THE DIFFERENCE

Between black and white is no more marked than the difference between the Toilet Requisites we sell and those sold by some other concern. We stand squarely on a platform of quality—quality first, then as low prices as the best goods can be sold for. Our reputation has been built on this, and we will maintain it. For good, high-class goods at reasonable price, try us and you will not be disappointed.

Okanagan Rifle Association

The Okanagan Rifle Association composed of all members of Government Rifle Association in the Okanagan will hold its first annual meeting at Armstrong on Monday and Tuesday, September 2nd and 3rd. For the benefit of any of our local marksmen who may wish to take part, we append the Prize List:

1. Tyro match, at 500 yards open to all members who have never served in army, navy, volunteer or militia, and who have not won more than $200 at any previous Rifle Association meeting. Prizes, Cup(presented by Armstrong & Leverington) and five other prizes.

2. Skryme-wood Match, at 200, 500 and 600 yards; 7 shots at each. Prizes, Challenge Cup and 8 other prizes, three of which are for tyros.

3. Rapid Fire, at 500 yards, 7 shots, 8 prizes, 2 of which are for tyros.

4. Ellison Match, at 200 yards, 7 shots. Prizes, Cup, (presented by Price Ellison, M.P.P., and 8 other prizes, 3 of which are for Tyros.

5. Professional Gentlemen.s match at 500 yards, 7 shots. Prizes Challenge Shield, presented by Drs. Vankleek and Fraser and F. T. Cornwall, Esq. Prizes, Shield, and 8 other prizes. 3 of which are for tyros.

6. Tronson match at 600 yards, 7 shots. Challenge Cup and 8 other prizes, 3 of which are for tyros.

7. Consolation Match at 200 yards, 5 shots. Open to all who have not won more than $2 at the meeting, and have entered in 4 matches. Five prizes.

8. Grand Aggregate, for the aggregate of matches, nos. 2, 4, 5 and 6. Prizes, Okanagan Rifle Association Silver Medal, Bronze Medal, and 4 other prizes.

Team Match for Kelowna Cup, won last year by Armstrong. The trophy has to be won three times by same team before becoming their property. Open to teams of eight previously named members of each Civilian Rifle Association in the Okanagan, for the aggregate of scores in match No. 2.

Shooting to commence sharp at 8 a.m., and continue until 6 p.m., with an interval between 12 noon and 1 p.m. for lunch each day.

The team to represent the Okanagan at the B. C. Rifle Association Meet in 1908 shall be selected by the council, the members being called upon in the order of their score in the grand aggregate match.

F. C. Wolfenden, of Armstrong is the Secretary Treasurer, from whom copies of the prize list can be obtained.

ENDERBY DEFEATS VERNON

The Enderby Lacrosse Juniors followed up their victory over Armstrong by vanquishing the Vernon Juniors to the tune of 5 to 0 on Wednesday evening in the recreation ground. Enderby were one too many for the boys from the south who never had a show. The following was the line-up:

VERNON		ENDERBY
Duncan	goal	E. Bradley
G. Reinhard	point	W. Johnson
W. McClusky	c.p.	W. Duncan
Lowes	1st def.	O. Jones
F. McClusky	2nd def.	R. Jones
Rolston	3rd def.	J. Verner
Smith	centre	C. Johnson
Crozier	3rd home	W. Douglas
W. Reinhard	2nd "	W. Miller
Buckenwroth	1st "	E. Evans
H. Haugh	outside	P. Miller
P. Haugh	inside	G. Duncan

There were not many out to the game, and some of those preferred sitting on a slab-pile outside the fence instead of paying twenty-five cents! That is not the way to encourage sport.

We are in receipt of the prize list of the Annual Agricultural Exhibition held at Vernon. The list is a very generous and lengthy one. The dates of the exhibition are September 16, 17, and 18. C. Godwin, Vernon is secretary.

Additional Locals

J. A. Mohr and J. McMahon left on Wednesday on a business trip to the Similkameen.

There will be no service at S. George's Church on Sunday morning next. Evening service as usual.

Nine bovine were impounded on Monday evening. They had taken possession of the recreation ground, having broken the gate.

J. B. Gaylord informs us that he picked ripe tomatoes on Wednesday evening. Considering the backward season and the little sunshine that we have had for the past month this is considered early.

Though called at so short notice, a large number attended the united Sunday School picnic, on Friday afternoon last week, and which was happily attended with fair weather. The picnic was held by the side of the river, about a mile north of town. Games and races were indulged in by the assembled youngsters to their hearts' content and an enjoyable day was spent.

The Seventh Day Adventists have leased the Orange Hall in which to hold their meetings each Sunday evening commencing Sept. 1st. Next Sunday evening Aug. 25th will be the last one held in the tent. Elder Young informs us that he will begin a series of studies on the Book of Revelation and as it opens with a benediction upon those who read and hear its truths; those attending will have an opportunity of testing its promise. Elder Young feels encouraged with the outlook for his work here in Enderby.

Mr. Charles W. Robinson, of Cambridge, New Brunswick, accompanied by his daughter, Miss Clara M. Robinson came in on Tuesday morning on a visit to his son, W. Robinson, city. Mr. Robinson expects to extend his visit over a couple of months

Rev. A. N. Miller attended a district meeting in Summerland this week of the Okanagan Methodist church.

On account of the school building not being quite ready for occupation, the children will have another week's holiday, the trustees having decided not to open school till September 3.

Angus McDonald, a logger, now in the Provincial jail, will be sent down to New Westminster asylum, having been certified as insane. From the evidence given before F. Barnes, J.P., and Mayor Bell on Thursday evening, it appears that McDonald for some time has been acting strange; until, one day, having been told by the foreman to get his time for refusing to do as told, the prisoner aimed a blow at him with an axe, which happily did not touch the foreman.

W. J. Fenton, road foreman of this district, has been busy for the past few weeks upon this end of the Mabel lake road. He has brushed out the right-of way between town and Cook's ranch, removed stumps, put in a number of culverts, and filled in the bad places with gravel. Altogether a general repair has been made to the whole of this portion of the road; and from remarks made by those who use the road, it has been greatly improved. Before leaving it to go to the Enderby-Salmon Arm road, Mr. Fenton says that he expects to grade the road as far as the foot of the big hill. With regard to "A Traveller's" letter in last week's PROGRESS he admits that it is a bad piece of road, and to which attention will be given next. It is the intention to connect up the new route mapped out by the previous road boss for this portion. The greater part of this new route has been cleared and graded to a width of sixty-six feet, and it is estimated that two weeks' work will put it through in order to make connection with the main road at this end. This will replace the greater portion of the bad place so often complained of.

CARD OF THANKS

Mr. and Mrs. Morrison wish to thank their many friends for the deep sympathy and much kindness extended to them during their recent bereavement.

Hon. Frank Oliver at Salmon Arm.

POSITION OF SQUATTERS

On Timber Limits Explained by the Minister of Interior at a Public Meeting.

Hon. Frank Oliver, Minister of the Interior, stopped off at Salmon Arm from Saturday morning's transcontinental to gather information in reference to the timber limits and Indian Reserves surrounding that place.

The residents of that enterprising town and municipality are deeply anxious that the holdings of the Columbia River Lumber Co. should be thrown open for settlement, as they regard the most of these limits as "worked-out" from a lumberman's point of view. It is essential for the future development and prosperity of Salmon Arm that these lands should be given over to agricultural pursuits. The limits in question consist of about eight sections of land, nearly all of which is suitable for fruit-growing and similar intensive farming. It has been suggested that the land be cut up into 40-acre plots and sold for the benefit of the community. This would mean somewhere in the neighborhood of 120 families being added to the population of the municipality, resulting in a large increase in the trade and importance of the town of Salmon Arm.

A number of squatters are now settled on the limits, some of whom have been there several years, and have built houses and made improvements without having any title to the land. In some cases these squatters were not the first applicants to homestead the land now held under timber license, and considerable enquiry will have to be made to ascertain who is entitled to receive homestead privileges.

Hon. Frank Oliver spent all the forenoon and part of the afternoon in looking over the timber areas to the north-east of town and visiting squatters who have taken up their residence thereon.

At 3 p.m. a meeting was held in the Orange Hall, at which the Minister explained the point of view taken by the Federal Government with regard to Indian reserves, and also gave an exact definition of "squatter's rights," which in these cases consist of no rights at all.

Hon. Frank Oliver was introduced to those present by Mr. Wm. Gibbard, President of the Salmon Arm Liberal Association, who was supported by Mr. S. M. McGuire, Secretary of the Association, and W. Droane.

Mr. Oliver first spoke on the limits question, and said in part that the government at Ottawa, many years ago, made a bargain with the Columbia River Lumber Co., and will have to keep it just the same as a bargain made between two private individuals. He explained how the lands each side of the railway belt first came under the juriadiction of the Dominion Government, and said that in those early days they had no idea how valuable this land in question would become through the demonstration of its horticultural capabilities. It was now too valuable to be tied up and they propose to say to the lumber companies that no trouble is desired over the disposal and settlement of these lands, but in view of the growing sentiment, that portion of the limit upon which there is now no merchantable timber, will have to be opened for settlement. Mr. Oliver could not say in what manner this might be done or how they would settle the vexed question of ownership between the squatter and the first applicant to homestead. He assured those present that no partiality would be shown, but each case to be decid-

Notes and Comments

FROM the many comments that we have heard re the opinions expressed in the editorial on the close season for grouse and chicken, it would seem that practicaly the whole of the residents of this district consider that it should not be included. On every hand come reports of the birds being very plentiful—more so than for several years past. As there appears to be such unanimity in regard to the matter, we would suggest that a petition first be circulated and then forwarded to our parliamentary representative at Victoria, praying that the close season be removed. Unless a united move is made, nothing will be accomplished.

How quickly can you tell a live town from a dead one by simply looking over its newspaper. A poor skim milk sort of a newspaper with a few small advertisements, and those looking as though they were run at half price, betokens a dead town just as sure as a corpse indicates a funeral, while a good, lively, well-printed newspaper, filled with good, fresh ads., and displayed locals, shows that the town is prospering and thriving. It never fails.

CORRESPONDENTS of the press say that Bill Miner, the robber and outlaw, who recently escaped from the penitentiary, has so many friends in Southern British Columbia that his capture may be a matter of a great deal of difficulty. We hesitate about taking a statement of this kind at its face value, but there is probably some foundation for it, or it would not have been made. It is a very unfortunate state of things that such a report should be in circulation, because we can think of nothing more unworthy of Canadians or more calculated to injure the standing of the province, than the existence of anything like general sympathy with a notorious criminal. It has been our boast in the Dominion that as a people we were staunch upholders of the law and all eager to see that it is enforced, and it will be a stain upon the good name of British Columbia if this man is allowed to remain at liberty because of a kindly feeling towards him on the part of any considerable number of the population. If there is one thing which more than another makes life on the borders of settlement in this country more to be recommended than frontier life in other parts of the continent, it is the fact that the majesty of the law is upheld, not only by those who are charged with its administration, but by the people at large. This more than anything else has made our country a place where a man may safely bring his wife and children. There has hitherto been no need in Canada for the law of the shot gun. If such a state of things is to continue the people must assist the officers of the law, rather than throw obstacles in their way.

Hon. Frank Oliver, Minister of the Interior, while in Vancouver stated: "I am personally for a white Canada." Continuing he added that it was his intention to study the situation closely, but that, of course he could say nothing further at this time. He denied the absurd statement attributed to him by a Calgary paper that the Dominion government was about to transfer its lands in this province to the provincial government. As a matter of fact, the department of which he was the head, was preparing to make great changes in the administration of the lands. It was recognized that the methods adopted on the prairies where holdings could be carved out with the regularity of a chessboard would not do in a country of such varied geographical configuration as British Columbia.

CITY OF ENDERBY

Court of Revision

NOTICE is hereby given that the first sitting of the Annual Court of Revision of the Municipality of the City of Enderby will be held at the City Office, on Monday the 16th day of September, 1907, at 7.30 p.m. for the purpose of hearing complaints against the assessment as made by the assessor, and of revising and correcting the assessment roll.

Any person complaining of an error or omission, or as having been under-charged or over-charged in the assessment roll, may come before the court, (1) personally, (2) by means of a written communication, (3) by an attorney, or (4) by any other person authorized by him in writing to appear in his behalf, and the court may correct, or confirm the assessment; but no complaint can be heard unless notice shall have been given in writing to the Assessor of the ground of such complaint, at least ten days before the date of the first sitting of the Court.

GRAHAM ROSOMAN,
Clerk of the Municipal Council.
Enderby, B.C., Aug. 12th, 1907.

20-gauge steel may do for common furnaces, but nothing less than 14-gauge heavy sheet steel is considered good enough for the "Magnet" radiators.

This not only gives the "Magnet" radiators greater strength, more years of service, but far and away more heating power as well—which means they will radiate a greater degree of comfort-giving warmth than the usual lighter, 20-gauge radiators.

McClary's Magnet Furnace

Remember, too, that all bolts are on the outside, where they cannot be burned off by the heat. Neither is it possible for them to catch the soot and dirt, allowing it to lodge around them, interfering with the draft, besides rotting them off—an expensive fault of many furnaces.

"MAGNET" is built with the idea of outlasting other furnaces—and it lives up to the idea, too.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

A. FULTON, LOCAL AGENT

A WOMAN'S TESTIMONY

Why do I use MOFFET'S "BEST" FLOUR? you ask. For many reasons, chief among which are: Its uniform superiority. Its great strength and the absolute certainty of its results. I have tried many other flours and from some have made good bread at times. MOFFET'S BEST has yet to fail me. Accept this recommendation of an experienced cook and use nothing but Moffet's "BEST" Flour for bread baking.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to those weak and wanting nerve centers. It builds, it strengthens; it gives real, positive heart help.

If you would have strong Hearts, strong digestion, strength, then nerves—reestablish them as needed, with

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father, or mother, if the father is deceased, of the homesteader, resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1.00 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

SALMON ARM

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

J. Fraser of Revelstoke was in town on Sunday renewing old acquaintances.

J. and Ettie Kew and the Misses Mable and Edna Shaw were visitors in Shuswap and Kamloops last week.

The Hon. Frank Oliver, Minister of the Interior, was in town on Friday last and addressed a mass meeting held in the Orange Hall in his honor. Mr. Oliver dealt with the various perplexing questions of local interest in a straight-forward, frank and decisive manner, showing conclusively that he thoroughly understands all departments of work connected with the office which he holds.

We are pleased to hear that Jas. Duncan has passed successfully through the operation for appendicitis, which was performed upon him in the hospital in Victoria on Thursday last.

Mr. and Mrs. Hedley Shaw of Toronto, are visiting with their relatives in the valley.

Messrs. S McGuire, Capt Leonard and H. Weber drove over to Armstrong on Tuesday and attended the Masonic Meeting held there that evening.

Messrs. Fred. and Cyril Thompson launched their new motor boat on Monday. It is a good sized boat—one that will hold ten or twelve comfortably—neatly finished and fitted with first class machinery. The boys built the boat themselves and they deserve our congratulations for turning out such a well finished article.

The Edward Bros. were business visitors to Kamloops on Monday.

The apple crop is a heavy one. The Exchange is doing a rushing business these days. Four expert packers have been at work this past week and the apples are being shipped in perfect condition, which will without doubt add very materially to Salmon Arm's reputation as a fruit growing centre.

HON. F. OLIVER AT SALMON ARM

Continued from page 1

ed upon its own merits. The squatters had not a vestage of legal right to the land and what they might obtain eventually would be given as an act of grace and not of right. He hoped to see the matter arranged to the satisfaction of all, but he clearly saw it would be impossible to please everybody.

With regard to the Indian reserves, Mr. Oliver said that there was a plan in operation whereby the Department would act as intermediaries between the man who wants to buy the lands and the Indians who might feel disposed to sell. But the Provincial Government held that the Indians had not perpetual title to the land, and could not thus sell their interest, which only lasted as long as they occupied the reserves. Directly they ceased to occupy the reserves, or sold their interests, they reverted to provincial administration, and neither Indians nor the purchaser thereof, had any claim upon such land. This was brought before the public eye by the sale by the Dominion authorities of Indian lands adjacent to Prince Rupert.

Under this dual control, or until it was settled whether the reserves reverted back to the British Columbia Government or not, no action could be taken looking towards the development of these virgin areas.

The speaker was quite aware of the effect these reserves had in retarding the growth of the country, situated as many are in close proximity, and in some cases in the heart of prosperous settlements; but until the question referred to above was settled, they would have to stay.

Mr. Oliver good-humoredly answered several pressing queries on the part of those interested in the squatter vs. first applicant question, but could not give any definite reply as to the course of action that his Department might take.

The meeting closed with a vote of thanks to Mr. Oliver for his address, and for the interest he had taken, as evidenced by his earnest manner of acquiring all the information possible on the subject.

Mr. Oliver left on the night train for Golden, where he will stay off for several hours in search of further information.

Home Circle

The secret longing of nearly all who are wanderers or whose abiding place is temporarily among strangers, is expressed in the words of that sweet song "Write me a letter from home." The one thing that the heart needs is a word from those around the old hearthstone. Especially is this so in the case of young men.

No boy goes out from the home Circle without a sense of loss. For a time, at least, the motherly presence is sadly missed, the sisterly affection warmly cherished. Then if the mother's letters reach him often, filled with all that a mother most eloquently expresses, love, hopefulness and prayer, he is still surrounded by a holy influence.

If the sister writes frequently, manifesting her pure affection in such ways as her heart naturally prompts, he can hardly run into sin. And if home epistles come seldom, what then? The loss in the young man's life must be made up. He finds his leisure hours dull, and they must be enlivened. There is no call for long, heart-ful letters in return for similar ones. The evenings he might give to penning these he spends in amusements of a doubtful character. Wanting the tenderness of woman's love, it is not strange if he falls a victem to wicked wiles. So he forsakes his better self and takes to his bosom pleasures that sting him to death. And ere long he becomes a thing for the mother and sister to weep over, and his promising young life fades out in darkness. A sad picture this of course. But it is only a sad picture of even sadder realities. There are hundreds of young men in every great city, in the very lowest depths of degradation, whom the home influence, carefully and prayerfully extended through tender, affectionate, womanly letters, might have saved. There are hundreds of others just taking their first lesson in vice, who may, be brought back to purity by loving words from mothers, sisters and sweethearts. Until a man becomes thoroughly vicious, the thought of a pure woman's love will do much to restrain him from iniquity. If that love grows careless of him, he grows careless of himself. Think of this, you have sons, brothers or lovers away among strangers. Remember that you owe them a sacred duty; and give them frequent missives from home, freighted with love and accompanied by earnest prayer.

BANK OF HAMILTON

The only way to start a Savings Account is to start it. Good intentions do not bear interest—neither does idle money.

The Bank of Hamilton pays interest at highest current rate, compounded quarterly.

Salmon Arm Branch:
H. W. SMITH, Agent

Let me mail you free, to prove merit samples of my Dr. Shoop's Restoration and my book on either Dyspepsia, the Heart, or the Kidneys. Address me Dr. Shoop, Racine, Wis. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—means stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat "inside nerves". Also for bloating, biliousness, bad breath, or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr Shoop's Restorative sold by Enderby Drug and Stationery Co.

TOWN & DISTRICT . NOTES .

J. P. Shaw of Salmon Arm was in town on Tuesday.

P. Murphy returned on Sunday from the Kootenays, where he had been looking after his mining interests.

Wm. Monk, of Enderby, who had been confined to the hospital for some time by a serious illness, returned home last week much improved in health.—Vernon News.

Mr. and Mrs. A. E. Taylor returned on Saturday from a short holiday spent at Kelowna.

Supt. Marpole passed down and up the branch on Monday in the private car Lillooett.

The deal for the purchase of the Fortune ranch at Tranquille has been closed by Dr. Fagan and Dr. Stephen on behalf of the sanitarium committee. This is the site selected for the location of the consumptive sanitarium.

A number from town drove down to Armstrong Tuesday evening to attend an ice cream social held on the Manse lawn under the auspices of the Presbyterian Ladies' Aid. There was a large crowd present, and all enjoyed a pleasant time.

After three weeks of wet and dull weather, the Okanagan sunshine has again asserted itself, and therefore one and all are all smiles again. Harvesting operations, which had been interrupted, are now again in full swing, and from the way in which the barometer has risen, it seems as if they will not be again interrupted—at least for some time. Fall wheat that was cut is reported to have sprouted, while spring wheat and oats are in good shape; and with a week's sun will be ready for cutting.

R. Gardom, a brother of Constable Gardom, of Enderby, who for several years has been custom's officer at Midway, has resigned his position to enter into the real estate business in Vancouver, and before leaving for the coast he was tendered a complimentary banquet at Midway by the residents of that town and Greenwood, who warmly expressed their appreciation at the manner in which he had fulfilled his period of office.—Vernon News.

Owing to an unprecedented rush of jobwork we have been unable to give all the attention we should have liked to the local news. However, we are now caught up in the job department, and if you are requiring anything in that line, now is the time to place your order.

It is our sorrowful duty to have to record the death of George David, the little son of Mr. and Mrs. J. A. Morrison, at the age of 4 years, 5 months and 3 days, which took place on Monday morning. The child, who was the only son, had been suffering from an attack of diptheria, and on Sunday seemed so greatly improved that the little fellow was considered to be out of danger; but it was not to be, for death came while the child slept, shortly after 3 a.m., on August 19. The news of the sad event came as a shock to all. Wherever it touched it left sorrow, and the expressions of sympathy for the bereaved parents were many, and from the heart. Thus over a happy home the shadow of a little grave has fallen. Death is a hard master. He would take from us of our brightest and best; but he cannot mar memory. That will serve as a balm to our wounded hearts.

The funeral was held on Monday afternoon to Lansdowne cemetery, and was attended by many friends. The service was conducted by Rev. A. N. Miller.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by Enderby Drug & Stationery Co.

Mr. and Mrs. B. Gardom returned on Saturday from Vernon. Mr. Gardom has been relieving Chief Constable Simmons.

Fire on Monday morning destroyed a large barn on the Clinton ranch near Larkin. The fire was first noticed by women in the house, who, while calling the men engaged at threshing in another part of the farm, made valiant efforts to save some of the contents. They were successful in saving some of the harness and in liberating three horses. Though the men could do nothing to save the barn, a large pile of sacks of wheat that were quite close to the burning building were removed to a place of safety, only three being destroyed. The threshing gang lost a considerable quantity of clothing, money and other personal effects. Mr. Clinton had only recently sold the property, and was working it this season for the new owners.

F. Burnet, Jack Smith and P. Murphy went to Sicamous on Monday evening's train en route to the locality of the find of galena made by the first named. H. Fraser took them across the lake in the "Komaquin." It is understood that, Mr. Murphy has made an offer for the prospect, providing it turns out as it has been represented. Reports are also to hand that several other parties are on the ground looking for the discovery.

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Candy Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early, or at the "Sneeze Stage". For a seated cold or La Grippe, break it up safely and quickly with Preventics. Sold by Enderby Drug & Stationery Co.
