WESTMINSTER NEWS

The Market Very Good. John R. McDonald Drowned.

The weekly market held yesterday was an average one. The glut in fruit still continues and large quantities were offered but sale was slow. There was little meat offering although there were fair arrivals of poultry which sold at slightly advanced prices. The following is the official list of quotations furnished by the market clerk:

BEEF	per pound
Hindquarters	8c.
Forequarters	5½ to 6
MUTTON	
Whole	9
PORK	
Whole	8
VEAL	
Small	10
BUTTER	25c
	sack
Potatoes	65 to 75
Onions	1.00
Cabbage	50 to 75
Oats	$25 ton
	per doz.
Eggs	30 to 35 c
Fowls	$6 to $6.50
Broilers	3 00 to 5 00
FRUIT	
	per box
Apples	50 to 80
Plums	30 to 40
Prunes	30 to 40
Pears	80 to $1
Peaches	$1 per crate
Blackberries	$1.50

Burns the young American who was sentenced to six years at Steveston for net stealing was released this week on an order of Habeas Corpus and was rearrested on the same charge. The reason of his release was that the magistrate had exceeded his authority in sentencing him. He will be retried.

A man named Grace was up in the district court Wednesday on a charge of stealing a carcass of mutton, he was sent up for trial. He was given six months on another charge of having stolen some rope.

The Shamrock lacrosse club of Montreal will leave that city on Monday, September 22nd, to play a series of games with the local team during exhibition week.

John R. McDonald a well known resident of Westminster, and who had been employed with W. L. McBride at Port Guichon was drowned in the river on Sunday, by falling out of a fishing boat. He had two brothers in this province who reside here. The funeral was held Tuesday afternoon the I. O. O. F. conducted the service.

The death occurred in this city of one of Westminster's most prominent and well known citizens in the person of Mrs. B. W. Shiles, wife of ex-Mayor Shiles. The deceased had been a resident of the city for over thirty years. She had been in ill health for some time.

Donald McRae a pioneer of the district died at Elgin last week. He came to the province during the Cariboo gold excitement.

September 10th, was the fourth anniversary of the fire.

A mountain lion six feet long was shot at Westminster junction on Tuesday.

WATER RIGHT SUIT

Obstructing the Flow of the River by Dams.

In Osgoode Hall, Toronto, be- Chief Justice Falconbridge the following water suit was disposed off:

Saunby v. Water Commissioners. —Judgment (C.) in action brought at London for injunction, mandatory order and damages. Plaintiff is the owner of lands bordering on the River Thames and alleges that in 1879 and 1880 the defendants obstructed the flow of the river by erecting and maintaining a dam and flash-boards in the river bed, which forced back the water so that it was prevented from flowing away from his land, and remained at his mill and in his tailrace, compelling the use of steam instead of water power at times. He claims damages for these alleged wrongs, and an injunction to prevent a continuance of them and a mandatory order directing the removal of the dam and flash-boards. Held, that the defendants are in the wrong and have not acquired a prescriptive right. Plaintiff is entitled to damages both as riparian proprietor and mill owner. Judgment accordingly for plaintiff, with costs and reference as to damages to be confined to the six years prior to the commencement of this action. Injunction granted. Thirty days' stay.—Toronto Globe.

Salmon Price Not Settled

According to reports received the Fishermen's Union have sent a letter to the Canners' association stating that they are not satisfied to accept 16½ cents per fish. The Canners' association are positive that according to contract the count of fish put up comes to over 252,000 fish, and the price of 16½ cents is the correct one. The count, however, is being again carefull checked.

The fisherman made a formal claim for 18 cents per fish for the pack. The canners have handed down an ultimatum of 16½ cents, and there the question now stands.

The Dramatic Society.

A meeting of the Excelsior Dramatic Society was held Thursday evening, when the plans for the winter's amusement was discussed. Plays have been selected and are expected along shortly when the members will commence rehearsals. New members have been added in the place of those who have left town and the society has now a full party again. The plays put on will no doubt receive the encouragement of the people of this section as they did the past season.

The midweek meeting will be held in the Presbyterian church on Thursday evening, after having been discontinued for the past several weeks.

CONSERVATIVE LEADER

Mr. Borden Visits The Delta and Was Much Pleased.

R. L. Borden, leader of the Liberal-Conservative opposition in the House of Commons at Ottawa and Messrs. Clarke, Powell and King who are touring British Columbia and holding meetings, paid Ladner a visit on Wednesday. The party consists of sixteen, but the others did not take advantage of the trip from Vancouver to Westminster by the Fraser river, going over by tram, where Mr. Borden held a meeting in the evening.

The visitors were met at Vancouver by a delegation from Westminster who accompanied them to Steveston and up the river. At Ladner the steamer Transfer was held for a couple of hours, the party being received by a local delegation. Carriages were provided and the visitors driven by some of the farms close by, remaining a short time at the Jubilee Farm, where they were received by Mrs. McNeely, whose cousin is a law partner of Mr. Borden at Halifax. Mr. Borden was presented with a nice bunch of holly and flowers as mementos of the visit.

After a short drive around the party arrived at the steamboat landing where they again took the steamer for the Royal City.

The party were highly pleased with their visit in the Delta and when shown the grain and products grown here were surprised at the fertility of the Delta lands.

Sunday's Blaze.

Last Sunday afternoon about 1:30 o'clock, fire was discovered in the drygoods department of Marshall Smith's establishment. The alarm was given and with a few buckets of water the fire was soon quenched. The origin of the fire is supposed to be from the coals of a pipe. The loss will amount to about $150, curtains and hats being the principal goods destroyed.

C. P. McKay and A. C. Good were on the wharf and noticed the reflection of the fire on the office window and at once gave the alarm.

The steamer Dunsmuir and Lapwing were tied up at wharf and immediately got up steam and their fire apparatus ready to protect the wharves and waterfront buildings.

If the fire had succeeded in getting a good start considerable destruction would have been the result as quite a breeze was blowing at the time.

B. S. McDonald has purchased from the B. C. Land Co. about 50 acres of land behind Arthur's property and this week was burning the peat preparatory for a large crop.

THE RIVER SURVEY

Of the Channels From The Mouth.

The pilots of the Vancouver and Westminster Pilotage Authority commenced their annual survey of the Fraser river from its mouth to Westminster.

Pilots Ettershanks, Patterson, Robertson and Jones arrived in Steveston this week with a full equipment for the work to be carried out. Work commenced at the mouth of the river off the Sand Heads light station, and from there a survey of the channels to Westminster will be completed. The relative position of buoys and beacons to channels will also be investigated.

Every year after high water on the river, the pilots survey the channels, which during high water periods shift their position in some cases very considerably. In consequence of that change of base it is absolutely essential that the pilots taking vessels into the river to load salmon cargoes at the canneries should know exactly the position of the channels, and the varying depths of water to be found in them. The survey work usually takes three or four days to complete.

Cottage City Wrecked.

On Sunday night at 10:20 o'clock the Seattle steamship Cottage City, Capt. David Wallace, ran ashore on Island Point, Etolin Island, which is located in Stikine Strait, about twenty miles south of the little town of Fort Wrangel. She was southbound at the time. A hundred fifty passengers were on the Cottage City when she struck, but not one was injured, and all were taken from the wrecked vessel three hours after the accident by the steamer Spokane, which sailed north last Friday. The passengers were taken to Skagway.

The position of the ship it would appear that she struck head on. She ran about fifty feet on the rocks and settling herself to the incline, she went to the bottom. At high tide it is stated that her hurricane deck is under water. When the steamer struck, about a hundred tons of salmon cargo was jettisoned in the hope that she would float.

Bishop Dart Recovering.

A Montreal despatch says Bishop Dart of Westminster, who was hurt at Port Arthur on his way to attend the general synod at Montreal has practically recovered. He is still at the Glengarry hospital, McGill college avenue.

The annual convention of the British Columbia Settler's Association will be held at Westminster on Oct. 2, at 3 p. m. Delegates are expected for Ladner.

AGRICULTURAL SOCIETY

Special Prizes Donated to The Delta Fair. Room for More.

The following are the special prizes for the fall fair:

The "Baby Show" entries are free, and anyone wishing to make entries for same can receive entry forms from the sectretary.

The sports committee have about completed the program for their portion of the celebration.

The Ladner band will give a ball in the town hall, on Friday evening September 26th. It is intended to make this one of the attractions of the fair.

Delegates.

The Liberal-Conservative association of Delta met at Port Guichon on Tuesday evening when delegates were elected to attend the convention to be held at Revelstoke. The following were the delegates chosen: W. H. Ladner, T. E. Ladner, Marshall Smith, W. H. Smith, H. J. Hutcherson, and W. L. McBride.

Mrs. W. H. Smith has been ill during the past week.

SATURDAY, SEPTEMBER 13, 1902.

POLITICAL PARTIES.

The Liberal-Conservative party of British Columbia meet in convention at Revelstoke this week to consider the political situation from their point of view. The adoption of party lines is one of the the chief questions. Every year the Conservative and Liberal party meet in convention at different places and have the usual family rows, elect leaders, promulgate a policy, and have a general chew the rag. So far as THE NEWS can remember, nothing has ever been accomplished by either party on account of these annual meetings. We believe party lines is the only way to avoid the disagreeable state of affairs in this province, but cannot see how it is going to come about. In both parties are dissenting factions of a mixture of Conservative and Liberals, who will not support or countenance leaders or anything else, and it is almost impossible to believe that either can work together successfully on party lines. In the provincial house the party in power, with a doubtful majority, is comprised of all kinds of political parties and the opposition is the same. At present it is an easy matter for a member of the legislature to get a "mean on" over some petty affair and cross over to the other party. With the adoption of party lines this would be done away with as members would be duty bound to toe the mark. If it is possible to leave a majority of the present members at home during the next election, there will be a chance to get a government in power with a competent leader, be it Conservative or Liberal. It is time the affairs of this province were in business hands and allow the province to command respect on the outside, which it does not do at present.

DELTA BUTTER.

In an interview with the Winnipeg Commercial, R. M. Palmer of the British Columbia Agricultural Department, states that the cutting of prices of butter during the spring was done by creameries to try and capture the Victoria butter trade, but that the three island creameries had practically secured the trade and inferred that they intended to keep it. We think Mr. Palmer knows, and we know too, that the Delta Creamery sells more butter in Victoria today and all during the year than any island creamery. The island creameries can only run about four or five months on pasturage, whereas on the Delta lands there is good pasturage practically all the year round, which of itself is a great advantage to a creamery. As to the cutting of prices made so much of by Mr. Palmer, we understand that was done by the island creameries after agreeing to put the price of butter on a paying basis. They are now trying to get up a meeting of all the creameries during the Westminster fair to try and arrange about fixing prices, which rather disproves the assertion.

The butter from the Delta is too well know and gives such good satfaction to its patrons in Victoria, that we have no doubt the customers will always be able to procure it there, notwithstanding that the island creameries have captured the trade.

FIRE PROTECTION.

There is no doubt but what the town of Ladner needs fire protection. The narrow escape of our largest establishment business from being destroyed by fire on Sunday last, brings forth the argument more strongly in favor of fire protection. So far the discussion has been luke warm and we believe has not received the consideration that is due it. The committee appointed by the citizens, communicated with our member and the government, as requested by the meeting, and as a result the municipal act has been amended to allow municipalities to pass by laws and issue debentures to raise funds for fire protection purposes. It is now up to the council and people to act. It is necessary that protection of some kind should be inaugurated and THE NEWS hopes that an organized fire brigade and fire apparatus will be one of the first objects put forth by the council and citizens.

Why will the medical men of the coast cities persist in sending advanced cases of phthisis to Kamloops? They must know that improvement is absolutely out of the question and it would be far kinder to advise these patients to stay quietly at home instead of subjecting them to the fatigue of traveling when in a condition ill able to bear the strain. Incipient cases may derive some benefit, but these far advanced ones are hopeless, and to send them here is crass stupidity.—Kamloops Sentinel.

The Delta News

One Dollar a Year

A SILURIAN.

They built a fine church at his very door—
He wasn't in it;
They brought him a scheme for relieving the poor—
He wasn't in it;
Let them work for themselves as he had done,
They wouldn't ask help of any one
If they hadn't wasted each golden minute—
He wasn't in it;

So he passed the poor with a haughty tread—
He wasn't in it;
And he scorned the good with averted head—
He wasn't in it;
When men in the halls of virtue met,
He saw their goodness without regret;
Too high the mark for him to win it.
He wasn't in it;

A carriage swept down the street one day—
He was in it;
The funeral trappings made display,
He was in it;
St. Peter received him with book and bell;
"My friend, you have purchased a ticket to—well,
Your elevator goes down in a minute!"
He was in it.

The City of The West.

The Vancouver Province states that the entire C. P. R. water front at Vancouver is to be remodelled and a gigantic scheme of improvements carried out. Wharfage extensions, the cost of which will run into many hundred thousands of dollars, are projected from the already large and ever increasing facilities of that nature with which line the waterfront from Cordova street on the west to Westminster avenue on the east.

Five mammoth wharves, each 600 feet long and 175 feet wide, to harbor the big steamships bearing the fruits of Canada's rapidly increasing trade will be built—wharves which will permit the largest ocean going steamships in the world to berth, discharge and receive cargoes destined for all parts of the world.

Ten warehouses 450 feet long and 50 feet wide, larger than those now occupying the Canadian Pacific wharves, are to be erected on the new docks. Railroad spurs from the main line of the big railway which commences in Vancouver and ends in Montreal, will run between the warehouses—for each wharf will have two of those mammoth storehouses. Provision will also be made for the future erection of grain elevators and flour mills. Large coal bunkers will also be built.

A Card.

To Churches, Sunday Schools, Lodges and private families:

Having too large a stock of chapel and church organs and not wanting to carry them over until next spring as I need the room, I will sell a large variety of styles in oak and walnut cases at wholesale prices.

A few samples: $150 organs for $54; $200 organs for $79; $300 organs for $112; $350 organs for $136.

All these organs are new and are the best makes that are built in Canada. Will sell on easy terms if desired. It is not the money I need as much as the room and my wish not to carry such a large stock as to become shopworn. Write for catalogue and prices or call at W. W. MONTELIUS' Piano & Organ Warerooms, 410 Hastings Street, Vancouver.

Servant—You brought the wrong medicine for missus, yesterday, and it nearly killed her. Doctor's Boy—Lor ain't she lucky, 'cos I tuk 'er medicine to another old gal, and she's dead.—Colored Comic.

Interviewer—How do yo account for your love of music?

Drum Major—Well when me father was young he was a furniture remover, and wan day a pianny fell on him.

LOCAL NEWS.

Sidney Rich has been quite ill for the past few days.

Dr. F. P. Smith of Westminster was in Ladner Thursday.

Mrs. Woodward of Vancouver was in Ladner on Thursday.

Dr. and Mrs. King spent a few days in Vancouver this week visiting with friends.

Communion service will be held in all Saint's Trenant church, Sunday at 11 a.m.

Mrs. W. John Lanning and children returned home from a couple of weeks visit to Victoria last evening.

T. W. Patterson of Victoria spent a few days in the Delta this week visiting his large farm on the Trunk road.

Road Superintendent Orminston is busy replanking the road on the corner in front of McKee Bros. shop.

Mrs. Vallance sister-in-law of Mrs. David A. McKee, returned to Sandon Thursday after a visit to Ladner.

An auction sale of household furniture and effects, will be held in the town hall this afternoon at 2 o'clock.

Miss Allen of Eburne who had been the guest of Miss Wier the past week returned to Eburne Tuesday.

F. W. Harris who has been engaged at the Wellington cannery left this morning for his home at Galiano island.

F. W. Welsh of Vancouver, provincial grand master of the A. O. U. W. order will make an official visit to Delta Lodge No. 12, on Tuesday evening.

Miss Main of Westminster arrived in Ladner Thursday afternoon and is visiting with her sister, Mrs. Ed. Trim at Canoe Pass.

Eighty head of beef cattle and calves were shipped to Vancouver Thursday from Calhoun's ranch. J. Graur was the purchaser.

T. Cosulich president of the Canoe Pass Fishermen's Union was up to Westminster this week on business in connection with the union.

Mrs. J. D. Cameron who has been visiting with Mr. and Mrs. N. A. McDiarmid on Stanley street, returned to Vancouver on Thursday.

F. J. MacKenzie returned Thursday afternoon after a few day's visit at Westminster. R. Morrison was in charge of the drug store during his absence.

The barber shop and tobacco business conducted for some time by J. A. Shoff was purchased on Monday by W. McClellan, who will shortly add up-to-date club rooms. L. Gifford will have charge of the tonsorial department.

A. Fenton came home this week with an injured foot. He was working on the B. C. E. Ry. tunnel near Coquitlam when a slide occurred injuring him and a couple other men. He will be able to be around again in a few weeks.

Last Friday evening a very pleasant party was held at the residence of David A. McKee on the Slough road, when a few friends took advantage of the evening's entertainment. The occasion was the second anniversary of Mr. and Mrs. McKee's wedding.

A meeting of the Trenant Park Club was held in the town hall last Saturday evening. This is a private club composed of about thirty young girls and boys who are taught the terpsichorean art. Only relatives of the members were in attendance.

THE FAMOUS
Queen Quality Shoe
FOR WOMEN

LADIES: If you want to wear the shoe that won the highest honors at the Pan-American Exposition, then ask for the Queen Quality shoe, it received the GOLD MEDAL.

This is the reasons we are selling "Empress Shoes" at cost as they have never received a medal of any kind and are not to be compared with the The Famous Queen Quality.

We are sole agent for New Westminster,
