FORTY-EIGHTH YEAR—No. 27 | CUMBERLAND, BRITISH COLUMBIA | FRIDAY, JULY 5, 1929. | SUBSCRIPTION PRICE: TWO DOLLARS PER ANNUM

Dr. Gordon Has Narrow Escape

Dr. and Mrs. W. Bruce Gordon met with an unfortunate car acident on Monday when they were motoring to the Courtenay golf course. While making the uphill turn at the Sandwick Church they were hit by a car coming down the hill at a fast pace. Dr. Gordon's car was knocked across the road and the other vehicle, unable to stop crashed into the fence near the memoria cairn and, ran a good distance into the field before it could be brought to a stop. Luckily, no one was injured in the crash although both cars were badly damaged.

$100 Donated By Council To Delegation

Tars to be Entertained

Large Amount of Correspondence Before City Fathers

At the regular meeting of the City Council held on Tuesday night, with the Mayor Alex. Maxwell presiding and Aldermen Parnham, Williams, Mumford and Bannerman present, a large amount of correspondence was brought before the city fathers by the clerk, W. H. Cope.

After the minutes of the previous meeting had been adopted as read, the correspondence was laid before the meeting. The first communication was from B. V. Wycherley, re the Wycherley property in the soldier settlement. Mrs. Wycherley was present at the meeting and stated that she had a prospective buyer for the property. The mayor notified Mrs. Wycherley that all arrears on the proprety must be paid and if a buyer could be found by her it would simplify matters. In her letter Mrs. Wycherley said that a sum of $1,228 had been paid on the property by her husband, the registered owner and he had instructed her to deal with the local council in the matter or to find a buyer for the house and lot. After receiving from the mayor, the views of the council in the matter Mrs. Wycherley withdrew.

Before proceeding further with the correspondence, the council received a deputation from the Water Sports committee, consisting of Messrs. J. L. Brown, J. Dallos and J. Cameron. Mr. Brown acted as spokesman and asked the council for a donation of $100.00 towards entertaining the sailors from H.M.C. Colombo on the occasion of the water sports, when it was fully expected that a number of the tars would be present on that occasion. Mr. Brown stated that it was the intention of the committee to earmark any donation the city might make to them, for the entertainment of the sailors only and stated that it was the sole desire of his committee to give the sailors a real good time whilst in Cumberland on the day of the sports. He assured the council the money would be spent in a judicious manner and without waste. The council gave favorable consideration to the delegation, granting the sum of $100.00 for the purpose stated.

Correspondence was then proceeded with, the first being one from the British Columbia Electric Railway, office of the vice-president at Victoria.

To the Mayor and Council of the
City of Cumberland.

Dear Mr. Mayor and Council:

I have much pleasure in notifying you that our company has taken over the recently formed National Utilities Corporation Limited, which, as you know, now owns the majority of the issued shares in the capital stock of the Cumberland and Union Waterworks Company, Limited Liability.

At a very early date our representatives will make a thorough investigation into all matters pertaining to the distribution of water in Cumberland and surrounding districts.

I shall hope very much to have the pleasure of meeting you and the members of your council, when any matter of mutual interest, can, no doubt, be discussed.

I have the honour to be Gentlemen,
Yours very truly,
A. T. GOWARD, Vice-president.

This communication was ordered received and filed and the city clerk instructed to notify Mr. Goward that the Mayor and council would be pleased to meet him at his convenience.

A letter from Mr. H. J. Davis, director of the Cumberland and Union Waterworks Company, Limited Liability notifying the council that the offer of the company re the sale of the Company holdings was withdrawn. This communication was ordered to be filed.

A letter from Mr. V. W. Stewart, vice-president for B.C. of the Pacific Coast Fire Chiefs' Convention was also received. Mr. Stewart explained that the annual convention of the Pacific Coast Fire Chiefs would be held in the city of Vancouver from the 23 to the 26th of July and cordially invited the council to send depresentatives, with a special request that at least, one be the chief of the fire department. Alderman C .J. Parnham as chief of the fire department was instructed to attend the convention.

A statement was also received from the Assistant District Engineer of the Department of Public Works giving an outline of the suggested expenditure on secondary highways in the city of Cumberland, which it was considered would suffice for the maintenance of the asphaltic surfaces and any old repairs until the end of the Department's fiscal year, March 31st, 1930.

The items on the statement did not include any expenditure on Third St., the work to be done on this street being decided upon some time ago.

It is expected that the contractor for the surfacing work will commence work in this district very shortly.

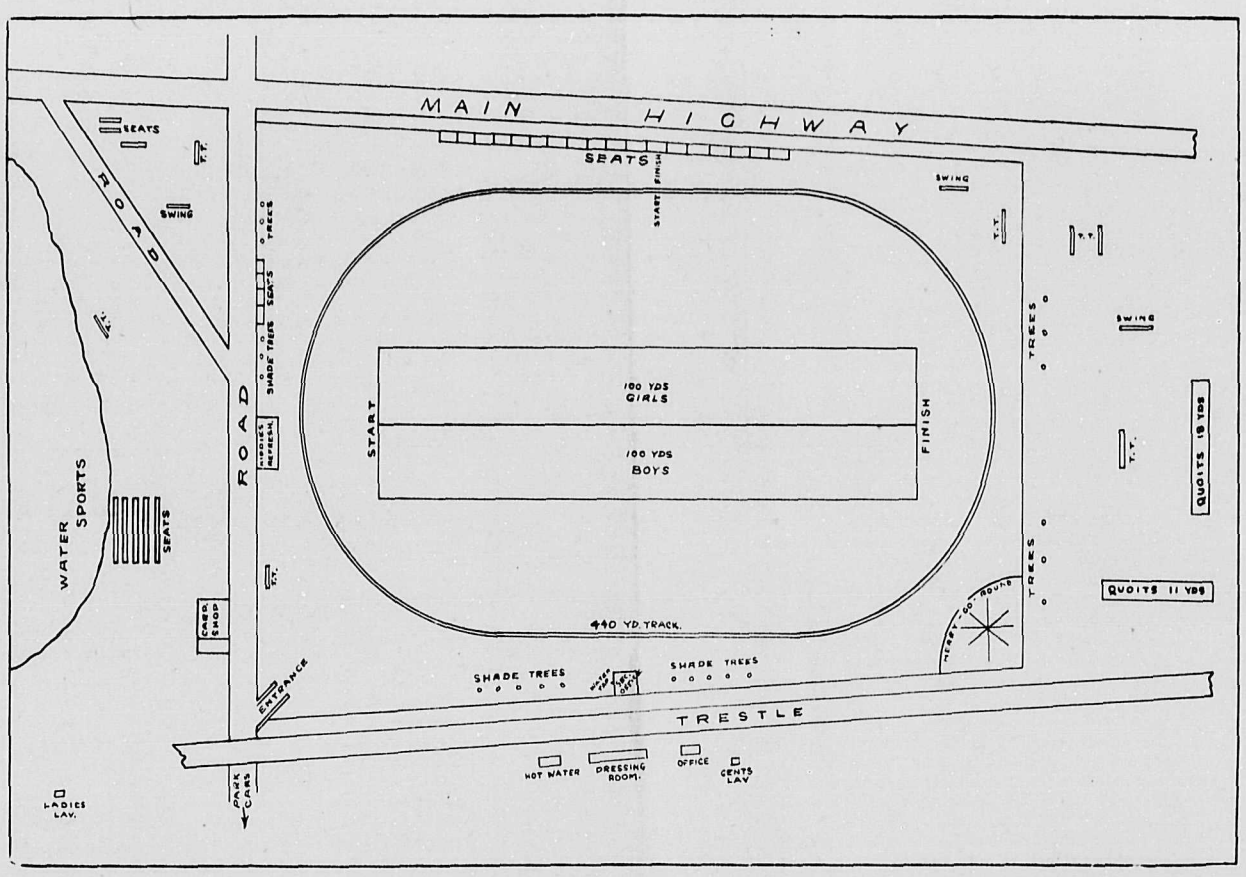
The council went on record as being perfectly satisfied with the suggested expenditure ,approximately $270.00 and confirmed the proposal of the engineer.

Bills and accounts amounting to $501.93 were referred to the finance committee and if found correct ordered to be paid.

The chairman of the Board of Works reported that ditching on 5th street had been completed and work in other parts of the city progressing very satisfactory. The chairman of the Health committee reported five new cases of mumps since the last meeting and reports of the finance water and light committees noted progress.

In the matter of unfinished business the Cumberland Electric Lighting Company Limited purchase bylaw received its final reading.

PLAN OF SPORTS FIELD AT UNION BAY, WHERE COLLIERY EMPLOYEES' PICNIC WILL BE HELD



We have been favored with the above cut of the sports field at Union Bay where this years Colliery employees' picnic will be held. The Union Bay delegation tried very hard last year to have the sports held at the shipping point, but did not meet with much success. The same delegation was present at this year's meeting and put forth their claims in favor of Union Bay once more, with the result that it was decided that the shipping place would get the picnic this year. A lot of Cumberland people have been carried away with the idea that there is no shade at the field at Union Bay, but a perusal of the above plan will readily show that quite a lot of shade is available right at the field. As will be noticed, trees are on three sides of the field with seats on two sides and the usual kiddies' novelties will also be erected, swings, merry-go-round ,etc. The quoiting pitch is just outside the sports field, but within easy reach and the usual dressing rooms, will also be easy of access. A special parking space for cars has also been provided, as parking on the field will be absolutely prohibited.

In view of the fact that in previous years certain persons secured benefits from the annual picnic in the form of refreshments for kiddies when they most certainly were not entitled to them, the committee has decided to issue kidies refreshments tickets at the various departments where pay statements are issued.

This issue will be made on Wednesday, July 17th, and married men are requested to make application for tickets for their wives and children on that date.

For the purpose of this notice, single men who are supporting their widowed mothers will be considered as married men and the issue of tickets will be made accordingly.

Your whole-hearted assistance in this matter is earnestly solicited, as we are desirous of giving you a full 100 per cent satisfaction.

Absolutely no kiddies refreshments tickets will be issued on the picnic grounds, and no person or persons will be served with any refreshments unless the said refreshment tickets are presented at the refrshments stands.

When applying or tickets at the above named points please be prepared to answer the following questions:

(1) How many children have you attending school?

(2) ow many children have you who are not yet of school age?

More Trophies For Rod And Gun Club

The secretary of the Cumberland Rod and Gun Club reports that a very handsome set of engraved spoons have been donated to the club by the Dominion Cartridge Company Limited for competition amongst the members. The suggestion is also advanced by Mr. Snel a representative of the Company that one spoon be put up for each practice for high score on twenty-five targets and that when a member wins a spoon he be handicapped two or three birds on the next shoot, thus giving the poorer shooters a chance to win one of the spoons. The suggestion will undoubtedly receive the support of the executive committee and a shoot held in the very near future. The club is deeply grateful to the Dominion Cartridge Company for their generosity.

William Graham, 38, was killed Wednesday near Cobble Hill by a falling tree He was employed in fighting a forest fire at the time ofthe accident. Heis survived bya brother living in Ladysmith.

Golden Wedding

Honor Paid Pioneer Parson and and Wife

A most delightful afternoon was spent at the Vicarage grounds at Sandwick yesterday afternoon by the large crowd of friends who attended the garden party commemorating the golden wedding anniversary of the Rev. J. X. and Mrs. Willemar who were married fifty years ago on July 1st. Mr. and Mrs. Willemar were seated on a dais beneath an arch decorated with orange blossoms and canterbury bells and graciously received the guests as they arrived. With them was Mrs. Guillod, of Victoria, a sister of Mrs. Willemar and who was her bridesmaid at the wedding of fifty years ago. There were also present the three daughters, Mrs. Cooke, of North Vancouver; Mrs. Thwaites, of Parksville and Mrs. Harris, of England and one son, Austin, the other son, Douglas, being unable to be present. Eight of the twelve grand-children were also present.

The affair was quite in the nature of an old-timers' re-union and during the afternoon a photograph was taken of the following group: The Rev. J. X. and Mrs. Willemar, Mrs. Guillod, Mr. and Mrs. A. Urquhart, Mr. and Mrs. J. B. Holmes, Mr. and Mrs. Cecil Smith, Mrs. A. Salmond, Sr., Mrs. R. McQuillan, Mrs. Gage, Mrs. T. Woods, Mrs. E. H. Davis, Mrs. Dingwall, Mrs. Rennison, Sr., Mrs. R. U. Hurford, Mrs. Childs, Mrs. Winger, Mrs. J. Grieve, Mr. Eric Duncan, Mr. W. Duncan, Mr. W. T. Pidcock, Mr. H. Carwithen, Mr. T. Beckensell, Mr. R. M. Halliday,, Mr. Percy Machin, Mr. W. Dingwall and Mr. and Mrs. W. Kirby.

The following clergy were also noticed: The Ven. Archdeacon Laycock, Rev. G. L. Bourdillon, Rev. A. W. Corker of Comox, Rev. E. O. Robathan of Cumberland, Rev. A. Bischlager of Duncan, Rev. C. H. Popham of Parksville; Rev. Bagshaw, of Parksville and Rev. Bolton, of Metchosin.

After the company got settled down,

Local Ball Tossers Win Snappy Game

Shipping Point Nine Loses on Errors; Graham Pitched Good Ball

In a snappy exhibition baseball game at Union Bay on Wednesday evening, "Tucker" James' cubs defeated the Bay boys by a 5-0 score. L. Doi, pitching for the Cubs struck out 15 of the oppostion and allowed but two hits. "Chick" Graham pitched a good game for the Bay allowing only three hits, but five errors by his team mates and timely hitting by the Cubs, put the game on ice in the first four innings.

Short score:		R	H	E.
Cumberland	01310000	5	3	1
Union Bay	00000000	0	2	5

H. Bates, of Cumberland, umpired in a very efficient manner giving satisfaction to both players and spectators.

CAR THAT KILLED MINER LOWERED ON MISTAKEN SIGNAL, JURY DECLARES

Nanaimo, July 3.—At the inquest on Felix Dumont, who died of injuries sustained while working in the Lantzville Mines the jury brought in a verdict that Dumont was struck by a running car lowered on a mistaken signal.

A recommendation was made to the effect that engineers apply their brakes before leaving an engine and that the bell system of signalling be used when cars are being lowered into the mine.

Holy Trinity Notes

Various committees are now at work to make the Garden Party to be held in the Beaufort House grounds on Wednesday afternoon, July 17th an unqualified success. The only doubtful element is the weather, but it is hoped that on this occasion it will prove kind and suitable . Amongst the many attractions which will be found to amuse all are Quoits, Archery ,Aunt Sally, Cocoanut shy, Bowls, Clock Golf . There will also be a fish pond with a wonderful collection of articles in it. A fortune telling booth will be in close proximity to the lawn, so that the "tea drinkers" may have an opportunity to see what lies ahead of them. The afternoon tea will be run under the direction of the Women's Auxiliary whilst the Men's committee will be in charge of the amusements. The Men's committee consists of Messrs. Banks, Eadie, Elliott, Finch, Lewis, Mumford, McLellan, Nunns, Symons, Taylor, Partridge, Stevens, Coates, Rev. E. O. Robathan.

Scout meetings have been discontinued during the month of July and August, but will start again about mid-September. In the meanwhile preparations are being made to go to Cortes Island for the summer camp. It is expected that about ten bo s will proceed with the Scoutmaster on August 6th. They will be met at Campbell River by Rev. Alan Greene who will transport them in his launch "The Rendezvous' to the camping site. Scouts who have not yet given in their names for the camp are asked to do so by July 15th.

Scouts will be interested to know that "The Rendezvous" with Rev. Alan Greene and his family on board visited Comox Harbor during the week. The launch is a speedy boat, and the boys are assured of a fine trip from Campbell River to Cortes Island in early August. Mr. Greene will act as Camp cook during the ten days camp, which will be under the supervision of the Scoutmaster.

The congregational picnic which was to be held at Millard's Beach on June 26th had to be postponed until Wednesday, July 31st. Transportation will be available for those who have not got cars. Mothers, dads and families are asked to met at the Parish hall on that date at 1.30 p.m.

The following story will appeal to all readers—

A Change Desired

An ex-Australian parson tells the followng story:-The following event took place in one of the Diocese in South Australia. The vicar, who was assisted in his parish by a curate was in the habit of taking services and preaching every Sunday at a local institution. After one service one of the inmates came up to him and said in a sepulchral voice, "Do you like beef?" "Yes" replied the astonished vicar, "I do—very much." "Would you like it for dinner today?" went on the man. "Yes", said the vicar, "I'd like it for dinner." " Would you like it for tea tonight?" "Yes", answered the vicar still more puzzled, "I'd like it for tea . I love beef." "Would you like it for breakfast tomorrow?" went on the persistent enquirer. "Yes, I could even do with it for breakfast to-morrow," said the vicar. "Would you like it for dinner tomorrow?" "Hang it all," replied the vicar, "I'd like a change sometime!" "So would we," came the reply, "Send us along the curate!"

Local Athletes Do Well At Dominion Day Celebration

George Brown and Norman Hill Win 100 and 220 Yards Races

The big celebration held at Courtenay on Dominion Day attracted a large number of people from all over the district. The weather man was in a good mood, an ideal day resulting. Many new and novel features were introduced into the sport programme this year. The all day cricket game between Courtenay and Nanaimo drew a large number of spectators. The horse-shoe pitching contest came in for a great deal of attention, many entries being received Oscar Johnston, of Deep Bay was returned the winner after a strenuous time. In the track events Cumberland athletes were most successful.

George Brown captured first place in the sprint but had to be content with second place in the 220, a race which Norman captured. The latter ran in second place in the sprint. The drawing for the tombola prizes interested the spectators very much, the result being as follows:

G. H. Ellis, of Comox, 1st; J. R. Johnson of Campbell River, second and John Sutton of Courtenay, 3rd.

A novel event at the dance was the barefoot tug-of-war which was handily won in two pulls by a team composed of Andy Radford, Bill McKenzie, Mack Grant, W. A. Urquhart, Wilbut Watson and A. Carlson. The opposing team was the Courtenay Fire Brigade team composed of Walter Cliffe, Roy Cliffe, Wm. Ardley, Bill McKee, Bob McKee and Catterall.

The following is a list of the winners of the various events:

Boys' Race, six years and under—1st, K. Fairbairn; 2nd, R. Wood.

Girls' race, six and under—1st, M. Kerton; 2nd, J. Tribe.

Boys' race eight and under—1st, Tommy Osler, 2nd, Robbie Stevenson.

Girls' race, eight and under—1st, Peggy Fairbairn; 2nd Patricia Gow.

Boys' race, ten and under—1st, Rex Booth; 2nd Harry Nordin.

Girls' race, ten and under—1st, Betty Smart; 2nd, Irene Slessor.

Boys' race, twelve and under—1st, Pipp Osler; 2nd, Alex. Stewart.

Girls' race, twelve and under—1st, Katherine Wood; 2nd, Kathleen Fairbairn.

Boys' race, fourteen and under—1st, George McKee; 2nd, Bob Harding.

Girls' race, fourteen and under—1st, Barbara Martin; 2nd Gladys Kerton.

Boys' race, sixteen and under—1st, George Brown; 2nd John Tribe.

(Continued on page three)

Nanaimo Team Defeats Local Cricketers

Only Seventeen Runs Difference On Two Innings

The Cumberland cricketers after being idle for thre weeks entertained the strong Nanaimo eleven on the "Y" ground on Sunday last when a most interesting game resulted in a win for Nanaimo, by the narrow margin of seventeen runs on the two innings played. Nanaimo fielded one of the strongest teams of the season whlist the locals team underwent one or two changes. Vernon-Jones was out of town, Goodall is still on the sick list and C. Vernon Dando, Jr., was unable to play owing to work. The substitutes brought in however did exceptionally well. Harry Taylor, playing his first game for Cumberland took 5 wickets for 32 runs, a really good performance considering the opposition. Nanaimo's bowlers also did well, Eccles had 4 wickets for 18 runs whilst Heaton took 6 wickets for 8 runs.

The visitors were entertained to dinner at the Union Hotel, where they stayed overnight journeying to Courtenay on Monday where they played the Courtenay eleven in a game that was totally different to the Cumberland game, as a glance at the scores will show. Burns the former Cumberland player did well with the bat in this game carrying hig bat for 58 runs.

Following are the scores of both Cumberland and Courtenay games:

Cumberland 1st Innings

Idiens, b. Heaton	7
Hall, lbw, b. Heaton	3

Scurr not out	4
Heaton, c. Inglis, b. McLoughlin	4
Extras	9
For 6 wickets	142

Mr .and Mrs. Nat Bevis and daughter, Elsie, were visitors to Cumberland during the week, renewing acquaintances. The party is on a motor tour o fthe Island and camping in the vicinity of Campbell River.

The Cumberland Islander

PUBLISHED EVERY FRIDAY AT CUMBERLAND, B.C.

EDWARD W. BICKLE

CANADIAN BUSINESS CONDITIONS

FROM all parts of Canada there are satisfactory reports concerning the high level of business activity, although there are a few lines, such as automobiles, where the mid-summer recession is beginning to be felt. Building contracts for the first five months of the year exceeded the hight records made in 1928; iron and steel production is at a maximum, and flour mills are turning out a larger volume than in recent years. The mining statistics for the first quarter of the year show a substantial gain over the record attained in 1928, and forecasts for total production for the year are optimistic. Although the recent fall in the price of wheat has made dealers in semi-luxury products somewhat cautious, the actual volume of distribution in the early part of the year has been exceptionally satisfactory.

As yet it is to early to forecast agricultural prospects for the end of the year. The return of the farmer depends upon quantity and grade as well as the price.. The outcome of crops in other parts of the world, a contributing factor of major importance, is too much a matter of circumstance to warranet undue pessimism concerning Canada's prospects for next year. In case the West should have an unprofitable year for wheat, there are circumstances which will tend to mitigate the effect of sucha misfortune upon the value of trade. In the first place, the past four years have placed the farmer in a relatively more satisfacments throughout the world may be brought about.

Although the Government is not in a position to command a majority over all, there appears to be no disposition on the part of either opposition party to score unless some very vital matter be involved. It is recognized tory position to stand the strain of a period of adversity; in the second place, farming is of less relative importance in Canadian economy as a whole than before the war. With the growth in importance of mining, and the extension of the pulp and paper industry which is now in a much more satisfactory position than last year, together with diversification in general manufacturing Canadian industry is much more stable than in the past. Early crop reports indicate that Canadian crops are making good progress and crop conditions may be considered normal for this time of year.

LABOR AND NATIONALIZATION

NOTHING particularly surprising is contained in the Speech from the Throne which Great Britain's Lord Chancellor read to Parliament yesterday. As was to be expected, there is a reference to the coal mining industry, but it does not go beyond saying that the Government has under consideration the question of reorganization, including hours and the ownership of minerals. There also is to be an investigation into legislation relating to the sale and supply of intoxicating liquor.

It may be assumed that the Government will go slowly with its nationalization policy. Although Mr. Baldwin has promised that his party will not obstruct the Administration by indulging in factious criticism, it is known that the Conservatives and a number of Liberals in the House would oppose any scheme to displace private ownership by state control in any form. Until he sees some prospect of securing the requisite amount of voting support, therefore, it is probable that Mr. MacDonald more or less will mark time.

It is apparent that the country's foreign policy and peace will engage the greatest amount of the Government's attention in the early days of its career. The Speech from the Throne mentions the conversations which the Prime Minister already has had wtih United States Ambassadors, and the hope is expressed that, in co-operation with the Governments of the Dominions and India and the Governments of foreign powers, a nearly reduction in arma- that the electorate had made up its mind that it had had enought of the late Administration, and that to defeat its successors on any save an issue of first-class importance would be merely to insure its return after another contest, with sufficient representation to enable it to do as it might please.

—Daily Times.

Golden Wedding

(Continued from Page One)

the Rev. G. L. Bourdillon called the gathering to order and conveyed congratulatory messages from the Victoria Deanery and from the Bishop of Columbia who regretted his inability to attend the function owing to being in hospital undergoing an operation. Mr. Willemar said he had also received a congratulatory message from the Lieutenant-Governor.

Mr. Bourdillon then called upon Mayor Pearse, of Courtenay, who said it was not often a mayor had the opportunity of taking part in a golden wedding celebration during his year of office. He said it was a very great pleasure to be there on behalf of the city of Courtenay and district to convey congratulations and good wishes to Mr. and Mrs. Willemar and thanks for the part they had taken in developing and bringing the district to what it was to-day. They all appreciated, said Mr. Pearse, what they owed to the old pioneers of the district and they recognized the fact that the present state they had reached was due to the early settlers the majority of whom came to take up land and earn their living as farmers. There was great credit and honor due them but there was greater honor due to one who came as a pioneer parson, who had not come to carve a farm out of the bush but came to help others.

They knew by repute, said the Mayor, that Mr. and Mrs. Willemar were always doing what they could for their neighbors and the district ever since they came here. They rejoiced with them that they were in such good health and spirits and he hoped that for many years they would continue the same good health.

Archdeacon Laycock was then called upon and said that when he was asked by the committee to come up and speak at the celebration he felt he had been given a great honor. It had been his privilege to follow Mr. Willemar in the parish. Mr. Willemar had been in charge for forty-one years while he had been sent to another charge after only three and one half years and he thought it was harder to stay a long time in one parish than a short time. Mr. Willemar, said the Archdeacon, could be called a builder of churches. He had first built the "little white church on the hill" at Sandwick, then the church at Comox and the one at Cumberland.. He reminded those present that at the close of Mr. Willemar's long ministry it had been felt that some memorial of his incumbency should be made so they had put a carved oaken chair in the church and he asked that whenever they looked upon this chair they should remember in whose honor it was there.

In his interesting way, the Archdeacon then told of the good work of Mr. Willemar in the district and the energy with which he undertook the work, one of his experiences being a trip through to Alberni to spread the gospel at a time there was neither trail nor road. On behalf of the committee he then presented Mr. and Mrs. Willemar with a purse of gold and he also presented a token of appreciation from the clergy of the diocese.

Mr. T. Beckensell was then called upon to present the address. Mr. Beckensell said it was a great privilege to him to have that honor. He had known Mr. Willemar for the past fifty-seven years, in fact he was one of the six men now living who had come to the district prior to his own arrival in 1872. These six men were Beach, who came in 1866; Mr. A. Urquhart and Mr. Willemar, who came in 1871 and Mr. Jos. McPhee, who came a little later. Mrs. Dingwall had arrived in 1870 and Mrs. Beach in 1872.

Mr. Beckensell then went on to tell of what they had to contend with in those early days, particularly in the matter of road building and how difficult it was, as compared to the present time, to get about the parish. But Mr. Willemar was not only a faithful minister but he was a hard worker. Besides his parish work he kept his cows and chickens and always had a good garden. Mr. Beckensell, on behalf of the committee, then presented the following address, beautifully illuminated:

"The Rev. Jules Xavier Willemar and Mrs. Willemar
July 1st 1879 - July 1st 1929

"On the occasion of the fiftieth anniversary of your wedding we wish to express our esteem and affection for you and extend congratulations.

"During your long ministry in the Comox District from 1871 to 1913, you were always ready with a kind word and helping hand to all pioneers from the day you designed and built St. Andrew's church until you retired to take your well-earned rest.

"It is the sincere hope of all of us that you will long remain in our midst."

Mr. Bourdillon paid tribute to the kindly sympathy extended to him by Mr. Willemar in the two years he had been in the parish. There was never any criticism and he considered it a high honor to carry on the work so well and truly laid.

A beautiful wedding bouquet was presented to Mrs. Willemar by little Miss Cooke.

Mr. Willemar was visibly affected when he rose to respond. He said they were all there because they were his friends. He had always tried to make friends and keep them and the day was one of the happiest days of his life seeing so many friends around him. A golden wedding, he said, was a great thing in a man's life. They had all come of their own free will and were doing everything to make the day a successful and happy event because they were his friends. He thanked the mayor and the archdeacon for what they had said about him but he didn't know he had done all the things they said he had done. In all his life he had never seen a crowd of people looking so happy and so bright to his eyes. It was the best sight he had ever seen and this was because they felt they were doing a good work in making an old couple happy but they had done nothing to deserve it; they had always lived a simple life amongst them trying to put more enjoyment into the lives of the people amongst whom they lived. His hobby had been to meet the people as friends, not as parishioners, sharing their joys and sorrows. There was a saying, "Cast thy bread upon the waters and it will return to you after many days,' 'and that bread was now returning in kind words and kind deeds.

He accepted the presents as tokens of their friendship. He humorously related that when he said he had been married for fifty years he had been told he deserved a medal, but if he Mr. Joe Fitzgerald and Mr. Charles Hooper, who came in 1864; Mr. Wm. deserved a gold medal his wife deserved a golden crown of glory.

Besides the purses, cheques were received from Mr. and Mrs. Walter Powell, of California; Mrs. McB. Smith, of Vancouver, Mrs. Edwin Johnson, of Victoria; Mrs. Guillod and family. Personal gifts were received from Miss Milly Carr, of Victoria; Miss Harvey, of Victoria; Mr., Mrs. and Miss McLeod, of New Westminster; Mrs. Beard, Mrs. and Miss Hardy, Mrs. Ringrose, Mrs. B. Harvey, Mr. and Mrs. Hugh Stewart and Miss Kitty Harris, of Victoria. Bouquets were presented to Mrs. Willemar by Mrs. Gage, Mrs. R. McQuillan, Mrs. W. Pidcock and Mrs. Cecil Smith.

A delightful afternoon tea was served on the lawn.

Willow Grouse Are Declining

Drastic Restrictions on Shooting of Species Said to Be Needed for Rehabilitation

Game regulations for 1929, now under preparation by Game Commissioner Bryan Williams, for submission to the government, will contain drastic restrictions on shooting grouse it is understood at the Parliament Buildings. Observations during the last year have convinced game authorities that only such measures can save grouse from depletion in some districts, it is said.

For years grouse particularly the species known variously as willow grouse, red grouse or ruffled grouse, have been declining in numbers at an alarming rate, which is said to be due to disease as well as to shooting. By giving the birds a chance to multiply, the game authorities hope to rehabilitate them. It is believed that sportsmen will welcome this plan if it interferes to some extent for the present with their customary Autumn sport.

Final decision on the new regulations will be made when Mr. Williams and his staff have completed their observations in all districts on the num- of young birds raised this season. Meanwhile the game administration is conducting a vigorous campaign against cats which roam the woods in large numbers in some districts.

Nanaimo Expects Big Crowd On 12th

Nanaimo, July 3.—Two thousand Orangemen and women members of the order are expected to arrive here July 12, to celebrate the anniversary of the Battle of the Boyne. A gigantic parade will be staged and permission has been granted to hold a tag day for the New Westminster Orphanage. Mayor Busby will preside. A programme of sports is part of the entertainment.

Mr. Tom Horne, a native of the Comox District born at the old Hudson's Bay post and baptised 54 years ago by the Rev. J. X. Willemar, whose golden wedidng was celebrated yesterday, is working in the district with the B. C. Telephone construction gang.

Dinah Shurey's story deals with the lives of two boys born in vastly different stations of life. One is the son of an admiral, the other the son of a fisherman. A friendship grows up between them and they become inseparable. It is the story of good clean, wholesome youths welding together that inseparable friendship. There are no hectic love scenes, no bitter quarrels. The bo yslove and marry, each in their own sphere. They go their various ways, one to his fishing, the other to the senior service as an officer.

Then war clouds gather and both rejoice that they may serve their country, together perhaps in the same ship. Bu something happens. The fisherman, to save the honour of his friend, sacrifices his own good name, the esteem of his friends, and then life itself. This he does just as many Britishers have.

PUBLIC OPINION

Nowadays is bitterly hostile to any form of foolishness which endangers life and property. The Reckless Driver, the Man Who Rocks the Boat, the Man Who Didn't Know it was Loaded are gradually disappearing under pressure of public opinion. The Man Who is Careless with Fire is the greatest menace of them all. Let public opinion focus upon him.

Heavy rainfall put 200 telephones out of order

Heavy rainfall of Saturday night, June 15, put 200 telephones in Greater Vancouver out of order. The Seymour out of commission was the area, with close to 100 telephones out of commission was the hardest hit. Service on all Monday

The cause of the trouble in each case was the same water had penetrated the cable sheath and soaked the insulation around the wires. Moisture is one of the worst enemies of telephone circuits, and it pentrated 11 different cables during the storm.

TENDERS FOR DREDGING

SEALED tenders, addressed to the undersigned and endorsed "Tender for dredging, Courtenay River, B.C.", will be received until 12 o'clock noon (daylight saving), Tuesday, July 23, 1929.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Combined specifications and form of tender can be obtained on application to the undersigned, also at the office of the District Engineer, Post Office Building, Victoria, B.C.

Tenders must include the towing of the plant to and from the work.

The dredges and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, for 5 per cent of the contract price, but no cheque to be for less than $500.00. Bonds of the Dominion of Canada or bonds of the Canadian National Railway Company will be accepted as security, or bonds and a cheque if required to make up an odd amount.

YOUNG GIRL SUFFOCATED

Loses Life When Sand Bank Caves In

A most distressing accident occurred on Monday morning at Kye Bay when little Betty, eight-year-old daughter of Mr. and Mrs. Leroy S. Cokely, lost her life while playing in the sand by the side of the road down the hill.

The sand in this particular hill is particularly fine for plastering purposes and along the road there are two or three small excavations from which sand had been taken. It would appear that little Betty, in company with her playmate, Bunny Ceceri, while playing around wandered up the road and finding one of these excavations thought it would be a nice place to dig in the sand. Apparently the little girl went in and was digging when sand above her gave way, completely burying her. The other little girl ran down the hill crying to her father, who with his family, is camping at Kye Bay with the Cokely family that Betty had "gone." Mr. Ceceri and Mrs. Cokely went back up the road with Bunny to where the little girls had been playing and after digging around in various spots discovered the lifeless body of the unfortunate child. Dr. Briggs was sent for and went out immediately but all efforts to bring back the spark of life failed.

Mrs. Cokely and her family just arrived at Kye Bay of Saturday from Vancouver to spend a few weeks' vacation. Mr. Cokely is engaged in survey work in the Peace River Block and all efforts are being made to get in touch with him.

After making all necessary inquiries, the coroner, Dr. J. McKee, deemed an inquest unnecessary.

The body is being taken to Vancouver today for interment.

HEALTH SERVICE of the Canadian Medical Association

Questions concerning Health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by correspondence.

Baby's Food

Every baby should be breast-fed. There are few mothers who can not nurse their babies if they try to do so ,and there are few mothers who would not make the effort if they understood how important it is that the baby should have his natural food. There is no other milk, or no preparation which is just as good as breast milk. Breast milk is pure, cleaner and more easily digested than any other food, and it requires no preparation.

Mothers sometimes wean their babies because they think they have not enough milk, or that the quality of their milk is not good. This is a serious mistake. Every effort should be made to keep up the quantity available, and it is much better for the baby that he receive some breast milk than none at all. If there is not sufficient breast milk, the necessary supplementary amount of nourishment is given after the nursing according to the feeding formula given by the physician.

The baby should be fed at regular from the standpoint of his digestion, but it is important as the start of intervals. not only is this desirable proper habits in the child. If he is asleep at nursing time, he should be awakened, and he should be allowed to fall asleep at the breast. The feeding takes from ten to fifteen minutes. After feeding, the baby should be held over the shoulder in order to allow him to get rid of the air which he has swallowed.

During the hot weather particularly, the fact that babies become thirsty should not be forgotten, and the baby should be offered cooled water, previously boiled if there is any question of purity, between feedings.

Under ordinary conditions ,the baby is nursed for eight or nine months longer periods are not good for the child. The baby should not be weaned excepting upon the advice of the doctor who will advise as to what diet he is to receive. As a rule, babies are not weaned during the hot summer months.

Breast-feeding makes for stronger healthier babies, and it protects them from the dangers of disease. Artificial feeding, even of the highest quality, is, at the best, an attempt to imitate the natural feeding.

Wedding

Wain - Piercy

One of the prettiest weddings ever held in the Valley was celebrated on Saturday evening, 29th of June, when at the home of Mr. and Mrs. Matt. Piercy Agnes Ivy, their youngest daughter was united in holy wedlock to Henry Wain, eldest son of Mr. and Mrs. Aleck Wain.

The affection for the two participants and the respect in which the two families are held was shown by the large turn out on such short notice and the good wishes showered upon the young couple.

Under the wedding bell and amidst a galaxy of roses and carnations the young pair looked well indeed, the bride the picture of youthful beauty and grace, the groom a splendid type of young manhood and the valley people were very proud indeed of the home product.

Rev. Mr. Hewitt of Cumberland performed the marriage ceremony. The bride was dressed in white georgette, veil and orange blossoms, her train bearers being little Gloria Pearse and Margaret Thompson,, and was accompanied to the altar by her sister, Mrs. S. Gough, and given away by her father; the groom being supported by Mr. William Piercy, brother of the bride.

After the ceremony the large party partook of a splendid supper, served in splendid style by Mrs. M. Piercy and Mrs. A. Wain helped out by a bevy of willing hands.

Many useful preesnts were added to those already showered upon them, included in which were cheques from Mr. and Mrs. Matt. Piercy, Mr. and Mrs. Aleck Wain, Mr. William and Johnny Piercy. A chest of silver, blankets, silver caserole and silver butter dish were given by sisters and brothers of the happy pair.

After spending a few days around the haunts of younger days, the newlyweds left on Tuesday afternoon for Tacoma their future home, visiting the sound cities en route.

• • •

Winterburn - Cairness

A quiet house wedding took place at the home of the bride's mother Mrs. E. McKay, Union Bay, last Monday morning when Mrs. Mary Cairness became the bride of Mr. Fred Winterburn. She was becomingly attired in an ensemble of coral pink embroidered in contrasting shades with a hat to match. While Mrs. Al. Stasek attended her as matron of honor, Mr. Al. Stasek supported the groom. The ceremony was performed by Rev. J. H. Hobbins . Only relatives were present. After the wedding breakfast the happy couple left for California. They will return to Union Bay for the summer, eventually making their home in Victoria.

SUTHERLAND'S

CUMBERLAND AND COLOMBO CRICKETERS PLAY GAME SUNDAY

Th secretary of the Cumberland cricket club expects to complete arrangements today or tomorrow morning for the first cricket game against the sailors of H.M.S. *Colombo*. Lt. T. P. Goode, the sports officer of the boat sent word some time ago that Sunday, July the 7th would be a suitable date for the first game and that as soon as the boat arrived, further arrangements could be made for transportation of the team from Royston wharf to the cricket field and the time of starting the game decided upon. It is also expected that arrangements will be made for a game each Sunday during the month of July as the local club have left every week end open for that express purpose. The actual team to do duty for Cumberland has not been chosen, owing to the difficulty in finding out untilthenight before the game whether any of the team is working or off out of town. The team will be picked from the following thirteen players: J. L. Brown (capt.), J. Idiens, F. V. Hall, S. Gough, J. Vernon-Jones C. Vernon Dando Jr., H. Taylor, G. I. Guy, H. Hassell, T. Carney, S. Boothman, W. Whyte, A. J. Taylor.

Mr. and Mrs. Alex Ronald and two daughters, Thelma and Mrs. Byron MacDonald, of San Francisco motored from the southern city and were in town on Thursday. Mr. and Mrs. Ronald and family resided in Cumberland for a number of years before moving to San Francisco and whilst in town are visiting old friends. In company with Mr. and Mrs. Bevis they intend camping for a short time at Campbell River.

On Saturday the Golden Key Girls Club under the direction of Miss Pearl Hunden and the Junior C.G.I.T. held a very jolly picnic at Royston Beach. The children had a great day romping about, playing games and swimming. They returned home in the evening very tired but happy.

The Junior C.G.I.T. girls in were in charge of Mrs. Hewitt.

* * *

On Wednesday afternoon the Ladies' Auxiliary of the Cumberland Hospital helda very charming tea on the grounds of the residence of Mr. and Mrs. Thomas Graham. The day was ideal for a garden party being neither too warm nor too cold. During the afternoon the ladies served afternoon tea, strawberries and cream and ice cream, while Mrs. Newton was busy raffling a very beautiful basket of choice roses for which she raised a goodly sum. Mrs. F. Wilcock was the winner of these lovely flowers. Bouquets of roses and mixed flowers were also for sale. It is estimated that during the afternoon the ladies cleared forty dollars for the hospital .
