SATURDAY, MARCH 15, 1902.

SIDEWALKS.

Among the improvements suggested in a previous issue we mentioned sidewalks along the principal thoroughfares.

THE NEWS would like to see a good wide sidewalk built from the corner of the slough road down Westham street as far as Wellington street, or possibly a little further; also one from Dr. Wilson's corner along Delta street. These two sidewalks would be of great advantage to all citizens, as well as the children on their way to and from school. We believe that the first mentioned sidewalk would inside of a year pay for itself in children's boots and clothes alone.

The question as to how these sidewalks are are to be built, naturally arises. Some would be in favor of the municipality building and maintaing these walks in the same manner as the roads, while others—especially those in the outskirts of the district—might think that a frontage tax should be levied on the property holders for this purpose. We think this matter should very properly be talked over at the next council meeting with profit.

All are taxed for keeping up the plank roads, why not tax all for the purpose mentioned. The cost upon the whole municipality would be comparatively small, while if the property holders were taxed it would fall more heavily upon a few people for the convenience of many.

On the other hand those from the rural districts might say if the people of Ladner want these sidewalks, let the townspeople build them, it is for their convenience. Yet do not the people of Ladner help to keep up the roads of the municipality, why not reciprocate in the matter, We think none, even those from the districts, would object to walking on sidewalks in preference to the plank roads especially in the winter season.

We think the matter might very properly be brought before the municipal council by a committee of self appointed business men.

We make the above comment with a view to having properly constructed walks.

As a result of THE NEWS advocating a large bell for the public school, B. S. McDonald, the principal, has begun arrangements to give an entertainment, the proceeds of which are intended to go towards the purchase of a bell. It is to be hoped he will have the co-operation of all citizens. It is not definitely decided when the event will take place, but due notice will be given in these columns.

The judgment of the Privy Council in reference to the question of jurisdiction over the fisheries seems to be extremely confusing and indefinite. The two points established are: first, that the provinces have the territorial rights in the fisheries; second, that the enactment of fishery regulations and restrictions is within the exclusive jurisdiction of the dominion.

The dredge, King Edward VII steamed up the main channel within sight of Ladner last Tuesday afternoon for parts unknown, just as though the river did not need dredging in front of the wharf. About $5,000 has been spent near Plumper's Pass We think Ladner should come next. The council should not let the matter drop until the dredge is at work in the channel.

Colonel Prior has been elected in Victoria by a small majority.

ART.

In the elder days of Art,
Builders wrought with greatest care
Each minute and unseen part;
For the Gods see everywhere.

Let us do our work as well,
Both the unseen and the seen;
Make the house, where Gods may dwell,
Beautiful, entire and clean;

Else our lives are incomplete,
Stand in these walls of Time,
Broken stairways, where the feet
Stumble as they seek to climb.

LONGFELLOW.

Corporation of Delta.

LIVE STOCK REPORT.

The following is quoted from Secretary Hadwen's report presented at the annual meeting of the Dairymen's & Live Stock Association recently held at Victoria. In this report, Mr. Hadden said:

"It is evident that the association in taking hold of the actual dealing in stock, in assisting farmer's and others to purchase it and get the same delivered at the lowest possible expense has been the means of introducing a large amount of new blood into the province which would not have been brought in otherwise and which is without doubt, improving the flocks and herds of the country. I venture to say that if the association had not done this not one quarter of the amount of stock would have been brought in, nor would there be in the province anything like the same interest taken in good stock that there is at the present time. That these importations will be continued I have no doubt, but of course the trade will probably change considerably. On the coast where the work was first introduced, I look forward to the auction sales for I think it of great importance to continue these sales, to consist principally of local stock.

"There will always be a certain number of special orders, for the reason that some particular strain is required or that this system happens to be more convenient to the person ordering. The Upper Country will, of necessity, have to be supplied from the outside; without doubt better sires will be used there, and I may add that I find that the recent sale at Ashcroft did a good deal to to bring this about.

I anticipate a demand on the range for some 75 to 100 bulls a year, and as the ranchers combine to do away with the scrub sire they will require many more than the number stated.

"We have, as you know, practically attempted nothing in the line of horses yet; there is a good field for work in this direction. The present demand is drawing more attention to the breeding of horses and their improvement on the ranges is badly needed. Owing to the exceptional demand for horses in the East, I think it would be good policy to see if it is possible to send a shipment to Toronto in the spring.

Inquiries should be made as to what our supply of horses suitable for army purposes is, and, if advisable, to ask for a visit from Colonel Dent and make all necessary arrangements for the same.

A considerable effort should be made to encourage the raising of swine in our province until a sufficient supply exists to warrant the establishment of a pork-packing house. Once the supply is here there are firms who are quite ready to establish a branch in the west. With our clover pasture pork can be raised at a very low cost of production.

"In regard to poultry, an equally important factor in the prosperity of our farms, we should energetically work up this trade. We should, and no doubt will, get in time at least equal assistance from the commissioner of Agriculture in the shape of poultry stations and lectures that the eastern provinces get, but we must ask for this and do what we can besides to assist our local poultry associations and get them to assist in taking up practical work. It is well known, in connection with this question, that it is almost impossible to get good poultry at the present time in our cities.

In a late issue of an eastern paper is the announcement of the marriage of Zebulum C. Ketchum and Miss Annie Matilda Borthwick. The wedding took place at Ottawa on February 15th. Mr. Ketchum was a few years ago a crack player on the Westminster lacrosse team.

LOCAL NEWS.

Rev. I. W. Williamson spent a few days in New Westminster and Vancouver this week.

Wm. L. McBride, general merchant at Port Guichon, has been at Victoria during the past week.

Little Miss Francis Guichon, has been sick with a slight attack of tonsilitis, but is now convalescent.

H. D. Benson and W. H. Smith are at Victoria attending the grand lodge A. O. U. W. as delegates from the local lodge.

H. T. Kirk of New Westminster has been in town during the past week taking stock of J. A. Moore's general store for the assignees.

The Delta Municipal Council has made a grant of $25 to the Mechanics Institute reading room and $300 to the Delta Agricultural Society.

Master Vernon Taylor. who has been sick for the past week or ten days, has almost fully recovered, and will be able to be out among the boys shortly.

A. Leslie, of New Westminster formerly of Ladner, and late leader of the band, will take part in the concert Monday evening. He has consented to play a picolo solo.

E. Calhoun received per steamer Transfer on Tuesday a fine span of colts purchased near Kamloops. They will make an excellent addition to the many fine teams that come to the town.

Mrs. Calvert and child arrived this week from Innisfail, N. W. T., Mr. Calvert having gone up to New Westminster to meet her. They will reside at the Creamery where Mr. Calvert is employed.

Messrs. Hollingshead & Livingstone shipped 100 tons of potatoes to the Yakima Valley last week and will ship the same amount this week. There is a great demand for Delta potatoes in that district.

Reeve W. H. Ladner, H. D. Benson, H. M. Vasey and F. Kirkland attended a meeting of the directors of the Royal Agricultural & Industrial Society of B. C., held in the Board of Trade rooms New Westminster on Saturday.

Mr. Clarke, father of P. Clark, our genial blacksmith, and Angus Clark, teacher of Trenant school, is on a visit to his sons. He resides near Guelph, Ont., and is delighted with the west and Ladner in particular.

A week ago two brothers by the name of Thomasson were seen sailing towards the gulf by Nels Peterson of Canoe Pass. Later on in the week two bodies were found lashed to a boat, by the captain of the Dauntless. They were taken to undertaking parlors in Vancouver. On Friday last Mr. Peterson was in Vancouver and identified the bodies as the two men above mentioned.

Arthur Fawcett, president of the Ladner Cornet Band, received this week a new cornet from the Besson Company of London, Eng. It is a beautiful triple silver plated instrument and is engraved on the bell, and is worth $80. The Besson instruments are considered the best in the market and are used by all crack prize bands of the Old Country. In quality of tone and easy blowing this instrument leaves nothing to be desired. The cornet solo by Mr. Williamson on Monday evening will be played with this instrument.

A De R. Taylor who has been a resident of the suburbs of Ladner for over ten years, will move to his farm in the East End about the end of the present month.

A commercial traveler from Montreal was arrested in Vancouver a few days ago and taken over to New Westminster, where he was fined $25 and costs for supplying liquor to a resident of Ladner, who is under the Drunkards' Act. This should be a warning to others.

DIED.

FRASER—At Ladner, B. C., on Monday, March 10, 1902, Myrtle Marguerite, aged about three months. only child of Mr. and Mrs. Ric. A. Fraser.

CHURCH NOTICES.
