WITH WHICH IS CONSOLIDATED THE CUMBERLAND NEWS.

FORTY-NINTH YEAR— No. 41. CUMBERLAND, BRITISH COLUMBIA FRIDAY, OCTOBER 10th, 1930. SUBSCRIPTION PRICE: TWO DOLLARS PER ANNUM

Lawn Bowling Green Closed

SPECIAL CHALLENGE GAME MARKS OCCASION

The Cumberland lawn bowling green has closed for the season after a most successful first year. Saturday evening saw the final of the doubles competition pulled off when Harry Jackson and Bill Younger defeated Vernon-Jones and T. Carney by a score of 21-14. The game was watched by a fair number of spectators who were somewhat disappointed by the exhibition, not one of the four players coming anywhere near their regular form.

Sunday afternoon the green was closed for the year and work on the contemplated improvements will start immediately. It had been the intention of the executive to close the green with a big competition but owing to the inclement weather. Howfound impossible to hold one. However, as an outcome of the many members present, a special challenge game was decided upon, playing for a specially donated trophy. Those participating in this special game were Vernon-Jones and W. Younger against H. Waterfield and W. McMillan, the latter winning one of the closest games ever played on the green by a score of 11-10. It was decided to play fifteen ends only and so close was the contest that it was not decided until the last bowl was delivered, Waterfield and McMillan won eight ends to their opponents seven and as stated only one point divided the players at the finish. It was a real good finish to a very successful first year.

Basketballers Win One and Lose One

High School Players Open Season

The opening games for the season took place on Tuesday night last in the Band Hall when the Cumberland and Courtenay High School players clashed. The girls' game was the first on the programme, the locals winning a one-sided game by 43 to 13. However, as this was the first game and the Courtenay girls not properly organized, the result was no surprise. The neighboring players promise to get revenge next week at Courtenay.

The second game of the evening was between the boys from the local and Courtenay high schools and turned out to be a real humdinger from start to finish, with each team leading alternately. For an opening game it was real snappy basketball and with a little more practice the combination will be greatly improved. Next week the teams meet at Courtenay when a most interesting game should result. Harold Conrod of Cumberland refereed the games and gave great satisfaction. He will no doubt be in great demand this fall if he keeps up the same brand of work.

New Battalion To Wear Hunting Stuart Tartan

Announcement was made at Ottawa on Tuesday of this week that Major D. R. Sargent had been promoted to the rank of Lt.-Colonel and to command the 2nd battalion of the Canadian Scottish with headquarters at Nanaimo. As stated last week the new battalion will comprise companies from Duncan, Courtenay-Cumberland, Nanaimo and Saanich.

The new battalion will wear the Hunting Stuart tartan recently approved by the Department of National Defence for the Canadian Scottish Regiment.

The company to be located at Duncan has already met with considerable success ,in that it is well organized under Captain Eric Henderson. The strength of this company is about sixty all ranks.

BASKETBALLERS WIN AT COURTENAY.

The Eagles basketball teams journeyed to Courtenay last night to engage the Piket Players in scheduled games. The Eagles men's team won rather easily over the Piket five by a score of 37 to 10. The girls team also won rather easily coming out on the long end of a 14-6 score. A return game will be played at Cumberland next Friday night.

The Ladies' Bridge Club was entertained at the home of Mrs. Harry Parkinson on Tuesday evening when three tables of bridge were in play. Winners were announced as first, Mrs. K. Brown, second, Mrs. W. Hudson, consolation, Mrs. McNeil. During the evening the hostess served delectable refreshments.

Football Game For This Sunday

Cumberland Eagles and Courtenay to Meet

The Cumberland Eagles soccer eleven will meet a strong team from Courtenay on the Recreation ground Sunday at 2 o'clock in an exhibition game. The tilt is attracting a great deal of interest as many are anxious to see just what Courtenay have to offer in the way of soccer players. The neighboring city have always managed to field a fairly strong baseball team and if a number of round ball players can be located to give the local Eagles a game, some interesting football is in sight this winter for the fans. With Quathiaski Cove fielding two teams, the new Upper Island League should at least get away to a good start. Four teams is hardly enough to comprise a good league but the officials are hoping that teams from Union Bay and possibly Parksville can be induced to enter.

The game on Sunday should be attended by a large number of fans, especially after the great game put up on Sunday last by the Eagles against the Nanaimo South End.

City Could Assist Board Of Trade

ALD. BANNERMAN OF OPINION THAT CITY SHOULD CO-OPERATE

A little discussion arose at the Council meeting on Monday night following the reading of a communication from the Provincial department of Public Works with reference to the unemployment grant made by the Federal Government. The communication asked the co-operation of the city in making a report of the number of unemployed and any necessary work within the municipality. The Mayor said it looked like a case of "passing the buck", and after some further discussion all the Aldermen were of the opinion that there was no work that needed doing in the city and could not see how filling in the form received from the department was going to be of any assistance. The aldermen perused the unemployment list which had been started one week ago. It showed well over 100 names on and whilst there were some names of residents of the outlying district it showed a fairly large number of unemployed or partially employed in the city. Mayor Maxwell did not believe there were more than twenty men unemployed in the city and frankly said so. Finally the city clerk was instructed to fill in the form for the Department of Public Works stating that there was no work within the City of Cumberland which needed immediate attention. Before the matter was finally dispensed with Alderman Bannerman came out strongly in favor of the City supporting the Board of Trade in its efforts to get some needed road work done within the immediate district. He was of the opinion that it might jeopardize the work of the Board of Trade if the Council did not show any enthusiasm for this government relief plan.

A communication was also received from McDiarmid and McDiarmid solicitors for the city in the Electric Light question, acknowledging the receipt of cheque for $500 as retaining fee for Mr. E. C. Mayers as special counsel for the City of Cumberland in the electric light arbitration case which comes before the Court of Appeal this month.

Bills and accounts to the amount of $585.15 were referred to the finance committee and if found correct ordered to be paid. Reports of committees were called for by the Mayor and Alderman Parnham for the finance committee reported satisfactory balance. Alderman Henderson for the Board of Works repairs to wagon and other necessary street work proceeding. Light and water committees reported everything O.K. and Alderman Ledingham for the fire wardens reported that it had been decided to paint the hydrants for the winter.

The Mayor in speaking of the condition of the streets and lanes in the city thought it might be a good plan if the chairman of the Board of Works went all over the city and checked up on everything before the real bad weather set in.

Under the heading of new business Alderman Bannerman brought up the matter of the city band and wanted to know if it was not possible for the city to do something in the matter. After some discussion Alderman Bannerman was informed that if the people interested in a city band could get together and have a meeting and find out just what they wanted, briging their needs before the Council it would enable the city fathers to look into the situation more thoroughly.

CRIB TOURNAMENT AT THE CLUB.

Entries for the crib tournament which will commence at the Athletic club on Sunday will be received up to Saturday night. Already there are a number of entries in but the board of management extended the time of entry up to Saturday to allow as many of the members as possible to get their names in. The tournament will be a doubles and entrans will be allowed to choose their own partners.

Pulverized Coal Successful In Old Country Test

In view of the continued interest in pulverized fuel firing for marine work, the recent official opening of the extensions of the Derby Electricity Station is of great importance states Syren and Shipping in a recent issue, as showing the very latest advances in pulverized fuel firing. The new plant consists of two combustion steam generators, or special water-tube boilers, each of 60,000-80,000 pound evaporation per hour, and a Parsons 20,000 kilowatt turbo-generator ,with a turbine of the single cylinder pure reaction type for high efficiency. Firing is carried out with a pulverized fuel equipment which includes the Volcano burner and the latest duplex type of pulverized coal feeder, while the chimney gases are all washed with pressure water sprays to remove fine dust.

The new boiler consists of a steam and water drum with four complete combustion chamber walls of fine water-cooled steel tubes and superheaters. Multiple air heaters, and steel tube economizers with cast iron fins are included, the pressure being 350 pounds and the temperature 750 degrees Fahrenheit. The burners, of which only one per boiler is required, are fixed in the bottom of the combustion chambers and project through the water screen tubes, some of which are diverted for the purpose the flames consequently spouting upwards. The outer casting of the burner is a large firebrick cone, primary air carrying the pulverized coal and secondary air passing to the burner, these being given a turbulent motion by helical vanes.

Further to increase the mixing action in the combustion chamber, part of the secondary air is protected from the lower parts of the steel tube walls as a series of jets, while no brickwork is used for the boiler setting, which is entirely of steel plate, a noteworthy point for marine work. For feeding the pulverized coal to the burner, duplex feeders are used, consisting of two horizontal perforated plates with a rotary scraper between and replacing the screw feeders. The washing of all the combustion gases with water sprays to remove grit takes place near the base of the chimney, and this is another outstanding matter for marine application, especially for the pasenger liner.

YOUNG PEOPLE'S SOCIETY ELECT OFFICERS FOR YEAR.

At a well attended meeting of the Young People's Society of Cumberland United Church held on Monday evening, the following were elected to office for the coming term:

President, Mr. Clifford Horwood; Christian Endeavor Vice-President, Miss E. Laing; Missionary Vice-President, Miss Edna Gear; Citizenship Vice-President, Mr. John Auchterlonie; Literary Vice-President, Miss Bowering; Social Vice-President Miss Jean Brown; Pianist, Miss Josephine Freeburn; Secretary-Treasurer, Miss Jessie Baird.

Former Local Girl To Be Married

Cumberland, Oct. 6.—Of interest to the numerous friends of the bride-to-be is the announcement of the marriage of Miss Delina Wilson, of Nanaimo, to Gordon Lewis Beavan, of Edmonds, which will take place on Saturday next at Vancouver.

The bride-to-be is a native daughter of this city, her parents being the late Mr. and Mrs. T. S. Wilson, well-known pioneer residents. She was a member of the court house staff until recently removing to the Nanaimo office.

Miss Nettie Robertson will be the bridesmaid when the marriage service is read a St. Andrew's United church by Rev. Willard Brewing, D.D. Others from Cumberland will leave on Saturday to attend the wedding will be Miss Wilson's sister and brother-in-law, Mr. and Mrs. M. B. Stewart and Mr. and Mrs. John Thomson.

At the Nanaimo court house on Tuesday last Miss Wilson was presented with a beautiful mahogany clock by her colleagues in honor of the coming event.

Eagles Surprise Southend

Huge Crowd at Nanaimo Sees Local Eagles in Fine Game; Henry Watson Star Player

The Cumberland Eagles made a name for themselves on Sunday last when they came within an ace of beating the Southend Seniors at Nanaimo. This team of Nanaimo youths after a brilliant record as juniors, decided to enter senior company this year. A week ago they almost beat the famous New Westminster Royals and the game against the Cumberland Eagles on Sunday last was looked upon by some of the Southend executive as a practice game for the boys and even went so far as to predict a four goal to nothing win. As a matter of fact, the Cumberland Eagles were leading three goals to one at half time and fifteen minutes from full time were leading four goals to two. The home team were very fortunate in being able to wipe out such a deficit in the closing stages of what must have been to them a "hectic" time, and emerged victors by a score of six goals to tfour. There was a very large crowd present and the special correspondent of the Victoria Daily Times who was present at the game said: "The visitors had all the play in the first half and deserved the lead of 3-1. The outstanding feature of the game was the brilliant playing of Henry Watson, Cumberland outside right. Three of the goals scored by his side were due to his efforts and he is the finest outside right seen in Nanaimo for many years." Continuing the Times correspondent says:

"Cumberland played all over the Southend in the first half and kept the home defense busy and but for the fine work of Edmunds and Boyd would have had half a dozen goals at the interval. Cumberland scored after twenty-five minutes of play through McFarlane on a cross from Watson and Weir registered Cumberland's second goal from a free kick.

Southend had a look in and Gray scored from a corner kick. Watson then ran right up, beating several opponents and scored with a low drive.

'On resuming play Southend assumed the aggressive and bombarded the visitors goal until McGregor scored. Southend kept up pressure and were having the best of the play when Watson secured the ball on the halfway line and beat several opponents to pass to McFarlane who netted Cumberland's fourth goal.

"Southend livened up and White scored in a scramble in goal, after Edmunds hit the crossbar with a hard drive. Southend kept up the pressure and three more goals were scored through McGregor, 2; and White 1.

"Cumberland tried hard to equalize and were bombarding home goal when the whistle blew. For Southend Edmunds, Waugh and McGregor were the shining lights. Walker in goal, Brown, Weir and Watson were the pick of the visitors."

The teams were:

Cumberland—Walker, Brown, McLellan; Howay, Conrod, Weir; Watson, Gibson, Campbell, McFarlane and Bartoldi.

Southend—Shepperd; Boyd, Edmunds; McGregor, Waugh, Hallinan; J. Gray, Tassin, White, G. Gray and Sandland. Referee, Gunniss.

The supporters of the Eagles were very well pleased at the display of their favorites and cheerfully predict a most successful season for them. The boys came out of last Sunday's game with flying colors and whilst many hard knocks were given and freely taken, the game on the whole was clean.

Watson to Sign for Nanaimo

So impressed were the Southend executive with the display of Watson that the Cumberland school teacher was approached and asked to sign. The executive of the Eagles were quite willing to grant Watson a transfer if the player is desirous of going into senior company and will do all in their power to assist him. Nanaimo ,undoubtedly want Watson. It is now up to the player himself.

FOOTBALL SCHEDULE DRAWN UP

Atthe meeting of the clubs interested in the Upper Island football league, the following scherule was drawn up:

October 19th: Tyee B vs. Eagles; October 26th: Tyee B vs. Courtenay, Eagles vs. Tyee A.

November 2nd: Open; November 9th: Courtenay vs. Eagles, Tyee A vs. Tyee B; November 16th: Eagles vs. Tyee B, Tyee A vs Courtenay; November 23rd: Tyee A vs Courtenay, Eagles vs. Tyee B; November 30: Courtenay vs. Tyee B, Tyee A vs Eagles;

December 7th: Eagles vs. Courtenay, Tyee B vs. Tyee A; December 14th: Tyee B vs. Eagles, Courtenay vs. Tyee A.

VETERANS TO CELEBRATE ARMISTICE NIGHT

The Cumberland branch of the Canadian Legion, British Empire Service league will celebrate Armistice by a monster banquet followed by a dance in the Memorial Hall. The affair will be for ex-service men and their relatives only and as tickets are limited early application for same is urged. Any member of the Legion will be pleased to sell tickets to anyone desirous of going. An ambitious programme is being drawn up and Lt.-Col C. W. Villiers will act as toast-master.

Bigger Markets Lower Prices Is Result Of Tariff

Ottawa, October 8; (Special to the Islander).—With the Prime Minister and three of his Ministers in Britain, there is little if any, falling off in the pace which Mr. Bennett set for the departments of Government when he took office in record time, assembled Parliament in record time, put through a record volume of tariff changes and emergency unemployment relief and prorogued the House in the record period of fifteen days.

The imprint of Mr. Bennett's decisiveness has been communicated to his colleagues, a fact which is reflected in the conversations of Civil Servants who can't recall a time since the war years, when departments hummed with activity as they have since August 7th.

* * *

Of the measures which arose out of the special session of parliament those affecting the tariff ,either by direct alteration or through extension of authority in fixing valuations, awakened the greatest degree of public interest and public interest in their operation will continue to be of the most vital importance to the government. Thus far the records of the department of labor indicate that upwards of 10,000 employees have been added to the staffs of the industries affected by tariff changes. In many instances only those required to reorganize plant equipment have yet been employed and the estimate is made in Government circles that before the turn of the year more than 40,000 men and women will have been provided with employment as a direct result of the changes in fiscal policy which Premier Bennett made effective during the fifteen-day session of Parliament which terminated on September 22. Before next March, when Mr. Bennett's first account of his stewardship is given the House, it is predicted that 50,000 will owe their employment to measures which he made effective last month. In addition the claim will be advanced on behalf of the Government that, had Mr. Bennett's remedies not been brought in, another 50,000 would have been forced out of employment under economic conditions which then obtained.

* * *

Thus far, if reports received by the departments of Labor and of Trade and Commerce are to be accepted, the Government finds that manufacturers affected by tariff changes have remained by their pledge that no advantage would be taken of higher protection to increase prices to the consuming public. The Department of Labor has been specially charged to observe this feature of economic developments. The prnciple was clearly laid down that bigger markets and greater production should result in lower—not higher—prices to the consumer and in this manufacturers agreed. Many of them gave Mr .Bennett their undertaking in writing that such would be the result and already there are instances of lowered prices. There are none, as yet, of higher prices. A major interest, of course, centres in prices of agricultural implements. In the matter of tractors it will be some time before Canadian plants are capable of meeting the demand and until then the old rates of duty will apply.

The Department of Finance is already at work assembling general information respecting the complete revision of the tariff which Mr. Bennett promised will be introduced at the regular session of parliament after the New Year. When the Prime Minister returns from Britain after the Imperial and Economic conferences he will at once put his energies into the general revision. It is possible, though not probable, that a new Minister of Finance will be inaugurated before Parliament meets again.

The fact is that the whole Bennett program of Canadian development is indissolubly interwoven with the fiscal policy of the Dominion and until that has been re-cut according to his convictions, Mr. Bennett must actually be the deciding factor in the fiscal department. Whether or not he carried the title of Minister of Finance he must direct that department, and in the meantime he is saving the country the emolument attaching to a portfolio.

New Boat Put On Powell River Run

New Boat Went Into Service This Morning

Captain J. Vernon returned to Comox last night with his new boat for the Comox-Powell River run. The new boat has accommodation for 100 passengers and about fifty tons of freight. She is full deisel, can develop 150 horse-power and is capable of doing the run from Comox to Powell River in two hours and a half.

The boat is a good seaworthy one and has lately been weathering the heavy weather usually found on the West Coast and can easily stand the crossing from Comox to Powell River in the stormiest of weathers. Since starting his venture a few weeks ago Captain Vernon has been under considerable handicap as neither of the boats he has had during the time waiting for his own to be delivered has come up to demands made. The Captain is building up a fairly large business with the Paper town and with his fine new boat on the run he will be able to take care of all demands for quite a long time.

Badminton Now In Full Swing

Band Hall Occupied Every Night of the Week

Badminton in Cumberland is again in full swing with every hall in town housing one or two clubs. The Whippets and the Cumberland Senior clubs started in on Monday night, both clubs reporting a large number of members in attendance. The senior club is using the Anglican hall whilst the Whippets use the Band hall. Owing to the Shuttle badminton club making application for the use of the Band hall for two nights a week the Whippets have had to give up one night and the basketballers one night. After some discussion the executive of the club granted nights of play as follows: Whippets Monday and Wednesday; Shuttle club, Tuesday and Thursday, with Friday and Saturday given over to basketball. The hall will be open for basketball practice certain mornings and afternoons of the week, but no basketball will be allowed to be played in the hall on Sundays. This means that the old Band hall is occupied every night in the week and also on most week days.

The United Church badminton club also got going, making a start on Tuesday with many members present. It looks as though the popular winter game was in for another successful six months. Owing to not being able to get accommodated here, many Cumberland feather pushers have joined the Courtenay Club using the Native Sons' Hall.

CRIB LEAGUE GAMES TONIGHT.

The schedule of the crib league was drawn up during the week and ready for publication but owing to one or two more teams desirous of entering the league, the schedule has been withheld until Monday of next week. The first games, however, will be played tonight when the Cumberland Athletics journey to Comox and the Veterans play Courtenay in the Veterans' hall. The Oddfellows journey to Union Bay next Wednesday instead of playing tonight as the shipping boys asked to have the date altered. All teams will be in action next week when it is expected the full schedule will be ready for publication.

Wedding

Williamson-Carto

A wedding of much interest to residents of Happy Valley and Comox took place at the Roman Catholic Church, Comox, on October 2nd, when Ruth Myrtle, daughter of Mr. and Mrs. P. Carto, became the bride of Edward Williamson, of Happy Valley. The bride was attended by Miss Myrtle Smith of Courtenay and James Hutton acted as best man. After the ceremony a reception followed, at the home of the bride's parents where thirty-five relatives attended. The rooms were decorated with asters and other fall flowers in mauve and white, and the table decorations carried out in the same color. A three tier wedding cake was cut by the bride.

During the afternoon vocal and instrumental selections were rendered by Mrs. E. Browne and Mr. G. Mearnes. Later the happy couple left for a two weeks' honeymoon to be spent in Vancouver and Victoria. For travelling, the bride wore a dress of delphinium blue and hat to match, and grey coat. On their return they will make their home in Happy Valley.

Crib League To Make Start

Ralph Gibson, of Bevan, Again Chosen President

At a well attended meeting in the writing room at the Athletic Hall on Friday night, a number of crib enthusiasts gathered to draw up plans for the coming season. The president Mr. Gibson gave a brief outline of the doings of the league last year and thanked all the members of the various clubs for many courtesies extended to him during his term of office. The secretary, T. D. Robertson reported that there was a balance on hand from last year, the sum of $8.25. The secretary's report was adopted as read when the election of officers for the coming of Bevan, former president, was unaimous choice as president and Harry Jackson, vice-president; T. D. Robertson will be secretary for another term. The executive will comprise the presidents of each club in the league.

Applications were received from seven clubs at the meeting and two of the old clubs dropped out, the City team and the Nondescripts. New teams coming in are the Eagles, the Oddfellows, Conservatives. In addition to these three, Union Bay, Veterans, Athletics and Comox had applications in.

The secretary and T. Carney were appointed a committee to draw up a schedule and to accept any further applications from teams desirous of entering the league up to Monday night, after wheih no further entries will be taken.

It was also decided by the meeting that all clubs entering the league be charged $2.00 entrance fee.

Just before drawing up the schedule an application for membership was received from Courtenay, making eight teams in the league, a greater number than has ever been received before.

The regular league games will conclude about the middle of March and the final night will be a regular get-together of all teams when a smoker will be held and the winners presented with the Harry Maynard trophy.

DIVORCE GRANTED AT NANAIMO.

Nanaimo, Oct. 8.—Mr. Justice Fisher granted an absolute decree of divorce to Edna Jones, from her husband, Richard Jones. T. P. Morton of Nanaimo appeared for the petitioner and Mr. Manley of Vancouver for the defendant.

NEWS VERSUS DRAMA

News is a series of dramatic events The world is its stage. The subjects in the newsreels are the climaxes in the play of Life. News is the prelude to all drama. News suggests the stories of the future. Fox Movietone News presents the big moments of life, with the great of the World starred and featured. Patrons at the Ilo-Ilo on Monday, Tuesday and Wednesday of next week, will see and hear the Movietone News Reel as follows:

France beats U.S. in Davis cup play—Cochet, great French star takes Tilden's measure in tennis classic as Paris crowd cheers. Cool off with us at Yellowstone—forget the sweltering city as Movietone guides you through Uncle Sam's great wonderland. Movietone films drama of the sky—Joe Crane, veteran aviator, tumbles 2,000 feet while being photographed at work on plane. An accidental slip and Crane plunges into the waters off the Curtiss airport at North Beach, N.Y.—Seaplane rescues him. Old or new steps—take your pick—here's the style in favor fifty years ago as shown at New York meeting of Dancing Masters of America. Sub 1—And this is the step you'll soon be doing—demonstrated by Ramon and Rosita.

Europe's beauties on parade—Belles from many nations assemble at Deuville on way to Rio de Janerio for world contest.

BIRTHDAY PARTY FOR NINE-YEAR-OLD.

Mrs. J. H. Robertson entertained some fifteen small girls at her home on Saturday afternoon last in honor of her daughter Helen's ninth birthday. Games and contests occupied the little guests for the major portion of the time, prize winners being Jessie Robertson in the guessing contest and Margaret Armstrong and Betty Shortt at musical chairs. Bounteous refreshments had been provided by Mrs. Robertson and the beautifully decorated table was centred with a magnificent birthday cake. Mrs. W. Hutchinson, sister of Mrs. Robertson assisted in looking after the wants of the guests. Those present included Doreen Henderson, Iris Watson, Myrtle Maxwell, Gladys Woods, Nettie Gibson, Gwen Rutherford, Davidina Derbyshire, Margaret Armstrong, JuneEadie, Jessie Robertson, Leone Brown, Doris Brown, Betty Shortt and Jackie Robertson.

"WORKED TO DEATH"

IN AN OBSCURE corner of a New York newspaper the other day there appeared an item about a widow in New Zealand who sued her late husband's employer for $5,000 under the workmen's compensation law of that Dominion. She charged that her man had been literally "worked to death." The court upheld her claim and ordered the employer to pay her the money.

The item was confined to these brief facts; but no one can read it without wanting to know a good deal more about it. What sort of a job was the man doing and how did his widow prove to the evident satisfaction of the court that he had been "worked to death"? It makes one wonder whether his employer was careless, or just a plain slave-driver. It is indeed a puzzling case.

If the truth were known, incidentally this unidentified New Zealander is far from being the only worker whose headstone might well bear the inscription, "Worked to Death." In fact, that line would not be out of place on millions of graves, scattered all over the world. It could adorn the tombs of all classes of people, from Prime Ministers and Presidents to day laborers. It symbolizes a fate that overtakes, perhaps, the majority of all workers on this earth.

If the "big man" has died of overwork, however, there usually are compensations. He seldom leaves a family in want and he probably has achieved something by which he will be remembered by his fellow men. But the ordinary worker who wears himself out at his job seldom has much consolation. It not infrequently transpires, unhappily ,that one who has been "worked to death', has been badly cheated. It would be interesting to learn what is back of the case of the New Zealander.

—Victoria Times.

CHECK UP YOUR COOLING SYSTEM

OCTOBER, which marks the interval between the summer touring season and settled cold weather, is a red-letter month on the motorists' calendar. This is the time when the car should be subjected to a careful inspection and general overhauling to remedy the ailments that may have developed during the summer, and to prepare for the annual tussle with Old Man Winter. Most important of these Autumn adjustments is careful attention to the cooling system.

In a booklet containing timely suggestions for preparing the car for Winter, the Glycerine Producers' Association, whose members manufacture all the standard radiator glycerine anti-freeze used in the United States, lists the adjustments that the average cooling system requires at the end of the summer driving period.

"First of all," the Association points out, "the cooling system should be thoroughly cleaned and flushed and all accumulated scale, dirt and sediment washed away. If the accumulation is heavy, as is frequently the case where cars have been subjected to long, hard driving during the summer months, it is advised that cleaning be done by an experienced radiator service man, but if you undertake the job yourself the sal soda method is recommended.

"Any small seams or leaks that may have opened up during the summer shake-up, should be repaired carefully. You don't want your anti-freeze to leak out and leave your radiator unprotected during the approaching cold weather. All joints and connections in the circulating system, including hose connections, pump and cylinder head bolts, should be tightened. Cracked or porous hose connections should be replaced, and pump packing and gland nuts properly adjusted.

"If you use radiator glycerine for anti-freeze protection, you can have your cooling system filled now and no further cleaning will be necessary until the solution is drawn out in the spring. Since radiator glycerine will neither boil away nor evaporate at normal driving temperatures, it can be installed without danger of loss while the weather is still warm and will be on hand when Jack Frost, first strikes. If your cooling system is properly conditioned, one filling will last all winter."

NO SOLOMON

There is a man in our town, and he was wondrous wise,
He swore by all the gods above he would not advertise!
But one day he did break this rule; and thereby hangs a tale;
The ad was set in real small type, and headed Sheriff's Sale.

Honor cards; Ivy Gough, Marjorie Drew, Keith Dewitt, Alan Nunns, Nita Pilling, Valda Frelone.

WILL PAY PRIZE MONEY IN FULL

Receipts From Fair Lower Than Last Year

The directors of the agricultural society met recently for the purpose of winding up business in connection with the fall fair. Following a report submitted by the secretary, it was decided to pay the fair prizes in full at once. This action was taken in spite of the fair showing a loss of approximately $102.00 brought about by a considerably increased prize liability over that of last year and a reduced attendance on the part of the public, which made the gate receipts substantially less than in 1929. This result would point to the financial advantage of holding the fall fair on labor day which was so satisfactory a year ago.

To make up the deficiency, it has been decided to arrange an auction sale of produce and other commodities during the present month, and the following committees have been appointed to receive goods for the sale:

Courtenay—W. A. Urquhart and R. U. Hurford.
Comox—Harry Rossiter.
Lower Road—Jas. Casanave and John Crockett.
Lazo—W. A. B. Paul.
Merville—Jas. Reid and D. M. Isenor.
Lake Trail—A. R. England and Hugh Morrison.
Dove Creek—W. E. Mantle.
Happy Valley—J. W. Stalker.

In addition to the accounts it was decided to grant the sports committee the sum of $57 for the purpose of discharging its prizes in full and the band was voted a sum of $20 for its assistance on fair day.

Arrangements are now under way for a plowing match to be held in this district on the 22nd October. The winner of this match is expected to compete at the provincial plowing match at Ladner on the 5th of November. Mr. Hurford was appointed director to represent the agricultural society at the provincial match after he had submitted an interesting report of the committee's meeting in Vancouver during the Vancouver fair week. Mr. French reported on the selection of fields for the local match, particulars of which as to conditions and the exact time and place will be published shortly. The department of agriculture has been asked if it is prepared to supply a judge for the plowing match here on October 22nd.

Unemployed Are To Register

All those residents of Courtenay city who are unemployed, or who have only temporary work, are urged to register at the city hall at once as the provincial government will base its grants to the municipality on the basis of amount of unemployment here.

Those who are unemployed and who live in the surrounding unorganized territory have been given an opportunity to similarly register through the courtesy of G. R. Bates, of Comox Valley Lands, who has consented to register unofficially their names as no official arrangements have yet been made for this purpose, and the information may be required quickly.

It has been noticed that a number of Courtenay and Sandwick unemployed have registered at Cumberland on the list opened by the Cumberland Islander. These must register as instructed above, as their names cannot be considered in other than their own districts.

A telephone can get you there first

Getting there first is a vital factor in business. Of what importance is the quality of your product or the strength of your sales argument if your competitor reaches the buyer first and makes the sale before you get there?

That is why so many successful business men are finding the long-distance telephone a great asset. While others are writing letters or travelling in person, they use the telephone and get there first.

Questions concerning Health, addressed to the Canadian Medical Association, 184, College St., Toronto, will be answered personally by correspondence.

CLEAN HANDS

Our hands are in constant use and, in the course of a few hours, they come into contact with a considerable number of articles. It is because our hands are used so much and that they are consequently almost sure to be soiled that, unless properly cared for, they may be our greatest enemies.

In previous articles we have stated that the germs of disease leave the body in its secretions. The secretions from the nose and mouth are those which most frequently carry disease. We should always deal with such secretions as if we knew them to contain disease germs. The spread of disease depends upon whether the germ laden secretions from one person gains entrance into the body of another person.

The spread of disease may be direct, as when the germs are transferred by the droplets which are thrown out in the air by uncovered coughs and sneezes. It may also be indirect and it is in the indirect spread that the hands play an important part.

In considering the indirect spread there are two important points to be kept in mind. Disease germs die comparatively quickly outside of the body. They require heat and moisture to preserve their lives; drying destroys them and sunlight kills them.

What we have to fear are the fresh, moist secretions. As our hands are warm and humid, germs can and do persist on them for some time.

In using the handkerchief, in covering a cough with the hand, we are almost sure to soil our hands with the nose and mouth secretions. If we then shake hands with someone we transfer some of our secretions to the hand of that person. If our hands are soiled, we the soil objects which we touch, such as a door-knob someone else may touch these objects after we do, and so, indirectly, the nose and mouth secretions of one person are passed to the hands of another.

There is no reason, however, why this should alarm us. It has, nevertheless, a very practical lesson for us, and it is the purpose of this article to bring this lesson to the attention of our readers.

As long as disease germs remain on the hands, they cannot do us any harm. They must gain entrance into our bodies if they are to cause mischief. We can quite readily protect ourselves from the dangers with which our hands may threaten us.

First of all, we should keep our *hands* away from our faces excepting when using a handkerchief, or when eating, or using a toothbrush . It is a dangerous habit, that of touching the face, and particularly the lips with the hands.

Most important ,however, is that the hands should always be thoroughly washed before food is touched. Remember always to do this, and you will have put into practice a habit *which will do much to protect you* from disease.

Fanny Bay

Miss Eileen Robertson spent a few days in Cumberland last week, the guest of Miss Mildred Lockner.

* * *

Mrs. Bryden and Miss Swan motored to Victoria last week.

* * *

Messrs. Donald, Wade and A. McLaughlin and E. Hastings have returned after spending a few days in Vancouver.

* * *

J. Picketti, of Cumberland, visited friends here over the week-end.

* * *

Twelve tables were in play at the whist drive held in the Fanny Bay school on Friday evening. Prizes were won by: Miss Mollie Hestings and Miss Edith Larson, ladies' first and second; Wade McLauchlin and Donald McLauchlin, men's first and second.

Union Bay

The S.S. Canadian Planter arrived from New Westminster on Friday and after bunkering she cleared for eastern Canadian ports.

* * *

Herbert Glover is spending two weeks in Portland, the guest of Mr. and Mrs. Wm. Lund.

* * *

Robert Pollock, of Flin Flon, Manitoba, spent the week-end with his aunt and uncle, Mr. and Mrs. Jack Pollock.

* * *

Mrs. L. A. Little entertained at three tables of bridge on Wednesday evening last honoring Mrs. Jas. Stevenson, of Vancouver, who is her guest.

* * *

Miss Hilda Anderson entertained a few of her friends on Thursday evening, the occasion being her seventeenth birthday. Those present were the Misses Doris Ray, Annie Schulson, Jean Abrams, Jessie Marshall and Alma Magnone.

* * *

Guy and Darrell Smith, of Campbell River, were visitors in town on Friday.

CAT PUTS COYOTE TO FLIGHT

Jasper Park Lodge, Alberta, October 9.—Just prior to the closing of this noted summer resort a harmless looking house-cat gave battle and defeated a coyote which came nosing up as the cat was enjoying an enticing morsel at the rear of the Lodge. The cat sensing the approach of the coyote made for it in traditional fighting fashion and the coyote feeling *the first scratch of the pussy's* sharp claws decided discretion the better part of valour and fled. The contest was witnessed by a large number of interested spectators, many of them being guests at Jasper Park Lodge.

Minto

Edward Williamson and Miss Ruth Carto, of Comox, were wedded last Thursday. Ed. has not been seen in the Valley since—they are off on a honeymoon trip—but when he does come back we'll give him a good reception.

* * *

Mrs. Aleck Wain was called up to *the I. T. Camp on Monday*, her granddaughter Betty being very ill.

* * *

Sam Turner has been under the weather with a bad knee all last week. We trust he will be all right soon.

* * *

New culverts and deep ditches have been the government's program in the valley these last two weeks. Thomas Pearse and Robert McNaughton had their residences surrounded by water when the rainy seasons came and to avoid this the ditches have been deepened and cleaned to better drain the land there. Mr. Sharples could get no fall for his drains so a culvert has been put across the road to give him a fall into the ditch through Edwin Bayly's land.

* * *

The trail through the bush from the Grant road for the children to come to school has need of a little work on it, as the brush and ferns have grown so the little tots cannot get through without being soaked passing that way to the school.

* * *

J. W. Stalker has been appointed a committee of one to solicit farm produce or anything else that will sell, to help clear off the $100.00 deficit on the Comox fall fair. John will call around some of these nights, so don't turn him down.

THIS WEEK'S RECIPES

Green Tomato and Onion Pickle

½ *pk. green tomatoes*
1 qt. sliced onions
1 tablespoon black pepper
2 tablespoons whole allspice
4 tablespoons dry mustard
2 tablespoons mustard seed
½ cup sugar
4 cups vinegar

Slice the green tomatoes. Put a layer in the kettle, then a layer of sliced onions. Sprinkle with salt. Then add another layer of green tomatoes, and so on. Let stand over night. The next morning drain off the liquid, put into preserving kettle with all the other ingredients, and simmer gently 30 minutes. Fill glass jars and when cold put in coll, dry place

Sweet Cucumber Pickle

7 lbs. ripe cucumbers
4 cups vinegar
6 cups brown sugar
2 inches stick cinnamon
1 tablespoon *mixed spices*, cloves, allspice, mustard seed
1 tablespoon mace
1 tablespoon ginger

Soak the cucumber in brine overnight. In the morning drain and rinse. Put into boiler, cover with syrup, cook slowly until tender. Put into sterilized jars with glass tops.

Syrup—Put the vinegar and sugar into saucepan, stir until dissolved, add the spices and boil 15 minutes .

Brine—Use two tablespoons salt to one quart of water.

OLYMPIC VILLAGE FORFOR HOUSING AND FEEDING ATHLETES.

Los Angeles, California.—Plans for the Olympic village for housing and feeding athletes during the games of the Xth Olmpiad in 1932, are engaging the attention of the Organizing Committee, which is completing all of the details of this very big and important feature of the preparations for the coming world event.

The village plan was received enthusiastically and adopted at the recent Olympic Congree in Berlin, although it was possible at that time for the Organizing Committee to present only a general idea of the plan. However, since their return to Los Angeles, representatives of the Committee have given thought and attention to the Village plan, and within four months all details regarding it will be made public. A pleasant surprise for all National Olympic Committees is predicted when these details are announced.

The Organizing Committee believes that the health, comfort and peace of mind of the athletes and their immediate entourage are of principal importance in the success of the games. Correct training diet in each country's own cuisine is assured under the Olympic Village plan. The Committee is going to very great expense and effort in preparing the Olympic Village plan, which it believes will be accepted by all countries as an ideal arrangement.

The committee is suggesting to all National Olympic Committees that attaches be appointed to maintain a very close contact between the Organizing Committee and the visiting teams. These attaches will have offices in the Olympic village during the Games and being familiar months i nadvance, with the personnel and details of operation of the Organizing Committee, will be of great service to the countries they represent.

COAST FISHING SHOWS INCREASE

There was a noteworthy increase in salmon catch on the Pacific coast during the month and though gain in landed value was not on the same scale the total of nearly $1,681,000 represented an increase of about $130,000 over the figures for August, 1929. The catch was 62,696,500 pounds as compared with 37,233,200 pounds in the same month of last year.

On the other hand, the catch of halibut, 3,125,000 pounds was smaller by some 94,000 pounds than in August, '29, and there was a sharp decrease in landed value. In August of last year the catch had a landed value to the fishermen of $369,372 while in the August just past the value figures were only $240,156.

Returns from the pilchard fishery also decreased. The catch was something more than 81,000,000 pounds and landed value was $405,245, while in the preceding August the catch was over 86,700,000 pounds and landed value amounted to $520,500. Pilchard runs were late in setting in this year but since the middle of August the fish have been presen in British Columbia waters in fair abundance.

Woman Usually Misses The Basic Decorating Item

The Floor Background Is Highly Important in Any Decorative Treatment

By Flor du Barry

I came across an interesting problem in home decorating recently. Because it illustrates the one point upon which woman's instinct, or intuition, so often fails in home furnishing, I'm going to relate it.

This young housewife had an unusually well developed color sense. The draperies, rugs, walls and celings in her home harmonized beautifully. The wood trim, too, showed thought and careful color planning in the modern style. Some of the baseboards were in block or other dark colors, dominant colors in the rugs were carried out in draperies, and contrasting hues emphasized the wall treatment.

But the young woman was in despair. There was something wrong somewhere—it was like a false note in music, which some acute ears can identify and others merely detect. And that was the trouble with her.

She knew the false note was there—but where? It clashed upon her sensitive nature. Interior decorating, like music, I told her, is an art and requires long study. But, in decorating, I pointed out, one can always play safe, when in doubt, by employing neutral treatment. In carrying out her decorative scheme she had, I saw, like most women, entirely forgotten about the floors.

Being an old house, the flooring soft yellow pine. Since it was in good condition, she thought a thorough cleaning and revarnishing would suffice. That was the false note. The uneven way that type of *pine takes stain marred the surfaces*; the knots and cracks were too obvious and dirt had collected in the cracks and could not be budged. And what further emphasized the false note, was the fact that wide pine floors are old fashioned. They will clash with any modern decorative treatment.

There were but two ways to save the day, either plan the flooring for *each room separately*, which would entail considerable expense, or lay neutral narrow width oak in every room. I suggested the latter because it is not only the fundamentally proper thing for any room, but is the most beautiful for simple or expensive homes alike. Since it would fit any decorative scheme, I told her that in future redecorating she could ignore the floors entirely.

She adopted my suggestion and arranged with a floor layer a part payment plan whereby the cost was spread over a considerable time at a few dollars a week. That to me was a revelation because, while I knew that the building trades were adopting the installment plan in population centres, I did not know until then that it had become more or less common throughout the country.

Painful Accident To Logger At Boom Camp

Mr. Joe Cliffe met with a very unfortunate accident on Friday when the hammer of the pile-driver at the booming grounds of the Comox Logging Co., fell on his foot. Mr. Cliffe was on a platform below the pile driver and the pile had been driven to the level of the platform on which he was standing. His foot slipped off the edge of the platform on to the top of the pile and when the hammer came down it came down on the toes of his right foot. The toe of his shoe was cut off and three toes were amputated. After first aid had been rendered he was taken with all speed to St. Joseph's hospital where he is now making good progress.

A Credit to His Sex

The bird first perched on the window frame,, she said, then flew to the bed and, after laying the egg, winged his way out of the room. (Philadelphia Evening Bulletin).

C.N.R. TO BROADCAST SERIES OF DRAMAS

Toronto, Ontario, October 9.—A characteristic Canadian series of broadcasts for the winter season has been arranged by the Canadian National Railways, Radio Department. The all Canadian Symphony Series from Toronto which have proved so popular on Sundays will be continued with a series of dramas portraying incidents in early Canadian history, which will be presented in the form of playlets in which the various incidents in early Canadian history will be reproduced by actors. Commencing on October 12th the first of 26 Symphony hours will begin, and as further symbol of the National character of these productions they will open at 5:00 p.m. E.S.T., with the striking of the clock *in the Peace* Tower at Ottawa.

Personal Mention

Mr. and Mrs. T. E. Banks and daughter Lillian, returned to Cumberland on Sunday last after spending the past week in Vancouver where they attended the Gillespie-Patrick wedding.

* * *

The Sunnyside orchestra journeyed to Campbellton on Saturday last to play for a big special dance at the big logging centre. A large number of the young folk of Cumberland went with the orchestra. This week the Sunnysides play for a big dance at Bloedel's when another large party of Cumberland intend accompanying the orchestra.

* * *

The Altar Society of the Catholic Church will hold a sale of home cooking on Saturday, October the 25th in the store formerly occupied by Mrs. Francescini, commencing at 11 a.m.

* * *

Miss Annie Haywood was hostess at her home on Wednesday evening at cards and a social in aid of the Pythian Sisters. Ten tables were in play at whist when Mrs. Slaughter was successful in winning first prize and Mrs. R. T. Brown the second. In a drawing for lucky prize, Mrs. J. Derbyshire was winner. Delicious and abundant refreshments were served by the hostess with the assistance of several members of the Order.

* * *

Mr. and Mrs. W. Marshall and children of Nanaimo, were visitors to Cumberland last week end.

* * *

HAYSEED BALL—FUN FOR ALL —CUMBERLAND HALL OCTOBER 31ST.

* * *

The Cumberland branch of the Canadian Legion held another interesting whist drive at Memorial hall on Saturday evening last with fifteen tables in progress of play. Mrs. J. Westfield carried off the ladies' first prize with Mesdames E. Brown, H. Gibson and W. Hutchinson having equal scores for second place. Cards were cut, with Mrs. Brown winning out. For the men Sid Hunt and W. Younger secured first and second prizes. Ladies of the Auxiliary served delicious refreshments. The Merrymakers' orchestra supplied latest snappy dance numbers for the well attended dance which followed and broke up at midnight.

* * *

Mr. and Mrs. G. Henderson and Miss E. Henderson motored on Monday to Victoria to spend a few days with relatives.

* * *

Wants Friends To Know about Sargon

"My whole system was poisoned from a disordered stomach and my digestion was just about 'shot to

T. H. STIPE

pieces'. I was subject to a catarrhal condition in the head, bilious spells and a generally rundown system. I want all my friends in the West to know that I'm alright now, full of my old time pep and strength, and *that Sargon is responsible* for it.

"Sargon Pills toned up my liver; I've quit having dizzy spells, and they are the finest laxative I ever used." —T. H. Stipe, 7243 Culloden St., Vancouver.

Sargon may be obtained in Cumberland from Lang's Drug & Book Store.

The Cumberland Men's bridge club met at the home of Mr. J. Conway on Wednesday night when three tables of bridge were in play.

* * *
