Farmers' Exchange Meeting

A meeting of the Shareholders of the Enderby Farmers branch of the Armstrong Farmers' Exchange will be held on Tuesday next, February 19th, at the close of the Farmers' Institute meeting. All Shareholders as requested to attend.

Hold Annual Meeting.

The annual meeting of the Spallumcheen Farmers' Institute was held in the Orange Hall on January 31st last.

There were a good number of members in attendance, and the various reports were received with the utmost satisfaction.

Mr. George Heggie, the President, who was in the chair, read his annual report, following the reading of the minutes of the last meeting. The report contained a review of the work accomplished during the past year, and was a most gratifying and encouraging one. In the report, the President had the pleasure of announcing that during the past term the membership of the Institute had increased from 71 to 184. That was a gain to which all could point with pride, and showed that the value of the institution was becoming recognized among our our ranchers. But, despite this fact of increased membership, the President was sorry to note the lack of interest which seemed to be apparent in the meetings, and he regretted that they had not been better attended during the past year. This lack of interest was very detrimental to the value of the work accomplished by such an organization, and he hoped that the meetings of 1907 would be better attended. The report was received with enthusiasm, and a vote of thanks was tendered Mr. Heggie.

The treasurer's report was next listened to. Mr. Bird had an equally gratifying report as the previous one to make, a balance of $86.06 being on hand. The income was: membership fees $92.00; Government grant, $66.00. Total income (including a balance of $34.46 from last year), being $192.00. The expenditure, including a grant of $57.50 towards the Agricultural Society for special prizes, amounted to $106.40.

The election of officers was next order of business. Before the election was proceeded with, Mr. Heggie, in a short address, said that he wished to resign from the presidency. He said that he had not been able to give all the time he would have liked to the business of the Society, but he had not the time. It demanded more than he had thought. Mr. Heggie also said that he considered the time had come when the district should be divided into two. The territory had always been an unweildy one to manage, becaus eof its great length; but in years past this had had to be put up with, because the membership was too small to permit of division. We now had the membership and he thought the time was ripe when it should be divided into North and South Spallumcheen. The resignation was received with many expressions of regret, both Messrs. Elson and Fortune voicing their sentiments in a few well chosen words.

When nominations for President had been closed, it was found that Mr. Heggie was the unanimous choice to serve a second term, which he accepted, at the same time thanking the members for their expressions of confidence in him. He believed that there was a good work ahead of them, especially among the new comers, who looked for information as to soil, etc. He closed his remarks by hoping that 1907 will prove to be a successful one.

The other officers elected were:

F. H. Hassard, (Enderby); D. Graham, (Armstrong); G. Parkinson, (Hull Car); R. Waddell, (Enderby); W. Owen, (Mara); Joseph Cook, (Mabel Lake); A. Hayhurst, (Deep Creek).

A general meeting of the Spallumcheen Farmers' Institute will be held in the Orange Hall, Enderby, on Tuesday, February 19th, to discuss the desirability of making a division in the above district. This being a most important step in the history of the Institute, it is hoped there will be a full attendance of members, and thus give the subject the fullest discussion.

At the close of the Institute meeting a meeting of the members of Enderby branch of the Armstrong Farmers Exchange will be held at which it is hoped all members will be present. Some important busines is to come up for discussion.

Members of Farmer's Institutes are reminded that membership ceases on the 31st December, and until subscriptions are renewed their names are not placed on the mailing list and they will therefore not have the publications issued by this Department sent to them. Members who have joined on and after the 1st October are entitled to membership for the succeeding year. Subscriptions are payable to the Secretaries of Institutes.

A Successful Carnival.

Wednesday evening's carnival at the rink, held under the auspices of the Hockey Club, was a decided success. There was a good attendance of masqueraders and spectators, and the affair was a most enjoyable one.

Some of the costumes were decidedly pretty, and betokened much time spent in their preparation. The judges had a difficult task to perform, and if their awards do not meet with the approval of some, all that can be said is that they were made in a most impartial manner. Certainly, Miss Edith Johnson, (as "Pop-Corn Girl,") ran Miss P. Faulkner very close for the position of Best Dressed Girl; likewise did Mrs. Martyn (as a "Valentine,") come very close to securing the prize for Best Dressed Lady.

In judging costumes on such an occasion, it must be remembered that a true and easily understood representation of any subject, should be considered as well as the prettiness of a costume.

The prizes were awarded as follows:

Best Dressed Lady, Miss M. V. Beattie, (Picture Post Cards.)

Best Dressed Gentleman, R. E. Wheeler, (Courtier.)

Best Comic Dress, Ray Hancock, (President Rogers Lumber Co.?)

Best Dressed Girl, Phyllis Faulkner, (Rose Girl.)

Best Dressed Boy, Austin Collin, (Turk.)

Girls race, 1st Esther Moffet; 2nd, Esther Bradley.

Boys race, 1st H Moffet; 2nd W. Blackburn.

The demand on our space being so great, we have to forego the pleasure of printing a lot of the other costumes.

Late Locals

Mayor Bell returned on Wednesday from a trip to Okanagan lake, where he went to inspect the new townsite of Okanagan Centre for Toronto capitalist.

What's the matter with the Curlers? Guess they must be all "hog-liners," for they are certainly not coming up to the mark. Well, we can have too much of a good thing.

The Methodist Ladies' Aid thank all who so kindly assisted them last evening, and also express their gratitude to all who patronized the entertainment. Owing to the crowded nature of the room, it was impossible to carry out the basket supper satisfactorily, for which they express regret.

The Blind Phrenologist.

Professor Cooper will lecture tonight and to-morrow night at the Orange Hall. No admission is charged and those attending will have an opportunity of judging just how much of a science Phrenology is, as Professor Cooper's blindness gives him no means of reading character only by the sense of touch. Public head readings are given.

Civic Business.

Last Wednesday's meeting of the City Council kept up the record for being an important one. At this meeting the questions of the city building a hall, enlarging the school, and buying a recreation ground, were discussed, and it was close upon midnight before the motion to adjourn was put.

After reading the minutes of the previous meeting, tenders for the work of scavenging the city were opened, of which there were three. After some discussion, it was decided to request the tenderers to make fresh bids upon new specifications. The tenders were put in by H. Manton, E. T. Smith and R. Jones.

Ald. Kenny next introduced a by-law regulating the width of streets, which was given its first reading and passed.

The hall question brought forth a great amount of discussion, into which was brought the recreation ground question, which was turned down by the citizens last year. The Mayor was strongly in favor of submitting a by-law to the people for the acquisition by the council of the land in question, as he believed that if this place was to have such ground, now was the time to secure it. If the town did not soon make a move, they would lose all chance of obtaining it. The suggestion was made that it be paid for out of the rates, but Ald. Johnson was strongly against such a course.

Ald. Worthington expressed himself as in favor of the recreation ground, and gave notice that he would introduce a by-law for its purchase. He had opposed the previous one because he considered the water supply question should be grappled with first. This had been done, and he now had no objection to the recreation ground.

During the discussion it was stated that Mr. Barnes (the owner of the land in question), was willing to take the city's debentures in payment.

With regard to the city hall, all thought the question should be taken up with a view to finding out what a suitable lot and building would cost. This was finally left in the hands of a committee consisting of Aldermen Kenny, Johnson and English.

The estimates of the needs of the School Board were next read. In these estimates they recommended the purchase of an additional lot, and the enlargement of the school, as another room had become a necessity, for the school was already crowded. It had been recommended by the Inspector. A committee was appointed to confer with the trustees.

News Essence

Part of the town of Sandon has been overwhelmed by snowslide, one woman being killed.

A Tidal wave has completely destroyed the town of Marina di Calanrana, Italy.

The struggle is now on between the House of Commons and the House of Lords of the Imperial Parliament, the latter seeking to destroy the former, claiming that it is entirely out of harmony with modern democracy.

Does British Columbia get the share of the world's attention which, by reason of her unparalleled richness, is her right? Mr. A. C. Flumerfelt of Victoria offers a prize of $50 to the person who can answer this question saliently and correctly.

Hon. R.G. Tatlow, minister of agriculture, has stated that information had been received from an official of the Salvation Army in England to the effect that quite a few families of good social and financial standing had been induced to select this province as their future home.

Block Island, R.I., Feb.12—The steamer Lochmont, with many passengers on board, sank off the northwest side of Block Island today, after having collided with the three-masted schooner Harry Knowlton. The passengers and crew from the steamer took to the boats but it is feared that some may have lost their lives, either by being drowned or freezing. The temperature was below zero.

Notes and Comments

THE big city dailies these days are full of the happenings of "Thaw" and "frost."

IF the late cold spell has accomplished nothing else, it has demonstrated in a manner which must be acceptable to all parties that the danger of the water supply for the city from Brash creek being cut off by frost is a very remote one. If we remember rightly an argument that was put forward against the system was that the creek would freeze solid in a cold winter. Well, we guess the winter has been cold enough to suit the most fastidious; while it needs no words of ours to say that the creek has been doing business "in the same old way," notwithstanding the unusualy long spell of some of the coldest weather the valley has ever seen. The facts speak for themselves.

WHEN Cain had killed off one-fourth of the people on the earth—leaving only three, then went into the land of Nod and built-ed a city, it is evident that he did not sit around like a lump on a log and growl about the Nod real estate and people. He was not himself perhaps, the most exemplary of men and if he had some reason to emigrate from the land of his birth, he did not mope and whine but got hold of a piece of ground and went to work to do something. The man who could build up a city under such auspices is the kind of material we want in this town; and we will not inquire too minutely into his antecedents, so that he takes hold like a man and be good at last.

But what is more, Cain did not advise his son to "go west and get out of the old dead town." He named the city after him, believed in it, worked for it, bought his goods there and kept his money at home. Does anybody suppose that when strangers came to Enoch, (name of the city) with any notion of going into business there, Cain told them it was a dead" old town," that it was established by a murderer that the water was bad; its merchants all sharks, and its mechanics botches—that the town was not healthy and would "never amount to anything no how." Does anybody suppose that when he wanted to invest a few dollars in dry goods he hustled off to the city, or that he only went to the merchants of Enoch" when he wanted a favor—wanted "a little time?" Do you think he ever went away from home to get lumber that could be had at better rates in "Enoch" than elsewhere or to Cincinnati for cheap buggies when the "home manufacturer" could meet every demand with more stylish and substantial rigs? Do you suppose he went moping around about taxes being too high in Enoch and no one there knowing anything about business? No, sir. He evidently wasn't built that way. If taxes were high he got up and hustled to increase the value of property, so that there would be greater values to tax. He built houses and encouraged others to do so. If city lots got too low he bought up a dozen or two scattered here and there, for the double purpose of personal profit and strengthening values. On these he put up plenty of houses at reasonable figures, good ones, too, so that when any one came to Enoch he did not have to move into an old tumble-down shanty or move on. He improved and beautified every lot, kept the weeds down and set out trees on the lots and in front of them, even where he did not build, thus adding to the value of each lot and adjoining property as well. He found that it did not take so much money to run a comely, well kept town as it did a dilapidated, God-forsaken one; and there were four times the values on which to raise the required money. That's the way he lowered taxation, not by sitting on a stump and howling about it. If a man wanted to run a factory, or some other enterprise, he was not afraid the fellow wanted to make some money, but told him to "sail in and I'll help you all I can." A business that does not make money is no good. We want every legitimate business in Enoch to make money, and piles of it."

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law, recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by Enderby Drug & Stationery Co.

Croup can be positively stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by Enderby Drug & Stationery Co.

PROMPT AND CAREFUL ATTENTION GIVEN TO BUSINESS ENTRUSTED TO ME

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section 160 acres or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy of the Minister of the Interior.

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

Mr. and Mrs. Quant, of Winnipeg, who have been touring B. C. since Christmas, are at present at the home of Mr. and Mrs. Droane They will in all probability, be with us for the remainder of the winter.

Rev. F. V. Venables conducted service here on Sunday morning in McGuires Hall before a good congregation of Church of England people.

Messrs. Haydock and Hines left for the Coast on Sunday last to attend to some of their interests there.

J. W. McCallum was a business visitor in Kamloops last week.

J. C. Booth is spending a few days in Kamloops.

The Salmon Arm Farmers' Institute held a meeting at Notch Hill, on the 6th, at which there was a good attendance. The settlers of Notch Hill took great interest in the paper read by J. D. McGuire, and the discussion which followed, on "Spraying." The Notch Hill people have formed as a branch of the Salmon Arm Institute until such time as they are given a district of their own, when we may expect a good Institute in that settlement.

The Committee appointed to make arrangements for opening a Farmers' Exchange at Salmon Arm met at McCallum & Wilcox's office on the 9th, when L. B. Pangman, F. B. Haworth and J. W. McCallum were present. After considering the question from all sides it was decided to meet again at the same place on the 16th, at 7.30 p.m., to make out a report for the next meeting of the Institute.

Anniversary Services.

The Anniversary Services of the Methodist Church will be held on February 24th There will be services morning and evening in the Valley Church conducted by the Rev. Dr. White. Special music will be rendered by the choir.

On Monday night Feb 25th a grand Oyster Supper and Concert will be given in McGuires Hall. The Rev. Drs. White and Ousterhout and Rev. Hetherington will be present. In addition to the various addresses by the Ministers a splendid programme of music has been arranged. Supper will be served in the rooms below the Hall from 6 to 8 o' clock A splendid time is assured and everyone will be welcome Bring all your friends with you.

Hudson Bay Route.

Just at this time when great interest is being manifested in the possible and probable utilization of Hudson Bay as a shorter, quicker and cheaper route for transporting the grain grown on the Prairies to the markets of the Old World, the report of the Dominion Government Expedition to Hudson Bay and the Arctic Islands in 1903-04 makes very interesting reading.

The expedition was under the charge of A. P. Low, B.Sc. F.R.G.S., and it sailed in the Dominion Government s.s. Neptune.

Besides containing a great amount of valuable scientific data in regard to the geology of that region, the life and habits of the Eskimos, and the general aspect of the country, its possibilities, etc., it is chiefly interesting for the information and data gathered as to the period when navigation of Hudson Strait and Bay is safe and practicable.

In his report, Mr. Low sums up his observations on this subject thus: "The period of safe navigation for ordinary iron steamships to the Port of Churchill may be taken to extend from July 20th to November 1st. This period might be increased by one week at the beginning, and two weeks at the end of the season."

That this route is looked upon as a commercial one is evidenced by the fact that charters to build lines of railway from several Prairie points to the Bay have already been applied for.

The report also states that there would be found a good deal of land fit for settlement in parts of Keewatin.

Home Circle Department

Simple Thoughts as they Fall from the Editorial Pen. Pleasant Evening Reveries of Interesting Reading.

SUCCESS supposes conditions and makes preparations for it—the energy, selfabnegation weight brings brawn and breadth and dignity, strength, wisdom and skill. We cannot jump safely into success; we are likely to get hurt and fail back disheartened to where we belong. Some try to succed by jumping into their father's shoes; but these shoes do not fit, and causes the youth to walk so awkwardly that he generally makes a fool of himself. Nearly everything of real worth has to be earned- To be appreciated and judiciously appropriated, our possessions must have cost their value. The toil and struggle and plodding that brings gain, brings also the mature experience, through discipline, and hard knocks that make up stalwart manhood and permanent success.

. . .

Do you know that boys are much more particular who they go with than girls are? You may think this is a strange statement, but it is so. A girl will go on the streets with a boy that gets drunk, but if a boy finds out that a girl gets drunk he won't go with her. We wish our girls would be as particular about whom they go with as the boys are.

. . .

Be as careful to keep the weeds out of the minds of your children as you are to keep them out of your garden. But remember something will grow there. If you don't plant them with good grain, the tares will take root in spite of you. Keep a library of good clean books, and by all means keep your home paper before them.

. . .

IF you would increase your happiness and prolong your life, forget your neighbors faults. Forget the temptations. Forget the fault-finding and give little thought to the cause that provoked it. Forget the peculiarities of your friends; and only remember the good points that make you fond of them. Forget all personal quarrels, or histories that you may have heard by accident, and which if repeated, would sound a thousand times worse than they are. Blot out as far as possible, all the disagreeable things of life; they will come but they will grow larger as we remember them, and constant thought of the acts of meanness, or, worse still, malice, will only tend to make you more familiar with them. Obliterate everything disagreeable from yesterday; start out with a clean sheet for to-day, and write upon it for sweet memory's sake only those things that are lovely and lovable.

Weak Kidneys

Weak Kidneys, easily point to weak backs. The kidneys filter the blood, remove impurities, and their weakness, with its consequent pain, lies in the nerves that control and strengthen them. In Sharp's Kidney Tonic we have a medicine specially prepared to positively cure kidney troubles. It is a tonic to them, and it strengthens them. If your back aches or is weak, if there is pain, or bladder and urinary troubles, if you have dizziness or other distressing symptoms, try Dr. Sharp's Kidney Tonic. Satisfaction or money back. Ask what it has done and will do for you. Druggist recommend and sell it.

Then read on---

We beg to inform our readers that we will again club THE PROGRESS with this great weekly. On account of the reduction in price of your local paper, we can now put the Family Herald and Weekly Star and The Progress

and NORTHERN OKANAGAN HERALD

Together for

$2.00

Payable Strictly in advance. This offer good for short time only

AND PLEASE NOTE—That if you are already a subscriber to THE PROGRESS and wish to take the Family Herald for renewal, that we can give you good terms. They will be sent on receipt of a postal asking for same.

A SHOCKING ACCIDENT.

A Revelstoke brakeman, by name of Rushton, was crushed to pieces by a runaway train near Phoenix on February 7th. In attempting to get down from a car he slipped under the wheels. Damage amounts to $20,000.

The New Year

Is here, and with it the Provincial and Municipal elections; but property transfers are going on just the same, and I look for a good year in

—1907—

I have many buyers—both local and otherwise—and can sell property in any part of the Okanagan and Spallumcheen Valleys at right prices and terms.

If you have anything to offer—business, residential or farm lands—please list it with me, and I will endeavor to make any business entrusted to me satisfactory to you.

Write me for further particulrs at Armstrong.

H. P. LEE, The only Land Agent who covers the Okanagan Valley.

TOWN & DISTRICT . NOTES .

Wednesday, this week marked the commencement of Lent.

Mr. and Mrs. Glen, who are visiting in Enderby, took a short trip down the Valley the early part of the week.

Mr. McMillan, of Edmonton, was a visitor to Enderby on Monday, leaving on the afternoon train for the Coast. Mr. McMillan has property in Enderby, and was impressed with the prospects of the town with the opening up of spring.

H. Butchart moved on to his recent purchase, the Tomkinson ranch. Mr. Tomkinson has moved out to his place in the Mount Ida settlement.

The thaw came as a welcome change to the cold weather that we have had. Sunday and Monday were gloriously sunny days, and it is safe to say that they were thoroughly enjoyed by all our citizens. The temperature fell a little on Tuesday and Wednesday, and, according to Foster, we are in for another cold snap—though only of short duration.

Messrs. F. B. Whiting and W. W. Rogers drove up from Armstrong on Saturday. Friends of Mr. Rogers were pleased to note that he has somewhat recovered from his recent severe illness.

A special train carrying passengers and mail was run on the S. & O. on Sunday in order to relieve the congestion at Sicamous, due to the getting through of delayed trains, which had been held up in the mountains by snowslides. It is reported that several bad ones had occurred, one in particular, at Eagle Pass, where an enormous mas of wet snow had covered the tracks for a distance of about a mile, and for a few days traffic on this division was at a standstill. However, a large force of men were at once put to work, and by Monday the trains were running almost on time. As a consequence of these slides, four trains were stalled at Glacier and one at Field. Freight is also beginning to move, a freight consisting of about twenty cars coming down this branch on Tuesday.

We regret that by a most unfortunate printer's error we were made to state that Wednesday of last week was Ash Wednesday. The paragraph should have commenced as follows:

"Wednesday of NEXT week IS Ash Wednesday.

J. W. McCullum paid a hurried business visit to Enderby on Wednesday.

A most successful masquerade ball was held in Armstrong on Monday evening under the auspices of the Armstrong Gun Club. A number attended from Enderby and report a most enjoyable evening.

Local Chinamen celebrated their new year to the usual accompaniment of crackers and other fireworks. They were ably assisted in this manner by the small boy. The new year is the 30rd year of Kuan Su the present Emperor, and the 2,456th year since Confucius.

The latest city on paper is Bulkley City situated in northern B.C. The advertisements of this boom which are being run in the Vancouver Province, naively call it the Spokane of B.C.

Invitations have been issued for the marriage of Mr. J. W. Glen and Miss S. J. Johnstone, which is to take place in St. Andrews Presbyterian church, Enderby, on Wednesday next, February 20th, at 1 o'clock p. m.

The C.P.R. is not the only line that has been tied up by snowslides. On the Great Northern conditions are far worse than those at home. A report from Washington states that two trains were caught between slides, the passengers remaining two days with hardly anything to eat.

Dont forget the important meeting of the members of the Farmers Institute on Tuesday next, February 19th, at 7 30 p.m. in the Orange Hall, Enderby. The subject of discussion will be: 'Shall the district be divided?'

To stop a Cold with "Preventics" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" Preventics will head off all colds and Grippe, and perhaps save you from Pneumonia or Bronchitis. Preventics are little toothsome candy cold cure tablets selling in 5 cent and 25 cent boxes. If you are chilly, if you begin to sneeze, try Preventics. They will surely check the cold, and please you. Sold by Enderby Drug & Stationery Co.

Hockey Match, Enderby vs. Vernon, in the rink next Thursday, February 21st.

The Enderby Junior Hockey team journeyed to Armstrong on Tuesday evening playing a game with the Juniors of that place. Enderby was beaten to the tune of 5 to 1.

Mail Clerk Finlayson, of the S. & O., is taking a well earned holiday. R. Burnes, of the main line mail service, is relieving.

R. W. Timmins, of Vernon, District Duputy High Chief Ranger of the I. O. F., paid an official visit to Court Enderby on Tuesday evening.

The complete returns of the results of the voting throughout the Province at the recent elections make one alteration in those published last week. This change is in Cnilliwack where Munro, the liberal candidate when the full returns were in, defeated Cawley the conservative. The composition of the Legislature, therefore when it meets on March 7th next will be: Conservatives, 26; Liberals, 13; Socialists, 3. Total, 42.

The members of the local Knights of Pythius will hold a social evening on Monday next in commemoration of of the anniversary of the founding of the order which occurs on Feb. 19. On that evening the members will be at home to all their friends, and we are asked to say that a hearty invitation is extended to all to join in spending a pleasant evening. The lodge members will also attend Divine worship on Sunday morning next at S. George's Church at which all members of the order are requested to be present.

We learn with regret of the death of Mr. E. Taylor, of Moncton, N.B., father of Mr. A. E. Taylor, manager of the local branch of the Bank of Montreal. His death took place very suddenly on January 12th last, at the ripe age of eighty-two years. The late Mr. Taylor was one of Moncton's oldest citizens, and had lived there since 1853. We take the following from the Moncton Transcript, of January 12th:

"With shocking suddenness death this morning removed one of Moncton's oldest and most highly respected citizens, Mr. Ezekiel Taylor, who died about 8 o'clock at the residence of his daughter, Mrs. J. E. Masters. . . . Members of the household went to Mr. Taylor's room shortly before 8 o'clock this morning and found him dying, and he passed away a few minutes later, before medical aid could be summoned. Although eighty two years of age, the late Mr. Taylor was remarkably vigorous and well-preserved, although subject to illness recently. Mr. Taylor's death will be learned of with sincere regret, for he was a familiar figure on the streets of the city, and was known to all. . . . Mr. Taylor was born in County Donegal, Ireland, and immigrated to Canada in 1850. Mr. Taylor had lived under four British Sovereigns. He was a descendant, by collateral branch, of the famous Jeremy Taylor, and his more immediate ancestors owned and occupied Buncrana Castle, on Loch Swilly—one of whom owned and captained the famous Privateersman "Fame," which committed such historic ravages upon the Spanish Main during the war with Spain in the latter part of the eighteenth century."

Besides Mr. A. E. Taylor, the deceased leaves two sons and four daughters. The sons are: George M., who is consulting engineer at Vancouver, and Fred. W., who is manager of the Bank of Montreal at London, England. The daughters all reside in Moncton, being Mrs. J. E. Masters, Mrs. C. W. Burnyeat, Mrs. George Ackman and Miss Margaret Taylor.

If you are Constipated, dull, or bilious, or have a sallow lifeless complexion, try Lax-ets just once to see what they will do for you. Lax-ets are little toothsome Candy tablets—nice to eat, nice in effect. No griping, no pain. Just a gentle laxative effect that is pleasingly desirable. Handy for the vest pocket or purse, Lax-ets meet every desire. Lax-ets come to you in beautiful lithographed metal boxes at 5 cents and 25 cents. Sold by Enderby Drug & Stationery Co.
