Band Meeting

The meeting called for Monday evening with the purpose of discussing the question of organizing a band, was well attended, and resulted in the decision to go ahead with the scheme.

J. W. Evans presided, and J. C. English acted as secretary.

The first move was to obtain the names of all probable players, and upon a list being compiled, it was found that there were nineteen available musicians

During the discussion with regard to the leadership, the name of Mr. Richardson being mentioned, this gentleman offered to do his best to help organize. He said that while he had had considerable experience in band work, he did not claim to be capable of acting as leader, though he had on a number of occasions filled such a position during the absence of the leader of a band of which he was once a member.

Mr. Lemke, in the course of a few remarks, also promised assistance.

As everything now seemed so favorable, W. T. Broderick was appointed, on motion, as permanent secretary-treasurer, and authorized to circulate a subscription list, to raise money with which to purchase the instruments. Upon the list being started, those present at the meeting subscribed close upon $100.

The secretary was also instructed to obtain prices on instruments, and to prepare an estimate of the cost of an entire outfit, upon obtaining which, another meeting will be called.

During the meeting a letter was read from the manager of the Rogers Lumber Co., saying that it was noted with pleasure that a movement was being made to organize a band, and at the same time promising their support.

Two Public Meetings

Two public meetings will be held within the next few days for the purpose of discussing matters of important local interest—the recreation ground and the providing of increased school accommodation.

The meeting for the discussion of the first-named subject has been called by the city council for Saturday evening next, April 20, in the schoolhouse. The second will be called by the school board--the date has not yet been decided upon- but which will be held some time next week for certain.

The reason for calling the meeting to discuss the recreation ground, is to gain some idea of public opinion upon this matter, so that if it is against the city acquiring the land, the expense of advertising the bylaw and voting upon will not be incurred.

With regard to the school question, it has been suggested by some that a new school be erected. While others, including Mr. F. Pyman, a member of the school board, are in favor of fixing up the present building thoroughly, using it for the accommodation of the senior scholars; and securing another site in another part of the town, erecting thereon a second building, consisting of two rooms, for the younger children. This plan has many advantages, and which, Mr. Pyman says, has been followed with good success in several towns of the Interior.

The Mayor is expected to be home in time to be present, and there should be a good attendance at both meetings in order that the subjects may be thoroughly discussed.

There Was Not a Quorum.

Owing to it being impossible to obtain a quorum, there was no meeting of the city fathers on Wednesday evening This is only the third time since incorporation that a meeting has been missed

A Successful Bazaar

The efforts of the members of S. George's Guild to raise money by a bazaar, with which to defray the cost of erecting a new fence (wire) around S. George's church, was crowned with good success on Tuesday afternoon and evening last. We understand that the gross proceeds amounted to $103.00

A very large proportion of the articles on sale were disposed of, the fancy goods selling particularly well. Likewise were the tea counter and fish pond well patronized.

In the evening a promenade concert was given, which did its share towards increasing the aggregate amount of takings. Songs were rendered by Miss Van Hammett and Messrs. R. R. Gibbs, F. V. Venables, P. W. Holland and Wm. Fraser.

Mrs. Greyell had charge of the toy and novelty stall, Mrs. Venables the fancy stall, while Mrs. F. V. Moffet presided over the teapot.

Young People's Society

The second of a series of meetings in connection with the organizing of a young people's society was held in the basement of St. Andrew's church on Wednesday evening, at which a large number were present.

Mr. E. Forester presided, who further explained the objects of the promoters. On Wednesday evening next week it is intended to hold a social, during the course of which the organization of the society will be proceeded with, and names taken of those who wish to become members. By that time a constitution and book of bylaws will have been prepared, which will be read and explained before accepting names for membership. The president explained that the society would be conducted strictly upon undenominational lines, and that a hearty invitation is extended to all young people, no matter of what denomination. The work of the society will be along religious lines, the proceedings at all meetings being for the purpose of enlightening the mind and the uplifting of the soul. While, once a month or so, a musical programme or perhaps a social will be gotten up.

During the evening solos were rendered by Mrs. Wm. Fraser, Miss E. Johnstone and Mr. Brimacombe, and a short address by Rev. D. Campbell.

A pleasant time was enjoyed by all, and the meetings of the society should remain popular with the young people of Enderl y.

Late Locals

W. Boyer returned on Thursday from Revelstoke, and we are pleased to note that he is now happily recovered from the attack of appendicitis.

Tuesday's local consisted of eight passenger coaches besides the usual baggage and express. On enquiry, one learned that the C. P. R. were running an excursion to the Landing, the occasion being the launching of the steamer "Okanagan," which the Company will place on the Okanagan Lake run. By the accommodation provided the officials evidently expected that a large number of "Valleyites" would take in the auspicious event. No doubt many would have made the journey had the launching been advertised, but, as late as Monday nothing of a definite nature could be learned; as it was, only one or two went from here. The C. P. R. could on this occasion have used very profitably a little local "printers' ink." Possibly, all the seats were booked by Vernon people, which would account for it not being advertised here!

Will Be a Good Season.

The lateness of the coming of spring has been the chief topic of conversation for some little time, and possibly a little alarm has been felt by newcomers to the Valley. From December till the end of March the ground was covered with an unusual depth of snow, and the farmer has been waiting patiently since its disappearance for the drying of the land sufficiently to enable him to get on to it. However, there is no cause for alarm, and the majority consider that this spring is the precursor of a good season for all varieties of agricultural products. From enquiry among those who have resided here for many years, and have carefully noted the conditions that have prevailed during the winter that has just passed, the conviction is formed that everything points to the season being a good one. In a very short time—in fact, even now in some places—will the ground be ready for cultivation, and with the warm weather that will prevail from now on, germination will be rapid and unhindered, thus making up for the lateness. The fall wheat is said to be looking well all over the valley, while the fruit trees are laden with fruit buds and will soon be out in leaf and blossom. Fruit-growers also are looking forward this year to a heavy yield, partly because the majority of the trees had a rest last season, due to the somewhat unfavorable conditions that prevailed last April destroying some of the blossom, and to the fact that this month thus far has been so favorable. Late springs have been very rare in the past in this country, but when they have occurred, the growth has been very rapid. It will, of course, bring on the work with a rush, and will make a very busy season for those with many acres to put into crop.

News Essence

The new C. P. R. steamer for the Okanagan lake service was successfully launched at the Landing on Tuesday afternoon, in the presence of a large concourse of people.

A severe earthquake destroyed the towns of Cilcienangot and Chilapa, Mexico, on April 16. It is feared that other towns have been destroyed. The loss of life is reported to be heavy.

Over 14,000 emigrants landed in Canada last week.

The anticipated trouble at the coal mines of Fernie and other Crows' Nest points has broken out. The men have all asked for their time and are quitting work, and the mines are being closed.

Harry K. Thaw will have to undergo the ordeal of another trial as the jury at the first one failed to arrive at a unanimous verdict. It is said that seven jurymen were for conviction for premeditated murder, while the others were in favor of acquittal or conviction for manslaughter.

A westbound C.P.R. freight train was wrecked on Friday about ten miles east of Golden, and although several cars left the rails no person was injured. The cause was a snowslide, which the engineer did not observe till he was almost on top of it.

At the opening of the House of Commons yesterday, the Postmaster-General announced the conclusion of an agreement with the Imperial Government for the mutual reduction of the postal rates on newspapers, magazines, and trade journals passing between Great Britain and Canada to two cents per lb. The new arrangements come into effect on May 1.

Rheumatic sufferers can have a free sample of Dr. Shoop's Rheumatic Remedy with book on Rheumatism by simple writing Dr. Shoop, Racine, Wis. This book will explain how Dr. Shoop's Rheumatic Remedy successfully drives Rheumatism out of the blood. This remedy is not a relief only. It aims to clear the blood entirely of Rheumatic poisons, and then Rheumatism must die a natural death. Sold by Enderby Drug and Stationery Co.

Notes and Comments

With the advent of Spring, and having arrived at a period in the history of the incorporation of Enderby, when perhaps we may be permitted to think of luxuries, we think that the city council could not do better than to plant shade trees on the principal thoroughfares. Nothing gives a more beautiful aspect to town than avenues of cool, shady trees, and to the settler from the prairie, used in most instances to the dead level of the treeless plain and towns in which the practical side of life only is thought of, they come as a change and relief, proving no mean drawing card in the choice of location

* * *

But in penning the forgoing we have forgotten one thing and that is, the Pound By-law, or rather the non-enforcement of the same. That newly created body, the City Council of Enderby, in the first year of incorporation passed a by-law prohibiting cattle from being allowed to run at large on the city streets. We believe it was a model one for the purpose for which it was drawn up. That same council and succeeding councils have amended the by-law until it is practically a dead letter.

What is the use of planting shade trees, of trying to make ones surroundings cheerful by cultivating a flower garden, when every time a gate is left insecurely barricaded, in walks a four-footed terror whose every step is a hole 4 inches deep in that lawn that has been tended so carefully. It can give points to a professional in pruning, and gardening operations are mostly confined to eating everything in sight.

It is admitted that the question is a difficult one to handle but the council should make an effort this Spring to formulate some plan to keep cattle off the main streets so that a start can be made to make the city florally attractive. We advocate the enforcement of the original Pound By-law (By-law No. 8), adding thereto a clause making it illegal, for minors or other irresponsible persons to impound animals. The amending by-law, No 23, should be annulled.

We recognise the fact that it is impossible for the council to pay a pound-keeper $50 or $60 a month solely to look after cattle. The only other alternative then is to help the general public enforce the by-law by paying a small sum for cattle brought to the Pound. This would remove the obstacle at present in the way of enforcing the by-law, as it would allow persons complaining of annoyance to employ a man to drive offending animals to the pound. A fee of 50c and the payment of a small sum by complainant would compensate any man for loss of time while impounding cattle within the city limits.

The owners of cattle in the city are now so few that we are sure some satisfactory solution of the question could be found if all will work in harmony to this end. They must see for themselves the injustice of a small minority of the people inconveniencing the rest of the population, and also that it is to the general welfare of the community to enhance the attractiveness of Enderby by encouraging the cultivation of flower gardens, lawns and shade trees.

THE EVILS OF CONSTIPATION.

Specialist Says Women in Particular are Sufferers.

WHY BILEANS PROVE SO BENEFICIAL.

A medical specialist states that eight out of ten cases of headache, dizziness, sallow complexion and various ailments peculiar to women for which he is consulted have their origin in constipation. Although this ailment is very common amongst both sexes, women appear to be the greater sufferers. Bileans cure constipation by stimulating the liver and regulating the bile flow. Bile is the natural purgative of the body. Bileans regulate its secretion."

Mrs. S. E. Baldwin, of 38 St. Paul St., Toronto, says: "I have taken Bileans for constipation and dizziness and found most satisfactory results. Bileans do not cause any griping, and not only cure constipation but also improve the general health."

Mr. A. Monaghan, of Berlin, recently proved this vegetable remedy in a similar way. He says: "For many years I suffered from both constipation and piles. Nothing I have ever tried is to be compared for beneficial result to Bileans. They have made me a different man, and if any sufferer would like to ask me any question on their operation and their value I will be glad to give all the information I can."

Such is the result of exhaustive tests of Bileans. This great vegetable remedy is invaluable also for sallow complexions due to bile in the blood, pimples, greasy, sallow skin, and blood impurities generally. Bileans also cure indigestion, debility, rheumatism, anaemia, female ailments and irregularities, "run-down feelings," liver and kidney complaints, headache, sleeplessness, wind spasms, palpitation, etc. All druggists and stores sell at 50c a box, or post free from the Bilean Co., Toronto, upon receipt of price. 6 boxes sold for $2.50.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr Shoop, Racine, Wis. will gladly mail you samples and a book on Colds free if you will write him. The samples prove their merit. Check early Colds with Preventics and stop Pneumonia. Sold in 5c and 25c boxes by Enderby Drug and Stationery Co

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section 160 acres or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

W. W. CORY,

Deputy of the Minister of the Interior.

J. W. Bacon's "Perfection" Biscuit and Cookie Pan

The object of this pan is to provide a Baking Pan which will permit the circulation of heated air around the articles being cooked, and the the bottom of which will not be in direct contact with the bottom of the oven. The articles therefore are cooked by heated air and also by the heat of the Pan.

A further object is to provide such a pan with removable means whereby the operator's hands will not be burned in removing the pan from the oven. Another object is to provide a pan which can be used for cooking many kinds of food, and also to remove the danger of breaking cookies, etc., when taking same from pan. ITS ADVANTAGES can thus be readily seen by everyl housewife.

Weekly Budget of Interesting News and Doings of that Thriving District, from our Regular Correspondent.

H. W. Johnstone, of Brandon, Man., came in last week to inspect our fruit lands, and will make his home here for the present.

Thos. A. Sharp, of Agassiz, was in town for a few days last week arranging for the Spring work on his ranch.

Hugh A. Gaspell, of Vegreville, Alta., was a visitor in town last week. Mr. Glaspell was very well pleased with the appearance of our valley and intends settling here.

Mrs. Robt. Armstrong spent a few days with Salmon Arm friends this week.

Miss Laura Pratt left on Monday for Revelstoke to visit her sister there.

The friends of Oscar Reinhard are very pleased to hear that he was successful in passing his examinations and that he has secured a position with a reputable firm in Nanaimo.

Thos. Evans has moved in o his new residence in town. Mrs. Evans will be at home to all callers this week.

Nurse Harris, who has been attending her sister Mrs. Smith in her recent illness returned to Revelstoke on Saturday last.

H. C. Fraser has been making further investments at Abbotsford, the latest addition being the eighty acre property known as Pleasant View.

The Methodist Church has purchased two more lots in town with a view to building a new church sometime in the near future.

Robuts and Scales have moved into their new house on the farm.

Jackson & Parker have completed their carpenter shop, which will be headquarters for all future business.

The Orange Hall was cleaned out the other day. Cheer boys!

F. Woodward was a business visitor to Nicola last week.

J. Kernaghan has erected an office at his lumber yards.

R. Fortune received a shipment of holly trees this week.

The Brooke Bros. have rented E. C. Dalton's place for the coming season, Mr. Dalton going to manage W. Shaw's ranch.

The contract for building a fence on the Methodist church property has been let to Elgood Bros.

F. Wilcox returned from the East on Friday last. He reports Spring very backward in Manitoba, there being still from three to four feet of snow on the level and the same old, cold, raw, penetrating, North-west wind at work shrivelling up the inhabitants.

Snow slides are commencing again to get in their deadly work in the Selkirks, and the trains are consequently much later than usual—which means anywhere from 6 to 60 hours.

Immigration and tourist traffic to all parts of B. C., and especially to the Coast is very heavy this Spring. The newcomers are buying up a good deal of the coast property and the old-timers at the coast are seizing the golden opportunity to slip out and come to Salmon Arm. But we are getting our share of the newcomers too—some from the old country, some from the States, and a great many from the prairie provinces, who have become completely sickened of the cold winters there.

The state of the roads has been causing a good deal of discussion lately. Many first rate ideas as to the best means of dealing with the problem have been advanced, but we think if the men will stop knocking their heads together and the women quit pulling each others hair over it, and leave the brain work to our worthy Council, they will prove capable of looking after public affairs, good roads coming all in due time without unnecessary worry or loss of life on the part of our citizens.

TURNER--MCGUIRE

A very interesting and notable event took place on Monday evening at the home of Mr. and Mrs. A. McGuire, when their daughter Maud was united in the bonds of holy matimony to Mr. R. Turner, of Goorawood Fruit Ranch.

Rev. Pye was the officiating clergyman, who tied the nuptial knot, pronouncing the ceremony which united the lives of these estimable young people of Salmon Arm. Mr. and Mrs. S. McGuire attended the happy couple as groomsman and bridesmaid respectively. The bride was becomingly attired in a going-away gown of navy blue ladies cloth, trimmed with military braid

Mr. and Mrs. R. Turner left on Tuesday night's train for Dublin, Ireland, going via Vancouver, Portland, Chicago and New York.

The groom's gift to the bride was a gold and pearl blouse set, and to the bridesmaid a set of tortoiseshell combs. The love and esteem in which this worthy couple is held were shown by the numerous beautiful and valuable presents that they received.

The many friends of the bride and groom heartily wish them a long, pleasant and prosperous life.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture it must be printed on the label or package. For this reason mothers and others, should insist on having Dr. Shoops' Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best a truely remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by Enderby Drug and Stationery Co.

Dr. Slocum's Great Tonic and Disease Destroyer

PSYCHINE

(PRONOUNCED SI-KEEN)

Used in Thousands of Homes in Canada

THOSE WHO don't know what Psychine is and what it does are asking about it.
THOSE WHO do know what Psychine is and what it does are using it. They regard it as their best physician and friend.
THOSE WHO use it are being quickly and permanently cured of all forms of throat, chest, lung and stomach troubles. It is a scientific preparation, destroying all disease germs in the blood and system. It is a wonderful tonic and system building remedy, and is a certain cure for

COUGHS,	**Bronchial Coughs,**
LA GRIPPE,	**Chills and Fever,**
Colds,	**Difficult Breathing,**
Pneumonia,	**General Weakness**
Bronchitis,	**Female Troubles,**
Catarrh,	**Fickle Appetite,**
Weak Voice,	**Hemorrhages,**
Sleeplessness,	**Night Sweats,**
Nervousness,	**Consumption,**
Malaria,	**Catarrh of the**
Anaemia,	**Stomach.**

All these diseases are serious in themselves, and if not promptly cured in the early stages are the certain forerunners of Consumption in its most terrible forms. Psychine conquers and cures Consumption, but it is much easier and safer to prevent its development by using Psychine. Here is a sample of thousands of voluntary and unsolicited statements from all over Canada:

Dr. T. A. Slocum, Limited:

Gentlemen—I feel it my duty to advise you of the remarkable results effected by your Psychine and Ozomulsion, which have come under my personal observation. Three men, well known to me, Albert Tupstead, Hazel Hipson and John McKay, all of Shelburne County, were pronounced by the best medical men to have consumption and to be incurable and beyond the reach of medical aid. They used Psychine and Ozomulsion and they are now in good health.

I feel it a duty I owe to suffering humanity to state these facts for the benefit of other sufferers from this terrible disease.

Yours very truly,
LEANDER McKENZIE, J.P.
Green Harbor, N.S.

THE GOVERNMENT AND ZAM-BUK

Survey Party Takes a Supply of This Useful Balm.

Zam-Buk, the favorite household balm and salve, is now adopted as "the Doctor" by leading parties engaged in surveying various parts of the Dominion lands.

Mr. Henry Hall, writing from Fort William, says: "Having proved how benefital Zam-Buk is in cases of cuts, skin injuries and diseases, I determined to keep a supply handy. Being engaged to go on a survey, I thought it would be a most useful thing to take along. I obtained a supply in Fort William and very well it was I did so. I may say that pretty nearly every day it was called into requisition by one or other of the party for cuts, bruises, burns, or some injury or other. It is wonderful how quickly Zam-Buk takes the soreness out of cuts, burns, bruises and injuries; and on our survey it earned golden opinions from all who had occasion to try it. I have found it very fine for skin disease, and I can strongly recommend it as a household balm."

Mr. Lancelot Scott, one of the leading government analysts, says: "I have no hesitation in certifying the entire purity of Zam-Buk, which in my opinion is excellently adapted for skin injuries and diseases." Zam-Buk cures cuts, scalds, burns, bruises, eczema, scalp sores, ringworm, ulcers, abscesses, pimples, blood poison, chronic abscesses, etc. As an embrocation it relieves rheumatism, neuralgia and sciatica. All druggists and stores sell at 50c a box, or from Zam-Buk Co., Toronto, for price. 6 boxes sent for $2.50. Send 1 cent stamp and we will mail you free sample box.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can positively cure all curable cases of this heretofore much dreaded disease. These small blue granular wafers, found in Rheumatic Blood, soon neutralize and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy

The Enderby Drug & Stat'y Co.

Halcyon

Hot Springs Sanitarium

Now under the management of HARRY McINTOSH, Hoffman House Rossland

Arrow Lake, B. C.

The New Year

Is here, and with it the Provincial and Municipal elections; but property transfers are going on just the same, and I look for a good year in

—1907—

I have many buyers—both local and otherwise—and can sell property in any part of the Okanagan and Spallumcheen Valleys at right prices and terms.

If you have anything to offer—business, residential or farm lands—please list it with me, and I will endeavor to make any business entrusted to me satisfactory to you.

Write me for further particulars at Armstrong.

H. P. LEE, The only Land Agent who covers the Okanagan Valley.

OFFICES: Enderby, Armstrong and Vernon

The pressure of water in the mains of the city waterworks has been somewhat erratic during the past few days. This has been caused by the intake becoming clogged with sand and gravel carried down by the creek, which is now in flood. The amount of water is greater this year than the average, because of last winter's heavy snowfall. However, the snow on the hillsides is fast melting, and in a very short time the water in the creek will subside and conditions become normal. Under very adverse conditions—extremely low water and in flood time—not to count in other handicaps, has the system proved its efficacy as well as a good investment, and all that is necessary is a little patience while the few minor defects are made good, and the system generally got into thorough working order. A similar system is working excellently in Chilliwack, and soon it will be said the same of the local one. Mr. Atkinson, the contractor, is expected in towards the end of the week.

Announcement

We beg to announce that Mr. J. C. Metcalfe has sold his interest in this business to Mr. J. W. Evans, which will hereafter be known under the firm name of Wheeler & Evans.

All accounts due the former partnership are to be paid on or before April 15. All that remain unpaid after that date will be placed in the hands of a solicitor for collection.

TOWN & DISTRICT . NOTES .

Mr. F. L. Buckley visited Victoria on business the early part of the week.

Mrs. Wm. J. Lemke came in on Monday, Mr. Lemke going to Glacier to meet her.

The machinery is rapidly being installed in the sawmill, and it is expected that it will start up by May 1st.

H. Storey has been spending a short holiday in Enderby, renewing old friendships. He left for Revelstoke, to return to his duties, on Tuesday.

A. Reid, of Kault, spent a few days in town this week, going down to the Landing on Tuesday to witness the launching of the new steamer.

The roads throughout the town and country are rapidly drying up, and travelling is a much more pleasant occupation than it was two or three weeks ago.

The river is rising slowly—too slowly some say. For every day now that the flood water is held back increases the possibility that we may have floods.

PACIFIC COAST TESTED SEEDS for Pacific Coast People. Grown tested, and put up at M. J. Henry's Seed House and Greenhouses. Order direct if your local merchant has not got them. Catalogue free. 47-2t-c

— Wilson, late of Chilliwack, who recently purchased the Hassard farm situated half way between here and Armstrong on the back road, passed through on Wednesday with a carload of settlers' effects and two carloads of stock.

Many are the complimentary remarks heard concerning the appearance of the new mill erected here by the A. R. Rogers Lumber Co., made by travellers and visitors. All agree in saying that it is the largest, neatest and most comfortable looking mill to be found in the Interior. The several buildings certainly have an inviting appearance being painted as they are with a pleasant red, and picked out with white. It is the cynosure of the eyes of all strangers travelling up and down the line.

We learn that on Monday, Tuesday, Wednesday and Thursday of last week four straight carloads of weigh freight were dropped off here—one each day! We doubt if a town of equal size can show the equal. It speaks volumes for the amount of business that is being done here.

The Oddfellows of Coronation Lodge No. 48, Armstrong, hold their annual anniversary services next Sunday, this being the 88th anniversary of that Order. Rev. Miller will preach the sermon, the services being held at 3:00 p.m. All Oddfellows of Enderby and district are cordially invited to join the brethren in the parade.

Mr. J. A. Mohr brought up to this office last week a sample of coal from one of the outcroppings on the land that he has taken up in the lower country. The coal, in appearance and weight, seems to be of an excellent quality, and compares very favorably with coal from Vancouver Island, Crows' Nest, or even Enderby! Mr. Mohr was accompanied throughout the trip by J. McMahon, who has an interest in the holdings.

Owing to a slide east of Sicamous blocking the line there were no passengers or mail from the east on Tuesday.

The Enderby Brick & Tile Co. desire to say that they can give employment to a number of men at once.

Mr. T. Gray, late manager of the Wood Cargill Co.'s store at Armstrong, passed through on Monday on his way to the coast, where he will enter into the real estate business.

W. Hupel returned on Wednesday from a holiday trip to coast cities.

W. Wilson returned recently from the Vernon hospital, and we are pleased to learn that his leg has entirely healed. He also brought word that F. Franklin is at last on the way to recovery, and is now able to sit up in bed, and has the use of his arms and hands.

In a letter sent to friends in town H. M. Walker (late proprietor of this paper) makes the interesting announcement that he has taken unto himself a wife. The ceremony, we understand, was performed about a month ago in Los Angeles, where he is now located. We extend our most hearty congratulations.
