NOTES AND COMMENTS.

The *Journal of Education* stoops to the following: There's nothing like leather, excepting, of course, the upper crust of the young wife's first pie.

The last letter received from murdered Major Bartellot, under date of June 4, complained of Tippoo Tib's broken faith, and was full of strange forebodings of coming disaster.

A wealthy London merchant is reported as having said: "I always feel happy when I am advertising, for then I know that, waking or sleeping, I have a strong though silent orator working for me, one who never tires, never makes mistakes, and who is certain to enter the households from which, if at all, my trade must come." Won't you come out here, Mr. London Merchant; we are just dying to shake hands with a happy man of your sort.

Speaking of the Northwest crops, it would appear from recent advices that the frost has been more severe on the grain in northern Dakota and Minnesota than in our northwestern country. Very blue accounts are received from south of the line. The other day the receipts of wheat at Minneapolis aggregated 115 car loads, out of which there were 85 cars of rejected. Reports of the Ontario wheat crop grow more favorable every day. The spring wheat is said to be the best in many years, and the large yield of 35 to 40 bushels an acre is reported by some farmers within fifty miles of Toronto, east and northeast. Barley, it is said, will go as high as 45 bushels to the acre in some localities.

The *Mail* reprints, with comments, the following disconsolate wail of a hungry but whimsical British Columbian: The settler who in the early days objected to Canada owing to the scarcity of marmalade has a friend and a brother in the resident of British Columbia who writes to the Pacific Coast press complaining at the absence of muffins. "We are," he says, "an English community in an English colony, and yet we have no muffins. We have plenty of able bakers, and yet no muffins. In New York there are muffins, and in San Francisco there are muffins. How is it that in British Columbia there are no muffins?" The explanation, of course, is to be found in the Tariff Act. Everybody knows that duties promote production. There are no duties on muffins, therefore we do not make muffins.

Here is a pointer for the ladies, if they wish to do things *a l'Anglaise*, you know. The London correspondent of the Toronto *Empire* says: Among ladies cricket seems to have become, if possible, more popular than last year, and even titled dames and damsels now handle the bat with as great ease as the racquet. At the Lyric Club I overheard Lady Rainclifte expressing a strong desire to be taught, while Lady Cholmondeley needed no "coaching" when once she got before the wickets. Lady Beaumont, too, has won laurels in many matches played against the sterner sex. At Maidenhead last week there was a cricket match that attracted very large numbers to the field where it was held; indeed, on one side of the ground there were several rows of carriages well filled with enthusiastic spectators. Ladies v. Men were the sides, the men being only allowed the use of the left arm for batting, bowling and fielding, while their right arm was worn in a sling. To the great delight of everyone, not excluding the opposers, the ladies were victorious by three runs. One girl gained undying fame by taking six wickets for twenty-three runs, and another distinguished herself by making seventeen runs, not out. The players were chiefly gowned in serge or flannel skirts and loose shirts. Two sisters, one of whom was an admirable "wicket-keep," looked very well in white, with blue shirts; and another pair wore becoming dresses consisting of dark blue serge skirts and loose jackets, with blue and white striped shirts. Large blue straw hats trimmed with red poppies completed the costumes. Miss Monckton, who was in the eleven, were dark blue, with a white shirt made like a man's, with a stiff front, collar and cuffs, a red serge waistcoat and dark blue coat.

Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

Cleveland's Recommendations on the Chinese Exclusion Bill—Advices from Alaska.

The Mahdi Reported Dead—Excitement in Wheat at Chicago—2,100 Miners on Strike.

LAST NIGHT'S DESPATCHES.

WHEAT MARKET.

CHICAGO, Oct. 1.—Wheat, 106 for cash and Oct.; 7¼ Nov.; 7 Dec.

NEW YORK, Oct. 1.—Wheat, 105½ for cash; 4½ Oct.; 6¼ Nov.; 7¾ Dec.; 11⅜ May.

CHINESE EXCLUSION BILL.

WASHINGTON, Oct. 1.—The president recommends that congress, by a joint resolution, or in some other manner, provide that such Chinese laborers as have actually embarked on their return to this country before the passage of this bill may be permitted to land. He also recommends the appropriation of an amount named in the rejected treaty to indemnify certain Chinese subjects for damages suffered through violence in remote and comparatively unsettled portions of the country.

The president's message says: "The experiment of blending social habits and race indiosyncrasies of Chinese laboring classes with those of the great body of the people of the United States has been proved by the experience of 20 years, and ever since the Burlingame treaty of 1868, to be in every sense unwise, impolitic, and injurious to both nations. With the lapse of time the necessity for its abandonment has grown in force until those having in charge the governments of the respective countries have resolved to modify and sufficiently abrogate all those features of prior conventional arrangements which permitted the coming of Chinese laborers to United States. To such an extent has successful violation of the treaty of 1880 and the laws enacted for its execution progressed, that courts in the Pacific states have been for some time past overwhelmed by the examination of cases of Chinese laborers who are charged with having entered our ports under fraudulent certificates of return, or who seek to establish by perjury a claim of prior residence. Such a demonstration of the inoperative and inefficient condition of the treaty and the law has produced a deep seated and increasing discontent among the people of the United States, and especially with the residents of the Pacific coast. This has induced me to omit no effort to find an effectual remedy for the evils complained of, and to answer the earnest popular demand for absolute exclusion of Chinese laborers, having objects and purposes unlike our own, and wholly disconnected with American citizenship."

TO-DAY'S DESPATCHES.

ARRESTED FOR MURDER.

HELENA, Mont., Oct. 2.—George Bryson, arrested here charged with the murder of Annie Lundstrum, with whom he has been living, and whose body was found in a prospect hole, about a mile from the city, covered with rocks and dirt. She had evidently been dragged to the shaft and thrown down by her murderer and afterward covered up. She was found in the hole to which the murderer had crawled up after doing his work.

SHIPPING NOTES.

SAN FRANCISCO, Oct. 2.—Arrived, strs. Umatilla, Victoria; Arago, Coos Bay; ship Glory of Seas.

THE BARK ARRIVES.

SAN FRANCISCO, Oct. 2.—The British bark Maelgwyn, 170 days overdue, from Liverpool, with a cargo of general merchandise, put in appearance this morning.

GRASSHOPPER PLAGUE.

SAN FRANCISCO, Oct. 2.—Steamer Genada, which arrived from Panama this morning, brings news that owing to lack of rain in various departments of the Republic of Salvador all crops have been lost. To add to this there has been a grasshopper plague.

ALASKA NOTES.

SAN FRANCISCO, Oct. 2.—The U. S. revenue cutter, Richard Rush, arrived this afternoon from Ounalaska, bringing the following news:

On Sept. 5th, at Sand Point, Popoff Island, Louis Sharp shot and killed Wm. H. Dingley, and afterwards shot seriously and wounded James O'Brien, agent of the Lynde and Hougo fishing and trading station.

The U. S. ship Thetis arrived at Ounalaska on Sept. 17th with 71 miners who had drifted down from the Youkon river; 18 were brought here on the Rush.

Up to the 18th ult. the total catch by the whaling fleet was 26½ whales.

On Aug. 13th the Thetis in the field of ice adjoining the Arctic pack raised the whaler Jane Gray, which was wrecked during the gale at Point Barrow.

A WHIRL OF EXCITEMENT.

CHICAGO, Oct. 2.—The board of trade opened this morning with a whirl of excitement in wheat pit. December was the center of attraction, and danced about in fashion to make the traders heads swim. Opening at ⅝ to ¾c. lower than yesterday's close at 104¾ to 105, it rapidly advanced by ⅛ and ⅝ to 108⅛, or about 3¼c. inside of five minutes. Then it began to recede and continued dropping down till it reached 106⅞, and at 10 o'clock was quoted at 107. At 11 o'clock 105⅛ was asked for Oct., 105¼ for Dec., and 108¼ for May.

YELLOW FEVER.

WASHINGTON, Oct. 2.—The senate to-day discussed the resolution for the creation of a commissioner for the investigation of the yellow fever.

FORGERY DISCOVERED.

LONDON, Oct. 2.—The *Pall Mall Gazette* says that Parnell has discovered who forged the letters signed with his name which were printed in the *Times*.

EXPLOSION.

PANAMA, Oct. 2.—A terrible explosion occurred on board a large iron mud carrying steamer at Aspinwall Sept. 18th. The safety valve blew out and the explosion followed causing the loss of six lives, destruction of the vessel and another steamer in the vicinity, while an iron lighter near by was cut in two as if by a knife.

SPECIAL MESSAGE.

WASHINGTON, Oct. 2.—A special message has been sent to the finance committee of the senate from Senator Beck with his suggestions for a minority report on the tariff bill. It was laid before the committee to-day and it is now probable that the bill will be given to the public to-night or to-morrow.

REPORTED DEAD.

LONDON, Oct. 2.—The Mahdi is reported dead at Khartoum.

MINERS' STRIKE.

ST. LOUIS, Oct. 2.—Twenty-one hundred miners employed by the St. Louis consolidated coal company have gone out on a strike. They have been holding weekly meetings for several months at east St. Louis, Belleville and Alton endeavoring to arrange a satisfactory rate of wages, but were unable to agree with the company. The miners demanded two and one-quarter cents per bushel top weight for mining coal, which would be one-half a cent per bushel above the price now paid.

BOX FACTORY BURNED.

FRESNO, Cal., Oct. 2.—Boughton's raisin box factory was destroyed by fire yesterday; loss $15,000.

DROWNED.

SAN FRANCISCO, Oct. 2.—A party of four consisting of Jas. McGrath, watchman on the Union street railroad, A. Pripemeyer, gripman on the same road, Andrew Simondson, bartender, and a boatman named Nelson who offered his services to take the other three men on a fishing excursion, left the city yesterday morning. About an hour after their departure a heavy swell of an incoming steamer capsized the boat and the four men were drowned, none of their bodies being recovered.

COLLISION AT SEA.

LONDON, Oct. 2.—The master and second officer, Survivors of the British ship Earl Wemyss from San Francisco for Queenstown which sunk in collision with the British ship Ardencaple, and who were taken aboard the ship Creedmore from Manila for New York on Sept. 9, together with some deserters from the Ardencaple have arrived. The master's wife and children, first officer and nineteen of the crew of the Wemyss were drowned.

WHEAT.

CHICAGO, Oct. 2.—Wheat 104¾ for cash and Oct.; 6¼ Nov.; 6¾ Dec.

LIVERPOOL, Oct. 2.—Wheat quiet, Cals. 7s. 11½d.

NEW YORK, Oct. 2.—Wheat 106¼ cash; 7⅝ Nov.; 12¾ May.

STOCK ADVANCING.

SAN FRANCISCO, Oct. 2.—A strong feeling prevailed in the stock market this morning, and there was an advance all along the line. Con. California and Virginia and Ophir closed 75 cents over yesterday's, and Confidence jumped to $20, an advance of $2.25. Other advances ranged from 5 to 30 cents.

CHINESE.

WASHINGTON, Oct. 2.—It is not probable that any action will be taken by the senate toward the enactment of a law to allow the Chinese who had embarked on their return to the United States duly provided with certificates before the passage of the bill signed yesterday, to land upon their arrival in this country. Among the Pacific coast senators and representatives the feeling is very general that the Chinese now in transit cannot be permitted to land upon their arrival and that they must be returned to the port of embarkation. The law is mandatory they affirm and cannot be evaded.

Late Canadian News.

TORONTO, Sept. 29.—The international series of baseball matches closed yesterday. Syracuse is first and Toronto second.

TORONTO, Sept. 27.—The chairs to be established by the city in Toronto university will be the subjects of English literature and mineralogy.

OTTAWA, Sept. 28.—No inquest was held on Wesley who was killed during the balloon ascent on the fair grounds. He seems to have attached himself to the balloon as a piece of fool hardiness.

MONTREAL, Sept. 28.—Sir Chas. Tupper replying to a congratulatory cablegram from Chapleau on his recent honor says he hopes soon to reciprocate. This indicates that Chapleau is soon to be knighted.

OTTAWA, Sept. 27.—The postoffice department is collecting information bearing on the question of the rates on letter postage. The proposed reduction of the postage from three to two cents involves the important question of revenue.

MONTREAL, Sept. 27.—Warrants have been issued for the arrest of a young medical man, who it is alleged, procured an abortion on a young girl, daughter of a French Canadian washerwoman, living in the east end. The girl was ruined by the son of a wealthy wholesale merchant. The case is in the hands of a private detective and interesting developments are promised.

SHERBROOKE, Sept. 29.—The unfortunate Italians continue very defiant at Sawyerville junction. Yesterday they carried their obstructions so far as to again prevent the continuance of track laying, which was being carried out under the protection of the military, and it had to be suspended until the rioters were driven off at the point of the bayonet. Advices from the American end of the road say that to-day Italians armed with guns drove off the sub-contractors and chased them into Cannan, Vermont.

Daily British Columbian

Tuesday Evening, Oct. 2, 1888.

The Chicago *Times*, becoming impatient to know the worst, has been making the following interesting and rather daring experiment with a view to ascertaining the drift of opinion on the presidential contest. It sent out a circular to all its recognized country correspondents, calling for the names of persons who will this year change their votes, with their reasons for changing, the inquiry to be careful and impartial, misrepresenting no one. From the mass of returns sent in those were selected for publication, and those only, that complied with the calls for names and reasons. A close analysis of the returns shows 195 answers from persons in widely-separated counties of Illinois and Indiana, and by their reported occupations—professional men, manufacturers, mechanics, farmers, employers, and laborers—they represent in very fair proportions the constituent parts of one community of five hundred voters. Considering now, what their vote was in 1884, and what it may be expected to be in 1888, the count shows:

1884.		1888.	
Cleveland	171	Cleveland	259
Blaine	306	Harrison	156
St. John	10	Fisk	76
Butler	8	Labor	4

It must be borne in mind, says an exchange, commenting on this, that every one of these votes is changed. Not one of the 171 who voted for Cleveland in 1884 vote for him this year, *but their places are supplied by* 159 others. The deduction from this is that the tariff question is causing a prodigious turnover of votes and that in the agricultural districts Cleveland will make very large gains over his vote in 1884.

In the WEEKLY COLUMBIAN of this week, published Wednesday morning, appears detailed and interesting reports (principally telegraphic) of the various local agricultural exhibitions held in Westminster district during the last few days, the same reports appearing in the dailies. The Chilliwhack and Surrey exhibitions are reported in full, but it was found impossible, even by telegraph, to get the prize list of the Ladner's Landing fair in time for publication either in Tuesday's daily or Wednesday's weekly. Our special representative on the grounds has, however, telegraphed a very full descriptive account of the general features of this show, which appears in both the above-mentioned papers. The prize list will appear in the next daily and weekly. A careful perusal and comparison of the various reports cannot but prove interesting. It will be seen that while various portions of the district surpass each other slightly in different directions, there is a very high standard of excellence apparent throughout. One is almost forced to the conclusion that were an average exhibit from any of these shows transported across the continent and entered against similar products in the east, British Columbia would score a point every time. The mention about peaches, grapes, etc., is very gratifying, as proving beyond a doubt that these delicious fruits, not generally supposed to be within the large catalogue of our fruit-raising possibilities, can be grown and refined in this district to perfection. The various other fruits, the different vegetables, grains, and the products of the dairy, all make a splendid showing. An unmistakable advance, too, is being made, and great apparent interest manifested, in the introduction of and raising thoroughbred and graded stock. A feature worthy of special mention in connection with all the local shows was the creditable floral display made by the ladies, as also the evidences of their taste and skill in the innumerable sorts of artistic fancy work. The comparisons, too, with previous years are very encouraging, giving proof positive that satisfactory progress is being made in agricultural, as in other directions, *throughout the district and the* province. As we have before remarked the products of British Columbia, agricultural and otherwise, speak for themselves and the country that produces them, in unmistakable terms. We congratulate the farmers of the district upon the unqualified success of their various local exhibitions. In no other way, perhaps, can the true nature and capacities of the province be so well disclosed, and the stigma which the thoughtless and the uninformed have cast upon our agricultural fame, be removed.

To what heights and depths, literally, will not the reckless determination to gratify the already over-indulged sensationalism of this generation, carry the obliging caterers to the public taste? Balloon ascensions, coupled with the "parachute act," are now the rage back east, both in the States and Canada. No outdoor public occasion is considered complete now unless some daring aeronaut risks being converted into a jelly fish for the public delectation. The trick is to go up a thousand, fifteen hundred, or two thousand feet in the air, seated in a little basket attached to the lower end of an umbrella handle—the umbrella being, of course, built on a large scale, then to cut the ropes connecting the aforesaid umbrella with the balloon above, and drop like a plummet toward the earth. The umbrella, technically known as a parachute, is supposed to gradually expand and check the lightning descent, bringing the aerial voyageur gently to the ground. Cases have been known where it didn't expand or open, owing to some entanglement of the ropes appertaining, and the result was almost too horrible to imagine. Only the other day, the parachute of one of these high-flyers failed to work until he had fallen about five hundred feet, when it fortunately came to time and saved from anything more severe than a pretty lively jarring. A brother aeronaut not long ago dropped into a lake, umbrella and all, and was picked up by a boat. Our readers will not need to be told what our despatches informed them the other day, of the unfortunate young man of Ottawa, who failed to let go of a rope soon enough at a balloon ascension at a fall exhibition in that city recently, and was carried up a thousand feet, from which dizzy height he dropped to the cruel earth, in view of the assembled thousands, and was literally pulverized. He is said to have dropped feet first for a portion of the distance, but finally turned over, striking the earth flat on his back. Observers noticed him during his rapid descent passing his arm over his face, as though wiping the prespiration from his brow. Such a scene would probably only stimulate the appetite of the crowd for more horrors. The aeronaut came sailing down shortly afterwards safely, hanging onto his big umbrella. At another fair, this one at a place called Centreville, near Kalamazoo, Michigan, held a little over a week ago, the following sensational scene was witnessed: The crowd had gathered to see Professor Bartholomew make a balloon ascension. Everything was in readiness for the event, and the word had been given to the men holding the guy ropes to stand firm and let go quickly at a given signal. An old man named Mark Sanborn, of Burr Oak, was adjusting the ropes of the parachute with which Bartholomew was to descend, when the balloon started off, and one of the parachute ropes became entangled about Sanborn's leg above the knee, carrying him up 1,500 feet, head downward. Sanborn struggled hard to free himself as he shot upward through the air, but to no avail. The crowd was horrified, and all expected to see him fall to the earth and be crushed to pieces. After the balloon had reached its highest altitude it descended, landing Sanborn safely astride a rail fence, where he was rescued, more scared than hurt. Bartholomew saw that he had a passenger trailing behind him as he went up, and told the unlucky man to "hang on" and he would try to bring the balloon to land, which he did. Sanborn then said, "I wouldn't go up in that way again for all Centreville. When, oh, when, shall poor British Columbia have balloon ascensions and big umbrellas—and bigger fools—to draw crowds at her annual fall exhibitions? The intelligent reader will see that in no other way can a really successful *full* exhibition be expected.

Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

Pimples, Boils,

And Carbuncles result from a debilitated, impoverished, or impure condition of the blood. Ayer's Sarsaparilla prevents and cures these eruptions and painful tumors, by removing their cause; the only effectual way of treating them.

Ayer's Sarsaparilla has prevented the usual course of Boils, which have pained and distressed me every season for several years.—G. Scales, Plainville, Mich.

I was badly troubled with Pimples on the face; also with a discoloration of the skin, which showed itself in ugly dark patches. No external treatment did more than temporary good. Ayer's Sarsaparilla effected

A Perfect Cure,

and I have not been troubled since.—T. W. Boddy, River st., Lowell, Mass.

I was troubled with Boils, and my health was much impaired. I began using Ayer's Sarsaparilla, and, in due time, the eruptions all disappeared, and my health was completely restored.—John R. Elkins, Editor *Stanley Observer*, Albemarle, N. C.

I was troubled, for a long time, with a humor which appeared on my face in ugly Pimples and Blotches. Ayer's Sarsaparilla cured me. I consider it the best blood purifier in the world.—Charles H. Smith, North Craftsbury, Vt.

Ayer's Sarsaparilla

Is sold by all druggists. Ask for Ayer's Sarsaparilla, and do not be persuaded to take any other. tt

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5.

New Westminster Southern Ry

NORTHERN TERMINUS.

MESSRS. W. J. WALKER & COMPY have lots for sale in the city from $50 upwards.

Also, immediately adjoining the City limits from $25 upwards; and a few remaining lots at Sapperton at $100 on very easy terms.

Also, Farming Land in Surrey Municipality, *near the international boundary*, and along the line of railway; and Acre Lots at Brownsville in first-class situations at profitable rates.

Intending investors are invited to call immediately, before prices are advanced. The advertisers offer their services as agents for the PURCHASERS of property, and as such will give the fullest information and advice to their best ability, to strangers and others, respecting any proposed investment in land, whether in their own hands for sale, or otherwise.

Intending exhibitors are requested to notify the Secretary.

THOMAS RUSSELL,
dwse17td Secretary.

GREAT

Real Estate Sale!

I HAVE RECEIVED INSTRUCTIONS to sell by Public Auction at the Colonial Hotel, on

Saturday, October 13th,

AT 8 O'CLOCK, P.M.

THAT VALUABLE HOUSE AND LOT on Agnes street west, and known as Lot 9, Block XXXIII, New Westminster City. This is a full size lot with good six-room House, stabling for four horses, an excellent garden of bearing Fruit Trees, and a never failing supply of pure spring water. Terms, $1200 cash, balance at 8 per cent.

THE S. W. QUARTER OF SECTION 30, Group 2, 3½ miles from New Westminster, with half a mile frontage on the Scott Road leading to Ladners Landing. This is an excellent chance to secure a good ranch within easy reach of the city. The growth is principally light alder, and the soil is of excellent quality. Terms, 25 per cent. cash, balance at 8 per cent.

THAT VERY ELIGIBLE LOT ON AGnes street, next the residence of Mr. Phillips, and known as Lot 36, Victoria Gardens; the size of the lot is 66 x 132 feet. This is one of the best situated lots on this street, and should meet with ready sale.

ANNACIS ISLAND.

ALSO THAT VERY DESIRABLE PROperty known as "Annacis Island," This Island is situate about three-quarters of a mile below New Westminster City on the Fraser River. It contains 905 acres, a great part of which is prairie with a heavy growth of timber around the outer edge of the island, forming an excellent shelter and making it eminently adapted for a stock ranch. Some of the land has been cultivated, and it is upon this island that the best sugar industry was established. This property will be found worthy the attention of capitalists, as in the hands of competent parties this island could be conveniently cut up into small farms of say 50 acres each, and would bring in a handsome return for the investment. And parties locating here would be within easy reach of the city, and have the advantages of a ready and constant market for all they could produce.

ALSO SEVERAL CHOICE LOTS 66 x 132 in Lot 19, Block XIII, New Westminster suburbs; and in Lot 9, Block X, New Westminster suburbs, facing on the Douglas Road. Terms, one-third cash, balance in three and six months, at 8 per cent. interest.

T. J. TRAPP,
dse8td Auctioneer.

TIMETABLE

Str. "Gladys,"

UNTIL FURTHER NOTICE, WILL leave for Chilliwhack and way places on TUESDAYS, THURSDAYS and SATURDAYS, at 7 a. m., returning on the following days. For all further information apply on board, or to

HEAD TOWARD THE NORTH.

An American Physician Thinks This the Right Way To Sleep Well.

There is no doubt in my mind that the belief that human beings should sleep with their bodies lying north and south has its foundation in true scientific facts.

Each human system has magnetic poles—one positive and one negative. Now, it is true that some persons have the positive pole in the head, and the negative pole in the feet, and vice versa. In order that the person sleeping should be in perfect harmony with the magnetic phenomena of the earth, the head, if it possess the positive pole, should lie to the south, or, if the feet possess the positive pole, the head should lie to the north.

The positive pole should always lie opposite to the magnetic centre of the continent, and thus maintain a magnetic equilibrium. The positive pole of the person draws one way, but the magnetic pole of the earth draws the other way, and forces the blood toward the feet, affects the iron in the system, tones up the nerves, and makes sleep refreshing and invigorating.

But if the person sleeps the wrong way and fails to become magnetically en rapport with the earth, he will then probably be too magnetic, and he will have a fever resulting from the magnetic forces working too fast, or he will not be magnetic enough, and the great strain will cause a feeling of lassitude, sleep will not be refreshing, and in the morning he will have no more energy than there is in a cake of soap.

Some persons may scoff at these ideas, but the greatest scientific men of the world have studied the subject. Only recently the French Academy of Science made experiments upon the body of a guillotined man which go to prove that each human system is in itself an electric battery, one electrode being represented by the head, the other by the feet.

The body was taken immediately after death and placed upon a pivot, to move as it might. After some vacillation the head portion turned toward the north, the body then remaining stationary. One of the professors turned it half way round, but it soon regained its original position, and the same result was repeatedly obtained until organic movements finally ceased.—St. Louis Globe-Democrat.

THOMAS F. MARSHALL.

As Seen in His Prime and afterward When a Wreck.

I never saw Mr. Marshall but twice, once when he was in the meridian of his intellectual strength, the accomplished and magnetic orator, and again when he had fallen from his high estate to be the slave of intemperance, an object of painful commiseration.

A few days after the unsuccessful efforts made in the House in 1837 to pass a resolution of censure against John Quincy Adams for his temerity in presenting a petition from slaves, in which effort Mr. Marshall took a leading part, I happened to be seated with some Southern members of Congress at the dinner table of one of the Washington hotels when Mr. Marshall came in.

It seemed that Mr. Adams had said or done something that day which had irritated these gentlemen, and as Mr. Marshall was taking his seat at the table one of them exclaimed:

"Well, Marshall, the old devil has been at work again; you must take him in hand."

"Not I," replied Mr. Marshall, with a decisive shake of the head; "I have been gored once by the d——d old bull, and have had enough of him. If there is to be any more of this kind of work, it must be undertaken by somebody else. The old devil, as you call him, is a match for a score of such fellows as you and I."

Many years after I saw Mr. Marshall in Washington. He was pointed out to me in the Lake House, in Chicago, sitting upon a bench with the messenger boys, and talking to them incoherently—a mental and physical wreck.

He had joined temperance societies, and made temperance speeches equal to the best of Gough's, for, like Gough, he spoke from his own experience. His description of the terrible next morning following the night's debauch was as truthful and touching as it was graphic.

For months together he seemed to have conquered his enemy, a thirst for intoxicating drink, but its hold had become too strong to be overcome. He resolved, and re-resolved, and died the victim of alcohol.

I have known many victims of intemperance, but none who have fallen from so distinguished a position, whose ruin was so lamentable and complete.—H. McCulloch in Scribner's.

VARIETY IN LAUGHTER.

The Significance of Different Modes of Cachinnation.

An authority on laughter says with more or less reason:

It has been observed that laughter is indicative of a particular temper and character, according to the sound of the vowel that prevails in cachinnation.

Persons that laugh in a broad Latin "A" are open-hearted, honest people, fond of noisy jocundity, but perhaps of voluble mood. Excessive jerking laughter, however, is an evidence of vulgarity. Those laughing in a dry "A" are respectable, but little expansive, and a hard lot of people.

When the Latin "E" prevails there prevails also a phlegmatic, melancholy temper.

Timorous, unsteady people, also those embued with malignity, lag in a kind of swelling "I."

Laughter in "O" is the utterance of proud, bold, imperative, somewhat bantering people.

Beware of those that laugh in "oo" (u). They are traitors, haters, scorners.

Cramped for Room.

Saturday night in Chicago is one of the busiest nights in the week.

"I say, my friend," remarked a policeman to a citizen who was resting his head against a curbstone, "don't you think a lamp post would look a little more respectable than this sort of thing?"

"S'help me (hic), offshur," replied the citizen earnestly, "I tried seven lamp poshts an' (hic) found 'em all occ'pied."

Sand To Run the Senate.

Senatorial five-minute speeches are timed by an old-fashioned time glass. When a Senator at Washington begins his remarks the glass is turned so that the sands begin to run. When the last grain drops through the tiny opening the presiding officer's gavel descends, and the stream of eloquence is cut off short.

An England-street 6-year-old-miss, who has thus early evidently grown tired of working hard to be good, ended her little prayer thus the other night:

"Please, God, make me a good girl without my helping!"—St. Albans Messenger.

Your Children

Are constantly exposed to danger from Colds, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such ailments, Ayer's Cherry Pectoral, promptly administered, affords speedy relief and cure.

As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacious of all the medicines which have come to our knowledge.—Mary Parkhurst, Preceptress, Home for Little Wanderers, Doncaster, Md.

My children have been peculiarly subject to attacks of Croup, and I failed to find any effective remedy until I commenced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Chatham, Columbia Co., N. Y.

I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint.—J. B. Wellington, Plainville, Mich.

I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It saved the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Malone, Piney Flats, Tenn. ††

Ayer's Cherry Pectoral,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price $1; six bottles, $5.

NOTICE.

OWING TO THE THREATENED APproach of Small-pox to our city, the Board of Health would urge upon the citizens the immediate necessity of being vaccinated.

AUCTION

PROVINCIAL

Government Lands

—ON—

NORTH ARM OF FRASER RIVER, AND ADJACENT LANDS, NEW WESTMINSTER DISTRICT.

TUESDAY, 23rd OCTOBER

AT 11 O'CLOCK, A. M.

I have been instructed by the Chief Commissioner of Lands and Works to sell by Auction

AT VANCOUVER, B. C.

Several parcels of fine agricultural lands, situate on or near the North Arm of Fraser River, being sub-divisions of Lots 325, 326, 329, 330, 331, 332 to 339, 149, 150, 156, 175, 166, 155. The subdivisions of these Lots contain from 27 to 172 acres each; the location of these lots is shown on the present maps of the District.

The farms in the immediate vicinity of these Lots are considered the finest agricultural properties in British Columbia. Some of the lots front on the North Arm, and others are in the immediate vicinity of the same.

Steamers run daily from New Westminster and Vancouver, past these valuable properties.

ALSO,

Lots 628 to 670, and Lots 750 to 756,

All situate between the North Arm of Fraser River and Vancouver City. The North Arm Road from Vancouver runs through these Lots, and there are other roads laid out that will give access to each of them. This property commences about 2½ miles south of Vancouver City and is bounded on the west by the C. P. Railway Land Grant, and is surveyed into lots containing from 6 to 56 acres each, maps of which will shortly be ready for distribution.

All the lands to be sold are well adapted for agricultural, dairy or orchard purposes, and on account of their close proximity to the markets of Vancouver and New Westminster cities, will be desirable properties for families seeking a home or for investment.

The C. P. Railway are now constructing a fine wagon road from Vancouver to the North Arm of Fraser River and Lulu Island. They are also surveying a line of railway through these properties with a view of connecting with the United States system of railways at Seattle.

These lands may fairly be considered as the most valuable ever offered for sale by auction in British Columbia.

ANY MAN

Who is **Weak, Nervous, Debilitated,** who in his **Folly** and **Ignorance** has **Trifled** away his **Vigor** of **Body, Mind** and **Manhood,** causing exhausting drains upon the **Fountains** of **Life, Headache, Backache,** Dreadful Dreams, **Weakness** of Memory, **Bashfulness** in **Society, Pimples** upon the **Face** and all the **Effects** leading to **Early Decay, Consumption** or **Insanity,** will find in our Specific No. 23 a **Positive Cure.** It imparts **Youthful Vigor,** restores the **Vital Power** in old and young, strengthens and invigorates the **Brains and Nerves,** builds up the muscular system and arouses into action the whole physical energy of the human frame. With our Specific No. 23 the most obstinate case can be cured in three months, and recent ones in less than 30 days. Each package contains two weeks treatment. Price $2. Cures guaranteed. Our Specific No. 24 is an infallible **Cure** for all **Private Diseases,** no matter of **how long standing.** Sold under our written **Guarantee** to effect a **Cure.** Price $5. Toronto Medicine Co., Toronto, Ont.

CONSUMPTION

That dread terror, a disease so long baffling science and the most skilled physicians, who knew of nothing to arrest, nothing to alleviate, nothing to cure. Now it is no longer an incurable malady even when given up by physicians, health can yet be found in OUR REMEDY; it heals and soothes the membrane of the Lungs, inflamed and poisoned by the ravages of this fell disease, and prevents the night sweats and tightness across the chest which accompany it. Price $3.

CURES GUARANTEED.
Toronto Medicine Co., Toronto, Ont.

OUR ELEGANT PREPARATIONS.

Remember we manufacture and are the sole proprietors of the following specialties, and that they can be had from no other source. **THEY ARE NOT FOR SALE BY DRUGGISTS.** Correspondence strictly confidential. Consultation upon all chronic disease invited. **NO CHARGE** except for medicines. All goods sent secure from observation. Toronto Medicine Co., Toronto, Ont.

HAIR COLORING.

Our magnificent preparations are warranted perfectly harmless. We prepare the following colors—the finer shades arise from the hair itself: Black, Dark Brown, Medium Brown, Chestnut, Light Chestnut, Gold Blonde, Ash or Blonde Cendree. Send sample of hair when ordering. Price, $2 per bottle. Toronto Medicine Co., Toronto, Ont.

TOILET REQUISITES.

In ordering please specify which you require; we guarantee them to give entire satisfaction. No. 8 imparts to the skin the color and freshness of maiden blush, harmless and cannot be detected, $1.25. No. 9 removes wrinkles, $2. No. 10 removes Liver Spots, $1.25. No. 11 removes Flesh Worms, $1.25. No. 12 removes Freckles, $1.25. No. 13 removes Pimples, $1.25. No. 14 removes Tan, $1.25. No. 15 removes Moles, $2. No. 16 removes Pockmarks, $2. No. 17 removes undue Perspiration, $1.25. No. 18, an absolute unfailing specific for the retention, development or restoration of the Hair, $1.25. Toronto Medicine Co., Toronto, Ont.

THE BUST.

No. 19 is a combined internal and external treatment which speedily develops or restores the female bust to the proportions of voluptuous nature. Is entirely harmless and certain in results. Price $3. Toronto Medicine Co., Toronto, Ont.

A party of men are at work this morning building a shed on Messrs. Webster & Edmond's wharf at the foot of Columbia street.

Six carloads of cattle, numbering 120 head, and 300 sheep, arrived from the interior this afternoon, consigned principally to Victoria and Nanaimo.

The steamer Irving arrived from up river points this afternoon with 60 passengers and a large freight, including exhibits for the exhibition at Victoria.

A considerable number of farmers from Chilliwhack went down on the steamer Adelaide this morning with exhibits to the fair at Ladners Landing.

Holley Bros.' new scow, which is to be used in connection with laying the new pipe across at the mouth of the river, is completed and will be launched to-night.

The W. C. T. U. give an entertainment to-morrow evening at their hall on Douglas street. There will be refreshments, and a good programme. See adv.

Wm. Nelson, of Maple Ridge, who was in town to-day, complains that there are a couple of snags at the steamboat landing at that place which should be removed.

During the past week there were four town lots with dwellings changed ownerships through the firm of Rand Bros. in this city, at prices ranging from $1,150 to $2,000 each.

The str. Rainbow arrived from Victoria at 8 o'clock last night with a quantity of general merchandise and 12 passengers. She cleared again this morning for Victoria at 7 o'clock with freight and passengers.

Sufferers from the effects of quinine, used as a remedy for chills and fever, should try Ayer's Ague Cure. This preparation is a powerful tonic, wholly vegetable, and without a particle of any noxious drug. Warranted a sure cure.

At a meeting of the directors of the Chilliwhack agricultural society Mr. Samuel Mellard was appointed treasurer. Mr. Mellard rendered valuable assistance to the secretary, Mr. G. W. Chadsey, at the recent exhibition.

"I have taken, within the past year, several bottles of Ayer's Sarsaparilla, and find it admirably adapted to the needs of an impoverished system. I am convinced that this preparation, as a blood purifier, is unequalled."—C. C. Dame, Pastor Congregational church, Andover, Me.

Robert Lubbuch, Cedar Rapids, writes: "I have used Dr. Thomas' Eclectric Oil both for myself and family for diphtheria, with the very best results. I regard it as the best remedy for this disease, and would use no other." When buying Dr. Thomas' Eclectric Oil, see that you get the genuine. Beware of imitations.

During the past month there were 210 car-loads of freight, forwarded from the C. P. R. station in this city. Those cars averaged about 15 tons each, making in all 3,000 tons, which is the largest quantity that has been shipped from here during the same period of time, since this station was established.

MALADIES MULTIPLY ONE ANOTHER.—A simple fit of digestion may—especially if the constitution is not naturally vigorous—throw the entire mechanism of the liver and bowels out of gear. Sick headache follows, poisoning of the blood by bile ensues, and there is grave and serious disturbance of the entire system. Check the threatened dangers at the outset with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, the medicine that drives every impurity from the blood.

Children Cry for Pitcher's Castoria

Death.

Shortly after 2 o'clock this afternoon, at the Colonial Hotel, in this city, H. R. Holden passed away at the age of 20 years. The deceased was born in Lancashire, England. He came to this province about two years ago and for some time past resided on a farm at Stave River. He leaves two brothers in this district to mourn his early demise.

B. C. Agricultural Association.

A special emergency meeting of the above association was held yesterday afternoon to elect a secretary in lieu of Thos. Russell. Mr. C. E. Renouf having consented to act, was unanimously elected. Parties wishing to make entries for the forthcoming exhibition should apply to Mr. Renouf, at his office, corner Yates and Broad streets, after 10 o'clock to-morrow, until 6 o'clock on Wednesday evening, when all entries will close.—*Colonist.*

A Special Number.

This number of the WEEKLY COLUMBIAN will be found more than usually interesting, containing as it does full reports of the various district fairs (with the exception of the prize list of Ladner's). Extra copies have been issued, which can be had for 10 cents apiece, at this office. Those wishing to subscribe for the weekly now, can have it (including this number) until the end of 1889 for $2—the yearly rate. This is a good chance, as our weekly will be found the most valuable to the people of the mainland of any paper published in the country.

At the Hot Springs.

Following are the arrivals at St. Alice Hotel for last week: J O Harris, T Elliott, A T McLeod, Kamloops; H Croasdaile, Mrs D W Higgins, Geo H Gowen and wife, W R Higgins, Victoria; Geo F Gum Mrs Gum, Calgary; Ed Host, Port Townsend; Pierre Girou, Andre Mormier, Geo Dillruck, Paris; Mr and Mrs Alex Baring, New York; John D Carscallen, Winnipeg; C S Bailey, E M Davidson, Mrs C Davidson, E MacPherson, L J Rose, Joseph Contine, R Meo, Vancouver; J W Harvey, Miss Ada Ellard, R Harvey, J C Armstrong, Thos McDonald, Westminster.

The Civic Holiday.

Thursday next, is being looked forward to by at least a great portion of our citizens with much interest. Notwithstanding the threatening aspect of the heavens for the past two days, the weather this afternoon gives favorable promises. The Caledonians are making every possible preparation to make the day attractive. Some of their guests are already in town in order to be on hand for the occasion, and a number of those whose avocations necessitate almost constant confinement are delighted with the prospects of the day's relief. It is therefore to be hoped that the business places will be closed in order to give everybody an opportunity of enjoying, what we hope will be, a general good time.

Small-Pox Among Indians.

Word was received in town this morning that there were three cases of small-pox among the Indians at Chekiis Spit, Mud Bay. This epidemic generally plays sad havoc among the savages, and has been known to extinguish whole tribes. There are places to be found along the Pacific coast that have been made desolate by it. The time is within the recollection of many yet living in this province when as many as 150 Indians died from small-pox in one day in Victoria. This is undoubtedly owing to their filthy condition and lack of proper treatment when afflicted with the disease. Mr. P. McTiernan, Indian agent, left here this afternoon for Chekiis Spit, taking with him medicine and other necessaries, for the sufferers.

Personal.

J. G. Jaques returned to-day from Illicillewaet.

Capt. W. N. Bole, M. P. P., returned from Victoria to-day.

Benj. Springer, manager Moodyville Sawmill Co., is in town to-day.

Gideon Robertson, real estate broker, Vancouver, came over this afternoon.

Mr. McCrae, provincial inspector of timber limits, was in town yesterday.

J. W. Harvey and family returned yesterday from the Harrison Hot Springs.

James Wilson, supt. C. P. R. telegraphs, returned this afternoon from Victoria.

Miss Annie Ellard returned home yesterday from a visit to the Harrison Hot Springs.

Major Wilson, agent of the Oregon Flour Milling Co., arrived from Victoria to-day and is registered at the Colonial.

J. H. Sharpe, member of the New Westminster rifle team to Ottawa, returned home yesterday, bringing back a partner to share the joys and sorrows of his life.

Hy. Robertson, L.L.B., and Mrs. Robertson, of Collingwood, Ont., arrived to-day from Los Angeles, Cal., where Mr. Robertson has been attending the annual meeting of the Sovereign Grand Lodge of Oddfellows. Mr. Robertson is P.G.M. of the Grand Lodge of Ontario I.O.O.F., and P.G. M. of the Grand Lodge of Canada A. F. & A.M. He is also author of "Digest of Masonic Jurisprudence." Mr. and Mrs. Robertson are the guests of Mr. D. Robson, Royal avenue.

How to Cure Headache.—Some people suffer untold misery day after day with Headache. There is rest neither day or night until the nerves are all unstrung. The cause is generally a disordered stomach, and a cure can be effected by using Parmelee's Vegetable Pills, containing Mandrake and Dandelion. Mr. Finlay Wark, Lysander, P. Q., writes: "I find Parmelee's Pills a first-class article for Bilious Headache."

Children Cry for Pitcher's Castoria

LADNER'S LANDING FAIR.

The Reputation of the Delta Fully Sustained---Extended Description of the Fine Exhibits.

Special to the Columbian.

LADNERS, Oct. 2.—Although last evening gave every indication of rain the morning broke fairly clear and there is every prospect of fine weather through the day. As early as yesterday afternoon exhibits began to arrive, and before the officers of the society had finished work for the night the success of the exhibition had been assured. The little village of Ladners is fairly alive with people to-day and the want of wider streets and more general accommodation is severely felt. But the people of Ladners are noted for hospitality and every farm-house within a mile of the show grounds is the centre for many people and teams. Open house is the order of the day and all are welcome, friend or stranger. The town hall has been transformed into an exhibition building, and within its walls is contained all the prodigies in vegetation, large and fine fruits, grains, dairy produce, floral displays and works of art accumulated by the prosperous farmers of the Delta and their fair wives and daughters, who one and all seem to take a very lively interest in the success of the show.

VEGETABLE DISPLAY.

It would be hard to gather together from every quarter of the globe a finer display of vegetables than is presented to-day. Owing to the many exhibits, all of which are worthy of individual mention, it would scarcely be fair to particularize, but the display made by Mr. Thos. McNeeley's Jubilee Farm, a whole exhibition in itself, is worthy of a few notes. Two of the turnips weigh 41 and 39 pounds respectively, or an average of two-thirds of a bushel each, while the other four will average 30 lbs. each, a grand total of 200 lbs. for six turnips. Such figures speak for themselves. There are several other exhibits of turnips which will average 25 lbs. each. The best display of mangolds is made by Mr. Arthur, and every root in his display will average 25 lbs. The displays of carrots, beets, parsnips, cabbages, cauliflowers, onions, etc., are excellent in every instance, and everyone of them are worthy of prizes. Mr. Jas. McKee shows a monstrosity in the shape of a parsnip which measures exactly six feet in length. In cauliflowers, Mr. Thos. McNeeley and Mr. Wm. McKee show samples which would be difficult to excel, and between which it is almost impossible to judge. Mr. Hodges, Mr. McKenzie and Mr. Reece make the finest show of squashes. The number of entries in potatoes is very large and the exhibits are all good. A number of new varieties are shown which gives promise of becoming popular among growers.

GRAINS.

In wheat, Mr. Webb, of Chilliwhack, shows the finest sample in hard varieties and Mr. Reece in white wheat. Several other local exhibits are also very fine. The different displays of oats are the finest ever seen in the province and are so plump and heavy that it is hard to believe oats could attain such proportions and weight. Mr. C. F. Green and Mr. Thos. McNeely each show samples weighing 55 pounds to the bushel which, though a positive fact, is hard to believe. Mr. McNeely's oats are known as the Canadian triumph variety and Mr. Green's are an English variety imported direct and grown for the first time this year. Beans, peas, barley and seeds are also largely displayed.

DAIRY PRODUCTS.

R. E. Kittson carried off first prizes in both fresh and salt butter, with Miss Arthur and Mrs. Raith good seconds. The competition in these articles was keen and it was really a difficult matter to judge between the exhibits. R. E. Kittson also carried away first prize for bread, while Mrs. Hicks took second. Mrs. Raitt took first prize for cheese.

FRUITS, ETC.

In apples and pears, Mr. Jno. Kirkland carried off the honors, taking no less than seven out of 16 prizes awarded. His exhibits of apples and pears are very fine and show what careful cultivation can do in improving both the size and quality of fruit. Mr. C. F. Green takes first prize in fall pears with some magnificent specimens of that fruit. Mr. Wm. Arthur takes first prize for prunes and Mr. Greyell second, and the prize for the best collection of fruit is awarded to Mr. John Kirkland. The Jubilee ranch receives special mention for a fine exhibit of preserved fruits, which includes almost every variety of orchard and small fruits. The fruit display on the whole is very good, though not up to that shown at the Chilliwhack fair.

The floral display is ahead of anything exhibited on the mainland this year and is almost equal to that of the provincial fair last year. The principal exhibitors are Mr. H. Kirkland and Jubilee ranch and between them the honors are divided for the first prizes.

LADIES' WORK.

The great number of entries in ladies' work is surprising, but only adds more proof to the frequent assertion that the ladies of the Delta are useful and industrious as well as ornamental. Miss Woodward heads the list in the ladies' department, both in number of articles exhibited and in the quality and artistic taste displayed in the work. A fine mountain scene in oil and two water colors are deserving of special mention. The colors are subdued and chaste and the proportions are perfect and such as can only be accomplished by the true artist. In chenille and arasine work the same lady shows some beautiful specimens of art, and in embroidery and knitted table covers it would be hard to conceive anything more handsome or worthy of praise. Miss Woodward also shows a very artistic piece of crape work on white satin and a silk-raised work cushion of high merit. Miss Ladner exhibits a handsome silk patchwork quilt which also embraces some artistic touches in raised silk work, making the whole a very fine specimen of ladies' needle work. The same young lady also exhibits a number of other fancy articles which were rewarded with prizes. Mrs. Hutcherson and Mrs. Purver were also large exhibitors, and are well entitled to the numerous prizes gained by them. Mrs. Gowdy takes the first prize in knitted socks, a very fine pair, the wool of which was both spun and knitted by her. Mrs. Calvert and Mrs. Hutchersoa had also many exhibits and won many prizes.

CATTLE AND HORSES.

There were 24 entries in pedigree cattle, 21 in sheep, 45 in horses and 10 in swine, and many of the animals are of fine strains and were lately imported from the east for the improvement of stock. The farmers of the Delta have shown much enterprise of late in the importation of thoroughbreds, and it is evident from the showing made to-day that that a few years will drive all common grade cattle from the lower Fraser country. Mr. John Kirkland's fine herd of blooded stock took the most prizes, while Mr. W. H. Ladner, M.P.P., and Mr. H. McKee, Sr., took the remainder of the prizes, with the exception of a couple. As soon as the prizes had been awarded, Mr. Kirkland, president of the association, introduced Mr. D. Chisholm, M.P., who after making a neat little speech, declared the exhibition opened, and the doors were then thrown open to the public. Several hundred people were in attendance and the hall was fairly packed with sight-seers during the whole afternoon. Much interest in the exhibits was manifested by the visitors, many of whom were from Westminster, Victoria, Chilliwhack, and other parts of the district. It was generally admitted that the exhibition on the whole was a grand success and much superior to what was expected. Many of the exhibits will be sent to Victoria, where they will be sure to capture a good share of the prizes.

Mr. Kirkland, Mr. Gilchrist, Mr. Arthur, Mr. Rich, Mr. Calhoun and other officers of the society and Mr. W. H. Ladner, M. P. P., worked like trojans for the success of the fair and the success it attained is largely due to the good management displayed in every instance by these gentlemen. A grand ball will take place this evening at the town hall.

City Council.

The council met last night at 8 o'clock for the transaction of business. Present, Aldermen Elliott, Herring, Hoy, Calbick, DeBeck, Ovens and Calbick.

His Worship Mayor Dickinson in the chair.

COMMUNICATIONS.

From Robert Law, asking permission to place lumber on the street for building purposes. Leave granted.

From Dr. Garrow, asking for some information respecting his taxes and asking what the council did in the matter of the inquest held on the body of McGregor, who died in the Holbrook hotel last winter.

On, motion, it was resolved that Dr. Garrow be credited to the amount of $5 on his tax account, for services rendered by him at the inquest on the body of McGregor.

From Leask & Johnston, Vancouver, enclosing account for coal supplied to the fire department. Referred to fire committee, to be paid if found correct.

From E. S. Scoullar, asking permission to lay water pipes across Royal avenue. Leave granted.

Two telegrams, from W. N. Bole, M.P.P., were then read, asking the mayor to call a meeting of the council for the purpose of passing a resolution giving him authority to call on the government to take immediate steps to prevent the spread of the small-pox epidemic in the municipality of Surrey, inasmuch as the council of Surrey were not doing their duty. Received and filed.

ACCOUNTS.

From THE COLUMBIAN, $12.56; Smith, lock-up keeper, $15.40; Peebles, $11; W. D. Ferris, $10; F. Forrest, $75.75.

REPORTS.

The clerk read a statement concerning the city finances for the month of September. Received and filed.

Further time was granted the finance committee to report regarding the collection of commercial travellers' fees and the legal position of the city with respect to the Draper case.

Moved by Ald. DeBeck, and seconded by Ald. Hoy, that the appointment of Ald. DeWolf Smith as health officer be now confirmed. Carried.

Ald. DeBeck reported certain ditches in the city that required to be cleaned out. The mayor said that the board of works had power, without a resolution of the council, to attend to that matter.

The council then adjourned to meet again next Monday night.

Meteorological Observations at New Westminster for September, 1888.
