Dominion Day

Celebrations of this popular mid summer holiday were held in Armstrong, Vernon and Penticton, and favored with ideal weather, all three were in their own way successes.

The greater portion of our citizens, as well as a goodly number from Mara, Salmon Arm and country surrounding, journeyed to Armstrong to join with the residents of that place in celebrating this 40th anniversary of the birthday of the Dominion of Canada. There was a large crowd present, and in every way the celebration was a huge success, and the go-ahead people of the hub of the Municipality of Spallumcheen are to be complimented upon the excellent programme provided, as well as for the provisions made for their visitors.

Chief among the attractions were two balloon ascensions with a parachute drop, which were carried out successfully. Kamloops defeated Revelstoke at lacrosse by 6-3; Armstrong defeated Enderby at baseball by 6-3, only in turn to be outplayed by Salmon Arm for the cup put up by the citizens of Armstrong by a score of 17-2. Lumby defeated Armstrong at football, score 5-1.

Armstrong did everything to please her guests, and all came away after having spent a delightful holiday

Institute Meetings

The Farmers' Institute meetings held on Friday last were, perhaps, the best on the whole that have been held in this district. The demonstration in Wylie & Gracie's orchard in the afternoon drew the larger crowd, not so many turning out in the evening to the meeting in the Orange Hall. Those who were present say that the result was very profitable to them, the several lecturers giving many timely hints and pointers along all lines of agriculture. The only way to obtain the best results from these meetings and demonstrations is to go and hear and see for yourself. No amount of printers' ink no matter how well used, can impart the same knowledge in so thorough and convincing a manner as the lecturer himself, direct from his own lips. Especially in the fruit-growing business can one be always learning "things"—things which if put into practise on the start would lessen the number of blanks drawn by beginners. You cannot afford to miss any opportunity of hearing these experts, and instead of having to be asked to come, should be on the look-out for the next meeting.

A SAD DEATH

Death came as a happy release on Sunday morning, June 30, to Francis Bain the sufferer from consumption who had for some time past been living in a tent on the northern limits of the city, and whose last hours were made comfortable and cheerful by the ministrations of many of our citizens.

The deceased was a native of Scotland, where he leaves his mother and a sister, and was 23 years of age. There are also two other brothers in South Africa and a married sister in Toronto. He came here from Banff about two months ago, having been taken sick at that place. By those who knew him, the deceased was spoken of as one of nature's gentlemen appreciating fully any kindnesses that a number of our citizens seemed anxious to show to an unfortunate man so far from friends and home. Special mention is due to Mrs. Blackburn, who kindly and faithfully nursed the afflicted man during his last days and was as Mr. Bain himself said a real mother in word and deed to him.

The funeral was held on Sunday afternoon and was conducted by Rev. D. Campbell.

Fruit-Growers to Organize

W. J. Brandrith secretary of the B. C. Fruit Growers Association announces that he will be in Enderby on Wednesday next, July 10, and will hold an open air demonstration at 10 a. m., and a meeting in the Orange Hall at 1 p. m. At the afternoon meeting the address will be upon "Spraying," and also upon the benefits of organization.

As is well known efforts are being made to organize an Enderby branch of the Fruit Growers association and this is the reason for Mr. Brandrith's visit.

It had been arranged to hold the meeting on Friday last, but unfortunately it clashed with that of the Farmers' Institute, and it is hoped that all interested will be present.

Inquest Held last Friday

An inquest upon the body of the late Wm. Stuart was held by Dr. O. Morris of Vernon, Coroner, in the city office on Friday evening last week.

The jury was composed of Messrs. A. E. Taylor, (foreman) H. McDonald, F. Franklin, A. Fulton, H. W. Wright and G. C. Salt. After hearing the evidence of P. McCarthy (the last man to see deceased alive), G. Williams, J. H. Barrie, and Geo. McNie (who was present when the body was found) and Dr. Verner, the jury after a short deliberation returned the following verdict: That the late Wm. Stuart came by his death by drowning by falling off a log into Kingfisher Creek. No blame being attached to anyone.

Mara School Closing

On Friday, June 28th, the Mara Public School closed for the summer vacation, with the usual examination. Miss Richards the teacher, and the children, although a little nervous at the start, acquitted themselves very well; the lessons in most cases being well prepared and recited. After this came recitations and songs and a very pretty wreath drill by eight girls dressed in white, who went through it very nicely giving great credit to the teacher. This last item was encored. At the conclusion of the foregoing Mr. Owen gave out the rolls of honor: Deportment, Olgy B. Massey; Regularity and Punctuality, Mabel Johnson; Proficiency, Annie Moser.

A large number of relations and friends of the children were present and many of them brought refreshments in the shape of cakes, sandwiches, strawberries, ice cream, etc. and a very enjoyable picnic was held in the schoolyard. When the dishes were washed and put away, the men got up a collection and the following programme was gone through.—

Three legged race: 1st A. Moser and E. Grey; 2nd B. Grey and N. Zettergreen.

Girl's race: 1st E. Grey; 2nd A. Moser

Boy's and men's long jump: 1st J. Massey; 2nd L. B. Massey.

Small girl's and boy's race: 1st C. Johnson; 2nd O. Massey.

Girl's rock race 1st A. Massey; 2nd E. Massey.

Boy's rock race: 1st W. Witala; 2nd A. Zettergreen.

Girl's high jump; 1st E. Zettergreen. Second girl's race: 1st E. Grey; 2nd M. Johnson.

Boy's high jump: 1st J. Massey; 2nd W. Witala.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by Enderby Drug & Stationery Co.

City Council

With the exception of Ald. Johnson all members of the city council were present on Wednesday evening.

The chief business transacted was as follows:

On motion of Ald. Kenny and Ald. Evans, the Building & Fire Prevention Bylaw was so amended that the fire limit has been done away with, and the clerk instructed to fix thereunto the city seal.

Ald. English stated that he had been deputed to ask the council whether they would make a donation to the band.

Ald. Worthington moved, seconded by Ald. English that $100 be given. A discussion ensued, some of the councillors being of the opinion that while the band is an institution which should be encouraged, the financial position of the council was such as did not warrant giving $100 at present moment. It was finally decided on motion of Ald. Kenny, seconded by Ald. Evans to give the sum of $50.

The proposed amendment to the trade license bylaw, in respect of contractors' licenses, was given two readings and passed.

An Unusual Case

John Gavin, of the Salmon Arm road, was on Tuesday afternoon charged by Constable Gardom before Graham Rosoman, P. M., with unlawfully leaving a dead horse within 200 feet of a highway, on the property of Wm. Edward Harper, also of the Salmon Arm road. A. Bridgeman, barrister, of Vernon, appeared for the defence.

It appeared that defendant was driving a team along the road past complainant's ranch on June 15, when one of his horses became paralyzed and died there. Defendant, with the assistance of J. Gillard and his son, together with S. Cunningham, thereupon hauled the carcase some 70 feet down the lane leading to complainant's cabin and buried it, at a depth of from two to three feet. Complainant was absent at the time, and was highly incensed when he found what had been done. He therefore laid a complaint with the police.

He contended that the burial of the carcase in the vicinity of his cabin constituted a danger to health, and having been done without his permission, was a violation of his rights as owner of the place.

Defendant was sentenced to pay a fine of $10 and costs, also to bear the expense of covering the place of burial to sufficient depth to ensure that no objectionable effluvium should arise.

Additional Locals

Mrs. C. C. Josselyn of Kelowna, is the guest of Mrs. F. V. Moffet.

Mrs. Matthews, sr., accompanied by her daughter, Mrs. Hartley, left on Wednesday for Winnipeg, where she will visit relatives for some time.

Ted Hopkins left on Thursday on an extended trip to Manitoba points.

A goodly number from town attended the dance held in the North Enderby schoolhouse on Friday evening last week. There was also a large crowd present from the surrounding country, and a good time was enjoyed by all.

What was perhaps the worst storm in many years visited the valley on Wednesday evening just at sundown. The picture presented as the dark low clouds rolled up from the south and struck against the side of the mountain east of town was grand and awe-inspiring. So ominous did the oncoming storm appear that many feared we were in for a cyclone. Happily, it did not turn out as bad as that, though the wind did blow some, with it coming hail and rain. The lightning was not bad, and in about ten minutes the worst was over. The storm played havoc with some of the gardens round town and trees on the hillsides, while two store awnings were blown down.

Notes and Comments

Is not Enderby and district to be advertised in some systematic manner this summer. Surely an effort should be made to issue some literature concerning the place, for this need becomes more apparent with each succeeding day.

Several times within the past year have we been brought face to face with the urgency of the need for the establishment of a sanitarium in this province for the treatment of Consumption. The terrible headway that this scourge is making is sufficient reason for the hurrying of the consumation of Dr. Fagan's scheme, and it is to be hoped that nothing will be allowed to stand in the way, but that it will have the hearty financial and moral support of all public bodies and private individuals. It was gratifying to note that at the recent session of the provincial Masonic grand lodge a grant of five hundred dollars was made to the above-mentioned anti-tuberculosis fund. This is a course which should be followed (if not already done) by every fraternal grand lodge of this province for there never was given a greater opportunity of putting into practise the many excellent axioms concerning our duty to our fellow man that are preached in the lodge rooms of the various societies.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restoration and my book on either Dyspepsia, the Heart, or the Kidneys. Address me Dr. Shoop, Racine, Wis. Troubles of the stomach, heart or kidneys, are merely symptoms of a deeper ailment. Don't make this common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—mean stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by Enderby Drug and Stationery Co.

Home Circle

There are some people so constituted that they go straight for the pleasant things as a bee pitches for a clover top as soon as he is out of the hive. They like everything. If they go to a concert they find at least one voice that suits them, wondering how God could put so much melody into a single throat. They enjoy the spring, they love the summer, they luxuriate in autumn, they praise the winter. They are pleased under any and all circumstances. They are the people you like to have for customers. If you are a merchant, for clients if you are a lawyer, for patients if you are a doctor, but you don't often get them on the sick list for they can cure almost any kind of disease, even a "brain storm," with a bottle of laughter, "to be shaken before taken."

. . .

What are those whom we meet in society to us as compared to our own home circle? Why do we take pains to be polite and agreeable to them and neglect those who have the strongest claims upon us?

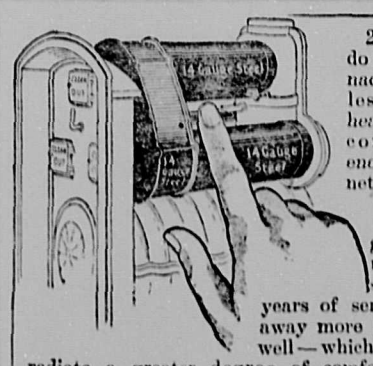
It all comes about because we have got into the wrong way of thinking. We have put the home in the background, when it should occupy the foremost place in our thoughts. We should strive to make ourselves such members of the household band that our absence is like the loss of sunshine from a summer day. We can do it if we enter into the right spirit of home. The idea seems to exist among us that to be polite to each other in the family circle is foolish and like "putting on airs." We must rid ourselves of this notion and act on the principle that whatever helps to make our intercourse pleasanter with those outside the family circle should be brought into use there. What have you set your heart upon? Is it upon wealth, or position or fame? Then let us tell you that you may pile your gold to heaven, you may scale the dizziest heights of success, your name may be heard on every street, and you may still have made a dismal failure of your life. Have you ever heard of a man who was happy because he was rich or peaceful because he had outdone every competitor? Never. The supreme lesson of history is this, that a dry crust with a clean conscience is more than millions of dollars with an aching heart. Let your ideal be to pursue and practice the highest truth, to master fully the christian science of right living, and not merely by your own vanity and selfishness in gaining a few more pounds than you can spend, or by intriguing for positions which will bring you terrible responsibilities which you are sadly unfitted to carry. Let your ideal be to build up a manly character, and then everything will fall into its proper place.

CARDS OF THANKS.

Miss Gunn and Mr. L. Cumming desire to express their sincere thanks to all friends for the kind expressions of sympathy extended to them in their recent sad bereavement.

Mrs. Blackburn wishes to acknowledge the kind assistance given her in the care of the late Francis Birn.

☞ THE PROGRESS and FAMILY HERALD & WEEKLY STAR, $2.00 per year.



20-gauge steel may do for common furnaces, but nothing less than 14-gauge heavy sheet steel is considered good enough for the "Magnet" radiators.

This not only gives the "Magnet" radiators greater strength, more years of service, but far and away more heating power as well—which means they will radiate a greater degree of comfort-giving warmth than the usual lighter, 20-gauge radiators.

McClary's Magnet Furnace

Remember, too, that all bolts are on the outside, where they cannot be burned off by the heat. Neither is it possible for them to catch the soot and dirt, allowing it to lodge around them, interfering with the draft, besides rotting them off—an expensive fault of many furnaces.

"MAGNET" is built with the idea of outlasting other furnaces—and it lives up to the idea, too.

Built for wood, but will also burn coal.

Sold by enterprising dealers everywhere.

A. Fulton, Local Agent.

A WOMAN'S TESTIMONY

Why do I use MOFFET'S "BEST" FLOUR? you ask. For many reasons, chief among which are: Its uniform superiority. Its great strength and the absolute certainty of its results. I have tried many other flours and from some have made good bread at times. MOFFET'S BEST has yet to fail me. Accept the recommendation of an experienced cook and use nothing but Moffet's "BEST" Flour for bread baking.

The Columbia Flouring Mills Co., Ltd., Enderby

Free Samples of "Preventics" and a booklet on Colds will be gladly mailed you, on request, by Dr. Shoop, Racine, Wis. simply to prove merit. Preventics are little Cards Cold Cure tablets. No Quinine, no Laxative, nothing harmful whatever. Preventics prevent colds—as the name implies—when taken early or at the "Sneeze Stage". For a neated cold or La Grippe, break it up safely and quickly with Preventics. Sold by Enderby Drug & Stationery Co.

Send Them Along

Every newspaper wants to publish the news. The better the paper the more prosperous it will be. Local news items are especially hard to run down. How many times have you, dear reader, been approached by the newspaper man for an item of news and told him that you knew nothing of interest. Probably at the time your family was away on a visit or some one from out of town was visiting at your home. Of course you didn't mean to deceive the scribe, yet when you received your paper you wondered why your family or friends were not mentioned. A good way to avoid all of this is to kindly inform us of the fact or drop a note in the post office to the paper. One item may not amount to much, but several columns of such news is the life of a local paper.

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father, or mother, if the father is deceased, of the homesteader, resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,
Deputy Minister of the Interior.

SALMON ARM

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

Mr. and Mrs. E. B. Turner and family, formerly of Mountain Home, Idaho, came in on Tuesday last and intend taking up their residence on their fruit ranch recently purchased from McCallum & Wilcox.

Miss Bowers and Miss Gammon left on Tuesday morning for the coast, where they will spend their holidays. Miss Craik and Miss Atkins returned to their respective homes in New Westminster on Sunday. It is thought that Miss Craik will continue teaching at Silver Creek after the holidays, but Miss Atkins, Miss Bowers and Miss Gammon have all resigned their positions. Miss Marshall, of Dolan's Corners, is spending her holidays with relatives in Armstrong.

Rev. F. V. Venables requests us to mention that he conducts service at Salmon Arm on the second Sunday in each month only.

Miss Marie Greenwood, who has been attending high school at Vernon is home again, and will remain with her people here during the holidays.

Tom Palmer received a nasty injury on Monday, when he had the end of a finger crushed off in the cogs of an ice-cream freezer that he was turning.

Mrs. Glasgow has been spending the last few days in Kamloops with Mrs. Andy Currie who is very ill.

Several of the boys went up to Notch Hill on Monday and took in the sports there. They reported having spent a very pleasant day.

Mrs. R. K. Scales and family arrived last week.

Quite a crowd of Salmon Arm baseball enthusiasts went to Armstrong on Monday to see the boys win the Cup. Armstrong defeated Enderby in the morning, score 3-2, and Salmon Arm played Armstrong in the afternoon, score 17-2. It was a rather one-sided game as the score will indicate but but none the less interesting in that it was a good exhibition of base-ball. Salmon Arm was in the game from start to finish and all the boys did good work, there being no errors marked up against any of them. We hope to keep the silver ware here for some time now and we think we have the team that can do it. 'Ollie' is the boy who can throw the curves and as long as he holds down pitcher's box Salmon Arm need have no fear of defeat. The following was the line up.—

H. Johnstone, 1st base.
J. McGuire, 2nd base.
G. Munn, short stop.
F. Rogers, 3rd base.
O. Butterfield, pitches
J. Munn, Catcher
R. J. Glasgow, left field
F. Wilcox, centre field
J. Johnstone, right field

A very pleasant evening was spent on the parsonage grounds on Monday. The grounds were beautifully decorated with evergreens, bunting and chinese lanterns, and the evening was still more beautiful, and the crowd in a delightfully jolly humor so that everyone had a thoroughly good time. Messrs. Smith, Kerr and Palmer rendered some orchestral numbers very acceptably, and Messrs. Palmer and Kerr sang in their usual pleasing manner. Refreshments were served in the shape of ice cream and strawberries with cake, etc., after which the young people wended their way homeward (at a shocking late hour) and 'all went merry as a marriage bell'.

A dance was held on Friday last in the new house purchasedby H. C. Johnston from W. Dalrymple. It was in honor of Miss Craik, Silver Creek's popular teacher, who left Salmon Arm for her home in New Westminster on Saturday night. A large crowd of friends and admirers was present several being from Salmon Arm, and an enjoyable time was spent by all.

Correspondence

[We do not hold ourselves responsible for any opinions expressed under this head.—Ed.]

Silver Creek, July 2, 1907.

Re the report of Mr. Gamble's meetings at Silver Creek, published in the Enderby Progress of June 28, 1907:

Dear Editor,

This letter is to draw attention to the fact that the above-mentioned report contained mis-statements and was calculated to mislead the public as to the facts.

In the first place Mr. Gamble was as well prepared as Mr. Young for the discussion. By his own admission he had been studying the Sunday question and answering Seventh Day Adventist arguments for years.

On Sunday evening preceeding the meetings Mr. Young was informed that Mr. Gamble was going to speak in Silver Creek, and that he (Mr. Gamble) had stated that Mr. Young was afraid to meet him. Therefore Mr. Young felt it to be his duty to meet Mr. Gamble in debate.

With regard to the six questions, one of which was discussed every evening:

1. Mr. Gamble did not prove that Sunday was the original Sabbath at the Creation.

2. He did not prove that the publication of the Enright $1,000 reward was the means by which the Seventh Day Adventists secured most of their members.

3. No one can read the "Signs of the Times," "Review and Herald," and the like, without knowing them to be Adventist publications. It is absurd to state to state that world-wide deception is practised.

4. He did not prove that his calendar was a Bible calendar It was drawn from Egyptian sources, and by skilful manipulation made to appear to fit the facts. There was no authority for stating that two Sabbaths coming together were coupled as one Sunday, and the next day called Monday.

5. It was not proved that Christ instituted Sunday as the Christian Sabbath.

6. Nor that there are three distinct decalogues in the Bible. The decalogues given in Ex. 20 and Deut. 5 are substantially the same. That quoted as a Christian decalogue is not a decalogue, but a collection of precepts from various parts of the New Testament, and many more such precepts could be found. The first of this decalogue is merely a quotation from Ex. XX.—see marginal reference.

In conclusion, it was stated all of the signees were present at every meeting. At least four of these (names on request) were not present every evening; consequently did not know all these points to have been proved to their satisfaction. Other persons also, not present at all toe meetings, were asked to sign.

Besides the undersigned, several who missed one or two meetings and all the Seventh Day Adventists, admit this to be a true report.

We, the undersigned, who were present at every meeting, not being Seventh Day Adventists, but unbiassed and careful listeners, declare the above to be a true and impartial report. Signed: E. W. Miller, A. P. McLean, Robt. A. Johnson, H. N. Johnson.

The following, who attended the majority of the meetings, declare this to be a true report so far as they heard the matter discussed. Signed: Mrs. J. Bolton, Mrs. S. H. Lawrence.

REVISED STATUTES OF CANADA 1906, CHAPTER 115.

NOTICE is hereby given that one month after date application will be made to the Governor-in-Council for approval of the plan of the proposed improvements to be constructed by THE SOVEREIGN LUMBER COMPANY, LIMITED at the mouth of the Spallumcheen River and at the mouth of Sicamous Narrows for the purpose of catching logs.

A plan of the works and a description of the site have been deposited with the Minister of Public Works and a duplicate of each has been deposited in the Land Registry Office at Kamloops.

Dated this 3rd day of June, 1907, at Ottawa.

SMITH & JOHNSTON,

TOWN & DISTRICT . NOTES .

Boost for Enderby and district.

The PROGRESS can procure at short notice any rubber stamp required. Let us know your wants and we will show you samples.

S. George's church was lighted by electricity for the first time at the evening service on Sunday last.

The Young People's Society continue to hold successful meetings in the basement of the Presbyterian church. The meetings are well attended, and the many forms which they take being much appreciated by those present.

Sir Arthur Stepney is paying a visit of inspection to the ranch which bears his name.

H. C. Jenkins, of Kelowna, visited C. E. Strickland for a few days last week, returning south on Friday.

T. G. Bell returned home on Friday from attending the several Alberta race meets.

The several showers of rain which we have had of late have done a world of good, and all vegetation is showing the benefit thereof.

Miss McNaughton, of Kelowna, is visiting Enderby friends, the guest of Mrs. W. Woods.

Work has been started upon the additional storey which it was decided to build on the top of the present school building. Already the roof has been practically removed and good progress is being made. F. H. Barnes secured the contract, and it is confidently expected that it will be ready for occupation by the end of the school holidays. The stone foundation which is being put under the building is also well on towards completion.

The senior department of the public school was closed on Friday for the summer holidays.

The funeral of the late Wm. Stuart was held on Saturday morning last, June 29, interment being in Lansdowne cemetery. The service was conducted by Rev. A. N. Miller.

The instruments for Enderby's "best" band are now being displayed in all the glory of resplendent newness in the window of the Enderby Drug & Stationery Co.'s store. If appearances wield any influence over the quality of the music which we may expect from the combination therein displayed, then Enderby's band will indeed be the best in the Interior. Putting joking aside, the instruments look to be very good, and we are informed that the tone of the various pieces is likewise. Our business men and citizens generally are to be congratulated upon the public spirit which has been shown to enable the promoters of the band to purchase such choice instruments. The prospective players now want to get in some hard practising, so that we may soon enjoy a weekly open-air concert.

Dr. Tunstall left this week for Vancouver, from whence he sails, as ship's surgeon, on the Empress of Japan.—Kamloops Standard.

The Adams River Lumber Co., Ltd., has been incorporated with a capital of $500,000. Messrs. Lammers, of Stillwater, Minn., and J. P. McGoldrick, of Spokane, are the promoters of the new company. An up-to-date mill of large capacity will be constructed at once on Shuswap lake to cut the timber on the large holdings of the company on the Adams river.

We recently mailed a bunch of subscription notices, and we would ask all recipients of such to give them their immediate attention. We need the money—not for ourselves—but to pay "the other fellow!" To each one individually these sums may seem small, but when multiplied by three or four hundred make no inconsiderable amount.

We have now entered upon the second half of 1907. How time does fly, to be sure!

A LARGE STOCK OF BRICKS NOW BURNING

The best clay in the valley. Well burnt bricks at reasonable prices. Large or Small Quantities.

The Enderby Brick & Tile Co. ENDERBY, B.C.

Miss Helen Smith is home for vacation.

Miss Griffiths, teacher of North Enderby school, left for her home in Victoria on Monday, where she will spend the summer vacation.

F. H. Barnes returned on Thursday from a trip to San Francisco and other Californian points. Mr Barnes, who during his trip visited some of the banner districts of the American coast, says that the Okanagan has them all beaten for climate, soil and productiveness.

R. R. Gibbs, of the Enderby Brick & Tile Co., informs us that a kiln of brick is now all ready for burning, and that a second one will be started right away.

Elder Young, of the Seventh Day Adventists, requests us to announce that tent meetings will be held in Enderby commencing on July 8 and continuing until the 14th. The speakers will be Elder W. B. White, President of the North Pacific Union of Conferences, and E. L. Stuart, President of B. C. Conference.

The members of Enderby Orange Lodge will hold their annual church parade on Sunday evening next, July 7, to the Methodist church. A sermon fitting to the occasion will be preached by Rev. A. N. Miller. The Armstrong Band will be in attendance, and it is hoped that all members of the Order will make an effort to be present. The members of Armstrong lodge will also assemble in annual church parade on the same day at 2 p.m., at which a number of Enderby brethren intend to be present.
