City Council

With Ald. Evans in the Mayor's chair, his worship being absent from the City, the council met in weekly session last night with a slim "bill of fare" for their consideration. The debates were not vigorous, but the questions were not of burning interest to the welfare of the city.

The minutes approved and the city fathers having found soft spots on their chairs the agenda was dealt with, though even the aldermen were at times in doubt as to where one discussion ended and another commenced.

Mr. Greyell was present to support his written request that the city send a representative to a meeting of the Fence Viewers. Mr. Greyell explained the situation illustrating by means of a diagram. A quantity of water had collected on the properties of the writer and others within the city limits and they desired to dig a ditch to drain it, the cost to be borne by the property owners.

Ald. Kenny was strongly of the opinion that the city had no interest in the matter, and therefore should not bear any of the cost.

Ald. Worthington was satisfied that the city should be represented, since they would have to pay their share and because if not represented, they "would naturally soak us." On motion of Alds. Kenny and Johnson it was resolved to appoint R. P. Bradley to act on behalf of the city.

Dr. Verner in his capacity of Medical Health Officer reported on the sanitary condition of the slaughter house. He had visited the premises and had found them clean and sanitary. Ten feet from the pig pens there was no smell. The water was clean, there was no offal of any kind around, the hide room gave forth no odour and the pigs were not cooped up but had the whole run of the place. The doctor expressed his surprise at the cleanliness of the premises, stating that he could not, on what he saw, declare the place a nuisance.

Mr. Greyell, after the matter was disposed of by the acceptance of the doctor's report, took occasion to assure the council that the effluvium complained of still existed; the smell that same afternoon had been sickening but no complaint would have been raised had the place been kept as clean as at the present.

Dr. Verner explained that he could only report on present conditions.

Ald. English suggested that the aldermen might take a stroll around that way occasionally and test the sanitation for themselves.

The debate gradually merged into a conversation between the acting mayor and Mr. Atkinson, the waterworks contractor, who desired to know when the city would square his account. That gentleman outlined the work done. The line had proved tight, only two leaks having developed; the dam on the creek was acting well, and the normal pressure on the mains was 106 pounds. A little overhauling had to be done and the line had to be measured by the city to complete the contract.

Ald. Worthington suggested that Mr. Hooper, the city engineer, should report on the line before it was taken over, and it was practically decided that Mr. Hooper should go over the system and report. Mr. Atkinson also desired that Mr. Hooper assist him with the completion of the work. At this juncture Mr. Moffet, of the Flour Mill Co., entered the room and asked a hearing. His engineer had been taken sick and the mill would have to close down unless a certificated engineer could be obtained. Would the city loan the services of Mr. Hooper. The acting mayor explained that the much sought after engineer had already been lent out. Mr. Moffet withdrew and a heart to heart talk ensued between the aldermen and the visitors to the meeting. Ald. Kenny grew impatient and broke up the confab with "Let's decide this, we're wasting time."

On motion of Alds. English and Worthington it was resolved that Mr. Hooper be permitted to run the mill engine for the balance of the week.

On suggestion of Mr. Atkinson it was decided to instruct the surveyor to make a plan of the pipe line and survey a 30 foot right of way. On motion of Alds. Worthington and Johnson it was further decided that the city fathers should take a jaunt of inspection over the line on Monday.

Shall the visitors to the celebration pay two bits to sit on the grand stand on the 24th, and then have to bleach in the sun? That was a question that took some time to answer. Nobody appeared anxious to endeavor to bring the discussion to the point. The acting Mayor thought the grand stand certainly should be covered. Then the relative merits of boards, brush and canvas were discussed. Finally Ald. Johnson suggested the appointment of a recreation ground committee, namely Aldermen Evans, English and Worthington. These gentlemen were not anxious for the job, but were appointed.

The S. George's Ladies' Guild wrote asking whether they could rent one of the permanent booths on the grounds, if they could erect a private booth, and what water facilities would be supplied.

This matter, as well as the fixing up of the grounds, were left with the newly appointed committee, with power to act.

After one or two minor matters had been discussed the council adjourned.

Mara Notes

For the past two weeks the section men, farmers and special gangs have had their work cut out fighting a gigantic bush fire, which started on the railroad track midway between Enderby and Mara, and nearby the new station of Grinrod. The fire is supposed to have started from a spark from a passing freight engine, and for a time baffled all efforts made to extinguish it, until the heavy rain of some days ago put a damper upon it. Damage done is estimated to be between $10,000 and $12,000. Large quantities of logs as well as dry timber of no small value were destroyed, as well as fences, fence rails and posts, shacks and camps. The fire jumped the river and for some time threatened Mr. Claude Handcock's new house. Only a tremendous effort on the part of the settlers saved this part of the district from the flames.

Springtime is here in all its beauty. The woods have adopted a beautiful green, and the fruit trees are full of blossoms. Everything indicates that the severe winter did no harm to the fruit trees, as nature provided an abundance of snow before she sent forth the cold, and so the roots were well protected.

Mara, May 15.

(On account of these notes arriving late, we are compelled, through lack of space, to hold the major portion over 'till next week.)

Heir to The Throne of Spain

Madrid, May 10.—Queen Victoria gave birth at 12:45 p.m. today to a son who becomes heir to the throne of Spain. The baby will be named Alfonso. The birth of the royal babe has been awaited with eager interest throughout Spain, and that the young King has been blessed with an heir will cause unbounded satisfaction.

Horse Lost.

Sorrel gelding, black mane and tail, white stripe on face. Branded T on right hip, and R on left shoulder. A reward of $10 is offered for the return of the animal either J. Carefoot, Salmon Arm, or J. F. Moore, Enderby.

WILL BE THE BEST GALA DAY

THAT ENDERBY HAS EVER SEEN

The local celebration of Victoria Day this year promises well to eclipse all others held in previous years. From remarks passed, it is evident that a large number of the citizens of Armstrong and Vernon will observe this popular holiday in Enderby. Besides the visitors who will come by thd special train, a large number, especially country people will drive in. Certain it is that next Friday's celebration promises to surpass last year's—and that is saying a great deal. The people of the Okanagan from Vernon north have come to be very partial to Enderby as a place where the first real holiday of the spring may be spent, and where they can meet old friends, and make new. With the attribute of fine weather Enderby will see the largest holiday crowd that ever gathered inside her limits.

The programme is full and varied enough to suit all tastes, and Enderby can be forgiven if she expects that her neighbors will turn out en masse to partake of the good time that is assured.

A new departure has been made this year in the way of furnishing music for the day. Two bands have been engaged, so there will be no lack of this indispensable feature of a gala day. The bands come from Vernon and Armstrong, the former being the Fire Brigade band and the latter the Town band.

The home towns of our visitors are also well represented in the various sports. Armstrong and Vernon will play lacrosse, Armstrong and Salmon Arm engage in baseball and Enderby and Armstrong in football.

No programme would be complete without water sports, for which a goodly amount of prize money has been set aside. With a broad river at our doors, it is possible to include these sports in the programme, more especially because the events can be viewed so advantageously from the bridge here. There will be canoe races, boat races, log rolling contest, tub races, greasy pole and Indian races. The lumbermen are said to be taking great interest in their sports this year, so some exciting contests may be expected.

Athletic events and a tug-of-war make up the list of attractions.

The following is the order of the various items on the programme:

10.30 a.m. WATER SPORTS
11.00 a.m. BASEBALL—Armstrong vs Salmon Arm
1.30 p.m. ATHLETIC SPORTS
3.30 p.m. LACROSSE—Armstrong vs Vernon
6.30 p.m. FOOTBALL—Armstrong vs Enderby

Special Train leaves Okanagan Landing at 9 a.m. Vernon at 9.30, Larkin, 9.45 Armstrong, 10.15, arriving in Enderby at 10.30 a.m. Returning south at 8.30 p.m.

For full details of programme look out for small bills which will be distributed broadcast in Enderby, Armstrong and Vernon early next week.

Come and Spend a Happy Day!!

Do you want to Sell your property?

If so, send us full particulars AT ONCE.

We have numerous settlers arriving from Manitoba and North-west in the course of the next few months so do not fail to list with us.

Notes and Comments

It is certainly a great pity that so little interest is being taken in the coming 24th of May celebration. By lack of interest we do not refer to financial support (for that has been forthcoming very readily), but the absence of a desire on the part of the majority of the people to shoulder some of the work and responsibility which the organization of such a day of sports demands.

A fairly representative meeting was held on Friday last week, at which committees were appointed to deal with the arrangements that at that time were not completed. These committees were to have met again on Tuesday this week in order to draw up the programme. Out of some fifteen members comprising these various committees only five turned out to report! As a result, the secretary, together with one or two stalwarts, will have the whole of the work to do.

One would also have expected that one or two at least of the members of the City Council would have been present—some were on committees—but there was not one. The city are now vitally interested in the recreation ground. It is a municipal enterprise, the cost of which is to be defrayed by gate receipts, the same being mainly the outcome of our 24th of May celebration; and to enable a celebration to be held the business men, principally, are subscribing to a fund to pay for prizes, etc.

Perhaps some will say that we are knocking the celebration, so we hasten to assure them that such is not our wish. We consider it is necessary that a little of the light of publicity be turned on. Some further poignant comments may be expected on celebration matters after the 24th of May is passed.

• • •

To our intending visitors upon that day we, on behalf of the City of Enderby, extend to you a hearty welcome. All that can be done for your entertainment and comfort will be made, and you can rest assured that, weather being propitious, you will not spend a dull moment on the 24th of May in Enderby.

Let me mail you free, to prove merit samples of my Dr. Shoop's Restoration and my book on either Dyspepsia, the Heart, or the Kidneys. Address me Dr. Shoop, Racine, Wis. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat "inside nerves". Also for bloating, billousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by Enderby Drug and Stationery Co.

Some time next month the express rates will be taken up by the Railway Commission for re-adjustment. The same course will be followed by the express companies as is being followed in the case of telephone rates. The companies are to be required to file their charges with the Commission andt hen come before the Commission and justify them. The telephone companies notified the Commissioners, after they had filed their rates, that they were prepared to meet any objections which might be made to any or all of them. The Commission, however, decided that the Bell Company, which was the one involved, should undertake to convince the Commissioners that all of their charges were fair and just.

Home Circle Department.

Whoever takes a little child into his love, may have a very roomy heart, but that child will fill it out. The children keep us from growing old and cold; they cling to our garments with their little hands and impede our progress to petrifaction; they win us back with their pleading eyes, from cruel care; they never encumber us at all. A poor old couple with no one to love them, is a most pitiful picture; but a hovel, with a small face to fill a broken pane here and there, is robbed of its lonelinessness.

• • •

How many wasted flowers are strewn over graves, of which one small bud, pink with life and hope and fragant with sympathy, would have eased the pain of some aching heart for even a little while, had they been bestowed while the loved one was with us.

• • •

There are too many homes in which is heard only fault finding instead of loving commendations; bickerings and strife instead of sweet happy companionship. Remember like producers like in the life as elsewhere. May this be borne in mind by all, and a constant effort made for purer, brighter homes.

• • •

"The beginning of strife is like the letting out of water," says the wise king, and in no case is this truer than in the case of family quarrels. The little breach, no longer at first than a child's finger could stop, but through which comes the continual dropping, if not attended to in time, will widen and stretch, till one fine day there is a waking up to find the angry waters raging around, sweeping in and overwhelming all the sweet peace and love and harmony of home. There is no greater fallacy than to suppose that because people are relatives, there is less necessity for the common courtesy that is willingly extended to a stranger.

• • •

Appreciation is one of the Christlike emotions of the human heart. To look at motives and not at results is the right thing to do. How often the best laid plans lead to failure. A word of appreciation has led many a discouraged heart to pick up the broken threads and weave them into a new web after they had lain among tattered ideals for months or years. Kind words, being memories that echo through the years long after the lips that uttered them have crumbled to dust. Children carry the memory of words of appreciation with them in old age when enveloped in the shadows of life. They are like the perfume of the violet that lifts its head above the spring snows and whispers to them of the sunshine. Money cannot buy, intellect cannot create so rare a gem as true kindness. It is a heart product and needs the tenderest culture. It is killed by indifference and enfeebled by neglect.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early or at the "Sneeze Stage". For a seated cold or La Grippe, break it up safely and quickly with Preventics. Sold by Enderby Drug & Stationery Co.

THE EVILS OF CONSTIPATION.

Specialist Says Women in Particular are Sufferers.

WHY BILEANS PROVE SO BENEFICIAL.

A medical specialist states that eight out of ten cases of headache, dizziness, sallow complexion and various ailments peculiar to women for which he is consulted have their origin in constipation. Although this ailment is very common amongst both sexes, women appear to be the greater sufferers. Bileans cure constipation by stimulating the liver and regulating the bile flow. Bile is the natural purgative of the body. Bileans regulate its secretion."

Mrs. S. E. Baldwin, of 35 St. Paul St., Toronto, says: "I have taken Bileans for constipation and dizziness and found most satisfactory results. Bileans do not cause any griping, and not only cure constipation but also improve the general health."

Mr. A. Monaghan, of Berlin, recently proved this vegetable remedy in a similar way. He says: "For many years I suffered from both constipation and piles. Nothing I have ever tried I can be compared for beneficial result to Bileans. They have made me a different man, and if any sufferer would like to ask me any question on their operation and their value I will be glad to give all the information I can."

Such is the result of exhaustive tests of Bileans. This great vegetable remedy is invaluable also for sallow complexions due to bile in the blood, pimples, gravy, sallow skin, and blood impurities generally. Bileans also cure indigestion, debility, rheumatism, anaemia, female ailments and irregularities, "run-down feelings," liver and kidney complaint, headache, sleeplessness, wind spasms, palpitation, etc. All druggists and stores sell at 50c a box, or post free from the Bileans Co., Toronto, upon receipt of price. 6 boxes sold for $2.50.

Synopsis of Canadian Homestead Regulations.

Any available Dominion Lands within the Railway Belt in British Columbia may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father, or mother, if the father is deceased, of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy Minister of the Interior.

SALMON ARM

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

Rev. Mr. Pye attended the district meeting in Kamloops on Monday, and reports that the year just ended has been the most successful one in the history of the district.

It is expected that some outside preacher will occupy the pulpit in the Methodist church on Sunday while Mr. Pye is at conference. Services will be held the same as usual, morning and evening.

We hear that Mr. Harry Hall will leave for the East shortly to take up his home in old Ontario. We wish Harry every success and happiness, and at the same time will prophesy that he will be back within a year—Salmon Arm attractions are irresistable.

Mr. Gauvreaux, of New Westminster, has been enjoying a few days' holiday in our district during the past week.

J. W. Haggart and Chas. Haggart left for Virden, Man., on Tuesday. They will settle their business affairs there and return to Salmon Arm in the course of a few weeks with the rest of the family to make their home here.

The Independent Order of Foresters lodge continues to make steady progress, and there are now a large number of members enrolled. Meetings are held in the Orange Hall on the last Monday evening of every month. Visiting brethren are always welcome.

Mr. John Calvert and F. B. Shaw were appointed lay delegates by the Kamloops District meeting to attend the annual Methodist Conference which convened in Vernon on Friday.

The long-anticipated pleasure of Mr and Mrs. and Miss Calvert was fulfilled by the arrival of their son and brother, the Rev. John Calvert, with his wife and family, on Tuesday morning last. They reached Vancouver on Wednesday, May 6 and stayed over with the Rev. James Calvert at Mission until Monday. They intend spending the summer in Salmon Arm, returning to their home in Sydney, Australia, in the fall, travelling by way of the Old Country. Rev. James Calvert came up from Mission with his brother and went on to Vernon on Wednesday to attend the Methodist Conference beheld there.

Quite a number of people are asking for information about the wharf here, for which the sum of $5000.00 has been appropriated by the Federal Government, and in reply to these enquiries we beg to state that the engineer has been communicated with, and that he will be here as soon as his business will permit. A committee of five reputable citizens has been appointed to confer with the engineer and make definite arrangements to have the wharf constructed as expeditiously as possible. Mr. W. Gilbert has been appointed foreman of the work.

Dr. S. W. Gamble, representative of the Lord's Day Alliance, preached in the Methodist church on Sunday morning last, and on Sunday, Monday and Tuesday evenings lectured in the Presbyterian church. Mr. Gamble is without question the first authority on the subject of "The Sabbath Day" on the continent. He knows the Bible thoroughly, is a perfect master of his subject, and his instructive and inspiring addresses were very much appreciated by all who heard him.

Let me send you free, for Catarrh, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white creamy, healing antiseptic balm. Containing such healing ingredients as Oil Eucalyptus, Thymol, Menthol, etc, it gives instant and lasting relief to Catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address, Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Enderby Drug & Stationery Co.

THE GOVERNMENT AND ZAM-BUK

Survey Party Takes a Supply of This Useful Balm.

Zam-Buk, the favorite household balm and salve, is now adopted as "the Doctor" by leading parties engaged in surveying various parts of the Dominion lands.

Mr. Henry Hall, writing from Fort William, says: "Having proved how beneficial Zam-Buk is in cases of cuts, skin injuries and diseases, I determined to keep a supply handy. Being engaged to go on a survey, I thought it would be a most useful thing to take along. I obtained a supply in Fort William and very well it was I did so. I may say that pretty nearly every day it was called into requisition by one or other of the party for cuts, bruises, burns, or some injury or other. It is wonderful how quickly Zam-Buk takes the soreness out of cuts, burns, bruises and injuries; and on our survey it earned golden opinions from all who had occasion to try it. I have found it very fine for skin disease, and I can strongly recommend it as a household balm."

Mr. Lascelles Scott, one of the leading government analysts, says: "I have no hesitation in certifying the entire purity of Zam-Buk, which in my opinion is excellently adapted for skin injuries and diseases." Zam-Buk cures cuts, scalds, burns, bruises, eczema, scalp sores, ringworm, ulcers, abscesses, pimples, blood poison, chronic abscesses, etc. As an embrocation it relieves rheumatism, neuralgia and sciatica. All druggists and stores sell at 50c a box, or from Zam-Buk Co., Toronto, for price. 6 boxes sent for $2.50. Send 1 cent stamp and we will mail you free sample box.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—both are physically. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. This tablet—called Dr. Shoop's Headache Tablet—evens blood pressure away from pain centers. Just as it is charming, pleasingly delightful, gently, though surely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain always is. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

The Enderby Drug & Stat'y Co.

VALUABLE MEDICAL PRESCRIPTION

Recommended by a Well-known Toronto Doctor, Whose Love for Humanity is Greater than His Prejudice Against Proprietary Medicines.

The following very valuable prescription, by an eminent and successful physician, will be appreciated by many who are suffering from la grippe, cold, cough, pneumonia, or any throat, lung or stomach trouble, or run-down system, as it is a certain cure, and will save many a doctor's bill. It is almost a certain preventive as well:—"When you feel that you are taking cold or have chilly feeling or aching in any part of the body or head, or feel weak, tired, dizzy, unfit for work, pain in the head or back of the neck, do not neglect these dangerous symptoms, but send immediately to your druggist and get a bottle of Psychine (pronounced Si-keen), and prepare as follows:

"Psychine, 2 teaspoonfuls.
"Sherry, whisky or water, 2 teaspoonfuls.

"Choice of the latter can be made according to the judgment and preference of the patient.

"Mix thoroughly and take regularly before each meal and at bedtime."

This prescription has been used in thousands of cases and has been so universally successful that a number of leading physicians regularly prescribe Psychine in their practice for any of the above troubles, or any run-down, wasting or constitutional difficulty. It is the most reliable and valuable home remedy. It tones up the entire system, giving a feeling of vesthfulness and vigor, adding many years to the life of those who use it.

"Years ago I was almost a physical wreck and was suffering with lung trouble. Friends and medicines thought I would never get better. I decided to despair myself. Losing faith in my physician, I consulted another one who recommended the use of PSYCHINE. It was surprising to myself from the effect it had. I commenced to gain with every dose. Inside of two weeks I was able to attend to my household again. There are no symptoms of consumption about me now."
MRS. HENDERSON,
St. John, N.B.

"I had been suffering from LA GRIPPE. My lungs were weak and I had a cough, but Psychine cured me."
MRS. H. BEAN,
Cheapside, Ont.

Psychine can be procured from any druggist at 50c. and $1.00. It is a very

TOWN & DISTRICT . NOTES .

The river is rising somewhat rapidly and the current is getting strong. By the amount of driftwood which the stream is bringing down one may expect to find the banks very clean when the water has subsided. If the present hot weather continues for a length of time we shall see very high water.

In last week's exchanges we read of six inches of snow in the Niagara peninsular, and that the whole of Eastern Canada, more or less, is in the grip of wintry weather. Our beautiful spring weather is quite a contrast to what our brother Canadians "back East" have been experiencing, and should make us contented that we live in the Okanagan.

The train pulled in ahead of its schedule time on Tuesday. When the foregoing is considered it is not to be wondered that an axle-box of a freight car became overheated.

Land clearing operations can be seen in progress on every hand, and our ranchers are to be congratulated upon the large area which, as indications show, will be slashed and burned this year. Land clearing means a large expenditure of money, time and labor, but it is what this part of the country wants, and of which it cannot have too much.

The town looks tidier and smarter this year than it has ever done so before. The city officials have made some effort to remove from the streets the accumulation of rubbish, while a large number of citizens have been most assiduous in cleaning up around their respective residences and burning the rubbish. The spirit of progress and enterprise seems to have found everyone, and promises well for Enderby's future. It is only by concerted action that great results in town building can be accomplished, and there was never any greater need of it than here. May the seed spread.

Rev. R. Newton Powell, of Nelson, will preach in the Methodist church on Sunday evening next. Mr. Powell is one of the ablest preachers at the Conference now being held in Vernon, and his sermon will be more directly addressed to young men. Mr. Powell at one time had charge of the field here, and no doubt will be remembered by many.

Rev. H. J. Miller, of the Manitoba Conference, now resident in Vancouver, visited his brother, Rev. A. N. Miller, at the parsonage, for a few days this week, previous to attending the Conference at Vernon.

The frantic tooting of the sawmill whistle called the citizens out at 5 a.m. on Wednesday morning, to find that the end of the refuse conveyer was on fire. The new hose reel was given its first run, but happily was not required, for early arrivals upon the scene had been successful in assisting the night watchman to extinguish the blaze.

A. B. Currie, Dominion Land Agent Kamloops, was a visitor in town for a few days the middle of the week. It is understood that several settlers of the district "proved up" on their homesteads during Mr. Currie's visit.

Large two-color posters advertising Enderby's Victoria Day celebration have been gotten out at the PROGRESS Office.

From reports coming to hand, this spring so far has been an excellent one for the young trees which have been planted out by the thousands in this part of the Okanagan. All reports, without exception, state that the young trees have done well since put into the ground.

J. Baird, brother of A. M. Baird, came in last week from the East, and expects to remain here all the summer.

Rev. A. N. Miller went to Vernon on Wednesday to attend the Conference. A large number of ministers from various points were aboard the train also.

J. Peever is enjoying a visit from his father.

Mayor Bell left for Vernon on Wednesday, expecting to be absent at least a week. Mr. Bell is one of the grand jurymen at the Assizes which opened there on Wednesday. Mr. Bell will also attend the Conference.

Rev. A. E. Roberts, formerly Methodist minister here, passed through on Monday. At the close of Conference Mr. Roberts hopes to spend a few days in Enderby.

Work has been commenced upon the installation of the electric light system which the A. R. Rogers Lumber Co. will operate in town. Already, a number of poles have been laid along several streets.

Enderby baseball players had better get a hustle on and practise hard, if they wish to make a good showing against Armstrong on the 24th, for we note by the Armstrong Advertiser that the players there are practising three nights a week.

W. A. Dobson and A. E. Taylor were in Armstrong on Friday afternoon last and while there did a little in the way of boosting for the 24th.

Tell all your country friends of the grand list of attractions that Enderby is providing for her 24th of May gala day and invite them to town.

The trustees of the Enderby Public School are calling for tenders for the construction of a stone foundation under the school building, and also for the erection of a frame upper storey on the top of the present building. The latest date for receiving tenders for the stone work is May 25, while June 10 is the limit for putting in same for the upper storey. The tender in each case to include the furnishing of all necessary materials, and may be for the whole or any part of the work. Plans and specifications may be seen in F. Pyman's store.

The collie dog belonging to Mr. H. W. Harvey jumped from the upstairs verandah of the King Edward Hotel on Sunday evening last. He seemed none the worse for his long drop.

The appearance of the hillsides just now is a picture worthy of the brush of any painter. The light green of the cottonwoods—now almost out in full leaf—contrast vividly with the dark green of the fir and spruce, making a pleasing change to the dull tints of the winter. The air is also full of the fragrance of budding trees and fruit blossom. Truly, the springtime is a season of freshness that is most refreshing.

The local express was very, very late on Saturday, not reaching here until 3 p.m. The delay was occasioned by the local having to wait at Sicamous in order to make connection with the train from the west. This was held up near Shuswap by a freight, several cars of which had jumped the track; though, beyond tearing up the permanent way for some distance, no serious damage was done.

A sharp rainstorm visited Enderby on Friday afternoon, and was accompanied by lightning and thunder—the first this season.

The city council have received by freight the fire-hose reel which had been ordered some time ago from Toronto. Everything necessary for fire-fighting is now on hand, and it is time that steps were taken to organize a fire brigade.

Mr. and Mrs. E. Bennett, of Mara, were visitors in town on Monday.

Mrs. J. W. Bacon went to Armstrong on Tuesday, where she will visit friends for a few days.

C. E. Strickland returned on Tuesday from Nelson, where he had been attending the annual session of the Knights of Pythias grand lodge.

The welcome buzz of the saw and hum of the planers was again heard in town on Monday morning, announcing that the sawmill had commenced operations for another season.

Tenders Wanted

Tenders will be received by the Undersigned up to May 25, 1907, for building of stone foundation under Enderby Public School.

Tenders also will be received up to June 10 for building frame upper storey.

Tenders in both cases to include furnishing of materials.

Tenders may be for the whole or any part of the work. Plans and specifications may be seen at F. Pyman's jewellery store, Enderby.

The lowest or any tender not necessarily accepted.

S. TEECE,
Sec. Board of School Trustees

REAL ESTATE AGENTS *and* AUCTIONEERS

ENDERBY, B.C. P.O. box 172

Walter Truesdale spent a few days in town the latter part of the week.

We are asked to state that Sunday next, being Whitsun Day, the services at S. George's Church, which will be of a festal character, will be as follows: Holy Communion, 8 a.m.; second celebration of Holy Communion, and Matins, at 11 a.m.; Evensong and Sermon at 7.30 p.m. The services will be fully choral. Witsun Day ranks in importance with the great festivals of Easter, Christmas and Ascension Day.

A party consisting of Messrs. Wade, Hendrickson, Bowman, H. and W. Fraser made a trip to Mara lake on Sunday in the gasolene launch Komoquin. A very fast run was made down stream, getting within half an hour of Sicamous. The journey from Enderby to Mara bridge occupied two and a half hours, while the lake was reached in under three. On account of the strong current the return journey took double that time.

The first game of the season took place on Wednesday evening on the Recreation Ground, when Enderby and Armstrong lacrosse teams crossed sticks in a friendly game. For the first game of the season the article put up was of a good order, while the game was characterized by the best of good feeling and clean playing on both sides. Enderby were seen to better advantage on account of their combination play, they putting in some nice work in this direction on several occasions. Chiefly on this account were they winners by a score of 3 to 1. The game finished up in the midst of a scrimmage in front of Armstrong's goal. The question to be answered now is "Who has the ball.

A strong constitution means a healthy mind and good work—and good work means advancement. To have a strong constitution one must have the best meats, and that's what you will find at the new brick block. Always fresh, juicy and tender.
