OUR CITY DADDIES

WILL DO SOME SPRING HOUSE CLEANING.

Obnoxious Open Drains Must Be Put In a Proper Sanitary Condition — All Objectionale Obstructions to be Removed From Public Squares and Streets—The Question of Celebrating the 24th of May Referred to a Committee to Meet the Citizens' Committee. The Wharf Approach Again Referred to the Street Committee.

The city fathers again came to-gether last night for the transaction of business.

Present Aldermen Nightingale, Wilkes, Churchill, Wilson, Pleace and Dobeson.

The minutes of the previous meeting were read and adopted.

Communications were received from: Geo. Vipond, complaining that the grade given for the Salvation Army barracks was too low, and asking for the city to take action before the sidewalk is built; from Craig Bros., asking permission to run a merry-go-round in the park.

Accounts were received from R. Cusack for $4; Johnston & Co. for $4.97; Enoch Sage, rent of stable, $10; Phillip Ross, $36-50, for teaming. These were referred to the Finance Committee with power to act.

The weekly statement of the street foreman was received and ordered to be filed.

The Approach to the Wharf.

The profile showing the grades of Front street and the approach to Gordon's wharf was laid on the table. It shows the present grade of the approach to be eighteen feet in one hundred and eighty. The total height of the approach is 340 feet. There is a difference of about thirty-seven feet between the level of the wharf and the street grade.

Ald. Pleace moved that the matter be left in the hands of the Street Committee to arrange with the wharf company for a satisfactory grade. He pointed out that before the street grades were established the company had the right to an ancient roadway and that to impose an arbitrary change on them now might involve the city in a law suit.

Ald. Wilson seconded the motion, which was carried.

Ald. Pleace asked why a testimonial had not been granted to ex-Constable Gibbs in accordance with a resolution passed by the Council some time ago.

His Worship said that the matter had been apparently overlooked, but that he would have it attended to at once.

Under the head of new business Mr. Vipond's letter was taken up.

Ald. Nightingale said that he did not think Mr. Vipond had ever asked for the grade.

Ald. Wilks stated that Mr. Vipond claimed to have got the grade about two years ago from Mr. Gough.

His Worship said if wrong grades had been given the matter should be looked into. If these matters were to be dealt with outside of the aldermen the council might as well not hold meetings. Moved by Ald. Dobeson and seconded by Ald. Pleace that the matter be left in the hands of the Street Committee to deal with.

The communication of Messrs. Craig Bros. was next taken up and after some discussion permission was granted, on motion of Ald. Nightingale, seconded by Ald. Dobeson, with the stipulation that a fee of $5 be charged on occasions used. If the permission is asked for on holidays when the grounds may be engaged by private parties the amount to be allowed in reduction of the rent part for the ground.

The 24th of May.

Ald. Nightingale introduced Mr. E. M. Yarwood who appeared as a delegate from the citizens committee to ask the Council to co-operate in celebrating her Majesty's birth day. Mr. Yarwood informed the Council of the resolution of the committee appointed to take charge of the 24th of May celebration and asked the Council to assist the committee.

Ald. Dobeson said a sum was set apart in the estimates for the purpose.

Ald. Wilson moved, seconded by Ald. Pleace, that the matter of fixing up the park and arranging the preliminary work in regard to the celebration be referred to the Street Committee which was authorized to meet the Citizen's Committee and be prepared to report at the next meeting of the Council.

His Worship suggested that the Street Committee should inspect Front street and have the open drains from Mr. R. Hilbert's houses attended to.

Ald. Dobeson also drew the attention of the committee to a similar nuisance on Wallace street near Ald. Craig's residence.

The question of the removal of rubbish from Dalles square and other public places was then discussed. His Worship suggested that all objectionable obstacles on public parks and thoroughfares should be at once removed. Contractor Shaw was said to be the greatest sinner in this regard and on motion of Ald. Pleace, seconded by Ald. Churchill, it was decided that he be ordered to remove unemployed building materials from the street opposite the new church at once.

The Council then adjourned.

"Little Puck" Daniels, Jealous.

DENVER, Col. April 16.—Frank Daniels, the "Little Puck" comedian, found Comedian Clarke, of his company, in a sleeping car berth in Colorado belonging to a female member of the troupe, and discharged both Clark and the woman. Clarke sued Daniels and obtained $100 for breach of contract. The contract contained no stipulation as to sleeping car berths, and it was held that Daniels had no business to look into the berth. It is said Daniels was jealous of Clarke.

DUN'S REVIEW OF TRADE.

Business Signs are Regarded as More Hopeful.

NEW YORK, April 16.—R. G. Dun & Co.'s weekly review of trade says: The business improvement meets many obstacles, and is scarcely as distinct as it has been in recent weeks. Strikes have checked the improvement in building and some other trades, and a scarcity of coke has caused the closing of iron mills, while a strike of all bituminous coal miners is ordered and may prove serious.

More favorable crop reports than were expected, which justify larger hopes for next fall, have arrested the upward tendency in prices of produce. The renewal of gold exports occasions some disquietude, but the gradual exhaustion of gold in the hands of dealers made the consumption of people more distinctly felt and apparently larger, and this demand increased with a gain in the number of hands at work. It cannot be said that the uncertainty as to the future has materially diminished, but there is evidently a growing impression that there will be no important legislation on currency or tariff. This impression, whether erroneous or not, influences the action of many.

On the whole, the progress is still obstructed by uncertainty, and the most cheering sign is the decrease in importance of the commercial failures, for, though one mortgage loan concern has failed with liabilities of $5,500,000, the liabilities in all commercial failures for the first week of April were only $2,190,806, of which $800,000 were of manufacturing and $1,228,240 of trading concerns. The failures this week have been 218 in the United States, against 187 last year, and thirty-four in Canada, against twenty-two last year.

WHO IS R. D. GRAHAM?

He Talks Millions of Money in Seattle.

SEATTLE, April 16.—R. D. Graham, of London, England, who represents a wealthy group of English investors, arrived in this city yesterday and registered at the Arlington. He is accompanied by William S. Walker, of Chicago, who is his partner resident in America. Mr. Graham's business is to seek profitable investment for English capital. He knows as well as any one the feeling of English capitalists toward this country, and speaks in a most encouraging way of financial prospects. When asked about the present attitude of English investors toward this country last evening, Mr. Graham said:

"The feeling in England to-day is that America is the field above all others for British capital. What the English people are most interested in, and I am very deeply interested in, is good bonds, and they will take them to any amount. I would individually be glad to get any first-class bonds. On this country more than any other we look as the natural outlet for English capital.

"With regard to Seattle I had an offer of $900,000 in Seattle bonds last December. The moment I presented the bond proposition it was favorably received and the statement was made by a very prominent London house: 'We hold some of the bonds of this city already and we regard them as first-class in every respect, and would be glad to get these.' I immediately cabled Mr. Walker to offer 96 cents and informed him that I would go as high as 97½. The offer was declined. Ninety-seven cents, New York delivery, is equal to par in London. The city of Seattle is well and favorably known in London financial circles. I have strong grounds for saying that you will within a few weeks have a couple of gentlemen very prominent in financial circles down here—trout fishing. Both are enthusiastic sportsmen, and while they will do a little fishing when they take a run down here. I know they will look into this part of the country.

As an indication of the feeling in London Mr. Graham exhibited a letter just received from a heavy investor, but one who generally looks on the dark side of a project, in which he says: "Leave no stone unturned under which there are good bonds. The market has very much improved and good bonds are rapidy getting scarce."

Mr. Graham is a pleasant Scotchman who served twelve years in the English army, leaving a captaincy after the Zulu war, has traveled a great deal and is a good story teller. He says that while he is not entitled to a military title, which is dropped in England when a man leaves the army, yet he has been breveted "major" by some people in this country. He will remain in the city several days.

Oregon Hop Season Outlook.

PORTLAND, April 16.—The prospect of a large hop crop in Oregon the coming season is good. The plants have wintered well and are now further advanced by probably three weeks than this time last year. There has been a large increase in acreage this season, though this increase will not materially affect the 1894 crop. It is estimated that the increase will amount to 20 per cent., or about 3,000 acres. The growing plants are healthy, and at this time there is no indication of disease. Laat year's crop amounted to 38,000 bales, which was a small yield. It the weather conditions continue favorable to the end of the season the crop should be 50,000 bales, as against 38,000 in 1893 and 27,500 in 1892.

Bearing yards are already being twined and under heavy cultivation. For the most part the new yards are adopting the short pole and twine and wire trellis system. Actual bona fide contracts for the 1894 crop are being made at from 12 to 13 cents. A few contracts for five years have been made at 12½ cents. Growers who last year consigned to London are not pleased at the slow and small returns, about 10 cents being the best returns yet reported. All 1893 hops are out of growers' hands.

Assets Consisting of a Gold Ring.

LONDON, April 16.—The bankruptcy proceedings against Hon. William George Fitzclarence, a son of the Earl of Munster and a natural great grandson of William IV., have been settled. His liabilities were £794 and his assets consisted of a gold ring, but he agreed to pay his creditsrs 3s. 6d. on the pound out of an annual £500 allowed him by his father.

Seattle Don't Like It.

PORT TOWNSEND, April 16.—If the information given to the *Post-Intelligencer* correspondent here from a reliable source is correct the much talked of coal investigation now being conducted in Seattle by the United States gunboat Yorktown is a howling farce, will amount to nothing at all, and Seattle is to be wheedled out of supplying the Behring Sea fleet with coal in any event. Should the Yorktown's engineers' report even be favorable it is not probable that any but two of the revenue steamers will fill their bunkers there. The fact of the matter is, the Dunsmuirs' local agent here has contracts for supplying the fleet with coal, to be taken on at Comox. This fact has been closely guarded heretofore.

Coroner's Inquest.

The inquiry intto the death of the late Hugh Kirk, who was lost one year ago on Texada Island, and whose skeleton remains were lately found, was held yesterday afternoon in the police court, Coroner Walkem presiding.

Messrs. H. Dempsey (foreman), C. Dempsey, D. McLean, J. Balfour, W. Keddy and T. L. Brown were empanelled as a jury.

Messrs. J. Raper and A. Raper were the only two witnesses who were examined. They identified the clothing found on the skeleton as those worn by the deceased. Without retiring the jury found an open verdict that the deceased came by his death through unknown causes.

Hymeneal.

Miss Phœbe Charlton was united with Mr. Joseph Edward Piper in matrimony last night at S. Paul's Church. Canon Good officiated. Mr. J. Hilbert gave the bride away and quite a number of friends of both contracting parties was present, including Mr. and Mrs. Tom O'Connell. The congratulations were many and hearty.

Women the Same as Men.

The London & Lancashire Life Assurance Co., have decided to insure women at the same rate as men. Hitherto an extra of five dollars per thousand was charged and is still charged by other companies. No doubt a large number of our Nanaimo ladies will take advantage of the reduced rates and thus secure a competency in the shape of an endowment policy. They also insure miners on endowments and tontine plans.

The Highest Authority in America.

Printers Ink, the highest newspaper authority in America, speaks thus of THE DAILY TELEGRAM·

"Did you ever hear of a place called Nanaimo? It is on the Island of Vancouver and 75 miles from Victoria. If you live in what you consider an enterprising city and believe that your local daily paper is first-class, write to the publisher of THE DAILY TELEGRAM, Nanaimo, British Columbia, and ask for a sample copy of his paper, and when you obtain it compare it with your home production. Go down and talk with the publisher about it afterwards, and ask him why it is that he can't print as good a paper, or obtain as good a local patronage, or have his paper as free from dead-head or objectionable advertisements? A useful lesson may be learned from Nanaimo."

A corn extractor—The crow.

A baker recently advertised in a city daily: "Wanted, a boy to work on cake."

This was upon a sign in West Broadway some years ago: "Sausage factory, by A. Mouse."

PROVINCIAL POLITICS.

The Association for the support of the present Provincial Government has made arrangements to hold a public meeting in the Opera House on Saturday evening April 28th. The Hon. Theo. Davie has promised to be present. An invitation will be extended to the Opposition members to attend, when they will also have an opportunity to address the meeting. As will be seen in our Wellington column meetings will be held in that place and at Englishman's River school house at an early date.

GREAT STRIKE THREATENED.

It was reported in the despatches last week that the United States Miners' Convention had on Wednesday resolved on a general strike, to commence on the 21st instant. It is claimed that in this strike over 200,000 men will cease work, and that double that number in associated industries will be affected. The association, it is said, controls all the labor engaged in mining bituminous coal in the United States, and covers the States of Pennsylvania, West Virginia, Kentucky, Tennessee, Ohio, Iowa, Missouri, Kansas, and Colorado. There is no doubt that the coal miners in all the states named above have been in a very discontented condition for many months past, on account of the low rate of wages paid by mine owners in the United States at present, but it may well be doubted that the present is a good time to order a strike of the proportions described above, when it is notorious that thousands of men are idle and cannot procure work at any wages. At all events if this strike is carried out it will enhance to an enormous degree the existing misery and destitution of the working classes fn the United States, and since coal is a vital necessity of industry in this age of steam, will indefinitely postpone the return of more prosperous times. The proposed strike resembles the recent great strike of coal miners in England, and if it is not prevented will be sure to be attended with similar distress and loss, and no class will suffer more than the miners themselves and those depending on them, or will lose more. It is also to be feared that such a strike would be attended with much rioting, bloodshed, loss of life, and destruction of property. On every account it is to be earnestly hoped that it will not take place.

THE PACIFIC CABLE.

Recent news from Australia contains some interesting information on the subject of the intercolonial postal conference lately held in Wellington, New Zealand. The first meeting took place on the 5th of March, and was attended by delegates from New South Wales, Victoria, Queensland, South Australia and Tasmania. The meeting was held in the Legislative Council Chamber of the Parliament Buildings at Wellington. Hon. J. G. Ward, the delegate from Tasmania, was voted to the chair. Reports on the subject under consideration were presented, and ordered to be printed. These included a report on the Vancouver-service, and two others on the subject of the proposed Pacific cable. A second meeting was held on the 7th of March, when the following resolution was presented and read by the president:

"That considering the important interests "both national and commercial, in the "establishment of a Pacific cable, the representatives at this conference of the colonies "interested recommend their respective "Governments to consider the desirability "of entering into a guarantee with the other "countries interested for a period not exceeding 14 years to secure interest at 4 "per cent on capital not exceeding £1,800,"000 to any company undertaking to lay a "cable, the tariff not to exceed 3s. a word "for ordinary telegrams, 2s. for Government telegrams, and 1s. 6d. for press "despatches between Great Britain and the "colonies; that the United Kingdom be "asked to join the guarantee; the routes to "be either of the following: (A) Brisbane to "Ahipara Bay (New Zealand), Ahipara Bay "to Suva, Suva to Apia, Apia to Fanning "Islands, Fanning Islands to Sandwich "Islands, Sandwich Islands to Vancouver; "(B), from Ahipara Bay (New Zealand), to "Suva, Suva to Apia, Apia to Fanning "Islands, Fanning Islands to Sandwich "Islands, Sandwich Islands to Vancouver."

It was carried on motion that the tariff committee consider the shares of the subsidies and guarantees to be borne by the colonies and Great Britain, and that conditions be settled for fresh tenders for the federal mail service. On March 8th the debate on the president's resolution was resumed, and an amendment recommending an alternative route proposed as follows: A direct route from Bundaberg to Fiji, and an alternative route from Brisbane, touching at Ahipara Bay, thence to Fiji *via* Samoa, then Fanning Islands, Honolulu, Vancouver. A recommendation was adopted that in view of the approaching expiration of the federal mail contract, tenders be called for in Great Britain and Australia for a weekly service for a period of seven years, time thirty days, Brindisi or Naples to be the European terminus and Adelaide the Australian one After a short discussion the conference adjourned till the 17th of March at Aukland.

The foregoing clearly shows that the Australian colonies are strongly interested, not merely in postal matters, which, of course, are considered by them of essential importance, but also in the project of laying down a Pacific cable, which shall be exclusively under British control, and that the Australian colonies will be prepared to bear their fair share of the subsidies necessary to establish and maintain it. It also shows that the route has been substantially agreed upon. At every point in its route, save Honolulu alone, the cable will touch only at British territory. It will touch also at Samoa, but Samoa will in all probability be united shortly to one of the Australian colonies. As for Honolulu we suppose there is no help for it; the cable must touch there. But this is all the more reason why steps should be taken by the British Government to secure the establishment in Hawaii of an independent and neutral government. If this is not soon done the American party in Hawaii will, sooner or later, succeed in securing the annexation of the islands to the United States. This is a subject on which we think that the Dominion Government ought to interest itself.

That the congregation tenders its acknowledgment to all who have enriched the Church by gifts of service; and it desires to encourage others so minded to follow the example.

That the S. Paul's Institute be now wholly under the management of the church, the following gentlemen attend to the renting of the hall and the promotion of its interests: The Rector and Wardens, Messrs. C. W. McKenzie, Miss Roe.

That the church committee consist of Messrs S M. Robins, E. M. Yarwood, M. Bate, Sr. J. S. Stannard, J. H. Good, J. Williams, C. N. Durrant, C. McCutcheon, H. Rawlinson and R. Miller. All the foregoing resolutions were severally adopted and St. Paul's Church promises to have a more prosperous year than it has hitherto.

(Specially Contributed to THE TELEGRAM.)

The Nanaimo Royal Templars of Temperance are still flourishing and progressiv . A large number was in attendance last night, a very enjoyable and profitable session being hartily participated in. The council is in a very prosperous condition, numerically and financially. There was a very interesting evening arranged for, Monday April 23, in the form of debate between members of the Y. M. C. A. debating club and members of the R. T. of T. to take place in the Good Templars Hall, on the following resolution: "That the prohibition of alcoholic liquors, as a beverage, would be in the interest of Canada." The Council will be open to the public on both sides of the question on that occasion and all other temperance organizations are cordially invited to be present and enjoy this very interesting discussion.

The Cat Was Hungry.

A young lady bookkeeper employed in an office at South Manchester, Conn., has been in the habit for some time past of giving the office cat a piece of meat for its lunch every day. Precaution is taken to lay a piece of paper under the meat to avoid greasing the floor. The other day at lunch hour, when there was no meat, pussy begged for some in her most intelligent fashion, and at last going to the wastebasket dragged forth her regular paper table cloth and laid it properly for the meat.—Philadelphia Ledger.

The Blind Postman.

One of the company is appointed Postmaster-General another is Postman. The others seat them in a circle, leaving room to move about, and with no extra chairs. The Postmaster-General goes to each person, and writes down his name and the name of a town that he chooses to represent. As soon as the towns are chosen, the Postman is blindfolded and placed in the middle of the room. The Postmaster then announces that a letter has been sent from one town to another, perhaps from New York to London. The representatives of those two cities then, as silently as possible change seats. While they are moving, the Postman tries to secure one of the seats for himself. If he succeeds, the one who is left out becomes Postman.

LATEST FROM KASLO:

(Extract from "Colonist," April 13.)

The deputation of Kaslo citizens and civic officials who arrived in the city several days ago with the object of interviewing the Government in respect to the Kaslo and Slocan railway—asking that it be put on as favorable footing as the Nakusp and Slocan—returned home this morning, evidently satisfied with the outcome of their interviews with Premier Davie and his colleagues. The members of the deputation were much pleased with their courteous reception and the distinct disposition shown by the Government to deal fairly and squarely with them. The amendment to the Railway Companies' Act, introduced by the Government and which has just become law, is pronounced entirely satisfactory, and construction will now proceed at once. When the delegates left Kaslo the people there were waiting for the assurance that the railway was a "sure go"; now that they have received the welcome news, the burnt district will be immediately rebuilt, much finer structures in every way replacing those destroyed by the fire of a few weeks ago.
