COMMUNICATION.

EDITOR EVENING WORLD.

Dear Sir:—It was with feelings of disgust that I read the sensational article in Friday morning's Miner, fiercely attacking our respected United States Consul, John Jackson, Jr., a man whom all Americans in the town respect. The scurrilous article in question was inspired by the new manager of the Rossland Miner, Mr. J. S. Wallace. Just what idea Mr. Wallace has in thus attacking a respected townsman, the writer is at a loss to know, but is sure of one thing, Mr. Wallace positively ribbed up the matter, and has apparently done what he could to bring Mr. Jackson's name into disrepute. I understood the Le Roi Mining company sent Mr. Wallace to conduct their morning "Effusion," and not to single out decent men for his venomous attacks.

When Mr. Jackson made his manly explanation in this morning's issue of the Miner, I thought the matter would be done with. But, no; Mr. Wallace goes further, and wants to keep the thing going by imputing that Mr. Jackson's denial is untrue.

The manner in which Mr. Wallace has handled this affair, would even put the president of the Rossland Miner company, Hon. Tom Daly to shame. It is an insult to every American citizen.

Yours very truly,
AN AMERICAN CITIZEN.

MINING MATTERS

American Consuls, Editors and Canadian News and Interests.

Our morning contemporary is making a slight mistake in the undue prominence it is giving to the American consulate. American officials are foreigners in this country and their compatriots would do well to keep any shortcomings in the background. The people of this camp would rather believe them untrue and even if true they are no concern of Canadians.

As a youngster fresh, very fresh, from 'Frisco the brain behind the Miner must try to comprehend the fact that wires emanating from New York must be edited carefully. With reference to the Dewet blockade the Miner states in the same article that that commander escaped with the majority of his force and that he barely eluded capture with a few followers. Both accounts cannot be true.

When foreigners attempt to condense important Canadian news such as the speech from the throne, they should remember where they are, and what they are at. Anarchism was not the chief item of the Ottawa speech, though the Miner makes it so because of its American interest. On the other hand, the barely mentioned "Assembly of Colonial Prmiers," is likely to prove the beginning of a remarkable epoch in the history of the Empire.

MUST STEM AMERICAN TRUST RULE

Government Ownership of Railways is Now Regarded Within the Sphere of Practical Politics--Railroad Extension.

Last Saturday evening Hon. Mr. Tarte made a very interesting speech before the Reform club, saying that he would preach a sermon from the gospel of transportation. He announced that Engineer Fraser had reported that the French river route would cost $5,000,000 and could be done in two years.

Port Colborne, the minister also said, would be equipped in two years' time, with a 30 foot channel from Montreal to Quebec. "If I were a member of parliament," he proceeded, "I would say it was the duty of the government to encourage shipbuilding on the great lakes as we have encouraged the manufacture of iron and steel."

He admitted that he was a friend of the Canadian Pacific because it was essentially a Canadian road, and then Mr. Tarte warned the people of Canada regarding the possibilities of American capital securing control of Canadian railways.

Speaking of the recent increase in the C. P. R. capital, the speaker said that the time might come when the Canadian government would have to do with the C. P. R. what the British cabinet did with the Suez canal.

"Our American friends," said he "are making tremendous efforts to crush this country. They are making combines on land and sea against us. They are endeavoring to make a slaughter market out of this country, and, in consequence of this attempt, let us have a tariff that will protect our national industries and waterways, that will protect our national trade."

GREENWOOD GOSSIP

Local Happenings and News of the Boundary Mines.

Greenwood, Feb. 15.—J. F. Robillard, for some time past telegraph operator at the C. P. R. station here, left on today's train for Trail, where he takes a position as C. P. R. agent.

The installation of a new one hundred horse-power, double cylinder, double drum, line motion, Jenckes hoisting engine at the Montreal and Boston Copper company's Sunset mine, is about completed. Manager Harry Johns intends starting the engine running tomorrow.

A. C. Flumerfelt, assistant manager of the Granby Mining, Smelting and Power company, and his assistant, H. N. Galer, today visited the Mother Lode and Sunset mines, near Greenwood.

R. Roberts, a mining engineer from Rossland, came in on yesterday's train.

Centre Star.

A confused account of the Centre Star-Miners' Union case appeared in the Miner this morning. "Confusing counsel by a confused counsel," it ought to have been headed: For the facts see yesterday's WORLD.

ROSSLAND SHIPMENTS

Total Amount of Ore Shipped is Still Under Average.

The shipments of ore from the camp since January 1, are subjoined. While the shipments for the past week can only be approximately given, those for the previous period have been corrected and give the gross wet weight in short tons of 2000 pounds.

	WEEK	YEAR
Le Roi	4551	27,500
Le Roi No. 2	350	6,758
Velvet		50
Totals	4901	34,308

The corrected shipments of the Le Roi No. 2 for the month of January are 5208 wet tons, equivalent to 5081 dry, sent to the Northport smelter.

The output for the week has again been light, owing to the shutdown of the West Kootenay Power plant for overhauling. Work started up again in the Le Roi No. 2 on Friday evening, but during the whole of the week development work on the Josie was alone attempted. This was accomplished by aid of the old steam plant still in operation in that property.

If you want first-class bottled goods go to the International Liquor Store.

NOTICE!

Owing to the attendance at the annual bonspiel of the Kootenay Curling Association at Sandon, Dr. Kerr will be absent from his office during next week. 3-t

Gold in Burma.

According to Indian Engineering, Mr. Jones, an old railway driver, is exploiting for gold in the Shwegyin subdivision of Lower Burma. The river sand has been washed for gold for the last 50 years. Mr. Jones has gone 25 miles above the town, and hopes to discover the source of the gold, or to work the river sand near it by machinery.

Mining Notes.

The first of the shipment of ore from the Hartney and Marion was hauled to the wharf Tuesday.

The Bosun is shipping a large tonnage of zinc ore this week. Forty-five men are on the payroll.

A 4 inch streak of dry ore assaying 1000 ounces silver to the ton has been struck on the O. D. claim, Bear Lake.

BOUNDARY SHIPMENTS

Two Mines Have Rejoined the List—A Good Weeks' Work.

Phoenix, Feb. 15.—Two mines that have not been shipping for some time have recently rejoined the Boundary shipping list the Snowshoe and No. 7.

The two Boundary smelters have treated 7943 tons of ore this week as follows: Granby smelter, 4915 tons; Greenwood smelter, 3018 tons, making a total for 1902 of 42,344 tons.

The following are the Boundary shipments for the past week and year to date:

	Week.	Year.
Granby Mines	4679	23,589
Mother Lode	3160	17,512
Winnipeg	90	260
Golden Crown	30	300
Snowshoe	60	60
No. 7	150	105
Total	8124	41,826

For high-class family liquors go to the International Liquor Store.

YELLOW STORIES

No Truth in the Seattle Tale of Trouble in Alaska.

Victoria, Feb. 15.—Regarding the report in the Seattle papers stating that Ivey had ordered Busby to move out of American territory and that no customs officers would hereafter be allowed in Skagway, Colonel Worsnop today said that this was not the case. Busby has, however, been appointed inspector of customs for the northern frontier, with headquarters at White Horse, and jurisdiction over the Yukon, but an official will still be maintained at Skagway.

ARBITRATION.

"That the waste and suffering caused by strikes is detrimental to the welfare of the country, and that the government should take steps to prevent same."

The above is the exact wording of the plank in the platform of the Martin Liberals which we are asked to believe recognizes the principle of compulsory arbitration. As a matter of fact the verbiage quoted may mean anything. It tainly does not commit the worthy and wily Joe. The matter can be explained away. The militia might be called out under the above plank, and still that act would be agreeable to its wording.

It is too slick! If Martin wants to place himself straight with the people he must be straight himself. Nobody asks him for violent statements but we certainly insist upon plain language, and language that will not admit of two diametrically opposite explanations.

WAGON ROADS.

The gazetting of the Northport, Trail and Red Mountain wagon roads by the government is of decided benefit to the city. Old residents of Rossland may remember trouble that has arisen through the non-gazettal of public roads. If the matter had been left to the municipality to arrange it would have resulted in a great deal of money being spent in expropriation proceedings. All this has now been saved. The provincial government was by no means willing to take this step and it has required much persistent effort to get this needed matter put through. For the past 18 months this agitation has been going forward. Mayor Lalonde finally camped at Victoria last year and would not quit until such time as he had received definite promise that it should be done from Mr. Wells. Even then the matter was by no means finally settled, and letter was piled upon letter and telegram followed telegram before the sopoforic influence of the coast air was overcome, and action at last taken. The city should certainly recognize the debt that it owes ex-Mayor Lalonde in this regard.

LAND GRANTS.

The Victoria Colonist says that the Liberal convention was ill advised in protesting against the giving of land grants to railways instead of cash subsidies on the ground that the land subsidies made in the past have been given without conditions. If they are given with conditions, according to the Colonist, they are all right.

Once bit twice shy is a good old adage. The grant of the coal lands of East Kootenay is a case in point. There were conditions attached to that public robbery which simply makes the outrage yet more glaring. The events of the past few months has shown that no such grant was necessary. It is the practice of the day to borrow large sums for public improvements which must be paid back by future generations. This financial method has its justification in the assertion that the descendants of the present generation will reap the benefit of the improvements now being carried out. This may be partially true but it is more than equally true that if labor were to cease for a decade the wealth of the world would have to be recreated at the end of that period. Hence the falsity of the Colonist's argument. If we are to saddle the next generation with the payments of our debts we should take care that the inheritance of our children, the land, is carefully protected from spoiliation, for it is from this very capital, with its unearned increment, the money, now being borrowed, is to be repaid.

NOTES AND COMMENTS.

The Centre Star is not shipping because of the low per cent price of copper? Good copper mine the Centre Star:

Victoria and Rossland, the second and third cities of the province, were practically unrepresented at the Martinite clamjamfry.

Joe Martin says that only 24 Liberals out of 117 bolted the convention and therefore it was representative. That is not the point which is the fact that Martin cannot unanimously lead the party.

STARTLING FIGURES.

According to the Republican Census Bureau.

In 1890 there were 4,251,613 wage workers in the American industries. Their aggregate wages were $1,891,228,321. Their average yearly earnings, therefore were $444.83.

In 1900 there were 5,310,598 wage workers. Their aggregate wages were $2,323,407,257. Their average yearly earnings, therefore, were $437.54.

That is to say ten years ago the average weekly pay of the worker was $8.55 and today it is $8.41. No wonder the decent Americans are coming over here.

MINOR MENTION

The Masquerade last night was all right.

Don't forget the Rangers' minstrels on Monday next.

Smith Curtis, M. L. A. leaves tomorrow for the coast.

A Monday morning newspaper means an all day Sunday job.

J. L. Parker, of the Stemwinder, is looking over the Iron Mask.

Louis Tyckoson has just received word of the death of his mother in Europe.

We may expect a cold snap next Wednesday night. (N. B. This is official!)

Full services at the Anglican church in Trail will be held tomorrow by the Rev. C. W. Hedley, of Rossland.

Doc Sinclair is again to be seen round town. His stature has not increased because of the honors showered on him by the Martinites.

There will be a meeting of the carnival committee this evening in the Board of Trade rooms at half past eight. All members are urgently equested to be present.

D. D. Mann is talking about northern British Columbia as if it were his own. The C. P. R. people are saying nothing but don't you believe they are doing nothing.

The Father Pat memorial fund is growing apace. The WORLD regrets it has not sufficient space to publish the names of the subscribers which number several hundreds.

Some of the masqueraders last night spared no effort to be up to-date, especially the ballet girl, the man out of the opera and Weary Waggles. They were all rather more natural than life.

NOTICE.

The strike has been settled a the Le Roi mine, but it it is still in force at the other mines as before.

Negotiations are being carried on with the other mining companies of the camp which have been effected by the strike but they are not yet completed.

Working men in outside camps are advised to keep away from Rossland for the present, as there are more union men at the present time here than can secure employment until a settlement has been effected with the other mining companies.
