Sad Fatality Feared

News reached town late Thursday afternoon that William Stuart, a member of a survey party which left town Wednesday for Mabel Lake, was missing. The party, which was under the charge of Guy Williams, had been sent by Major Burnet to map out some limits around the lake, going in via the trail from here. The party camped on the bank of Kingfisher Creek the same evening, leaving for the lake early on Thursday morning. The missing man, who was cooking for the outfit, was the last to leave camp, that being the last place where he was seen. Some time later, when three other members of the party returned for some stuff that had been left behind, it was found that Stuart was missing, and a hasty search failed to reveal any traces of him. G. Williams immediately rode back to town and gave the alarm.

Provincial Constable Gardom, accompanied by a search party, left for the scene early this morning.

It is feared that the unfortunate man has fallen into the creek and drowned. On account of the bridge at this point having been washed out, it is necessary to cross the creek by a large cottonwood log; and it is surmised that Stuart, in crossing with a heavy pack, missed his footing, and fell into the swollen creek and was carried out into the main river which is only twenty yards from this bridge. The spot is about 28 miles from Enderby, four miles above Hupel's place, and about one mile from the lake.

Mr. Stuart is a nephew of Mrs. Gunn and partner in the firm of Cumming & Stuart and had only recently taken up his residence here.

Drowned in Shuswap River.

On Friday morning last a logger named Ronald Rathbon in the employ of the A. R. Rogers Lumber Co., was drowned in the Shuswap river, at a point about four miles below Cartwright's.

He was working on the drive, and in some way slipped off a log and was carried under a boom of logs. In order to recover the body it was necessary to break up the boom.

The drowned man came here about eight months ago from Olds, Alberta, where his parents reside, and was 21 years of age. His remains were brought to Enderby, and shipped later to Olds.

PRINGLE—WILSON

The marriage of Mr. W. G. Pringle and Miss Jennie Wilson was solemnized at 4 p.m. on Wednesday, June 12. The ceremony took place at the home of the bride's brother, Mr. C. Wilson, of Knob Hill, being performed by the Rev. A. N. Miller. There were present a number of friends and relatives of the contracting parties, and the hearty congratulations offered them as well as a large array of presents testified to their popularity. After the ceremony refreshments were served and a pleasant hour or two spent in conversation. The house was tastefully decorated with wild roses etc.

Both bride and groom are held in high esteem throughout the district, Mr. Pringle being a successful rancher and fruit grower.

City Council

At the regular weekly meeting of the City Council after reading of minutes and other routine business, the Mayor and aldermen present settled down to work off a full agenda paper.

P. Burnet presented report in regard to the defining of the City School District.

Ald. Worthington moved the third reading of the Building and Fire Protection By-law. In the discussion which followed Ald. Johnson took exception to the method of procedure to be followed in submitting plans and specifications of proposed buildings to the Board of Works. He thought making duplicates of plans to be retained by the Board likely to prove costly and delay construction. Ald. Worthington made light of drawing and tracing plans of any building likely to go up in town and mentioned that he had made a tracing of the plan of a 300 barrel flour mill in a few hours.

Ald. Johnson: Oh well, of course, you're smarter than anybody else.

The Clerk then read clause 3.

Ald. Johnson graciously allowed that there was nothing wrong with that clause except—

Ald. Evans moved an amendment, but it was mislaid and finally withdraw.

Ald. Kenny moved an amendment that clause 5 read south side of Russell st. instead of north, thus taking in the whole of Russell st. Carried.

Ald. Johnson strongly objected to clause 6, prohibiting the carrying on of certain businesses within the fire limits.

The Mayor thought the Council should not go too far, and on motion of Ald. Johnson it was struck out.

Ald Worthington "backslid" to clause 1. He thought that people had left Enderby on account of poor houses in the past and that the Council should exercise some control over construction of same in regard to their uninhabitableness.

The mayor thought the supreme court in the land could not dictate in such matters.

A side discussion was occupying the attention of Alds. Johnson and Worthington until called to order by the mayor, who thought that Enderby was not big enough and had not brains enough to set the pace for the rest of the Province. Ald. Johnson demurred and said it was up to Enderby to lead. The by-law finally passed 3rd reading.

The mayor then made a verbal report of the resigned fence-viewers and said that 2 out of the 3 (Bradley and Barnes) had absolutely refused to have anything more to do with the matter.

Ald Kenny: "Don't blame them either."

In the "catch as catch can" which followed various were the names suggested of those to be appointed as fence-viewers among them being Lawes, Greyell, Marwood, Gardom, Wheeler and a few more. The council thought they had a solution of the trouble by appointing the parties interested. Ald. Kenny, however, took a more serious view and feared that the inconsolables might bring the City into a lawsuit.

It acted like a douse of cold water and the council came back to earthly things once more. Ultimately, Gardom and Paul were appointed to the fences, and admonished by the Mayor not to go and do likewise, with Matthews also still in the ring.

On motion of Ald. Worthington an amendment was brought in to the Trade license by-law to the effect that persons working for themselves and not employing others be exempted from this by-law. Ald. Worthington explained that his reason for bringing up this amendment was because a number of contractors were advertising as such [not in the Progress.—Ed.] and were not paying the license. If one paid the tax, all should. Ald. Johnson remarked that no exceptions should be made and that doctors and lawyers should pay.

(Voice with a brogue from the gallery: "Make the lawyers pay for everybody.

After a desultory, 4-ways-at-once discussion the mayor impatiently and ferociously exclaimed "Tell us who is subject to this thing and we'll have them in the police court." Vigorously commences a list.

Somebody suggested that $10 a day was made out of contractings in Enderby, and that a man supposedly working for day wages made $10 a day, and should therefore pay the license.

Ald. Johnson to the Mayor: "I don't unf

Visit of Dr. Fagan

Dr. Fagan, Medical Health Officer, and head of the Provincial Board of Health, came in on Tuesday and spent a few hours in the city.

This visit of the Health Officer was in response to the request of the City Council which was made to Dr. Fagan some two weeks ago, to come and advise them regarding the sanitary condition of the town.

After spending some considerable time looking over the city, Dr. Fagan requested that the city council be called together in the office, and as many citizens as possible. All members of the council, with the exception of Alderman English, were present, as well as those vitally concerned.

After a few words by Mayor Bell, Dr. Fagan told his hearers some blunt truths, the meaning of which was altogether too plain to admit of any quibbling. The substance of his remarks are that Enderby must at once put her house in order, or face the consequences that will surely come.

In the course of his remarks Dr. Fagan said that the public interests demanded that the present sanitary system of the King Edward Hotel should be done away with, and the dry system substituted.

Dr. Fagan also said that it was the duty of the local authorities to see that all premises in the town were in a reasonably clean and sanitary condition. This could only be accomplished satisfactorily by the engaging of a city scavenger, levying a special rate for the payment of same.

With regard to the slaughter house, Dr. Fagan said that it did not begin to comply with the regulations of the Provincial Board of Health, and recommended its removal to some distance beyond the city limits.

After the objects of his visit had been finally disposed of, Dr. Fagan asked permission to say a few words regarding the Anti-Tuberculosis movement. Three sanitaria are now to be established. One will be for insipient cases, one for advanced cases (but still probably curable), and the third for the hopeless ones. All municipalit es are now being asked to make an annual grant of $30 per thousand of population to help in carrying on the work.

The efficacy of the methods of treatment that are now adopted to combat Consumption is absolutely proved. In England, where they have been working along those lines for ten years, the death rate from this scourge has been reduced by fifty per cent.; while in Germany 62 1-2 per is the record attained. On the other hand, in Ireland, where no effort has been made to deal with the scourge, the death rate from this cause had increased by 15 per cent.

If everybody in the country would their best, the disease could be st ed out in ten years. Even with interest now aroused it sh stamped out in between fif twenty years. Not a case o tion arose but what had c previous case. Their able to take a person, disease develops, to taria, and the char for saving him.

Notes and Comments

It is to be hoped that when the Government roadwork is commenced in this district, the Enderby-Mabel lake road will be made its full width at least as far as Mr. Aldin's place. Quite a large amount of the necessary clearing and brushing has already been done by the city waterworks contractors when laying the main pipe along this road, only leaving in some places in the centre a narrow strip of bush or piled decayed stumps and rubbish.

To leave these two miles as they are will be continuing an additional hardship now being already put upon those who use it; while to repair the old trail would be throwing good money after bad.

The only course now is to make a good job of this portion of the road, making it the full width.

The Revelstoke Mail-Herald in drawing attention to the probable severity this summer of the mosquito pest, suggests that the city council adopt measures for eliminating this decidedly unpleasant and harmful nuisance.

We have already had a taste of them in Enderby, and the prospect is, with the amount of water around, that their numbers will increase very rapidly.

While perhaps one would be asking too much of our city council to adopt measures for abating the pest, yet, if each householder were to see that there were no breeding places around him, a step towards lessening their numbers would be made.

Why it is that a community will sit still and suffer and grumble when relief can be so readily obtained through the adoption of simple remedies.

Mosquitos have been successfully exterminated; and an example can be taken by the effective measures adopted, says the Mail-Herald, last year in Sicamous, and to get nearer home, at the steamboat landing up the Columbia canyon. In these cases coal oil was used, not in particularly large quantities, but sprayed judiciously in all pools, marshes, swamps and wherever stagnant water was standing.

There is one particular place that is responsible for Enderby being so pestered with them, and that is just over the bridge. The flooding of this land by the river in the spring could be easily prevented, except at extremely high water, if the break along the bank at this point were filled in. In any case this is something that should be done.

At all events, something should be done towards the extermination of the mosquto; and failing any other means, let the Mayor proclaim a public holiday, and make the undertaking of spraying coal-oil upon the stagnant water in and around town one of citizenship obligation.

Co-operation is all that is needed.

The editor of this paper has a warm place in his heart for the friends who bring or send him news items. It is the desire of this paper to give all the news all the time, and those who lend us their assistance to that end have our unbounded gratitude.

Confirmation

A Confirmation service was held by the Right Reverend John Dart, M. A., D.C.L., L.L.D., Lord Bishop of New Westminster and Kootenay, at S. George's Church, on Monday evening.

The preliminary portion of the service, which was fully choral, was conducted by the Vicar, Rev. F. Vernon Venables, the Lessons being read by the Licensed Lay Reader, Mr. Graham Rosoman. The candidates were: Miss Susannah A. Fenton, Miss Mary E. Folkard, Miss Gladys M. Greyell, Miss Lydia R. D. Lickfold, and Miss Sadie A. Wilson.

His Lordship, seated in the Chancel, gave an impressive address, afterwards retiring to the Sanctuary, to the rail of which came the white-veiled candidates; and here, as they knelt before him, the Bishop performed the beautiful, ancient and Apostolic ceremony of the laying on of hands.

The altar, with its rich frontal of white and gold, superfrontal of red and gold, its flowers and many lights, was an object of inspiring beauty; and the music was rendered by choir and organist with spirit and precision. The church was crowded to its fullest capacity by an attentive and deeply-interested congregation.

REVISED STATUTES OF CANADA 1906, CHAPTER 115.

NOTICE is hereby given that one month after date application will be made to the Governor-in-Council for approval of the plan of the proposed improvements to be constructed by THE SOVERRIGN LUMBER COMPANY, LIMITED at the mouth of the Spallumcheen River and at the mouth of Sicamous Narrows for the purpose of catching logs.

A plan of the works and a description of the site have been deposited with the Minister of Public Works and a duplicate of each has been deposited in the Land Registry Office at Kamloops.

Don't be whining about having a fair chance. Throw a sensible man out of the window, and he'll fall on his feet and ask the nearest way to his work. The more you have to begin with the less you will have in the end. Money you earn yourself is much brighter than any you get out of dead men's bags. A scant breakfast in the morning of life whets the appetite for a feast later in the day. He who has tasted a sour apple will have the more relish for a sweet one. Your present want will make a future prosperity all the sweeter. Eighteen pence has set up many a pedler in business, and he has kept his carriage. As for the place you are cast in, don't find fault wtth that; you need not be a horse because you were born in a stable.

If a bull tossed a man of mettle sky high, he would drop down into a good place. A hard working man with his wits about him will make money while others will do nothing but lose it.

As to the little troubles, who expects to find cherries without stones or roses without thornes? Who would win must learn to bear. Idleness lies in a bed sick of the muligrubs, while industry finds health wealth. The dog in the kennel barks at fleas, and the hunting dog does not even know that they are there. Laziness waits till the river is dry, and never gets to market. "Try" swims it, and makes all the trades. "Can't do it" would not eat the bread cut for him, but "Try" made meat out of mush-rooms.

MOTHER'S GRATITUDE TO ZAM-BUK.

It Cured Her Boy of Painful Sores.

Nothing is more unpleasant to the eye and more painful to the sufferer than boils and ulcers. At this period of the year many adults suffer acutely from these painful outbreaks. When boils, ulcers, etc., occur on children it is pitiful to see the little ones suffer.

Mrs. E. Holmes, of 30 Guise St., Hamilton, is grateful for what Zam-Buk did for her little boy when in this pitiful plight. She says:—"I wish to express my gratitude for the benefit my child received from your famous Zam-Buk balm. He suffered from spring eruptions and then boils broke out on his neck. I tried blood purifying remedies, salves and ointments of all kinds but nothing seemed to do him the desired good. The boils got worse and became so loathsome and unsightly that I could not send him to school, as some of the boils and ulcers could not conveniently be covered. About this time a sample box of Zam-Buk was given to him and we tried it. The small sample did him a little good, so I bought a 50 cent box. The result was really amazing. Inside a week's time the boils had begun to dry up, and in a very short time indeed every one of them was healed."

Zam-Buk is a sure cure also for eczema, scalp sores, ringworm, poisoned wounds, chronic ulcers, chapped hands, cuts, cold sores, cracks, festering sores, eruptions, and pustules due to blood poison, etc. It stops bleeding and cures piles, fistula, etc. Is antiseptic; an excellent "first aid". Every home and farmstead should have its box of Zam-Buk. All druggists and stores at 50 cents a box, or from Zam-Buk Co., Toronto, for price, 6 boxes for $2.50. Send 1c stamp for trial box.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will strengthen the distorted brains of chronic cripples, nor turn back growths back to flesh again. But to intending [illegible] I can now safely tell the pains and pangs of blood-poisonable disease.

In recovery—with a Chemist in the City of Jerusalem—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable preparation. It [illegible] that last ingredient, I surreptitiously treated many, many cases of Rheumatism; but now, at last, I can honestly cure all suitable cases of this last refuge [illegible] disease. These [illegible] [illegible] found in Rheumatic Blood were [illegible] and you away under the action of this remedy as freely as does sugar when added to your water. And that, when dissolved, these poisons would freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

Let me mail you free, to prove merit samples of my Dr. Shoop's Restoration and my book on either Dyspepsia, the Heart, or the Kidneys. Address me Dr. Shoop, Racine, Wis. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by Enderby Drug and Stationery Co.

H. Naylor, of Deep Creek, was a pleasant caller at this office on Saturday. Mr. Naylor, who came into this district in 1889, begins to feel to be one of the old-timers of the country, and has many reminiscences of those early settlement days. Mr. Naylor says that this season, so far, has been as good a one as it could possibly be, and that he does not remember a better, though previous late seasons have always been forerunners of a good harvest. 1907 holds forth every promise of being the same, for agricultural products, generally, were certainly looking fine.

The man with the paint and brush has been abroad lately in town. Several business houses and private residences bear testimony to the fact, and their appearance greatly improved thereby.

Mrs. Geo Hartley, of Winnipeg, came in on Saturday, to make a short visit to relatives here.

Armstrong, Vernon and Penticton are making arrangements to celebrate Dominion Day, July 1.

We understand that the band instruments have been shipped, and are expected to arrive any day. We shall soon be enjoying evening open-air band concerts.

Mr. and Mrs. R. Borthwick came in on Wednesday to make a short visit to R. Waddell at Hazelmere Ranch. Mr. and Mrs. Borthwick are cousins of R. Waddell, and are on their way from Yokohama to Scotland, where they will visit friends there.

D. Nairn has been appointed district manager for the Sovereign Life Assurance Co. of Canada, his field of operation being from Laggan to Sicamous, the Okanagan Valley, and Robson to the south.—Revelstoke Mail-Herald.

The trial of the Western Federation officials, Moyer, Pettibone and Haywood, for the alleged murder of Governor Stunenburg of Idaho, is now under way at Boise City.

Alexander Henderson, who for several years was county court judge for Vancouver, has just been offered and has accepted the commissionership of the Yukon.

At 12:26 last Thursday morning San Francisco and cities about the bay were shaken by a severe earthquake. The shock was the severest since the disastrous trembler of April 19th last year. The damage was limited to the breaking of shelves and the destruction of a few tottering walls in the burned district.
