Shooting notices.

The Harvest Home Festival in the Methodist Church on Sunday last was well attended. Rev. Mr. Hetherington's excellent discourses were much appreciated. The church was very prettily decorated for the occasion which throws great credit on the decorators.

FIELD TRIALS.

The Field Trials, this week, have been a great success. About 60 dogs have been doing their best, during the past few days, to put up the royal birds. Dogs from all over the Pacific Coast have been here. The Club gave a banquet, last night, at the Delta Hotel.

H. J. Hutcherson, T. Hume, W. J. Lanning, W. A. Kirkland, W. H. Smith, and P. McRae spent the week on the Nicomekl.

Remember the only place to buy the "Genuine Slater Shoe" at Montreal prices is at W. E. Sinclair's, the Leading Shoe Store of New Westminster. *

Delta Council.

Council met in the Council Chamber on Saturday, Sept. 9, at 2 p.m., with the following members present: Reeve W. H. Ladner in the chair, and Couns. Gibbie, Davie, Paterson and Huff.

Minutes of previous meeting were adopted as read.

From Mayor Stevens, of Kamloops, re meeting of representatives of municipalities, in New Westminster, on Sept. 29. Received and Reeve Ladner and Coun. Paterson were appointed delegates to attend meeting.

From W. E. Davis, chairman Library Board, New Westminster, stating that on the recommendation of any member of the Council, ratepayers would be loaned books from the Carnegie Library free of cost. Received and resolution passed thanking the board for their courtesy.

The Delta Highway By-law passed its second reading.

The repairing of the Burr bridge was left in the hands of Coun. Paterson.

The following accounts were ordered paid: Gilley Bros., rock, $253.05; W. N. Draper, $25; G. T. Baker, $14.75; W. H. Taylor, $5.35; J. Hunt, $37.12; Grant & Kerr, $365.39; Charley Fong, $54; P. Clark, $15.40; O. Westermark, $10.

The Council then adjourned to Saturday, October 14th, at 2 p.m.

A Good Time.

The entertainment in the Baptist Church on Tuesday evening was of a purely religious nature. A. B. Dixon took charge of the meeting which consisted of singing and meditation on that portion of the Scriptures contained in the IX Chapter of the Acts, verses 1 to 22.

The reading of the lesson was very interesting, showing of Saul's conversion before Damascus; how it is possible for God to confound the mighty in their own strength and to raise them up soldiers of Christ.

After the singing of another hymn the meeting was thrown open to those present to comment upon the lesson when Mrs. Banton gave quite a nice illustration.

After a quartette by Rev. A. Banton, Miss Banton, Mrs. Barber and A. Barber, short prayers and a hymn, "Nearer my God to Thee," a very profitable evening came to a close.

Next Tuesday evening will be a social entertainment, when light refreshments will be served. All are cordially invited.

Remember the Auction Sale of furniture, on Tuesday next, at the residence of C. F. Green, at 1 o'clock p.m., by H. N. Rich, auctioneer. This is an opportunity which does not occur every day.

HIGH SCHOOL QUESTION.

EDITOR DELTA TIMES:

Sir: Kindly allow a taxpayer, who pays more in a year than Mr. McKenzie has probably paid all together, a little space in your paper. Our local druggist—or should I say local "Bumble"—in his replies to "One Interested" and "Another One Interested," writes as if the cap fits him. Is he the one who is keeping us from having a class of high school pupils in our school? Does he understand that it is not one, two or three that he is pulling against but an ever increasing section of the community, and is he wise in throwing away whatever popularity he may have had, by writing as he does? When his time comes to have children ready for high school, he may see things in a very different light and also be anxious to "impose on overtaxed teachers" but perhaps he expects that time to be the golden one of a Ladner high school and so at present he is not interested, even "spontaneously." His gentlemanly! and courteous!! letters, especially the last, in which he implies that he may be addressing a lady, are effusions he must ever be proud of!!! But all this is aside from the question, are we, or are we not to have high school subjects taught in our village school.

Yours truly,
A THIRD ONE INTERESTED.

EDITOR DELTA TIMES:

Sir: Mr. Frank MacKenzie—either "intentionally or through ignorance" — entirely mistakes the "raison d'etre" of my letter of Sept. 9th. Surely, sir, it is easy for the most disinterested to understand the hardship it is for country parents to be obliged to send their children away to have them taught high school subjects. Children who may pass at even fourteen years should be under the control and guidance of their parents and not away boarding in some city. Then there is the hardship of the expense as well for so long a period. I myself have paid $18 a month for the board alone of a child of thirteen. Could it not be managed to have them taught here for, say, the first two years? I am told that it is done or about to be done in Ontario, and Mr. Pollock, the Principal here last year, would have had a class for high school subjects had there been sufficient—this he told me himself.

And now to answer the charges of untruthfulness and falsity "intentionally or through ignorance." First. I certainly know that one of the teachers either had only a few days in a high school or so short a time that I was justified in saying "never attended any but a country school." All honor to that same most capable teacher and the just popularity enjoyed. Second, Probably fifteen is the Principal's average attendance. I was certainly told fifteen. Third, The letter from Superintendent Robinson was quoted word for word and the original may be seen at the DELTA TIMES Office by anyone interested. Fourth, The teachers at East Delta who passed entrance pupils as I quoted, and gave extra subjects were not the teachers at the dates of Inspector Stewart's reports. Certainly it is most extraordinary—"primary work crudely done, etc." —result (some years later) one pupil passed, last year, with higher marks than anyone in New Westminster, and others with high marks this year.

However, these cases were simply cited in order to establish a precedent, and NOT to create ill-will or to make comparisons which, truly, are odious.

With sincere apologies for the unconscionable length of this letter, again very truly yours,
ANOTHER ONE INTERESTED

Gone to Her Rest.

The death occurred, on Monday last, of Margaret, the infant daughter and only child of F. J. and Mrs. Green. The little one had only been ill a short while and the bereaved parents thought the signs of recovery were good when a sudden change for the worse took place and in a very short while the light of the household had flickered out.

The funeral took place on Tuesday afternoon from All Saints, Anglican Church. There the service, which was very simple and yet impressive, was conducted by Rev. Canon Hilton in the presence of quite a number of sympathizing friends. The choir boys turned out full strength and added greatly to the beauty of the service.

The pall-bearers, friends of the family, were: D. A. McKee, W. Pybus, J. A. Paterson and E. A. Bown.

The floral tributes were many and handsome.

The Misses Montgomery spent Sunday in Vancouver.

Jos. Mason, brother of Mrs. C. Davis, came down from Skagway yesterday.

Miss Davie returned home on Monday from visiting friends in Vancouver.

Mrs. D. A. McKee who has been away some months visiting friends in Hamilton, Ont., returned home on Thursday.

W. R. Ellis and wife and Miss Brodie, returned from a visit to Vancouver, yesterday.

Mrs. Carter and son, Mrs. Hays and Miss M. Green were among the Transfer's passengers on Monday.

P. H. MacKenzie, M. P. for South Bruce, Ont., who is on a tour of the Northwest, is a guest of J. A. Paterson.

The Gazette, of the 21st inst., declares the 4th, 5th and 6th October next as holidays in all the public schools west of the Cascades.

The meeting of the Farmers' Institute, billed for last evening, did not materialize, the speaker, W. A. Wilson, Government Superintendent for the Northwest, failing to put in an appearance.

Jas. Gilmore, of Westham Island, has purchased 188 acres on Lulu Island, at $150 per acre, while the Messrs. J. A. and Wm. Savage have added J. Gilmore's 84 acres to their stock of Westham Island real estate.

Mr. Fred. L. Hacking, for many years connected with the leading photograph studio of Vancouver, is now conducting a thoroughly up-to-date studio in New Westminster where residents of the Delta district should procure their photographs. *

SATURDAY, SEPTEMBER 23, 1905.

The Sonoma is advertised to give a daily service to Westminster during the Fair.

Westham street, from Delta street to the Bridge needs macadamizing the worst way. Hurry up and borrow the money so as to get the needed road work done in good shape.

The continued wet weather is proving disastrous to the large quantities of grain standing in the shock. There is quite a considerable acreage on Lulu Island besides that in Delta district which may, possibly, never be threshed and if threshed will be practically worthless.

The Brackman-Ker Co. are doing, under the supervision of H. N. Rich, quite a large amount of improvement work around their granaries, and now it is up to the Council to put the Georgia and Chisholm streets in first class condition for the heavy traffic which, of necessity, must be taken over these roads.

The attention of J. Simpson was drawn, the other day, to the great benefit it would be to the roads if teamsters would straddle the ruts with their heavy loads, and he immediately proceeded to do so. Now, if every teamster would follow his example for a while they would be very agreeably surprised, we are sure, at the wonderful improvement it would make to the roads.

TRUNK MYSTERY.

W. E. Curtis, who came down from Lowe Inlet on the steamer Venture on Saturday night, has a trunk, the travels of which are causing the police of Vancouver a little guess work. Mr. Curtis, when he shipped at Lowe Inlet, checked his trunk for Vancouver. When he landed there he with the brasses to get the luggage, but there was no trunk to be found. About the time that he reported the loss at the police station a truck man came in and reported having found the trunk among the lumber piles in the Royal City Mills yard. The police went down and found that the trunk—which was a dark complexioned leather one built on the lines of an English country gentleman—had been ripped widely open and the internal anatomy exposed to the weather. An inventory showed that several articles, including a revolver and a razor had been purloined.

What the police are trying to figure out is how Mr. Curtis' trunk got from the Venture over to the Royal City Mills yard.

If you want a portrait that will be artistic and thoroughly good, go to the photograph studio of Fred L. Hacking, Columbia street, New Westminster.

GENEROUS OFFER.

The following kind offer has been accepted, on behalf of our taxpayers, by our Reeve and Council, and should prove of great benefit to the readers of this municipality:

To the Reeve and Council,
Delta Municipality, B.C.

Dear Sirs: I have been directed by the Corporation of the City of New Westminster to write and say that as the Carnegie Library is now being established under a very firm basis; we have competent attendants in care of same, and are constantly increasing our number of books, we shall be very pleased therefore, to loan volumes of almost every description to ratepayers in your Municipality, upon your Council writing, (either the Reeve or any member of the Council), a recommendation that the books would be returned. With the books we are expecting, we will have now about 5000 volumes to issue. Two weeks is the period a book is allowed to remain out of the Library. We are having catalogues printed as soon as the large consignment of books arrives. I shall be very pleased if you will convey the information to the ratepayers of your Municipality that we are only too wiling to establish a Lending Library of the books at our disposal.

Yours respectfully,
W. V. DAVIES.
Chairman Library Board.

DELTA TIMES.

Let Us Talk It Over.

Have you, young man or young woman, ever given the future any consideration? Are you content to drift along as you are with a superfficial public school education which does not prepare you for earning your living.

There are openings for young men in the business world as stenographers or clerks. Women are eligible for the same positions. What could you do in such a position? Are you a good penman? Are you rapid and accurate at figures. Can you use the typewriter so as to write 40 words per minute? Can you do well the many things that are required to be done in the business offices of large cities?

Unless you have taken a course in the above you are unprepared for office work except in a small village. We can prepare you for a good position—a position that will in a few months pay for your investment. Some of our lady graduates are earning $40 a month and over.

Miss W. K. Smith receives 40 per month from the Hastings Shingle Manufacturing Co., as stenographer. Miss Menzie starts for the Yorkshire Guarantee and Securities Corporation at $45. Several are working for the C. P. R. at $30 per month and upward.

WE CAN HELP YOU TO A POSITION LIKE THIS

If you come to us and work hard If you want further proof of the way we help to positions write us and we will send you more names.

But don't put off. Every month you delay means one month's salary lost. The sooner you graduate the sooner you are in a position.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy.

Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by F. J. MacKenzie.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.
