VICTORIA FAIR

Delta District Captures the Prizes in the Stock Class.

Following are a list of the prizes winners in the Delta at the exhibition held in Victoria last week. The exhibitors from this section practically took everything in the stock line. There is no doubt but that the stock from the Delta is superior to our neighboring districts as at all the shows where exhibited they captured first prize.

Unable to get list of butter, eggs, etc., but Delta would not be behind.

Frank Kirkland of Westham Island was elected a director from the Delta district.

In the judging of cattle occurred a difference of opinion among the eastern judges. In the class of Shorthorn cows the two judges differed. Mr. Anderson favored assigning the first prize to a young cow owned by J Tamboline of Westham island, and Mr. Gardhouse favored a large cow owned by W H Ladner. The matter was referred to the remaining eastern judges when two of them agreed with Mr. Gardhouse, while the other one supported Mr. Anderson in his contention. The two original judges then explained the reasons for their arriving at the conclusions which they did. This in itself was highly educative, as both men may be regarded as experts. Mr. Anderson laid particular stress upon the strong back which was evidenced in the cow of his along the side from hip bone to behind the shoulder. In this he claimed she showed her excellence as a beef cow, as it was from here that the dearest cuts of meat were taken. On the other hand Mr. Gardhouse held that the cows were being judged not from the standpoint of the butcher, but as breeding cows. The cow he chose was to his mind well developed for this purpose. She had wonderful development for chest expansion and her hindquarters were vastly superior to those of the other cows. She was also in some ways a deceptive cow with regard to her back, and an examination he held would show her to be well beefed in parts where the expensive cuts were found.

The steamer Transfer was delayed several hours on Thursday, arriving in Ladner about 10 o'clock in the evening. Repairs were bemade to railway bridge at Pitt river when a freight train went on it at fast speed, causing it to give way, the engine and two or three cars going into the river. No one was hurt. The steamer went up and transferred the passengers on No. 1.

In last weeks issue in the account of the stock sale at Westminster, it was stated that F. J. Coulthard was the purchaser of the fine bull that was offered, Thos. E. Ladner has informed us that he was the successful bidder.

TRAM TO LADNER

Another Proposition of Communication For the Delta.

The Vancouver Province says: Ladner, that important agricultural center of the lower Fraser will be connected with New Westminster by an electric tram line within two years.

The British Columbia Electric Railway company, who intend to build the line, have already made application to the government for running rights over the Westminster bridge, and it is expected that work on the construction of the line will be commenced just as soon as the bridge across the Fraser is open to traffic.

It would not take more than six or eight months to build the line, as there are no grades on the road. This circumstance would also be a great factor in favor of the operation of the line, as it would not require nearly so much power as is required on the company's lines already in operation.

With this line, together with the direct new trunk road along the river bank, which is being built at the present time, Ladner will have communications with this commercial center that could scarcely be improved upon.

The Delta country is at the present time, and has been during the past few years, one of the most progressive farming districts in the province.

The district has been swarmed this week with hunters and while some have been successful in securing good bags others were disappointed. With such a large crowd and promiscuous shooting the pheasants are wild and hard to get.

The dominion cabinet decided on Thursday that there would be no holiday on November 9th. A proclamation fixing the celebration of the king's birthday on May 24th, will be issued shortly.

F. M. Brooke-Smith, assistant postmaster at Ladner left for Vancouver on Monday where he will enter the city hospital, he having an attack of typhoid fever. His many friends wish him a speedy recovery.

There are some complaints being made to the directors of the reading room about boys being allowed in in the room as they are not careful about the papers and strew them around the room. If this is continued boys will be prohibited. This also applies to older ones.

MACKENZIE--EDGE

Married at Clover Valley on Thanksgiving Day.

A very happy event took place at the residence of Duncan MacKenzie at Clover Valley, Surrey on Thursday, Thanksgiving Day, when Francis J. MacKenzie and Miss Esther Edge were united in the hold bonds of wedlock by the Rev. Wm. Bell.

The bride looked very pretty dressed in a fawn traveling suit and carrying a boquet of white stocks, hydrangeas and maiden hair ferns. The bride was attended by Miss Lilly MacKenzie, while Edward McKenzie supported the groom,

The house was prettily decorated with autumn leaves and flowers, the solemn services being performed only in the presence of the family and a few intimate friends.

The ceremony over the party sat down to a sumptuous dinner after which the happy couple took their departure for Ladner with the best wishes of all.

The wedding presents were costly and numerous showing the high esteem in which the bride is held. The grooms present was a handsome gold bracelet set with opals and pearls.

The groom is one of Ladner's young business men and has a host of friends wherever known. He is the youngest son of Duncan MacKenzie of Clover Valley, an old resident of the province, and who will shortly celebrate his golden wedding.

The bride who has been a resident of New Westminster for several years is a very popular young lady, having been connected with the choir of the Methodist church and also the Epworth League and will be greatly missed in church circles of which the was an active member.

Mr. and Mrs. MacKenzie will be "at home" after November 5th.

THE DELTA NEWS extends congratulations to the newly married couple.

A large, fine, well developed potatoe of the Beauty of Hebron type, weighing three pounds is on exhibition at his office. It was grown at the farm of A. De R. Taylor on the Trunk road.

Thanksgiving night was clear and unclouded and Delta people had an opportunity of witnessing a rare celestial phenomenon. For the first time in several years there was a total eclipse of the moon.

Benson's dredge which is dyking the island opposite Ladner expects to finish the work in about a week.

THE GAME ACT.

A large number of men, dogs and guns arrived in the Delta district the past week. The object was to shoot pheasant, grouse and ducks, or anything that came across their path. So far we have not heard of any one shooting some other fellow but it is daily expected. The farmers in the Delta have all had notices posted up on their premises prohibiting hunting and shooting and what effect it will have will be known shortly. For several years past parties from the cities have swarmed into this section and abused the privileges allowed them, while others did not even ask permission to go over the farms, but trudged through leaving gates open, destroying crops and sometimes injuring the stock with the bullets. Hunters who have been unready to discriminate where they get game may be surprised to learn that in going upon private property to hunt they are committing an offence under the Game Act for which they may be punished severely. This new trespassing clause under the Game Act has just come into force, and as yet no convictions have been recorded under it. The new clause imposes a penalty of not less than $20 upon those found shooting or hunting on enclosed ground, without permission of the owner. Enclosed ground is interpreted as that enclosed by fence, water or other natural boundary. A Sunday violation of this clause is made much more severe by the penalty being fixed at $50 instead of $20. So this season the farmers have decided to proteet themselves and if anyone hunts or shoots on their property without permission they need not feel surprised if they are forced to answer for it in the police court.

PROVINCIAL FAIR.

Now that the agricultural fairs are all over the residents of the different localities can settle down after the excitement. We believe much good could be obtained from one large provincial fair on the coast, and public money, instead of being divided up among two or three should be given to one. Of course the smaller shows could not be done away with as they make the large ones. The exhibitions at Westminster and and Victoria, with the exception of some of the attractions are practically the same, while if all were put into one show it would make an exhibition worth going to see. For years these large shows have gone behind, and if the people of the cities could only throw off their prejudices and join together the finances would come out all right, besides the people who attend would be able to receive value for their money. Vancouver is now agitating for a fall fair and the government will be asked to contribute no doubt. With three cities having exhibitions it will work a hardship on some of them as it will be impossible to exhibit and attend them all. From the list of prize winners this year it is evident that the provincial fairs depend on the Delta for their stock exhibit, without which the shows would be nothing. No doubt the farmers of the Delta would be pleased to exhibit at all, but it takes time and money moving around the country with stock unless the prizes are large enough to justify this there is very little object in doing it. By one large provincial exhibition with all the money donated to it, the prizes would be sufficient to draw exhibits and large crowds from all over the province.

DELTA DYKING AND DRAINAGE SCHEME 1895 BYLAW NO. 4.

A By-law to provide for preserving, maintaining, repairing and keeping certain Dyking and Drainage Works constructed under and by virtue of the provisions of the "Delta Dyking and Drainage By-law, 1895," of the Municipality of Delta.

Whereas under the said "Delta Dyking and Drainage By-law, 1895," certain drainage and dyking works therein mentioned were and are fully made and completed and are now being operated in the said Municipality;

And, whereas, under and by virtue of Section 261 of the "Municipal Act, 1897," it is provided that after such works are fully made and completed as aforesaid, it shall be the duty of the said Municipality making such works to preserve, maintain, and keep in repair, the same at the expense of the lots, parts of lots, and roads, as the case may be, as agreed upon, and shown in the By-law when finally passed.

And, whereas, under and by virtue of Section 263 of the "Municipal Act, 1897," the Council may pass a By-law to borrow upon debentures of the said Municipality the funds necessary for the repairs and work required by said Section 261, and shall assess and levy upon the property benefited as a special rate sufficient for the payment of the principal and interest of the debentures.

And, whereas, it is expedient and necessary to preserve, maintain, repair, and keep in repair the said works at the expense of the lots and parts of lots benefited thereby, and the sum of Five Thousand ($5,000.00) Dollars is necessary and is required therefor;

Be it therefore enacted by the said Municipal Council of the Corporation of Delta, pursuant to the provisions of the "Municipal Act, 1897," and amended Acts, as follows:

1. That the Reeve of the said District Municipality may borrow on the credit of the said Corporation of Delta the sum of Five Thousand ($5,000.00) Dollars, being the funds necessary for the said works, and may issue debentures of the said Corporation to that amount, in sums of not less than $100.00 each, and payable within thirteen years from the date thereof, with interest at the rate of 5 per cent. per annum, that is to say in thirteen equal annual payments, the first of which shall be due and payable on the day of October, 1903, and all such debentures to be payable at the Bank of Montreal, New Westminster, Province of British Columbia, and to have attached to them coupons for the payment of interest.

2. For the purpose of paying the sum of Five Thousand ($5,000.00) Dollars, being the amount to be charged against the said lands benefited, and which said lands numbered and described in the By-law known and described as "Delta Dyke and Drain By-law, 1895, of the Municipality of Delta," and to cover interest thereon for thirteen years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied in the same manner and at the same time as taxes are levied upon the undermentioned lots and part of lots, and which are the lands mentioned and described in the schedule of assessment in the said "Delta Dyke and Drain By-law, 1895, of the Municipality of Delta," and the amount of the said special rates and interest assessed against each lot or part of lot, respectively, shall be divided into thirteen equal parts, and one such part shall be assessed and levied as aforesaid in each year for thirteen years after the final passage of this By-law, during which the said debentures have to run.

SCHEDULE "A."

Schedule of assessment on certain lands in Townships 3, 4, 5 and 6 for preserving, maintaining and keeping in repair, land reclamation and drainage works for benefit to said Townships:

Local News.

The municipal council meets this afternoon.

G. O. Dennis has recently purchased the farm of L. Everett in the East Delta.

There will be Thanksgiving service in the Baptist church on Sunday evening.

Katie Foster is entertaing a number of her little friends at her home this afternoon.

Captain Hans Burr, a veteran steamboat man on the Fraser river is visiting with his cousin Councilor Burr at Crescent island.

Councilors J. B. Burr and James McCallan visited Port Kells this week looking over the gravel pits of that section.

The latest report from the east states that G. R. Maxwell, M. P., for Burrard, is improving in health and will shortly return west.

A party of sportsmen, consisting of J. R. Watson, Dr. F. P. Smith, C. Wadhams and F. Kirkland left yesterday for Texada island on a hunting trip.

The many friends of A. Brockie, who is at present in the hospital at Westminster, will regret to hear that he is not improving as fast as was expected.

Mrs. Curtis and son arrived in Ladner last evening having returned from up north, where she spent the season with her husband who is manager of one of the canneries.

A slight noise took place on Delta street Thursday evening. This was a warning to hymen's devotees to let the people know when the happy event will take place.

The band boys are certainly being drilled under their new conductor, J. H. Cronshaw and new members are making rapid progress. There are at present two or three instruments vacant and anyone desiring to become a member of the band will have a good opportunity at present to begin with the new class.

A team of horses owned by J. A. Paterson was the cause of a little excitement this morning. The team were tied up near McKee's butcher shop when they broke away and started down Delta street and landed in the ditch in front of the Methodist parsonage, right side up. The only damage was the breaking of the neck yoke.

FOR SALE.

The "Lion Brand,"
Of Boys' School Clothing.

Our new ideas in Boys' School Clothing are 20th Century ideas.

They are a little ahead of the times but they will be thoroughly appseciated by buyers. This line of Boys' Clothing is manufactured from all wool Halifax tweeds, specially made for hard wear. You can buy the whole suit complete or the knickers separate. If you buy a suit now and want a second pair of knickers later on you can get them to match the coat which will always outwear two pair of knickers. Our knickers are always made with double seats and double knees. We are the only people in town handling the "Lion" Brand.

J. E. PHILLIPS, :-: New Westminster.
