This morning the Adelaide towed down another mattrass for the channel improvements; this makes the third that has been taken down, and more will follow next week.

Sufferers from the effects of quinine, used as a remedy for chills and fever, should try Ayer's Ague Cure. This preparation is a powerful tonic, wholly vegetable, and without a particle of any noxious drug. Warranted a sure cure.

Hon. C. F. Cornwall, Judge O'Reilly and Mr. J. P. Planta, who have been appointed a commission to adjust the Naas River Indian difficulties, were to leave Victoria for Port Simpson on the Sir James Douglas to-day.

Advices from the mouth of the river say a heavy run of cohoes struck the river last night, and the boats averaged 150 fish each. If this run continues for a few days the canneries will be able to pack to their fullest capacity.

Messrs. Ellard & Co. have just received direct from the English manufacturers, in the newest and most fashionable styles, a large consignment of dolmans, mantles, jackets and ulsters, for ladies and children, for fall and winter wear. dse21tc

"I have taken, within the past year, several bottles of Ayer's Sarsaparilla, and find it admirably adapted to the needs of an impoverished system. I am convinced that this preparation, as a blood purifier, is unequalled."—C. C. Dame, Pastor Congregational church, Andover, Me.

The steamer Gladys arrived from up river ports yesterday afternoon. Passengers: Mrs. Hodgson, Mrs. Stewart, Mrs. Hawkins, Miss McCallum, Messrs. Beckett, Dunville, Ashwell, Miller, Knight, Doak, Morrison, Turnbull, Miss Kells. Consignees: McColl, Brown, D. McPhadden, Dunville, Olliver, T. F. Sinclair, Calahan. The Gladys left again for up river this morning.

Joseph Ruzan, Percy, writes: "I was induced to try Dr. Thomas' Eclectric Oil for a lameness which troubled me for three or four years, and I found it the best article I ever used. It has been a great blessing to me." Frauds may imitate Dr. Thomas' Eclectric Oil in appearance and name, but in everything else they are dead failures.

THE GLOBE HOUSE.—In another column will be found the fall announcement of this well-known house. A very considerable stock of dress goods, millinery, etc., is now on exhibition, and the establishment is well worth a visit.

FROM UP-RIVER.—The steamer Irving down from Hope this afternoon at 2:45 o'clok. Her cargo was large and consisted chiefly of grain, hay, and other farm produce. About 30 passengers from various points on the river came down on the Irving.

ONCE AGAIN.—Charles Brown, the man who was fined $20 yesterday for being drunk and using very foul language, was arrested to-day in an extremely drunken condition. Charles is evidently bound to have his spree out to the bitter end, no matter what it costs.

A QUICK TRIP.—The steamer Princess Louise arrived from Victoria this afternoon at 4:10, with a large cargo of freight and 25 passengers. While being berthed the Louise struck against the steamer Irving and broke two of the latters fenders. No other damage was done.

GUY FAUX.—We are requested to say that the Orangemen have determined to celebrate the anniversary of the Gunpowder Plot by a dance in the Orange Hall. As the 5th of November falls this year on Saturday, the Orangemen have very properly decided to hold their festivities on the night of Friday, the 4th. Refreshments will be served during the evening.

THE PREMIER.—The *Times* of Wednesday contains a description of the new steamer Premier from which we gather that she is one of the most elegant and well-appointed steamers on the coast. She is furnished throughout in the most costly style, and lighted by electricity. There are 37 state-rooms, and 5 bridal chambers, and everything that the most fastidious traveller could wish.

LAST RITES.—The funeral of the late George H. Howison, J. P., took place at Maple Ridge yesterday. The funeral procession was a very large one, many of the settlers being present to testify their respect for the deceased. The services were conducted by Rev. R. B. Hemlaw. Mrs. Howison, who is very ill, was brought down to-day and will remain at the residence of Mr. W. J. Howison, in the hope that a change may be beneficial. The baby is also very ill, and not expected to live for any length of time. It is truly a sad household.

THE BIGGEST YET.—Recent advices from Melbourne state that an immense nugget, weighing about 51 lbs., of pure gold, has just been unearthed in the now famous Midas mine. The find has created intense excitement. The nugget is flat and has something of the contour of a colossal hand, held open, with the thumb and finger close together. Its greatest length is twelve and one-half inches, and breadth eight and one-half inches. It varies in thickness up to two and one-half inches. The value is estimated at $10,000. A cast of it will be taken before it is broken up.

INTERIOR LANDS.—A memorial was presented to the Dominion land board, at its meeting which took place at Kamloops a few days ago, making certain suggestions respecting the administration of lands in ranges 12 to 21 inclusive. The suggestions were as follows: (1) No lease to be granted of said lands; (2) lands to be exempted from sale except according to clauses 4 and 6; (3) lands to be open to pre-emption according to Dominion Lands Act, excepting that parties can have 320 instead of 160 acres; (4) any parties pre-empting will have the right to bond 640 acres adjoining his pre emption, which they can purchase at $1 per acre, on completion of their titles and patents for the land; (5) prices of land to be: Meadow and agricultural land, $2.50 per acre; pasture land, $1 per acre; (6) all parties holding land by pre-emption from the local government shall have the right to purchase 640 acres, and no more, adjoining the pre-emption.

PROF. TANNER'S PAMPHLET.—The *Ottawa correspondent of the Toronto Mail* says: "A new pamphlet on British Columbia, by Prof. Tanner, has just been issued by the department of agriculture. The writer gives first an admirable sketch of his trip through Canada over the C.P.R., dealing with each section of the province in turn. Prof Tanner gives a concise outline of its natural features, and describing more fully the resources and capabilities of the whole country from an agricultural and commercial standpoint. He pronounces the province best suited for fruit culture, dairy products and raising cattle and horses, its capacity and conditions for the latter being unsurpassed in America. The fisheries and mineral resources are described as among the richest in the world. The pamphlet contains much valuable information as to the laws and regulations, both Dominion and provincial, which control the settlement of public lands. Altogether the pamphlet is a good one, and considerably above the average of immigration literature."

British Columbia Tenplant.

While Mr. J. H. Todd was driving from Vancouver to the North Arm yesterday morning, he culled a few twigs from a bush known to the Indians as the tea bush. The Indians and Chinese are said to gather the leaves of this bush and, after subjecting them to a sun-drying process, use them for making tea. The leaves have a great resemblance in shape to the Chinese tea leaf, although they are coarser if anything; and the strong aromatic flavor is not unlike that of some grades of Indian teas. Here may be a latent industry; who knows?

If your children are troubled with worms, give them Mother Graves' Worm Exterminator; safe, sure and effectual. Try it, and mark the improvement in your child.

The Semiahmoo Trail.

A gentleman who returned this morning from Mud Bay says the Semiahmoo trail is in a bad condition, and he would advise anyone contemplating that route to provide himself with a horse that can clear a six-foot wall, as fully a dozen large fallen trees bar the way. This may not be pleasant news to many who anticipated making the journey in ease and comfort, and we would particularly wish to call the attention of our terminal city friends to the fact that the road is in a dangerous condition, and would advise them to use some other exit until the obstructions are removed.

Police Court.

Before T. C. Atkinson P. M.

J. Ross, charged with being drunk and incapable, was fined $10 and costs.

Chung Wood, charged with supplying liquor to an Indian named Charlie. Chung is a miserable specimen of a Chinaman and is evidently suffering from an extremely heavy dose of opium.

Charlie, sworn, said: I know the prisoner; I saw him the day before yesterday on Front street in a Chinese house. An Indian named Jim was with me and he wanted whiskey. Jim gave me half a dollar and I gave the prisoner the money, and he gave Jim a bottle of whiskey. I saw the Chinaman give it to him.

His Honor dismissed the case, there being no evidence against the prisoner.

Another Fine Block.

We understand that Mr. Dennis Harris, acting for the Douglas estate, is arranging for the erection, during the coming spring, of an elegant block of six brick stores in Wesminster on the east or river side of Columbia street, immediately opposite the Colonial hotel. On Columbia street the elevation will be two stories and basement cellars. They will extend through to Front street, where the block will be three stories high. The Hon. Wm. Hamley has property adjoining, and will also build in connection with the Douglas estate. This will be the largest brick block in the Royal City, and will be quite an ornament to Columbia street, which is rapidly assuming a metropolitan business aspect in its appearance. At present the projectors of these blocks are experiencing considerable difficulty in arranging for stores elsewhere for their tenants, who hold leases for the premises they occupy.—*Times.*

Personal.

J. H. Todd, of the Richmond cannery, is in the city.

Lieut.-Governor and Mrs. Dewdney left for the east yesterday.

G. R. Ashwell, of Chilliwhack, came down on the str. Gladys yesterday.

Rev. W. B. Seccombe returned today from Maple Ridge, where he has been for some time with the late Geo. H. Howison who died on Tuesday. He leaves for Ladners to-morrow morning.

Collingwood Schreiber, chief engineer of Canadian railways, and C. C. Gregory, C.E., arrived at Vancouver yesterday. It is understood their visit is for the purpose of settling the dispute between the C. P. R. and the government on account of the unfinished state of the Onderdonk contract.

Guests at the Colonial: James Tus, M. Payne, D. C. McGregor, Winnipeg; A. D. Weir, Toronto; J. G. McDonald, city; Geo. R. Ashwell, S. Mellard, W. Davis, E. L. Kirkland, Chilliwhack; John Sirr, J. H. Todd, H. C. Good, Victoria; E. Colter, Miss Squires, Tacoma; John R. Brown, Hot Springs.

The Irish Trials.

DUBLIN, Oct. 6.—In the trial of moonlighters at Ennis to-day, Callinan who turned Queen's evidence, admitted that he had been informed for the past six years that all his expenses would be paid by the police department. After a row in the court the corporation officers retired and took seats in the gallery, which had been reserved for them. O'Brien did not respond to his summons, and the case against Sullivan proceeded, with Mr. Carson appearing as counsel for the Crown, and Timothy Healy for the defence. The court dismissed the case against Sullivan on the ground that the Crown had not proved the meeting which the *Nation* reported, was of a suppressed branch of the National League. Outside the court people were wildly enthusiastic over the decision, and the Lord Mayor's return to the city chambers, was marked by a noisy, but evidently popular demonstration. O'Brien's case will come up to-morrow.

DUBLIN, Oct. 6.—The scene in the streets after the dismissal of the case of Lord Mayor Sullivan, was one of wild enthusiastm. The crowds were so great that the civic procession was with the utmost difficulty enabled to proceed, and the cheers as the procession passed were almost deafening. As the crowd passed the offices of the Tory newspapers, a storm of hisses and groans arose, but there was not the slightest attempt at violence. When the Lord Mayor arrived at the Mansion House he addressed the multitude. He was frequently interrupted by cheers but otherwise complete order prevailed. Sullivan said the national press had been victorious in its first tussle with the Coercion government. The news of the victory, he said, would gladden the hearts of Gladstone and Parnell. The only way to defeat an infamous law was to defy it. The plank upon which he would sleep in jail had not yet been sawn. After the discharge of Sullivan, the Crown counsel gave notice to the court that the government would appeal from its decision.

London has a great population. It has 2,600,000 people unable to get into a place of worship. In Central London, with 2,000,000, there is only accommodation for 600,000.

Europe has 337,000,000 people, according to the report prepared for the international statistical congress.

Surrey Council.

Council met on the 1st October, pursuant to adjournment. Members present, the reeve, and Couns. Cann, Punch, Stewart and Watson. Communications were received from Mr. John Doyle and Mr. Wm. Blinkinsop, referred to Couns. Stewart and Punch respectively for report. Coun. Cann reported having awarded a contract to Jos. W. McCallum for the construction of the Kell's road. Coun Watson reported having awarded contracts in ward 5, agreeable to instructions. W. F. Edwards, millowner from Puget Sound, made proposition to establish a sawmill, feed and oatmeal mill, and sash and door factory, in the corporation of Surrey on condition that the council would grant a bonus of $1500. It was decided to call a meeting of the ratepayers of the corporation to be held at the municipal hall on Saturday, Oct. 15th, at 10 o'clock a.m., to consider the advisability of granting such bonus, and to reqnest Mr. Edwards to attend personally. The real estate delinquent tax sale bylaw was read first, second and third time. Couns. Punch, and Stewart were instructed to have necessary repairs executed on the Kirkland and McLellan roads. Council adjourned until Saturday, October 15th, at 1 o'clock p.m.

Jabesh Snow, Gunning Cove, N.
