BELL BLOCK, ENDERBY, B. C.

### Wedding Bells

A pretty home wedding was solemnized at the residence of the bride's parents, Mr. and Mrs. A. Paul, on Wednesday afternoon, June 26, when their only daughter, Lillian Susannah was united in the bonds of holy matrimony to Charles John Metcalfe. Rev. A. N. Miller performed the ceremony, in the presence of the relatives and immediate friends of the contracting parties.

The bride was becomingly attired in a travelling suit of cream panama cloth, and was attended by Miss Lottie Johnston, of Salmon Arm, who looked very pretty in white swiss. The groom was supported by Mr. R. Wheeler, his late business partner.

After the ceremony about thirty guests, friends of long standing of the bride's parents, enjoyed a daintily prepared luncheon which was served by friends of the bride. The bride has been a resident of Enderby since childhood, and is a general favorite with both old and young.

A large number of choice presents, from friends far and near, were received.

The happy couple left on the afternoon train bound for the Old Country, where a visit will be paid to the home of the groom in the north of England. A large number of friends were at the depot to wish them bon voyage.

The best wishes from a host of friends for their future happiness and prosperity follow Mr and Mrs. Metcalfe, in which the PROGRESS wishes to join.

### City Council

The usual weekly session of the city council was held on Wednesday evening, and adjournment was not had till 1 a.m.

The further discussion of the Building and Fire Prevention Bylaw took up considerable time. Much objection has been taken to some of several clauses, as well as to the fire limit, it being considered too drastic for a place the size of Enderby. The bylaw was finally referred back to a sub-committee, to be redrafted.

The Obstruction of Streets Bylaw was given its second reading and passed. The whole effect of this bylaw is that no one will be permitted to obstruct the streets in any way without written permission from the council.

A letter from the Dominion Land Office, re application of the city for grant of land in vicinity of water intake, was read. It was referred to Ald. Kenny and P. Burnet, to prepare an exact definition of the land required.

Ald. English having promised to organize a fire brigade, the mayor was requested to interview him to find out when he would take steps to do so. It was also decided to at once obtain a second hose-reel.

The report of the finance committee consisting of monthly salary list and sundry small accounts, was passed and and ordered paid.

The clerk was instructed to request the School Board to furnish an estimate of their requirements to the end of the year.

### Additional Locals

Farmers' Institute meetings, Mara, today (Saturday).

It has been officially stated that the C. P. R. earnings amount to $200,000 daily.

Mr. C. T. Kendrick, of Binscarth, Man., is visiting Rev. and Mrs. Miller at the Parsonage.

Work has commenced upon the manager's residence to be erected by the Bank of Montreal.

Armstrong and Enderby engaged in baseball upon the recreation ground on Wednesday afternoon. The less that said about it the better, but Armstrong won by 19 to 10.

The waterworks system for the Stepney Ranch which has been under construction for some time is now completed; the water being turned on recently. The supply is obtained from Hassard Creek and will be used for irrigation as well as for domestic and dairy purposes. The main is a four inch one, and the system has a pressure of 82 pounds. This creek is the one which it was first proposed to tap for the city system. Mr. Atkinson, of the Canadian Pipe Co., was the contractor, while A. Fulton did all the plumbing work.

B. Francis, of Armstrong, was in town Wednesday evening arranging for the sale by public auction of the contents of the residence of W. A. Dobson, which takes place on Friday next, July 5. We have been informed by Mr. Francis that the furniture he intends offering at this sale is the most up-to-date and expensive he has ever had the pleasure of offering to the public. No reserve. Don't forget this sale—Friday next at 2 p.m.

Arrangements are being made by the Rev. J. T. Jones, of Gladstone, Man., to hold Baptist church services in Enderby, the first of which will be held on Sunday morning next week, the place of meeting to be announced later. The service will be in connection with Vernon and will be held every Sunday morning. Up till late no effort has been made to establish this denomination in the northern part of the valley though there are congregations in the several lake towns.

Elder Young of the Seventh Day Adventists announces that a meeting will be held in a large tent to be erected on the corner of Cliff and George Streets on Tuesday evening next.

Mrs. D. Hackney, of Vernon paid a short visit to her sister, Mrs. W. T. Broderick on Wednesday, previous to leaving for Hedley where she will reside in future.

W. E. Banton, barrister and solicitor, late of New Westminster has opened an office upstairs in the Bell Block, for the practise of his profession. Mr. Banton studied at the bar with McBride and Kennedy of New Westminster, and previous to coming here was with Martin, Weart & McQuarrie of the same city.

### CARD OF THANKS

Mr. and Mrs. J. L. Ruttan wish to thank the people of Enderby for their sympathy and kindness shown them in their recent bereavement.

Send along all your notices in regard to churches, clubs, lodges, or other associations to the ENDERBY PROGRESS & NORTHERN OKANAGAN HERALD, as well as your "For Sale", or "Want" advertisements. Our paper is the best advertising medium in the district of Salmon Arm and country surrounding, and it will soon be a visitor into every home in this thriving settlement. Especially is it an excellent medium for want advertisements. Do you want anything? or do you wish to sell anything or possibly exchange? Try an advertisement in the PROGRESS & NORTHERN OKANAGAN HERALD, and be convinced of its efficacy. We are aiming to publish THE paper for the Northern Okanagan, and with this goal in view, we are putting forth every effort. By helping us in our efforts, you will be helping yourself in securing for your district a paper which will be truly representative

Subscribe for the Progress

### Enderby Coal Mines, Ltd.

The directors of the Enderby Coal Mines Ltd., have 10,000 shares of the company upon the local market at 50 cents a share, as per advertisement to be seen elsewhere in this issue.

The company holds about 8,000 acres of coal lands, comprising principally a portion of the range of hills to the north-east of town near to the northern limit of which has been located a seam of coal estimated at about 40 feet in thickness. Besides running three tunnels into the original discovery a large amount of boring operations were carried on last year at a point about 1 1-2 miles south of the original workings, and though the main seam was not actually encountered; small ones were met with, and sufficient indications gained to prove that it was not far off. Drilling had to be suspended by reason of the limit of the drill's capacity having been reached. Since then a contract was let for the driving of a 300 foot tunnel into the seam at the north end of the property. This has proved that the deposit still maintains its size and that the quality of the coal improves. The coal is a first-class steaming and domestic article, particularly free from ash and clinking propensities, and by analysis proved to be equal to any found in the province. Samples can be seen at the store of Harvey & Dobson.

The officers of the company are men well known in Enderby, and in whom every confidence can be placed.

The demand for the shares is brisk and it is anticipated that they will all be subscribed for by the date set for the closing of the list—Monday evening, July 1.

In the event of there being any mistaken ideas entertained in regard to the placing upon the market of these shares, the directors of the company state emphatically that they have adopted this course of raising a further amount of their authorized capital solely to give local people an opportunity of sharing in the enterprise—especially as they have been asked so many times to do so. Of course, if money was not wanted, the shares would not be issued: but it could just as easily have been raised by making another call upon the present shareholders, who have every confidence in the property, and who have put up all the money that has up to now been spent upon development work.

### Body Found in a Jamb

The body of the missing William Stuart was found by the river drivers at 5 p.m. on Tuesday afternoon, in a jamb of logs about six miles below the mouth of Kingfisher creek. The body was brought into town on Thursday morning, and an inquest will be held some time on Friday.

The late William Stuart was born at Dufftown, Scotland, and was 24 years of age. He leaves a mother, three sisters and one brother in the Old Country, as well as relatives resident in Enderby.

The deceased had resided in Canada for a period of just over two years, coming to Enderby from Prince Albert, Sask., about six weeks ago.

Much sympathy is expressed for both Miss Gunn, aunt, and and Mr. L. Cumming, cousin of the drowned man, upon this sad occasion.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by Enderby Drug & Stationery Co.

## Notes and Comments

We would draw our readers' attention to the advertisement of the Enderby Coal Mines, Ltd., offering 10,000 shares of the stock of the company for public subscription. From the encouraging and satisfactory nature of the reports of the prospecting work done on the property, which have come to hand from time to time, these shares cannot be considered in any other light than that of a good investment. Shares in coal mining enterprises in other parts of the Province have proved investments without an equal, and why not here. Apart from this aspect of the subject there is another. All will admit that the opening up of a coal mine in this vicinity will mean much to the prosperity of Enderby and surrounding country. All lines of business will be benefitted, and the farmer also by the increase that will be made in the demand on the local market for vegetables, dairy produce, etc. Thus, by investing a little of your idle money in this truly important local enterprise, you will be making a good deal for your own pocket, and at the same time help along the town and district.

We are glad to note that the Armstrong Advertiser has not let pass the public utterance of the coast of W. J. Brandrith, secretary of the B. C. Fruit-Growers Association, to the effect that the fruit crop of the Okanagan has been damaged by frost, and that the apple yield will hardly be an average one. The Advertiser also throws out the hint that this gentleman is "getting even for the fruit and produce exchanges here not breaking their necks to jump into the Fruit & Produce Exchange of B. C."

But that as it may, the statement of Mr. Brandrith is a gross libel as far as the Northern Okanagan is concerned. A more favorable season for fruit growers than the present could hardly be conceived, for since the blossom appeared there have been no adverse weather conditions of any description, while enquiry around the district reveals a very optimistic feeling. The fruit has set very thickly, one grower informing us that it would keep him busy for some time thinning out the fruit on his apple trees.

One is very loath to believe that such an astute man as Mr. Brandrith would commit himself in such a sweeping assertion, more especially so when his official position is considered; but so far he has not denied it. As secretary of the B. C. Fruit Growers' Association, he is not doing that excellent institution any good by spouting to "yellow-eyed" coast reporters such "tommy-rot." One or two other officials have been lately called to book for uttering "irresponsibilities," but the lesson appears not to have yet been thoroughly learned.

That British publications are benefitting from the postal preference recently arranged between Canada and the Old Country is apparent, as one has only to note the decrease in the postage previously paid. On the other hand publishers in the United States are feeling the pinch of the increased rates now payable by them from the fact that the majority of them are now billing their Canadian subscribers for the extra amount of postage now payable thereon. What the outcome will be it is hard to foresee. It may result in the loss of many subscribers to the various American publications, and a corresponding increase to Canadian and British journals.

It is certain to encourage both to make new efforts to cater to the magazine market of Canada, which is at present very inadequately filled by them, no doubt due in one case to the severe competition experienced in the past from American magazines; and in the case of Old Country papers by reason of the handicap of high postal rates. This condition of things has now been so radically changed that the Canadian market has been made a preserve for home and British journals.

There exists a demand for a high class semi-news magazine, such as are to be found "across the line," which though excellent in every respect, contain sentiments totally distasteful to all loyal subjects of King Edward VII.; and it is up to both now to make efforts to meet this demand.

It would seem that B. C. publishers recognize this market, for already two new magazines are announced, one of which, the "B. C. Saturday Sunset," has made its initial bow. The editor, J. M. McConnell, is a writer well known throughout the Province, and such a publication of the class to which the one under notice aspires should become a success, providing political bias is kept out of its editorials and contents generally.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze Stage". For a seated cold or La Grippe, break it up safely and quickly with Preventics. Sold by Enderby Drug & Stationery Co.

# McClary's Magnet Furnace

The man who has been provoked well-nigh to desperation when trying to squeeze fuel through the ridiculously small opening provided on common furnaces will appreciate to the greatest extent the advantages of the generous feed-door of the "Magnet."

It's the entire width of the fire-box, and very deep. Large enough to easily admit big, rough chunks of wood, that would otherwise either have to be chopped up or wasted.

And this feature is only one of the many possessed by the "Magnet"—the furnace built on sound, sensible lines.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere

### Synopsis of Canadian Homestead Regulations.

Any available Dominion Lands within the Railway Belt in British Columbia may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father, or mother, if the father is deceased, of the homesteader, resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

# Seeds Trees Plants

NO Seedless Plums, NO Pitless Apples, NO Cobless Corn,—just old reliable varieties at reasonable prices. Fertilizers, Bee Supplies, Spray Pumps, Spraying Material, Cut Flowers, etc. Oldest established nursery on the mainland of B. C. Catalogue free.

Halcyon Hot Springs
Arrow Lake, B. C.

# SALMON ARM

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

Mrs. Spofford, provincial organizer of the Women's Christian Temperance Union, spent Saturday and Sunday at the Arm. It is Mrs. Spofford's intention to start a society here sometime in the near future.

Dr. Gamble conducted the Presbyterian church anniversary services on Sunday last. His address at the evening service on "Unfulfilled Prophesies" was a masterpiece; and he shows a most thorough and clear insight and conception of the prophetic teachings. The lessons gleaned from his Sunday evening address were very much appreciated by the large congregation in attendance.

Mrs. Bolton entertained a large crowd of young people at her home on Friday night, June 21, in honor of Silver Creek's popular school-teacher, Miss Craik. Several of their Salmon Arm friends drove out for the occasion and expressed themselves as having had a very enjoyable time. Miss Craik is giving up teaching at the end of the term, and will return to her home in New Westminster.

The fall fair will be held on September 15 and 16. The municipal council has granted $100 towards it.

Mr. Mitchell and friends from Tappen were visitors in town on Monday.

Mrs. P. C. Campbell and family arrived on Sunday morning. They have taken up their quarters in their new house which has just been completed.

We are pleased to learn that L. B. Pangman is recovering from the illness that has kept him confined to his bed for the past few weeks.

Mr. and Mrs. Geo. Chaplin, of Crossfields, Alta., were visitors in town last week.

Mr. Sharpe of the Experimenal Farm at Agassiz, and Mr. Saunders of the Experimental Farm at Ottawa were in inspecting our district last week. Both gentlemen expressed themselves as being delighted with our valley and were very enthusiastic about the splendid prospects in store for the settlers and the inevitable success of the Fruit Growing and Dairying industries. It is rumored that an Experimental Farm will be started here some time in the near future.

The concert and supper held in the Presbyterian church on Monday evening passed off very satisfactorily. A large crowd were present, who thoroughly enjoyed a splendid programme, as well as the many edible dainties provided by the ladies.

The following was the programme:—Chairman's Address, Rev. F. G. Duncan; Piano Selection, Mr. Leonard; Song, 'A Winter's Lullaby', Mrs. McLean; Piano Solo, Miss Sullivan; Address, Rev. Mr. Gamble; Song, 'Children of the City', Mr. Wilcox; Song, 'Love at Home', Rev. F. G. Duncan; Selection, 'Under the Double Eagle', Orchestra; Song, 'Asleep in the Deep', Mr. Smith; Address, Rev. J. Pye; Violin Solo, 'Melody in F, Mr. Leonard; Solo, 'My Lady's Bower', Mis. McLean Solo, 'Island of Dreams', Mr. Wilcox' Solo, 'Asthore', Mr. Smith; Selection, Orchestra; 'God Save the King'.

## Correspondence

[We do not hold ourselves responsible for any opinions expressed under this head.—Ed.]

Silver Creek, B.C., June 19.

Dear Editor—

On the 12th of June, 1907, the Rev. S. W. Gamble, of Kansas, came to Silver Creek, to deliver a course of lectures on the Sabbath question. But Elder Young, of the Seventh Day Adventist church, came and demanded the right to meet Dr. Gamble in debate. Mr. Young had been preparing for four months to meet Mr. Gamble, while Mr. Gamble was taken by surprise, and without any special preparation. However, Mr. Young was given half of the hour each of six evenings. Mr. Gamble took the affirmative of six questions. The affirmative was given five to ten minutes to state his position and proofs. The negative was given thirty minutes to overturn them, and the affirmative then took the remaining portion of his thirty minutes to meet the arguments of the negative.

Mr. Gamble prefaced his remarks with the statement: I. The Bible recognizes three dispensations—the Patriarchal, the Jewish, and the Christian.

II. God gave a set of ten commandments to the people of each dispensation, and that therefore there are three sets of ten commandments in the Bible.

III. That therefore there were three Sabbath commandments in the Bible: 1, to commemorate the completion of Creation; 2, to commemorate freedom from slavery in Egypt; and 3, to commemorate to resurrection of Christ.

Mr. Gamble affirmed one question each night for six nights.

Question 1. Sunday was the original "Seventh Day." That it was lost to nearly all the world soon after Babel, and to the rest of the world while Israel was enslaved in Egypt—keeping Friday—and was again revealed on Sunday at Sinai, and was recorded in Exodus 20.

2 (on Mr. Young's motion). That the reward "of one thousand dollars for one verse of Bible authority for calling Sunday the Sabbath," was a fraud, through which the Adventists secured the greater portion of their members.

3 (on Mr. Young's motion). That the Seventh Day Adventists have reorganized their publishing houses so that they do not have a publishing house under the management of their General Conference, bearing the name of their church, in order to practice world-wide deception in selling Adventist literature as being unsectarian literature.

4. That the Bible calendar was not lunar, but was a solar calendar of 365 days; and that from Sinai to the Crucifixion of Christ, was so constructed that Abib 10, 14 and 16 were divinely appointed labor days in every year; and that 13 dates were divinely appointed sabbath days in every year, with six work days between the weekly sabbaths.

5. That in the fulfilment of the Old Testament prophecy, Christ abolished the Jewish decalogue, found in Deut. 5, 7-21, and instituted Sunday as the abiding sabbath.

6. That the Bible specifically and clearly teaches three sets of ten commandments, with distinctly different reasons for sabbath keeping.

We, the undersigned, have attended the meetings and approved of Dr. Gamble's teachings, he having made clear all the within questions.

Signed: H. J. Riddle, E. Riddle, E. K. Johnston, Jno. W. Armstrong, J. L. Johnston, A. W. Turner, H. C. Johnston, Alex. McQuade, Thos. Leslie, Alex. Fleming, Mary Fleming, Mrs. J. L. Johnston, Norman Buchart, H. M. Riddle, Wm. Dalrymple, Jas. MacDonald.

(The above is an exact copy of the original letter sent in by Mr. J. W. Armstrong.—Signed, F. E. Wilcox.)

The above are the names of those who were present every evening and heard the whole course of debates, and who are therefore competent to form an unbiased opinion of the questions at issue. There were large numbers who attended the meetings from one to three nights, but who did not hear the whole debate. The majority of these were also willing to sign the forgoing, but were not asked to do so.

IF IT'S IN OUR AD.—IT IS SO WE AIM TO PLEASE EVERY PURCHASER

## Gentlemen--

If you want a **Suit of Clothes**--something for better wear or for every day, or a suit to knock-about in, we can fit you out with anything you want at any price from $7 up. ## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments need be considered. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a local mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal tonic-food. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissues, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes and relieves mucous surfaces, heals local weaknesses and discharges, while the Restorative, once started, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

## TOWN & DISTRICT . NOTES .

Construction has been commenced upon the second of the fourteen houses to be erected by the A. R. Rogers Lumber Co.

V. C. Brimacombe returned on Monday from his vacation which he spent at the coast.

President Ronsevelt is coming to British Columbia to shoot grizzlies in the Kootenays when his term of office expires.

A certificate of incorporation has been granted to the Fruit & Produde Exchange of B. C., Ltd., head office Revelstoke, B. C., capital $10,000, in $10 shares.

The many friends of F. Franklin are very pleased to see him again around in Enderby after a terribly long siege in the Vernon Hospital from rheumatism. All hope that he has at last overcome it, and that he will make rapid progress towords regaining his wonted health and strength.

F. Pyman returned on Monday from attending the annual communication of the Grand Lodge of B. C., A. F. & A. M. F. H. Barnes, who was also a delegate from Enderby Lodge, had the honor conferred upon him of being appointed Deputy Grand Master of this district. Mr. Barnes, who is now in San Francisco, will, upon his return, be the recipient of hearty congratulations from brother masons.

Truly summer weather has visited us of late, and though a little trying perhaps, is welcome, as haying-time is upon the farmers now. The crop is reported to be a good one, which will go a long way to renew the depleted stock of this commodity.

Miss K. Wade and Charles E. Wade came in on Friday last from Edmonton, Alta., to make a visit to their sister, Mrs. Wm. Fraser.

A number from town are intending to take in the dance at the North Enderby School House.

Dont forget the ice-cream social given next Thursday July 4, by the Ladies' Aid of the Presbyterian Church on Mrs. Moffet's lawn. Besides ice-cream: tea, cake, etc., etc., will be served, both afternoon and evening. During the evening also, a number of vocal and instrumental numbers will be rendered.

Miss L. Paul entertained a number of friends on Friday evening last previous to her marriage.

The days of arrival and departure of the C. P. R. fast transcontinental tri-weekly train service were announced this week. The service will become effective on July 2 and the first train will deport from Vancouver for Montreal on that date while the first arrival will be on July 6. Days of arrival will be Saturdays, Mondays and Wednesdays, while trains will leave Tuesdays, Thursdays and Sundays. The hour of departure from Vancouver will be 4.40 o'clock in the afternoon and arrivals will occur at 6 o'clock in the morning.

N. H. Kenny and J. F. Pringle returned on Wednesday from attending the A. F. & A. M. Grand Lodge held at Vancouver.

Posters announcing the programme of attractions for Armstrong's Dominion Day celebration have been posted around town. It is certainly the most ambittious one ever attempted in the Okanagan, and that a large number will go from here is sure. The features will be two games of baseball, lacrosse, and football. In addition to the foregoing, the committee has secured from Chicago, a professional aeronaut, who will give two balloon ascensions during the day. To see this man drop from the heights in the clouds will be an attraction which many in this country have never yet had the pleasure of witnessing and this feature alone will assure Armstrong of a large turnout on next Monday.

# We shall close

## at 6.30 p.m.

We beg to inform our numerous patrons that, starting **on Monday Next, June 17,** we shall close at 6.30 every evening except Saturday evening and before a public holiday.

**MATTHEWS & EVANS** **ENDERBY**

## Farmers' Institue Meetings

Regular meetings of the above will be held as follows:

**ENDERBY, Friday, June 28.**—At 12.30—Open-air demonstrations in Messrs. Wylie & Gracie's orchard. 7.30 p.m., Orange Hall lecture on "Orchards and Fruit" by Thos. A. Brydon. "Horses and Cattle," Mr. Fraser.

**MARA,** Saturday, June 29, 2.30 p.m., open-air demonstrations by Thos. A. Brydon. 7.30 p.m., Mara Lumber Co.'s Boarding House, lecture on "Orchards and Fruit" by Thos. A. Brydon; "Horses and Cattle" by Mr. Fraser.

J. R. Anderson, Deputy Minister of Agriculture, will also assist.

J. R. BIRD, Secretary.

## Tenders Wanted

Tenders will be received by the undersigned for cedar telephone poles as follows:

250 poles 25 feet long, 10 inches diameter at but, 6 inches at top.

25 poles 35 feet long, 10 inches diameter at butt, 6 inches at top.

25 poles 45 feet long, 12 inches diameter at butt, 8 inches at top.

All poles to be of sound cedar and peeled to five feet from butt, and delivered on cars at Enderby or Mara.

The Okanagan Telephone Co.

Vernon, B.C., June 25, 1907.

We could but briefly mention, last week, the reception given by the Ladies' Aid of the Methodist Church, as we were just going to press. That the visitors thoroughly enjoyed their stay was borne out by the "We will come again" in their adieus. Rev. Mr. Miller and Mayor Bell, of Enderby, acted as chaperones, but they were paid no attention to, as the ladies were evidently out for a good time. The foot race was won by a lady from Enderby, the entries from here all being distanced. As we were not invited to the tea we cannot enter into a thorough description of the menu. That it was of the best is vouched for by the reporter whose scent for good things took him from the office to "rubber." Advertiser.

Let me mail you free, to prove merit samples of my Dr. Shoop's Restoration and my book on either Dyspepsia, the Heart, or the Kidneys. Address me Dr. Shoop, Racine, Wis. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by Enderby Drug and Stationery Co.

## For Sale

HALF INTEREST IN LIVERY BUSINESS. Barn 40x96, electric lighted, good waterworks; fourteen head of horses; seven single and four double rigs; wagons, sleighs, cutters, dray; harness; everything complete. Good business. For particulars apply A. L. Matthews, Enderby, B.C. 5-4t

## Dissolution of Partnership

Notice is hereby given that the partnership heretofore existing between J. McNeill and J. McEwen, under the style of McNeill & McEwen, blacksmiths, of Enderby, has been dissolved by mutual consent, and the business will be carried on by J. McNeill
