VOLUME 2. No. 18. NELSON, B. C., MONDAY, JUNE 24, 1907. FIFTY CENTS A MONTH

REWARD OF MERIT

Presentation Last Night to J. S. Carter

NOTHING BUT PRAISE

Popular District Passenger Agent Hears How He Is Regarded—Children Remembered.

The return of J. S. Carter, late district passenger agent of the C. P. R., now general passenger agent for the same company in Spokane, was made the occasion of a demonstration by his many friends in Nelson of the esteem in which Mr. Carter is held.

He had been asked to meet a few friends in the dining room of the Hume hotel at 8:30. There were found assembled F. A Starkey, E. A. Crease, H. E. Douglas, R. S. Wright, Capt. G. Robertson, J. H. Taylor, J. H. Fox, W. H. Bacon, E. J. Travers, W. J. Wilson, J. McDonald, W. A. Thurman, G. P. Wells, J. F. Hume, G. C. Hodge, Harry Wright, A. Lucas of Kaslo, M. S. Parry, J. V. Hall, J. A. Gibson, H. F. McLeod, J. Waixel, W. Irvine and many others. Fred Starkey presided and, after a brief speech stating the purpose of the gathering, called upon H E. Douglas, to read the following address:

Mr. Carter:—We, your brother railway men and other friends, desire to offer our very hearty congratulations to you on the occasion of your promotion in the employ of the corporation you have served so ably and faithfully.

At the same time we wish to express our sincere regret at your departure from Nelson, where your unvarying kindness and courtesy, your public spirit as a citizen, and your marked executive ability, are recognized and appreciated by all.

We therefore beg your acceptance of these little parting gifts for yourself and your children as a slight token of our esteem and regard. (Signed.)

W. G. GILLETT, Mayor.
F. A. STARKEY, Pres. B. of T.
H. E. DOUGLAS, G. N. R.
R. S. WRIGHT, C. P. R.

Nelson, June 23rd, 1907.

E. A. Crease then presented Mr. Carter with a gold locket and chain, the locket containing a diamond, and with a gold watch and chain for each of his children.

Mr. Carter made a very happy reply, expressing his regret at leaving Nelson, where he had formed many valued friendships, and his deep appreciation of the remembrance of his children and extending to all present an invitation to make the C. P. R. office their headquarters in Spokane.

Glasses were then filled and after a speech by Capt. Robertson on the good qualities of the guest of the evening, the toast "Joe" was drunk with all the honors, and the captain, after a murmured protest about the Sabbath, led off with, "He's a Jolly Good Fellow."

The proceedings then became informal, and, at the bidding of the chair, speeches were made by R. J. Clark, Harry Wright, R. S. Wright, E. A. Crease, G. C. Hodge, G. P. Wells and A. Lucas. G. C. Hodge gave the toast, "Isabella and Stanley," for Mr. Carter's children, and "Joe," who had to respond many times, gave the toast, "Nelson and Kootenay, the home of good fellows." The gathering then broke up after singing "Auld Lang Syne."

CALLED TO ACCOUNT.

Proceedings Against Manufacturers Refusing Information.

Ottawa, June 24.—Criminal proceedings have been taken by the government against 10 Canadian manufacturing concerns for failing to furnish information to the department of census and statistics, which has recently been compiling a census of Canadian manufactures. A blank form was mailed some time ago to every manufacturing concern in Canada to be filled out and returned. A number of firms demurred, and protested that they should not be required to disclose their condition. The department sent a second circular assuring them that the information given would be treated with confidence, and pointing out the penalty for failing to comply with the demands. As a result all gave the information but 10. The act provides penalties severe enough to make things inconvenient for those who refuse to give information when asked to do so.

Novel Excursion.

Charlotte, N. Y., June 24.—The steamer Alexandria sailed last night for Kingston with some 50 members of the New York State Chess Association, who will hold their midsummer meeting on board. Other members will join the party at Kingston, after which the Alexandria will sail down the St. Lawrence river to Montreal and Quebec and thence return here.

"HOD" STUART KILLED.

Well-Known Hockey Player Fractures Skull in Diving.

Ottawa, June 24.—Hodgson Stuart, of Ottawa, known all over Canada and the hockey districts of the United States as "Hod," and last winter the famous cover point of the champion Wanderers' hockey team of Montreal, was accidentally killed at Belleville this afternoon at 3 o'clock. Under his father, Wm. Stuart, of Ottawa, who has the contract for the erection of a new drill shed at Belleville, Stuart was acting as overseer, and owing to the heat of the day decided with a couple of companions to go bathing. At the end of the G. T. R. track Stuart undressed and swam to the lighthouse about a quarter of a mile from shore, where he climbed to the rocks and evidently decided to turn and dive head foremost into the water at a point where it was only two feet deep. As he did not rise to the surface, those who saw him dive knew that some thing was wrong and immediately put off in a boat. Arriving at the scene the party soon found the poor fellow's body dragging on the bottom. He was beyond aid, and medical examination revealed the fact that his skull was fractured and the neck broken from coming in contact with the rocks beneath.

BORDEN MISREPORTED

Conservative Leader Denies Alleged Prophecies of Impending General Election.

Montreal, June 24.—Mr. R. L. Borden, the Conservative leader, who is in the city, today met a number of friends and talked over party and other matters. He may go west shortly.

Mr. Borden had his attention drawn to an alleged interview, which stated that the leader of the opposition was approached by a newspaper representative, to whom he "intimated, with a semi-confidential air, that he expected big happenings in the near future," and that "it would cause no surprise whatever were the announcement of a general election to come within the next two or three months, and the election itself to be fought before parliament meets for business in autumn."

Mr. Borden emphatically denied the alleged interview. He said, "I have not been approached by any newspaper man since my arrival in Montreal, I have not given any such interview, and I have not used any such language either."

Great interest is being shown in local Conservative circles in the opening of the Quebec provincial campaign at Three Rivers on June 28. La Fontaine club of this city have chartered a steamer and a large number of people will go down to Three Rivers to hear the opening gun of perhaps the most interesting campaign in provincial politics since the memorable days of Chapleau, Mercier, Angers and Joly de Lotbiniere. The Conservatives in this district are thoroughly alive to the importance of securing a perfect organization at a very early day, and with this end in view all the Conservative organizations are being called together, and every effort made to push the political campaign ahead with all possible vigor. It is now believed that, owing to bec, Baron L' Epine experience at Quebec, Premier Gouin will not risk an appeal to the people before holding another session of the legislature, and it is even stated that the Quebec premier will hold back the provincial elections until the Dominion elections have been held. The impression is gaining ground in political circles that the Laurier government will spring the election at an early date

Died While Swimming.

Harold Paynter, receiving teller of the East End branch of the Royal Bank of Canada at Vancouver, was seized with heart failure while bathing at English Bay Friday afternoon, and died before he could reach the shore. Paynter, with several other men from the bank, had gone down to the bay as soon as the day's work was over with the intention of having a bath. They reached the water at about half past five and immediately proceeded to wade out to the raft. They were out about a quarter of an hour and then returned to shore. Upon reaching land they found that Paynter was not with them and a search was at once made. L. G. Henderson, of the Henderson Directory company found the missing man. He was coming ashore at the time and stumbled against the body, lying between the raft and the pavilion, the water in that part being four feet deep. He gave the alarm and Paynter's companions waded out to the body and bore him ashore. A doctor was summoned, who, with the companions of Paynter, worked for over an hour in the hopes of reviving him, but their efforts were in vain. Upon examining the body it was found that there was no water in the lungs so the doctor came to the conclusion that death had been due to heart disease.

GENEROUS TEDDY

Remits Enormous Sum to China

PART OF WAR INDEMNITY

Action Already Approved by Congress and Communicated to Ambassador for China.

Washington, June 24.—President Roosevelt has just made the most stupendous gift to China that the United States or any other government has ever made to a foreign nation. Through Secretary Root he today notified Sir Chentung Liang Cheng, the Chinese minister that with the approval of congress the United States voluntarily would relinquish the difference between the total of expenses and claims incurred in the suppression of the boxer revolt in 1900 and the amount which China agreed to pay this country in satisfaction thereof. The difference is fixed officially at the enormous figure of $27,000,000.

Beyond the mere generosity of the gift there are international aspects of the president's action which will be promptly considered by the foreign chancellories. In the first place the relinquishment of the difference between the amount China agreed to pay and that justly due establishes a precedent for like action on the part of Russia, Germany, France, Japan and Great Britain each of which demanded indemnities far in excess of the damages suffered by their subjects.

In the second place Japan will look upon it as a tremendous bid by the United States for the sympathy and friendship of China, something she has been endeavoring to secure through upholding the principle of social equality between the white and yellow races in the San Francisco disturbances.

This is the second time the United State has sought to ease the tremendous financial burdens which the Boxer revolt placed upon China's shoulders. Following the invasion of China, the capture of Peking, and the suppression of the Boxer revolt, representatives of the powers at Peking adopted a joint note to the Chinese government in which one of the bases of negotiations was stated to be :"The equitable indemnification of the various powers for losses and expenses incurred by them in China and in sending expeditionary forces to relieve the legations and foreign residents at Peking and restore order and also the securing of indemnities to societies, companies and individuals for their private losses through anti-foreign riots.

In the negotiations which followed the American government advocated that the sum total of these indemnities should not exceed a reasonable sum, well within the power of China to pay. After a careful inquiry, John Hay, then secretary of statet, reached the conclusion that with her resources and liabilities China could not pay more than $200,000,000 and that an exaction of any larger amount would not only entail permanent financial embarrassment to the country, but possibly result in international financial control or even loss of territory.

Representations to this effect were made to the powers and it was further suggested that the payment should extend over a long period of years at a low rate of interest.

Protracted discussion failed to bring about an agreement and finally it became necessary to accept the proposition of other power to demand of China in total of their losses and disbursements the enormous sum of $333,000,000.

Among the payments China agreed to make were:

Russia	$87,500,000
Germany	60,000,000
France	56,000,000
Great Britain	24,000,000
United States	23,440,779
Japan	22,500,000
Italy	14,000,000
Austria, Spain and Holland	39,559,221
Belgium	6,000,000
Total	$333,000,000

The powers agreed to permit the payment to be spread over a period of 40 years, the debt to bear interest at four per cent

This meant that the aggregate amount of principal and interest China would have to pay would be $728,720,700, Of this sum the United States would receive $53,354,000.

In the opinion of the president and Secretary Root such an enormous indemnity was unjust and would mean nothing more or less than blood money. Their willingness to adopt this view was augmented by the regard they had come to entertain for Sir Chentung Lian Cheng. This diplomat, probably the ablest of China's new school and a thorough patriot, had aroused the sincere respect of the administration by his efforts to remove all obstacles in the way of friendly relations between his government and the United States, while at the same time insisting tenaciously upon the observance of China's rights.

Just before his departure for Oyster Bay the president instructed Secretary Root to speed the departure of a minister to Peking by handing him a formal note relinquishing the principal and interest on the indemnity beyond the total of expenses and the claims of American citizens.

Up to this time China has paid in annual instalments to the United States $6,010,932. The secretary has estimated that the total sum originally due this government was $21,655,493. China will have to pay the United States $15,000,000 more.

The United States went to war with Spain to liberate Cuba, and then, after complete victory, took the unprecedented step of paying the conquered nation $20,000,000 for the Philippine islands. It has now put a third action to its international credit, and has given a lesson of unsefilshness and consideration for a weaker power which diplomats here say will have a greater effect upon future American relations than all the conferences at The Hague.

SKILLED LABOR SCARCE.

Eastern Manufacturers Blame Government for Neglect.

Toronto, June 24.—Dissatisfaction was expressed at the regular monthly meeting of the executive council of the Canadian Manufacturers' association, with what was termed the continued policy of the government in reference to the importation of skilled labor.

The executive felt that the extensive use that has already been made of its employment bureau in Lonodn demonstrates the absolute necessity for more skilled help if the industries of Canada are to take care of business offering. The association has also been trying to secure the benefit of the French minimum tariff to more Canadian experts that at present enjoy it. The Canadian secretary of the British chamber of commerce at Paris has been communicated with in regard to extension of the Franco-Canadian treaty of 1903, but it is believed that the quid pro quo which France would likely demand would result in a strenuous opposition to the proposal in certain quarters. Should legislation along this line be introduced by Mr. Fielding at the next session the association will make its feelings better known.

ONLY KOOTENAY IMMUNE.

Small Fruit Crop in Other Districts of Canada Damaged.

Ottawa, June 24.—The small fruit crop of Canada will be light this year and the crop of larger fruit will be heavy. The fruit branch of the agriculture department says that the plum crop will be the largest on record. The indications are that apple, pear, cherry and peach crops will be good. The apple crop of British Columbia is said to be assured.

BOAT CLUB PROSPECTS

Delegation to Regatta the Best Trained Crew Ever Sent From Nelson —Chances Are Good.

On Wednesday the representatives of the Nelson boat club will leave for Seattle to participate in the annual regatta of the N. P. A. A. O., to be held on Lake Washington on July 4th and 5th.

Nelson's entries are as follows:

Senior Singles, T. Desbrisay.

Junior Doubles, A. Poole and F. Nott.

Senior Doubles, Desbrisay and Nott.

Junior Fours, A. Bishop, bow; Ferguson, No. 2; McIntosh, No. 3, and Lea, stroke.

A representative of The Daily Canadian was taken over the course in a launch Saturday evening to watch the junior four. The water was rather choppy, but it did not interfere with the perfect movement of the crew. The time made was faster than that which won the race in other years, and all were fresh at the finish. Nelson has never had a better trained crew nor one better balanced. They will make a determined effort to land the cup. If they fail it will be because the standard of oarsmanship in the N. P. A. A. O. has gone up.

In the other events also a good showing is expected. Del. Desbrisay is training as hard as his pupils and will do his best to regain the senior single championship.

G. C. Hodge will probably accompany the crew.

Apparently the whole interest of the club this year has centered on the regatta crew. This is not quite as it should be. If public interest is to be sustained club regattas should not be neglected. Only a few can be sent to the Association regatta, but all who can row can compete at home.

Automobile Scores Again.

Dieppe, June 24.—An automobile in which an American, John Ryan, and his wife and three other persons were riding was ditched yesterday in trying to avoid a car. Mrs. Ryan was killed and several other received severe injuries. Mr. Ryan represents an automobile firm in France.

SECOND READING

British House Unanimous on Amendment

MANY PRAISE M'BRIDE

Tributes to Loyalty of Pacific Province and Recognition of Ability of Her Premier.

London, June 22.—The House of Commons yesterday unanimously passed the second reading of the British North America bill after a short and interesting debate, in which the following participated: H. W. Foster, opposition whip; Sir Frederick Bandbury, Hamar Greenwood, Sir J. Jardine, R. Duncan and Winston Churchill.

Several complimentary references were made to British Columbia, repeated tributes being paid to the loyalty of the province.

Both Mr. Greenwood and Mr. Churchill referred in appreciative terms to the position taken by Premier McBride and the able manner in which he had represented the province.

No doubt is felt that the bill will pass through its remaining stages without difficulty in the shape described in a former despatch. There is no inclination shown in any quarter to seek its amendment and all parties agree in approving of the stand taken by Premier McBride on behalf of the province.

SHOCKING ACCIDENT.

Captain Bacher Killed While Fitting Guys on a Dredge.

Revelstoke, June 24.—A terrible accident attended by fatal results ocurred here Friday morning on the dredge shortly after 11 o'clock. It appears that the dredge hands were engaged in taking off and fitting new steel guys to the iron frame crane on which the dipper shaft for dredging is being operated. Capt. Bacher, W. J. Banting, F. Harris and S. Dale were working at the extreme end of the crane, which was supported by a tackle, the old guy wires having been previously removed, and had supported the whole weight of the crane on three turns of half-inch steel wire rope which was passed round the crane head below the sheave, into which was hooked the block of the supporting tackle. This apparatus had been in position for nearly an hour and the men were at the moment of the accident engaged fitting the new steel guys. Without a moment's warning the crane head fell, the block and tackle being violently hurled back to the deck of the dredge. Capt. Bacher was flung six feet back and fell head downwards, half under water between the A frame of the crane, striking his head violently against it, smashing his jaw and chin, causing almost instant death. Banting and Harris escaped with slight injuries and were quickly rescued from the water by the deck crew. Dale, in falling, was pinned by the left arm between the iron frame and the dipper shaft, and was only extricated after two hours, the solid wood of the shaft having to be cut away to release him. Capt. Bacher was picked up and brought on board the dredge, but life was extinct. Doctors were hastily summoned and all possible aid rendered to the injured. Dale was removed to the hospital, and he now lies in a very critical condition.

A jury was empanelled, and with Dr. Cross, coroner, visited the body and the scene of the accident during the afternoon, the evidence there showing that the sling into which the tackle supporting the crane head was hooked had either parted or slipped. The jury met in the evening to hear the evidence given by the witnesses, which went to show that the apparatus used was too light for the work. The attention of the deceased had been called to the inadequate size of the appliances, but deceased said that rigging was quite safe, and that if they were afraid to go out he would lead the way although the crew had misgivings all along. After deliberating for some time the jury brought in the following verdict: "We find that Captain C. G. Bacher met his death by striking his head against the iron frame of the dredge crane when the crane collapsed by reason of the breaking or slipping of the temporary slings supporting the crane, used while new guy wires were being fitted. We also find that this accident was caused by the use of appliances inadequate for such work being carried on."

Deceased sustained fractured skull and jaw, fractured and dislocated elbow and bruised hip. Arrangements for the funeral are not yet to hand, and the remains are now lying in Howson's undertaking parlors.

Due to Carelessness.

Fernie, June 24.—The explosion in Prospect mine here last Friday, which caused the death of two men, was the result of carelessness of employees and not of gas. The miners had a quantity of powder and caps in a tool box in the mine against orders, and these were exploded when a blasting shot went off.

JAPANESE BOARDS OF TRADE.

Draft Resolutions on American Question to be Forwarded.

Tokio, June 24.—An informal meeting was held this afternoon by the delegates from the chambers of commerce at Tokio, Osaka, Kobe, Kioto and Yokohama. A report was drafted indicating the grave danger facing the commercial relations of the United States and Japan owing to the anti-Japanese sentiment on the Pacific coast. The necessity of resorting to speedy measures to remove this obstacle to the development of trade relationship was pointed out. At the next meeting, to be held within a few days, the resolution will be given official form and then wired to the principal chambers of commerce in the United States asking their co-operation.

Arrivals at Banff.

Banff, June 24.—Mrs. Hayter Reed, wife of the manager in chief of the C. P. R. hotels, accompanied by her son, nephew and Miss Field, arrived here from Montreal this morning. Mr. Reed, who was expected to arrive here in a few days, has been detained on account of the serious illness of Mr. Phillips, manager of the Chateau Frontenac Quebec.

FUSHIMI IN VICTORIA

Japanese Prince in Provincial Capital—Will Attend Official Ball This Evening.

Victoria, June 24.—Prince Fushimi and suite arrived here yesterday after noon on the C. P. R. steamer Princess Victoria, the company having placed that magnificent steamer at the prince's service. As the steamer passed the saluting battery at Work Point barracks, the regulation 21 guns were fired in honor of the royal visitor. At the wharf which, as well as the steamers in the harbor, was elaborately decorated with bunting His Royal Highness was received by Lieut. Governor Dunsmuir and Mayor Morley, and a welcome extended on behalf of the province and city. The Fifth regiment, which is now in camp, turned out to a man and supplied the guard of honor. The band of the regiment played the Japanese national air as the Prince landed. Entering the lieutenant governor's carriage, Prince Fushimi was driven direct to Government House by way of the embankment and Government and Yates streets, the entire route through the city being strung with the regulation gala streamers and decorations. Tonight the city is illuminated as a mark of respect to Britain's ally, the piece de resistance being the brilliant appearance of the C. P. R.'s new Empress hotel, the entire facade of the building being outlined in electric lights, while a design representing the Union Jack and the Japanese flags crossed with the royal crown of Great Britain and the rising sun of Japan on either side has been worked out in colored lights. This afternoon a civic reception will be held at the parliament buildings and a dinner followed by a grand ball will be given by Lieut. Governor Dunsmuir in the evening.

Big New York Deal.

New York, June 24.—The Fifth Avenue hotel, one of the most famous hostelries in this country, has been sold by the Amos Reno estate to a syndicate of capitalists, headed by Morganthau, president of the Henry Morganthau real estate concern, for $7,250,000. When the lease of the present tenants expire, a year from next October, the structure will be razed and a modern office building erected on its site. The brown stone building adjoining the hotel on 23rd street and the Madison Square theatre on West 24th street were included in the purchase.

New Record.

New York, June 24.—Martin J. Sheridan, of the Irish-American A. C., established a new world's record for throwing the plate yesterday at the men's games at Celtic Park. He hurled the plate 146 feet 10 inches, beating his own record made in Montreal last year by 17 inches. Among those opposed to Sheridan was Lee Talbot, the young Mercersburg academy champion, who was second with a throw of 125 feet 3 inches.

Bishop Dontenwell's Visit.

At the church of Mary Immaculate yesterday there was special music, Mrs. Roth singing during the offertories. There were other special features also. Before the second mass the bishop confirmed 14 candidates, after a very instructive address. Father Althoff then presented the cancelled mortgage. At the evening service the bishop expressed his gratification and his appreciation of the splendid work of Father Althoff in Nelson.

REDMOND'S RAGE

Ireland as Hostile Now as in 1798

ONLY METHODS DIFFER

Nationalist Members Discussing Ways and Means of Harrying British Government.

Dublin, June 24.—John E. Redmond delivered an address at Wexford yesterday at a ceremony attending the unveiling of a memorial to Wexfordians who fell at the battle of New Ross in 1798. He gave a defiant warning to British statesmen, saying: "We tell England that we hate her rule as bitterly as did our forefathers when they shed their blood on this spot. We tell her that she can change that hatred only by granting freedom, and so long as she withholds freedom it will remain merely a question of expediency how and by what means we will strike at the power that holds our country in bondage."

Charles K. Dolan, member of the House of Commons for Leitrim North, has now decided to resign his seat in the house and appeal to his constituency for re-election.

Mr. Dolan at a recent meeting of the national directors of the United Irish League supported resolutions calling upon the Irish members of parliament to resign. These resolutions were proposed and defeated and later Mr. Dolan wrote to the senior whip severing his connection with the Irish party but declining to resign his seat.

UNWRITTEN LAW CASE.

Ex-Judge Loving on Trial for Murder—Killed on Suspicion.

Houston, Va., June 24.—The trial of former Judge W. G. Loving, of Nelson county, for the murder of Theodore Eeten, son of Sheriff M. K. Esten, of Nelson county, began in the circuit court today. Judge Marksdale presided. The trial promises to eclipse in interest and sensation the McCue and the Staother-Bywaters cases in Culpepper. It will again put to the test the "unwritten law." Judge Loving, armed with a double-barrelled gun, instantly killed young Esten while he was unloading a car of fertilizer in Oakridge on April 22nd. The shooting was the sequel to a buggy ride taken on the evening prior to the homicide by young Esten with Miss Elisabeth Loving, the 19-year-old daughter of Judge Loving. The girl, when brought home, had been drinking and it is alleged that her escort had maltreated her. Acting under the belief that his daughter had been drugged and assaulted, Judge Loving immediately went in search of Esten. After the shooting he said: "I shot to kill, every drop of blood in my body called for vengeance. I would have gone a hundred miles to kill him." Backed by the millions of Thomas Ryan, of whose Virginian estate he has been overseer for a number of years, and with powerful political influence, every device known to the legal fraternity will be utilized in the efforts of the counsel for the defence to acquit Judge Loving. The plea of the defence will be emotional insanity and the "unwritten law." The relatives of young Esten, whose family connections extend to the governor of the state, will exert every effort to clear the memory of the dead man from any stain of wrongdoing. Miss Loving, who has lived in seclusion since the tragedy, appeared in public yesterday for the first time. She showed no signs of her experience.

Irrigation in Boundary.

Grand Forks, June 24.—W. J. Brown, of Toronto, who has recently bought the Davey ranch of 1400 acres adjoining the city limits of Grand Forks, is installing an irigation system which will be a veritable eye opener along the lines of irrigation. The irrigation plant will consist of a gravitation system supplemented by an auxiliary pump which will be an absolute guarantee of water for the entire estate. Several miles of wooden pipe will be used for conveying the water over the entire orchard. Parties owning land in other parts of this valley are now considering adopting Mr. Brown's system of irrigation. It is expected that about 500 acres of this estate will be planted this fall in fruit trees carrying the highest market values, which will mean to the valley a large revenue, as there will be in all some 35,000 trees planted.

Pincher Creek Drowning.

Pincher Creek, June 24.—A. M. Gordon, police magistrate here, was drowned yesterday in Pincher creek.

HUDSON'S BAY STORES

Prospectors', Lumbermen's, Miners' and All **Campers' Supplies**

TENTS in all sizes and weights
RUBBERS and OIL SKIN CLOTHING.
OVERALLS and JUMPERS.
UNDERWEAR at all prices

Advertising rates on application.

All cheques paid in settlement of The Daily Canadian accounts, either for subscriptions or advertising, must be receipted for on the printed forms of the Company. Other receipts are not valid.

Monday, June 24th, 1907.

REVOLUTION EPIDEMIC.

The last few weeks have seen an unusual degree of revolutionary activity in far distant countries. The dissolution of the Russian Douma has been followed by mutiny in the Black Sea fleet, and a revival of terrorist activity in the capital. The republics of Central America are in a chronic ferment against the acts of the dictators chosen by themselves. That part of the population of Southern and Eastern France which is dependent upon the wine-growing industry, is seeking by strikes and rioting to compel the government to come to its relief. The latest ebullition is in Portugal where a prime minister, originally the people's choice, has arrogated all power to himself and the constitution leaves the sovereign with little authority to interfere.

But the rising in France is the most interesting problem of all. France is practically governed by referendum. Nowhere else can the momentary wish of the people find so early expression or translation into action. The present government commands the confidence of an overwhelming majority of the electors. But one industry, that of the production of wine, is suffering from a variety of causes, many of them, such as increase of foreign competition, being entirely beyond the control of the government. Those who suffer look to the government for relief, and aim at compelling it by strikes and violence.

None of the movements have any element of the class war between capital and labor, which has been prophesied for centuries and which Socialist orators are constantly warning us is at hand. Even in Russia the revolutionary movement is led by members of the upper, educated class.

Apparently it is only in Anglo-Saxon and other Teutonic countries and in Japan, that constitutional government on a democratic basis will work safely and smoothly. There was a time in English history, from the reign of Charles the Second to the accession of the House of Hanover, when the defeat of a party at the polls sent its leaders into exile. But the return of such conditions is inconceivable. The British people are now educated in politics and minorities have learned to accept defeat. The people of the Latin countries will no doubt learn the same lesson in due time. Their periodic outbreaks against authority constituted by themselves, may be regarded merely as growing pains.

PRACTISED IN SING SING.

Patrick's Advice to Fellow-Prisoner Saved Him for Two Years.

New York, June 24.—John Johnson, a wife murderer, was put to death in the electric chair in Sing Sing prison early today. The jail officials pronounced the electrocution successful; only two contacts were given. Johnson murdered his wife, Catherine, in Yonkers, two years ago, in the presence of their two children. He had been an ex-convict and had treated his wife badly and shot her when she threatened to leave him.

Albert Patrick, the lawyer convicted for the murder of Millionaire W. Marsh Rice, took a deep interest in Johnson when the two were confined together in the death house of the Sing Sing prison, and it was upon advice given by him that Johnson, by appeals, was able to stave off death up to this time.

MEN'S HUMAN PROPORTIONS.

The Sloping-Shouldered Man Calls for Different Waist Line.

When a man is full grown his height never changes; his figure may. Therefore the anatomical expert takes height as a basis of correct measurement, and with it the sartorial designer couples weight. The Semi-ready physique type chart goes still farther, and allows for the disproportionate figures as well as the normal type of man.

The waist line to be correct must be figured from the height, but with a stoop-shouldered man the waist line changes in a coat. There may be other systems of correct designing, but one cannot distinctly remember aught but the Semi-ready physique type system exemplified on a chart in the Semi-ready store.

NELSON, B. C.

IN THE MATTER of the "Rivers and Streams Act" and amendments thereto,

—AND—

IN THE MATTER of an Application of The Canadian Pacific Timber Company, Limited.

Notice is hereby given that 60 days after date The Canadian Pacific Timber Company, Limited, intends to submit to the Honorable Chief Commissioner of Lands and Works a proposal under the provisions of the "Rivers and Streams Act" and amendments thereto, for the right to improve Trout creek and its tributaries from the sources of such creek and its tributaries to the point where the same flows into Trout lake in the District of West Kootenay, and to remove obstructions therefrom and make the same fit for driving, sluicing, sorting and booming logs, rafts and crafts, and the fluming of lumber thereon, also for the right to collect tolls thereon.

The lands affected are Crown lands and Lots 768, 769, 771, 772, 773, 773, 789 and 790, all in Group 1, West Kootenay.

Dated this 30th day of May, 1907.

THE CANADIAN PACIFIC TIMBER COMPANY, LIMITED,
by their solicitor, R. M. Macdonald.

Certificate of the Registration of an Extra-Provincial Company.

"Companies Act, 1897."

I HEREBY CERTIFY that the "Kinney-Miller Cedar Company," has this day been registered as an Extra-provincial Company, under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situate in the City of Spokane, in the State of Washington, U. S. A.

The amount of the capital of the company is fifteen thousand dollars, divided into one hundred and fifty shares of one hundred dollars each.

The head office of the company in this province is situate at Creston, and William Henry Crawford, merchant, whose address is the same, is the attorney for the company. (Not empowered to issue and transfer stock.)

The time of the existence of the company is fifty years from the 6th day of March, 1907.

The company is limited.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 21st day of May, one thousand nine hundred and seven.

[L. S.] S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which this company has been established and registered are:

1. To acquire in any lawful manner, manufacture and sell or dispose of any and all kinds of cedar and other timber:

2. To acquire in any lawful manner timber, whether standing or cut, timber lands or other lands, logs, poles, piling, posts, lumber, shingles, staves and all and all kinds of timber product, to manufacture any and all such, and to dispose of same in any lawful manner:

3. To acquire in any lawful manner stores, implements, and any and all kinds of merchandise or property not in violation of law, and to dispose of same in any lawful manner:

4. To acquire in any lawful manner roads, tramways, or other means of transportation necessary or convenient to the other purposes of the Corporation, and to operate, lease, or dispose of same as may be deemed advisable; provided the same be private ways and roads only, and provided further that this article is not to authorize the Corporation to operate or maintain any public or toll road, nor any public serving transportation system, nor to become a common carrier:

5. To manufacture any and all kinds of articles and products as may be deemed desirable and not in violation of law, and to sell and dispose of same in any lawful manner:

6. To do any and all other acts and things necessary or expedient for carrying on the business of the Company as hereinbefore set forth.

Notice to Delinquent Co Owner.

To Charles G. Simpson, or any other person to whom he may have transferred his interest in the "May Blossom" mineral claim, situated on Brown Mountain, two and a half miles southwest of Ymir, in the Nelson Mining Division, of West Kootenay District, and recorded in the Recorder's office, for the Nelson Division.

You and each of you are hereby notified that I have expended two hundred and five dollars (205.00) in labour and improvements upon the above mineral claim in order to hold the same under the provisions of the Mineral Act, and if within ninety days from the date of this notice you fail or refuse to contribute your portion of the expenditure, (which is one hundred and fifty dollars ($102.50) for the two years ending 8th May, 1907,) together with all costs of advertising, your interest in the said claim will become the property of the undersigned under Sec. 4 of an Act entitled: "An Act to Amend the Mineral Act, 1900."

Dated at Ymir, B. C., 16th May, 1907.
JOHN F HARBOTTLE

May 1 st, 1907. GEO. A. LAURIE.

AMERICAN NAVAL PLANS

President Declines Advice to Divide Fleet by Sending Ships to Pacific.

Washington, June 22.—In spite of the clamor of the cities on the Pacific slope for battleships to afford them protection in the event that Japan should decide to make war upon the United States, the president will not dispatch vessels of this class to the western ocean. Such a move at the present time would inflame the Japanese more, perhaps, than thhe attacks upon their fellow subjects in San Francisco.

Again, the navy department would not consent to divide the battleship fleet now lying at Hampton Roads, for the reason that to do so would be to invite the disaster which overtook the Russians durin gtheir war with Japan. The fact that the navy department has been taking cognizance of the Japanese situation does not mean that hostilities are impending or inevitable.

It is simply a wise step taken for the purpose of having the United States prepared for any eventuality that may arise. The general board, of which Admiral Dewey is president, has considered at various meetings plans of a campaign for adoption in the case of war.

In none of these plans is there indicated any intention to divide the battleship fleet.

In a war with the United States Japan would have the same initial advantage she had during the war with Russia. A part of the Russian fleet was at Port Arthur, Chemulpo, Korea and Vladivostok. This section was inferior to the Japanese navy. The strong section of the Russian fleet was at Kronstadt, in the Baltic, 11,000 miles from the scene of hostilities. In Asiatic waters the United States has a weak squadron of armored cruisers, protected cruisers and gunboats. Its main fleet is in the North Atlantic, 17,000 miles fro mthe Philippines.

The demand of the Coast cities for battleships is about as idiotic a proposition as well can be imagined. Such a separation, of course, would enable an enemy's fleet to attack the ships in detail and destroy them without much danger to itself. For this very important reason the general board has decided and the president and Acting Secretary Newberry have approved, that the battleship fleet shall remain together in North Atlantic waters.

There are now in Japanese waters four armored cruisers—the West Virginian, the Colorado, the Maryland and the Pennsylvania. At Chinese ports there are six protected cruisers and four gunboats. In the Philippines are two monitors, six torpedo boat destroyers and half a dozen small gunboats. In addition, a number of colliers are attached to the Asiatic squadrons.

On the Pacific coast of the United States are stationed four ships which are practically armored cruisers, a number of torpedo boat destroyers, submarines and other craft.

All the armored and protected cruisers in the Pacific would see kto keep out of the way of the Japanese until they could effect a junction with the North Atlantic fleet. The ships which would be left in the Far East would be the monitors and gunboats, all of which probably would redezvous at the Olongopo naval station, near Manil, where there is a floating dock. As long as possible this harber would be protected and every effort would be made to defend it for at least the length of time required for the battleships to find the Japanese squadron and destroy them.

That considerable time would elapse before the North Atlantic fleet could reach Asiatic waters is evident. On its famous run around the Horn, just prior to the Spanish war, the battleship Oregon made an average speed of about 12 knots. Travelling in company, however, the speed must be that of its slowest unit. At least three months would be necessary for the battleships to make the voyage. But when the fleet did arrive it would be of a size to do business.

There are now in commission 18 battleships of the first class. By next January the government will have available 22 battleships of the first class, not counting the Oregon, Massachusetts and Indiana. In addition there will be in service 14 ships classed as armored cruisers.

Against this formidable command the Japanese have only siv first class battleship, not counting those captured from China and Russia, which have been rebuilt, and 12 armored cruisers. All of these vessels are in Japanese waters, except the two or three which are visiting European ports.

Nelson Land District. District of West Kootenay.

Notice is hereby given that thirty days after date I, J. P. Swedberg, of Nelson, B. C., miner, intend to apply to the Hon. the Chief Commissioner of Lands and Works, at Victoria, for a special license to cut and carry away timber from the following described lands, situated on Summit creek, in the West Kootenay district:

Tenders Wanted for the Purchase of a Mineral Claim.

Tenders addressed to the undersigned, at his office, in the Court House, in the City of Nelson, will be received up to the hour of five o'clock, in the afternoon, of Friday, June 28th, 1907, for the purchase of the "Tamarac Mineral Claim," Lot 8808, Group 1, Kootenay district, which is declared to be forfeited to the Crown, at the tax sale, held in the city of Nelson, on the 6th day of November, 1905, for delinquent taxes up till June 30th, 1905, and costs.

The upset price upon the said mineral claim, which includes the amount of delinquent taxes and costs at the time of forfeiture, with interest, taxes which have since accrued, costs of advertising, and fee for Crown Grant ($25.00) is $120.90, which is the least amount that will be considered as a tender.

Each tender must be accompanied by an accepted cheque for the full amount of the tender, payable to the order of the Deputy Commissioner of Lands and Works, at Victoria, B. C., at par.

Dated at Nelson, B. C., this 29th day of May, 1907.

HARRY WRIGHT,
Government Agent, Nelson, B.C.

NOTICE

Notice is hereby given that the Wattsburg Lumber company has applied to His Honor the Lieutenant Governor in council, under the provisions of the "Rivers and Streams Act," for the right to improve Rykerts creek in the district of West Kootenay, British Columbia, by removing the obstructions therefrom and straightening the banks thereof, and to construct dams, booms, slides and chutes, and make such other improvements as may be necessary for the driving and rafting of logs and the fluming of timber thereon The lands to be affected are goverment lands and Lots 251 and 252, Group 1, Kootenay district, and the tolls that are proposed to be charged, if any, are such as may be fixed by a judge of the county court of West Kootenay.

Dated this 27th day of March, A. D. 1907.

LOCAL AND GENERAL

No Chamber Session.

There was no chamber session of either supreme or county court today, no applications offering.

20,000 Club.

The regular monthly general meeting of the 20,000 Club will be held in the city hall tomorrow evening at 8:30.

Funeral of W. Henderson.

The late William Henderson was buried yesterday morning by his brothers of Nelson aerie, F. O. E., who turned out in a body.

A. J. Rainville Buried.

The late A. J. Rainville was buried yesterday afternoon under the auspices of the Knights of Pythias. The funeral was very largely attended.

For the Celebration.

The Moyie will run a special excursion from Kaslo for the Dominion Day celebration. There will also be a special train from Rossland.

Lawn Party.

The lawn party to be given by St. Saviour's branch of the Woman's Auxiliary on the grounds of Mrs. Barnhart's residence tomorrow afternoon, will begin at 3 o'clock.

Prospective Ranchers.

Real estate men report many enquiries after good fruit land. There are a large number of prospective buyers in the city and many sales will be announced within the next few days.

Band Concert.

Yesterday was an ideal day for an open air band concert, and the afternoon performance at the city park was very largely attended. The band gave a very enjoyable series of selections which were thoroughly appreciated. Apart from their beneficial effect on the tramway receipts the Sunday afternoon concerts are meeting a real want.

Cement Blocks.

The Boundary Creek Times says Mayor Bunting is exhibiting several first-class cement blocks which have been turned out by his cement block machine. Mr. Bunting is erecting a building for the Greenwood Electric company at Boundary Falls. Cement is the coming building material and is bound to revolutionize the building trade.

Getting Ready for the Exhibition.

The gentlemen who are getting ready the exhibit for the Winnipeg Exhibition report that they are meeting with every encouragement. Already a number of jars of canned fruit has been prepared, and the committee is desirous that every one who has anything to send to the exhibition to communicate at once the nature and extent of their exhibit. After the Winnipeg Fair the exhibit will be taken to the different fairs in Saskatchewan and Alberta.

PERSONAL.

Smith Curtis arrived from Rossland this morning and is at the Hume.

Mrs. Harry Wright and son have returned from a short visit to Spokane.

Blake Wilson was registered at Greenwood the last days of last week.

G. W. Hughes returned from Spokane this morning and is at the Strathcona.

G. W. McBride, manager of the local branch of the Wood-Vallance Hardware Co., left for Seattle Saturday and will be absent about three weeks.

R. J. McPhee, the popular mining man of Slocan, is at the Hume. Though he is still confined to his room Mr. McPhee's conditions is much improved.

Dave Hardy, who resided in Nelson several years, has again taken up his residence here. Since leaving here Mr. Hardy has spent most of his time with the Brittannia mine at the Coast. Six months ago he took a trip to his old home in Scotland, but everything had changed in the old land, so he decided to return to Nelson.

D. Wilson, formerly inspector of public schools in Kootenay, now of Victoria, arrived from the Coast last night. Mr. Wilson will spend the next three weeks in Kootenay, assisting Inspector Gillis with entrance examinations and later conducting high school examinations in Nelson, Rossland, Grand Forks and Kaslo. He left for Kaslo this morning.

Lawn Party

UNDER THE AUSPICES OF ST. SAVIOUR'S BRANCH OF THE WOMAN'S AUXILIARY WILL BE HELD ON THE GROUNDS OF MRS. GEORGE BARNHART, BAKER ST., ON

Tuesday, June 25th
Commencing at 3 p. m.

What the Advance Man Says.

In bringing the Dandy Dixie Minstrels to the Sherman opera house on Monday, July 1st, Messrs. Voelckel and Nolan offer what is claimed to be the most expensive, colossal and unparalleled aggregation of colored players ever organized. There are said to be more clever comedians, master musicians, dandy dancers and sweet singers than in any other company, while the olio features of 10 big specialty acts, the gorgeous, grand first part in the "Royal Palm Grotto," and an original and excruciatingly funny finale, "A Fowl Deed," conspire to afford minstrel patrons an evening of solid enjoyment. The big company of clever colored performers, which includes the famous Cotton Pickers' band of solo musicians and the Oklahoma octette; the Dixie College Rangers in a series of 'Varsity class songs, patriotic airs and old sweet songs of the South, the Cambell Bros., in an original comedy musical act; Williams & Stevens, comic impersonators; Toney Trio, the dare-devil acrobats; Benny Jones, the Texas Teaser, together with a buck dance contest which is open to all-comers and for which valuable prizes are offered.

"The Little Dutch Doctor."

Hon. D. W. Higgins is again writing those short stories which were so popular a year or so ago. The latest from Mr. Higgins' pen is ,"The Little Dutch Doctor." It appears in the Vancouver World, of last Saturday, and is quite as interesting as any in Mr. Higgins' books. It is a story of old Yale.

Revised Death List.

Rochester, N. Y., June 24.—The revised death list of the dead in the Pittsburg wreck is: Emmet Lyons, 14 years old, Rochester, son of James Lyons, engineer of freight train, died at 5:45; B. G. Droom, of East Buffalo, a freight brakeman; K. McArthur, a bridge foreman, and one unidentified man.
