ELECTION CARD.

To the Electors of New Westminster City and District.

GENTLEMEN:—At the urgent request of a large number of the Electors of the above Districts, I have consented to become a Candidate, and request your support and patronage.

My political banner is uplifted, and on it will be seen, printed in gold letters, "Straw Hats—good coverings for massive craniums; Men's Fancy Flannel Shirts; Balbriggan Underclothing; Summer Coats and Vests; Linen Dusters; Pique and Fancy Vests; White and Black Plug Hats;" all of which are very suitable wear for the present political campaign, which is liable to be very warm and close. (An endless variety of Men's and Boys' Suits, Felt Hats, etc.)

Electors, rally around this standard, and down with monopolists and—high prices.

I am perfectly sure I can give you better value for your money than any other candidate in the field.

Yours respectfully,

J. E. PHILLIPS,

Columbia St., New Westminster.

GREECE

Languishes Six Years Without an Executioner and a Foreigner Now Fills the Post.

Upper Egypt is Stricken with Famine and the People have Resorted to Cannibalism.

A Brave Newspaper Writer Tells John L. Sullivan What He Thinks About Him.

The Headsman of Greece.

NEW YORK, June 10.—A *Times* special from Athens, Greece, says: "Wanted an Executioner" has ever since the year 1884 been the pathetic cry of the judicial authorities. No subject of King George has hitherto been found willing to come forward to perform the last dread behests of the law. Meanwhile the criminals condemned to death have been having a high time of it. A headsman has at length been gone to, a foreign person, one Roukis, who is himself a convicted assassin, but who has signified his readiness to save his own neck by decapitating a number of other scoundrels whose criminality is as great as his own. Roukis has been placed on board a man-of-war which will take a summer trip around the Greek coast, landing where occasion may require and proceeding to towns where murderers are awaiting their doom. There are just eleven of these miscreants to be dealt with.

Upper Egypt in Sore Distress.

LONDON, June 10.—Further advices have just been received of the sufferings of the inhabitants of Upper Egypt owing to the failure of the crops. Cannibalism has taken place and everything moving has been eaten; dogs, cats, rats, donkeys, snakes, lizards, old bones and leather are eagerly devoured, and the stronger take by force from the weaker. Subscriptions have started which have enabled the relief committee to feed about three thousand of the worst cases and start a mat hospital for the sick. This is at Suakim. At Toakar starvation is still worse. Between fifty and one hundred and sometimes more of the inhabitants die daily. At Kassala the situation is worse than this; whole families being found dead in their houses. At Gallabat and Gedurit the population has nearly ceased to exist.

Awful Hydrophobia.

NEW YORK, June 10.—For six hours Edmund Corriveau, 32 years of age, lay in his isolated cell at Bellevue hospital yesterday, snapping and snorting and going through all the terrible paroxysms of hydrophobia. At noon no one dared go near him and at 2:30 o'clock in the afternoon he died from sheer exhaustion. Corriveau was bitten recently by a black and tan terrier.

A Courageous Speech.

WASHINGTON, June 10.—A lively little scene occurred at Chamberlain's last night. John Russell Young, Senator Squires, Congressman Crain, Isaac A. Bromley, the veteran newspaper man, and Phil Thompson, of Kentucky, were at the Buffet, when in stalked John L. Sullivan, accompanied by "Jack" Barnett. Sullivan had been drinking, but was not quarrelsome. He knew John Russell Young, and at once walked up to him and his party. The two shook hands and John L. at once ordered five "Bots," as he called it. Young then introduced him to Senator Squires and was about to present him to Bromley, when the latter drew himself up and turned away. "Ain't you going to shake hands?" thundered Sullivan. "No, sir," responded Bromley, "I am not." "Why, what's the matter with me?" said Sullivan, jamming his hat on the back of his head. "Nothing; you are simply a bully, and I don't desire the acquaintance of bullies." By this time everybody was feeling uncomfortable and Bromley was as white as a sheet. It was feared that Sullivan would behave violently, but he did not. He simply gave Young a gruff good-day and muttering something about not staying where he was not wanted, turned away, leaving the wine he had ordered untouched.

Two Great Souls.

BUCHAREST, June 10.—A romantic double suicide is just now the subject of conversation here, and on account of the prominence of the participants it has created considerable excitement. Helene Neriavia, a daughter of a court minister, was married to Capt. Maldavin, a physician, not long ago, but from whom she shortly afterwards obtained a divorce, and later was engaged to a Captain Goestarch with whom she had been deeply in love for many years. The consent of the king to the marriage was obtained and everything was in readiness for the ceremony when, upon the very eve of the wedding, Helene discovered that blood relationship existed between herself and her intended husband. In a moment of delirium caused by her excessive grief at this discovery, she seized a pistol and shot herself through the heart. Goestarch was driven almost mad at Helene's death, and for five days he prayed ceaselessly beside her body and at her tomb. Then he was not seen for two days, and his friends becoming alarmed, forced the door of his room and found him sitting in a chair, dead. One hand held a volume of Heine's poems, marked by his dead love and on the open page lay a bunch of edelweiss; his other hand clutched a gown that had belonged to Helene and which he had thickly strewn with rose leaves.

Strong Resolutions.

OTTAWA, June 9.—The Methodist Conference passed strong resolutions to-day protesting against the precedence given Roman Catholic archbishops and bishops on state occasions, and urging that the general conference take action to secure a repeal of the obnoxious order of precedence.

Delivery Ports For Alaska.

WASHINGTON, D. C., June 9.—Alaska is soon to have six new ports of delivery; they are Wrangel, Juneau, Sand Point, Kodlek and Ounalaska. Customs officers will be appointed to the ports when they are established, and buildings necessary for the transaction of business at Mary Island and Sand Point will be erected at a cost of $25,000.

Lost in a Quicksand.

HELENA, Mont., June 9.—J. M. Page, who has been on a surveying contract for the Government, received a telegram last night that George Freeman, a young Englishman, one of his chainmen and an engineer, were drowned in the Milk river yesterday. The surveying party was camped at Point River, about nine miles from Harlem Bottom. The river runs over a quicksand at this place and it is supposed that they attempted to cross the stream and were caught in the sand.

A Thrilling Event.

LIVERPOOL, June 9.—The steamer City of Rome, of the Anchor Line, which at 11 o'clock yesterday morning, while steaming through a dense fog and bound for New York from this city, struck on Fastnet rock, returned here this morning. When leaving the steamer on her arrival, the passengers tendered Captain Young their compliments on his and his men's behavior. The conduct of the cabin passengers during the trying period between the striking of the steamer on the rock and the time when it became certain that no immediate danger existed was admirable. Most of them calmly dressed themselves before coming on deck to learn their fate. The fog which prevailed at the time of the accident was so dense that lights could not be seen the length of the vessel. The steamship ran so close up to the rock that from her bow it was possible to touch it, and a number of passengers saw people looking over the rock from Fastnet light house at them. One passenger asserts that he plucked from a crevice of the rock a flower that was growing there. In the steerage there was great excitement among women passengers when the vessel struck and very few of the passengers were aware of the fact that water had rushed into the forepeak until the steamer arrived here.

Will Make them Ridiculous.

SAN FRANCISCO, June 9.—The *Chronicle* says: A story from British Columbia to the effect that illicit sealers have arranged to pursue the business of stealing seals with the aid of a swift steamer, has an air of probability about it. The cruisers of the United States in Behring Sea are lamentably slow tubs, and a moderately fast boat could sail away from them. Two years ago we made ourselves ridiculous by manning prizes captured in the act of taking seals with insufficient crews with the result of the captured running away with the captors. It would not be a very creditable thing if this mismanagement were parallelled by patrolling the disputed sea with vessels incapable of overhauling a second rate steamer. If we intend to maintain our position we should at least do so in a dignified manner. The United States is growing too large a nation to be made a laughing stock, as it will be if it cannot enforce its proclamations.

Harmless Insanity.

MIDDLESBOROUGH, Ky., June 9.—One of the most unique memorials ever proposed for a dead hero is now being discussed here. It is the erection of a monument by the Grand Army men and the ex-Confederate soldiers acting in unison, to the memory of their respective leaders in the civil war, Grant and Lee, on two mountain peaks overlooking Cumberland Gap.

More Annexation Rubbish.

WASHINGTON, June 7.—Every effort on the part of Tupper, Canadian Minister of Marine and Fisheries, to secure anything approaching a settlement has failed, and he has informed Sir John Macdonald of his inability to accomplish anything at Washington. A high official in the Marine and Fisheries Department said to-day, "Annexation with the United States is the inevitable destiny of Canada. I am convinced that Sir Charles Tupper's visit to Ottawa and Washington in connection with the fishery and Behring Sea disputes will be productive of no good results and the Government knows it."

Wellington Disturbs the Market.

SAN FRANCISCO, June 7.—In his weekly review of the coal market, J. W. Harrison to-day says: During the past week 14,270 tons of coal have arrived from the coast mines and 3,325 tons from Australia. There is a stronger feeling to market, due partly to the advance in asking freights on coal from Australia, but principally to the fact that the labor troubles at the Wellington mine have not yet been settled. There have been no imports of coal from England for several months, and during the past two months only 20,000 tons have arrived from Australia. Notwithstanding this, however, there is no scarcity apparent in the local market."

SPRING ASSIZE.

(Before Sir M. B. Begbie, C. J.)

Court met again yesterday morning when the trial—Regina vs. Houston was commenced. The following jury was empanelled: Murcheson, Robertson, Morrison, Kuevian, Cadwallader, (foreman) Blake, Brown, Millar, Burritt, Hodge, Allan, Anderson.

Mr. Hammersly appeared for the crown and Mr. Woods for the defense. The first witness, Mary, testified that she heard a row going on in her grandmother's house on the night of the murder, and heard voices which she was sure were those of prisoner and her grandmother. She could not go to the rescue of deceased because she was ill at the time, her feet being terribly swollen. Houston had been to her door but a few minutes before, that night, and gave her husband liquor, then went directly over to her mother's house. Next morning saw her grandmother lying dead on floor with blood all over.

The cross-examination failed to bring out any new evidence.

George Robert, husband of last witness, corroborated the evidence of his wife.

Florence Reed and Slacime gave evidence regarding the finding of deceased at 7 o'clock in the morning lying on the floor dead, and all doors of the house broken in,

Another Indian witness saw prisoner a few days after the murder hiding in the woods near Langley.

O. Wilkie, a Langley constable, arrested the prisoner and when told what he was arrested for, said, "And they blame me for it."

The court here, owing to the lateness of the hour, adjourned to meet at 10 o'clock this morning when the taking of evidence was resumed.

Mr. Moresby, Mr. T. J. Armstrong, H. H. Williams and J. Burr gave evidence regarding the clothing taken off prisoner and what became of it.

The expert testimony of Dr. Praeger was taken. He had examined various pieces of the clothing and found blood on them, which someone had been trying to wash off. He performed the post-mortem examination, having exhumed the body six weeks after death. He found no fracture of the skull, though several cuts and bruises along the head, but could not tell much on account of the advanced state of decomposition of the body. Blood was diffused under the membranes of the brain, probably from some injury to the head, when it would be followed by speedy fatal results. All the other organs of the woman were healthy, though the heart had fatty degeneration. Removed an old ossified tumor from the woman's body for scientific purposes. I think that the blood was caused by violence.

This finished the case for the prosecution, and the court adjourned until 1 o'clock this afternoon.

On resuming at 1 o'clock several witnesses testified to having heard noises in the murdered woman's house that night and that the prisoner had come over from the rancherie at that time to "raise h—ll" as he said. He had threatened to do something bad, and his voice was heard in the old woman's house immediately before the disturbance occurred. It sounded like a fight in which two persons were rolling about on the floor. Messrs. Woods, for the defence, and Hammersley, for the Crown, addressed the jury impressively and His Lordship's summing up looked very black for the prisoner.

Children Cry for Pitcher's Castoria.

THE DISTRICT CAMPAIGN.

Good Musters at Lulu and Richmond. Hon. John Robson Addresses the Latter Meeting.

The Independent Candidates Acquit Themselves Well, and Win Advantages with the Electors.

The Premier Asks Only His Own Election, and Ignores His Trusty Henchmen.

NORTH ARM, June 10.—The candidates assembled at Ladner's Landing yesterday morning, and proceeded to Lulu, where a very good meeting was held at English's school house. Mr. Thomas Kidd occupied the chair, and most ably and impartially did he perform the duties devolving to that office. All the candidates addressed the audience, and were well received. The Independents scored well, and made many friends, who will mark their approbation at the polls on the 13th.

Leaving the school house the candidates made their way to Richmond Town Hall, where a stirring meeting was held. There was a large audience present, and great interest was manifested throughout. Mr. O. D. Sweet occupied the chair and made a very excellent presiding officer. Hon. John Robson attended this meeting, and it was the first time he met the other candidates on the platform. Owing to the presence of the honorable gentleman it was expected that a very lively meeting would be the result, but such did not turn out to be the case; everything passed off quietly and without any occurrence worthy of particular note. It was noticed and commented on after the meeting that the Hon. Mr. Robson failed to even refer to his trusty henchmen, Messrs. Kirkland, Henderson and Thompson, except in the general term he applied to all the candidates of "youthful, budding politicians." Not only did the Hon. Premier avoid all endorsation of his supporters in the field, but he also neglected to ask the meeting to assist in electing them at the polls. Mr. Robson asked only for himself, leaving the Government candidates to fight their own battles and secure their own election. These facts were noted by the audience, and not a few comments were made on them.

Mr. Kirkland was the first speaker giving much the same address as that delivered at Ladners on Saturday night. He dwelt principally on the incompetence of the Independent members to assist their constituents in the House, losing, as he claimed, the opportunity to do valuable service to them.

Mr. Punch made his best speech since the canvass opened. He declared the present Government had not done the Mainland justice in many respects, but more particularly in the matter of redistribution. The Government would not pass the Redistribution Bill favored by the Premier, and a compromise was made. The Government candidates contended that there would not be three parties in the House, but he differed with them. There were at present three parties in the Provincial Parliament, namely the Government, the Opposition, and the Premier. (Applause.) Passing on to the cure for the redistribution evil, the speaker advised the electors to send three purely Independent members to the House, and let them assist to pass a good and just redistribution measure. (Applause.)

Mr. Sinclair was the next speaker, briefly reviewing his platform, and pointing out the advantages of sending him as one of the representatives for the District. His remarks were well received.

Mr. Sword took the stand that this District should not return the Hon. John Robson. The Premier was Minister of Mines, and Cariboo was a fit and proper place for him to represent. If the District returned Mr. Robson it would be endorsing his action in the redistribution measure. The speaker asked to be elected as an Independent, when he would be in a position to oppose all unjust legislation and assist all measures of benefit to the country.

Capt. Thompson read his address to the electors, and announced himself an independent supporter of the Government or that portion of the Government which gave the Mainland its just rights. He was afraid the Independents would soon be a part of the Opposition. He asked for a liberal support on the 13th, and felt certain if the electors returned him they would never regret it.

Mr. Henderson came out as a supporter of the Government, which he had supported for eight years, for he believed it progressive and just. He differed with it only on the matter of redistribution. Had he known Mr. Kitchen was going to take the field he would not have come out. He had no confidence in the Independents. If Mr. Robson was defeated Mr. Beaven would be at the head of the Opposition and Mr. Davie at the head of the Government, and all knew what Mr. Davie's views were; if this state of affairs came into existence the country might well go into mourning for four years.

Mr. Kitchen then came forward and was received with hearty applause. He was one of the much maligned Independents, but he could take no other stand. The Opposition had no policy, and he did not know the Government's policy to the Mainland (applause). The Mainland had not been treated rightly; the Premier acknowledged this, but said he could not do better, he was outvoted. If solid supporters of the Government were returned at the coming elections, what better position would the Premier be in to pass a better measure. Again, if Government supporters were returned, it would be endorsing the late redistribution measure. He wanted to go to the House as an Independent, and when the new measure came up he would be able either to endorse it or work against it, as the case might be. He would like to see the Premier returned from Cariboo, for if that gentleman was sincere the election of three Independent candidates would greatly strengthen his hands. As long as the Island retained its present power the Mainland would never get its rights (applause). Some of the candidates favored borrowing money for improvements; he favored it also, but not until the Mainland is strong enough in the House to ensure us a fair share of the money (applause). The money would be borrowed, and the Island would get the largest share of it, but the Mainland would foot the bill (applause). The speaker then touched on the land laws and deprecated the present system of selling immense tracts of land to speculators; the land must be reserved for actual settlers, and a heavy tax put on wild lands (applause). He claimed that the Government's policy of dealing out lands was not right. Private parties claimed to know more of the Government's intentions than the municipal councils (applause). He had heard a great deal about the North Arm bridges, and he thought that if the municipality had had something to say in the matter such a botch of the work would not have been made (great applause). At this point time was called, and Mr. Kitchen was obliged to take his seat, which he did amidst much applause. Calls were made to give Mr. Kitchen more time time, but it was not allowed.

Hon. Mr. Robson took the platform, and said he was glad to see several ladies in the audience.

Capt. Stewart—If we had better roads and bridges we would have brought more. (Laughter.)

Hon. Mr. Robson, resuming, said he believed the franchise should be extended to women, for they would always use it on the right side. He had tried in his weak way to bring the franchise about, but his colleagues didn't agree with him. Mr. Kitchen had said Westminster District did not get back its share of the revenue, and the honorable gentleman went into figures to prove that this was not correct. The Premier then went into the question of redistribution, bringing forward the same arguments that he had used at previous meetings, and declaring that the Government was pledged. The Cabinet was all one on the subject. He termed THE COLUMBIAN and *News-Advertiser* "flappers," and in return was answered by cries of "What about the *World* and *Truth?*" He said he had made promises which he had not been able to carry out, but that was not his fault. The promised Redistribution Bill, however, was another, and he did not think the word of the Government should be questioned on it. He assured the audience that if the Government did not carry out its pledge in this matter he would not remain another day in the Cabinet. (Applause.)

A voice—What about the bridges?

Mr. Robson replied that four years ago the question of building the North Arm bridges had been advanced, and after much trouble on his part the contract had been let. The history of the bridge was too well known to be repeated by him (great laughter). He had a great deal of trouble to get the money for the bridges; never worked so hard for anything, and no one was more grieved about the accidents that had befallen them than he was. But he considered himself free from any blame in the matter; it was not his department. It was the intention of the Government now to make these bridges permanent and excellent structures. The hon. gentleman then touched on the wild lands tax, the exempting of homesteads from taxation to the amount of $500, and questions relating to public improvements. He claimed that he was being constantly misrepresented. Mr. Brown, a young and budding politician at Westminster, a few nights ago had made statements concerning him which were not borne out. While Mr. Brown was speaking on the MECHANICS' LIEN LAW a gentleman in the audience rose and asked him if he had ever read the act, and Mr. Brown replied "no." And this was the sort of man opposing him. THE COLUMBIAN, however, said Mr. Robson, had taken good care not to publish that.

Mr. Glover—THE COLUMBIAN did publish it. It said, I think, that Mr. Brown said he had not read the act, but would give it careful study.

Mr. Robson—Yes, but that was put in another part of the paper.

Mr. Glover—No sir, in the same column.

Mr. Robson referred no more to this matter, but passed on to election matters, and asked to be returned, but said, of course, if the electors wished to return some of these untrained youths he would leave them, and not with very hard feelings.

Mr. Kidd then put a few questions to the Hon. Gentleman concerning the bridge, which the Premier endeavored to answer, but very little information resulted therefrom.

Mr. London asked if it was the Government's intention to build a trunk road across the Island. Mr. Robson replied that assistance to the road would be given.

Mr. Kitchen asked Mr. Robson if he was aware that all candidates pledged to the Government had declared at Langley that they did not believe the Government sincere in its promises.

Mr. Robson—They are a nice lot. (Laughter.)

A few more questions about the bridge were put to Mr. Robson, which affected him so badly that he finally said: Dear me, one would think I was responsible for the accidents.

After passing a vote of thanks to the chairman, the meeting adjourned.

NORTH ARM NOTES.

(From Our Own Correspondent.)

NORTH ARM, June 10.—On Sunday evening Rev. Mr. Thompson closed his pastorate in this place. The church was filled with an attentive and appreciative audience. The sermon was appropriate, and was delivered in an earnest and impressive manner. Rev. Mr. Wood is expected to arrive to-morrow.

On Wednesday of last week a public meeting at Richmond Town Hall was addressed by the three Dominion candidates, Messrs. Corbould, Townsend and Ladner. There was a very good attendance. Reeve Sexsmith occupied the chair. After each of the candidates had spoken the electors were given an opportunity to ask questions if they wished to do so. Mr. Sweet asked for their opinion on the temperance reform, but not prohibition. Mr. J. C. Vermilyea followed with a few well-put remarks, regretting that not one who was now seeking election was willing to take a stand for prohibition, and expressing the opinion that a man who takes his glass would not make a very strong advocate of temperance.

Dominion politics, however, are snowed under by the appearance of the Provincial canvassers in a body. Last night the hall was filled with a representative audience, who listened to addresses from the nine candidates in the field in this District. The eight who are canvassing together drove from the South Arm; during the afternoon, they called at several of the farm houses, inspected the bridges, etc., until the time appointed for the meeting, after which they proceeded to Vancouver. Hon. John Robson came down from Westminster and returned thither this morning by steamer. I will not attempt to report the proceedings of the meeting, as the press of Westminster and Vancouver were represented by their own reporters.

PERSONAL.

Mr. and Mrs. Wilson, of Westminster, spent Sunday with friends here.

Mr. and Mrs. D. S. Milligan came down by steamer last night.

Solid Port Moody.

PORT MOODY, June 9.—A meeting of the Provincial electors of the "statutory terminus" was held on Saturday night, which was well attended. Resolutions were passed endorsing the action of the Langley convention, and also endorsing the straight Independent candidates—Messrs. Kitchen, Punch and Sword—by name. Quite a number of Port Moody's citizens spoke at the meeting, and there was not an expression in favor of supporting the Government. The "statutory terminus" will poll a solid vote for the Independent ticket.—COM.

Right of Way.

One of the drivers of public vehicles in Victoria seems impressed with the idea that it is rare fun to run a bicyclist off the street and into the side of the road. The funny drivers then grin with delight to see the unfortunate wheelman making wild efforts to land safely. Perhaps if one of the funny ones was convinced by a healthy fine in the police court that a bicyclist has a right to his side of the street when riding, the trick of running one off the road would not seem so ludicrous.—*Times.*

THE DAILY COLUMBIAN

TUESDAY EVENING, JUNE 10, 1890.

THE VOTING YESTERDAY.

It is a matter for congratulation that, in spite of the strenous and unremitting opposition that has been made to it for the last month or so, the ratepayers passed the essential by-law yesterday by a fair majority. Instead of lying idle for an indefinite length of time—as the opponents of the measure would have had it—eating up the principal with interest, or being squandered incontinently in an ill-considered, half-baked second edition of the hapless North Arm bridges, the great bulk of the railway bonus refund will now be put to immediate and reproductive use. Eighty thousand dollars, with the interest thereon, will be saved to the City and the ratepayers, in the first place, and the well conceived programme of street improvements will be carried right on. A first-class and swift steam ferry, which will make the crossing of the river a positive pleasure—whereas it is now a thing to be avoided, and an intolerable bore, like the measles, or the early Church street worm—will be put on the river between this City and the Surrey shore, just as soon as the boat and approaches can be built and equipped. A rock crushing machine will be procured, and in time all our principal streets will be made hard and beautiful with macadam—"and hun-"dreds of thousands of dollars" thus saved annually in repairs. A fine building, which will be at once a credit and a source of revenue to the City, will be erected on the site of the present "public "library" rookery on Columbia street, and the valuable lot, itself, secured to the City by this means. Thorough soundings and surveys of the river, preliminary to the bridge, are now provided for and will be prosecuted in due order, and other necessary things can be carried out by the City that must be done. Notwithstanding, then, the vinegary grimaces that the Church street organ indulges in this morning, we repeat, the passing of the "Railway Loan Appro-"priation By-Law" by the ratepayers yesterday is a matter for hearty congratulation to every well-wisher of the City.

The "Street-Widening By-Law" is, of course, a comparatively unimportant measure, and while we honestly differ with the verdict which the majority of the ratepayers voting have given on this by-law, we bow to their potent veto, and only hope that they may not regret in the future the action which they have deemed to be wise for the present. We think that every unprejudiced citizen who considers the matter carefully and looks at it fairly, will regret that McKenzie street, at any rate, not have been widened through its whole length to the same width as it has been opened out between Columbia and Front streets. The unsightly projecting "jog" between Columbia street and the fine temple of justice shortly to be erected on Court House Square must ever continue to be an eyesore to every æsthetic citizen. Indeed, to judge by the general expression after the election, the "Street "Widening By-Law" would easily have carried if the Lorne street improvements had not been included in it.

THAT PLEDGING BUSINESS.

Mr. Robson's frequent iterations that he and his Cabinet are pledged to a fair and just redistribution measure after the census—which means, or should mean, of course, if there is anything in it at all, the utter ignoring of the "balance of power" theory in the new Redistribution Bill—shows, at any rate, that he is anxious to have the electors of the Lower Mainland, at least, believe that such is the case, and if the honorable gentlemen persists in this sort of second-hand pledging business he will get himself tied up in a hard knot pretty soon that at some future time he might find it convenient to have a little more lax. In other words, the Premier's repeated protestations that he is pledged, both for himself and the Government, to abolish the "balance of power" theory after the census, may, in the absence of any recorded and proved actual pledge, come to be accepted as the "next best thing," so to speak, by the electors.

As to there being anything in the nature of an actual recorded pledge from the Government to the effect mentioned above, we have conclusively shown more than once that nothing of the sort exists; and, furthermore, that on the most natural and opportune occasion for making such a pledge—to wit, during the important and memorable interview between the Government and the Mainland Delegation, when Mr. Robson was strongly pressed to give such a pledge, on behalf of his Cabinet, there assembled, as well as of himself, he distinctly declined to do so. This can be vouched for by every member of the Mainland Delegation present at the interview, if that were necessary, but even the *Colonist's* report of the interview does not show that any such pledge was given, notwithstanding it has been foolishly attempted to use it for that purpose.

But since Mr. Robson persists in declaring, on the Mainland, that he and the entire Government are pledged, not to impeach the hon. gentleman's honesty or truthfulness, his ideas of what constitutes a pledge may be peculiar. And so, in sooth, it would seem. In the Premier's address to his constituents, which he has hidden away in the little Church street sheet around the corner, he makes the following deliverance on the redistribution queston, which includes what the honorable gentleman, but wily politician, no doubt wishes to be taken as a "pledge":

The reasons and circumstances which led me to give reluctant assent to a temporary measure which I freely admit is unsatisfactory and does not meet the reasonable expectations of this part of the Province, must already be sufficiently familiar to you. I shall, therefore, content myself with stating that, should the result of census-taking next year show such a preponderance of population on the Mainland, as I feel confident it will, myself and colleagues stand pledged to obtain such further legislation as shall bring representation more into conformity with population.

An election address is generally accepted as a carefully prepared and deliberately expressed utterance of the candidate's views and policy. We may therefore conclude that the above is Mr. Robson's idea of a pledge. The intelligent reader will see at a glance that all definiteness is carefully avoided. Mr. Robson himself (influenced by his colleagues, of course) is to be the sole judge—upon himself he takes it—as to whether "the preponderance of population on "the Mainland" which the census shall show shall be "such a preponderance" as to justify the bringing in of a new redistribution bill after the census. Then, note, "myself and colleagues stand "pledged to—" What? Abolish the "balance of power" theory after the census? Not much! "to obtain such "further legislation as shall bring representation more into conformity with "population." This is certainly nice and mild and vague enough to suit the most ardent Island sectionalist.

Will the electors of the Lower Mainland—of New Westminster District—put any faith in such wily evasions and vagaries? We do not think so. We believe they will recognize the fact that the Premier is as powerless to really pledge his Government to a fair redistribution measure after the census, as he was to prevail upon them to put through a half way decent measure last session. And recognizing, and knowing, this, we believe the electors will act upon their knowledge by returning only avowed and undoubted Independent men at the polls, on Friday next, to ensure an unflinching and uncompromising advocacy of their rights in the next Parliament, instead of depending upon vague and shaky promises, which, when the time for fulfillment came, would prove only a fleeting mirage and a bitter mockery. Electors of Westminster District, do your duty on the 13th, like men, and like freemen.

THE DAILY COLUMBIAN

TUESDAY EVENING, JUNE 10, 1890.

Addition to the Zoo.

This afternoon three lively and energetic monkeys were domiciled in a cage at the park, where they will in future be a source of amusement to the children. The monkeys were presented to Ald. Goodacre, chairman of the park committee for the zoo, by Mr. Hall of the rice mills. The gift is duly appreciated by the worthy alderman, who wishes to extend his thanks in this case as in all others where donations to the park have been sent in. If a few more contributions are given, the park zoo will soon be a feature.—*Friday's Times.*

Went up in Smoke.

Says the *Colonist* of Saturday: Promptly, according to the programme laid down, the match was applied to the old steamer Wilson G. Hunt at 4 o'clock yesterday morning, and a few minutes later she was enveloped in flames. The sight was a grand one—every line of the steamer showed against the background of dark green in brilliant distinctness; the waves of fire swept down and up and over the wreck, holding the spectators of the scene magnetized until the last bright fragment of the ruined steamer had sunk into the old hold, from which a pillar of smoke rose like a monument during the remainder of the day.

Hudson Bay Appointments.

Mr. Andrew J. Simpson, for many years connected with the Hudson Bay Co.'s Montreal office has arrived here with his family to assume the duties of chief accountant of the Western Department of the Hudson Bay Co., a position for the past 45 years filled by Mr. Alex Munroe. Mr. Thos. R. Smith, the assistant commissioner, with the retirement of Mr. Munroe, has taken charge of the land department, a very greatly increased burden thereby being added to the responsibilities and hard work of his position. Mr. John A. Andrew, cashier, and Mr. R. Coombe, custom house clerk, both old and faithful servants of the company here, have also very recently severed their connection therewith.—*Colonist.*

Illicit Traffic.

Anyone who might have been strolling along the water front at about midnight, says the *Colonist*, might have noticed a diminutive steam craft, sans lights or signals, glide silently out from one of the slips above the railway bridge and as silently leave the harbor. She was bound for American soil, and her cargo consisted of twenty-eight wretched specimens of the Chinese race, packed like sardines in a box—for five or six persons are all that the little steamer can carry comfortably. It is said that the craft in question has almost as regular a route as the Islander or City of Kingston, and in proportion to her size makes ten times as much money as either of the boats mentioned. Her plan is to land Chinese passengers on or near the American shore, with one white man, who takes the celestials one at a time into Port Townsend or Seattle. Twenty-five dollars each is the fare generally charged, and the business appears to be paying well. Having landed the "exports," the steamer is brought back to Victoria by one man, generally before the peaceful citizen has left his bed.

The Bear Got Loose.

Last night, says the *Times* of Thursday, the pet black bear, "Rats," at Beacon Hill, got adrift from her fastenings, and took a pleasure trip by moonlight alone. Rambling pensively around, enjoying the beautiful scenery of the park, Rats strolled in maiden meditation, fancy free. At length the delicious odor of fresh chicken saluted her delicate olfactory organs, and Rats was keenly alert for game. Investigation into the cause of the smell disclosed to Rats that a coop of chickens was handy in the rear of Mr. Squires' residence. Closer investigation was made by her bearship, and an entrance to the chicken coop was made. Several of the fowl were soon poultry, the sharp claws of Rats being well adapted to catch and kill chickens. She then ate two or three, and her hunger being satisfied, she bethought herself of her mate, Jenny, the Cinnamon bear, who was still fast in the pit. Determining that her mate should enjoy a meal of fresh poultry, Rats gathered up a few of the dead chicks and started back to the pit. The chickens were tossed over to Jenny, who was still tied, and a good feast enjoyed. This morning the stray bear was captured and fastened again in the pit, and the chickens are now safe. The almost human sense displayed by Rats in taking part of the chickens to her mate would entitle her to a vote.

A Stormy Passage.

SAN FRANCISCO, June 7.—The British bark Embleton, which left Liverpool for Seattle a year ago last January, has not been heard of since she left Valparaiso, but if everything turns out right she will arrive before long. When she left Great Britain she had fair winds and made good headway until off the eastern coast of South America. Here she was overtaken by heavy head-winds and was dismantled and beat back to Rio Janeiro, where she put in for repairs. She again started for sea, only to meet with more disasters. She succeeded in rounding Cape Horn, however, after a severe passage, but no sooner did she reach the waters of the Pacific Ocean, than she was again dismasted, and about two months ago she was taken in tow by a Valparaiso steamer and towed into that port. The Embleton had drifted about the seas for about two months before she was picked up. Her provisions and water had nearly given out and but for the timely rescue the crew would surely have had to have left the vessel and try and reach land in the small boats. The last heard from her was that she had been fitted out and had started for her destination once more.

Stanley Pleads for his Subs.

LONDON, June 7.—In his address at the reception given him by the Corporation of London at Guildhall on the 13th of May last, Mr. H. M. Stanley said:—

It has been one of my ambitions to present you with a few young Englishmen to perpetuate the race of African explorers, in whose ranks time has made fearful havoc. Baker, of the Albert Nyanza; Grant, of the Victoria Lake; Burton, of the Tanganyika, are retired veterans. I am fast aging also. But before retiring from the scene a happy feeling possesses me that among other names such as DeWinton, of the Congo —(cheers)—Thomson, of Masailand, and Johnston, of Kilimanjaro, the young gentlemen, Stairs, Jephson, Parke, Nelson, and Bonny, may write Congo, Nile, Ruwenzori, and the triple Nyanzas after their names, clear signs of the splendid fortitude with which they bore privations that sicken us now even at the thought. I would wish that you remembered their services in some more substantial manner than receptions and dinners. Be not like those slippery people whose love is never linked to the deserver till his deserts are past; but join me in hoping that their Government will not chill their young souls with that neglect which first warped poor Gordon after his heroic achievements in China. (Cheers.) And I hope that, though nothing can be done for those who died during this enterprise, you will not deem it unbecoming in me to express my keenest regrets that a harsh fate has rendered it impossible for me to add two more names—those of Barttelot and Jameson—to those of these worthy young gentlemen.

Wanted—An engineer to run portable engine. Apply at once.—F. G. STRICKLAND & Co. *tc

TAKE NOTICE.

AS I AM CLOSING OUT MY BUSINESS, all accounts due by me will be settled, and all accounts owing me must be paid, on or before Tuesday, the first of July next. All accounts not paid by that date will be put in the hands of a collector. JAS. ROUSSEAU.

djn6td

NOTICE

NOTICE IS HEREBY GIVEN THAT 60 DAYS after date I intend making application to the Chief Commissioner of Lands and Works for permission to purchase the following described lands situate in Howe Sound, District of New Westminster, viz.:

(1). The island known as Centre Island, situate due south of Anvil Island.

(2). The two small islands known as Twin Islands, situate south of the S.-W. point of Gambier Island.

(3). Also a tract commencing on the West shore of Howe Sound, about due north of Woolridge Island, thence West 20 chains, North 40 chains, East to shore line, thence South-Westerly along shore line to point of commencement, to include the two waterfalls, and containing 160 acres more or less.

8. Leather and Findings for Shoe Shop, detailed lists of which can be obtained on application at the Penitentiary.
9. Drugs and Medicines.

Neither the lowest or any tender necessarily accepted.

Samples may be seen and blank forms of tender obtained on application to the Accountant at the Penitentiary, between the hours of 9 a.m. and 5 p.m. daily.

No tender will be considered unless on these blank forms.

Imperial weights and measures required.

All articles supplied to be of the best quality.

ARTHUR H. McBRIDE,
Warden.

New Westminster, B. C.,
May 19th, 1890.

PROPOSALS

THE CORPORATION OF THE CITY OF New Westminster having acquired a Crown Grant of a portion of the easterly end of Lulu Island, now known as Lot 757, Group I, New Westminster District, in consideration of which it has given bonds to carry out certain works on and about said lands, proposals are hereby invited for the performance of the aforesaid works, which are as follows:

1. To erect and maintain a good and substantial traffic bridge, with draw, suitable for passengers and waggons, between said lands and that portion of the City of New Westminster which is situate on the north bank of the Fraser River, said bridge to be constructed in accordance with plans and specifications approved of by the Chief Commissioner of Lands and Works;

2. To construct and keep in repair, to the satisfaction of the Chief Commissioner of Lands and Works, a good and substantial waggon road, not less than twenty feet wide, from said bridge through Lulu Island to the boundary of the Municipality of Richmond;

3. To construct all canals, drains, ditches, and dykes necessary for draining the Government Reserve;

4. All said works to be completed to the satisfaction of the Chief Commissioner of Lands and Works for the time being.

Persons proposing to construct and maintain the works above set out are required to submit plans and details of work they propose to do, and state toll (if any) proposed to be charged on the bridge; also to state date on which they will have the works completed; and to state the least quantity of land on said reserve they will take in full consideration of said undertakings, and the person whose proposal is accepted (if any) will be required to give security to the satisfaction of the Corporation for the performance of said undertaking. Proposals will be received at the City Clerk's Office, up to 4 p.m. on Monday the 30th day of June, 1890, and must state the nature of the security proposed to be given. Tenders to be marked "Tender for Lulu Island."

The lowest or any tender not necessarily accepted.

D. ROBSON,
City Clerk.

New Westminster, May 19th, 1890. dmy22td

Railway Loan Appropriation By-Law, 1890

A By-Law to enable the Council of the City of New Westminster to appropriate to other purposes a portion of the $155,000 borrowed under authority of the "Railway Bonus By-Law, 1889."

WHEREAS, UNDER AUTHORITY OF A certain by-law entituled the "Railway Bonus By-Law, 1889," passed by the Council of the City of New Westminster on the 14th day of October, 1889, the sum of $155,000 was borrowed for the purpose of assisting the Southern Railway Company by a bonus and otherwise;

AND WHEREAS the said sum of $155,000 has been placed on deposit in the Bank of British Columbia, where it now is;

AND WHEREAS the said Southern Railway Company has relinquished all claim to the said sum of $155,000, or any part thereof, and the said sum is not required for the purposes for which it was borrowed;

AND WHEREAS a by-law entituled the "Street Improvement Loan By-Law, 1890," empowering the Mayor of the said city to borrow the sum of $80,000 for certain street improvements, received the assent of the electors and was passed on the 28th day of April, 1890, but no debentures have been made or issued under authority of the said by-law;

AND WHEREAS it is expedient that a portion of the said sum of $155,000, namely the sum of $139,000, should be applied to public works and objects other than those for which it was borrowed:

THEREFORE the Mayor and Aldermen of the City of New Westminster, in Council assembled, enact as follows:

1. The "Street Improvement Loan By-Law, 1890," is hereby repealed, and no debentures shall be made or issued thereunder.

2. It shall be lawful for the Council to appropriate and apply $139,000 of the $155,000 borrowed under authority of the "Railway Bonus By-Law, 1889," to the works and objects hereinafter set out, that is to say:—

(a) The sum of $80,000, intended to be borrowed under authority of the said "Street Improvement Loan By-Law, 1890," together with the sum of $2,000 expected to be realized as premium on the debentures proposed to be issued under said by-law, making in all the sum of $82,000, may be applied to the improvement of certain streets and the formation of a Contingent Reserve Fund, as set out in the said "Street Improvement Loan By-Loan, 1890," and the said sum of $82,000 shall be used only for works and objects mentioned in the said by-law, and shall be applied under the exact conditions therein set forth, as if the said by-law was still in force.

(b) The sum of $20,000 may be applied towards the establishment of an efficient Steam Ferry across Fraser River at the said city and the erection and equipment of such wharves and ways as may be necessary in connection therewith.

(c) The sum of $1,500 may be applied to the making of preliminary soundings and surveys and to the doing of other things necessary to ascertain the approximate cost of the construction of a traffic bridge over Fraser River at the said city.

(d) The sum of $5,000 may be applied to the procuring and equipment of a Rock Crushing Machine for the use of the said city.

(e) The sum of $4,000 may be applied towards the cost of procuring such lands as may be necessary for the extension of Columbia street towards the western limits of the city, and towards the procuring of a right of way for the Southern Railway.

(f) The sum of $2,500 may be applied towards protecting and improving that tract of land within the said city known as the Pleasure Grounds.

(g) The sum of $4,000 may be placed to the credit of the general revenue of the city, being the sum paid out of general revenue for the purchase of the ferry charter.

(h) The sum of $20,000 may be applied to the erection of a suitable building on Lot 2, Block 14, in said city and the equipment thereof as a public library, reading room, lockup, and police offices.

3. In the event of its being found that any of the sums appropriated under sub-sections b, c, d, e, f, and h, of Section 2 of this by-law are greater than may be required for the undertakings therein set out, it shall be lawful for the Council, by resolution, to apply the surplus remaining from any such appropriation to any of the other undertakings mentioned in said sub-sections if required for the efficient execution of the said undertakings; and if there should remain a surplus after the undertakings specified in said Section 2 have been completed, such surplus may be placed at the credit of the general revenue of the city and may be applied in any way the Council may by resolution lawfully determine.

4. This by-law shall come into force on the 19th day of June, 1890.

5. This by-law, before the final passing thereof, shall receive the assent of the electors of the city in the manner provided in the "New Westminster Act, 1888," and amending acts.

6. This by-law may be cited as the "Railway Loan Appropriation By-Law, 1890."

Read a first time on the 28th day of April, 1890.

Read a second time on the 5th day of May, 1890.

Received the assent of the electors on the 9th day of June, 1890.

Read a third time and passed on the 9th day of June, 1890.

The Railway Loan Appropriation By-law was passed by the council last night.

Mr. W. H. Vianen is having four fine small boats built for service in his business.

The str. Delaware arrived to-day from Chilliwack with an extra heavy load of freight and many passengers.

The str. Irving left this morning for up river ports with a heavy cargo of freight and a large number of passengers.

Messrs. Mowat & Sloan have some choice 1-acre and 2½-acre Brownsville lots for sale. Prices range from $80 to $250 per acre. *tc

Capt. T. O. Townley, No. 1 battery, B.C.G.A., has passed his first grade A. examination and has been notified to effect from Ottawa.

The Cunningham block on Front street will be finished pretty soon. It is a very handsome building and will be an ornament to that thoroughfare.

The str. Gladys arrived from up-river to-day with a heavy cargo of freight, among it a large quantity of brick from Port Haney. There were about 25 passengers.

Rear Admiral Hotham—"the new admiral"—took command of the North Pacific squadron at Coquimbo on the 29th of May. He is now proceeding toward Acapulco.

We have been asked to state that the lots stated yesterday to have been sold in Liverpool, were not sold in Rand Bros.' Liverpool proper, but in an addition to Liverpool.

The city brass band will have their first grand musical parade on Friday evening, weather permitting. Everybody may make sure of a treat as the band play wonderfully well.

Those who would enjoy a social evening should not forget the strawberry festival at the Methodist church to-morrow evening. Great preparations are being made and a splendid time is anticipated.

MR. J. C. BROWN having been urgently requested to do so, will again address the Electors of the City on Wednesday evening, June 11, at 8.15 o'clock, at the Opera House. Mr. Thos. Cunningham is invited to be present. *t3

The following typographical error crept into our report of the second resolution passed at the school meeting yesterday; the fourth line, reading "the result of their labors are subjected," should have read "the results of their labors are," etc.

"Steamboat," the celebrated C. P. N. dog, indulged his organ of combativeness this morning by "piling on to" a canine personal enemy in a particularly outrageous manner; the attacked dog won the fight and licked Steamboat, and Steamboat is now licking himself.

Some time ago it was announced that the agent of the Dominion Department of Finance had received a large amount of silver specie of the different denominations, and the question is asked, how long will it be before it begins to reach the hands of the public?

The final tests of the repairs to H.M.S. Amphion are now completed, and recoating is being done. This finished and a full supply of coal taken in, she will be ready for sea. She will be floated probably Tuesday and is ordered to leave the dock on Saturday next.

Two ardent workers in the election campaign went over to Blaine this morning in a buggy to work for Cunningham among the men who have votes over there. A gentleman who has little or no interest in the fight, referring to the two workers mentioned above, was remarking what metamorphoses a little money can work.

Annie, a klootchman, was fined $25 this morning in the police court for having indulged in the solemnity known as *hyu potlum*. Being unable to liquidate on the spot she was remanded for sentence until to-morrow. Annie described herself as the "cultus widow" of Siwash Smith, and in reply to the question as to whether she was angry with the police for stopping her whisky, she answered, "You bet."

A number of young men have been practicing sprint running down on one of the sawdust streets for the past week or so. Some of them have made remarkably good time at the 100 yards dash and one of them especially has come interestingly close to the coveted 10½ seconds. A young fellow who has lately arrived here from Nanaimo and who enjoys the reputation of being a "flyer," was taken down to the sawdust last night and matched against the local runner. The Nanaimoan won the first trial but was badly beaten in the others.

One of *Truth's* gentle "rushers into print" gets out on the warpath this morning and raises a terrific fuss in his teapot of a letter over the mild and reasonable suggestion that the Brunette river might be thrown open for the use of the public, to whom it belongs and who want it, if all that is said is true. After a great deal of deep, deep thought and "midnight oil burning," it has been decided, by the item-writer, to allow the mills to remain where they are. So *Truth's* correspondent with the elastic imagination and choice vocabulary can dry his tears and hang this piece of consolation on his penny trumpet and not startle the whole community with his rumors of war any more.

Capt. Thompson Explains.

Capt. Thompson claims that he was misreported in his speech at Ladner's, that he did not say he "threw the lie in his teeth," but that he "threw the base insinuation in his teeth," referring to our war correspondent. Our correspondent says that he is willing to admit that Capt. Thompson may have used the expression "base insinuation" instead of "lie."

"Gall."

For calm, cool, imperturbable impertinence, or, as the Yankees say, "monumental gall," few things, perhaps, could compare with the "cheek" of several young men, who, while walking along the eastern part of Columbia near Merivale street, Sunday forenoon, observed a cluster of beautiful roses overhanging a garden wall, and coolly tore off several bunches of them to adorn their own persons therewith. It is to be doubted if the owners of the flowers intended them so hang over the wall *pro bono publico*, besides the blossoms were not so near that they could be reached without a good deal of stretching and trouble. Owners of gardens scarcely care to see their choice flowers plucked by Tom, Dick and Harry; this species of petty thieving is most exasperating, as the fellows who steal the flowers invariably do much more damage to the bush or shrub than the mere severing of the flower stem. The police are supplied with this "pointer" gratis.

Ch'ldren Cry for Pitcher's Castoria.

Cricket.

As usual some of the gentlemen chosen by Messrs. Raymond and Brine, for the cricket match on Saturday afternoon, did not show up, much to the disappointment and disgust of those who did, and to avoid a complete failure of the afternoon's amusement sides were chosen by Messrs. Clinton and Ransome from those on the field. The following comprised Mr. Ransome's team: Irwin, Raymond, Wylde, Gifford, Vidal, Brine, Woods, Poingdestre and Ransome, while in Mr. Clinton's team were: Coulthard, Newington, Greame, Bell, Barry, Cross, Power, Walker and Clinton. Though the bowling was not up to the usual mark, there was some good batting done, with the result that Mr. Clinton's team came out victorious by 21 runs. It is earnestly requested that the members of the club should turn out to the Tuesday and Thursday practices in order to be in trim for the various matches which will shortly take place with other teams in the Province, otherwise there will certainly be a division among the members of the club.

What Does it Mean?

At Brownsville, on nomination day, Hon. Mr. Robson adjured the electors of the District to return two Government supporters, with himself, or he could not continue to represent them, but would be obliged to say "Good-bye!" In the Premier's address to his constituents, which we have discovered hidden away in *Truth*, he repeats the same thing, only "toned down" a little, as follows: "I have only one stipulation to make: "Should you return me, I have to ask "that you will elect as my colleagues "two men who will assist, instead of "hinder, me in working for the good of "the District." The very first occasion on which Mr. Robson met his constituents in a public meeting, viz., at Richmond last (Monday) night, he not only asked only for his own election, and utterly ignored the candidates who are supposed to be on the Government ticket, but, as will be seen by the report elsewhere, stated in effect that he did not care if the electors of the District should return Independent men. Nevertheless, Mr. Robson has been doing his utmost to defeat the Independent candidate in this City, Mayor Brown, and likewise, Mr. Cotton, in Vancouver. What are the independent and intelligent electors to make of such inconsistency and shifting?

Political Meeting at Sapperton.

Mr. Thos. Cunningham held a political meeting at Sapperton last night, in the dining room of the Brunette Sawmills. For some reason, best known to himself, Mr. Cunningham gave no public notice of the meeting, and it was only by accident that many heard of it. The mill's dining room was pretty well filled, and Mr. Cunningham entertained his hearers with an account of his stewardship, which was very nearly a repetion of his speech in the Opera House in this city about two weeks ago. Owing to the overcrowded state of our columns we are unable to give anything like a report of what Mr. Cunningham did say.

After Mr. Cunningham had finished, Mr. Cruikshanks, lately from Winnipeg, told the audience what he knew about lien laws, and endorsed Mr. Cunningham's action with respect to the act in the House.

Mr. J. B. Kennedy said that it did not look well for Mr. Cunningham to hold a meeting at Sapperton, as he had done, without inviting the other candidate. Mr. Brown had given some days' notice, and had invited Mr. Cunningham to his meeting. He hoped Mr. Cunningham would attend Mr. Brown's meeting, when questions would be discussed on both sides, to the general satisfaction. The speaker said no doubt Mr. Cunningham had done his best, but a better man was out, and he was bound to support him. He ventured to say there wasn't a man in the Province that could have handled himself the way Mr. Brown had done when down on the delegation to the House last session, in regard to the Restribution measure; he had to contend with the smartest men in the House, but he was equal to the occasion.

After a vote of thanks to the chairman, Mr. Jas. Montgomery, the meeting adjourned.

PERSONAL.

Capt. Clarke, of Port Moody, was in the city to-day.

Capt. E. S. Scouller, wife and family, Miss McColl, Miss Reece and Miss Maggie Lewis, returned to-day from Harrison Hot Springs.

Rev. Mr. White preached his farewell sermon in the Methodist church on Sunday last, to a large congregation, and will leave for Victoria, with his family, on Thursday next, for his new field of labor.

CORRESPONDENCE.

PICKWICK ANSWERED.

EDITOR COLUMBIAN:—*Sir*:—I noticed a communication signed "Pickwick," in Saturday's COLUMBIAN, in regard to the social at St. Leonard's Hall. I was one of the crowd that stood around the doorway and on the sidewalk, and I will tell "Pickwick" why we did it. It was because the 58 ladies present, with the tables that they sat around, occupied the entire hall, so that there was no room inside, for the 32 gentlemen. The men do not like to stand in front of the ladies, neither do they like to sit at a small table where there are four or five strange ladies; it looks like intruding on a small private party. I think they will have to give up the drawing-room arrangement if they want to get the men inside. SIDEWALK.

New Westminster, June 9, 1890.

PORT HANEY BRICKS.

[*From Our Own Correspondent.*]

PORT HANEY, June 8.—It commenced to rain here again this morning about six o'clock.

Crops throughout the municipality are looking exceedingly well.

The various young orchards are doing better than for years. Only a few complaints are made, and these seem to be the fault of certain land not being so well adapted to fruit.

The candidates will all be here the evening of the 11th, when we will get our last volume of promises, which, it is said, will be superior to all former ones, inasmuch as they will be gilt-edged and bound in cloth.

The candidates for the Commons vacancy addressed the electors at the town hall last week. Mr. Corbould, it was to be seen, is the people's choice, as he carried the house by storms of applause, while the other candidates awakened very little interest from the audience.

Dr. Fagan was up here on Thursday of last week, to attend one of Mr. White's children, which we are glad to note is improving.

An Ill-Smelling Spot.

The *Colonist says*: Now that the proposition of filling in the James Bay mud flats has again been brought forward, a prominent contractor, who knows what he is talking about, suggests that the best way to do the work would be by dredging outside of the line of the retaining wall. It is estimated that 30,000 cubic yards would be required to level the flats to high water-mark, or 70,000 yards to a good building level. With the new dredger ordered by Mr. R. P. Rithet the work could thus be done in 30 or 70 days, and the doubly good result would be achieved—the flats would be filled in and the harbor proportionately deepened.

A lot of important matter of all sorts has been crowded out to-day.

CITY COUNCIL.

The City Council met at 8 Monday night for the transaction of business. Present—Aldermen Smither, Shiles, Hoy, McPhaden, Johnson and Batchelor.

His Worship Mayor Brown in the chair.

The minutes of the last meeting having been read and adopted the following

COMMUNICATIONS

were dealt with:

From W. S. Gore, surveyor-general, acknowledging receipt of council's letter, stating that they proposed extending Columbia street to Front street across a certain water front and that the Provincial Government grants permission to occupy said water lot so far as in its power. Received and filed.

From the department of marine and fisheries, asking for a sketch of the proposed traffic bridge and description of the exact spot it is to be erected to see whether navigation may be interfered with. Received and clerk instructed to reply.

From. Wm. Johnston, informing the council that the various lodges of Orangemen in the Province meet in Westminster on July 12th to celebrate their anniversary, and asking on their behalf the exclusive use of the Queen's Park grounds and all buildings thereon for the purpose of holding the said celebration; so that they can preserve good order and prevent the introduction of intoxicating liquors. Application granted.

From H. O. Jones, asking the city clerk's endorsation of the bill remitting his taxes on account of illness.

Ald. McPhaden said Mr. Jones was evidently mistaken, as a promise only had been made that he would not be pressed for the taxes until he was in a position to pay them. Referred to the special committee to report.

From Mrs. Jas. Fraser, stating that the nuisance she has complained about had not been removed and asking abatement immediately.

Ald. McPhaden said the nuisance consisted of horses stamping in a stable three feet from where the people slept.

Ald. Hoy said it was a great nuisance. The woman had a right to complain. A bullock had been killed last year and the head lay there yet, rotting. Referred to the police committee with power to act.

From Jas. Wise, making application for a lease of water lot 38, Lytton Square. Received.

Ald. McPhaden advised the laying over of this communication until the Leases By-law had been disposed of; seconded by Ald. Smither, and carried.

From Wilson & Wise, asking permission to remove buildings from Court House Square. Granted.

From Turnbull & Working, asking permission to lay building material on Mary and Melbourne streets. Granted.

From J. Anderson, asking permission to open up Royal Avenue to lay a water pipe. Granted.

From J. A. Calbick, asking street lines on Clement and Blackwood streets. Granted.

From A. R. Green, asking for grade and street lines at Sapperton. Granted.

From the Returning Officer, D. Robson, reporting on the Street Widening By-law and the Railway Loan Appropriation By-law. Received and filed.

From C. G. Major, stating that he had audited the corporation books, and enclosing the customary treasurer's statement. Received and filed.

A petition from the ratepayers of ward 1, asking that the pound regulations be extended to south Melbourne street, signed by eleven ratepayers. Referred to Police Committee to report at next meeting.

ACCOUNTS.

J. Trim, 3 loads of dogs to pound, $1.50; Sulley & Bryson, repairs, $3.00; City scavenger, removing dead dogs, $1.00; A. S. Smith, $13.80; Geo. Bishop & Co., $37.00; Mathers & Milligan, $25.08; H. Kennedy & Son, £185. 19. 11.

The Board of Works recommended that the street line fees from May 1st. be paid to the City engineer in addition to his salary; also that the following tenders for street work be accepted: John Patterson, clearing and grading Fourth Avenue, $3,500; also that the sum of $200, if found necessary, be taken from the general revenue as the sum total in the by-law is not sufficient to do the work on Fourth Avenue; also the acceptance of the tender of D. L. Smith for clearing and grading street. George street from Third to Sixth Avenue, $2,000.

REPORTS.

Ald. Johnson verbally reported on the broken bell at the Begbie street fire station. This was found to be a case of urgent necessity and that it would be advisable to take steps to get a bell here at once. When thinking the matter he remembered that the locomotive bells can be heard all over the city and he thought it would be a good idea to try to borrow one of them for a time application had therefore at once been made to the general superintendent of the C. P. R. at Vancouver, and he unhesitatingly said yes, and sent over a brand new bell that had never been used. Ald. Johnson thought that the bell could be purchased from the railway company if found suitable, and he proposed putting the bell in the fire tower at once.

He thought that the C. P. R. was entitled to the best thanks of the Council for their prompt and generous action in the matter and he moved a vote of thanks to them; seconded by Ald. Smither and carried.

The committee on cab stands, Ald. Shiles, verbally reported that the best way to proceed in the matter was to direct the police to have cabs stand in single file along Columbia street. This report was adopted.

Ald. Hoy reported verbally on Mrs. Batt's application for street improvements. He said it was a very small matter and could be covered by an outlay of $30 or $40, and he advised the job done as soon as possible. Adopted.

Ald. Johnson reported verbally on the application of the Bicycle Club for assistance in constructing a racing track. The bicycle men wanted the track made close up to the grand stand and the bottom or dip at the south extremity of the course levelled up a little and the track when once made kept in good order. Mr. Latham had given them an estimate that the whole affair could be done for $200, and as the club was not able to do anything themselves at present he thought this might be advanced by the Council.

Ald. Hoy said it was simply a matter of extending the present grounds and as there is money enough now he recommended the requested expenditure. Referred to the Park Committee.

His worship said that while they were on the subject of the park he would like to see some one of the aldermen bring in a by-law for the preservation of the park. It had lately been reported that a number of boys and careless persons had deliberately trampled over flower beds which had been newly laid out, and it was too bad that the work of the gardener should be ruined by the carelessness on wantonness of boys and other persons. He would like to see a by-law introduced providing a suitable penalty for such offences. The city did not want to see people smashing all the pretty work at the park after it had been produced with so much care.

BY-LAWS.

On motion the Street Conveyance By-law was read a first time.

On motion the Railway Loan Appropriation By-law was read a third time and passed.

RESOLUTIONS.

Moved by Ald. Hoy, seconded by Ald. McPhaden, That the Board of Works be authorized to take immediate steps towards getting a sufficient ferry boat and approaches for the Fraser River crossing.

Council adjourned at 9 o'clock.

Wanted—An engineer to run portable engine. Apply at once.—F. G. STRICKLAND & Co. *tc

Naval Deserters.

Very rarely, as rarely as a maiden assize, says the *Colonist*, does it occur that a man-of-war serves her time on a station and takes home her full complement of men. The Amphion has been by no means any exception to the rule. Since she has been on this station some forty men have deserted her, thinking they could do better in a young country where plenty of scope offered itself for hardy, steady men, and where they will do incalculably better than serving in the routine of ship life. There have been several recaptures, but a subsequent and successful attempt has been made in each case and the men secured freedom. Two more were added to the list Thursday evening. News has been received that they have entered Uncle Sam's domain and resolved, pro tem at least, to cast in their lot with the starry republic of the West. Both men got away before, but were recaptured and imprisoned; this, however, has apparently not deterred them from a second attempt.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Tenders for a License to Cut Timber on Dominion Lands in the Province of British Columbia.

SEALED TENDERS, ADDRESSED TO THE undersigned, and marked "Tender for a License to cut timber" will be received at this Department until noon on Monday, the 15th day of September next, for a license to cut timber on a berth situated on the Columbia River, in the Province of British Columbia, described as follows:—

Commencing at the Northern boundary of Timber Berth No. 10, thence Northerly along the Columbia River ten miles, by a depth of five miles westerly throughout from the river, and containing an area of 50 square miles, more or less.

The regulations under which a license will be issued, together with a sketch showing approximately the position of the berth in question, may be obtained at this Department, or at the Office of the Crown Timber Agent at New Westminster.

Each tender must be accompanied by an accepted cheque on a chartered Bank, in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for the license.

No tender by telegraph will be entertained.

COLUMBIAN SUPPLEMENT.

VOLUME VIII. NEW WESTMINSTER, B. C., JUNE 10, 1890. NUMBER 109.

TO THE ELECTORS

—OF—

New Westminster District.

GENTLEMEN:—In view of the near approach of the election to fill the vacancy caused by the death of our late representative (the much-respected D. Chisholm) and as I have stated in my card to you that I am a candidate for that honor, I will now lay before you some of my views on the leading questions which I consider will arise in the near future for consideration.

I have been asked what I mean when I announce myself as a Liberal-Conservative; I reply, "That by nature and education I am a Conservative, but a residence of over 30 years in this Province and much intercourse with our American cousins has had the effect of changing many of my views, and given me liberal ideas, therefore I claim I am a Liberal-Conservative." Owing to the fact that party lines are not defined in British Columbia as they are in the older provinces, I consider that our representatives are not in duty bound to give a *through-thick-and-thin* support to any party, but they should go to Ottawa prepared to give a generous support to all GOOD measures which may be brought before them, and to consider the prosperity of the Dominion as a whole, but our own Province in particular, and should a measure come before them which they consider in any way detrimental to the interests of this Province they should take their stand like true men and vote against it.

I am opposed to a certain extent, to the Tariff, or National Policy as applied to British Columbia. We are a long way from the centres of manufacture in the East, and many articles of every-day use to our Farmers and others, and which we cannot produce at home can be obtained more readily and at shorter notice from our near neighbors over the line, and in many cases the articles are better adapted to our needs than those brought from the Eastern Provinces; in fact, much of our Farming and Mining Machinery, Wooden Ware and other articles are brought from the States, although the duties are so heavy. Again regarding our food supply; we do not raise enough to supply our wants, and are obliged to cross the border for it, and are met with such heavy duties that heads of families in this Province pay more than ten to one compared to their compeers in Eastern Provinces. We have had example to the point during the last three months. If we had not received a good supply from California there would have been a meat famine; as it is we are now and have been paying 25 cents per pound for mutton, which is more than ordinary mortals like to pay, and the same state of affairs is likely to obtain again after any long and severe winter, for in spite of "Protection" for the last eleven years our stock raisers are little better prepared to meet hard winters than they were before, and to my mind the only ones who have reaped the benefit of the N. P. are the manufacturers. As a true Britisher I should like to see "Free Trade," but as that seems out of the question, I would advocate "Reciprocity" in many articles which are at present in the Tariff lists, as I think it would be beneficial to both countries, and the working man would not have to go down so deep into his pockets to buy what he needs to eat and wear. I am aware the Government must have a revenue to carry on the affairs of the country, but I would have "luxuries" pay more and get at the pockets of the richer classes who can better afford to pay taxes.

Owing to the long continued sickness of the late Mr. Chisholm, he was unable to be in his place this session, and very little during the previous one, so we of this District have been practically unrepresented, and our local wants have not been brought before the notice of the House. Had he (Mr. Chisholm) been in his seat, I do not think the Postmaster-General would have been left so much in the dark concerning the necessity of regular mail facilities on the Lower Fraser as he seems to have been when he proposed to cut off the mail subsidy from that important route, and there are other places in the District which need better postal facilities, which I consider should receive that gentleman's earliest attention.

I hope that in the near future our District will reach that point that we may look for it to be divided and receive another representative. At present I think it is the largest constituency in the Dominion, extending over 1500 miles of territory, and when the census returns are in I think the necessary number of population will be found to demand such additional representation.

The protection of the river banks at Chilliwack, Sumas, Burton's Prairie and other places should receive my earnest attention, also the works for improving the channel at the Sandheads, in view of the expected increase in our shipping interests.

I consider the Province should have control over all railway charters and privileges within our borders.

Our Fishing interests, being of such great importance to this District in particular, I feel should receive more than ordinary attention.

I would urge the cutting of a canal through the Delta lands from the mouth of the Serpentine to Fraser River, also to enquire into the question of cutting one from the Fraser River to Port Moody, which has often been suggested to me.

Immigration, I consider, should be fostered, and encouraged judiciously. Just at present it is coming here fast enough; I would not like to see a large influx pour in at once, as many would be disappointed and go away disgusted and probably give our glorious Province a bad name.

There are many other matters I should like to touch upon, but it would make this address too long. I hope to see as many as possible before the election, when I shall be prepared to lay my views more fully before them and answer any questions. As soon as possible after the arrival of the writ I will arrange for a personal canvass and will send due notice of time and place of meetings.

During my long residence in the Province I have travelled through much of it, from Victoria to Cariboo, and have noted its growth and requirements, therefore, I feel fully competent to bring such matters before the notice of the House in a practical, business-like manner.

Should I have the honor to be elected I assure you I shall watch over the interests of this District faithfully and to the best of my ability, not forgetting that I also go as a true British Columbian and to do my duty as such.

Yours faithfully,

WM. B. TOWNSEND.

Parliamentary Election, 1890

To the Electors of New Westminster District:

GENTLEMEN:—Having been requested by a large number of electors of this District to offer myself as a candidate to represent you in the House of Commons, to which request I have much pleasure in complying, I beg to state that should you do me the honor to elect me as your representative whilst giving the present Government my free and independent support, I would do my utmost to favor the following amongst the many measures that I consider would be beneficial to the interests of this Province and the Dominion at large.

To urge the further improvements of the navigation of the Fraser and other rivers, the protection of their banks, the improvement of any harbors in this District, and the construction of canals where necessary for the purpose of allowing farmers and others every facility to reach market.

To encourage agriculture by protecting all such articles as can be produced in this Province, and to lower duties on all that cannot, and which are absolutely the necessaries of life, and increase the tariff on luxuries so that the consumer would be even taxed less than at present.

To increase the representation in proportion to the wealth and importance of this District.

To increase and have adequate mail service to all portions of the Province and free letter delivery in cities.

No diminution in the Chinese Restriction Act.

To have the Fishing Regulations amended to meet the requirements of this Province.

To have a Dry-Dock constructed at some suitable point on the Mainland to meet the growing demands of this District.

To urge the exchange of Lands in Peace River for the Lands in the Railway Belt;

And that Mining Machinery be admitted free of duty until such is manufactured in the Dominion.

To appoint efficient Immigration agents in all important localities.

To urge the Dominion Government to contribute to make Roads and Bridges through Dominion lands.

To urge immediate aid in any measure to prevent the overflowing of Dominion lands in this Province and to reclaim those subject to inundation.

Having been a resident of this District for over twenty years and knowing its requirements, I should be in a position to advocate your interests, and also my having had the honor to be your representative for the last four years in the Provincial Legislature would place me in a position of knowing something of Legislative routine.

I hope to visit each polling station during the canvass and more fully explain my views on the various topics of the day, which would be impossible to do in a short address.

I have the honor to be,

Gentlemen,

Your obedient servant,

dwmy13tc WM. H. LADNER.

TO THE ELECTORS

—OF—

New Westminster District.

GENTLEMEN:—As I have already announced, I beg to offer myself as a candidate for the seat in the Commons made vacant by the death of our late member, and I come before you as a supporter of the Government of Sir John Macdonald, reserving to myself, of course, the right to act independently should the action of the Government in any matter seem prejudical to our interests.

I would strongly urge immediate attention to the improvement of the River where required, for the protection of the rich agricultural lands of the District, and if elected, I shall at once proceed to Ottawa and leave no stone unturned to secure the immediate appointment of a competent engineer with a view to the prompt undertaking of this most important work.

As you are aware, the duty on certain kinds of mining machinery has been remitted in this Province as a special concession to British Columbia on account of the special conditions obtaining here. I would strongly urge the further application of this principle of special tariff arrangements, so as to relieve consumers of goods which must be imported, while preserving the protection of our agricultural and other interests.

The land laws of the Dominion, having been framed without close consideration of our requirements, are in many points unsuitable, for example in the conditions as to clearing. I would endeavor to secure immediate reform in this important matter.

Subsidies having been granted to railways in the various Provinces of the Dominion, I should urgently present the claims to similar assistance of railways within our own Province.

Should the City of New Westminster decide to build a bridge across the Fraser, I should use my best endeavors to obtain a substantial subsidy for the work, urging that an undertaking of this character should rank with canals and railways as one entitled to national aid.

The next census will undoubtedly show such an increase in the wealth and population of this District as will constitute an undeniable claim to increased representation in the Commons. That claim, if elected, I shall support to the utmost of my ability.

Although, with the growth of the District, the mail service has been improved and extended, it still lags far behind our requirements. I should give special attention to this part of your representative's work, feeling that it is one which is of vital importance.

I should urge the enactment of such fishery regulations, especially in the issuing of licences, as would, without any injustice to the canneries, the importance of which to the prosperity of the District all must recognize, fully protect the free fishermen, and encourage the settlement amongst us of the greatest possible number of that industrious and hardy class of men.

All enactments and regulations for the protection of white labor would receive my hearty support.

Continued work towards the improvement of the harbors of New Westminster and Vancouver, and the efficient lighting and buoying of the same, is a matter which would have my closest attention at all times.

In a word, I should constantly urge upon the Government the wisdom of a liberal policy in public works in this District, the vast resources of which make it certain that such a policy would be amply justified by results.

Trusting to have the opportunity of seeing every elector before polling day,

I am, Gentlemen,

Very sincerely yours,

dwmy14tc GORDON E. CORBOULD.

TO THE ELECTORS OF

New Westminster City and District.

GENTLEMEN:—As we are going to have all our Roads and Bridges thoughout the District put in first class repair, and some slight repairs to the "K de K," it will be necessary for you all to have Buggies, and now is your time to treat yourselves to a good TOP BUGGY of any style; cash price, $105 and $110.

We have also in stock PREMIER CARRIAGES, EXTENSION TOP CARRIAGES, EXPRESS and DELIVERY WAGONS, and ROAD CARTS, at prices that will surprise you.

We have a few TIMBER WAGONS left, and will have a carload in some time this week, of any size, from a 1¼-in. tire to a 4-in. tire—at prices that will defy competition.

Sulley & Bryson,

General Carriage Builders & Blacksmiths.

New Westminster, May 19, 1890. djn1tc

TO THE ELECTORS OF

Westminster District.

GENTLEMEN:—At the earnest request of a large number of the Electors of New Westminster District, I have consented to become a candidate to represent you in the Provincial Parliament.

I will endeavor to briefly present to you some of the principal points in my platform.

1st. I am in favor of representation by population and will consider it my first duty to secure a fair and just representation for the Mainland.

2nd. I am in favor of dividing the District into Ridings.

3rd. I will endeavor to increase the grant to municipalities from $1,000 to $3,000 per annum.

4th. I would also be in favor of raising the tax on wild lands to such an extent as would prohibit speculators from holding large tracts of land, to the detriment of actual settlers.

5th. I am in favor of the Government adopting a public works policy and borrowing a million dollars, and expending the same on roads and bridges throughout the District and also on a scheme for the reclamation of overflowed lands.

6th. I would strongly urge upon the Provincial and Dominion Governments the necessity of aiding the City of Westminster in the immediate construction of a Traffic Bridge across the Fraser River.

7th. I would also use my best endeavors to have a railroad constructed from Popcum to the Delta.

8th. To repeal clause 9 of the Public Schools Act.

9th. The cutting of a Canal from Mud Bay to the Fraser, thereby draining a large portion of the Delta, and avoiding the dangers of Point Roberts.

10th. The erection of a Traffic Bridge at Pitt River and the extension of the Westminster road through to Agassiz.

I shall also endeavor, if elected, to visit all portions of the District prior to the meeting of Parliament to learn your wants, so as to be in a position to discuss the same intelligently during the session.

In conclusion, gentlemen, I would ask you for your votes, confidence and support at the forthcoming election.

I remain,
Yours faithfully,
dwmy31td ARTHUR M. HERRING.

TO THE ELECTORS OF

New Westminster District

GENTLEMEN:—I beg to announce myself as an independent candidate for the Legislative Assembly at the coming election.

As most of you are aware, I am an old resident of the District, and largely interested in its growth and prosperity.

I am in favor of the division of the District into ridings, and shall insist upon our having our fair share of representation, according to our population and resources, in the Legislature.

As this District contributes very largely to the revenue, it is clearly entitled to large appropriations for public works, and substantial grants to the various municipalities.

I am a strong advocate of a free traffic bridge across the Fraser at Brownsville, and should urge that the Government subsidise that work, and I should also press for the construction of a bridge across the Pitt River.

I am utterly opposed to the immigration of Chinese, and their employment on public works of any character.

I am strongly in favor of borrowing the money necessary to develop the agricultural country by opening up roads along the section lines.

I should advocate any reasonable assistance to a railway from Hope down the south side of the Fraser, as such a line would give a vast impetus to the development of our District.

If you do me the honor to elect me I shall do my best to advance our interests in these and other matters.

I am, Gentlemen,
Yours sincerely,
JAMES PUNCH.
Brownsville, Surrey, May 31, 1890. jn2dwtd

TO THE ELECTORS OF

New Westminster District

GENTLEMEN:—I offer myself as a candidate to represent you in the Provincial Legislature, on the platform suggested by the Mainland Association, free from any pledge to either party.

I hold myself at liberty to give an independent support to any Government that may be chosen by the people. As an elector, I think the District would make a mistake should the electors condone last session's Redistribution Bill, by returning either the Hon. Mr. Robson, or candidates hampered by pledges to support his Government, as representatives of this constituency.

Mr. Robson is standing for Cariboo as well as for Westminster District, so there is no need to fear that the Province will be deprived of his services should the majority of the electors agree with me on this point.

I am in favor of dividing Westminster District into ridings.

Any measures that appear to me to be for the benefit of the Province would have my support, and I think that some safe scheme might be devised by which the credit of the Province might be lent for local improvements.

The contract system ought to be more strictly carried out.

I should also like to see some modification of the municipal system, by which localities outside of municipalities might have more direct control of the expenditures in their neighborhoods, so as to secure the most economical and efficient disposal of such funds and relieve the central Government from the invidious task of deciding between different claims.

Speculation in wild lands, whether lumber, agricultural, or mineral, should be discouraged.

Should you elect me I will do my duty to the best of my ability, and trust you will give me credit for honesty of purpose, even should you dissent from my judgment.

Your Obedient Servant,
C. B. SWORD.
Matsqui, May 30, 1890. djn2td-wtd

TO THE ELECTORS OF

New Westminster City.

GENTLEMEN:—In response to a requisition, numerously signed, which has been presented to me, I beg to offer myself as representative of this City in the Provincial Legislature.

I frankly confess that, aside from the great question of the just distribution of legislative power, I would scarcely care to be a candidate. If you do me the honor to elect me I shall make that question my first consideration at all times, and in order to do this it is essential that I keep quite free from any entangling alliances with either Government or Opposition. But to the people and the advocacy of the rights of the people, in this matter and in all others, I can fully and freely pledge myself; and with those, be they on what side of the House they may, who are animated by a similar spirit, I will work cordially.

The present crisis demands special treatment. We of the Lower Mainland are denied our just share of legislative power, and so long as that is the case our true policy, in my opinion—nay, the policy which our own self-respect compels us to adopt—is to return no man to the Legislature who will not make the righting of that wrong his first business. It may safely be assumed that those who shall be found willing to do right in this matter, wil be the most likely to do right in others also.

Notwithstanding the utmost devotion to this first question, your representative will have to deal with many other matters, and perhaps it will be sufficient now to say on this point that I believe there is room for a good deal of work before the administration of public affairs can claim to be what it should be—government by the people *for* the people. I should earnestly endeavor to do my share of that work.

I believe I may safely assume that you need no assurance of my deep and abiding interest in everything that makes for the prosperity of New Westminster City.

I am, Gentlemen,
Very truly yours,
dmy16tc J. C. BROWN.

TO THE ELECTORS

—OF THE—

Westminster Electoral District.

GENTLEMEN:—As it is difficult to arrange to see each individual elector before election day, I wish to put before you the platform on which I stand whilst seeking your support.

Up to the introduction of the Constitution Amendment Act, I should have supported the present Government, but I now stand independent of all parties on that measure, pledged to obtain a fair and just Redistribution Act *immediately* after the publication of the census returns; such act to be based as nearly as possible upon population, the abolition of the balance of power and the division of districts into one member constituencies. Outside this pledge I claim the privilege of being allowed to support any legislation of a just and beneficial nature which may be introduced by the Government. I will endeavor to impress upon the Government the necessity of the utmost liberality in the expenditure for the opening up of all agricultural districts and even, if necessary, to borrow money for this purpose.

The conservation of all public lands for actual settlement, and the abolition of all sales of land in large areas, will be one of the chief objects I shall hold in view, and to also assist in the greatest amount of land being brought into cultivation. I would advocate the Wild Land Tax being raised to 25 cents per acre.

It will also be my endeavor to impress upon the Government the absolute necessity of taking steps to assist in the reclamation of the large area of land subject to overflow by the Fraser, so as to render it all fit for cultivation, feeling sure that any money spent in that direction will be a good investment, as the lands will be greatly enhanced in value for assessment.

From the above you will see I stand as a supporter of the Government, except on one measure, and feel sure that you will see that as I am a resident farmer in the district our interests are identical, and I hope to be able to materially advance the interests of the district should you honor me as your representative.

I am, Gentlemen,
Yours Obediently,
LIVINGSTON THOMPSON.

By Private Sale.---Bargains.

I HAVE RECEIVED INSTRUCTIONS FROM Mrs. A. M. JOHNSTONE, of Mud Bay, to dispose of her Homestead, which consists of 272 acres of Land, good Dwelling House, excellent Barn and Stabling for 40 head of stock, good Dairy and an abundance of Spring Water.

The property is situated on the sunny side of Mud Bay, the land is second to none anywhere, and parties wanting an investment for their capital cannot do better than take a look at this before investing elsewhere.

Stock and implements can go with Ranch if desired.

TERMS—One-third cash; balance to suit purchaser, at 8 per cent. per annum.

ALSO FOR SALE—THE FOLLOWING:

The West Fractional Half of Section 29, Mud Bay, bounded by the Nicomekl River and the Sea—108 acres.

184 acres, adjoining Sections 16 and 25, Township 4, very near N. W. City.

The North-West corner of Section 68, adjoining the Hastings Townsite—54 acres.

The North-West ¼ of Section XI., Township 2, 160 acres, all first-class land, 10 acres improved and sown to timothy pasture. Log house. Good creek runs along line of property, also the Johnstone Road. This is an excellent ranch.

Lot 261, Group I., Pitt Meadows: 80 acres prairie; 70 acres high brush land. Half of the prairie can be ploughed, and is all hard land. 2 miles from Railway Station.

Stave River Stock and Dairy Ranch. This Ranch consists of 387 acres of land, being Sections 433 and 437, Townships 14 and 15.

This property is situated on the Stave River with a frontage on the Fraser River, at which point the C. P. R. Road passes through property. There is one large 2-storey Frame Dwelling House, hard finished, nearly new, worth $1,500. This is elegantly situated on rising ground and commands a view of the C. P. R., the Fraser River and the surrounding neighborhood. The greater part of the land is Prairie, subject to overflow, a good deal of the high land has been improved and fenced, and there are a large number of young Fruit Trees and the usual Out Buildings in the way of Barns, &c. There is excellent Trout Fishing and Hunting on premises and any party or Company seeking a Stock Farm or Dairy Ranch could not be better situated. Coal croppings of unusual promise have been discovered on the Property. This is to be secured at a bargain, and further particulars can be had of the undersigned or of Mr. Clement Stickney at Wharnock Station, who will show any intending purchaser over the same.

For further particulars apply to
T. J. TRAPP,
New West.

☞ Several other Farms at Langley and other parts of the District at private bargain.
