Box 685, Nelson, B. C., and at Vancouver. *Please mention this paper*

HOCKEY MATCHES

Nelson and Sandon Won Out Against Rossland and Phoenix.

The game between the Rossland and Nelson hockey teams last night proved to be overwhelmingly in favor of the latter, and a victory was won with a score of seven to one. Although Carmichael and Harris played brilliantly their performances were more than offset by the play of Archibald, Perrier, Wetmore and Nase. Generally speaking the Nelson team were faster than the Victorias who suffered from the defection of their lately married captain, E. Winn and who openly attributed their overwhelming defeat to his loss. It is a great compliment to Winn but a poor one for the Victorias who have had in the past a magnificent record.

The hockey match between Sandon and Phoenix turned out rather unexpectedly in favor of the former team with a score of 9 to 4. In fact, as the score shows, the game was one sided. Perhaps the best individual players were upon Phoenix side but the lack of combination play told heavily upon them and the lighter though hardly quicker team, played well together and passing beautifully easily won the victory. The game was practically over at the end of the first half the score then being 5 to 1. During the second half, although McArthur and Monk played splendidly yet the game of the Sandon boys was much too good for individual effort and the lead was only further increased. Sandon ought to have the end game well in hand though the Nelson team, as it showed last night, can put up a good fight.

For imported wines go to the International Liquor Store.

SNOWSHOE RACES.

J. Kloman and Bob Lamont Came out Ahead.

The heavy race for the snowshoe championship was practically a handicap for the participants in the snowshoe races that came afterwards. Bob Lamont was the only one that was able to carry carry off a first prize and he presumably would not have been able to do so had he gone the full round. The results were as follows:

The mile race—J. Kloman, first, R. Lyon second.

Hundred yard dash—J. Kloman, first, A. McPhail, second.

Prospectors race—B. Lamont, first, E. Henneger second.

One hundred yard dash.—B. Lamont, second.

Don't forget the Masquerade Ball Saturday night, February 22nd, at the Miners Union hall.

Union Made Cigars.

Why not begin the New Year by smoking union made cigars? When you wish a smoke ask your dealer for a "W. B." or "Crown Grant" Cigar.

ORE SHIPMENTS

Rossland's Record is Again Approached.

MINES SHIP OVER 6000 TONS

Centre Star and War Eagle are Still Total Abstainers—The Velvet is on the List.

The shipments of ore from the camp since January 1, are subjoined. While the shipments for the past week can only be approximately given, those for the previous period have been corrected and give the gross wet weight in short tons of 2000 pounds.

	WEEK	YEAR
Le Roi.....	5134	32,634
Le Roi No. 2.....	1430	8,188
Velvet.....	44	88
Totals	6608	40,910

The Le Roi and Le Roi No. 2 are both sending away their regular quota to the smelter. There There has been nothing definite as yet about the shipments from the Centre Star and War Eagle which are dependent upon arrangements made with the Trail smelter.

The Nickel Plate is being developed steadily but it is likely that for the present, considering the state of the copper market, shipments will not be made.

The Velvet has sent away another small quantity of ore.

Just in—Smoked Salmon, Bloaters, Kippered Herring, Codfish and Mackerel. Morrison & Bryenton, North Washington street.

WINS OUT AT LAST

Robert Lyon Captures the Snowshoe Championship of B. C.

After a struggle which has lasted since 1898, from the very inception of the carnival, Bob Lyon, running second for four consecutive years, won out at last and came in on the record time of 34 minutes over a difficult three mile course. The record is all the more creditable since the snow was not in good contiou and the famous glissades down Knob Hill had to be foregone and the more so because he was not pressed at the finish.

The first three years races were won by R. S. Wells who took the cup in consequence and donated another on the same conditions. All the races were good but Lyon was very close behind on the third year, both men arriving very pumped. Last year Lyon was second to McPhail who ran second this year. Bob Lyon was then barely out of the hospital and had heavy shoes but still made a close finish.

The race today was an easy one for the present champion. Last year's holder of the cup ran abreast at the end of the first round but pumped himself in doing so and fell hopelessly behind on surmounting the hill at the western extremity of the course. The third runner, R. Lamont wisely gave up at an early stage and so reserved himself for the late races.

Call and see Ed Farnsworth when you want a good smoke.

THE REAL THING

Rossland Fire Boys Reward the Confidence of Their Chief.

The Rossland fire boys are all night. They are the real thing, and Chief Guthrie is not going to let anybody forget it. Early this morning, after the famous exhibition of slow fighting by George W. Brown, the Sandon, Phoenix, Nelson, Spokane and Rossland citizens began to talk of the prominence of their native cities. Guthrie spoke up for his town. He said the other parts of the city could look after themselves, but he was willing to swear by the super-excellent qualities of the fire brigade. They were the real stuff. He was willing to bet about it. His adversaries expressed disbelief, and Guthrie planked up $50 and was willing to bet that his men would be down at the Allan, on an alarm being sent in, within 90 seconds, within 75 seconds, within 60 seconds, within 50!

Thinking they had him, his last offer was accepted, and the crowd adjourned over to the Allan where the alarm was sent in.

Everybody at the firehall was asleep; it was four o'clock in the morning, but within 48 seconds three teams were at the Allan, and Guthrie had won his bet. The Sandon fellows are allright, and they can play good hockey, but the fire boys have shewn them that they are not the only pebbles on the beach.

If you want first-class bottled goods go to the International Liquor Store.

Skating Races.

The obstacle race for boys was won by Edgar Harris with Stannaway second.

The one mile championship was carried off by O'Hearn with R. Goninan second and J. Lawlor third.

The small girls race was won after a good contest by Dorothy Yates with Eva Hoskins second.

Otto Demuth took the race for boys under 12, L. Lapsley coming in second.

The race for boys under 15 was captured easily by Harris, Stanaway and Funk struggling hard for second place and finishing in the order named.

SKI RACES.

Championship Won by T. H. Hartman—Other Events.

The championship ski race was won by T. H. Hartman with G. H. Dunn second. The time was anything but good, the snow presenting but a poor surface for this noble sport. The men's race was won by D. Lawlor, with J. Lawlor second. The winner is at that uninteresting age when he is too old for mere boyish sport but gets his claims to manhood superciliously regarded. Now he has done something worth crowing about.

The boys' race was won after a close contest by A. Boultbee, with A. Helgeson second.

An Accident.

John A. Macdonald, a work man employed on the C. P. R. bridged over the Columbia yesterday fell from the deck of the structure into the forework and fractured a number of ribs.

Clam Chowder free day and night a the Alhambra.

THE PRIZE FIGHT?

Great Exhibition of Still Fighting at the International.

When one man possesses the power of initiative and will not use it, and the other man has not that power and cannot use it, there may be an exhibition of prize fighting, but it will be of the still life class.

George Washington Brown is a stocky little fighter and he is a glutton at punishment, but he wants it and wants it badly before he will stretch himself.

Morton Freeman, his adversary, with a longer reach and incomparably better science would not take the aggressive and Brown does not know how. Whenever Freeman got in a lick or jabbed Brown or woke him up with a nasty uppercut that darky grinned audibly and butted back viciously. He did not get much of a chance as Freeman fell out of his way and only once was caught and sent staggering to the ropes. Had George walked into his affections it is possible he might have won. As it was 23 rounds were sparred, not fought, and Jack McArthur would give no decision.

Freeman claims that he hit Geo. hard enough to hurt both hands badly, but the trouble was he landed on George's head and he might as well have landed on the new post office wall. The fight was anything but conclusive, but manager Holland declared he thought the combatants deserved their money and said they should get it.

NORTHPORT SMELTER.

Report of Managers to the Board of Directors.

The expenditure at the smelter for the month of December was $221,340.48, an increase of $14,988,-27 on the previous month. This increase is wholly on account of the store business, and has been incurred by having to pay for heavy purchases made by the late manager, Mr. Kadish. The total payments on this account amount to $44,046.29, an increase on November of $29,035.98. The majority of the smelter expense accounts show a decrease.

WANTED—To buy second-hand furniture and clothes, or anything of value. Layton's Second-hand Store. tf

Nelson Poorman.

The 160-foot shaft on the Poorman mine is being extended to another station, the contract for the same being let yesterday to David Trevorro and seven other miners who are at present employed on the property.

POPULATION.

At the London Guildhall the Prince of Wales on December 5th, just returned from his tour around the Empire, said the want of population is the "one all-prevailing and pressing demand" made by Greater Britain. The Prince declared no one making the tour he had made could fail to be struck with this.

And we of this province know at least his words are true of British Columbia. But read the evidence submitted to the Oriental Commission sitting at the coast. Man after man from the old country resident here for a term of years varying from five to forty declared that they constantly advised their home-staying friends to seek other fields than those of this province. They could not recommend it and the reason of their dissuasion was invariably based upon the presence of the Oriental. What is the use of spending money upon the maintenance of emigration bureaus in the chief centres of the British Isles, when a letter to a friend or relative will elicit the voice of bitter experience. When the Oriental has been banished then, and not till then, will free men come to this country.

DUST AND ASHES.

There was much discussion last year over the progress of the great steel strike which was reported through the press as having been lost by the men. There are, however, losses and losses. Enough injury was sustained by the winning party, the great steel trust, to make it calculate the cost of victory. The magnates of this gigantic corporation, almost without peer in the world, certainly peerless outside of the United States, have shown themselves to be men of foresight. The steel trust is entering into a fight of Titans against the iron masters of Great Britain and can see that in that struggle they will need to be careful that there are no weaknesses in their structure. They perceive that labor and capital in the old country are coming closer together daily, they see also that man for man, under conditions such as these, that Great Britain is doing a trade that is three times larger than the United States and are also alive to the fact that labor and capital combined must win against capital alone, even with the help of protection thrown in, the more especially as that very armor of protection is likely to be donned once more by their adversaries. Hence the formation of the U. S. civic federation and the pact of voluntary arbitration which is being welded between Schwab and Gompers, the representatives of capital and labor.

In the interests of labor it is to be hoped that these joint plans are successful but in the interests of the empire it were well, perhaps, if the reverse proved to be the case. The American invader, unbacked by labor, is not a particularly formidable adversary. Full of sound and fury doubtless but with that inherent weakness resulting from internal strife between the various members of the body corporate, the aggressive giant is liable to prove unequal to the encounter.

It were well if the object lesson were taken to heart by some of our local men who are neither Schwabs nor Morgans. Interests far greater than theirs are at stake and yet the representatives of those interests are willing to submit them to a frank and free arbitration. The cases are exactly parallel, the steel workers struck for recognition of the unions and for higher wages for a part of their body. This is the case in Rossland. The steel workers were replaced by scabs and yet in the hour of victory the winners find its fruits but dust and ashes, and are willing to concede the recognition demanded and the submit the question of wages to arbitration. These are the leading capitalists of the great republic, have not their admirers the heart to follow their example?

NOTES AND COMMENTS.

The Boers and the English ought to be able to settle down amicably after the interminable war has petered out for if there is one quality above all others that the latter race ought to be able to appreciate it is mule headed persistency.

The directors of an American trust are far abler and better educated men than their employers, but in poltics they are a far more dangerous force, because it is more possible and more profitable for them to handle politics for their private gain.—Contemporary Review.

The Liberal association wishes to remind its officers that it would be glad to have the report of its delegates, including Doc. Sinclair, submitted at the next meeting. It would also like to know when that meeting is to be called and when W. Hart McHarg, T. Parker, R. W. Griegor A. Dutton et al are coming out of the woods.

THE LE ROI.

Condition of the Mine and the Effect of the Fall in Copper.

The manager of the Le Roi makes the following report to the London directors, published in the B. C. Mining Review, dated January 18th:

"The ore body to the west of the combination shaft at the ninth level has taken a sharp turn to the south, where the values still continue fair, while they are very poor in the west face. The development for the month consists of raises from the 7th to the 5th levels on the south vein, and from the 9th to the 8th levels in the main ore shoot. The product from the former is not of shipping grade, but we can reasonably expect it to improve, as there is a fair grade of ore above us at this point. The 900 raise is up 80 feet, and I expect to connect with the 8th level during January. Other development consists of soil floor work and cutting a pocket on the 1050 station. This work is far enough advanced to enable us to begin drifting within a few days. The sinking cannot be resumed for a couple of weeks The recent fall in copper from 16½ to 11 cents per lb., the latter being today's quotation, will seriously affect the profits of your mine. The tonnage shipped during December contained about 1.4 per cent. of copper, producing 234.1 tons. The result of the fall in price makes a reduction of over $25,500 in the profits for the month of December.

For fine Cigars and Tobaccos go to Ed Farnsworth's cigar stand.

Don't forget the Masquerade Ball Saturday night, February 22nd, at the Miners Union hall.

MANAGERS REPORTS.

Official Returns Reported in the London Press.

Ymir Gold.—Cablegram from the company's representative at Nelson, British Columbia: "Level No. 10, 1974 feet long. Shaft 674 feet deep."

Velvet Rossland Mine.—The directors announce an issue of 199,986 £1 shares credited with 17s. 6d. paid, and seven shares with nothing credited thereon.

Bosun Mines.—Telegram from the manager reports 140 tons galena shipped during the month of January. Smelter returns for 140 tons, $5145.

Le Roi No. 2.—Manager cables, 5th February: "Tons shipped, 5080, yielding 2287 ozs. gold, 6000 ozs. silver, and 116 tons copper. Net profit after payment of all expenses, $17,500." (Office note.—The fall in the price of copper during past month has affected the profits to the amount of $13,000.)

Hall Mining and Smelting—The mine manager cables, under date of the 1st February, as follows:—"Output of smelting ore for January, 1,224 tons; average assay; 14 oz. 10 dwts. silver per ton, and 4 per cent copper. No ore sold to smelter during January. New ore shoot No. 6 level east, south vein, winze 2 feet 6 in. in width; grade of ore is very good; the face improving as we go on."

Received today a fine line of Teas in Old English Breakfast, Congo and other varieties. Try a pound of our I. E. B. Morrison & Bryenton, North Washington street.

The Truck Act.

The Crow's Nest Coal company has bluntly told the Fernie merchants that, in spite of all former pledges and understandings, they will establish a company store at the mine. The company offers to buy out any merchant who considers that this move will hurt his business materially. From being one of the best towns in British Columbia, the coal company will make it one of the poorest.—Frank Sentinel.

For Fresh Salmon, Halibut, Herring and Crabs go to the B. C Market, Columbia avenue.

North Star.

The North Star is working about twenty men. The principal work is prospecting.

If you desire the best goods for your money call at Ed Farnsworth's cigar stand.

A big glass of beer and bowl of Clam Chowder for 5c at the Alhambra.

STOCK MARKETS

Firmer Tone Prevails upon the Exchange.

15,500 SHARES CHANGE HANDS

The Latest Quotations and Sales Locally and on the Toronto Market.

The market had a firmer tone today than yesterday, although sales were considerably smaller. This is, no doubt, attributable to the day being the end of the week, and a holiday.

Today's quotations and sales here and in Toronto.

Boundary Ore Shipments.

Phoenix, Feb. 22.—Beginning next week the Granby mines in this camp will begin sending out ore at the rate of 1400 tons per day, seven days in the week, and the C. P. R. officials have received directions to be prepared to handle this increased tonnage.

The two Boundary smelters have treated 8057 tons of ore this week as follows: Granby smelter, 5078 tons; Greenwood smelter 2979 tons, making a total for 1902 of 50,401 tons.

The following are the Boundary shipments for the past week and year to date:

	Week.	Year.
Granby Mines	5098	29,557

TO HAVE A MILL

J. A. Kendall, Mining Expert, Reports on the Jewel Mine.

J. D. Kendall, the famous mining expert, has just completed a thorough examination of the Jewel mine in the Boundary country. He came up from Mexico especially for the purpose, and is now on his way to England.

While nothing is definitely known as to the actual tenor of the report it is thought in well informed circles that it will be distinctly favorable, and that some effort will be made in the near future to place the mine upon a better basis.

Some ore has already been shipped from the mine to the Silica reduction works. The long haul, however was prejudicial to profits, and the directors thought that if it were worth while to erecta mill upon the property the mine could be placed on a better paying basis. It was to this end that J. D. Kendall was asked to examine the mine.

For a nobby suit of clothes call and see Comerford & Cameron, successors to Sharp & Co., Dean Block. tf

Don't forget to see Charley and his Electric Piano at the St. Charles hotel.

MINOR MENTION

Copper is quiet.

John Wilcox and famly left yesterday for Butte.

C. S. Wallis is back from the Boundary country.

Harry McIntosh gave an exhibition of "Dr M."

J. J. McKinnon, is in Nelson on a trip.

The expressman's race was won by Charles Hayward the second money going to George Funk.

The Granby Mines have made their record shipment, made up of 46 cars.

Vancouver has received a cheque on account for $5,000 for its library, from Andrew Carnegie.

The activity of Chief Ingram is appalling. Frank Walker himself is in no little danger.

"False Trusts" will be the subject of the discourse at the Salvation army tomorrow evening.

The cutter race was won by Sam Hall with "Sandy Ned," O. D. Fisher's "Aleck" being second.

Being Washington's birthday there was no session of the Spokane mining exchange today.

The Butcher Boys' race was taken by Pat Burn's horse, Atlas E. Stanaway, the WORLD carrier, coming in second, heavily handicapped.

East Lynne will be played tonight by the Georgie Harper company on its first night and there has been a good sale of seats.

Brydon's dog "Hero" carried off the first prize of the dog race, Boultbee's dog Buller coming in second.

Hugh O'Neil, caretaker at the Bank os Montreal, a spectator at the expressmen's race, was knocked down by one of the competitors and badly hurt.

Two single gentlemen can obtain good private board by applying over Harper & McArthur's.

OUR POLICE COURT

Ingram Proves Himself Once Again a Shining Light.

The police magistrate this morning had to deal with several cases of intoxication and disorderly conduct, chief among which was that of R. Thompson, who got into trouble last night after the darky encounter and was run in by Chief Ingram who proved himself on this occasion no respector of persons. He was duly charged and admitted to bail, the case being set for Monday next at 10 a. m.

J. Johnson and P. Alecque were charged with being drunk and disorderly and fined $10 and $15 respectively.

J. Roberts was let off with a fine of $5 for being drunk and incapable.

Mary Smith a notorious character, and Louisa, Bryen a stranger, were each fined $10 for being drunk and incapable.

The case of Thomas Kennedy charged with the robbery at the Hotel Allan last week has been again adjourned and will come up for hearing on Wednesday next. This was done in order to permit of the presence of the chief witness, Frank Smith, who is still travelling for his house in the Boundary country. The police have made a thorough search for the remainder of the missing goods but so far have failed to recover them.

WANTED—Ladies and gentlemen enjoy your evenings at home by making $12 per week. Send your address and 2c stamp to box 265, London, Ont.

Don't forget to see Charley and his Electric Piano at the St.Charles hotel.

NOTICE.

To Delinquent Co-owners.

To Ernst W. Liljegran, Swan Nelson, J. F. Francis or any person or persons to whom they may have assigned their interests in the Esquimault Fraction mineral claim, adjoining the Palo Alto mineral claim in the South Belt in the Trail Creek Mining Division of West Kootenay, and located the 21st day of May 1896; and recorded at Ro s'and, B. C., on the 28th day of day of May, 1896.

You and each of you are hereby notified that I have expended an assessment work for the year ending May 28th, 1901 on the said mineral claim the sum of $102.50, in accordance with the provisions of the Mineral Act, and if within ninety (90) days from the first publication of this notice you fail to contribute your share of the above expenditure together with all costs of advertising, your interests in said claim will become the property of the subscriber, under section 4 of the Mineral Act Amendment Act 1900.

Dated at Rossland, B. C., this 22nd day of February, 1902. LOUIS BLUE.
