Marshall Smith

LUCKY CAPTURE.

Asahel Smith captured a pair of bald eaglets on Benson Island. About three weeks ago he killed the male bird and allowed the female to mother the young ones until they were able to move around themselves. On Thursday last Mr. Smith, in company with Chester Springett, attacked the nest, effected the capture of the young and killed the mother. Mr. Smith is going to raise the young ones until they reach maturity, if possible.

C. F. Green has been obliged to retire from the Customs service at Ladner after having held the position for 15 years, in consequence of ill health, and E. A. Bown has been appointed his successor.

Buy It Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life. For sale by T. J. Mackenzie.

Tuesday July 4th

H. Nicholson and wife entertained their friends, last evening, at the celebration of their wooden wedding.

F. W. Howay is on a business tour in the Interior while Mrs. Howay is visiting her sister, Mrs. Watson, in Nanaimo.

SUNDAY SCHOOL SOCIAL.

Sunbury Sunday school celebrated their first annual social, on the 23rd ult., in the school house, when a very pleasant time was spent and a good programme rendered, consisting of a drill, recitations, dialogues, choruses, etc., by the children. After the programme had been successfully disposed of, the wants of the inner man were attended to, and everyone was satisfied. Great credit reflects upon the committee in charge for the successful manner in which it was conducted. Rev. J. F. Betts occupied the chair.

Fourth of July celebration at the Point on Tuesday.

King's Birthday.

Saturday last opened up bright and warm for the King's Birthday celebration, and, with the large crowds of people continually arriving and an excellent programme to be run off, everything showed well for a good day's enjoyment which was fully realized even though the atmospheric change in the afternoon took away one's appetite for the ice-cream, etc., which were on sale at the stalls occupied by W. H. Smith and Creech & McConnell, and eventually broke up the sports.

The programme was all run off with the exception of a few of the minor details and everyone was well pleased.

In the Football match Westham Island vs. Shamrocks, Vancouver, there was an excellent display of the art. Westham Island did excellently in keeping their swift opponents down to a tie even after extra time had been played. The Shamrocks are a good team and were in good shape, a fact which makes it all the more creditable to the W. I. F. C. to hold them in check so well. At the close of the match, the contending teams drew lots for who should hold the cup, and the lot fell to the Shamrocks. Following is the Westham Island team: Goal, W. Davidson; backs, H McDonald, Jas. Trim; halfbacks, W. Savage, W. Moss, R. Jorgensen; left wing, E. London, M. Palmer; right wing, J. Savage, Alf Trim.

The lacrosse match between Ladner and Cloverdale was a very pleasing feature of the day's sports After the boys warmed up to their work there were some very pretty exhibitions of lacrosse as well as good sprinting. Leslie Kerfoot being the most notable among the runners.

J. Boothroyd played a star game in the Cloverdale goal, cleverly stopping some hot ones from the Ladner home.

The Ladnerites scored the first two goals in short order, after which the play was much more even, winding up with a score of 3 goals to 5 in favor of Ladner.

One-mile bicycle race for men; prize challenge cup to be won two years by the same person—There were only two entries in this contest, W. H. Siddall and P. Carey. Siddall, the winner last year, won again this year thereby becoming the proud possessor of the handsome trophy.

½-Mile bicycle race for boys under 15—Claude Mason, 1st; E. Fenton, 2nd; J. Davis, 3rd. There were four entries. Fenton received quite a shaking up by a bad spill at the finish.

Men, 100 yards dash—K. Brown, 1st; W. Dunne, 2nd.

Men, 220 yards—J. Bilodeau, 1st; K. Brown, 2nd.

Boys, 100 yards—F. Clifford, 1st; W. Peall, 2nd,

1. 2.40 Class. Trotting or Pacing. 1 Mile. Heats. Best 3 in 5. Purse $150—Bandford Boy, 1st; Nellie C, 2nd; Stormont Jr., 3rd; Red Lee, 4th.

Nellie C showed up exceedingly well for a small horse; Bandford Boy was certainly held well in hand in the first heat and when he was well warmed to his work and not overdone, he was allowed to show his mettle; Stormont was a disappointment while Red Lee was completely knocked out on the start through the hobbles being too tight. The race right through was well contested.

2. 3.00 Minute Class. Trotting or Pacing. 1 Mile. Heats. Best 2 in 3. Purse, $100—B. C. King, 1st; Chief Seattle, 2nd; Sizz, 3rd.

This race was a surprise to many, as Chief Seattle appeared to be the favorite. When "the old man with the straw hat," J. W. Hollinshead, was seen to be the winner, the crowd went wild with delight.

3. Free for All, Running Race, ½-Mile. Best 2 in 3. Catch weights. Purse, $75—Col. Smith, 1st; Cicero, 2nd.

Joe Quoi, on Col. Smith, put up a fine race with Charlie Welsh, on Cicero, a close second. Artimus withdrew after the first heat.

5. Pony Race. ½-Mile. Best 2 in 3. For Ponies 14½ hands and under. Catch weights. Purse, $50—Jarry, 1st; Pinto, 2nd; Dexter, 3rd.

This was a very smart race; Little Charlie Welsh did the trick on the hurricane deck of Felix Guichon's Jardy.

Thus ended another successful King's Birthday celebration.

Dr. Howell, a graduate of the Optical Institute of Canada at Toronto, and of the Northern Illinois College of Opthalonology and Otology at Chicago, will be at the Shirley Hotel, Ladner, Tuesday and Wednesday, July 4th and 5th, for the purpose of testing eyes and fitting glasses. Dr. Howell is interested in the Burrard Sanitarium, Vancouver, where his permanent offices are located. Modern instruments and methods used. Eyes tested free. Prices moderate.

CLOSING EXERCISES.

A Visitor to the closing exercises of our school has the following to say:

The people of Ladner are to be congratulated upon the excellence of their public schools, if one is to be permitted to judge from appearances as seen by a visitor on the day of the closing of the sessions for the summer holidays. It was the privilege of the writer to spend the most of the day visiting the different rooms and witnessing the exercises. The rooms are light and cheerful and comfortably equipped for the purposes for which they exist. The pupil bright, healthy, wide-awake and attentive and their thoughtful and ready responses to questions showed a good knowledge of the work, while the order and diligent application of the pupils to the work in hand reflected much credit upon both the teachers and the pupils.

Mr. Harrison's room was well crowded when the children of the other three rooms came in for the closing hour or so, and when about fifty visitors arrived who were there to enjoy the programme of readings, recitations, etc., in which the children did themselves much credit, every bit of available space was occupied and suggested to the onlooker the need of a larger room for such occasions. Doubtless in this prosperous and growing community it is not too much to expect that in the near future such a room will be added.

It is matter for pleasant reflection that the entire staff of teachers, who have done such good work in the past year, is to return after vacation and push the work on to further successes. The entire community will welcome their return.

FLETCHER-CALHOUN.

At 7 o'clock on Tuesday morning of this week Miss Minna Calhoun of this Burg was married to J. H. Fletcher of Victoria. The wedding took place in the Baptist church which was beautifully decorated with appropriate flowers. Although the ceremony was observed at such an early hour the building was filled with well wishers of the young people who thus started together for life. The bride being so well and favorably known in Ladner would account for the large number who came to see the marriage. The bride, dressed in white organdy, looked very beautiful. The groom is one of Victoria's merchants, and a native son of the Capital City and has been all his life connected with business life in Victoria.

The bride was attended by Misses Ella and Inez Stainton (her nieces) as flower girls, while the groom was supported by his brother F. C. Fletcher of victoria. The marriage ceremony was performed by Pastor P. H. McEwen.

A wedding breakfast was partaken of at the home of Mrs. J. F. Stainton, sister of the bride, after which they boarded the Pheasant for New Westminster on their way to take passage on the steamer Queen to San Francisco. We wish them "bon voyage," a safe return and a long and happy life.

Mrs. M. N. Reid returned from Victoria, on Tuesday, bringing Miss Ethel with her, who, we are glad to say, is much improved in health, after an absence of ten weeks.

"AS OTHERS SEE US."

The following clipping was taken from the Vancouver Daily Province and speaks for itself, though it is, without doubt, called forth by the very improvements it has been such a struggle to get some of our residents to consent to:

From the river itself one is apt to get an entirely false idea of the town of Ladner itself and of the Delta district. All that can be seen from the steamboat deck is part of the hotel over the warehouse and Marshall Smith's big store. The rest of the place is farther back.

The town is almost large enough for a city. It is an ideal little place, and is in every way, as far as it can be for its size, as up-to-date as Vancouver.

They have a bank there, and it is in a neat businesslike-looking two-story building. The Royal Bank of Canada has a branch in Ladner, and by the way the manager, Mr. R. E. Walker, is a brother of Mr. F. G. Walker, assistant manager of the Royal Bank in Vancouver. The stores are large and from a glance through the windows have pretty nearly everything any one might need.

But the country! No wonder the people look prosperous, and are prosperous, when they own land in the Delta. All the way out to the track houses were passed that would do credit to any place. Some of the residences on the farms would hold their own with the best of them in the West End. The cottages were well looking, in the town itself all had gardens and orchards; the fences and grounds were well kept, and one got a general idea that here were a people who knew how to take care of themselves, and who took a pride in their country.

There was a great crowd at the grounds which, by the way, are owned by the Delta Agricultural Society, and are perhaps the finest in British Columbia. There must have been over a thousand people there altogether. Most of them had come in rigs, and all along the fence there were horses, carriages, carts, and wagons tied up. One could not gain better idea of the place than from a walk along this line. It was not an exhibition. The horses were the ones that the farmers used regularly to drive about the country. They had undergone no preparation for a show and were as they always looked, yet they were a splendid class of animals. One carriage drove casually along and it was rubber-tired. The horse drawing it was a King Patchen and looked the thoroughbred that he is all over. Every way you turned you would see a high class of horseflesh, the vehicles were new and those that were not new were well kept. The whole thing would give any one a good idea of the country.

Geo. H. Byrom returned home on Wednesday, accompanied by his bride. The happy couple had a warm reception at the wharf, being literally covered with rice.

DELTA TIMES.

Let Us Talk It Over.

Have you, young man or young woman, ever given the future any consideration? Are you content to drift along as you are with a superfficial public school education which does not prepare you for earning your living.

There are openings for young men in the business world as stenographers or clerks. Women are eligible for the same positions. what could you do in such a position? Are you a good penman? Are you rapid and accurate at figures. Can you use the typewriter so as to write 40 words per minute? Can you do well the many things that are required to be done in the business offices of large cities?

Unless you have taken a course in the above you are unprepared for office work except in a small village. We can prepare you for a good position—a position that will in few months pay for your investment. Some of our graduates are earning $40 a month and over.

Miss W. K. Smith receives 40 per month from the Hastings Shingle Manufacturing Co., as stenographer. Miss Menzie starts for the Yorkshire Guarantee and Securities Corporation at $45. Several are working for the C. P. R. at $30 per month and upward.

WE CAN HELP YOU TO A POSITION LIKE THIS

If you come to us and work hard. If you want further proof of the way we help to positions write us and we will send you more names.

But don't put off. Every month you delay means one month's salary lost. The sooner you graduate the sooner you are in a position.

A DASTARDLY ACT.

EDITOR DELTA TIMES:

Sir: There has been considerable friction resulting from the election of Trustees for Boundary Bay school and, as a result, a good deal of talking and hard feeling, but about as mean a piece of spite as could be imagined was perpetrated on the retiring Trustee, John Perram.

Some party or parties, on Wednesday night, entered his premises and deliberately opened wide a heavy 16-foot gate and drove the stock into his crop where they remained until morning. His neighbor, Robt. Smith, was also made to suffer as the stock wandered into his crop.

Now, Mr. Editor, I did not imagine, in this Delta, there lived a man, outside of a Chinaman or Siwash (and maybe not they), who was capable of such a gross outrage.

For the satisfaction of those implicated, I may say that they are known to have said that they would have their revenge on me for the stand I have taken in the said school, and further that I do not intend to let the matter rest as it is. It was doubtful at one time if the stock would recover from their surfeit. Further comment is useless.

I remain, yours truly,

JOHN PERRAM.

Oh! for the Point. Tuesday, July 4th. Big time. Come.

W. J. Brandrith left, on Saturday evening, for Chilliwack, in connection with the Fruit Growers' Association.

Child Not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw the change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by T. J. Mackenzie.

CHILDREN'S COLUMN.

IT MADE THEM THINK.

The Thoughtless Children and an Extract From Old Maggie's Diary.

A group of young folks from the high school stood on the corner, giggling at old Maggie, the brown mare, who, hitched to a post near by, stood patiently switching away at the flies. The young folks laughed at her rough hide, her stumpy tail and clumsy feet. They called her Nancy Hanks, Gunpowder and Bucephalus.

The next morning, when the gigglers filed into the schoolroom, they saw on the blackboard this:

"EXTRACTS FROM THE DIARY OF AN OLD HORSE.

"I am only an old horse, but when I was young I was handsome, and I took a pride in letting no one pass me. Now I can do little, but I try to do that well. I take invalids and timid old ladies out driving. I let little children drive me, and they can slap the lines, rattle the whip and shout as loudly as they wish; it doesn't try my nerves. Sometimes they climb my back for a ride. I step very carefully, so they won't fall off. So I do when the baby toddles around and I am cropping grass on the lawn.

"I am always ready to carry picnic parties to the woods. I go for the doctor. I take guests to the train. I never shy at tooting engines, bicycles, baby carriages or wheelbarrows. I take grandma to the weekly prayer meeting and sewing society. I don't remember ever playing a mean trick in my life. Some time in the future you may be old, poor and slow. How would you like to be laughed at?"

The scholars read the words, looked at one another, giggled a little—very feeble giggles—then, with flushed faces, bent over their books.

But they were thinking!—Mary E. Q. Brush in Youth's Companion.

Little Mister Pleasantface.

Little Mister
Pleasantface,
Quite at home in
any place;
Nothing in the
world to do,
But to stand and
grin at you,
While his mirth
compelling
whim
Makes you stare
and grin at
him,
And his quaint,
old fashioned
airs,
And the garments that he
wears,
Wonder what he's
smiling for?
Just for fun, it
may be, or
Simply laughing at himself—
Such an odd, good natured elf.

Don't you wish
you had his
hat
And the nether
garments that
Have the pockets bulging out
With two chubby
fists, no
doubt?
Mister Pleasantface can tell
Where the Happydimples
dwell—
Those queer
wunks that
wink at you,
From a rounded
cheek or
two—
For he captured
some, I know,
And his grins, the
pictures show,
Snared them so securely they
Simply could not break away!

School Children In Siberia.

The military rule that governs all Russia extends to the schools and colleges. They are free public schools, almost as fully as with us, and are attended by the children of the peasants and poor townspeople as well as by the sons of government officials and rich merchants, who later are to go to the university at Tomsk or perhaps to Russia for their college course. But here, though some are nobles by birth and others are mere peasants, all are treated exactly alike, and all dress in a uniform closely copied from that of the army. Even the girls, who always have separate schools from the boys, wear a simple regulation dress, so that there is no heart burning in little Anna, from the cottage in the back street, because little Lady Anna, from the great house on the square, has a fine dress. The teachers are all regarded as officers of the government and wear a military uniform. The school is drilled in tactics every day and conducts all its exercises after military models, training its boys into soldierly young men.

The uniform is not so pretty as that worn by the cadets of our own military schools, and it is comical to see a little chap, with a round, roguish face under his flat cap, wearing big boots and a gray overcoat belted about him, with skirts long enough to touch the ground, but when he has earned the rank of corporal or sergeant in his school battalion and feels the marks of his rank on his collar he struts about as proud as a peacock.—Harper's Round Table.

The court of appeals of New York has held that it was no ground for a new trial because the jury in a murder case attended church on Sunday in custody of the sheriff and heard a sermon on the prevalence of crime.

The best farming lands in Siberia are those nearest to China.

OBITUARY.

Word was received on Tuesday morning of the rather sudden death of Mrs. W. Witter, the previous night, at the home of her neice, Mrs. Roberts. A relapse of pneumonia was the cause of death.

The funeral took place on Wednesday from the house wherein she died to the Boundary Bay Cemetary, and was conducted by the local lodge I. O. O. F., under the supervision of Bro. Alex Davie.

The late Mrs. Witter was a woman of sterling qualities and one whom the little folk at the Bay will miss very much, Always ready to see that others were having a good time, she took much more out of her own quiet life than most women who work as hard as she.

The sympathy of the whole community goes out to the bereaved husband and relatives who mourn her loss.

One Dollar Saved Represents Ten Ten Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested like buying seeds for his garden, will save dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by T. J. Mackenzie.
