorer, ce qui caractérise cette ville, ne vous avisez pas d'aller aux renseignements chez un naturel du pays, il aurait pour vous des regards d'un mépris indigné, ne pouvant supposer, qu'il existe quelque part sur la planète, des individus ignorant la patrie des truffles, et du paté de foie gras !

Donc notre bon ami, un soir qu'il avait par trop goûté et comparé, accouplé même, le vin à des breuvages alcooliques variés, (ce *qui lui arrivait quelquefois*), en avait, comme on dit, chargé une, et tenez-vous pour assuré qu'elle était de forte taille.

Mais ici-bas, tout a une fin, même les beuveries les plus obstinées; et sur le coup de minuit, heure à laquelle ferment les cafés périgourdins, force fût à notre homme, d'appareiller pour mettre le cap sur son domicile où se trouvait son lit, ce après quoi, il soupirait ardemment.

Après avoir déambulé en tirant de nombreuses bordées, la tête inclinée et les bras ballants, ce qui faisait parfois ressembler ses écarts, à de vagues boléros espagnols, destinés à le maintenir dans une verticale approximative, il finit par arriver sur la place, où se trouve la statue du brave Daumesnil, surnommé la jambe de bois.

C'est le grand fils de Périgueux, ce brave soldat, qui chargé de défendre Vincennes, *répondit aux* alliés le sommant de rendre la place : Je rendrai la place, quand vous me rendrez la jambe que vous m'avez prise à Wagram !

En voyant le monument, notre homme se dit : cette fois, tu y es ! et ce n'est pas trop tôt ! Mais, sur le point d'y arriver, au moment même, où il allait saisir ces grilles tutélaires, un écart par trop brusque, lui fit sentir le pavé, et, l'émotion passé, il dût faire les quelques pas le séparant du but, à la façon des gastéropodes, c'est-à-dire en marchant sur le ventre.

Quand il fût enfin parvenu à se remettre debout, (à l'aide des grilles, bien entendu) il se dit à nouveau : cette fois-ci, tu y es mon homme ; et de fait, il y était si bien, il y était tellement, qu'il n'en pouvait plus démarrer. Il ne lâchait un barreau que pour se cramponner à un autre, et par ce petit manège, il fit sans trop s'en rendre compte, plusieurs fois le tour du monument, à la façon d'un mulet tournant la roue d'un puits.

A force de passer et de repasser, de voir des grilles devant ses yeux, *et de ne pas voir autre chose,* germa dans sa cervelle, une de ces idées, comme seuls, peuvent en produire *des cerveaux de gascons dans les* affres de l'ivresse. Notre homme prit peur, et se mit à pousser de véritables hurlements de frayeurs : Au secours ! Au secours ! A moi ! *on m'a enfermé dans une cage !* Il se croyait à l'intérieur des grilles ! Je le répète, il n'y a qu'un gascon, pour en trouver de pareilles !

Comme les agents chansonnés par Yon Lug, ce poète loufoque, osseux, pâle, hirsute, chevelu, alcoolique et montmartrois, les agents gascons, sont aussi de braves gens qui s'balladent (bis) tout l'temps, (air connu) ; Ils ont de plus, l'excellente *habitude*, quand ils entendent du potin à quelque part, de redresser le torse, comme mû par un puissant ressort, et le nez en l'air, filent avec une rapidité zébrique.....à l'opposé. Mais cette fois, devant la force et la persistance des cris, ils durent se résigner à rebrousser chemin, et de ce pas intelligent et cadencé, qui caractérise les agents de l'autorité, se dirigèrent vers le bruit, prêts à entrer courageusement en lutte avec le corps du délit.

Laboulbène tellement aveuglé par cette idée fixe qu'il était *encagé*, ne vit les agents, qu'au moment où ils lui mettaient la main sur l'épaule en demandant : qu'est-ce que vous avez à gueuler comme ça?

Ah ! mes bons agents, délivrez-moi ! les bandits m'ont enfermé dans cette cage ! Les agents gascons, qui sont quelquefois de fort bons pince-sans-rire, voyant qu'ils avaient à faire à un ivrogne *double vue*, le *sortirent de sa cage*, pour le mettre en liberté.....au poste de police. Et Laboulbène broyait du noir le lendemain, se réveillant au poste un mal aux cheveux pommé, sans compter ce qui par surcroit, lui rappliqua sur le râble, à savoir : une double contravention pour ivresse manifeste et tapage nocturne.

A. GAUDY.

P. S. Je dois vous dire, à propos du monument de Daumesnil, que je ne suis pas autrement certain qu'il existe, je vous avouerai même naïvement que je n'en sais *riendu tout. La pure logique* m'a fait supposer que Périgueux ayant un fils illustre, avait dû lui planter son bronze ou son marbre quelque part ; S'il ne l'a pas fait, c'est par oubli. Or comme les grilles de ce monument sont nécessaires pour que mon conte se tienne debout, (comme Laboulbène) vous trouverez bon, que je continue à croire obstinément, *qu'il doit en exister un.*

Owing to being unavoidably called out of town last Friday, Rev. Mr. *Dunham was unable to address* the Poultry associat,o nthat evening. Mr. Webb, of the Manual Training school, however, filled the breach with a little talk that started a very instructive discussion, which brought out the most successful ideas of those present and resulted in a very profitable evening.

Makes Hair Grow

The Cranbrook Drug and Book Co. have an invigorator that will grow hair or money back.

The time to take care of your hair is when you have hair to take care of.

If your hair is getting thin, gradually falling out, it cannot be long before the spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed.

And remember, it destroys the Dandruff germ, the little pest that saps the life that should go to the hair from the roots.

SALVIA is sold by the Cranbrook Drug and Book Co. under a positive guarantee to cure Dandruff, stop Falling Hair and Itching Scalp in ten days or money back. A large bottle costs 50c. The word "SALVIA" (Latin for sage) is on every bottle.
