Public Notice

New Westminster Public Library.

THE UNDERSIGNED (THANKS TO the kindness and permission of the Mayor and City Council) two weeks ago re-opened the Public Library, and takes this opportunity to offer an invitation to residents of New Westminster to pay him a visit. Papers and Magazines from all directions are received for patrons and visitors, and more will be added in case a reasonable support is obtained. The terms are 50 cents a month, *in advance*, as papers, &c., are paid for in advance. This will amount to about 3 cents a day, or the cost of *one* cigar for seven days permission to see news from all over the world, and elegant books which may be changed every 24 hours! There is no compulsion about this, but those who believe in getting in out of the rain and who can enjoy a decent fire will doubtless appreciate this institution. Ladies and strangers are free, so doubtless all the parties who believe in Blue Ribbon will come forward at once and join this attractive affair, both for their own credit and that of others. Come one, come all, and you will be attended to by one who can soap all classes, viz.:

Yours Respectfully,

HENRY W. HUGHES.

New West. Aug 20, 1886.

Daily British Columbian

Thursday Evening, March 24, 1887.

The Boston newspapers inform the country that there is wild enthusiasm in Gloucester over the passage of the bill for retaliation upon Canada. It is to be remembered, however, that this law does not apply unless in the discretion of the president he shall see fit to enforce it. When he does that the Gloucesterites will be too busy raking in American shekels to kick up their heels much.—*Chicago Herald.*

Electrical heating stoves are being introduced in France, a peculiar feature of their construction being that the wires are let through apertures formed in plates of refractory clay and plumbago. These plates are not enclosed, but are left exposed, so that the air can circulate very freely through the aperture, where it comes in contact with the red-hot wires. Wire bobbins are inserted in the apertures, each forming part of the electric circuit, and all being connected for quantity; the bobbins are heated by the passage of the current and serve to heat the air as it passes to and fro over them.—*Ex.*

Are There Too Many People?

A writer in the current number of the *Forum* argues that the world is literally becoming too good for its own preservation. He takes the subject of population as his text, and proves that despite of the great immigration to this country and to European colonies the home population of the old world is increasing at a rate only less rapid than our own, and, moreover, he argues that for years to come not only the rate but the ratio of population is sure to increase, and that fabulously. He says, and goes very far toward proving, that the increase of population in all civilized countries, France excepted, has been greater during the last ninety years than in any like period of history. He argues that this is due to the advanced rate of wages paid to labor, to the almost incredible cheapening of the comforts of life, to the discoveries of science by which small-pox, cholera, and other epidemics which formerly decimated the countries which they attacked are now held in check, and to the better ventilation of the dwellings of the people. In plain language, he says that man multiplies more rapidly than formerly because the world has become and is always becoming a better place to live in. But he foresees a dangerous outcome: man is growing faster than the means for the sustenance of man are increasing. Some day—when he does not determine with precision—in the comparatively near future of two thousand years or so, there will be too much man and too little country to support man. The proposition may not be entirely speculative. In the last ninety years our own population has multiplied itself by twelve, and this concurrently with a great increase in the home population of Germany, Italy, Russia, England, Belgium, China, and the other states from which our immigration has been drawn. They have increased as they never increased before, despite of the large drain which we have made upon them. Nor are we the only living miracle of population. Ninety years ago the Dominion of Canada, Australia, New Zealand, and the Anglo-African colonies were almost solitudes; they are now the seats of young empires. And all this accompanied by an increase in the home population of those old countries whose overflow has filled these once waste places. And now Stanley is about to open up the heart of Africa. It is fair to suppose that increased facilities of transportation, application of those arts and sciences which reduce the most unfavorable climates to comparatively healthy conditions, peaceful forms of government which will prevent the wholesale murders and bloody sacrifices of heathendom, and the cessation of the slave trade will conduce to vastly increased equatorial population. Experts in climatology and ethnology say that there is no reason why the fertile portions of Africa should remain less populous than those of Asia. And Asia is already overcrowded. We have, thinks the *Forum* writer, become so conservative of human life that either nature must go into the depopulating business by the agencies of more frequent earthquakes, new epidemics that will baffle science, volcanic eruptions which will bury whole cities, or else our not very remote descendants must provide means of emigration to the other habitable stars for the too dense population of this planet.—*Chicago Inter-Ocean.*

Berlin Still En Fete.

General Rejoicing Throughout Germany and Congratulations to the Aged Kaiser.

GLADSTONE AND THE AMERICANS.

Fitting up Cruisers for Alaskan Waters—A Fatal Fire—A Serious Quarrel.

By Associated Press.

A SERIOUS QUARREL.

NEWARK, Ohio, Mar. 24.—Jacob Bread died last night from the effects of a scalding received from the hands of his wife Sunday evening, during a quarrel. The couple frequently had trouble, and on this occasion, becoming exasperated at some abuse from her husband, Mrs. Bread threw a pan of boiling water in his face. She kept everybody out of the house after the scalding, but since his death she has become a raving maniac.

THE FATAL FLOODS.

ST. PAUL, Mar. 24.—A special to the *Pioneer-Press* from Bismarck says: "All attempts to break the Sibley Island gorge by dynamite have been unavailing. A man was seen riding down the river on a cake of ice, frantically calling for help, but it was impossible to assist him. Twelve families near Livonia had a terrible experience. After being on roofs 24 hours a thin coat of ice formed over the river, and on this they walked to shore, two miles, some breaking through several times, but being rescued. Fort Lincoln army officers here are still of opinion that many people opposite the post, on the lowlands south of the city, perished in the flood. This belief is becoming prevalent. As reports come in from remote river districts the story of suffering and loss of life is intensified.

STEAMER CHANGES.

SAN FRANCISCO, Mar. 24.—The Pacific Coast Steamship Co. has made a reassignment of steamer routes. The City of Chester, which has been plying between this port and San Pedro, has been placed on the Humboldt Bay Line. The Ancon, formerly on the Humboldt Bay line, starts for Alaska to-morrow by way of Portland.

A SERIOUS CHARGE.

NEW YORK, Mar. 24.—A writ of habeas corpus, obtained by Henry M. Folsom, ordering Dr. Wm. M. Cate to produce in court Miss Agnes Folsom, the actress, and daughter of Folsom, was made returnable before Judge Patterson to-day. It was alleged that Dr. Cate held Miss Folsom under restraint, that he had ruined her, and that she was insane. The young woman did not appear. Counsel said the charges that he had taken advantage of his relations with the family and ruined her and taken her away from her family are false. Miss Folsom's affidavit was produced in court. It states that she is not and never has been under duress of Dr. Cate or anyone else, that it is false that she has been taken away from her mother by Dr. Cate or that he has coerced her in any way.

ATTACKING BALFOUR.

DUBLIN, Mar. 22.—*United Ireland*, Parnell's organ, publishes a bitter attack on the chief secretary for Ireland. It calls him the "bloody Balfour, with a tiger's heart wrapped in a demon's hide," and says, "He has entered lightly into a struggle with the Catholic church. In such struggles the proudest despots have been humbled into the dust."

APPOINTMENTS.

WASHINGTON, Mar. 24.—The president this afternoon appointed Oscar S. Staus, of New York, to be minister of the United States to Turkey; Harold Marsh, of Maine, consul general at Apia, and N. J. George, of Tennessee, consul at Charlottetown, P. E. I.

THE NEW SECRETARY.

NEW YORK, Mar. 24.—A Washington special to the *Post* says that Secretary Fairchild has been informed by the president that he is to be secretary of the treasury after the 1st of April.

ECCLESIASTICAL BILL.

BERLIN, Mar. 23.—The Oberhaus to-day in plenary session began the discussion of the ecclesiastical bill. Prince Bismarck made a long speech in defense of the measure. He said that as regards the question of religious order the chief point to be determined was whether the Catholics needed orders. He was certain that the Catholics believed in the value of orders and their sentiments should be satisfied in harmony with the legislation of the country. The State naturally had an interest in the good training of presidents, such training they could acquire as well in seminaries as at the universities. The bitterest enemies of the government came from the seminaries. The government had not made too large concessions to the Catholics nor had it given up any of its sovereign rights. In conclusion he urged the whole house to adopt the bill with the commissions amendment.

CATTLE LOSSES.

ST. PAUL, Minn., Mar. 23.—The *Pioneer Press'* Winnipeg special says that losses from severe weather on the ranges west of here will be 30 per cent. In some districts, notably in Cypress Hills, the loss was 50 per cent.

THE QUEEN AT BIRMINGHAM.

BIRMINGHAM, Mar. 23.—The Queen visited Birmingham to-day and laid the foundation stone of the Victoria assize court building. Weather was fine. Public buildings and private residences were decorated and the streets through which her majesty passed were spanned by arches thronged with people. A reception given the Queen was hearty and enthusiastic.

GLADSTONE TO THE AMERICANS.

LONDON, Mar. 23.—Gladstone has cabled the following message to Mr. Chas. A. Dana, New York, in acknowledgment of the cable dispatch sent him by Dana, informing him of the endorsement of the Irish policy by a mass meeting of the citizens of the Cooper union on Monday: "I am very sensible of the value of the sympathy which, from the first, we have received from, I believe, the majority of the American people, in our efforts to secure just measures and good government for Ireland—a sympathy which I feel sure will continue to attend us until this just policy shall attain its consummation.

THE EMPEROR TO THE PEOPLE.

BERLIN, Mar. 23.—The emperor's proclamation to the German people, thanking them for their expressions of devotion, and joy at the ninetieth anniversary of his birth, was couched in words expressive of the profoundest emotion. The document contains a long review of the emperor's life. The Kaiser dwells on the experiences of his youth, the wonderful help God vouchsafed him and prays he may be able to deserve during the short remainder of his life the blessings of peace.

A TERRIBLE FIRE.

BESSEMER, Mich., Mar. 23.—Early this morning 12 miners were burned to death in a boarding house at this place and several others were seriously injured. The occupants of the building were all asleep and the fire was discovered by Mr. Miller, who kept the boarding house, and when they were awakened the whole building was in flames. They narrowly escaped with their lives and did not have time to awaken the 20 miners who were sleeping on the second floor. When they awoke the building was a mass of flames. Several men were not overcome by the smoke and, jumping from the windows, escaped, but 12 perished. The house was a tinder box and in a few minutes was a mass of ruins. When the charred remains were removed, indentification was impossible.

THE ROYAL VISITORS.

BERLIN, Mar. 23.—This evening the Empress, Crown Prince and his family and the royal visitors attended the performance of the ballet "Sardanapolis" at the opera house. Between the acts tea was served in the foyer, which had been converted into a brilliant reception room. Emper William has conferred the first decoration of the order of the Red Eagle on Dr. Laner, his physician. The Prince of Wales visited Count Herbert Bismarck to-day. He will return to London on Sunday.

A BIG EXPLOSION.

LONDON, Mar. 23.—An explosion, by which 70 miners were killed, occurred to-day in the Bulli colliery, Sydney, New South Wales.

PROLONGED.

MADRID, Mar. 23.—In the chamber of deputies Signor Moret, minister of foreign affairs, announced the agreement reached between the government and the United States under which the excitement of the commercial modus vivendi will be prolonged to July.

SLAVES CAUGHT.

LONDON, Mar. 23.—Advices from Suakim state the British war ship Albacore has captured two slavers with a cargo of sixty slaves each, going to Keddah.

STEEPLE CHASE.

LONDON, Mar. 23.—At the Sundown park the military steeple chase cup was won by the Prince of Wales' Hohantenden by four lengths. Masstend was second and Harlequin third. Eight ran.

FURTHER CELEBRATIONS.

BERLIN, Mar. 23.—Notwithstanding his fatigue the Emperor rose at the usual hour this morning and attended to all his duties. He is well. Prince Bismarck caught a chill on Monday evening while responding to the students. Heavy rain has been falling to-day but it did not prevent the crowds waiting to catch a glimpse going to and returning from the state banquet at the palace to which all Berlin had been invited. The Emperor presided. The Queen of Roumelia recited a poem which she had composed in the Emperor's honor. The Emperor was much gratified. Telegrams from every city in Germany show that the illuminations were not limited. At Frankfort the display was especially fine. At Strasburg all the public buildings and some private ones were illuminated. The Kaiser's expressions of belief in the maintenance of peace are everywhere the subject of comment. At Prince Bismarck's dinner it was the common topic of conversation. The general opinion is that the crisis is over and that a period of quiet is commencing. Prince Bismarck said to a foreign minister: "I rejoice on account of the Emperor's happy anniversary and especially that the political horizon is now being cleared." It is reported that the Grand Duke Vladimar told the Emperor that the Czar had authorised him to declare that he would continue to do all in his power to maintain the traditional politics of Russia, viz., a perfect understanding with Germany. M. Flourens, French minister of foreign affairs, in the name of President Grevy and the French government sent the Emperor congratulations. Gen. Cordoba, of Spain, and Gen. Sacarneiro, of Portugal, who came as special envoys to represent their respective governments, have been decorated with the cordon of the order of the Red Eagle.

Worms cause feverishness, vomiting and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure, and effectual. If your druggist has none in stock, get him to procure it for you.

Daily British Columbian

Thursday Evening, March 24, 1887.

The federal elections in British Columbia are now complete, and the result is the return of six supporters of Sir John Macdonald's government. Four of these representatives are former members re-elected: two of them go to the house of commons for the first time. These are Messrs. Mara and Chisholm. The new members were elected as "independent" supporters of the government, and we hope their support will be one of such independence as will secure the respect and attention of the government and the house. It is neither manly nor is it politic to become a slavish supporter of any government.

If any confidence can be placed in the declarations of German statesmen, the peace of Europe seems pretty well assured. The old German emperor has declared plainly enough that Germany seeks peace, and that war would be undertaken only as a necessity and in defence of the interests of the empire. These may be true words, or they may be the utterances of a statesman whose policy is to hide his thoughts and purposes behind a subterfuge. No one seems to know definitely the extent of the war preparations going on in Russia, but it is generally supposed she has enormous material on hand in the shape of men and guns ready for any emergency. Russia is intent on extending her possessions in south-eastern Asia, so as to reach the Persian Gulf, and she may precipitate a conflict rather than abandon that policy.

In spite of all the clamoring of the press for a large appropriation for coast defences on the Atlantic and Pacific coasts of the United States, congress has declined to pass the fortification bill. Referring to this fact, the Portland *Oregonian* philosophically consoles itself with the reflection that coast defences are a very costly luxury of very doubtful utility, and concludes that after all those nations which have done large things in that direction are ruefully contemplating the monuments of their folly. The $90,000,000 spent by Lord Palmerston in erecting defensive works to protect the British isles, for example, are declared to have been absolutely wasted. The rapidity with which the cost of military engines has been increasing of late years is quite alarming. In 1856 Great Britain had nothing larger than a 68-pounder, but now her big guns weigh 110 tons. In 1856 it cost $560 to make one of the big guns and $2.75 to fire it off; but now the gun costs $97,500, and the cost of firing it is $935. In consequence of new inventions and the enormous increase of the power of military weapons, no confidence can now be placed in fortifications which twenty years ago were regarded as impregnable. Under these circumstances the people of the United States may take with complacency the defeat of the coast defence bill.

We are very well pleased at the re-election of Mr. Gordon as the representative of Vancouver district in the house of commons. Mr. Gordon, we believe, has made an excellent representative, and has invariably advocated such schemes as seemed to him in the interest of his constituency. Some of the Victoria papers have been using their influence against him because, they say, he was not loyal to his own district, but his sympathies were with the mainland. On this account we are particularly gratified at his election. Mr. Gordon's sympathies with the mainland went no further than his duty to his constituents suggested. He was in accord on all questions with our late representative Mr. Homer; and believing that the interests of Nanaimo and those of Westminster were identical, he and Mr. Homer labored harmoniously and earnestly for these interests. It is not true, therefore, that Mr. Gordon was disloyal to his constituency. It may be true, as the *Colonist* intimates, that he declined to co-operate with the Victoria representatives on all matters relating to the affairs of Vancouver Island; but the *Colonist* should know that the interests of Mr. Gordon's constituents and those of Victoria have not been by any means regarded as being always identical. In the matter of pilotage arrangements, for example, Mr. Gordon has steadily and successfully opposed the schemes of the Victoria representatives who have been endeavoring, year after year, to have the whole pilot authority located at Victoria, and he has been heartily seconded in this by the representatives of Westminster district. We hope Mr. Chisholm and Mr. Gordon will not permit the change of pilot authority for which the Victoria representatives have been clamoring.

Mr. Peter Vernet, Hochelaga, P. Q., writes: "Dr. Thomas' Eclectric Oil cured me of Rheumatism after I tried many medicines to no purpose. It is a good medicine." And think of it—you can express the twinges of rheumatism, or the sharp, burning attack of neuralgia—you can check a cough, and heal bruised or broken skin, with a bottle of Dr. Thomas' Eclectric Oil, costing only 25 cents.

1873. GRIP! 1887.

CANADA'S COMIC JOURNAL

GREAT IMPROVEMENTS FOR 1887.

THE AIM OF "GRIP" is to set forth, in in an impartial and independent manner, the passing events of Canadian political and social life. Its Cartoons speak more definitely and more pleasingly than whole columns of editorial. In this pungent, easily appreciable, and artistic style of presenting a subject, the whole situation is revealed at a glance. The success of *Grip* shows how well this fact is appreciated—its Cartoons on the passing political events of the country being even more eagerly sought after than the chaste and humorous letter-press of the paper,—though the latter is equal to that of any similar publication on the continent.

The publishers of *Grip* are making extensive improvements for 1887. The old cover is to be discarded, and the Journal will hereafter comprise 12 pages; and be printed on heavy toned and calendered paper,—every number being so artistically executed as to compare favorably with the best papers on the continent. The advts. will be compressed and more systematically arranged; while similar improvements will be made as to the letter-press. A new and handsome design will adorn the title page; while the Cartoons will certainly not suffer from extensive improvements in the artistic department.

The price of *Grip* will hereafter be $2 a year, which is lower than that of any paper of its kind in America,—most of them selling for $4. Single numbers of *Grip* will be 10 cents.

Twice a year, at Midsummer and Christmas, a beautiful special number will be issued, the number of pages being increased, and pleasing features introduced, particulars of which will be given in preceding issues. These numbers will be presented to subscribers without extra charge.

GRIP'S PLATFORM:

Humor without Vulgarity;
Patriotism without Partizanship;
Truth without Temper.

Only $2 a Year, Postage Free.

Address the Grip Printing and Publishing Company, 24 and 26 Front Street, West, Toronto; or leave your order with your bookseller or other local agent. feb

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., New York. 8tely

THE CANADA PRESBYTERIAN is pronounced to be the "leading denominational paper in Canada," is now in its SIXTEENTH year of publication, and in all its departments will be better than ever during the coming year.

THE RURAL CANADIAN, about to enter on its TENTH YEAR, is styled the "Agricultural authority of the Dominion," is a large 32 pp. paper, with departments to suit the varied tastes and interests to be found in every home.

Subscribe for both Papers now and save $1.

Address:

C. BLACKETT ROBINSON,
d-de7adlib 5 Jordan Street, Toronto.

ESTABLISHED 1875.

The West Shore

FREE

For the balance of 1886, including the mammoth holiday number, to all who subscribe now for 1887.

With the January issue THE WEST SHORE will begin its twelfth year. Every number contains original illustrations of scenery, towns and industries in the Pacific Northwest, equaling in excellence the best productions of Eastern magazines. The contributed articles, general literature and stories are entertaining and carefully edited, making the magazine a chaste family visitor. The comments on events of interest to this region and the large amount of information concerning our various resources and the progress of development given in every number render it extremely valuable. No family can afford to do without it, and every one financially interested in the Pacific Northwest or desirous of learning its resources will find it invaluable.

If the subscription price ($2 per year) is sent in now you will be entered for 1887, and the remainder of 1886 will be sent as a premium.

"I take only one English weekly paper, *The Spectator*, and one Canadian, *The Week*, and as a rule I should be puzzled to say which I should miss most."—From a letter by Thomas Hughes, author of "Tom Brown's School Days."

The Week:

A Canadian Journal of Politics, Society and Literature.

PUBLISHED EVERY THURSDAY, AT $3.00 PER ANNUM.

Independent in politics, THE WEEK appeals by a comprehensive Table of Contents to the different tastes which exist within the circle of a cultured home.

An average of fifteen short, crisp Editorials is given in each number upon CANADIAN, AMERICAN, and ENGLISH POLITICS and LITERATURE.

Amongst the regular contributors is Professor Goldwin Smith; and a distinguished public man in London has kindly undertaken to supply regularly an English Letter. Paris and Washington Letters will appear at regular intervals.

In addition there are special contributions from some of the ablest writers in the Dominion and the United States.

THE WEEK

has now entered upon its third year with most encouraging prospects, and with many new features.

C. BLACKETT ROBINSON,
5 Jordan St., Toronto, Ont.

Sample copies free on application.

Communications.

Building Society.

EDITOR COLUMBIAN: I have read with very great pleasure the various letters that have appeared in your valuable paper anent the organization of a building society, and can heartily agree with the various arguments that have been advanced in favor of the scheme. But I beg to call the attention of the promoters of the society to the importance of organizing it on such a basis, and with a *constitution*, by-laws and other details of the society, as will ensure it against any possible trouble in the future and make it conform *to the laws governing such* organizations. In conclusion I would suggest that the sooner steps are taken to organize the society and enable a large number to participate in its benefits, the better for a very large and influential class of the community. Yours, etc., LEX.

PROVINCIAL LEGISLATURE.

The evidence bill and jurors' bill were passed.—Mr. Bole moved the second reading of the New Westminster Southern Railway bill, which was carried. Mr. Bole opposed the insertion of a clause in this bill preventing the employment of Chinese, as it might be fatal to the success of the scheme. The promoters of the railway were averse to the employment of Chinese, but wished to be free in that matter. The Chinese clause was defeated on the following division: Yeas, Beaven, John, Cowan, Semlin, Stenhouse, Prior, Higgins—7: Noes, A. E. B. Davie, Robson, Mason, McLeese, Bole, Grant, Ladner, Anderson, Baker, Turner, Dunsmuir, Vernon, Thomson, Croft, Allen, Martin, Orr—17. Mr. Beaven moved a similar clause for the Delta railway bill, but it also was defeated by a vote of 6 to 15, Messrs. Robson, Orr and Ladner voting against it. A similar clause for the Kootenay & Athabaska Railway bill was defeated on a vote of 7 to 14.—In discussing the estimates it was pointed out that liberal provision *ought to be made for encouraging* prospecting parties in new fields. Hon. Mr. Robson said this matter had been under consideration of the government, and he would be glad to receive suggestions from anyone. Speaking of immigration, he said it would be necessary to provide an agent for Vancouver, and it might be worth while to consider whether the agent at Westminster should not be transferred to the terminus. Mr. Bole: "Westminster is the terminus." Mr. Robson: "The member for the Royal City is quite right: Westminster is the fresh water terminus." He said that efforts would be made to prevail upon the federal government to appoint an agent at Vancouver.—On the subject of taxes, Mr. Beaven opposed an increase on personal property, real property, or income, and thought the tax on wild land should be ad valorem. In view of the proposed loan, he thought there should be no increase of taxes. Mr. Dunsmuir said the increase would affect him more than any other person in the province, but he did not object to it. He complained that assessors did not do their duty with respect to the valuation of land, and pointed out some very glaring instances of unfairness. Hon. Mr. Robson said there was both a specific and ad valorem tax on land. Mr. Ladner did not approve of taxing wild land so much an acre: it ought to be taxed ad valorem. Mr. McLeese said mining claims that were not worked should be taxed and those that were worked should be exempt. Mr. Cowan said there were claims in Cariboo held by men in all parts of the world on which taxes have never been. Mr. Beaven's amendment was defeated on a vote of 6 to 16, and the assessment bills.—After several other matters had been disposed of, the house adjourned.

Surrey Council.

Council met pursuant to adjournment on the 19th March. All members present. Communication from O. D. Sweet, Esq., C. M. C., Richmond, ordered filed; from Messrs. Woods & Turner and J. B. Chantrill, Esq., action deferred until next meeting; account of Jas. Cunningham, $3, ordered paid. Couns. Dafoe and Watson reported having awarded contracts in their respective wards as instructed at last meeting. The salary by-law amendment by-law was read a third time. The by-law to regulate the business of the council was advanced a stage. The by-law to regulate the business of the council was advanced a stage. The clerk was instructed to arrange and tabulate and number in consecutive order all by-laws passed by this council. Edwin J. Wade, Esq., was appointed constable for the corporation of the district of Surrey. The sum of $50 was appropriated for the Stein road, ward 3; $25 for the coast meridian, ward 4; $50 on the section line between sections 9 and 10 and 15 and 16, township 7, ward 5. It was resolved that it would be a great convenience to settlers were post offices established at or near the intersection of the coast meridian and the Yale road and at Surrey Centre. The clerk was instructed to forward a plan to the postoffice inspector. Coun. Stewart gave notice that he will introduce a by law amending the revenue by-law. Coun. Dafoe will introduce a by-law providing for the return and revision of the assessment roll. Council adjourned until Saturday, April 9th, at 1 o'clock p. m.

Miss Mary Campbell, Elm, writes: "After taking four bottles of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, I feel as if I were a new person. I had been troubled with Dyspepsia for a number of years, and tried many remedies, but of no avail, until I used this celebrated Dyspeptic Cure." For all Impurities of the Blood, Sick Headache, Liver and Kidney Complaints, Costiveness, etc., it is the best medicine known.

Business Directory.

The following Business Directory relates only to persons whose advertisements appear in the DAILY COLUMBIAN. It has been found true, as a rule, that persons who advertise liberally are liberal in their dealings, and many persons make it a rule to give preference in their dealings to those establishments which advertise freely. The following list is arranged alphabetically:

AUCTION SALE

Important to Merchants, Cannerymen, Millmen, Hotelkeepers, Heads of Families and the Public Generally.

I HAVE RECEIVED INSTRUCTIONS from the Trustees of the Estate of Kelly Bros., of this city, to sell by Public Auction, at Store, near Pacific Carriage Works, on

Wednesday, 30th March, '87

At 10 o'clock, a. m., the entire stock of Kelly Bros., consisting in part of all the leading lines in *Groceries, Provisions, Produce, Tobacco & Cigars*, together with Fixtures belonging to the two Stores; also, *Horses, Carts*, &c.

The sale will commence at 10 o'clock sharp. Terms at sale.

T. J. TRAPP,
dwmh21td Auctioneer.

NOTICE.

NOTICE IS HEREBY GIVEN THAT thirty days after date we intend making application to the Chief Commissioner of Lands and Works for a lease for timbering purposes of the following described lands, situate on the east side of Harrison Lake, up a creek generally known as Twenty-mile Creek, where a stake has been planted on the water's edge of the creek about one mile from Harrison Lake; thence running in a south-easterly direction forty (40) chains; thence in a north-easterly direction eight hundred (800) chains; thence running in a north-westerly direction forty (40) chains, more or less, to the water's edge of said creek; thence following the water's edge of creek eight hundred (800) chains, more or less, to the point of commencement—containing three thousand two hundred (3200) acres, more or less, and to be known as Limit C.

Also, the following lands situate on the opposite sine of the creek to Limit C, and to be known as Limit D, commencing where a stake has been planted about one mile from Harrison Lake at the water's edge of said creek; thence running in a north-westerly direction forty (40) chains; thence running in a north-easterly direction eight hundred (800) chains; thence running in a south-easterly direction forty (40) chains, more or less, to said creek; thence following the water's edge eight hundred (800) chains, more or less, to the point of commencement—containing three thousand two hundred (3200) acres, more or less.

WHAT PHYSICIANS SAY ABOUT THE

STARR KIDNEY PAD.

"Treatment by Absorption has for some time been recognized by Medical Men to be the most simple and effectual means of conveying to Diseased Organs, "Curatives," but in cases of Kidney Disease and Complaints attendant thereon, successful treatment was practically impossible until the Introduction of the Starr Kidney Pad. It costs less than a single prescription and is immeasurably *more decisive and effective than any quantity of internal Medicinal dosing.* Worn immediately over the seat of Disease, its curative properties become absorbed by the diseased and enfeebled Organs, continuously and directly, as required, to insure in return their healthy action and original vigour. It is comfortable to the patient and pleasant in its effects, and cures when nothing else can. The Starr Kidney Pad accomplishes positive, decisive results. A more valuable discovery as a true remedy for Kidney Diseases was never made.—*Medical Gazette*

The Starr Kidney Pad, manufactured in Toronto, is a permanent sure cure for diseases, disorders and ailments of the Kidneys, Bladder and urinary secretive system, or attendant complaints, causing pain in the small of the back, sides, etc., producing urinary disorders, such as too frequent, scanty, difficult, painful or copious micturition, inability of retention and sedimentary urine, dropsical symptoms, etc., denoting the presence in the system of diseases common to the urinary secretive organs—known as gravel, catarrh of the bladder and passages, Bright's disease, diabetes, dropsy, piles, nervous debility, etc. Send for pamphlet to LANGLEY & CO., Wholesale Agents, Victoria. Retailed by A. M. HERRING and D. S. CURTIS & CO., New Westminster; T. McNEELEY, Ladner's Landing; H. McDOWELL & CO., HASTINGS SAW MILL CO., THE VANCOUVER DRUG CO., Vancouver; W. E. McGARTNEY & BRO., Vancouver and Kamloops; J. R. LOVELL, Yale; W. R. MEGAW, Priest Valley; H. CLARK & CO., Kamloops. dwse28y1

Fire! Fire!

TESTIMONIAL!

Vancouver, 23rd June, 1886.

MR. G. ROBERTSON,
Vancouver:

Representing Goldie & McCulloch, Galt, Ont.

SIR,—We the undersigned having witnessed the terrible fire which wiped out of existence the young city of Vancouver, on the 13th inst., have, since the fire, examined the safes sold by you, some of which were put to the most severe test, having been surrounded by large quantities of lard and bacon, and we are pleased to testify to the remarkable manner in which every Safe sold by you preserved its contents, not only books and papers, but also thousands of dollars in paper money were taken out in perfect condition. We can, therefore, with the greatest confidence, recommend them as thoroughly fire proof:

L. A. Hamilton, for the Canadian Pacific Railway Company; M. A. Maclean, Mayor; John J. Blake, Stipendiary Magistrate; Richd. Alexander, Justice of the Peace; John Boultbee, Police Magistrate, City of Vancouver; Thomas Dunn, Justice of the Peace; Isaac Johns, Col.; Edward E. Rand, Real Estate Broker; R. Balfour, Alderman; John Rankin, Real Estate Broker; Pither & Edson, Royal Hotel; H. F. Keefer, Contractor, C. P. R.; J. W. McFarladd, Port Moody, to Vancouver and English Bay; F. C. Innes & Co., Real Estate Brokers; A. W. Ross, Real Estate Broker; Gravely & Spinks, Real Estate Brokers; R. C. Ferguson, Maj. R. C. P. Militia. je8te

THE BRITISH COLUMBIAN

Printing Company

(LIMITED.)

ON THE 10TH OF JANUARY, 1887, the COLUMBIAN Newspaper and Printing Concern was purchased by a joint stock company composed of citizens of New Westminster, to be known as the "British Columbian Printing Co., Limited." The concern has been for nearly a year owned and controlled by the British Columbia Stationery and Printing Company, of New Westminster, Victoria and Vancouver. The object of the new company is to continue the publication of the BRITISH COLUMBIAN newspaper and carry on a general printing and publishing concern, controlled entirely by those whose individual interest it will be to promote the development, especially of the Mainland. There will be no slackening of the energy hitherto displayed in the management of the establishment, and its patrons may rely upon receiving *full* value for their money. The COLUMBIAN will continue to be entirely independent in both Dominion and provincial politics, and will devote itself to the advancement of such schemes as may be considered in the public interest. The concern is now entirely separate from any other business, the book and stationery establishment in this city having been taken over by Mr. T. R. Pearson, who will continue to carry it on in his own name and for his own benefit. It is desirable that a daily newspaper should be maintained in this city, and the new company asks for public patronage on the ground that it is engaged in an enterprise calculated to promote the public welfare. It asks that the COLUMBIAN be judged on its own merits and supported only so long as its policy is consistent with its promotion. In consequence of this partnership change all accounts due the concern must be settled without delay so that the books of the former company may be adjusted and closed. Address all communications and remittances to

WANTED.

ARD AND LODGING, near Royal Avenue or similar elevated part of city, for one or two gentlemen. State mmodation and terms to Mr. John —, Box 169, New Westminster. dmh23t3

The Confederation Life.

The annual report of this solidly prosperous Canadian institution will be found in another column. The facts revealed in the accounts and the Directors' report thoroughly justify the encomiums which the shareholders present bestowed upon the management. Thanks to the resolute manner in which the Company has declined to embark upon extravagant methods of procuring business, the working expenses of the company bear to the total income the very small ratio of between 17 and 18 per cent. A point attesting the soundness of the finances of the Company is the fact that the interest income is sufficient to pay the death claims—which in a company of the age of the Confederation Life is something to be proud of. The assets and liabilities are set forth in minute detail, and the tables show that, after making allowance for all possible contingencies and providing for every debt, there is a surplus of $282,199 over liabilities and capital combined. The increase in the assets in the last year was $260,390. So much for what can be done by rigid adherence to what the President defined as the true policy of the Company, viz:—"To keep its balance sheet right and avoid unnecessary, unwise, or extravagant expenditure for the sake merely of increasing new business."—*Toronto Globe*. T. R. Pearson & Co. are agents for this company in British Columbia. m19tc

WHITE BRONZE MONUMENTS.—White Bronze is a comperatively new substance, and has come into large use, rapidly, for special purposes in this country. It has been found to be so well adapted for statuary and monuments, that companies have been for some time established at Bridgeport, Conn., Detroit, Mich., Des Moines, Iowa, and St. Thomas, Canada, who are making monuments of all kinds and styles. From experiments made by these companies, it has been found that the material will stand exposure for an indefinite period—it is practically indestructible. White Bronze being non-corrosive and unchangeable, it is stated to be equal to gold, silver or platinum, and superior to copper or antique bronze, which throws off verdigris. The monuments are cast from refined zinc, and are given their sparkling appearance by the sand blast, sand being blown against the work under a high pressure of steam, which cuts the surface, but does not adhere to it. A thin film of oxide which forms on this bronze is indistructible by the elements; it cannot be dissolved by water, and air cannot penetrate it, although the film is so thin as to be immeasurable. No corrosion, it is affirmed, can take place.—*Boston Journal of Commerce*. Chas. J. Robson, New Westminster, is agent for the White Bronze Monuments in British Columbia. Much cheaper and more durable than any other my5tc
