LOCAL NOTES.

Sir Wilfrid Laurier's brother, Mr. Henri Laurier, died on September 4th.

The Corinthians of England, beat the Cincinatti team at football on Tuesday, 19-0.

The Indian rising near Hazleton, is reported as not of any serious moment.

With regard to the revolution in Cuba, it is laconically reported that neither side can whip the other.

We are glad to see in its issue of Sunday, September 2nd, that the Victoria Colonist is able to give an absolute denial to the report that that journal had been purchased by Chinese interests.

Mr. MacKay, of Salmon Arm, was in Enderby on Thursday, staying in town to attend the regular meeting of A. F. & A. M., No. 13.

The long dry spell of hot weather has at last been broken. For several days clouds have been getting heavier and heavier, ending at last in a gentle rain.

Walter Wellman's airship voyage to the North Pole will not take place this year. This is owing to a defect in the airship. The trip however, when improvements in the vessel have been completed, will be made next spring.

The state of unhappy Russia is going steadily from bad to worse. Assassination and murders are everyday occurrences, and terror still maintains its sway in St. Petersburg.

A. E. Huntley, of Larkin, has made an assignment for the benefit of his creditors. F. T. Jackson is the assignee. It is expected that all obligations will be paid at or near par.

The good people of the Glenemma and Falkland districts are just now experiencing a little ripple of railway excitement, says the Advance. This is all caused by the recent purchase there of several quarter sections of land, which rumor says, have passed into the hands of the railway company. The theory is borne out by the fact that the lands purchased lie on the line of preliminary survey made a couple of years ago. Salmon river valley is a most fertile and promising section of the Okanagan and the advent of a railway would bring about a rapid development in that district.

An effort is being made by the C. P. R. to make the Canadian route to Japan the quickest, and so obtain the contract for carrying the Oriental mails. A trial effort is now being made. The Empress of Ireland, the new C. P. R. liner, carrying these mails, accomplished the Atlantic passage in five days and tweny-two hours. Arriving at Quebec, the mails were transferred to a special train, which was called the Overseas Mail, which carried them across the continent to Vancouver in ninty-three hours. From the train they were put aboard the Empress of China, which is now plowing her way across the Pacific in an effort to break the record between Vancouver and Hong Kong.

LEST YOU HAVE FORGOTTEN THAT THIS IS A BIG DEPARTMENT OF OUR BUSINESS

we would remind you!

LET US QUOTE YOU

Labor Day at Revelstoke.

The goodly number of our citizens who took in the Revelstoke Labor Day celebration returned on Wednesday morning's train well satisfied with the pleasant time they had spent. Okanaganites generally, not only had a good time at the railway town, but were successful in the sports. Enderby beat Revelstoke at football by a score of 1-0, and as a result, each member of the team has a medal to show for it. Armstrong beat the home team at baseball by a score of 17-8; while Geo. Smith, also of that place, obtained first prize in both the 100 yards and quarter mile foot races. Another Armstrongite winning the high jump. Revelstoke beat Calgary at lacrosse by 9-2. The members of the two valley teams and the Vernon Band speak in the greatest terms of enthusiasm of the generous treatment shown to them by Revelstokelans.

F. V. Moffet returned on Tuesday from a trip to Alberta and other prairie points. Mr. Moffet says that there is a great crop this year over the mountains and that business as a result is good in all lines there.

R. Blackburn returned on Friday from the Vernon Hospital. We are pleased to learn that his injured foot is now on the mend.

News came in by this morning's train that some very heavy rainfall had been experienced at the coast.

Vancouver is threatened with a water famine by reason of the heavy floods putting a great strain on the waterworks dam across the Capilano river.

The west-bound train, due at Sicamous at 5.15 a.m. this morning, did not arrive till very late, making this morning's local nearly three hours late. The delay was due to No. 97 jumping the track while going through the Illecillewaet canyon. Further particulars in regard to the accident are at the moment unobtainable.

Next week we will publish the statement of our civic finance as presented to the council by the Clerk

Brewery for Enderby.

Our neighbor to the north, Enderby, is soon to boast a brewery among its business industries. A. Youngmayr, of New Westminster, has secured property there for that purpose and the PROGRESS says will begin the erection of a brick building at once. We presume, like Milwaukee, Enderby will now be made famous. At any rate beer will add one more commodity to the products of the Spallumcheen for which the money need not be sent outside.—Advance.

May Have Been—Not Now.

Some of our well known citizens can now no longer say:

Maybe I might do something better,
Mayoe I lie in every letter;
Maybe I have that rowdy air,
Maybe at pretty girls I stare;
Maybe I keep unearthly hours,
Maybe I fail to tend the flowers;
Maybe I miss her not o'er much,
Maybe I miss her daily "touch";
Maybe I like the silent house,
Maybe I get a quiet "souse";
Maybe I let the clock run down;
Maybe I meet the gang in town;
Maybe I do not shave myself;
Maybe I miss the kitchen shelf;
Maybe I shift the furniture,
Maybe I flirt—but I'm not sure;
Maybe I thus and thus do err
Since I'm a summer widower.

Death of Mrs. A. E. Roberts.

Mrs. Roberts, wife of the Rev. A. E. Roberts, secretary of the British Columbia Methodist Conference, passed away at her home in Victoria Wednesday afternoon, and the funeral will take place on Saturday. Mrs. Roberts was well known in Enderby, Mr. Roberts having been pastor of the Methodist church here two years ago.

CIVIC BUSINESS.

Friday's meeting of the city council was one of importance. At that meeting the contract between the Canadian Pipe Company and the city of Enderby for the construction of a gravity system of waterworks in Enderby was finally passed, and duly signed by the Mayor and clerk and witnessed. The rate on the dollar for general purposes was also struck, and notice of motion to bring in a tax by-law given. Another item of importance was the selection of Alderman Bradley to be acting Mayor during the absence of Mayor Bell at Montreal.

After the reading of the minutes, the contract, to the amount of $18,350, between the city and the Canadian Pipe Company, for the installation of a waterworks system was considered. The Mayor reported on the result of his journey to Vancouver, whither he went to interview the Canadian Pipe Company. He was happy to state that his visit was entirely successful, and that he had secured a contract very favorable to the city. The chief points about it were that it calls for the work to be completed by December 31st, 1906, with a penalty of ten dollars a day attached for every day after that date that the system is not completed.

It also provides for the holding back by the city of $500 till June 1st, 1907, as a guarantee against any defects which may appear during that period, such expense of making repairs to come out of this said $500.

After some little discussion it was moved by Alderman Bradley and seconded by Alderman Barnes that the contract be signed. This was carried unanimously.

The next subject to claim attention was taxation for the current year. The Clerk presented a statement showing receipts and expenditures, and the school trustees also presented their estimates. During the discussion it was decided to lay a piece of sidewalk from the station platform along Mill street, to serve the King Edward Hotel, and also another piece between the livery stable and the corner of the Armstrong road, opposite the Bank of Montreal.

Ald Bradley gave notice that at the next meeting he would bring forward a by-law to levy a rate of ten mills on the dollar on all the taxable property in the city. As the assessed value of the land outside of the city limits included in the city school district has not been furnished by the provincial assessor, the school rate cannot be struck yet, but it is estimated that from two and one-half to three mills will be sufficient; so Enderby's first rate, under her own government, will be about thirteen mills on the dollar.

The clerk was instructed to write to the Provincial Secretary re the appointment of a police magistrate, and also to have printed the waterworks debentures.

W. J. Bryan was given a great reception at New York on the occasion of his return from a tour of the old world.

We are in receipt of the first number of the Slocan Mining Review, published by J. J. Atherton, late of the Lardeau Mining Review. The publisher deserves success for his pluck in starting a paper in a town in which one had only a short time previously ceased publication.

C. W. Little is now in charge of the road work in this district, and work is proceeding apace on the roads which are in need of repairs. A gang of men is now at work on the upper portion of the Mabel Lake road, putting a new road through along the survey made last year.

THE PROGRESS

W. & H. FRASER.

Advertising rates, $1 an inch per month; contract rates on application.

Local Notices following regular locals, 15c a line first insertion, 10c each subsequent.

No paper discontinued until all arrears are paid, unless at the option of the publisher.

Notes and Comments

As will be seen in another column, Earl Grey, Governor-General of Canada, will honor the Okanagan with a visit early next month. We think that on this auspicious occasion Enderby should make an effort to give the representative of His Majesty King Edward VII a royal welcome. It would be fitting, we think, for an address to be prepared and his excellency be asked to receive it. This is an opportunity for our city fathers, and we would like to see the suggestion taken up. We feel that we are but voicing the sentiments of many, that they would not like to see the Governor-General of our Dominion pass through Enderby without his visit being officially noticed. This can be most effectively and properly done by the city council. Let not Enderby be backward in showing her loyalty to the King through his representative, and not be behind in the manifestations which have greeted Earl Grey on his tour.

By the report of last Friday's special meeting it will be seen that the Council have struck a rate of ten mills on the dollar for general purposes. This is Enderby's first tax levy since the incorporation of the place as a city, and it cannot be said that it is a high one. No doubt some will, in comparison with the rate levied in years past by succeeding provincial governments, consider it to be excessive, because it is two or three mills higher. But when we stop and consider the amount of improvement which the present Council have been enabled to make,—chiefly in the condition of our streets and sidewalks—it must be admitted that higher taxation, when we ourselves have the spending of it, cannot but be beneficial, and if succeeding Councils have the same amount to spend on public improvements as the present one has had, it will take but a few years to give us as good highways and sidewalks as anyone could wish. Again, some will be inclined to say that not enough has been done, and would not have objected if the rate had been two or three mills higher, providing that the extra income had been spent judiciously. But we think that the policy of the Council with regard to financial matters will meet with general approval. They have essayed to keep the tax rate within the one per cent mark, and to do such improvements as could be afforded. The one reason for the high rates which are to be found in many small incorporated cities can be traced to the fact that early councils rushed into expenditure—and consequently debt—too fast, and whatever fault some of our citizens may have to find with the present Council, we do not think that they can blame them for being conservative in their expenditure of the public money, more especially, when, as it were, the success or non-success of city incorporation had been such a live question when they assumed office. All this, we hope, is happily past, and that with succeeding judicious councils, incorporation will be synonymous with success—where Enderby is concerned.

Synopsis of Game Laws.

We append a synopsis of the game laws, deeming that they will be of interest to many of our readers:

Birds living on noxious insects, and pheasants, quail partridge (English, grey or Hungarian), robin, gull, chaffinch, blackbird (English), thrush, linnet, skylark and swan are protected all the year round.

Beaver (until August 1st, 1911) Cow or calf of caribou, moose, elk or wapiti; deer (fawn), mountain sheep (ewe or lamb), protected the year round.

Ducks of all kinds, snipe, bittern, heron, plover and meadow larks, may be taken between September 1st and February 28th.

Grouse of all kinds, including prairie chicken and ptarmigan, from September 1st and December 31st.

Bulls, only, of moose, caribou, elk or wapiti, from September 1st to December 31st.

Deer, mountain goat, sheep (ram), from September 1st to December 15th.

Hare between September 1st and December 31st.

Land otter and marten from November 1st to March 31st

It is illegal to kill more than five caribou, five deer, two elk, two moose, five mountain goat, three mountain sheep, 250 ducks, 250 snipe.

The following game birds and animals only, may be sold:

Duck snipe heron and plover between September 1st and February 28th.

Moose, mountain sheep, mountain goat, caribou and hare between October 1st and December 31st.

Deer (buck only) between September 1st and November 15th.

It is illegal at any time to export game birds or animals in their raw state, or any portion or part of same, except bear, marten and land otter, and animals or birds killed under license granted to non-residents.

To kill or take game birds or animals of any kind imported for acclimatization purposes.

To hunt deer with dogs.

To kill deer for the hides alone.

To trap, net, snare or take by means of gins, baited lines, drugged bait or other contrivances, any of the birds mentioned in the act, or to attempt to do so.

To buy or sell heads of mountain sheep, elk or wapiti, moose, caribou, or the teeth of wapiti or elk.

To sell grouse of any kind, prairie chicken or ptarmigan.

To kill any game birds or animals between one hour after sunset and one hour before sunrise.

To use for taking wild ducks or geese, batteries, swivel guns, or sunken punts in non tidal waters.

To expose for sale, any deer, mountain sheep, goat, elk or wapiti; moose or caribou without the head on.

To expose for sale any game bird without its plumage on.

To keep game in cold storage at any time.

To trespass or permit dogs to enter on enclosed lands.

To export from the province any deer, dead or alive, the hide or any other portion thereof.

To kill, take, trap, or attempt to kill or take, beaver, or sell, barter, or have in possession untanned pelts of beaver, at any time during the period of six years from August 1st, 1905, to August 1st, 1911.

Non-residents must take out a license.

Big game $50.00; game birds $5.00 (for one week).

The general penalty for each offence is a fine not exceeding $100 or thirty days imprisonment, or both fine and imprisonment.

For shooting mountain sheep, wapiti or elk, moose or caribou out of season, or in excess of the number allowed, a fine of fifty dollars for each animal.

For shooting mountain goat out of season, or in excess of the number allowed, twenty dollars for each animal.

For shooting deer out of season, or in excess of the number allowed, a fine of twenty-five dollars for each animal.

Any constable, peace officer or game warden can arrest without a warrant any person found committing an offence against the Game Act, and has power to search persons, vessels and conveyances, and shops where game is usually exposed for sale, storehouses, warehouses, restaurants, hotels or eating-houses.

B. C. FALL FAIRS.

The dates of almost all of the annual fairs in British Columbia, all of which ar held at some time in the months of September or October, have been announced. The following is the list:

Kamloops—Sept. 26-27.
Kelowna—Sept. 12-13.
Mission—Sept. 17.
Nelson—Sept. 19-21.
Vernon—Sept 19-21.
Chilliwack—Sept. 20-21.
Central Park—Sept. 20-22.
Surrey Center—Sept. 25.
Langley—Sept. 26.
The Islands—Sept. 26.
Eburne—Sept. 26-27.
Victoria—Sept. 25-26.
New Westminster—Oct. 2-6
Armstrong—Oct. 10-12.

Another Bubble Burst.

Philadelphia, Aug. 29.—As a result of the speculations of President Hipple, the Real Estate trust closed its doors yesterday with liabilities amounting to seven millions. Hipple died last Friday and it is now believed that he committed suicide.

Princess to Blame.

The enquiry into the sinking of the steamer Chehalus by the C.P.R. steamer Princess Victoria, has resulted in the blame being attached to the captain of the latter vessel. The following is the text of the Commissioners' decision:

"The court has very carefully followed the evidence and the argument of council. We have come to the conclusion that the collision was caused solely by the want of care in navigating the Princess Victoria under the command of Captain Griffin; that he displayed ignorance of collision rules. We also find that every care was taken after the collision on the part of the officers of the Princess to rescue the survivors.

"The court wishes to add by way of recommendation, owing to the fact that during the sitting of the Commission it has transpired that on account of the increase of traffic in this port, it is of the opinion that the time has now come when special regulations should be put in force governing the passing of vessels in and out of the narrows at the entrance to the harbor of Vancouver; and it intends to recommend to the Honorable the Minister of Marine and Fisheries that a commission be appointed to frame regulations to guard against accidents which are bound to occur in the future, owing to the dangerous nature of the Narrows, and the great increase of shipping, especially as regards small craft, which at the present time have equal rights with large vessels.

"The court suspends the certificate of Captain Griffin for six months dating from the day of the accident, July 21st."

B. C. Riflemen Successful.

Riflemen from this province have done well at the annual shooting tournament which has just been concluded at Ottawa. On next year's Bisley team they have five places. Vancouver has two, Victoria two also, and New Westminster one. Manitoba has three places on the team, Ontario nine, Quebec two, the Maritime provinces one. The British Columbia team brings back seven cups this year, the biggest being the Walker, Lansdowne, Gald, Kirkpatrick and London Merchants. The Gordon Highlanders' trophy was captured by the 90th by a score of 727. The prize is forty-eight dollars. The Sixth regiment, Vancouver, got eighth place. The Fifth also won the silver cup in Peters' competition. For the Transvaal cup, Moscrop, Vancouver, tied with Huttan, of Quebec.

Suicide at Port Simpson.

Sitting on the edge of his bed in the Northern Hotel at Port Simpson, on Monday morning last, Donald B. Robertson, half-owner of the hostelry, calmly blew the top of his head off with a 45-90 rifle while dozens of people were within call. Mr. Robertson was a pioneer of Vancouver and Victoria, and had lived along the northern coast for the past fifteen years. No cause other than despondency can be assigned for Mr. Robertson's act. It was known that he had not been in the best of spirits lately, but his friends never thought for a moment that he would take his own life. It is certain that financial matters were not bothering the deceased, as his affairs were prospering.

Train Wrecked Near Winnipeg.

Peter Siddler was killed and seven others injured in a wreck which occurred Friday on the Winnipeg, Selkirk & Lake Winnipeg Railway. A construction train was derailed near the tower at Fort Garry, when a train which is operated by what is known as a dinky engine struck a cow. On the wrecked train were fifty workmen.

The Week may as well discontinue that silly habit—it has twice happened, so it is almost that—of inserting a picture of a sheep pasture on Vancouver island and entitling it "A sheep Ranch Near Kamloops."—Inland Sentinel.

Disaster on Lake Winnipeg.

News reached Winnipeg on Thursday afternoon of a shipwreck tragedy on Lake Winnipeg. The steamer Princess, on Sunday last, after a long fight with the elements, went to the bottom, and the captain, John Hawes, and five others, found watery graves. The steamer Princess left Poplar Point, which is situated about 200 miles up the lake, at 4.30 last Saturday afternoon. She was bound for Selkirk, and carried a cargo of fish. On Sunday the steamer was plying between George and Swampy Islands. After passing George Island the sea grew very rough, and shortly afterwards she sprang a leak. All hands worked hard to keep the water down, but the most strenuous efforts were futile. At about three o'clock in the morning, the firemen and engineers were compelled to abandon the firerooms. The water by this time was up about their necks, and they had only clung to their posts with the grim determination of men who werd fighting for their own lives and those of the crew and passengers. After the fireroom was abandoned, the water soon smothered the fires, and at about 1.30 the engines stopped and the steamer was left to the mercy of the waves. At this critical juncture the boats were prepared and the crew and passengers made ready to cast away from the steamer.

Suddenly, at about 4.15 o'clock, the steamer gave a great lurch, and towering waves struck her, breaking her almost in two, and the smoke-stack went down through the bottom of the hull. The first lurch was followed by another equally awe-inspiring, and the hull broke in two, thp deck house floating off on the heavy sea. It was at this juncture that Loftus Gudmanson and Charles Greyeyes met their death, going down with the machinery. Then followed a thrilling period, the crew and passengers endeavoring to reach the lifeboats. Mrs. Joseph Sinclair had two small children in her arms, and the mate, Alexander Joyce, at once went to her assistance. Mrs. Sinclair threw one of the children into the boat. The mate caught hold of the woman, and she flung the other child into the boat also.

Then followed a mad rush for the lifeboats. All who were not in the yawlboat, with the exception of the captain and the two stewardesses, attempted to get into the lifeboat. For some reason the captain would not go aft and the two ladies followed his example. Then another wave struck the deck, and the wave had spent itself when the lifeboat went off with ten people in her, who saw that the deckhouse was in pieces. When last seen, the captain and the two stewardesses were seen standing forward on the deckhouse.

Captain Hawes was an old sea captain and stuck to his ship to the last. The steamer went to pieces at about 4.30 o'clock in the morning, just as the first faint glimmer of dawn was stealing over the angry waters, about twelve miles almost due west of Swampy Island. After about three hours' pulling in the heavy sea, the two boats, one containing ten persons and the other six, landed on Swampy Island. They started a fire and spent Sunday there. The ice-chest of the Princess floated ashore, and fortunately contained about ten pounds of roast beef and a few pickles. These, with the fish washed ashore from the wreck, constituted the bill-of-fare. The survivors were eventually picked up by the City of Selkirk.

Wife of British Premier Dead.

Marienbad, Bohemia, Aug 31.—Lady Campbell-Bannerman, wife of the British Premier, Sir Henry Campbell-Bannerman, died yesterday. She had been an invalid for years. Lady Charlotte Campbell Bannerman was the daughter of Sir Charles Bruce, K.C.B., one time Lieutenant-Governor of British Guiana, of Arnot Tower, Leslie, Scotland. She was married to Sir Henry Campbell-Bannerman in 1860.

It is said that Lord Kitchener's next command will be that of the Irish Division.

NOTICE

NOTICE is hereby given that 30 days after date we intend to apply to the Honorable, the Chief Commisioner of Lands and Works for a special license to cut and carry away timber from the following described lands situated in Osoyoos Division of Yale District:—

No. 1. Commencing at a post on Dominion Survey Line, about one quarter mile from Hidden Lake, marked "K. L. Co., T. B;" thence 160 chains South; 40 chains West, 160 chains North; thence 40 chains to point of commencement.

No. 2. Commencing at a post marked "K. L. Co., T. B.", next to iron post on Dominion Survey Line numbered XVIII-VIII; thence 160 chains South, 40 chains West, 160 chains North; 40 chains East to point of commencement.

No. 3. Commencing at a post marked "K. L. Co." about one mile up a creek running into Spallumcheen River; thence 80 chains South; 80 chains East, 80 chains North, thence 80 chains to point of commencement.

KAMLOOPS LUMBER CO., LTD.
Enderby, B. C. August 22, 1906.

Notice

NOTICE is hereby given that 30 days after date we intend to apply to the Honorable Chief Commissioner of Lands and Works for special licenses to cut and carry away timber from the following described lands, situated in Osoyoos Division of Yale District:

1. Commencing at a post on the east fork of Tsulo creek about one mile from mouth, running 160 chains east, 40 chains south, 160 chains west, thence 40 chains to point of commencement.

2. Commencing at a post on Tsulo creek about one mile below forks on the east side of creek, running 80 chains north, 80 chains east, 80 chains south, thence 80 chains to point of commencement.

3. Commencing at a post on the east forks of Tsulo creek about half a mile above fork on north side of creek, running 80 chains west, 80 chains north, 80 chains east, thence 80 chains to point of commencement.

4. Commencing at a post about one mile up the south fork of Tsulo creek on the west side about 40 chains west of creek, running 40 chains north-east, 160 chains south-east, 160 chains north-west to point of commencement.

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section 160 acres or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

For Sale

TOWN & DISTRICT NOTES.

The long-delayed, but much-promised and badly-needed freight train made its initial appearance on Saturday morning last. Old "505", with many marks of recent improvements, was at the lead.

There will be Choral Evensong at S. George's Church on Sunday evening next at 7.30. No Service in the morning. Sunday School as usual, at 10 a. m.

A horde of Hindus have descended upon Vancouver, and it is reported that more are coming. Naturally, Vancouverites object to the streets and even private grounds being turned into camping grounds by these people. The question is being asked, cannot they be prevented from landing.

The school house for the recently created school district of North Enderby is rapidly nearing completion. The building will be twenty-four feet by thirty-six feet, and has a porch, together with woodshed and usual out-buildings. Ira C. Jones is the contractor.

A Forestry Convention will, on the invitation of his Honour Lieutenant-Governor Dunsmuir, and under the joint auspices of the British Columbia Lumbermen's Association and the Canadian Forestry Association, be held in Vancouver, on the 25th, 26th and 27th September, 1906, which will be opened by the Governor-General, Earl Grey. The railway companies have made the usual convention arrangements for points in the province of British Columbia.

Misses Hilda and Muriel McCormick left on Tuesday for Yale to attend school there.

The local on Tuesday was very late. It was close upon one o'clock when it pulled in and did not return on its northward journey till 8 p.m. The delay was due to an accident on the main line near Medicine Hat, which made the train twelve hours late.

A number of our citizens journeyed to Revelstoke on Monday by special train to take in the two days' celebration held at that place.

Many of our citizens are enjoying bear hunting these days. Bruin, however, is proving to be an elusive customer.

G. Bell was a passenger on Monday's train en route to Montreal to attend the General Conference of the Methodist church. Mr. Bell was elected as one of the B. C. delegates at the last B. C. conference. He will be away about six weeks. In the meantime, Ald. Bradley will be acting Mayor.

The Vernon Band performed a graceful action on Monday while en route to Revelstoke. While the special waited in Enderby they rendered two selections in the station square in their usual excellent manner, which was, needless to say, much appreciated by our citizens. No doubt the members had recollections of a certain 24th of May not many months ago, and goes to show that Enderby's appreciation of their band that day has not been forgotten. As a further mark of goodly feeling that we have towards our neighbors, Mayor Bell, on behalf of the council and city, presented Manager Shatford, of the band, with a five dollar bill, to provide the boys with a "drink" on the city. May the friendly feeling grow!

E. Rhian, of the Armstrong Advance, was in town on Saturday.

Messrs. J. Dale and R. Foster shot a large lynx one evening last week on the former's place north of town.

The annual shoot of the Enderby Rifle Association will be held early in October.

A deal was put through last week by Kirby & Kirby, whereby Geo. Inch, of Armstrong, purchased A. Campbell's ranch near town.

Mr. C. E. Fripp, accompanied by Mrs. Fripp and little son, left on Saturday for England where they will reside in future.

Dr. K. C. McDonald, dentist, of Vernon, is now in Enderby and will remain here for a few days.

St. Andrew's Presbyterian church is rapidly nearing completion, the contractors now being engaged with the plastering. A 500 pound bell, presented by Mrs. A. L. Fortune, is on its way to Enderby, and will be hung in the tower.

Frequenters of the reading room are asked to pay attention to the notice which calls for the last person in the room after 10 p. m., to put the light out.

Several farmers on the outskirts of the town report that some persons on the 1st were not very careful in what direction they were shooting, and as a consequence one or two narrow escapes from being hit by spent bullets were experienced.

P. Murphy and J. McKinnon shot a bear on Saturday last. The animal, which was found on the mountain side at the back of Wm. Elsen's orchard, weighed about 225 pounds and had a fairly good hide. Needless to say, bear-steak was on the menu at the King Edward on Sunday last.

D. Forbes, who recently purchased six and one-half acres from C. E. Brookland, was a caller at the PROGRESS office on Saturday and had his name added to our fast growing subscription list.

H. P. Lee was a passenger on Saturday's train en route for Winnipeg on real estate business. It is understood that Mr. Lee has secured an option on the Greenhow property, which lies between Armstrong and Vernon. This property consists of 9,000 acres, which will be divided up into small holdings if the deal is consumated. The price asked is $350,000.

J. L. Abbott and A. Houston got off here on Saturday and spent a few days enjoying the shooting. Manager Sperling, of the B. C. E. R., was also aboard the train on his way to Armstrong, on a visit to Mr. Glover, late manager of the New Westminster tramways, to enjoy a few days' shooting.

Jas. Emeny was unfortunate to lose a valuable horse last week, by a tree falling on to the animal during the high wind of Thursday last week, breaking its neck.

The annual Harvest Festival and services, will be held in S. George's church next Sunday week, September 16th. Gifts of grain, flowers, fruit and vegetables will be thankfully received.

One by one, the towns of the Okanagan are throwing out the slot machines from their midst. Enderby set the ball rolling when a few months ago, through the energies of the ladies, these gambling machines were removed by order of the city council. Now it is Armstrong's turn. By the report of the municipal council, as published in the Armstrong papers we see that the order has gone forth that the machines are to be removed.

Rev. W. M. Rochester, M. A., associate secretary for the West of the Lord's Day Alliance of Canada, will speak in the Methodist church, on Monday evening next, 10th, at 8 o'clock, on the work peculiar to the Alliance. This is a matter that concerns us all. The tendency of the times is to take from men that great boon, a weekly day of rest. Go and hear what Mr. Rochester has to say. A collection will be taken up on behalf of the Alliance.

The best clay in the Valley. Well burnt bricks at reasonable prices. Large or Small Quantities.

The Enderby Brick & Tile Co. ENDERBY, B. C.

Bustling Salmon Arm.

J. W. McCallum, of Salmon Arm, was in town on Thursday last week. Mr. McCallum, who is the reeve of that thriving district reports that business is good and that the crops of hay and grain and fruit are excellent, and that a good harvest all round will result. Mr. McCallum conducts a real estate business and says that settlers are coming in all the time, and that he is kept busy answering the many enquiries which each post brings to him. He says that after troublous times the sea of self-government is becoming much smoother at the Arm, and that incorporation as a municipality is now fast being proved to have been a wise step.

Lord Grey Will Visit Okanagan.

Lord Grey, Governor-General of Canada, who is on a tour of the Dominion, will visit the Okanagan about October 3rd. Lord Grey, who is now at Calgary, goes from there to Nelson, and visiting in turn Rossland, Greenwood, Phoenix, Grand Forks, Kaslo and Revelstoke, taking the main line to the coast. While there, His Excellency will visit the islands, and attend the meetings of the Canadian Forestry Association, which convenes at Vancouver on September 25th. After opening the exhibition at New Westminster on October 2nd. Lord Grey will come to Vernon, visiting the Coldstream Ranch there.

Dreadnought Defective.

A sensation has been caused by the discovery that the Empire's latest battleship Dreadnought was found to be leaking. When dry-docked it was found that in the haste to build her plates were badly rivetted and some holes were found with no rivets. Surely another case of the proof of the old proverb—More haste, less speed.
