ENDING OF THE CARNIVAL

Nelson Beats Victorias at Lacrosse, and Northport Rossland at Baseball---Gefford Wins Wrestling Bout---The Contests of This Morning.

The carnival opened for its third day bright and summery, and a large crowd was on the street from early in the morning. Most of the foot races were pulled off before lunch, and there remains for this afternoon a baseball match between Colville and Northport, a lacrosse match between Victoria and Rossland and a boxing contest between Queenan and Mullins in the evening.

Foot Races

100-yard foot race for railway men. 1st prize $10; 2nd prize, $5. Winner H. B. Shere, M. M. Stevens and W. T. Nott tied for second money.

120 Yard Foot Race between the members of bugle band. To run 30 yards, halt, and blow "advance;" run to 80-yard mark, halt, and blow "charge;' run to 100-yard mark, halt, and blow "prepare for cavalry;" race 20 yards to finish. 1st prize, drum; 2nd prize. bugle. The drum and bugle to become the property of the Bugle Band. The bugle has been donated by C. E. Gillan, Esq. Columbia Avenue. Two attempts were made in the morning with no decision.

The 220-yard race, free for all was won by J. A. Ferguson, H. G. Mitchell come in second.

The Fat man's race was carried off by Martin Salmon, W. J. Nelson coming in second and last.

150-Yard Foot Race by Chinamen. To carry vegetable baskets suspended from pole across shoulder; baskets to contain 25 pounds weight each. 1st prize, value $10; 2nd prize, value $5. Donated by D. Thomas. Four entries. Won by Kwong Yo with Wah Lee second.

The Horse Races.

The result of the horse race was the victory of Yellow Girl, owned by Grant, of Grand Forks, with Peter Snooks, owned by McCaslin and Carr of Trail, coming in second.

The Butcher boys horse race was won by Fowler's horse "Daisy" with young Inches up, P. Burns "Lucy" with Wilson up second. The other horses entered were Braden's horse "Billy" and another belonging to the Independ- Meat Market.

The Dog Race

The dog race was won by Leonard Boultbee with Stanley Northey second.

The Baseball Match

The baseball match yesterday afternoon between Rossland and Northport left very much to be desired. The play of neither team was particularly excellent and the errors on both sides were numerous. Northport won by 11 runs to four, but if Colville this afternoon can put up anything like a decent game they ought to win. There was an awful amount of chin wagging, more chin wagging than play in fact, and the dragging of the game was wearisome. But if Rossland players will not practice they may expect to get it where they deserve it—in the neck.

The Lacrosse Match.

There was a very good gate to witness the lacrosse match between Victoria and Nelson, but the issue of the game was never for a moment in doubt, the better team easily won and Nelson scored a victory of 11 games to none. Victoria had too large a contempt for the up country players and only four of their regular team were present aided by Campbell of Vancouver, perhaps the best player the field. But one player cannot make a team and the Victorias not only lacked in generalship but the tacitice of the home defence were deporable leaving their cover unchecked in a manner which was heavily punished. The play of the men, too, was inferior, many a pass being missed. On the other hand, although the game is perhaps one of the roughest that is played, the Victoria played a clean game throughout. Nelson has a great future before it as a lacrosse team and may be expected in a season or so, if they keep together, of rivalling the prowess of the best coast teams. But their rough system of play must be eliminated. More than one player was put on the fence for foul play and the captain of the team should warn all such men, no matter how individually good as players that such conduct must cease in the interests of the team. The day for that is past and such tactics lead, against a good team and with a strict referee, to inevitable defeat.

The Tugs of War

Four teams entered yesterday for the tugs of war. There were two teams from the Rossland Kootenay the Nickel Plate and the Columbia Kootenay—the Le Roi and a team from the Boundary. The Boundary team was defeated by the men of the Columbia Kootenay and the Nickel Plate team, after a hard struggle, chronicled in the WORLD yesterday, by the Le Roi. The final match was pulled at 6 o'clock in the evening before the Hoffman House between the Le Roi and the eastern end of the Rossland Kootenay Mines, the Columbia Kootenay. After an exciting struggle of 17 minutes the Kootenay men again won out.

The Play.

The play last night was much smoother than on the night before and it was a pity it did not command a better house. There were no new specialties, which went much as before with the exception of the Queen of Hearts. Miss Irene Lewis, gaining confidence, danced very well indeed. Owing to Miss Crowley's cold, evident on Tuesday evening, growing worse, her songs were perforce cut out and a domiciliary visit from Mayor Dean cut out the topical song which created such a furore on the first evening of the play. It is declared that the Mayor, wrath at the manner in which he, duly elected mayor of this burg, had been held up to ridicule, fulminated threats of taking away the licence of the author of the offending verses, reputed to be the manager of the Clarendon. He regarded the whole song as a personal insult.

The offending verses are:—

"A smart Spokane detective came
to town the other day,
(We've seen detectives just like
before).
We've no smart men in Rossland,
so the mayor sent away,
(We've known the mayor do
smart tricks like that before).
This grafter in the witness box
swore that he was no 'tec,
(We've known detectives swear like
that before).
And now the city finds that it has
got it in the neck,
(We've known the city get it
there before).

Whilst Dean is mayor of the
town,
We're sure to get done brown,
It's really very shocking
And the fact we must deplore;
But it can't be helped, alas!
When the mayor's green as
grass.
But he'll meet the fate of dozens
Who have gone before.
We've got a city council, you perhaps would like to know
(We've had some city councils
here before)
But this 'un's superfluous, the mayor's the whole show
(We've never had a mayor like
him before)
That he's cut down all sal'ries except his own is true,
(We've heard of cuts like that
before,)
It's strange he pays them anything
they've nothing left to do
(We've heard of people getting
left before,)

Chorus. Whilst Dean, etc.

In the WORLD'S opinion the author of the doggerel ought to be secluded for a period in the shadow of the pines to learn better. Had the mayor risen to a point of order in the theatre and moved the condemnation of the reprehensible Grub street inkslinger for his scurrilous and dishonest attack he doubtless would have found a seconder. However, one cannot always see the right path.

The Wrestling Match

The wrestling match at the International commenced strictly upon time at 10 o'clock, and the bout between the two athletes, George Gefford of this city and Harry Stevens of Butte, two splendid specimens of manhood, lasted for an hour and a half. The victor of the best three falls out of five was George Gefford who was backed at 3 to 2. Both were Cornishmen and both played an absolutely square game, clean throughout. Harry Stevens was the heavier man by about 15 pounds and was extremely active, but the great strength lay with Gefford. The first fall was scored by Gefford and so on alternately. When the men came up for their final fall both flew at each other and the lithe turnings, the active motions, the heaving chests and corded muscles were a revelation to the breathless spectators. After one or two unsuccessful attempts (George throwing his opponent twice heavily on his head and neck,) Gefford was seen to be firmly held by his opponent. Despite the hold, Gefford slowly straightened himself, lifting his bulkier antagonist clean off his feet and drawing him through his hold, dropped him fairly on his back amid the plaudits of the spectators. It was the cleanest and the best athletic encounter ever witnessed in this city.

The Fireworks

There was a fireworks display upon Monte Christo in the evening which attracted quite a number of spectators during the evening. A bonfire lent some additional attractions to the scene. Numerous rockets of a varied nature were successfully sent up.

Boxing Contest.

There will be a boxing contest this evening at tIe International under the patronage of the Carnival Committee between Queenan and Mullins for ten rounds. No decision is to be given unless a knockout is scored. Friends of Queenan are confident that he can do the trick, but those who have witnessed the activity and the toughness of Mullins are extremely doubtful of the former's ability to accomplish any such feat.

MINOR MENTION

W. Brokenshire left last night for Fernie.

The ore exhibit is to be left on Columbia avenue.

P. McL. Forin has been spending a few days in the city.

D. McCarty and J. McIntosh have left for the Lardeau.

D. M. Crowley spent a day in the city during the Carnival.

The gate receipts yesterday afternoon were approxemately $500.

The Kootenay presbytery have just concluded their session in this city.

W. Gray of the Velvet is in this city. He is leaving shortly for London on business.

If you are interested in the famous yacht race go to the Palace Saturday and hear the results.

JOURNALISM.

The Portland Telegram, referring to Pulitzer's gigantic scheme of a school of journalism, pronounces judgment when it says epigramatically that the school may teach journalism, but cannot make journalists. Like most epigrams the saying, after all, is but half the truth. Journalists cannot be made at school no more than mine managers at college. There must be practical experience. But this does not mean that a mine manager would not be much the better man if he built his experience upon a solid substratum of a college course. Similarly no amount of knowledge of law would make a good barrister, but he would be a poor barrister indeed if he had no knowledge of law, or only that which he picked up in the courts.

The truth of the case is that there is no calling in life which demands a wider foundation than journalism. It is true that a "nose for news" will serve a youngster better than a good education. But that "nose for news" cannot take the beginner very far.

This has been seen long ago in Europe, especially France, where a journalist is as often as not a brilliant man of letters. A university training is not essential to journalism, but it is a wonderful help. In the cities of the east a journalist finds it hard to break into the newspapers as a youngster, unless he has some such educational cachet. A journalist can far more easily do without a knowledge of shorthand than without a knowledge of letters. It follows, therefore, that Pulitzer is right enough in endeavoring to remove the stigma of bald English of ridiculous affectation of rigidity, of grammar and construction, lying upon the papers of his country. But it is doubtful whether that stigma cannot be removed by demanding a higher educational standard in aspirants to journalism than by establishing a college which really can teach nothing. For any capable editor can tell on a very short trial of an ordinarily well educated applicant whether he has the requisite newspaper faculty of being able to seize the salient points of that which passes before his eyes or not. The ability of so writing it up as to please the public palate is mainly a matter of education supplemented by practice and local knowledge.

Dogs

The Chief of Police requests that owners of dogs will keep their animals at home during the celebration of the Summer Carnival, so as to avoid regrettable accidents.

The very best school shoes made in Canada and the United States, are always keep at C. O. Lalonde's.

In buying your footwear from C. O. Lalonde, you get the benefit of his 18 years experience of buying and selling shoes for himself.

LIBERAL MANIFESTO

Substance of the Fighting Platform.

NEW PLANKS WHICH ARE ADDED

Result of the Recent Liberal Convention Held Upon the Coast.

Vancouver, Aug. 26.—A platform for the British Columbia Liberal party has been constructed by the Executive committee in session here during the past few days, and upon this platform, issued as a manifesto and accompanied by an address to the electors, the party will go to the country at the general election on October 31. Naturally, only imperative changes have been made in the platform of two years ago, the added planks being designed chiefly to meet new conditions that have arisen in the interim.

After quoting the former platform and reaffirming the principles it embodies, the Liberal party adds a plank for reform in the civil service and the system of appointment to public offices, disclosure of gross abuses and injustices in the service at Victoria having shown such reforms to be imperative. Another new plank favors the building of numerous trails and trunk roads, chiefly in outlaying sections of country. A third plank declares for the introduction of a comprehensive system of irrigation for the benefit of farming lands in the interior, the fruit section of the Okanagan, and and the unwatered areas of the Fraser Valley being particularly referred to. A fourth plank emphasises the necessity of of a coast to Kootenay short line, and a fifth strongly denounces the two per cent tax on the mineral output. Two other planks favor public works of varying importance. The administration of the southeast Kootenay coal and oil lands saved by the legislature from improper transfer to the C. P. R. is not dealt with, being regarded as a matter of administration rather than political principle. Nor is reference made, as many had expected would be the case, to the desirability of remodelling the educational plan. No mention is made in the platform of the timber question, although it was discussed at length, and several trial planks were offered. Individually members of the executive expressed an opinion coinciding with the contention made by the loggers some time ago, namely, that a tax should be charged on the output of logs and a rebate on timber manufactured in the Province.

There are no startling features in the main address of Provincial Liberals. The name of Joseph Martin, former Liberal leader, is not even mentioned in the address which is signed by Stuart Henderson, as President, and T. S. Baxter, Secretary of the Provincial Association. In regard to the leadership the plan outlined is that four members of the Executive shall call together the elected Liberals of the House after the election, and that these members of the new Legislature shall choose a leader. Stuart Henderson, T. S. Baxter, J. A. Macdonald, head of the Kootenay Liberals, and Wm. Sloan, organizer on Vancouver Island, will issue the call before the session of the House is opened. Until then no action is to be taken regarding the leadership, and present plans do not include another meeting of the Provincial executive before the campaign has ended.

LANCASTER BANQUET

Given to Provincial Mining Association.

WEEK'S WORK OF EXECUTIVE

Two Important Acts of Business Have Been Transacted at the Meetings.

The Provincial Mining Association finished its labors last night and were entertained in the evening by a banquet at the Lancaster which was well attended and the occasion passed pleasantly and profitably in the hearing of speeches and songs.

The chief work of the Association in its executive session here was the drafting of a letter to each and every candidate for political honors during the coming election, asking him to endorse the following aims of the Association, passed in the general assembly at Victoria early in the spring.

1.—Repeal of two per cent. tax.

2.—Extension of time to lapsing free miners' licences.

3.—No royalty on timber on mining claims for mining purposes.

4.—Mineral crown grants to be reduced from $25 to $10.

5.—To amend the Boiler Inspection Act.

6.—Crown grants for placer claims.

7.—A conciliation act for labor troubles.

8.—Consolidation and simplification of the mining laws.

9.—Opening of Indian reserves for mining purposes.

The second important action was a motion by S. S. Taylor that the coal lands in the East Kootenay district be let to bona fide workers under lease, but that present claimants should get the full benefit of the law as it at present stood. This resolution was evidently stolen by Mr. Taylor from the Liberal manifesto.

Besides this work there were several other matters dealt with, especially the Water Clauses Act suggestions as to the amendment of which are asked from the local organizations. In this connection a motion was made at the instance of A. C. Galt, declaring that the water rights on crown granted properties, acquitted under the Mineral Act, should not be forfeited if the miner's license had expired. As this motion somewhat interferes with the Water Clauses Act suggestions, above alluded to, it is likely that it will not obtain ultimate endorsement until such time as the whole body takes definite action in this important matter.

The general secretary of the Mining Association is to be replaced.

SIMILKAMEEN CITY, B. C.

Now Is the Time to Buy Lots in Similkameen City, B. C.

CAMP HEDLEY is the most talked of camp in the province, and situated in the centre is Similkameen City, surrounded by rich mines which will shortly have large payrolls. Over 200 lots have been sold to business people who realize that Similkameen will become the metropolis of this district. The Nickel Plate mines have expended $300,000 in development and are at present building tramways and a 40-stamp mill. Arrangements are being made for the erection of a large smelter at Similkameen City which will cost about a million dollars. Besides the Nickel Plate group of claims being developed by one of the richest mining companies in North America, there are several other groups and properties which will shortly be developed, among them being the Kingston Mines, Rollo, Wellington, Winnipeg, Red Chief and Pollock. Situated as it is in the beautiful Similkameen valley, midway between Princeton and Keremeos, and protected from all opposition in the valley by adjoining a large Indian reservation, this townsite will become one of the principal mining camps of the Pacific Northwest. It was only a short time ago that lots in Rossland, Nelson, Greenwood and other mining centres were selling for the same price that they are today being sold for in Similkameen. Come in before the boom and double your money.

Similkameen City to Have Two Railways.

The Victoria, Vancouver & Eastern and the Canadian Pacific railways are starting immediate construction for the Similkameen, which will make this town a railroad centre and divisional point, and when these competing lines are completed through to the Pacific coast they will become the main through lines, being the shortest route from the interior to the coast. A large sawmill is running steadily on the west addition, the only available timber for miles around. The main street is 90 feet wide, being all cleared and ready for building purposes. All railways, roads, telegraph and telephone lines will have to come through this townsite which is located in the centre of the whole Similkameen valley and will become the largest distributing point and mining centre in British Columbia.

Similkameen City Lots Will Make You Rich.

A large agricultural area to draw from. Pure water, fine climate, rich mines, big payrolls.

Lots for Sale $2 to $10 Per Front Foot. Agents in All Towns in B. C.

COLONIAL REMEDY

No Taste. No Odor. Can be given in glass or water. tea or coffee without patient's knowledge.

Colonial Remedy will cure or destroy the diseased appetite for alcoholic stimulants, whether the patient is a confirmed inebriate, "tippler," social drinker or drunkard. Impossible for anyone to have an appetite for alcoholic liquors after using Colonial Remedy.

Endorsed by Members of W. C. T. U.

Mrs. Moore, Superintendent of the Woman's Christain Temperance Union, Ventura, Cal., writes: "I have tested Colonial Remedy on very obstinate drunkards, and the cures have been *many. In many cases the Remedy was given* secretly. I cheerfully recommend and endorse Colonial Remedy. Members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work."

Sold by druggists everywhere and by mail, Price $1. Trial package free by writing or calling on Mrs. M. A. Cowan, (for years member of the Woman's Christain Temperance Union) 2204 St. Catharine St., Montreal.

RACE IS CALLED OFF

Boats Could Not Finish on Time.

RELIANCE WAS WELL IN LEAD

Next Heat Will Be Sailed on Saturday Next—Conditions of the Day.

The fourth race in the series for the America cup, like the first, has been called off, because of the inability of the boats to finish. The Reliance, which was considerably in the lead, would have been the winner could the time have been prolonged.

The course set for the day was fifteen miles to the windward and return. The boats started off in a six knot breeze which, following a calm, soon again died away, but before it did so the Reliance, within half an hour of the start, was over half a mile ahead. Turning the buoy the defender was six minutes and a half in advance of the challenger, which lead she increased as the afternoon wore on.

The next race will be sailed on Saturday and bulletins, for the publication of which the WORLD has been indebted to the courtesy of Ralph Herron, will be posted as usual in the Palace, the only place receiving the reports in the city.

A special wire will be had at the Palace for the yacht race Saturday Everybody welcome.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder dusted in the bath softens the water at the same time that it disinfects.

The Boxing Contest

The tickets for general admission tonignt will be $2 and $1, the former for the ring and the latter for all over the house. Contest starts at 8:30 p. m.

If you are interested in the famous yacht race go to the Palace Saturday and hear the results.

The Palace will be the only place in the city that will receive the results of the yacht race Saturday

A Challenge

Kid Davis, the Buffalo Kid, extends a challenge to the winner of tonight's boxing contest.

A special wire will be had at the Palace for the yacht race Saturday Everybody welcome.

For the best Miners shoes go to O. C Lalonde's.

If you are interested in the famous yacht race go to the Palace Saturday and hear the results

Certificate of Improvement.

NOTICE.

The Gordon and Texas Fraction Mineral Claims, situate in the Trail Creek Mining Division of West Kootenay District.

Where located: North slope of Red mountain.

Take notice that I, Kenneth L. Burnet, Prov. Land Surveyor of Rossland, agent for F. R. Blochberger, free miner's certificate No. B57494, Andrew Sutherland, free miner's certificate No. B73315 and Ner Smith, free miner's certificate No. B75408, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim,

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvement.

Dated this 21st day of August, A.D. 1903

KENNETH L. BURNET

Did You Notice It?

Last year when siphons weren't so cheep
All thought them worth their price;
But now that they have been reduced
They think it awfully nice.

Last year they were three fifty,
But now they're only two;
And I am sure if you're in style
That they will just suit you.

At Goodeve's buy some Sparklets,
Even their price is much less;
And then you'll have your soda
Without a bit of mess.

So buy one and be ready,
And when a friend drops in
He'll softly say "my, that is good,
Where did you get it Jim?"

Come and see our new and perfect Siphons at

Goodeve Bros.

Druggists and Stationers.

DON'T DELAY!

When you get it at Goodeve's it's good
