Civic Business.

The city fathers held their usual weekly meeting on Wednesday evening, there being present, besides the Mayor, Aldermen English, Evans and Kenny.

After the minutes of the previous regular and adjournment meetings had been read and confirmed, Mr. Buckley manager of the Rogers Lumber Co., addressed the council with regard to the proposition of this company to furnish the city with electric light Mr. Buckley stated that the dynamo which will have a capacity of 1600 lights, was already ordered and expected to arrive in a couple of weeks. Mr. Buckley asked if the council would light the streets with electricity, and if so how many lights would they require. It was thought by the council that twelve could be very advantageously placed around town. Tee council finally promised to bring in a by-law at the next meeting (to be voted on at the same time as the recreation grounds bylaw) to grant the company the privilege of supplying electric light to the town. The company promise to give an all night service.

His Worship, in the course of a few remarks concerning his visit to Victoria said that he had interviewed Mr. Price Ellison and the Government in connection with school matters in Enderby. Mr. Ellison promised to do all in his power, and the probability is that a special grant of $5,000 will be made to Enderby for school purposes

The amendment to dog tax bylaw passed third reading.

The Recreation Ground bylaw passed its second reading.

W. Allan wrote asking that the road to his property be opened up. Referred to Board of Works.

Council adjourned at 11.30.

Late Locals

The Enderby Hockey Club will give a dance on Wednesday evening next in the Masonic Hall. See posters.

Mr. Lachmund manager of the Lamb-Watson Lumber Co mills at Arrowhead and Kamloops was a business visitor to Enderby the middle of the week.

A special car conveying excursionists to the new layout of Okanagan centre was attached to Moudays delayed local which pulled in about noon, and as a result of that silly canard ament the "lone bob sleigh up in the hills" which appeared in the Winnipeg Free Press some weeks ago many uncomplementary remarks on the amount of snow on the ground here were heard. The man who was responsible for such a lie should be put into close confinement for ne is a danger to any community! If the newspaper garbled the interview then a like course should be pursued with the reporter and editor. We have lots of snow—the more the better for the agricultural and lumbering industries of the country.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture it must be printed on the label or package. For this reason mothers and others, should insist on having Dr. Shoops' Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best a truely remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by Enderby Drug and Stationery Co.

First Week in Parliament

The debate on the Address closed on Tuesday afternoon with a speech by Parker Williams in which he strongly opposed the agreement made with the Salvation Army to bring out immigrants te the province.

The Amended Assessment Act passed second reading. Mr. Oliver criticised the financial policy of the Government generally but said the Opposition would support the Act.

Mr. Hawthornthwait's bill to amend the Workmen's Compensation Act passed first reading, and Mr. Oliver's Ditches and Watercourses Act was referred to the Municipal Committee.

The following bills passed second reading: Act to amend interpretation Act; for licensing non residents commercial travellers; for sale of liquors and tobacco; licensing peddlers outside municipal boundaries; to incorporate the B.C. Veterinary Association

Wednesday in the Legislature was almost exclusively devoted to consideration of the contents of the taxation reduction bill at the committee stage Criticism was offered in connection with several features of the measure. The government also coming in for arraignment by the leader of the Socialists who declared that there had been wilful breach of faith with the small farmers throughout the country.

The Legislature went into committee Thursday afternoon on the Assessment Act. Tatlow's proposed amendments for special taxation on the canneries were laid over for the Speaker's decision, following a technical objection raised by Mr. Henderson Hawthornthwaite moved the second reading of the amendments for the Workmen's Compensation Act, but Fulton moved adjournment. The act licensing traders in unorganized districts passed committee. The fee for circuses was reduced from $200 to $50 a day.

On the Act to incorporate the Veterinary Association of British Columbia an argument arose, Mr. Williams claiming that it aimed to make veterinarians a close corporation. The bill was held over.

The members present in the House held a short unimportant sitting on Friday. The reports on the Bill to license non-resident commercial travellers for sale of liquors and tobacco and on the Act relating to trade licenses in unorganized districts were adopted. The bill to incorporate the B. C. Veterinary Association passed the committee with some amendments

In the Legislature Monday the speaker gave his decision sustaining Henderson's objection to the proposed cannery taxation amendments, ruling that they must be brought down by special message from the Lieut-Governor. The commercial Travellers' bill passed its third reading A deputation of bankers from Vancouver protested against the minimum taxation of $1,000 on bonds. A deputation of canners will interview the government and protest against the proposed taxation of canneries.

Victoria March 16th—Today's sitting was a brief one, being given to the introduction of three technical bills—an amendment to the supreme Court Act; A second Act to revive certain companies and an act to ratify an order in council regarding probate duty.

Our spring stock of Gents hats has arrived. Come and select one of the latest styles at Harvey and Dobson.

Hymenal

McCORMICK—WRIGHT

On Wednesday afternoon, March 20, at St. Andrew's Presbyterian church, Miss Ella Louise Wright and Mr. William Herbert McCormick were united in the bonds of holy matrimony. The ceremony was performed in an impressive manner by Rev. D. Campbell before a large number of people. Mrs. J. E. Crane presided at the organ.

The bride, who looked very pretty, was attired in a beautiful gown of cream crystalline, trimmed with rouches of cream ribbon, with yoke and cuffs of embroidered chiffon, finished with silk maltese lace. Her veil was of white tulle with hem outlined with seed pearls. The only ornament was a handsome sunburst brooch of pearls, the gift of the groom. The bride carried a shower bouquet of cream bridal roses.

Miss Robinson, as bridesmaid, looked most charming in a dress of green silk, with yoke and cuffs of valenciennes lace, and wore a white lace hat with ostrich feather.

Mr. George Ormesby attended the groom as best man, and the bride was given away by her father.

Immediately after the ceremony the invited guests repaired to the home of the bride's parents, Mr. and Mrs. H. W. Wright, where they sat down to a delicious dinner.

Mr. and Mrs W. H. McCormick left on the afternoon train for the coast, where a short honeymoon will be spent previous to taking up their residence in Kamloops, where the groom is manager of the sawmill of the Lamb-Watson Co. at that place.

The bride is one of our choicest young ladies. From a girl she has grown up in our midst, honored by young and old alike. She has ever been a bright star in the home circle, and now she has gone to reign in her own home.

The groom, too, while a resident of the neighboring city of Kamloops, has a wide acquaintance here, and is well respected by the community.

A host of good wishes from a large circle of friends for their future happiness and prosperity follow the newly-wedded couple to Kamloops, in which THE PROGRESS joins.

A fine array of valuable presents attest the esteem in which the young folks are held, and will serve as life-long mementoes.

News Essence

Cambridge beat Oxford in the historic university boat race on the Thames by four and a half lengths. They were winners from the start.

By the rapid rising of the Alleghany, Monongahila and Ohio rivers, many cities and towns and a vast stretch of countryside were flooded last week. The damage done to buildings, roads, bridges, railroads and farming property will run into millions of dollars.

The plant of the Edmonton Bulletin—Hon. Frank Oliver's paper—was destroyed by fire on Sunday night.

M. Petkoff, Bulgaria's premier, was assassinated in Sofia last week.

The lumber industry of Portland is tied up. Two thousand millworkers are on strike.

Great Britain will appeal to the Peace Conference for a reduction in armaments

Three big warehouses in the Finsbury district, London, were destroyed by fire on Saturday morning last.

CONVENES IN ENDERBY

The third annual meeting of the Okanagan Sunday School Association will be held here on Thursday and Friday of next week. Reports of all departments of the work will be presented and several instructive papers will be read. A large attendance of delegates is anticipated.

Notes and Comments

The editor of the Penticton Press in the current issue of that journal, excels himself for an exhibition of meanness of spirit and narrow-mindedness.

In its efforts to boost its own town, invidious comparisons with other places in the Okanagan have appeared in its columns from time to time—and for which it has been called to account by other sections of the valley Press. The last break which this paper makes is one which we do not think should be allowed to go by unchallenged by any one paper in the valley.

In referring to the work accomplished by the Southern Okanagan Land Company (of Penticton) in planting out trees and caring for them during the absence of the owner, the Press makes a visitor to Penticton to say: "He believes the Southern Okanagan Land Company are doing their work much better than the other land companies in the Valley."

Not much in that perhaps we hear some say. It is true that on the surface it does not seem a great offense, yet these sly, little knocks which come to the surface are just indications of the "knocking" which is going on underneath. For this reason—and more particularly so, because the larger proportion of this "knocking" is aimed at the northern part of the Okanagan Valley—do we draw attention to the practice, with the intention more specifically of drawing a lesson from it. The lesson is this, that we need a live organization of the business men and farmers of this district to counteract this mode of boosting certain sections of the country at the expense of others.

Comparisons are odious at all times, and even if the statement above referred to was made to the Press, it was bad taste on the part of that paper to print it. If one were to print all the adverse criticism heard anent the Press's home town, they would be kept busy. But it savors too much of "knocking," for us to follow such a course, and we leave that to those who think it legitimate business.

In conclusion, we would again commend the editor of the Press to the study of one of the editorials in an early issue of that journal re the need of creating the "Okanagan Spirit," for he seems to be far from being imbubed with it.

Correspondence

(We do not hold ourselves responsible for opinions expressed under this head)

To the Editor PROGRESS.

SIR—It is rumored around the country that a great effort is being made in Conservative circles to get a Game Warden appointed for this district and a petition started the rounds to that end. Although certain unthinking individuals and some townsfolk might deem such an appointment needful the majority of the people are very much averse to such an appointment not only on political grounds but for many other reasons. In the first place it would mean that everyone would have to pay a gun license every year in order to pay the wages of the individual holding this sinecure position. Now, what do these petitioners want this appointment for?

Do they mean to insinuate that we need a man to be dogging us to see if we shoot a hawk or a grouse No, we do not need such an appointment and if one is made we shall at once get up a petition to have the office done away with. We are good law abiding people and are our own warders of the game, and obey the game laws to the letter, with so small and rare exceptions that such are not worth noticing. An occasional prosecution of an offender would serve every purpose; and as any offense against the game laws is such a rare occurence, even if the warden got half the fine it would not pay for salt to his porridge. Think of the people who would have to lay their guns aside and let the hawks, skunks, and coyotes go! Why these pests alone would get away with more game in a year than do the trespassers against the game laws. Most houses have a shotgun, large cal rifle and a 22 cal rifle; well these would just cost at $2 each for taxes $9 per annum. Just think this matter over in all its phases and we are sure there will never be a game warder appointed in this district. LIBERTY

(If our correspondent had read the petition aright he would know that farmers and farmers' sons will be exempt from paying the proposed tax. From reports which reach us frequently of hunting game out of season, we think it time, anyway, that an example was made—whether it be a white man or Indian.—ED.)

Bilious Every Three Days

BILEANS CURED HER.

Two long years of it! Bad stomach—worse liver—blood filled with poisons from decaying food—and a bilious attack every two or three days! That was the condition of Miss Nora Donohue, of 285 West Street, Brantford, Ont., before Bileans were tried! Today she is in excellent health! "Before I took Bileans," says Miss Donohue, "the food I ate would never digest—now it does. Before, I used to have days of wretchedness and pain—now I am well and strong! I owe my health to Bileans!"

Bileans cure biliousness, indigestion, headache, constipation, piles, anaemia, debility, blood impurities, pimples, eruptions, etc., and all liver, stomach, and kidney disorders. All druggists and stores, at 50 cents a box, or Bilean Co., Toronto. 6 boxes for $2.50. Send 1c stamp for free sample.

SCORED ANOTHER WONDERFUL VICTORY

One More Added to the Long List of Cures Effected by Psychine.

This young lady, who lives in Brownsville, near Woodstock, Ont., tells her own story in a few effective words of how she obtained deliverance from the terrible grip of weakness and disease.

I have to thank Psychine for my present health. Two years ago I was going into a decline. I could hardly drag myself across the floor. I could not sweep the carpet. If I went for a drive I had to lie down when I came back. If I went for a mile on two on my wheel I was too weak to lift it through the gateway, and last time I came in from having a spin I dropped utterly helpless from fatigue. My father would give me no peace until I procured Psychine, knowing it was excellent for decline or weakness. I must say the results are wonderful, and people remarked my improvement. Instead of a little pale, hollow cheeked, listless, melancholy girl, I am busier full of life, ready for a game of lacrosse, a skating match or an evening party with anyone, and a few months ago I could not struggle to church, or music from our home. I have never had the slightest cause to fear any return of the disease.

ELLA ZURBEL, Brownsville Ont.

Thousands of women are using PSYCHINE, because they know from experience that in it they have a safe friend and deliverer. Psychine is a wonderful tonic, purifying the blood, driving out disease germs, gives a ravenous appetite, aids digestion and assimilation of food, and is a positive and absolute cure for disease of throat, chest, lungs, stomach and other organs. It quickly builds up the entire system, making sick people well and weak people strong.

PSYCHINE

J. W. Bacon's "Perfection" Biscuit and Cookie Pan

The object of this pan is to provide a Baking Pan which will permit the circulation of heated air around the articles being cooked, and the the bottom of which will not be in direct contact with the bottom of the oven. The articles therefore are cooked by heated air and also by the heat of the Pan.

A further object is to provide such a pan with removable means whereby the operator's hands will not be burned in removing the pan from the oven. Another object is to provide a pan which can be used for cooking many kinds of food, and also to remove the danger of breaking cookies, etc., when taking same from pan. ITS ADVANTAGES can thus be readily seen by every housewife.

Will Establish Creamery

The Salmon Arm Farmers Institute held a special meeting Friday afternoon the 15th of March. Mr. Logan Dairy Commissioner for B. C. was present to discuss the question of the organizing of a Creamery here. It was finally decided ts form a Creamery Company here, and the meeting appointed the following Board of Directors: President, J. W. McCallum; Secretary, R. Turuer; Directors, J. D. McGuire, W. J. Kew and Jas. Evans

After the meeting had adjourned the directors met togerher and passed The followiug resolutions:

That the Salmon Arm Creamery be capitalized for $5,000.00, and issue five hundred shares at $5.00 each.

That no shareholder have more than fifty shares.

That as soon as twenty-five per cenr of the stock is subscribed for the company takes out incorporation papers.

That each share represent a vote in the election of officers.

That as soon as the stock is sold a meeting of the shareholders be called to elect a Board of directors, pass by-laws, etc.

At the close of the directors meeting, to show their faith in the project they subscribed for eleven hundred and fifteen dollars ($1115.00) of shares.

Jas. Evans was appointed to solicit subscriptions for shares, and there is every reason to believe that the whole five thousand will be subscribed for in a few days.

It is proposed to build the creamery at Palmer's Creek, this being a central point, with a good supply of water. W. Palmer has offered to supply power and light at small cost.

W. Droane is soliciting subscriptions for the shares of the Salmon Arm Farmers Exchange, and no doubt we will have both an exchange and creamery in operation within a very few weeks.

The new Restaurant is nearing completion, and will be open for business within a few days.

Mr. McLeod and family of Portage, Man., arrived on Monday, and are making a visit to Mr. and Mrs. Rumbles. Mr, Mcleod is brother to Mrs. Rumples.

Mr. and Mrs. H. Neelands spent the greater part of the week at the coast reuewing old acquaintances in Vancouver, taking in the New Westminster Fair and attending to several items of business.

Mr. and Miss Bailey, of Nanton Alta., are visiting at the home of John Ruth and looking up fruit and range lands for their people who expect to settle here this spring.

Mrs. McCallum returned from Spokane last week, where she spent several weeks visiting her daughter. She reports having had a swlendid holiday.

A very enjoyable evening was spent in the Presbyterian Church Thursday nigdt when the members of the Christian Endeavor put on a rather unique programme consisting of songs choruses, recitations, readings and a short one act play entitled The Ghost; and supplied the male portion of the audience with dainty lunch baskets containing the "unnecessaries" of life, aud still more dainty damsels who quickly disposed of the grub and the heart of their partners, too! Eve to the fore as usual!

For catarrh, let me send you free just to prove merit a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white, creamy healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by Enderby Drug and Stationery Co.

Master Arthur Wilcox arrived on Tuesday.

S. F. Coleman of Winnipeg who has been inspecting B. C Fruit land for the past few weeks has purchased two fine properties from McCallum and Wilcox.

E. W. Scales and R. H. Roberts of Virden, Man. came in last week and intend making their home on the property recently purchased from W. J. Wilcox. They expect their tamilies along in a few days.

Mrs. Droane left last week on an extended trip to the East taking in Winnipeg, Virden and Melita, in Manitoba, where she will spend two or three months visiting her relatives and friends.

Rheumatic sufferers can have a free sample of Dr Shoop's Rheumatic Remedy with book on Rheumatism by simple writing Dr. Shoop, Racine, Wis. This book will explain how Dr. Shoop's Rheumatic Remedy successfully drives Rheumatism out of the blood. This remedy is not a relief only. It aims to clear the blood entirely of Rheumatic poisons, and then Rheumatism must die a natural death. Sold by Enderby Drug and Stationery Co.

Home Circle Department

Simple Thoughts as they Fall from the Editorial Pen. Pleasant Evening Reveries of Interesting Reading.

THERE is but little doubt that good humor is a priceless boon. It is the oil that smooths many a rough place in life, which otherwise would be rough sledding. A man who can smile at misfortune and the mistakes he has made in life, and has the courage to correct them and work manfully to make amends, has that in him which deserves success in the end. Ill humor sulks in its tent. The sun never shines bright enough to drive away the clouds of gloom which continually surround it. It has a snap and a snarl for any who may attempt to point out a better way or offer a crumb of comfort in case of real need. Good humor rises to the occasion and meets misfortune with a smile, however much the heart may be pained, forgetting its own heart pains by lending hand to those less fortunate. Good humor is a fortress, a strong tower, where the possessor may flee togather strength for a renewed battle with difficulty and danger. Good humor is simply incincible. A man who laughs at misfortune and sets his face bravely to do the right as God has given h'm to see it is worth more to the world by far than the snarler who sets down amid a broken fortune to bemoan his fate and make life a wilderness ofwoe for every one within hailing distance.

Here are three powerful instances of the varied ways in which Zam-Buk the great herbal balm, is doing good throughout the Dominion. Have you yet enjoyed its benefit?

Baby Cured of Eczema.

Mrs. L. Taylor, of Pine Ridge, Man., says: "I will never be without Zam-Buk in the house, as I have thoroughly proved it. It cured irritating rash and eczema on my baby's feet during teething. Where there are children it is invaluable, as it heals their sores and injuries in wonderfully short time.

Trodden on by a Horse—Bad Bruises

Mr. D. Cumming, of Springmount says: "I have proved that Zam-Buk has extraordinary merit. I was trampled on by a horse and my foot was all black and swollen. I could scarcely move it the pain was so bad. A few applications of Zam-Buk cured the pain and removed the discoloration. The foot was soon all right again. It is a wonderful balm."

Running Sore Healed.

Mrs. E. J. Holden, of Hannah St., W., Hamilton, says: "My little girl had a running sore on her leg which defied all manner of treatment. Within a few days of trying Zam-Buk there was a distinct improvement and the wound is now completely healed. I have since used Zam-Buk for other skin diseases, etc., and find it excellent."

Zam-Buk is an all-round household balm. It is compounded from purely herbal essences, and cures eczema, ulcers, sores, ringworm, bruises, cuts, burns, etc. It also cures rheumatism, sciatica, neuralgia, and rubbed well in over the chest in cases of cold removes the tightness and aching. All druggists and stores sell at 50c a box, or post free from the Zam-Buk Co., Toronto, upon receipt of price. 6 boxes sent for $2.50.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—reduces blood pressure away from pain centers. It does it in morning, pleasingly delightful, gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 30 minutes, and the tablets simply distribute the unnatural blood pressure.

Shoop your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

The Enderby Drug & Stat'y Co.

Arrow Lake, B. C.

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section 160 acres or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,

Deputy of the Minister of the Interior.

The New Year

Is here, and with it the Provincial and Municipal elections; but property transfers are going on just the same, and I look for a good year in

—1907—

I have many buyers—both local and otherwise—and can sell property in any part of the Okanagan and Spallumcheen Valleys at right prices and terms.

If you have anything to offer—business, residential or farm lands—please list it with me, and I will endeavor to make any business entrusted to me satisfactory to you.

Write me for further particulrs at Armstrong.

H. P. LEE, *The only Land Agent who covers the Okanagan Valley.*

TOWN & DISTRICT . NOTES .

P. Willets of Kelowna was a visitor to town on Tuesday.

Ira C. Jones was a visitor to Vernon on Tuesday.

A. E. Taylor went to Kelowna on Wednesday on business.

R. R. Burns, of Armstrong, was a business visitor to towu on Wednesday.

A. Boyer left for Fernie on Friday, having accepted a position with the Fernie Land & Lumber Co.

D. McNaughton, wife and son, of Brookdale, Man., visited Mr. and Mrs. T. G. Bell for a few days last week.

H. H. Worthington and J. B. Gaylord took advantage on Tuesday of the cheap rate to New Westminster, to obtain a little holiday.

J. G. Hodson left for Soda Creek, in the Cariboo, on Saturday last, having accepted the position of foreman of a large ranch there.

Some vandal ripped the cloth of one of the pool tables at the Enderby hotel all to pieces one night last week.

A strong branch of the United Brotherhood of Carpenters and Joiners of America has been organized at Vernon, of which every woodworker of that city is now a member. An effort will be made to embrace all other towns of the valley.

One of the most successful and enjoyable social functions of the fast waning winter season was the masquerade ball held in the school house of the North Enderby school district. There was a large crowd of dancers from the surrounding country present, as well as a good contingent from town. Dancing was kept up till the early hours of the morning, and all who were present report having spent a very pleasant time, speaking in the highest terms of the manner in which the affair was gotten up and managed. We understand that the dance was held for the purpose of raising funds, with which to make improvements to the school grounds and premises. These improvements include the fencing of the school property and the digging of a well.

The new smokestack of the sawmill was got into position last week. The old ones are quite pigmies beside it.

The engine that will supply the power at the sawmill arrived this week. She is a monster, capable of developing 450 horse power.

Under the auspices of the Penticton Farmers' Exchange steps will be taken to raise the required capital necessary to establish a cannery.

The following appointments appear in the current issue of the British Columbia Gazette: Alderman James English and Frederick Hibbert Barnes, to be members of the Board of Licensing Commissioners; and Alderman J. W. Evans and John Ferguson Pringle, to be members of the Board of Commissioners of Police, for the City of Enderby.

The curling game, Irish vs The World, was pulled off on Monday morning, the ice being in good condition. "Erin" was represented by A. Reeves, A. E. Taylor, W. Scott and P. Murphy (skip), and the "World" by J.W. Evans, W. P. Couch, Geo. Bell and Wm. Hancock (skip). The game was an interesting though one-sided one, ending as it did in such a decisive victory for the "Irish" by a score of 17 to 5.

The flexible-jointed iron pipe, with which to convey the city water across the river, was successfully laid on the bottom of the stream last week, and on Saturday the full pressure of water was turned into the mains. The result clearly demonstrated the fact that the pressure of water will fully come up to the standard figured upon, and that it will easily reach the highest points of the town. The contractors have been busy this week repairing several small leaks.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr Shoop, Racine, Wis. will gladly mail you samples and a book on Colds free if you will write him. The samples prove their merit. Check early Colds with Preventics and stop Pneumonia. Sold in 5c and 25c boxes by Enderby Drug and Stationery Co

International Stock Food and Poultry Food at Harvey & Dobson's.

The work of erecting a concrete burner for destroying the refuse from the sawmill is being proceeded with.

J. H. Eastwood returned on Friday last from Ontario, where he had spent the winter at his home in Torbert. Mr. Eastwood left later for Okanagan Landing, having secured a position in the sawmill there.

The value of the newly installed waterworks system for the fighting of fire was tested on Saturday morning last; and it is safe to say that the stream of water available from the hydrants is an eminently satisfactory one. Using a seven-eights inch nozzle, and the regulation fire-underwriters' hose, the height attained with the water was not less than seventy-five feet. Enderby can congratulate herself upon the fact that she has the best system of fire protection for a place of this size, or many times larger. There are twelve hydrants placed at regular distances throughout the townsite, and with the six hundred feet of hose now in the possession of the city, it is possible to reach practically every building in town. The full pressure of water in the mains will not be less than 108 pounds.

Obituary

J. M. McINTYRE

Another early settler of this district, in the person of Joseph M. McIntyre, passed away at 6.30 p.m. on Friday last, March 15, at the King Edward hotel, death being due to heart failure.

His death came very suddenly, and was quite unexpected by all who were acquainted with the deceased. He came into town from his ranch on the Salmon Arm road early on the day of his death, transacting business around town, and appearing to be in his usual state of health. Later in the day, however, he was taken ill while in the hotel, and though medical help was quickly at hand, he never rallied.

The funeral took place on Sunday afternoon last to Lansdowne cemetery, service being conducted by Rev. D. Campbell.

The late Joseph M. McIntyre was a native of the township of Clinton, Lambton county, Ontario, and was born near Kamlschie, sixty-one years ago. After teaching school in Ontario for some time he came west to Winnipeg in 1874, where he was engaged in business for a number of years, finally leaving there for the Coast. After residing there for a considerable length of time he removed to the Okanagan early in 1893, going first to Vernon, but later in the same year locating the homestead upon which he lived up to the time of his death. The deceased was unmarried, but two brothers and one sister reside at the old home.

He was an extremely well educated man, and had no mean gift as a poet, leaving behind him many compositions of undoubted merit.

A gentleman in his manners and honorable in all his dealings, and generous to a fault, his memory will long remain fresh with those who were acquainted with him.

A nephew of the late J. M. McIntyre is a member of the Saskatchewan provincial parliament.

ANGUS MCDONALD

The death took place at Kault on Sunday, 17 th inst., of Angus Mcdonald at the ripe age of 65 years after an illness of several months duration. The deceased was born in Inverness, Scotland, and came to Canada when 12 years of age. About 20 years ago he made his first visit to B. C., and came to the province six years ago to reside permanently, taking up his abode at Kault. The end came very quietly on Sunday, and after the prolonged illness occasioned no surprise to those who knew the serious nature of his ailment. A widow, 7 sons and three daughters are left to mourn the loss of a devoted husband and father. The eldest son is D. J. Mcdonald Assistant Crown Timber Agent, residing here. The funeral took place on Wednesday morning from the church to the Sacred Heart, Kamloops.

We have just added to our equipment

2-Seated Surrey

Of latest design. It is an elegant and comfortable-riding rig, and just the thing in which to drive a friend around the district.
