Health Officer is Urged to Act Promptly.

SHOULD APPLY FORMER RULES

The Case of the Cardiff Recalled—City Authorities Should Demand Payment of Expenses.

It will be well remembered that when smallpox broke out in the Cardiff hotel on Second avenue on a former occasion, most stringent regulations were inforced. The residents were all locked up for two weeks and the house was strictly quarantined.

We have had two outbreaks here very recently and there are now three cases under the medical health officer's care.

Two of these cases can be directly traced to the Central hotel on the corner of Le Roi avenue and Spokane street. Mrs. Armstrong, who is now in the isolated hospital lived at the Central with her husband, and the patient on the hill also lived at the Central until a short time ago.

Why has the medical health officer not carried out the usual course of treatment in the case of the Central?

Are we to wait until several more cases are reported before Dr. Reddick takes action? If it was necessary in the case of the Cardiff why is it unnecessary now? The only explanation offered is a decidedly unsatisfactory one and the M. H. O. is assuming a great deal of responsibility in departing from the methods usuually adopted by him in this special instance.

Last year the city was successful in obtaining from the Dominion government a substantial share of the expense caused in Rossland by the outbreak on the straight ground that it was caused by the open neglect of the authorities at the boundary.

If the city authorities do their duty there will be no difficulty in getting the government to pay all the expense incurrred last month and this as the evidence of the irregularity of the quarantine at Northport is easily obtainable at the present time.

OFFICERS INSTALLED

Local Union of Carpenters and Joiners—List of New Officials.

At the regular annual meeting of the local union of Carpenters and Joiners held in the lodge rooms in Miners' Union hall last evening, the following officials were duly elected and subsequently installed for the ensuing term.

President, W. R. Baker.
Vice-Pres., Wm. Willis.
Rec. Sec., F. Sharp.
Fin. Sec , Robert Inches.
Treasurer, Adam Hay.
Conductor, Alex. Constantine.
Warden, M. E. Doherty.
Trustees, Bros, Jackson, Willis and McLaren.

Sorbin's Annex.

J. E. Sorbin has opened a new candy and fruit store, especially for candies, with a new and fresh stock of imported goods. 41 Columbia avenue. tf

SILVER KING'S RICH OUTPUT

Captain Gifford Speaks Glowingly of the Future.

SHIPMENTS WILL REACH $60,000

When Normal Conditions Are Restored The Mine Will Average 3000 Tons a Month of $20 Ore—New Buildings Will be Completed it the Spring.

During the month of December there were shipped from the Silver King mine to the Nelson smelter 1300 tons of ore, the average assay of which was 16 ounces of silver and 4.6 per cent. copper, the aggregate value of the month's shipments being $21,566. In speaking of the record for the month, Captain Gifford remarked that it should not be taken as an index to the possibilities of the Silver King as a shipper.

Under normal conditions, with the present development attained in the property, its output should reach at least 3000 tons per month but the loss of the company's boarding and bunkhouses forced him early in the month to drop close upon 100 men off the pay roll, and it was not until the last half of the month that the force could be sufficiently increased to resume shipments. There are now close upon 85 men employed at the mine, but as the majority of them are housed in temporary quarters, it will not be possible to make any material increase in the staff until a permanent structure can be erected in the spring to replace the building destroyed.

In speaking of the values of the ore shipped during the past month Captain Gifford said they could be taken as the value of the run of the mine in the levels from which it was extracted. This means that when normal conditions are restored and the mine is sending down 3000 tons per month its output per month will aggregate in values $60,000.

The early resumption of shipments from the mine will be of great assistance to the Hall Mining & Smelting company in the operation of its smelting department, in that it will be able to reap the benefit of its full smelting capacity much earlier than was anticipated when the copper furnace was blown out a few weeks ago owing to the lack of Silver King ore.

NORTHPORT BRIGADE

Third Annual Ball of the Volunteer Firemen--A Great Success.

On New Year's night the Northport Volunteer Fire Brigade held their third annual ball and the event proved a success in every way, the brigade proving themselves most excellent entertainers.

Graham's orchestra went down from this city and supplied the dance music.

The attendance was the largest ever seen in Jaeger's opera house.

On Friday evening the Masons installed their officers for the year and afterwards held a banquet.

Telephones at Dinner.

There is a new quick-lunch telephone in Chicago, and the city has the honor through the Chicago Telephone company of being the first in the world to provide diners with telephones while they eat. The broker, financier, merchant now eats his lunch placidly, certain that his place of business can call him up and talk back to it without leauing his table. Three cafes of the city are already using the system, and it promises to be installed in all the popular eating houses within a short time. All the dining table now needs is a stenographer and typewriter to make man absolutely happy.

Two single gentlemen can obtain good private board by applying over Harper & McArthur's.

THE COAST OUTPUT

Official Figures for Past Year of Coal, Ore and Lumber

Victoria, Jan. 4.—The ontput of the Vancouver Island coal mines for 1901 is as follows: "New Vancouver Coal company, 584,542; Extension, 415,580; Union, 270,006; Alexandria, 61,222. Total, 1,331,350 tons.

Ore shipments from Ladysmith and Chemainus, largely from Mount Sicker, amounted to 17,606 tons.

Lumber shipments from Chemainus were 66,350 tons measurement, and 7,971,340 feet. The above figures are approximately correct, but returns for last month are not yet full.

"ENGAGED."

A Treat in Store for Rossladd Theatre-Going People.

The Rossland Amateur Dramatic Club will present Gilbert's Comedy, "Engaged," at the Opera house on Tuesday evening, January 14th, under the direction of W. J. Nelson.

The proceeds of the performance will be given to the Young Ladies' Guild of St. Andrew's Presbyterian church.

The box plan will be open at Rolls' store on and after Monday next.

All the delicacies of the season can be found at the Kootenay. tf

CANADIAN NEWS

Story Abont Colonel Steele Is Denied.

THE PASSING OF THE SWORD

Two Miners Killed at the Spring Hill Mines--To Try the Gothenburg System.

Ottawa, Jan. 4.—It is understood that militia orders to be issued in a few days will contain notice that hereafter no swords shall be worn by officers on any but ceremonial occasions.

Halifax, Jan. 4.—D. Melausen and James D. Grasse were killed at the Springhill mines this morning by a heap of stones falling on them.

Toronto, Jan. 4.—A special Winnipeg dispatch to the Globe says it is reported that the Manitoba government have in contemplation the adoption of the Gothenburg system of regulating the liquor traffic as a substitute for the present prohibition law yet unenenforced.

Ottawa, Jan. 4.—A prominent militia official who has been in constant communication with Colonel Sam Steele ever since he went to South Africa, places no credence in the London Express story, cabled to the Toronto Evening Telegram last evening, that Colonel Steele was dissatisfied with the treatment he has received in South Africa.

Vancouver, Jan. 4.—It is reported that the controlling interest in the British Columbia Electric Railway company has been purchased by Mackenzie & Mann. Horne-Payne and Mann are now on the way here.

LIBERAL TROUBLES

A Disgrace to Journalism--Newspapers of the Rossland Miner Type.

Thomas H. Mackay, secretary of the Vancouver Liberal association has issued a circular letter to the faithful.

Regarding who shall be entitled to attend the convention, shortly to be held in Vancouver, Mr. Mackay says:

"With regard to admitting Liberal editors of papers supporting the Dominion government we do not think these gentlemen are in any way representative of the Liberal party in this province. Nearly all the newspapers in British Columbia are owned or controled by corporations who have no politics and simply run them in the interest of their business. Editors are in the employ of these corporations and are not allowed to express or have any opinion contrary to the wish of their employers. We therefore think that the admission of men of this class would not tend towards bringing the Liberal party of this province into harmony."

Captain Hall.

Captain Hall of the wrecked Walla Walla is a brother of the late Winslow Hall and of Osner Hall, the original owners of the Silver King mine. He is classed as one of the best masters on the Pacific coast.

UNION LABEL — TYPOGRAPHICAL — ROSSLAND NO. 165

GOOD TIMES.

It may perhaps occur to Rossland people in the immediate future what the coming of scab time here really means to them, and to their pockets.

No one who has at all closely followed the movement inaugurated in Rossland by Bernard Macdonald last summer has any doubt that the ultimate end of the whole matter, if successful, will be the quick fall in prices all round.

People will naturally and very properly refuse to pay the standard rents heretofore agreed to, and landlords must make up their minds to accept unduly low rentals for their stores and residences so long as the present state of affairs exists, and still lower after the next inevitable cut in wages is announced.

Hotel men, boarding house keepers in town, and people who rent furnished apartments must come down to the Joplin scale of living or else see their business drift away. Already one obliging individual has announced his intention of providing board and lodging for all comers at the charmingly low rate of $20 a month, and all found.

Merchants and business men generally, will have to cut their prices in two, or else cease doing business. Life in Joplin is run on a different scale than we have hitherto been accustomed to in Rossland, and just as long as our visitors from the south stay with us prices must be cut to meet the "requirements" of the class who have come in here.

A few may welcome the change, but merchants and business men of every class will not be among the number. Provided always that organized labor can be successfully smashed the scale of prices hitherto obtainable here will sink lower and lower until the level desired by the original conspirators is reached, and should the movement be sufficiently successful other camps in the Kootenays may expect to share in these "good times" in the very near future.

We trust the business people thoroughly realize the happiness in store for them should Barney's dream be realized and Rossland become, even for a limited time, a veritable "scab" camp on the Joplin scale.

MR. KING.

In his interview with the executive committee of the miners union during his visit here Mr. W. L. Mackenzie King stated that one reason why the labor department at Ottawa was unable to properly enforce the alien labor act in Rossland, was the fact that no appropriation had been voted for the purpose and that consequently the government, and in its turn, the labor department was quite powerless to move in the matter.

Every one present at the interview, including the deputy minister himself, is said to have smiled audibly when this lucid and forcible explanation was given. Mr. King does not mention the circumstance in his report. Possibly he thought it better and wiser to leave it out.

An effort has been made to register a point against the union executive because they did not invite Mr. King to address the members of the union after it was ascertained that no investigation could be held, owing to the refusal of the managers, to submit their side of the story. What happpened, however, was this. When the deputy minister informed the union executive that he was powerless to take any action on their behalf, they refused to call a meeting of the union for the purpose of Mr. King's addressing the members, but at the regular weekly meeting, the following evening, the matter was fully explained and the union unanimously sustained the action of their executive. It was the union therefore who declined to hear Mr. King, once it was known he was powerless to take any action in the matter.

It is quite plain that the government does not regard either the conciliation or the alien labor act as statutes to be taken at all seriously—except possibly around election times and the labor department at Ottawa, including Mr. King and his valuable gazette, may evidently be included in the same category for all practical purposes so far as wage earners are concerned.

Is there a line in Mr. King's report which "vindicates" the intemperate and insane policy of Bernard Macdonald and the morning Whiner? If there is by all means let us have it.

Mr. King does assert that the chief cause of the original strike was unjust and unfair descrimination against union men. The deputy minister, however, quite overlooks the fact that a lock-out preceeded the strike at the smelter.

We hope the union executive will enclose a marked copy of today's Whiner with their protest against Mr. King's report. Nothing that the executive could say to the minister would make the situation clearer on some points than the articles referred to.

NOTES AND COMMENTS.

The reduced size of the Rossland Morning Whiner is the best "vindication" of its scab policy.

Where is the "persecuted foreman" who used to figure as the real cause of the trouble at Northport? Can it be that he never existed.

Mr. King will be doubtless well pleased at the manner in which his report has been received by the mine manager's paper, and the effort that is made to use his official utterance.

The Whiner sorrowfully admits that it stands entirely alone in its tirade against organized labor, and it is entirely welcome to all the comfort and "vindication" it is able to find in Mr. King's report. Why not print the "vindication" clause?

People who have expressed doubts as to whether the famous announcement "If you want to work for us you must abandon your union; we have decided to break up your union at all cost," was ever made to the Northport smeltermen, should read very carefully the editorial on the subject which appears in this morning's Whiner.

Asthma Cure Free!

Asthmalene Brings Instant Relief and Permanent Cure in All Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.
Write Your Name and Address Plainly.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel.
New York, Jan. 3, 1901.

DRS. TAFT BROS', MEDICINE CO.,
Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether.

Very truly yours,
REV. DR. MORRIS WECHSLER.

Avon Springs, N. Y., Feb. 1, 1901.

DR. TAFT BROS. MEDICINE CO.
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma has disappeared and she is entirely free from all symtoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully, O. D PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901.
Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed, I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full size bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

Home address, 235 Rivington street. S. RAPHAEL,
67 East 129th St., New York City.

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL

STRIKE NOT SETTLED.

Whereas agents of the mining companies have circulated the report that the strike existing at this place is settled and work is to be resumed at the mines, we wish to state that this report is false and there is no probability of a settlement of the strike for some time to come. We advise all men looking for employment to keep away from Rossland, or Northport or vicinity.

STOCK MARKETS

Tho Boom in Centre Star Shares Continues

OVER THIRTEEN THOUSAND SOLD

The Latest Quotations and Sales Locally and on the Toronto Market.

There was a very slight decline in Centre Star shares today. When the market closed the stock was strong and in good demand, evidently being well supported in the east. Five thousand shares sold around 36c and a cent lower.

Payne was steady and a little higher, 37½c being asked.

Business was fairly good on the local exchange this morning, 13,500 shares changing hands.

Today's quotations and sales here in Toronto.

MINOR MENTION

Judge Forin held county court chambers yesterday.

"A love Ranter:" Very sorry we can't use your article. It would be misunderstood.

There will be skating at the rink tonight if the frost holds out. Watch for the flag over the rink.

The Odd Fellows and Rebeccas will hold a joint installation of officers on Monday evening to be followed by dancing aud a suppe r

J. Houston, a blacksmith at the Silver King mine had his eyes badly injured yesterday and he is now in the hospital at Nelson for treatment.

W. A. Jowett, who was prominently associated with Nelson affairs for many years, returned to that town last night after spend- about two years in England.

Rossland Amateurs presented "Confusion" to a good house in Nelson last evening. John McKane entertained the company to an elaborate supper at the Phair after the successful performance.

An entertainment that will present many special attractions will be given in the Methodist church on Thursday evening, the (9th January.) Graham's orchestra will render a number of selections, and other prominent musicians will take part. The admission fee will be twenty-five cents—strike prices. Further announcement later.

The telephone company has raised its rates for phones, but it has not increased the salaries of the girls who do the hard work in the exchange. Municipal ownership of the telephones would reverse this state of affairs. The girls would get good salaries and the public would get good service for a less price than they are now paying.—Nelson Tribune.

Twenty-Seven Missing.

Eureka, Cal., Jan. 4.—The Pacific Steamship company's steamship Walla Walla, Captain Charles Hall, collided with an unknown sailing vessel yesterday morning and sank fifteen minutes after. Twenty-seven persons are missing.

GREENWOOD AND GRANBY

Smelters Which Treated Over 349,000 Tons of Ore Last Year.

The Greenwood smelter for last year treated 118,448 tons of ore and the Granby smelter at Grand Forks treated 230,828 tons, making a total of 349,276 tons ore reduced at Boundary smelters. The balance of ore was treated at the smelters at Nelson and Trail. Estimating the value of the ore at $6 a ton, the output is worth $2,280,000.

The expenses of freight and treatment can be placed at $3.75 per ton, and as every ton mined was treated in British Columbia, $1,425,000 were paid out for wages at smelters, for coal and coke mined and made in British Columbia, and for freight to railways operated in British Columbia. The record is a good one for the Boundary district and for the province.

Meeting Tomorrow.

A meeting of the municipal labor committee of fifteen is called for tomorrow (Saturday) evening at the committee rooms in the Old War Eagle hotel, Columbia avenue west at 8 o'clock sharp. All members are requested to be present.

P. R. McDonald.
Chairman Executive Committee.

If you would keep warm get a room at the Alhambra.

Furnished rooms with stoves at strike prices at the Alhambra.
