Troubles of The S. and O.

The S. & O. had the time of its life this week. On Tuesday morning it did not reach Armstrong till after 2 p.m., or Vernon till 6 p.m., though it pulled into Enderby not much behind time. It's trouble began when it reached that portion of the line which runs along the Stepney ranch, and its efforts to force its way through the blanket of snow were futile. First, the passenger coaches were left behind, the passengers riding in the express van. But this was to no purpose, for after proceeding only a short distance had to again give up. The engine then tried to clear the way alone, but that did not work, for it soon became stuck "fore and aft" and could not move. But for the timely arrival of the freight train, the engine of which was sent along to help the stranded train, "505" might be stuck yet. On Wednesday morning the train did not pull in until 12.30 p.m. This was due to the snowplow jumping the track near Mara, thus delaying the passenger, which was following on behind, until it could get on again.

Its troubles, however, did not end when Enderby was reached, for there was worse to come after leaving here, and it was well that dinner was partaken of before pulling out for Armstrong, for it did not reach that place till 7 p.m. It was the snowplow that made all the trouble, for in attempting to clear that portion of the line which runs along the Stepney meadows, it got off the track, it is reported, ten times caused by the frost heaving the ballast which was put on the permanent way last fall to such an extent that the nose of the plow could not clear it.

Finally, the snowplow was left at the Stepney siding, and the passenger train double-headed into Armstrong. On the return trip, Enderby was not reached until 1 a.m. on Thursday morning.

According to the Okanagan, the S. S. Aberdeen only went as far as Kelowna on Monday, owing to ice on the lake impeding the passage, and from whence the mail and baggage was transferred.

The main line has also had its troubles. For two days up to Thursday no train had reached Sicamous from the west, though one was expected about noon. The delay was due to the fact that the train which should have arrived on Wednesday went off the track at Lytton, while the one behind it (due on Thursday), is stalled near Hope.

Death of Enderby Pioneer.

Through inadvertance, we failed to record the sudden and unexpected death of Mr. C. A. R. Lambly, which event took place at his home in Fairview, Similkameen, on January 29th, from pneumonia. His death will come as a shock to many of the pioneers of the country, among whom the late Mr. Lambly was well and favorably known.

The early events of the days of the late Mr. Lambly's residence in the Valley are so bound up with the history of Enderby that his demise recalls memories of those times, and it is our intention to give next week a brief history of the period when the Lambly Brothers owned what is now a portion of the townsite of Enderby.

The Members of Enderby Lodge K. of P. No. 35 will commemorate the 44th Anniversary of the institution of the Order by attending Divine worship at S. George's Church on Sunday, Feb. 17. All members of the Order are asked to attend.

R. JOHNSON, C. of C

Civic Business.

A great deal of important business came up for discussion at this week's meeting of the city fathers, and the session did not end till ten minutes after midnight. Even then several items on the agenda had to be left over till next week.

After the reading of the minutes, the first business to be taken up was the question of the adoption of lot numbering. It was pointed out by Ald. Worthington that all that was necessary in this direction was the numbering of the lots according to the streets on which they face, on an office map. This view was assented to by the rest of the council, and the Clerk was instructed to procure an office copy of the city map, on which to distinguish the various properties.

The council then proceeded to the consideration of the very important question of the public health. The council were one and all very much alive to the danger which had been pointed out by the Sanitary Inspector at the last meeting, and considered it to be of the greatest importance to make arrangements for the efficient scavengering of the town. It was realized that opposition would be met with from unthinking persons, who would be likely to object to the expense, small though it would be, of adopting a uniform system for the removing of "night soil", etc.; but it was felt that a heavy responsibility rests on the council in regard to this matter, and they must allow nothing to deter them from making every effort to insure the safety of the people from the perils which are involved in the accumulation of filth of every description. As a first step in this direction, the council decided to call tenders for the position of scavenger and the Clerk was instructed to post up three notices.

The next subject to claim attention was the letter from the W. C. T. U., held over from last week. After considerable discussion, Ald. Evans gave notice that at the next meeting he would introduce a by-law dealing with that matter.

The Finance Committee's report, containing January salaries and several sundry accounts, was adopted.

Obituary.

It is our sorrowful duty to again record the visit of the Angel of Death to an Enderby home, whereby Edna Wheeler, the only daughter of Mr. and Mrs. E. C. Wheeler was taken away from the loving arms of her fond parents at the age of sixteen years.

Her death, which was due to consumption, took place on Tuesday morning, and was not altogether unexpected, for she had been ailing all the winter; and her parents, whose home is at Austin, Man., had taken up their residence in Enderby early in the winter in the hope that our climate would stay the progress of the dread malady.

Her sorrowing parents took the last mortal remains of their daughter to their home at Austin for burial, leaving on Wednesday's delayed train for the east

From a large circle of friends heartfelt sympathy is extended to the bereaved parents and relatives.

Hockey Club Carnival.

Don't forget the Carnival to be held next Wednesday, February 13th, under the auspices of the Enderby Hockey Club. Substantial prizes are offered, a detailed list of which has been published by small posters.

The monthly meeting of the Presbyterian Ladies' Aid will be held on Wednesday next at 2 p.m. at the home of Mrs. A. E. Taylor Tea will be served from 3.30 to 5.

The Elections.

February 2nd has come and gone, and the Conservative government of the Hon. Richard McBride has been sustained by an increased majority. Whatever may have been its past shortcomings, the majority of British Columbians are, by the result, evidently satisfied with its general record and willing to give it further trial, and it is up to the minority to be patient and accept the popular verdict with good grace. One feature of the returns is very satisfactory of note, and that is, the Conservatives have now a good working majority; and when we say that from this fact, the whole province is looking for the enactment of new measures of good intent and working, we are but voicing the sentiments of every elector.

The outstanding feature of the elections is the return of nine Conservatives at the coast—five in Vancouver and four in Victoria. In the latter place this is a gain of four seats for the Conservatives. W. W. B. McInnes, late Governor of the Yukon, whose entry into B. C. politics was received with such mixed feelings, polled the lowest vote of the five Liberals who contested Vancouver.

Voting day in Enderby turned out bright and cold. Despite the cold however, a large number of electors were early astir, and by noon more than half had polled their votes. Friends of both candidates were busy all day, and the scene outside the Orange Hall was a busy one from early morn till after midnight.

A large number of electors gathered at 7 o'clock to witness the counting of ballots and to hear the report which Returning Officer F. H. Barnes had to make. When all votes were counted it was seen that Mr. Price Ellison had been given his first majority in Enderby—and that a substantial one of thirty—and one which created great enthusiasm among his workers and supporters generally.

Later in the evening a big crowd gathered in the Orange Hall to hear the returns from other parts of the Province. The dispatches were read as they were received from the local telegraph office, a synopsis of them being posted up around the room.

As the great Conservative victory became apparent, enthusiasm among the local supporters became great, and when the last dispatch had been read, three hearty cheers were given for the Hon. Richard McBride

Up to the time of going to press the following results are all that we can obtain:

Conservatives, 27—Victoria, 4, Hon. R. McBride, Thompson, Behnsen, Davey; Vancouver, 5, Bowser, Garden, Macgowan, Tatlow, Dr. McGuire; New Westminster, Thos. Gifford; Atlin, Dr. Young; Columbia, H. Parsons; Comox, R. Grant; Cowichan, Haywood; Dewdney, Hon. R. McBride; Fernie, W. R. Ross; Kamloops, Hon. F. J. Fulton; Kaslo, Neil McKay; Revelstoke, T. Taylor; Saanich, D. M. Eberts; Similkameen, L. W. Shatford; Ymir, Schofield; Okanagan, Price Ellison; Richmond, Carter-Cotton; Chilliwack, Cawley; Islands, McPhillips.

Liberals, 12—Rossland, J. A. Macdonald; Alberni, Brewster; Cariboo, (2) Jones and Yorston; Cranbrook, Dr. King; Delta, John Oliver; Esquimalt, John Jardine; Greenwood, Naden; Yale, Henderson; Nelson, Dr. Hall; Lillooet, Eagleson; Skeena, Kergan.

Socialists, 3—Nanaimo, Hawthornthwaite; Newcastle, Williams; Grand Forks, McInnes.

The following are the details of the votes cast by Okanaganites:

Notes and Comments

It is said that had the fire which started in the Armstrong Advertiser office got beyond control, the citizens of that place would have been usable to fight it, for the hydrants were frozen. This leads us to wonder the condition in which our own are in, and whether any provision has been made so that the hose now owned by the city, could be used on the new hydrants, pending arrival of the new equipment?

As mentioned in the report of last week's Council meeting, the question of ways and means for the improvement of the sanitary condition of the town was to be grappled with. We are glad to note that this question is receiving such early attention at the hands of the new council, for we have always held this to be the most serious problem which is before us. We feel that the Council can be relied upon to do in this matter that which is best for the community, and we bespeak for them the hearty co-operation of all our citizens.

It is with extreme regret and at the same time no little amusement that we notice our most estimable confreres of the press at Kelowna and Penticton indulging in a very undignified bout of wordy fisticuffs over a few degrees difference in the temperature of the respective places. The cause of the trouble was an article that appeared a week or two ago in the Penticton Press, drawing comparisons between the degree of cold at Penticton and other places north. The Press asserted that on a certain date when all the northern towns were having zero weather, the thermometer at Penticton never went down to zero. This was followed the next week by the Kelowna Courier, who, taking it as a direct slight on Kelowna, insinuated—to put it mildly—that the thermometers were 'under the weather' at Penticton. And so the exchange of courtesies goes merrily on, proving, at this dull season of the year, a little amusing—to residents of the Valley. No thought, however, is taken of the effect that this petty squabble over the weather will have on intending settlers from Manitoba and elsewhere. To them the Okanagan is known as one place as regards climate, and anything of an injurious nature said of one district will work harm to the whole Valley. It is admitted by everyone that the severe weather we have been experiencing for the past month is very exceptional for the Okanagan, and probably will not occur again for ten years. Admitting we are having zero weather here, it compares favorably with the forty and fifty degrees below zero of the Prairies for the last few weeks. At Enderby, with the thermometer at zero, a bright sun and not a breath of wind, outdoor life is a pleasure. We welcome the snow, for does it not make logging operations easy and provide unexcelled transportation facilities for the farmer and the tradesman.

We are perfectly aware that in thus commenting on the undesirable nature of the controversy we shall be accused of meddling; but inasmuch as we have the welfare of the Valley at heart, we claim we are within our rights in endeavoring to allay that feeling of sectionalism displayed by our contemporaries. We distinctly remember the Editor of the Penticton Press, in almost his first issue, printing an eloquent editorial on the need of co-operation among the various towns of the Valley. We fail to see how these laudable sentiments will be furthered by drawing pointed comparisons between the temperature at Penticton and other places. The editor of the Kelowna Courier has also displayed much zeal for the honour of the Okanagan, notably in his fight against certain Nelson real estate agents, who made absurd claims for the quality of the fruit grown at Nelson; but we think in this instance that his well-known liking for a scrap has led him to disregard the best interests of the Okanagan.

We ask him, is his sarcastic reference in the local column of the Courier, to Penticton as "Tropical Penticton," calculated to "promote that feeling of unity that so many preach but few practice"?

PROMPT AND CAREFUL ATTENTION GIVEN TO BUSINESS ENTRUSTED TO ME

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section 160 acres or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

Mrs. J. W. McCallum and Mrs. Edson left on Saturday last for Spokane, where they will spend some weeks.

Mr. Geo. Green, of Virden, Man., was a visitor in town on Monday.

Mr. Brown, of Dauphin, Man., spent several days in town last week.

At the Liberal Association meeting held on Wednesday evening last, the Association placed itself on record to the effect that everything that could possibly be done in the interest of the settlers on the timber limits with regard to opening up of the limits for homestead purposes would be done. A meeting was held on Thursday night for the purpose of hearing further discussion on the timber limit question. There was a large crowd present, and many and varied views of the subject were expressed. It was decided to go ahead and draft out a petition to be forwarded to Hon. Frank Oliver, Minister of the Interior, at Ottawa, placing the case before him, so that immediate steps would be taken to have the limits thrown open for settlement. The Reeve and Councillors are to be requested to place their names first on the list, and a thorough canvas of the settlement will be made so that everyone will have a chance to sign the petition. Captain Leonard and F. Wilcox were nominated as a committee to draft out the petition.

Mrs. and Miss Halfyard left for Victoria on Monday. They intend spending some time visiting the Coast cities.

The Silver Creek Debating Society has spent some very profitable and enjoyable evenings this winter. The different debaters have given considerable time and attention to the different and varied subjects with the result that the debates have proved intensely interesting. The subject of the next debate will be "Resolved that riches are more productive of crime than poverty.

The Elections.

There is one poll to hear from, Nahun, and it is expected that it will increase the majority.

Thus, the Okanagan returned Mr. Ellison with a handsome majority, it being the largest given any candidate outside of the coast cities.

Lumby last election gave Mr. Ellison twenty-eight majority; and Vernon 109. While Enderby, at the last elections, gave Mr. Stirling, the Liberal candidate, a majority of twenty, Armstrong at the same time giving Mr Ellison two of a majority.

Simple Thoughts as they Fall from the Editorial Pen. Pleasant Evening Reveries of Interesting Reading.

THE cold weather of the week hat is past has set us all to thinking of the poor. We wonder to how many of us the weary, dreary phase of hopeless poverty is anything more than a romance. Sitting in our warm and comfortable homes, by pleasant fires with luxurious beds waiting to receive our well fed bodies, we can have no more comprehension of what grinding poverty means than an angel in the full glory of paradise can know of the deepest depths of hades. Think of it! No fuel. Absolutely none. No bed, but piled up rags; little children wailing with cold and hunger; closets bare as old Mother Hubbard's. In their depth of poverty, to which even our imaginations can scarcely decend, lies a lurking curse like the wild beast in its lair. The sordidness of poverty eats out the soul of a man as a tiger drinks blood. Brutality, apathy, the cruelty of fiends, are begot when pride and ambition die utterly. Would that our charities could strike deeper, seek to humanize as well as feed, encourage and reanimate as well as clothe. We are all of us apt to gather our skirts about us, hold our noses and avert our eyes while we hand out our garments and our bread. Blessed be the soul that is inspired enough to go down into the shadows and lend a helping hand. To be very poor, and yet carry a clear life and keep alive ambition and hope is like seeking to set a white rose growing in the bosom of a coal pit.

* * *

If young boys and girls could only understand how happy it makes their parents when they are doing well and conducting themselves like ladies and gentlemen, it seems to us they would make a greater effort than they do to avoid evil deeds and acts. A greater part of the pleasures in this life, to parents is found in the success and welfare of their children going out of their home. And much of the misery is caused by waywardness and misdeeds of sons and daughters.

* * *

THE fool destroys his own health by drinking to the health of others.

S. H. LAWRENCE announces that as soon as all arrangements are completed, he will open up in Salmon Arm, a Stock of

Fancy Goods, Stationery, Confectionery, Cigars, etc.

A Billiard and Pool room and Barber Shop will also be run in connection with the above.

Watch for our Opening Announcement.

Croup can be positively stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by Enderby Drug & Stationery Co.

AND PLEASE NOTE—That if you are already a subscriber to THE PROGRESS and wish to take the Family Herald (or renew for it), that we can give you good terms. They will be sent on receipt of a postal asking for same.

The New Year

Is here, and with it the Provincial and Municipal elections; but property transfers are going on just the same, and I look for a good year in

—1907—

I have many buyers—both local and otherwise—and can sell property in any part of the Okanagan and Spallumcheen Valleys at right prices and terms.

If you have anything to offer—business, residential or farm lands—please list it with me, and I will endeavor to make any business entrusted to me satisfactory to you.

Write me for further particulrs at Armstrong.

H. P. LEE, The only Land Agent who covers the Okanagan Valley.

Builders' Hardware, Mechanic's Tools

Agents for De LAVAL Cream Separators.

TOWN & DISTRICT . NOTES .

Workmen are busy connecting the King Edward Hotel with the city waterworks. The pipe supplying this hotel with water from the flour mill has frozen up, which has thus hastened their connection with the city system.

Among the distinguished visitors to Enderby this week may be mentioned the Hon. Jack Frost, the chaste and beautiful Miss A. Snow, and Mr. and Mrs. Coldasthunder, who were accompanied by Mr. and Mrs. B. Low Zero and I. C. Winds.

The remains of the late Mrs. Dix were laid in their last resting place on Saturday morning last, the funeral being conducted by the Rev. A. N. Miller. Great sympathy is felt for the bereaved husband and two little children, and we understand that substantial practical sympathy has been shown them by the citizens of the town.

For the first time within the ken of white people, Mabel Lake is frozen over, and loads of supplies are being hauled across its surface to the logging camps in the vicinity. While this is the first recorded freezing up of this lake, there is no doubt that it has occurred before, at a time previous to it being visited by white men.

A new curling tournament has been commenced, and now that elections are over, we have ceased to speculate why "Billy" McInnes "jumped his job" in the Yukon, or why "Bob" Green left the Lands and Works, or "who will be who" in the next Legislature. Let's 'soop' her up while there's ice, for summer will soon be here, and ice at a premium.

As a result of the publication of Mr Rossman's paper, "Municipal Accounting," in the Canadian Municipal Journal, he has already received enquiries from civic officials in other towns, requesting further information. And so the good seed is sown. Good is not always accomplished in a direct manner, but we often fail to see the good, unless coming to us in the manner that a bullet leaves the barrel of a gun.

Miss Manton left for the coast on Tuesday, to join her mother, who is now at Victoria.

J. Symington passed through on Tuesday for Prince Rupert, to size up conditions there.

F. H. Hale left for Fernie on Saturday. We understand that Mr. Hale will not remove his family from Enderby.

Rev. D. Campbell was in town on Monday, visiting members of his congregation.

In a recent number of the Vernon News we clip the following:

F. A. Meyer furnishes us customs returns for 1906, showing that the value of goods that passed through his hands was $96,898, as compared with $65,979 in 1905, an increase of nearly a half.

For the fourth time this winter has Armstrong had a narrow escape from a serious conflagration. The last one occurred on Saturday, in the composing room of the Advertiser, when by some unknown reason, some waste paper became ignited. The blaze was noticed by Dr. Vankleek who raised the alarm, and with the help of a few pails of water, it was easily subdued before any appreciable damage had been done.

The Chinaman who was arrested here a short while ago by Provincial Constable Gardom, and remanded by the Mayor, pending further inquiries was released on Monday, no further evidence coming to hand to warrant the Celestial's further detention in the city lock-up. Newspaper reports from the scene of the crime state that small hope is entertained of running the guilty party or parties to earth, and will express the opinion that it will go down into history with the numberless other unknown crimes.

To stop a Cold with "Preventics" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" Preventics will head off all colds and Grippe, and perhaps save you from Pneumonia or Bronchitis. Preventics are little toothsome candy cold cure tablets selling in 5 cent and 25 cent boxes. If you are chilly, if you begin to sneeze, try Preventics. They will surely check the cold, and please you. Sold by Enderby Drug & Stationery Co.

Word reached town on Wednesday that Arrow Lake was frozen over, and that passengers from Kootenay points had to travel via Calgary.

Guy Williams left on Wednesday's delayed train for Edmonton, Alberta, where he will visit his parents for a couple of months.

It is reported that a colt was run over and killed on Tuesday evening near Fortune's crossing. It belonged to an Indian.

Wednesday of this week was Ash Wednesday, and marked the commencement of the solemn season of Lent.

It was our intention to have given this week a full report of the annual meeting of the Agricultural Society; but owing to the disorganized railway service and the bad roads, the promised information from the secretary did not come to hand until too late for insertion this week.

The funeral of the late Mrs. Patten took place on Saturday afternoon last, at Armstrong the services being conducted by Rev. A. N. Miller. There were a large number present at the services in the church, while some twenty-five rigs followed the cortege to the cemetery. Several were present at the funeral from Enderby.

R. P. Bradley met with an unfortunate accident on Friday last whereby he lost the third finger on his left hand. He was engaged in unloading ice when one block tumbled on to the one he was engaged in moving, catching his finger and squashing it so badly that it was necessary to amputate it.

We are asked to state that there is absolutely no truth in the report circulated around town that Roy Hutchinson had been seen partaking of something at the bar of the Enderby Hotel. It is to be extremely regretted that such malicious-minded persons are around us, to start a lie like this, well-knowing as they do, the incalculable harm and unhappiness that a report of this nature will cause.

The members of the Methodist Ladies' Aid are busy preparing for an entertainment which they intend giving on Thursday next, February 14th (St. Valentine's Evening), and from the brief peep that we were allowed of the programme and the insight that we were given as to the form that it will take, would create that feeling of anticipation which the sages tell us is better than realization, in all our readers; but we think in this case, that the latter stage of all who take in the entertainment will be better than the feeling which prompted them to join the throng who will be present at the Presbyterian old church, at 7:30 next Thursday. The programme will be somewhat unique as Enderby programmes go, and will consist of instrumental and vocal music, to be followed by refreshments. The ladies of the Methodist church have a past reputation for providing dainty suppers, and it is safe to say that will be sustained. To gratify the sensation of anticipation which the foregoing few lines must create, will cost you just fifty cents each. Tickets on sale at Pyman's Jewelry Store.

Persistent Advertiser.

The constant drop of water
Wears away the hardest stone;
The constant gnaw of Towser
Masticates the hardest bone;
The constant coaing lover
Carries off the blushing maid;
And the constant advertiser
Is the one who gets the trade.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law, recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by Enderby Drug & Stationery Co.

This is The Time for

Warm Clothing

of All Kinds

We have some splendid lines in Underwear for Men, Women and Children.
