THE BILL ALLOWED.

Imperial Authorities Will not Oppose the Weldon Extradition Bill Passed at Ottawa.

The Latest American Fad is a Suicide Club. It Attracts the French.

A North Carolina Negro Killed by the Bite of an Enraged Cat.

The Weldon Extradition Bill.

OTTAWA, May 10.—It is stated to-day on reliable authority that the British Government has intimated to the Dominion Government its intention not to interfere with the carrying into effect of the Weldon Extradition Bill. This bill was passed by the Dominion Parliament at last session, and under it, irrespective of any treaty of extradition, the Canadian Government will be able, after the act is proclaimed, to hand over to any country such fugitives from justice as come within the scope of 27 extraditable offences mentioned therein.

Killed by a Cat.

DANVILLE, Va., May 10.—A peculiar account of a man being killed by a cat reached here from Bockingham County, N. C., this morning. David Stakes, colored, tried to drive a pet cat out of the house, but the animal refused to go and he struck it with a piece of wood. The cat, which had heretofore been very gentle, at once became enraged, springing at Stakes and fastened its teeth in his wrist. He tried to shake the animal off, but it would not let go, and others who came to his assistance were equally unsuccessful. It finally became necessary to cut the cat's head off before the grip could be relaxed. Stokes was then taken sick and although no symptoms of hydrophobia developed he gradually sank and finally died.

Passenger List.

SAN FRANCISCO, May 10.—The str. Walla Walla sailed from this port for Victoria and Puget Sound ports this morning with the following passengers for Victoria: J. Dunsmuir and wife, C. A. Maguire, E. A. Wadhams, L. Pope, W. J. Harder, J. H. Downer.

Crazy Frenchmen.

BRIDGEPORT, Conn., May 10.—During the past few years there have been many stories about the Bridgeport Suicide Club. As a matter of fact there was never such an organization, The story originated in a joke followed by a squib in the local papers. Last week a letter was received at the local post office, however, which bore the Paris post mark addressed to "The President of the Suicide Club, Bridgeport." For some time no one claimed the letter, but at length a man named Laeser went to the postoffice and took the letter, saying he was secretary of the club. The letter was from four Frenchmen who have met with business reverses. They now desire to organize a branch of the suicide club in Paris so that they may kill themselves in proper style. The writers wrote to ask for a charter or something of the sort to authorize them to set up in business in Paris.

The Chinese Question.

SAN DIEGO, Cal. May 10.—Governor Luis Torres, of Lower California, who has just arrived, when spoken to about the smuggling of Chinese said: "I have not considered the question fully, but we are ready to co-operate with the U. S. authorities in putting a stop to it." On the subject of the annexation of Lower California he said: "The feeling there is that annexation cannot become a serious question. The people look upon General Vandever's action as merely an effort to gain notoriety."

A Peculiar Accident.

NANCY, May 10.—A sad accident occurred to the Sixth Battery of the Eighth Regiment of Artillery when it was out this morning going through blank cartridge exercises. Over a dozen men were sent out to pick up cartridges which had not been fired, all at once a violent explosion was heard, followed by cries of pain. A rush was made to the spot and seven unfortunate soldiers were found rolling about on the ground, suffering most horrible tortures. Their faces were charred and blackened by the powder, hands burned off and clothes torn in shreds. Three of them will probably lose their eyesight. The wounded men were carried to the Military Hospital where they stated a cartridge had just exploded at the moment when they were going to pick it up, and this caused the explosion of several others.

Trouble in Camp.

CLEVELAND, May. 10.—The contest between the Radical and Conservative elements in the order of railroad conductors is developing, and will be fought out at the annual convention to be held at Rochester next week. The membership of the order is about 35,000, including Canada and Mexico, and its constitution forbids strikes for any cause. This has prevented a sympathetic support of the strikes of engineers, and a strong element in the order will endeavor to have the constitution amended next week so as to admit of strikes under certain conditions.

A Rotten Company.

PHILADELPHIA, Pa., May 10. — The American Life insurance Co., closed its doors this morning. President Macfarlane was seen at his office and said that this was the immediate effect of two warrants issued by the Attorney-General to appear in court and show cause why its business should not be closed. This would stop business at once from the time of the receipt of the writ of the Attorney-General. The company can do no more life insurance. "We must wait until further notice and further than this I do not care to talk." Commissioner Foster is now in Harrisburg, where he said yesterday. "Things look bad for the company. The stock is sunk, and I am trying to protect the policy holders with what is left,

Drowned.

SAN FRANCISCO, May 10.—Shortly after the arrival of the steam schooner Scotia, from Oregon, this morning, Thomas Graham, chief engineer, tried to step ashore, but missed his footing and fell into the bay and was drowned. Graham was 42 years of age and had been married only a few months.

Lemmler's Sentence.

AUBURN, N.Y., May 10.—The *habeas corpus* writ in the case of murderer Wm. Kemmler, sentenced to death by electricity, issued by Judge Corbett, of Buffalo, on the application of Charles S. Hatch, came up before Judge Underwood here to-day, By stipulation of counsel Kemmler was not present. Bourke Cochrane, of New York, and Charles S. Hatch, of Buffalo, appeared for Kemmler, and Attorney-General Tabor represented the agent and Warden Duriston, to whom the writ was issued. The proceedings were very brief. The writ and answer of the Attorney-General were filed, and Cochrane stated that the point raised was whether the court of *oyer and terminer* of Erie county had jurisdiction to pronounce the sentence imposed. The particular point made is that the legislature had no constitutional power to take from the sheriff, who is a constitutional officer, his power to inflict capital punishment, that having been one of his powers from time immemorial, and to confer these powers upon another, not a constitutional officer. He said the contention was that such a course was unconstitutional, and the object of the proceedings was not to delay execution but to submit in good faith the question to the courts. He was willing and hoped that the case could be disposed of speedily by stipulation. No argument was to be made on either side and it was agreed that Judge Underwood should enter judgement *pro forma* denying the writ, and remanding the prisoner.

Powder Works Destroyed.

SCRANTON, Pa., May 10.—The corning mill at the Consumers Powder Works blew up at 11.30 o'clock to-day, and totally wrecked the building. A workman named Wm. Millet was instantly killed.

Obituary.

BROOKLYN, N.Y., May 10.—Very Rev. Father William Meegan, Vicar General of the Roman Catholic church for this diocese, died this morning of pneumonia at his home in this city. He had been ill since Monday.

Railway Matters.

OTTAWA, May 9.—The railroad subsidies were brought down to-night, and aggregate $3,325,810. The Kootenay road, 35 miles long, from the outlet of Kootenay Lake to a point on the Columbia, receiving $112,000. The railway statistics for the last fiscal year were brought down to-night. They show that Canada has 12,628 miles in operation, an increase of 566 over the previous year. There is an increase in passengers and freight business, but the earnings decreased $10,537 and the working expenses increased $3,850,999. The total earnings and working expenses were $42,149,615 and $31,038,035 respectively. The passengers carried were 12,151,051; passengers killed, 31. The total capital expended is $760,576,446, equal to $56,991 per mile.

A Free Country.

SAN FRANCISCO, May 9.—John Pallace, convicted of manslaughter, having killed W. H. Kelly during a saloon row, was sentenced this morning to six years in the state prison. Jew Quan, a Chinaman, who robbed a country woman of $65, received a sentence of ten years.

A Sad Accident.

SAN DIEGO, Cal., May 9.—Leonardo Aldana, a prominent resident of Bakersfield, while visiting relatives near Tia Juana, was shot and instantly killed yesterday afternoon by the accidental discharge of a gun in the hands of his grand-daughter, a girl of 15. He was 65 years old.

Vote or Veto.

WASHINGTON, May 9.—Western senators and members of the House who have been in close communication with the president since the discussion on the silver question began, express the belief that the president will approve almost any measure on this subject that congress will send to him. One of the serious obstacles in the way of concerted action has been the fear that the radical measure would be vetoed as Senator Jones of Nevada said to a reporter of the United Press recently that to pass the bill which the president would vote would be worse than to elect no legislation at all; but this fear of presidental veto is diminishing.

A Mere Wooden Affair.

NEW YORK, May 9.—The Simpson dry dock at the United States Navy Yard was opened this morning in presence of several hundred visitors from New York, Washington, Baltimore and Philadelphia. Nearly one hundred guests came from Washington and Baltimore on a special train of pullman cars last night, arriving in Jersey City at 7 o'clock. Breakfast was served in the Union Station. At ten o'clock the delegation from Philadelphia arrived and shortly afterwards the guests were taken by steamer to the Navy Yard.

The dock was flooded at about 11 a. m. and the United States monitor, Puritan, docked immediately, and pumps set at work at once emptying the dock. The whole affair passed quickly and without mishap. After the formal opening of the dock, a collation was served to the invited guests, and Mr. Simpson, the new dock, and the United States navy were toasted. The dry-dock has been in course of erection about two years and a half, and cost more than half a million dollars. Its extreme length is 530 feet, greatest width at top 130, and at bottom 53. The depth in the centre is 32 feet, 8 inches. The floor rests upon rows of piles, from which its sides rise at an angle of 45 degrees in a series of steps, 10 inches in height, made of Georgia pine beams. It is emptied by two centrifugal pumps of 42 inches diameter, with a capacity of 80,000 gallons an hour. The builders, J. E. Simpson & Co., have built thirteen other docks on the same pattern.

Eloped.

TACOMA, May 7.—The wife of Edwin S. Spears, cashier of the freight department of the Northern Pacific railroad, has eloped with a man of this city who at present is only known by a signature to a letter written by him to his paramour signed "Duke." He is said to be, however, connected with Hogan, Catron & Co., a prominent real estate firm of this city. Spear and his wife lived at the Grand Hotel, on D street, near 11th, and both were well known. Their relations with each other had been strained because of the wife's unfaithfulness, which boarders at the hotel say was not very secret. Spear left the city yesterday morning, after a quarrel with his wife, and is supposed to be in Portland. Mrs. Spear left Wednesday evening with her lover on a 10 o'clock train. A letter found in her room since her departure, signed by "Duke," makes arrangements for the elopement. Mrs. Spear was about 20 years old and very pretty.

A Worthy Tribute.

At a meeting of the quarterly board of the Methodist Church, held last evening, the following resolution was unanimously passed:

Moved by T. R. Pearson, seconded by D. S. Curtis, "That this Quarterly Board desires to express its appreciation of the services of Rev. J. H. White as pastor of this church during the three years now closing. During the term of his pastorate he has discharged the duties of his office faithfully and efficiently, and his deportment in the pulpit and out of it has been of such a character as to gain for him the esteem and affection of the whole congregation. Under his direction the spiritual and financial advancement of the church has been conspicuous, for which this Board expresses hearty thanks to the Almighty Giver of all good, and earnestly commend him to the christian sympathies of those over whom he may be appointed to preside."

Children Cry for Pitcher's Castoria.

WAR EQUIPMENT.

Emperor William Asks Further Supplies to Maintain the Efficiency of the German Army.

Great Probability that English Manufacturers Will Snub the Great World's Fair.

Capt. O'Shea is Compelled by the Courts to do Justice to His Wife.

The German Army.

BERLIN, May 10.—The Kaiser, on receiving his Ministers to-day, said that fresh credits for the army are asked solely that the military forces of Germany should not become inferior to those of other nations, and that projects be confined within the limits of what is strictly necessary. After having taking taken the opinions of the generals and chief military attaches at foreign ports, he had personally assisted in drawing up a project destined to maintain peace and prevent the weakening of Germany's forces. In conclusion the Emperor expressed surprise that the press should have misconstrued the motives which dictated these fresh military expenditures.

The Kaiser is Angry.

BERLIN, May 10.—The announcement that Prince Bismarck is about to make public the complete story of his dismissal from the Chancellorship, together with the events which led up to it, has greatly enraged the Emperor. In order to prevent any such outburst on the part of the ex-Chancellor, the Emperor has sent a personal letter reminding the Prince that he is liable to serve punishment, under an amendment to the penal code of his own making, if he makes public or causes to be published any knowledge regarding state matters gained by him during his official life.

Thoroughly Disgusted.

LONDON, May 10.—It is stated in Berlin that General Von Caprivi, the new German Chancellor, has become so thoroughly disgusted at the knowledge that he has obtained of devious and questionable methods necessary to the strict conformity of the foreign policy of Germany that he will shortly retire from ministerial life. It is asserted that he has already intimated this intention to the Emperor.

An Atrocious Crime.

PARIS, May 10.—Jean Vodable was tried and condemned to death to-day for an atrocious crime. Last November he murdered the twelve year old daughter of a friend. To-day in court he confessed to the murder, and when requested by the judge he said: "I found Alexandrie getting ready to go to school I asked her about visits paid to her mother. She said she could tell me nothing, as it was not her business. I said if you don't tell me I will wring your neck, and I took her and wrung her neck." A shudder ran through the audience, when silence was broken by a murmur of loathing from the public. When order had been restored he resumed without waiting for the judge. "Then I pushed her under the bed, and as she moved a bit I took a stick and pushed her further under and then she was still at last."

A Serious Charge.

ROME, May 10.—A great sensation was created in the chamber yesterday by Deputy Imbriani, who demanded a commission to investigate the Kentucky charge that the monopoly of supplying tobacco to Italy was given to the Patjen Tael Co., because its agent in Rome was grand master of the Italian Free Masons and could use the organization in politics or against the Government. Imbriani said he would produce documentary evidence to support the accusation. The Minister of finance consented to the proposed investigation.

Imperial Parliament.

LONDON, May 10.—In the House of Commons Mr. Callings, Unionist member for Bordesley, asked whether, in the event of the Tariff Bill now pending in the American Congress, becoming law, the Government would take steps to encourage British manufacturers to carry their exhibits to Chicago on the occasion of the proposed World's Fair. Callings said he asked the question because the McKinley Tariff Bill operated to prohibit the importation into the United States of British manufactures.

Sir James Ferguson, Under Secretary for Foreign Affairs, replied to Callings, and said that the matter of official participation in the World's Fair by Her Majesty's Government was one which could only be determined after a careful review of the advantages likely to accrue to the Government of Great Britain as a consequence of such participation. The question could not be decided until after the formal investigation had been received by the Government, to be officially represented at Chicago. Sir James, however, added it was probable that the manufacturers of Great Britain would be to a great extent deterred from sending exhibits to the United States on the occasion in question if the tariff bill, when passed, was found to preclude the profitable sale in the American market of British goods.

Zanzibar News.

LONDON, May 10.—A despatch to the *Times* from Zanzibar says that advices from Uganda has been received showing that Kalema have again driven King Mevanga and the missionaries from his capital. He received assistance from the Arabs who swarmed to his support. Mwarga and the missionaries have taken up an unassailable post on Sesse Island. The German conquest of Kilma, the dispatch says, is of undoubted benefit to civilisation. A great quantity of slave irons was found in all of the Arab stores, showing the activity of the slave trade.

Woman's Wrongs Righted.

LONDON, May 10.—The Irish Master of the Roils has authorized the writ against Captain O'Shea, compelling him to fulfil the conditions of the marriage settlement made with his wife in 1867, to transfer to her certain interests which are being menaced by the bankruptcy proceedings against Captain O'Shea.

VICTORIA NEWS.

A Strong Blast Creates Quite a Sensation and Does Much Damage.

[Special to THE COLUMBIAN.]

VICTORIA, May 10.—Considerable excitement was caused this morning on that portion of Government Street on which operations for the new hotel are going forward. A heavy charge of dynamite was fired in the rock and the chains which held the logs covering the blast parted, and the logs were displaced. The result was a perfect shower of large and small rocks for a radius of half a block. The carpenter establishment of Bishop & Sherbourne, the Windsor Hotel and outbuildings, and other buildings in the vicinity, were perforated like sieves by the flying rocks. One young lad in Bishop & Sherbourne's was hit, and carried away insensible. He is not, however, seriously injured. The contractor will make good the damage done.

NORTH ARM NOTES.

[*From Our Own Correspondent.*]

NORTH ARM, May 9.—The W. C. T. U. met at Mrs. Garratt's on Tuesday. Several interesting communications were read. The Loyal Legion, which has not met for some time, is to be reorganised, with Mrs. Clapp as Superintendent. Our next regular meeting will be at Mrs. Errington's, at Sea Island.

The social at Terra Nova passed off very pleasantly. There was a good attendance and a generous collection, amounting to over $10. Thanks are due to Capt. Yonge, who was in attendance with the steamer, and brought all parties home who came up the river.

On Monday next there will be an entertainment at the Opera House, at Steveton. Rev. Mr. Pedley, of Vancouver, will give an address. Good music may also be expected.

The broken span in our bridge is at last replaced so that teams have been crossing to-day. It was finished none too soon, as the temporary piles were in danger of being carried away by the driftwood that is now coming down the river in large quantities.

Mrs. A. B. Wintemute, who has been spending the last week with friends here, returned home this morning.

Mr. Tuttle reports respecting the convention held at Victoria last week, that its most marked feature was lack of enthusiasm in Sunday school work in British Columbia generally, and in Victoria in particular. It is to be hoped that the influence of Mr. Reynold's stirring addresses will remain and bring forth fruit in increased zeal in this important field of christian effort.

The expressed opinion of our loyal people respecting one of the candidates for parliamentary honors is that he leans too much towards annexation, judging from the tone of his address.

At a school meeting held on Sea Island on Wednesday, the following trustees were elected: Duncan McDonald, Capt. Stewart and Wm. Nichol. Building will soon be commenced so that the new school will be opened after the summer holidays.

Last night's rain was just what was needed to bring up the recently sown grain and help the gardens. Transplanting will now be in order.

THE FAIRHAVEN & SOUTHERN.

Concise Statement of the Construction Work Now in Progress.

Construction on the Fairhaven & Southern Railroad is being pushed from New Westminster to Seattle, and from Seattle up the Skagit valley and into the Cascade range. The following appointments in the engineering department are announced: H. C. Estep, engineer Stillaguamish division, from Sedro to Seattle; O. Wetten, locating engineer, Stillaguamish division, Sedro to Seattle; C. W. Root, locating engineer, Skagit division, from Sedro to Summit; George P. James, engineer in charge of New Westminster Southern division (new work to Blaine); C. L. McCammon, assistant engineer; W. G. Namick, assistant engineer; A. J. Frye, bridge engineer, all divisions; A. D. Shindler, resident engineer, Northern division; C. E. Nichols, assistant engineer, Northern division; R. H. Wise, assistant engineer, Skagit division. Each of these engineers is at the head of a department and has from five to fifteen engineers at work under his direction, and those engineers who are engaged in construction are working from 25 to 150 men each. The division from Fairhaven to New Westminster is being pushed with great vigor, over 1,000 men now being engaged on that portion of the line. E. W. Bradshaw has the contract for constructing the new dock at Westminster. James Leamy has the contract for grading, trestle bridging, and to supply ties from New Westminster to the boundary line. Messrs. McCay and O'Brien all grading from Blaine to Fairhaven; Joe Zirngibl, all trestles same limit; Hoffman and Bates have the contracts for the Whatcom drawbridge; Fisk & Carpenter, and Watson & McKinnon, clearing on the Northern and Stillaguamish divisions; Gus Linden & Co., clearing up to the Skagit valley; Garvin & Shindan have the contract to build the Fairhaven ocean dock. All of these contractors are employing large forces of men, but they have not a sufficient number to enable them to push the work as they desire.

The Fairhaven & Southern Railroad Company has 250 men at work on the coast division between Fairhaven and Sedro, ballasting the track, and by June 1 this portion of the line will be second to none in the state. Tenders have been advertised for and are being received for the second drawbridge at Whatcom, for the iron drawbridge, which is to be 237 feet long, at Ferndale, over the Nooksack, and for the drawbridge at Nickomekl, British Columbia. The ships that are laden with 6,000 tons of steel rails are expected to arrive within three weeks, and the rails that will connect New Westminster and Fairhaven will be laid early in August. Location is rapidly being completed between Sedro and Seattle. The Fairhaven & Southern's locomotives will run through Seattle before snow flies. Construction is going on for fifty miles up the Skagit valley from Sedro. Lack of workmen has prevented the pushing of this work, and unless men are soon in more plentiful supply the Skagit valley work will be delayed till the work between Sedro and New Westminster is completed.

A Fine Trophy.

The cup, which is offered by Crane, McGregor & Boggs for the amateur single scull championship of British Columbia, is doubtless the finest thing of the kind in the Province. The cup stands three feet in height. The bowl is of oxodized silver, satin finish with gold inlaid. It is supported by two pairs of sculls entwined with a gold wreath, an anchor and rudder and two boatmen holding boat hook and oar. The base on which these rest is tastefully chased in aquatic scenes. On the front side of the cup is a beautifully burnished shield with a view of a boatman in racing trim, on the opposite side a plain burnished shield for the inscription of the winner's name, date, etc. The whole arrangement is surmounted by the statue of a woman (representing the Dominion) holding a wreath in one hand and a shield with the Canadian coat of arms in the other. It will rest on a polished slab of ebony, which elevates it slightly and gives the beautiful trophy a very striking appearance. The value of the cup is $200. It is on exhibition in the windows of Messrs. Pennock & Clayton, the jewelers, who supplied it. The cup, as already stated, is for the amateur single scull championship of British Columbia (outrigger skiffs). The competition, which is open to the whole Province, must take place on Victoria harbor, and the cup before becoming the property of anyone, to be won twice by the same competitor. The first competition will be on the 24th of May, this year.—*Times.*

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

THE DAILY COLUMBIAN

SATURDAY EVENING, MAY 10, 1890.

THE COMING CAMPAIGN.

If the Government has everything to lose and nothing to gain in the approaching contest, the case is just reversed with the "loyal" Opposition. The "forlorn hope" of the Province has now a chance—just a chance—of capturing, by a bold dash, some poorly guarded outpost or trench; its chances for winning the citidal itself are so slim as hardly to be worth conjecture. The Opposition, unfortunately for it, hasn't got the material in it to "hold the fort," if, by any fluke, it should happen to get inside. A transfusion of new blood during the elections may give it a little more virility and respectability in a political sense, but an almost complete change of personnel would be required.

The prospects of the Opposition are the more dubious for the reason that the Government, as governments go, has got a pretty good grip of affairs and has shown its capability of administering the business of the country with fair ability and foresight. Then the Government holds all the advantage in the approaching contest which the party in power invariably wields, and it has besides the prestige of an unusually large majority, comparatively speaking. There is no great popular question, either, touching the Province as a whole, upon which even an able Opposition could sweep into power, bearing away the formidable obstacle of a Government with a large majority at its back.

The redistribution question, although it is destined to have a large influence in the make-up of the next Provincial House, is not, properly speaking, a party question at all. It will undoubtedly, though, affect the future standing and relations of the two parties very materially and introduce an entirely new factor and force into Provincial politics. By means of this very factor, the Opposition, if it should reinforce itself, both as to quality and quantity, during the elections, and rise to a true appreciation of its opportunities, privileges and responsibilities, may be accorded a season of probation in the seat of power, which there is very little prospect of it securing in any other way, in the next Parliament, at least.

It is not by any means a matter for regret that the next Provincial House will contain, if the people of the Lower Mainland and of the Interior do their duty, a third party—a party independent of both existing parties, whose politics shall be principles, and which shall be prepared to work with either of the present parties for good government and in the best interests of the Province as a whole. It is not altogether a salutary state of things that the Government should be so powerful and the Opposition so insignificant as has been the case in the two last Provincial Parliaments. The "solid" contingent which will go from a large and important portion of the Mainland will be a means of somewhat equalizing matters and keeping both parties on their metal.

In view of the elections not being, probably, more than two months off, it is about time we were beginning to organize and select our candidates in this part of the Province. Both parties are already doing so in Victoria, at least. For that city, Hon. Mr. Turner, Capt. John Irving, Simeon Duck, and Wm. Dalby have been mentioned as likely to be the chosen standard-bearers in the Government interest, and Hon. Robert Beaven, Mayor Grant, Dr. Milne, and F. G. Richards, jr., have been definitely announced as the Opposition ticket. There is no time to lose in selecting a good "solid" independent ticket for the Lower Mainland and the Interior, as the elections might be fixed for even an earlier date than is anticipated

In the Mainland Association we have excellent machinery to hand for organizing the constituencies and assisting the various electorates to focus their choice upon the best men. It is time the wheels began to move.

NOTES AND COMMENTS.

It is said that Prince Bismarck will devote his leisure time to the classification of documents and papers in his possession for more than 25 years with a view of publishing his memoirs, and that he will be assisted in the work by two secretaries. The result will be very interesting, and will give instructive information as to the foreign policy of nearly every State all over the world.

We are accustomed to think of murder as a crime of comparative rarity, but a writer in the *Pall Mall Gazette* has been putting judicial statistics together, and he now tells us that in the ten years ending 1888 no fewer than 1,700 verdicts of wilful murder were returned by coroners' juries in England and Wales alone, and that during that time 672 persons were committed for trial on that capital charge. Of these 299 were sentenced to death, but 145 had their sentences commuted. The rest were hanged, nine of the 154 being women.

The *Engineering and Building Record* gives some figures with regard to electric lighting which are instructive to those having to deal with municipal economy. It appears that Scranton, Pa., has made some investigations into the cost of electric lights with a view to ascertain whether it is desirable for a city to do its own electric lighting. It was found that the average price paid to private companies is $105.13 per light a year, while under the same conditions the average cost per light to cities owning their lighting plants is $52.12½ per year. Huntington, Ind., Decatur, Ill., Dunkirk, N. Y., Madison, Ind., Lewiston, Me., Hannibal, Mo., and Chicago own their own electric lighting plant. Dunkirk, N.Y., pays $36.50, Chicgo pays $65.

The prospectus of Stanley's book is out at last. It will be published in May or June, and will consist of two volumes of 500 pages each. The *edition de luxe*, price £10, and signed by Stanley himself, is a new idea in the publishing world which is capable of development. There is a mint of money in autographs. Why, then, should not the autographer turn an honest penny himself or herself? Imagine the possibilities. When a pampered public is wearied of autographs! why not locks of hair? A grizzled hair from Stanley's head, carefully laid down on the first page of the "special handmade Japanese paper" in the form of a monogram, would certainly tempt the ladies. Stanley's hair is cropped short, and might not go round; but there is the suggestion. Lady authors will have better and longer supplies.—*Ex.*

An extraordinary story comes from Poland, remarks an exchange. Some little time ago, it is said, the Czar, in pursuance of his Russification policy, sent a company of St. Peterburg actors to give performances at the principal theatres in Warsaw. The Polish aristocracy, however, refused to attend and the Police sent tickets to them with the intimation that refusal to purchase would be considered a sign of disloyalty. The tickets was then taken, but the theatres remained empty until the police gave further notice that it was treasonable not to use them. As it was found, also, that the press had made no mention of the performances the Governor-General summoned the editors, of the city papers and censured them for their silence. The next day these papers contained brief notices, but General Gourko was not satisfied. He once more summoned the editors, and commanded them, under pain of imprisonment and of the suppression of their papers, to publish long articles written by the best critics giving enthusiastic accounts of the performances. This was done, the hint of possible exile to Siberia proving efficacious. When one reads of contemptible acts of despotism such as this, it is easy to believe the worst that is told of Russian barbarity and fiendishness.

RAND BROS.
REAL
ESTATE BROKERS
FINANCIAL
—AND—
Insurance Agents
NEW WESTMINSTER.
OFFER FOR SALE FOR A LIMITED TIME, at the undermentioned Prices, the following Properties on terms to suit.

SAPPERTON.
Lots in the Sub-Division of Lot 2, Suburban Block 4, from $200 per lot.
These lots are mostly cleared, and are very sightly, commanding an unsurpassed view of the Fraser River in one direction, and Queen's Park and the upper portion of the City in the other. This property is only about one quarter of a mile from the Brunette Mills, and is the best locality in Sapperton either for residence or speculation.

WESTERN ADDITION.
A few blocks and lots in the Western Addition to the City of New Westminster, Sub-Division of Lot 172, formerly the White Estate.
This sub-division, consisting of 600 lots, was placed upon the market by us a short time ago, and so eager were purchasers to buy that the entire 600 lots were sold out within one month. We are now offering the above property at slightly advanced rates on behalf of former purchasers. Those who missed the chance of buying at first prices have yet an opportunity of investing at prices that cannot fail to yield a good profit. We believe that this is the best speculative property in the City of New Westminster.

SURREY.
5-Acre Blocks in the thriving Municipality of Surrey, midway between the Cities of New Westminster, B. C., and Blaine, Wash., at from $30 to $40 per acre.
This property is situated on the Hall's Prairie road, near the junction of the Langley Road, the Yale Road, and the Clover Valley Road, within 500 yards of the proposed station of the New Westminster Southern Railway. The land is high and dry, and the soil is first-class. Surrey is one of the most prosperous sections of the District of New Westminster, and is at present enjoying quite a boom in real estate; so that purchasers of this property will get the value of their money in good, rich, solid farm land in a locality which at the same time promises an excellent field for speculation.

NORTH ARM.
145 acres in Lot 155, near the North Arm Road, about 2 1-2 miles west of the New Westminster City Post-office, at $150 per acre.
This is fine fertile soil, chiefly prairie, and lies well. It has become a maxim that cities grow westward, and New Westminster is proving no exception to the rule. City lots west of Edinburgh Street, along the North Arm road, have doubled in value in less than a year, while acre tracts have, in the same time, in some instances more than trebled. When the proposed extension of Columbia Street to the Westerly City Boundary is completed, the North Arm will become the best suburban section of the City. Moreover, it is confidently expected by many that the route of the Electric Railway to Vancouver will traverse this section. Our shrewdest speculators are realizing the possibilities of this portion of the City, and the many sales of acre property in the vicinity recently, indicate that land in the direction of the North Arm is looked upon as one of the best places for investment in the District. Prices are bound to advance rapidly.

In addition to the above we have a large list of City and Suburban Property, at moderate prices and on favorable terms, of which we invite examination.

THE DAILY COLUMBIAN

SATURDAY EVENING, MAY 10, 1890.

Last of a Veteran.

The sound of axes and saws on board the old steamer Wilson G. Hunt, and the unfamiliar sight of men moving about her decks, was sufficient to attract the attention of the curious yesterday morning, and to cause enquiries to be made into the reason why. Explanations were easily obtained, the men employed in demolishing the old familiar landmark, volunteering the information that she had at last been purchased from the C. P. N. Co. by Cohan & Co., of San Francisco, whose intention it was to break her to pieces and retain only the machinery and workable metal in her hull. This work will be rapidly prosecuted, and in a very short time nothing will be left of the once popular steamer—the pride of earlier days.

Reminiscences come in a flood to the old timer, as his attention is directed for a moment to the fate of the Hunt. She, in her day, was one of the finest of her class afloat. For speed, elegance and profit, there were few steamers on the coast twenty years ago to surpass her, and it is stated that during the first year she was running she netted her owner a cool million dollars. Her own history was not particularly eventful. She was built in New York in 1849, upon the very best lines of the day, by Wm. Collier, her engines being supplied by Rodman & Co. Her power was obtained from a nine foot stroke steeple engine, with cylinder of 36 inches in diameter. She was christened with the name of her owner, Wilson G. Hunt, of San Francisco, who for years used her upon the Sacramento river. In 1878 she was purchased by T. L. Briggs, who brought her to this city, where Capt. John Irving was at once given the command. Her first service was in opposition to the H. B. Co.'s steamer Enterprise, with which a keen rivalry existed for a year so. In 1880 the Hunt passed into the possession of John Spratt, now deceased, who ran her in opposition to the C. P. N. Co. until 1883, when she was bought out by them and placed in the marine bone-yard, where she has remained without turning a paddle ever since. Her register is 350 tons, and her engines were of 150 horse power. It is not stated what the amount of consideration was in the final deal of yesterday.—*Colonist.*

Death of Chief Crowfoot.

Mr. Magnus Begg, Indian agent at the Blackfeet reserve, N.W.T., telegraphed to Ottawa that Crowfoot, the great chief of the Blackfeet, died on Friday afternoon, April 25, his last words being those of thanks to the Superintendent-General for kindness shown to him, and asking Mr. Dewdney to continue the same to his people. Crowfoot has been a loyal old chief and has done more than any other to keep the Indians of his nation friendly to the whites. By wise counsel he has on many occasions prevented his people from joining in schemes which would have imperilled the peace of the country, notably the Tiger Hill meeting in Montana in 1880, when Riel was plotting with half-breeds and Indians to make a joint attack on the police posts along the frontier, and if successful, raid the country north, where Riel proposed to establish a provisional government. If ever an Indian in the Dominion deserved the good-will and gratitude of the people of Canada "Sappo Mexico," or Crowfoot, does, and his family, if he has any, should be well cared for by the Government, to show the rest of the Indians that even after death our country appreciates the good deeds of their people. It is thought that Crowfoot's brother, "Three Bulls," who in olden days was a leading warrior, will succeed to the chieftainship of the Blackfeet.—*Empire.*

Tenders for Street Work

TENDERS WILL BE RECEIVED AT THE City Hall, New Westminster, up to 4 p.m. on **Monday, May 12th, 1890,** for the clearing and grading of North Arm Road, from Douglas Street westerly to City Limits.

Tenders to be addressed to the "Chairman of the Board of Works," endorsed "Tenders for Clearing and Grading North Arm Road westerly to City Limits."

No tender will be entertained unless accompanied by a deposit equal to five per cent. of amount of tender, which shall be forfeited if party tendering refuses or neglects to enter into a contract when called upon to do so. In the event of a tender not being accepted the deposit will be returned. Tenderers to name sureties.

Plans and specifications may be seen in the City Engineer's Office, City Hall.

The lowest or any tender not necessarily accepted.

H. HOY,
Chairman of Board of Works.
New Westminster, May 3, 1890. dmy3td

PROVINCIAL SECRETARY'S OFFICE,
Victoria, 17th April, 1890.

WHEREAS THE LIEUTENANT-GOVERNOR in Council is empowered under the "Public School Act," to create School Districts, in addition to those already existing, and to define the boundaries thereof, and from time to time to alter the boundaries of existing Districts; it is hereby notified that His Honor has been pleased to direct that the boundaries of Aldergrove School District be altered and re-defined as follows:

Commencing at the middle point of the northern boundary line of Section 35, Township 10, New Westminster District; thence due east four and a half miles to the north-east corner of Section 33, Township 13; thence due south to the Yale Wagon Road; thence east on said road to the western boundary line of Section 24; thence west along parallel to the south-west corner of Section 3, Township 10; thence in a direct line north two and a half miles to the middle point of the eastern boundary line of Section 10; thence east one and a half miles to the centre of Section 14; thence in a direct line north three and a half miles to the point of commencement.

Also that His Honor has been pleased to alter and re-define the boundaries of Otter School District, as follows:

Commencing at the middle point of the southern boundary line of Section 30, Township 10, New Westminster District; thence due north two and a half miles to the centre of Section 6, Township 11; thence due east two and a half miles to the central point of the eastern boundary line of Section 4; thence due south half a mile to the south-eastern corner of Section 4; thence east one and a half miles to the middle point of the northern boundary line of Section 35, Township 10; thence due south three and a half miles to the centre of Section 14; thence west one and a half miles to the centre of the eastern boundary line of Section 16; thence north one and a half miles to the north-east corner of Section 21; thence in a direct line west, two and a half miles to the point of commencement.

Also, that His Honor has been pleased to alter and re-define the boundaries of Mud Bay School District, as follows:

Commencing at the south-east corner of Section 23, Township 1, New Westminster District; thence due north seven miles to the north-east corner of Section 23, Township 2; thence due west five miles to the north-west corner of Section 19; thence in a direct line south four miles, more or less, to Mud Bay; thence easterly and southerly along the shore line of said bay to the eastern extremity of the line dividing Sections 24 and 19, Township 1; thence in a direct line west four and a half miles, more or less, to the point of commencement.

Also, that His Honor has been pleased to create the tract of land enclosed within the under-mentioned boundaries a School District, under the title of the "Nicomin School District," viz.:

All that portion of land known as Nicomin Island (Fraser River), New Westminster District, except the strip on the west end of said Island now included in Burton Prairie School District.

Also, that His Honor has been pleased to create the tract of land enclosed within the under-mentioned boundaries a School District, under the title of the "Agassiz School District," viz.:

Commencing at the south-west corner of Lot 95, Township 30, New Westminster District; thence up the Fraser River to the mouth of Maria Slough, Yale District; thence to the upper end of said slough; thence due north three miles; thence in a south-westerly direction to the north-west corner of Section 36, Township 3, Range 29 west of 6th meridian; thence in a direct line south to the point of commencement.

By Command,
JNO. ROBSON,
dmy5t6 Provincial Secretary.

NOTICE OF SALE BY SHERIFF

Pursuant to Execution Against Lands Act, 1874.

In the Supreme Court of British Columbia and County Court of New Westminster.

HER MAJESTY THE QUEEN, Plaintiff.
GEORGE PITTENDRIGH, CHARLES M. McNAUGHTEN and WILLIAM HOLLAND KEARY, Defendants.
JAMES CUNNINGHAM, Plaintiff.
GEORGE PITTENDRIGH, Defendant.

IN OBEDIENCE TO WRITS OF *FI. FA.* ISsued out of the above Courts and to me directed in the above named suits, for the sum of $5688.79 for debts and costs, together with interest on $4,822.23 at the rate of four per centum per annum from the 22nd February, 1887, and on $866.56 at the rate of 4 per centum per annum from the 7th May, 1890, besides Sheriff's fees and poundage, &c., I have seized, and will sell by Auction, at the Court House, New Westminster, on

Friday, the 16th Day of May Next,

At 12 o'clock noon, all the right, title and interest of the defendant, George Pittendrigh, in the lands as described in this advertisement, or sufficient thereof to satisfy the judgment debts and expenses in these actions, subject to a mortgage for $700.00 and interest on said mortgage at 12 per centum per annum, from the 20th December, 1876, and a mortgage for $2,000.00 and interest on said mortgage at 12 per centum per annum from the 29th July, 1878, and arrears of taxes amounting to $88.87.

District.	No. of Lot.	Concise Description of Property.	Estate or Interest.
New Westminster.	South West ¼ of Sec. 16, S.-W. ¼ of Sec. 9, N½ of Sec. 9, Township 40.	Farming Lands with dwelling house and barn partly under cultivation.	Interest.

The judgment was registered in the Land Registry Office, New Westminster, against said land on the 9th March, 1887, the 27th February, 1890, and the 3rd March, 1890, respectively.

W. J. ARMSTRONG,
dmy9td Sheriff.

New Westminster Water Commission.

SEPARATE SEALED TENDERS, TO BE ADdressed to the Chairman of the Board of Water Commissioners, are invited, and will be received up to 4 p.m. of the 14th July, prox., for the supplying of

"Material for the Main Pipe,"

and for the work of

"Making and Laying the Main Pipe,"

of the NEW WESTMINSTER WATER WORKS, in accordance with drawings and specifications to be seen at the Engineer's Office, City Hall.

Tenders are to be made on the printed Schedule, and Forms of Tender attached to the specifications, and are to be accompanied by the names of two responsible persons, who will agree to become bound as sureties in the sum of the amount of the tender for the due fulfilment of the terms of the contract.

The sufficiency of the sureties must be shown to the satisfaction of the Board of Water Commissioners.

Each tender to secure consideration must be accompanied by an accepted cheque payable to the order of the Secretary of the Board of Water Commissioners of New Westminster for an amount equal to five per cent. of the amount of the tender, as a guarantee that the Tenderer and his Sureties will, if called upon, enter into a written agreement, in form attached to specification, binding them to the due execution of the work tendered for, which amount will be forfeited to the Commissioners should the Tenderer neglect or refuse to enter into such agreement.

The Tenderer, or an authorized agent of the Tenderer to whom the contract may be awarded, will be required to attend at the office of the Engineer at New Westminster within six days after the time of mailing to him a notice of the award of the contract, and to execute the agreement or contract, as above mentioned; and in case of failure to do so he will be deemed to have abandoned the contract, and in such case the Commissioners, at the end of six days after the award, shall be at liberty to re-award the contract.

His cheque will be returned to the Tenderer to whom the contract may be awarded, on the execution of the agreement as above mentioned, and those of other tenderers one day after the award.

The price for each item in the schedules of quantities and the total amount of the tender are to be specified by the Tenderer with the understanding that the estimates are approximate and intended only as a basis for comparison of bids, and that payment will be made at the rates specified for the work actually performed, whether greater or less than the estimated amount.

Parties tendering for both the MATERIAL and the MAKING AND LAYING of the pipe will state in connection with their offer whether their tenders must be considered together or whether they may be considered separately.

Tenders are to be endorsed with the title of the work tendered for.

The lowest or any tender will not necessarily be accepted.

By order of the Commissioners,
ARTHUR HILL,
Engineer.

TELEPHONE CALLS:—
Office, 92; Residence, 71.
dfeltc

By Private Sale.---Bargains.

I HAVE RECEIVED INSTRUCTIONS FROM Mrs. A. M. JOHNSTONE, of Mud Bay, to dispose of her Homestead, which consists of 272 acres of Land, good Dwelling House, excellent Barn and Stabling for 40 head of stock, good Dairy and an abundance of Spring Water.

The property is situated on the sunny side of Mud Bay, the land is second to none anywhere, and parties wanting an investment for their capital cannot do better than take a look at this before investing elsewhere.

Stock and implements can go with Ranch if desired.

TERMS.—One-third cash; balance to suit purchaser, at 8 per cent. per annum.

ALSO FOR SALE—THE FOLLOWING:

The West Fractional Half of Section 29, Mud Bay, bounded by the Nicomekl River and the Sea—108 acres.

154 acres, adjoining Sections 16 and 25, Township 4, very near N. W. City.

The North-West corner of Section 68, adjoining the Hastings Townsite—54 acres.

The North-West ¼ of Section XL, Township 2, 160 acres, all first-class land, 10 acres improved and sown to timothy pasture. Log house. Good creek runs along line of property, also the Johnstone Road. This is an excellent ranch.

Lot 291, Group 1, Pitt Meadows; 30 acres prairie; 70 acres high brush land. Half of the prairie can be ploughed, and is all hard land. 2 miles from Railway Station.

Stave River Stock and Dairy Ranch. This Ranch consists of 387 acres of land, being Sections 433 and 437, Townships 14 and 15.

This property is situated on the Stave River with a frontage on the Fraser River, at which point the C. P. R. Road passes through property. There is one large 2-storey Frame Dwelling House, hard finished, nearly new, worth $1,500. This is elegantly situated on rising ground and commands a view of the C. P. R., the Fraser River and the surrounding neighborhood. The greater part of the land is Prairie, subject to overflow, a good deal of the high land has been improved and fenced, and there are a large number of young Fruit Trees and the usual Out Buildings in the way of Barns, &c. There is excellent Trout Fishing and Hunting on premises and any party or Company seeking a Stock Farm or Dairy Ranch could not be better situated. Coal croppings of unusual promise have been discovered on the Property. This is to be secured at a bargain, and further particulars can be had of the undersigned or of Mr. Clement Stickney at Wharnock Station, who will show any intending purchaser over the same.

For further particulars apply to
T. J. TRAPP,
New West.

Several other Farms at Langley and other parts of the District at private bargain.

The up-river steamers report the water rising rapidly at Chilliwack and the current much crowded with all kinds of debris.

The salmon catch if not particularly heavy at present is composed of some of the finest fish ever taken in these waters. They are splendid specimens.

Workingmen wanting lots should call at Prentis & Upper's Real Estate Agency, at foot of Douglas Street, where they can obtain city lots at $90, and upwards, on easy terms of payment. *6t

The number of animals captured by Poundkeeper Murray since Monday morning is seventeen, a very good week's work, but an average it will be impossible to maintain.

The steamer Gladys arrived from Chilliwack at noon to-day. She had 11 boxes of eggs for G. Des Brisay, 4 calves, 10 tons of hay and a lot of other farm produce and 15 passengers.

The advertisement of R. B. Bell, contractor and builder, will be found on the second page of this paper. Mr. Bell's office is on Columbia street, next to the Royal City Planing Mills.

Rev. E. Robson of Vancouver will occupy the pulpit of the Methodist church to-morrow morning and evening. Rev. Mr. White exchanges, and will occupy Mr. Robson's pulpit in Vancouver.

Contractors should bear in mind that tenders for clearing and grading Thorne road, North Arm road and Brown and Halifax streets must be placed in the hands of the city clerk not later than 4 p. m. Monday.

The new fishing regulations went into force to-day, all boats being obliged to cease salmon fishing at 6 o'clock this morning, and no nets can be put in the water again until to-morrow evening at 6 o'clock.

By an advertisment in another column, inserted yesterday, it will be seen that Mr. M. Nicholson, of Matsqui, is offering his valuable improved farm of 180 acres, together with stock and implements, for sale.

The Vancouver Lacrosse Club has settled down to hard practice for the season and more particularly to prepare for the first of the championship matches with Victoria on the 24th inst. Vancouver will have a strong team this year.

The superintendent of education announces in an advertisement elsewhere that the semi-annual examination of applicants for entrance to the high school will be held in the Central school building in this City on June 4th next, commencing at 9 a.m.

Dog tags have sold pretty freely at the City Hall the past two or three days. Tagless dogs will be taken to the foundlings, home by Mr. Murray next week. Persons desiring bargains in dogs had better inspect his choice stock before purchasing elsewhere.

The steamer Delaware arrived from up-river this forenoon. The consignees are as follows: McKeen & Son, Henderson, W. McColl, J. D. Rae, Colonial Hotel, Mathers & Milligan, and T. W. Clarke, Vancouver. She had 24 passengers and 36 tons of hay.

It is during the present weather that the full value of the new sidewalks becomes apparent to the public. Where it was necessary for citizens to go stamping through a depth of eighteen inches of mud this time last year they can now walk dry shod, and comfortably and bless the progressive Board of Works that did it.

A slight accident occurred to a freight train on Thursday night, at 8 o'clock p. m., two miles west of Mountain Creek station, on the east slope of the Selkirks, caused by a mud slide undermining the foundation of a small bridge. Engine No. 439 and some empty freight cars were derailed. Engineer Van Antwerp and Fireman McDougall received slight injuries. A delay of two hours was caused by the accident to passenger trains. The line was clear for traffic at 6 o'clock last evening.—*News-Advertiser.*

Increasing Facilities.

The rapidly increasing business of the Canadian Pacific Telegraph Co. has made it absolutely necessary that the facilities of the system should be enlarged to a great extent in order to handle business with the same promptness that has characterized the work of the company in the past. It is understood that the system will be doubled from Donald to Winnipeg, and that work on the new line will be commenced within a few weeks. This will give the company a double duplex system, or a capacity to handle twice the amount of business which their present facilities afford.

PERSONAL.

Mr. C. G. Hobson, the well-known canner, is in the city.

Mr. M. M. English and wife returned from Victoria yesterday.

Mr. Wm. Moresby returned yesterday from an official visit to Victoria.

Children Cry for Pitcher's Castoria.

A Fine Practice.

The lacrosse practice last night was all that could be desired of it, with one exception, namely, that the field captain should insist on every order given by him being instantly obeyed. The turnout was the largest so far this season, and the seniors were present almost to a man. If this sort of thing is maintained for another month Westminster will have a team equal, if not superior, to anything on the lacrosse field west of Toronto, and it will have a team which will make a most interesting match for the Torontos when they visit this Province in July.

Chinese Gamblers.

The City police might do worse than emulate the example of the Victoria force, who make frequent raids on the gambling dens of Chinatown. The yellow fellows do not exercise much caution in playing, at least, at present. A COLUMBIAN reporter, who was passing along the Chinese part of Front street, in several of the shacks saw gangs of players busy with their game. In several cases there was money on the table. It is some time now since Officer Smith made his celebrated raid on a crowd of these fellows, and they have evidently begun to think that the police have forgotten them. The first thing that will attract the attention of the public to this state of affairs will be a grand general stabbing match in which some of the Celestials will be placed *hors de* coroner's inquest, or something like that. This infringement of the law should be summarily dealt with. In Victoria Officer Irvine is the terror of the Mongols, and when he drops in to take a hand in a little game of fan tan or Celestial poker, or catch the ten, the game generally ends in progressive euchre, Officer Irvine bringing up the rear with "catch the ten" or as many as he can put the bracelets on.

The Torontos Will Come.

The *Empire* of the 3rd inst. contains the following note which will be of great interest to lacrosse players throughout the Province. "Members should not forget that the first practice of the season will be held this afternoon on Rosedale grounds. It is to be hoped that every member who can will be on hand, especially as after the practice a meeting will be held to consider the proposed British Columbia trip, which has not been dead, but only sleeping, and to choose a team. In this connection it might be mentioned that letters have been received this week by Messrs. J. W. Drynan and George Higginbottom from brave Archie Mackenzie, who recently went out to the coast. In the course of ——teen pages he tells of his remarkable experience with a cayuse and the fun he gave the natives, ultimately telling the owner to take his dear little creature and feed him well, for he was altogether too kind and tractable to be let loose. He goes on to speak of lacrosse, and says that the game has taken a wonderful hold on the people out yonder. He is not only sure that the Torontos would receive an enthusiastic welcome wherever they went, but that all expenses would handsomely be met and the game would be tremendously benefitted by the trip. Archie urges with all the power of the aforementioned ——teen pages that the excursion be undertaken. It would help the country, the railway and the game. The letter will doubtless be read at the meeting after practice this afternoon by Mr. J. S. Garvin, who rarely relinquishes any scheme on which he has launched and does not propose to see British Columbia sacrificed to any little matter of detail."

Our Jolly Oarsmen.

The efforts which have been made nearly every year for almost the whole of the past decade to start a boating club in the City have always ignominiously failed, from some cause or other. It is gratifying to note, however, that the subject is being revived this season with so much vigor that there is good reason to believe something more satisfactory than failure will be the result. During the past year there have come to dwell in our fair City several gentlemen who have done excellent work as oarsmen in various parts of the east, and we have among us to-day men who have helped sustain the glory of such well known clubs as the Toronto Rowing Club, the Halifax, N. S., Boating Club, the Chatham, Ont., Boat Club, and others throughout the Dominion. Out of those aquatic athletes could be chosen a four-oared crew that might aspire to whip any amateur crew on the coast. And they can do it if they only get a chance to practice. What is wanted is a club and proper accomodation for training. Some are fond of bringing up the argument that the Fraser is not fit to practice on. Of course to judge it by its present appearance, one might well admit the charge, but, as everyone knows, as soon as the high water is gone there are times at the turn of the tide when for over an hour we have almost still water opposite the City. Besides, if the Westminster crew were trained in strongly running water, would they not be able to put on a terrific pace in absolutely calm water? The strong current is almost an advantage in that respect. Searle the late champion of the world, when a youth used to pull his boat against a strong stream, he got accustomed to pulling against a stiff tide and when he got alongside an antagonist on still water, everybody knows what the result was. With the material we have in the Royal City at present it is a pity that Westminster should not earn for herself some of the honorable laurels that are flaunting around the country. We have a gentleman who is a first-class stroke, another whose abilities as a "number three" are unquestionable; another who, as bow-oar in a well-known eastern four, received his training under the famous "Billy" Wells. A man to take the place of "number two" could easily be chosen, and with a few weeks' practice we might confidently let them go out to measure prowess with any club in the country. It is expected that a meeting will be held this evening to discuss probabilities, and if possible make arrangements for starting the institution without delay. There are several eligible lots along the water front and the City Council would probably be quite willing to make every concession towards assisting the enterprise. There are also some first rate boat builders in or near the city so that a stock of boats could be obtained very quickly. It is to be hoped that this good year of '90 will be signalized by the formation of the "Royal City Aquatic Club," or whatever the promoters choose to style it. If started at all the club would be sure to grow and prosper and become one of the most important athletic institutions in the city.

Hotel Arrivals.

At the Queens—J. J. Tierney, F. G. Whibley, Vancouver; G. Defoe, Clover Valley; M. A. McCormick, Winnipeg.

At the Douglas—T. R. Simpson, Winnipeg; W. L. Leonard, F. V. Nicholls, H. R. Ceperly, Vancouver; C. Meade, San Francisco; B. Young, A. Ewen, J. A. Laidlaw, T. E. Ladner, Victoria.

At the Colonial—W. R. King, W. Marchant, Victoria; W. L. Ferguson, C. B. Norris, H. Brooks, Vancouver; E. R. Small, T. W. Gannon, Jas. Marker, Miss Green, D. R. McElmon, W. B. Smith, Blaine, B. C.; A. Munro, North Bend; T. F. Calbick, Moodyville; P. Small, Montreal; J. H. MacFarlane, Ottawa; J. B. MacLaren, Port Moody; E. H. Coning, San Francisco; F. C. Brown, Harrison Springs; J. Barker, Harrison River.

At a meeting of the Y. M. C. A. building committee held in the office of D. S. Curtis last evening it was decided upon a vote to proceed immediately with the erection of the new building. The architects were instructed to prepare specifications to be laid before a meeting of the committee on Friday the 14th inst.

BRITISH COLUMBIA BUSINESS

Will be Bid for by the Great North-Western Telegraph Company.

Mr. Lyman Dwight, Superintendent of the Great Northwestern Telegraph Co., at Winnipeg, and Mr. F. Jaynes, Superintendent of the Western Union Telegraph Co., at San Francisco, arrived in the city yesterday on an important mission. Mr. Dwight's visit to the Province is in the interests of his company, who sent him hither to enquire into the prospects for business, with the view of extending the lines of the Great Northwestern Co. to British Columbia. He has visited Victoria, Vancouver, Nanaimo and this city, and declares himself more than pleased with the encouragement he has received on all sides. In fact, so general have been the assurances of support to his company that Mr. Dwight has come to the conclusion that the line must be built, and he will report to headquarters recommending its immediate construction. To a representative of THE COLUMBIAN he said it might be taken for granted that work on the new line would be commenced very shortly, and completed by fall. The Western Union will build to the international boundary at Blaine where the lines of the Great Northwestern Co. would connect. The new line will run from Blaine to Westminster, thence to Vancouver, Nanaimo and Victoria. The expense of laying the cable across the gulf would be greater perhaps than the present volume of business would justify, but he considered half measures would not be a good policy, and would urge that the line be built through to Victoria.

This will give an alternative route to the east and south, an addition to the telegraph facilities of the coast which will be greatly appreciated by business men. Mr. Dwight left for Toronto today to report on the proposed line to the managers of the company.

The Northern Route.

The steamer Rainbow left at 7 o'clock yesterday morning on the initial trip in the new service to which allusion was made a few days ago. The route as laid out will occupy a full week's time, and it is therefore necessary that the steamer shall start promptly on time from all her points of call. Mention is made of this, inasmuch as the steamers heretofore running on the northern route so called, viz., from, say, Valdez Island to Masset, have been frequently delayed by shippers not sending their freight to the wharves as promptly as when it is destined for other routes. It is pleasing to see that this enterprise on the part of the C. P. N. Co. is likely to be well rewarded, and that a business will be built up equally beneficial to the company and to Victoria. Capt. Edward Collis, long known on the coast as a skilful, prudent and accommodating navigator, is in command of the Rainbow, and Mr. Fred J. Stephen, equally well known, although for not as many years, is the purser. He will do all in his power to entertain and look after the general welfare of passengers and patrons of the steamer. The Rainbow yesterday had a small quantity of freight and a few passengers.—*Friday's Colonist.*

The Panama Canal.

PARIS, May 5.—The report of the special commission of the Panama Canal Company, sent out by Brunett, the liquidator of the Panama Canal Company, to investigate the condition of the canal, estimates that it would cost 485,000,000 francs ($97,000,000) to complete the canal on the dock system. To this should be added 20 per cent. for unforeseen expenses, and 20 per cent. for expenses and interests. The total cost is fixed at 900,000,000 francs ($180,000,000). The report further says that it would take between seven and eight years to complete the canal. The annual cost of management is estimated at 10,000,000 francs ($2,000,000). According to the estimates of the commissioners the receipts for the first three years after the opening would be 28,000,000 francs ($5,000,000 annually, gradually increasing year by year until twelve years after the opening, when they would amount to 61,000,000 francs ($12,000,000). The material of the old company and the work already performed is valued at 450,000,000 francs ($90,000,000).

New Westminster Water Commission.

SEPARATE SEALED TENDERS, TO BE ADdressed to the Chairman of the Board of Water Commissioners, are invited, and will be received up to 4 p.m. of the 14th July, prox., for the supplying of

"Material for the Main Pipe,"

and for the work of

"Making and Laying the Main Pipe,"

of the NEW WESTMINSTER WATER WORKS, in accordance with drawings and specifications to be seen at the Engineer's Office, City Hall.

Tenders are to be made on the printed Schedule, and Forms of Tender attached to the specifications, and are to be accompanied by the names of two responsible persons, who will agree to become bound as sureties in the sum of the amount of the tender for the due fulfilment of the terms of the contract.

The sufficiency of the sureties must be shown to the satisfaction of the Board of Water Commissioners.

Each tender to secure consideration must be accompanied by an accepted cheque payable to the order of the Secretary of the Board of Water Commissioners of New Westminster for an amount equal to five per cent. of the amount of the tender, as a guarantee that the Tenderer and his Sureties will, if called upon, enter into a written agreement, in form attached to specification, binding them to the due execution of the work tendered for, which amount will be forfeited to the Commissioners should the Tenderer neglect or refuse to enter into such agreement.

The Tenderer, or an authorized agent of the Tenderer to whom the contract may be awarded, will be required to attend at the office of the Engineer at New Westminster within six days after the time of mailing to him a notice of the award of the contract, and to execute the agreement or contract, as above mentioned; and in case of failure to do so he will be deemed to have abandoned the contract, and in such case the Commissioners, at the end of six days after the award, shall be at liberty to re-award the contract.

His cheque will be returned to the Tenderer to whom the contract may be awarded, on the execution of the agreement as above mentioned, and those of other tenderers one day after the award.

The price for each item in the schedules of quantities and the total amount of the tender are to be specified by the Tenderer with the understanding that the estimates are approximate and intended only as a basis for comparison of bids, and that payment will be made at the rates specified for the work actually performed, whether greater or less than the estimated amount.

Parties tendering for both the MATERIAL and the MAKING AND LAYING of the pipe will state in connection with their offer whether their tenders must be considered together or whether they may be considered separately.

Tenders are to be endorsed with the title of the work tendered for.

The lowest or any tender will not necessarily be accepted.

By order of the Commissioners,

ARTHUR HILL,
Engineer.

NEW WESTMINSTER

Building Society

A GENERAL MEETING WILL BE HELD IN the COURT HOUSE on

SATURDAY EVENING, MAY 17, '90

AT EIGHT O'CLOCK.

PURPOSE—Drawing for the nineteenth appropriation.

Members in arrears are requested to pay all dues at the Secretary's office, Bank Building, Mary Street, before that date, so as to lessen the Secretary's work on that evening.

New members will be admitted to the drawing on payment of the entrance fee, $1, and four weeks' subscription, $2 per share.

By order, WALTER J. WALKER,
Secretary.

10th May, 1890. dmy1017

PROVINCIAL SECRETARY'S OFFICE,
Victoria, 17th April, 1890.

WHEREAS THE LIEUTENANT-GOVERNOR in Council is empowered, under the "Public School Act," to create School Districts, in addition to those already existing, and to define the boundaries thereof, and from time to time to alter the boundaries of existing Districts: it is hereby notified that His Honor has been pleased to direct that the boundaries of Lulu Island School District be altered and redefined as follows:—

Commencing at the north-west corner of Section 24, Block 5 north, Range 6 West, New Westminster District; thence due south to the south-east corner of Section 14, Block 4 north, Range 6 west; thence due west to the sea-shore; thence northerly and easterly, following the shore line to the point of commencement.

Also, that His Honor has been pleased to create the tract of land enclosed within the undermentioned boundaries a school District, under the title of the "Sea Island School District," viz:—

Commencing at the western boundary of Lot 311, Group 1, New Westminster District; thence west, including all lots on the North Arm of Fraser River; also Lots 324 and 325, to the eastern boundary of the Indian Reserve; thence crossing the mouth of said arm to the western extremity of Sea Island; thence southerly and easterly, following the shore of said island to its eastern extremity; thence crossing the said arm to the point of commencement.

Also, that His Honor has been pleased to create the tract of land enclosed within the undermentioned boundaries a School District, under the title of the "Union Mines School District," viz:—

All that tract of land embraced within the circumference of a circle whose centre shall be the centre of the plot of land on which the building now used as a school-house stands, and whose radius shall be a distance of three miles from such central point.

By Command,

JNO. ROBSON,
Provincial Secretary.

COLUMBIAN SUPPLEMENT.

VOLUME VIII. NEW WESTMINSTER, B. C., MAY 10, 1890. NUMBER 84.

TO THE ELECTORS

—OF—

New Westminster District.

GENTLEMEN:—In view of the near approach of the election to fill the vacancy caused by the death of our late representative (the much-respected D. Chisholm) and as I have stated in my card to you that I am a candidate for that honor, I will now lay before you some of my views on the leading questions which I consider will arise in the near future for consideration.

I have been asked what I mean when I announce myself as a Liberal-Conservative; I reply, "That by nature and education I am a Conservative, but a residence of over 30 years in this Province and much intercourse with our American cousins has had the effect of changing many of my views, and given me liberal ideas, therefore I claim I am a Liberal-Conservative." Owing to the fact that party lines are not defined in British Columbia as they are in the older provinces, I consider that our representatives are not in duty bound to give a *through-thick-and-thin* support to any party, but they should go to Ottawa prepared to give a generous support to all GOOD measures which may be brought before them, and to consider the prosperity of the Dominion as a whole, but our own Province in particular, and should a measure come before them which they consider in any way detrimental to the interests of this Province they should take their stand like true men and vote against it.

I am opposed to a certain extent, to the Tariff, or National Policy as applied to British Columbia. We are a long way from the centres of manufacture in the East, and many articles of every-day use to our Farmers and others, and which we cannot produce at home can be obtained more readily and at shorter notice from our near neighbors over the line, and in many cases the articles are better adapted to our needs than those brought from the Eastern Provinces; in fact, much of our Farming and Mining Machinery, Wooden Ware and other articles are brought from the States, although the duties are so heavy. Again regarding our food supply; we do not raise enough to supply our wants, and are obliged to cross the border for it, and are met with such heavy duties that heads of families in this Province pay more than ten to one compared to their compeers in Eastern Provinces. We have had example to the point during the last three months. If we had not received a good supply from California there would have been a meat famine; as it is we are now and have been paying 25 cents per pound for mutton, which is more than ordinary mortals like to pay, and the same state of affairs is likely to obtain again after any long and severe winter, for in spite of "Protection" for the last eleven years our stock raisers are little better prepared to meet hard winters than they were before, and to my mind the only ones who have reaped the benefit of the N. P. are the manufacturers. As a true Britisher I should like to see "Free Trade," but as that seems out of the question, I would advocate "Reciprocity" in many articles which are at present in the Tariff lists, as I think it would be beneficial to both countries, and the working man would not have to go down so deep into his pockets to buy what he needs to eat and wear. I am aware the Government must have a revenue to carry on the affairs of the country, but I would have "luxuries" pay more and get at the pockets of the richer classes who can better afford to pay taxes.

Owing to the long continued sickness of the late Mr. Chisholm, he was unable to be in his place this session, and very little during the previous one, so we of this District have been practically unrepresented, and our local wants have not been brought before the notice of the House. Had he (Mr. Chisholm) been in his seat, I do not think the Postmaster-General would have been left so much in the dark concerning the necessity of regular mail facilities on the Lower Fraser as he seems to have been when he proposed to cut off the mail subsidy from that important route, and there are other places in the District which need better postal facilities, which I consider should receive that gentleman's earliest attention.

I hope that in the near future our District will reach that point that we may look for it to be divided and receive another representative. At present I think it is the largest constituency in the Dominion, extending over 1500 miles of territory, and when the census returns are in I think the necessary number of population will be found to demand such additional representation.

The protection of the river banks at Chilliwack, Sumas, Burton's Prairie and other places should receive my earnest attention, also the works for improving the channel at the Sandheads, in view of the expected increase in our shipping interests.

I consider the Province should have control over all railway charters and privileges within our borders.

Our Fishing interests, being of such great importance to this District in particular, I feel should receive more than ordinary attention.

I would urge the cutting of a canal through the Delta lands from the mouth of the Serpentine to Fraser River, also to enquire into the question of cutting one from the Fraser River to Port Moody, which has often been suggested to me.

Immigration, I consider, should be fostered, and encouraged judiciously. Just at present it is coming here fast enough; I would not like to see a large influx pour in at once, as many would be disappointed and go away disgusted and probably give our glorious Province a bad name.

There are many other matters I should like to touch upon, but it would make this address too long. I hope to see as many as possible before the election, when I shall be prepared to lay my views more fully before them and answer any questions. As soon as possible after the arrival of the writ I will arrange for a personal canvass and will send due notice of time and place of meetings.

During my long residence in the Province I have travelled through much of it, from Victoria to Cariboo, and have noted its growth and requirements, therefore, I feel fully competent to bring such matters before the notice of the House in a practical, business-like manner.

Should I have the honor to be elected I assure you I shall watch over the interests of this District faithfully and to the best of my ability, not forgetting that I also go as a true British Columbian and to do my duty as such.

Yours faithfully,

WM. B. TOWNSEND.

Notice to Contractors.

SEALED TENDERS WILL BE RECEIVED by the Hon. Chief Commissioner of Land and Works, up to noon of **Wednesday, 14th May,** for the construction of a COURT HOUSE at New Westminster.

Each tender must be accompanied by an accepted bank cheque for a sum equal to five per cent. of the amount of the tender, made payable to the Hon. the Chief Commissioner of Lands and Works. In the event of a contract being let the cheque will be retained as part security for the due performance of the work. The cheque will be returned to unsuccessful competitors, but will be forfeited by any bidder who may decline to execute a contract if called upon to do so.

Plans and specifications can be seen, and forms for tender obtained, at the office of G. W. Grant, Esq., Architect, New Westminster, or at the office of the undersigned.

The lowest or any tender not necessarily accepted.

CAUTION.

OWNERS AND MASTERS OF VESSELS AND other Craft navigating the Fraser River are cautioned to keep within the Buoys painted Red and White, respectively, at the Mission Bridge, as during the construction of the Bridge, navigation between the banks of the River and the Buoys is dangerous, owing to piles being driven there.

H. ABBOTT,
General Superintendent.

Vancouver, B.C., 7th May, 1889. dmy8tc

NOTICE.

Supply of School Furniture.

SEALED TENDERS WILL BE RECEIVED BY the Hon. Chief Commissioner of Lands and Works, up to noon of Saturday, 31st day of May next, for supplying the Educational Department with school desks.

The desks must be of an approved pattern, with iron frames and hardwood finish, in all respects fully up to the standard of a sample desk which may be seen at this office. Preference will be given to home manufacture, all points of merit being equal.

Tenders must give full particulars, and must state the price for each desk and for each rear seat delivered set up ready for use in the schoolhouses at Victoria, Nanaimo, Vancouver or New Westminster, in such quantities and at such times as may be ordered.

The lowest or any tender not necessarily accepted.

W. S. GORE,
Surveyor-General.

Lands and Works Department,

Victoria, B. C., 20th March, 1890. mh28-60d

KOOTENAY DISTRICT.

FERRIES.

SEPARATE SEALED TENDERS WILL BE received by the Honorable Chief Commissioner of Lands and Works, up to noon of Tuesday, 20th day of May next, for the right of maintaining and operating a Ferry at each of the following places for one year from the 1st of June next, viz.:

At the points where the trail between Sproat's Landing and Nelson crosses the Slocan and the Kootenay Rivers.

The ferry right to extend five miles above and five miles below the respective points indicated.

Any party to whom a charter may be awarded shall provide all necessary appliances for the proper working of a ferry suitable for the traffic and to the satisfaction of the Honorable Chief Commissioner of Lands and Works. He will be allowed the use of any plant now at the ferry site, which is the property of the Government, free of charge.

He will be allowed to collect toll at the following rates, viz.:

For every passenger	10	cents.
" horse or mule	25	"
" spring waggon or buggy	50	"
" freight waggon	50	"
" head of cattle	25	"
" sheep, pig, goat	10	"
" one hundred pounds of freight (excepting mining machinery, which shall be carried free)	5	"

Return pack-animals and freight teams to pass free.

Tenders must state the amount of rental to be paid to the Government for the privilege, and with each tender must be submitted the names of two responsible parties willing to sign a bond for the sum of $1,000, for the faithful carrying out of the contract.

All officers of the Provincial Government, with their animals and freight, to pass free.

W. S. GORE,
Surveyor-General.
