MINES OF KOOTENAY

Rossland and Boundary Shipments.

LATEST RETURNS OF OUTPUT

What the Mines Are Doing Over the District—Rossland Doing Well.

The Le Roi has shipped much better this week than last, though it is not as yet up to the level of the normal output. This is partly owing to the amount of ore already stored at Northport, and that two of the furnaces are yet to be blown in out of the five usually running.

Managing Director McMillan is in the camp and Manager Mackenzie has returned from his trip to Tacoma. Manager Parrish is expected here early in the week so that it is likely some definite pronouncement, along the lines already outlined by the WORLD, will be given to the public next week.

The reduction works at Trail and on the White Bear are going ahead and the Elmore plant is again working at the Le Roi No. 2. Manager Couldrey of the Le Roi No. 2 left for the England this morning the mine being in the charge of the assistant manager, Mr. Levy who has been here for the past three months.

The Spitzee mine is shipping some ore for test purposes and as far as it has gone the mine is looking well. Further explorations at depth will yet have to be proved before this property is in fit shape to install a concentrating plant.

Milling on the I. X. L. by the O. K. mill is doing about 25 tons daily and is getting good returns. Some stoping is being done on the property as well as merely clearing up the old dumps.

E. L. Tait left for Spokane this morning. He and his partner John R. Cook have been in the camp during the week for the purpose of seeing what could be done in regard to the starting up of the Cliff mine in which they are heavily interested.

Some other properties are also thinking of the same thing.

	WEEK	TOTAL
Le Roi	1745	64,685
Centre Star	1510	26,315
War Eagle	790	18,505
Le Roi No. 2	715	9,940
Jumbo		2865
Kootenay		2060
White Bear		830
Spitzee	95	350
Le Roi No. 2 milled	350	4230
O. K. milled	125	400
Totals	5,330	130 180

Boundary Shipments.

Phoenix, May 7.—Special.—Lacking but a few tons the Granby mines have shipped 200,000 tons of ore so far this year. As the company's smelter handles some custom ore the tonnage of the reduction works is some what larger than that of the mines. Following are the Boundary shipments for the past week.

Granby mines to Granby smelter 10,260 tons; Mother Lode to Greenwood smelter, 2560 tons; Oro Denoro to Granby smelter, 30 tons; Emma, to Granby and Greenwood smelters, 390 tons.

This week the Granby smelter treated 12,501 tons of ore; making total of 221,851 tons for the year.

The following shipments were made by the different mines:

	WEEK	TOTAL
Granby	10,260	189.136
Mother Lode	2560	59 730
Oro Denoro	30	11.415
Emma	390	8,040
Athelstan		2,968
Senator		1,756
Elkhorn		245
Providence		272
E. P U		160
Totals	13 240	273,722

Slocan Shipments.

The total amount of ore shipped from the Slocan and Slocan City mining divisions for the year 1903 was, approximately, 15,200 tons. Since January 1 to April 30, 1904, the shipments have been as follows:

	WEEK.	TOTAL
Argenta		5
Bluebird		41
Black Prince		43
Black Fel		2
Cinderella-Medford		171
Comstock		200
Enterprise	20	180
Fisher Maiden		60
Hewitt	20	160
Idaho	20	140
Ivanhoe	650	1306
Kincora		13
Last Chance		185

A Bargain Sale

C. O. Lalonde is offering 20 per cent discount for cash, in a bargain sale at his store.

See our prices on muslin underwear before buying. The Crescent Dry Goods Co.

PORT ARTHUR IS ISOLATED

It Must Now Stew in Its Own Juice.

DETAILS OF LANDING AT PITSEWO

First Troops Wade Half a Mile Ashore Uuder Fire of Enemy and Storm the Heights.

Paris, May 7—A despatch to the Havas agency from St. Petersburg says the Japanese troops, who landed at Pitsewo yesterday, have cut the land communications with Port Arthur.

Tokio, May 7—Admiral Togo reports: "Our seventh division, the torpedo boats and the Hongkong and Nippon arrived at 5:30 p. m. May 5th. Discovering the enemy's patrols, we bombarded them and a landing party, Captain Nomoto leading, was ordered ashore. It being low tide the sailors plunged into the water, wading breast deep for about a thousand yards and reached the beach. Immediately advancing they took possession of a range of hills.

"The gunboats, Amagi, Oshima Chiokai were employed to distract the enemy's attention. They discovered a hundred of the enemy and shelled them killing several. The first of the transports began landing troops at 8 p. m. The troops, who were forced to wade ashore, were in high spirits.

"In order to facilitate the further landing of troops piers are being erected. Our division is assisting in the work."

HIGHLAND VALLEY.

Rosslander Doing Well in Ashcrof Camp.

"I never saw anything to equal it," said Major Burnett, P. L. S., when asked his opinion of the Highland Valley group of copper mines by the Ashcroft Journal. "Just look at these specimens," and he exhibited copper ore that would make Heinze and the Amalgamated Copper Co. shed tears of envy.

Major Burnett and his son, Mr. K. Burnett of Rossland, returned from Highland Valley Thursday, where they have been surveying the Highland group. They have had a good opportunity to examine the ore, because of development work done, and it is their honest opinion that the men who have bonded this property have an immensely valuable ore body; practically a quarry. Mr. G. Novak, one of the chief owners of the property before it was bonded, was with the survey party.

A camp sight has been selected and we have it on good authority that within a month or six weeks 30 or 40 men will be at work. This force will be increased as development increases and values are prcqen.

A Prosperting Trip

C. H. Stanley and party left last night on an extended prospecting trip to Northern British Columbia. They will start from Ashcroft and go right north up the Fraser crossing over into the headwaters of the Peace River at Fort McLeod. From there they propose going southwest to Ootsa lake and take up some timber lands, if they are as worth having as reported, and will return via Bella Coola, expecting to reach Rossland again late in the autumn.

NEWS IN A NUTSHELL

Items of Interest Round the World.

LATEST TELEGRAPH BULLETINS

The Doings of Conspicuous Persons Affecting Canadian Interests.

A whole army corps of 50,000 men are reported to have landed at Pitsewo.

Five miners are entombed alive in a blazing colliery at Shamokin, Pennsylvania.

The steel part of a new dock for Vancouver has been ordered in Newcastle-on-Tyne.

Two detachments of Russians mistake each other for the enemy and proceed to scrap.

The news is confirmed that Japan has landed troops on both sides of the Liautung peninsula.

John Houston has tendered his resignation as member of the Conservative Association at Nelson.

Fengwang, on the old Russian left across the Yalu, is reported as having been captured by the Japs.

The Centenary of the birth of Beaconsfield was celebrated yesterday in London with much enthusiasm.

G. O. Buchanan has been offered as a rival for the vacant senatorship of this province to Hewitt Bostock.

It is officially acknowledged at St. Petersburg that the line of communication to Port Arthur has been cut by the Japs.

Ottawa cabinet is disposed to make an alteration in the lumber tariff in order to suit the British Columbia merchants.

General Kouropatkin has asked for the dismissal of Lieutenant General Sassulitch for disobedience of orders in fighting at the Yalu.

NO TRAP LICENCES

Ottawa Is Wiggling on the Coast Fisheries

Ottawa, May 7.—In the House of Commons this afternoon the Minister of Marine and Fisheries, Hon. Raymond Prefontaine, informed Thos. Earle, (Victoria, B. C.,) that no trap licences had been issued in British Columbia.

In reply to a question put by Puttee (Winnipeg,) Postmaster General Mulock stated that he did not consider the wages now paid to letter carriers adequate, although the rate of pay had been raised already by the Liberal administeration, and he promised that a further incease would be granted at an early date.

Opening Game.

Tomorrow will see the opening of the baseball season in this camp. A game will be played at the Black Bear grounds between the Rossland and Northport teams. The home team is made up of better material than heretofore, and with a little practice will be able to meet all comers with success. They should be encouraged by a large attendance at their game tomorrow.

UNION LABEL

THE ANNIE FIND.

Mr. Kirby, through his organ here, lately advocated the survey of the camp geographically, and at the same time it was stated that the whole of the product of the camp had come from about 120 acres of land situated on Red Mountain. This is fairly accurate and the geographical survey might be of some importance. But what is of far more importance is the continued richness of the ore bodies which are being found upon the Annie mineral claim to the westward of the field to which reference has been made. For the boundaries of that claim are two huge dykes which come together on a point above the War Eagle, and whose southern edge is the gabbro. As long as operations, successful operations, were confined within this narrow limit, the life of the camp might be said to be limited. Mines like the Kootenay, the Jumbo, California or Black Bear, White Bear and the greater portion of the properties of the Le Roi No. 2 would be considered out of the running. Happily this has proved not to be the case. As ore of good values, smelting ore, has been found outside of the limits marked by previous experience in one place there exists no scientific reason why it can not be found in other places and a renewed impetus will be given to mining in outlying portions of the camp with an added and reasonable hope of the operations meeting with success.

SOME FIGURES.

There is an old adage that figures cannot lie, but their users may. The Miner in an editorial note, which it has made its own by refraining from credit, yesterday morning declared that the cost of administration in the United States was $7 per capita, aud in New Zealand $30, and draws from these facts the inference that Socialism had such serious drawbacks, that ordinary people would be well content to do without it. Now this is a fair sample of the misuse of figures which is always made by capitalistic journals of New Zealand and of the inferences drawn. Take a Socialist paper like the Clarion of the Coast or the Socialist of Seattle, and their editors repudiate with scorn the half way measures which are undertaken in New Zealand, and declare that they are the most serious enemies that Socialism has. In fact the London Times points out that Socialists of New Zealand are by no means reconciled to their regime. So one part, the least important of the charge, falls to the ground. On the other hand the figures regarding the United States are most misleading. Three fourths of the revenue of that country is raised by indirect taxation. This system any political economist will admit or assert, according to his school, is expensive inasmuch as the private manufacturer gets three dollars for every one collected by the government. That is to say that for every dollar of the seven referred to the consumer in the United States pays out 28. Again the federal revenue of the United States only pays for federal government. It has nothing to do with the state or county expenditure which together must be reckoned as just as much more. Hence the probable figure, could it be accurately arrived at, in the United Statos is much nearer $40 or even $50 per capita than $7. On the other hand the revenue in the Antipodes is two thirds derived from direct taxation, so the comparison does not hold good at all. Moreover when $30 per capita are spoken of it includes the cost per capita of running the railroads, creameries, telegraphs, and other State enterprises. But the revenues per capita must be taken into consideration, as these overtop the expenditures as these government concerns are flourishing and paying businesses, New Zealand borrowing money as cheaply as Canada, the net expenditure per capita in New Zealand will be found to be nearer $5 than $30. In other words the taxpayer there is from eight to ten times in a better position than the taxpayer in the United States. And the proportion is really even greater as the rich in the United States, railways for example, by no means pay anything like their share of the taxation. Therefore, according to these figures, New Zealand is much better off than the United States, and if this state of things were due to Socialism, which Socialists declare it is not, then, by the Miner's argument, Socialism is a very good thing. This, however, is hardly the point the Miner wished to prove.

We Will Buy

A 50c. Bottle of Liquozone and Give it to You to Try.

Liquozone is the only way known to kill germs in the body without killing the tissues, too. It is the only way to end the cause of any germ disease. It is also a vitalizing tonic with which no other product can compare.

It is new in America, and millions who need it don't know of it. For that reason, we make this remarkable offer. We will buy the first bottle and give it to you if you need it. We will do this gladly to let the product itself show you what it can do.

We Paid $100,000

For the American rights to Liquozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We paid it because Liquozone does what all the skill in the world cannot do without it. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Not Medicine

Liquozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does; and oxygen is the very source of vitality, the most essential element of life. The effects of Liquozone are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter. That is why Liquozone kills every disease germ, and with a product which to the human body is life.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Asthma	Hay Fever—Influenza
Abscess—Anemia	Kidney Diseases
Bronchitis	La Grippe
Blood Poison	Leucorrhea
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles

Eczema—Erysipelas	Tuberculosis
Fevers—Gall Stones	Tumors—Ulcers
Goitre—Gout	Varicocele
Gonorrhea—Gleet	Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON

Outside Camps

Mining News of the Week Over the Province and the Upper County.

BOUNDARY.

O ders are expected soon for the commencement of development work on the Nellie Cotton group in Phoenix camp.

The tunnel of the Blue Jay in now in about 210 feet, the face having eight inches of clean galena which gave assays of $40.

In one of the open cuts near the old workings a large body of high grade ore has been uncovered on the Bruce claim near Midway.

The spring freshets have made havoc of the workings at the Athelstan mine, where work is expected to be resumed at no distant date.

At the Elkhorn since the water went down somewhat, a few new men have been added The mine continues to ship about two cars of ore per month.

It is understood that the bond on the Senator, Summit camp, was not taken up by the Granby smelter interests. Over 1,700 tons of ore have been shipped from the Senator.

Nice ore continues to be found in the shaft being sunk on the Don Pedro claim, being developed by the Chicago British Columbia Mining compang, with H. H. Shallenberger as manager.

LARDEAU

It is definitely announced that that the Great Northern Mines, L'd., will install ten more stamps in the Oyster mill.

The Goldfly, Golden Ledge and Golden Wedge mineral claims, situated on Pool creek, have been amalgamated into one group and named the Goldfly group.

Development work at the Nelson group is progressing very rapidly—much faster even than was anticipated—on account of the rock being of a soft nature.

POPLAR

About a dozen prospectors are doing assessment work on Rapid creek.

Jap King commenced work Monday on the Kentuck group o claims adjoining the Buffalo group.

The force on the Handy group will be increased after high water. Considerable ore is awaiting shipment.

A strike of free gold was made on the Lardo King group, near Gold Hill, the past week. Full particulars next week.

The shafts on the placer workings in town is now down 60 feet deep and bedrock still out of sight. Work has been suspended, probably until high wat er season is past.

SLOCAN

The upraise on the Mountain Con is in ore.

A strike was made in the Glenore on Monday.

Fine ore has been struck in the lower tunnel of the Majestic.

The Ivanhoe has a contract to ship 200 tons of zinc ore to Iola.

The lessees have made a nice strike in the No. 5 tunnel of the Queen Bess.

Ralph Gillette is working the Hamilton on Twelve Mile. The drift is in one for about 20 feet.

SOUTHEAST KOOTENAY.

The working force at the St. Eugene has been so increased that there are now between 175 and 180 men on the payroll. About 60 of these are at the upper workings of the mine. The concentrator has been grinding along steadily all week running day shift only, but a double shift will be put to work as soon as the required number of experienced mill men can be secured. The mill is being fed by ore from the Lake Shore workings. The aerial tram which connects with the upper workings will be ready to run next week.

The special display discount expires on the night of the 7th inst. If interested you had better see G. H. Dawson, representative of the I. C. H. S., at his office in Lalonde block.

Don't fail to see the ball game Sunday between Rossland and Northport at the Black Bear Ball grounds.

NOTICE.

Ella Fraction mineral claim situate in the Trail Creek Mining Division of West Kootenay District.

Where located—On Deer Park mountain adjoining the Abe Lincoln mineral claim.

Take notice that I, Wm. B. Townsend, free miner's certificate No. B75,344, for myself, and Ella Clark McDonald, free miner's certificate No. B75,607, and the administrator of the estate of the late Madeline Layton (deceased) free miner's certificate No. B57467, intend 60 days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant for the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated at Rossland, B. C., this 25th day of April, A. D. 1904.

WM. B. TOWNSEND,
Applicant.

THE
London Directory.

CONTAINING over 2000 pages of condensed commercial matter, enables enterprising traders throughout the Empire to keep in close touch with the trade of the Motherland. Besides being a complete commercial guide to London and its Suburbs, the London Directory contains lists of:—

EXPORT MERCHANTS

with the goods they ship, and the Colonial and Foreign markets they supply.

STEAMSHIP LINES

arranged under the Ports to which they sail, and indicating the approximate sailings.

PROVINCIAL APPENDIX

of Trade Notices of leading Manufacturers, Merchants, etc., in the principal towns and industrial centres of the United Kingdom.

copy of the 1904 edition will be forwarded freight paid on receipt of Post Office Order for £1.

CLEANING HOUSE TIME

is near at hand. The question of what to do with your walls to have them sanitary, neat and attractive, has to be decided.

You will not want to use kalsomine, because after it has been on a short time it rubs off on everything that comes in contact with it; and then when you wish to do it over again comes the nasty muss of washing off the old coat, which costs as much as to put it on in the first place. Wall-paper with its mouldy paste is unsanitary, and stops wall respiration. The Doctor says, "Walls to be healthy must breathe."

CHURCH'S COLD WATER

ALABASTINE

is a porous cement and admits of the free passage of air. It is permanent, and sanitarians endorse the use of it. Anyone can do plain tinting, and with the aid of instructions we give, and designs we furnish, an ordinary workman can do very nice decorating. Cheaper than paint or paper. ALABASTINE is for sale by all Hardware and Paint Dealers—in packages only. For book of tints and further particulars, write mentioning this paper to

The ALABASTINE CO., Limited, PARIS, ONT.

THE LOCAL EXCHANGE

Week's Business Has Been Dull.

GRANBY STOCKS ARE IMPROVING

The Latest Quotations and Sales Locally Upon the Market.

The week has been as dull as last. The noteworthy feature was the improvement in Granby and the added buying in St. Eugene, together with its reflex action on Sunset No. 2 stock. Giant and Cariboo-Camp McKinney still find buyers.

Today's Local Quotations:

	Asked	Bid
American Boy	2½	1¾

MINOR MENTION

Mrs. Clare is pronounced out of danger.

Gordon Hunter, Chief Justice, is expected this evening.

The Knights of Pythias had a good time in their Castle Hall last night.

Chief Guthrie has gone to Calgary to purchase a horse for his department.

A host of friends saw Manager Couldrey off on his home journey this morning.

Max Crow's lights were steady last evening. With added machinery they will fluctuate this evening.

A special train from Northport with a whole crowd of rooters is expected tomorrow afternoon for the base ball game.

G. Gefford has gone to a polygamous country but the famous wrestler assures his friends with no polygamous intent.

The Presbyterian church of Trail are giving a concert next week at which Miss W. Crowley of this city has been engaged to sing.

Walter Besant wrote a book named "All Sorts and Conditions of Men" He must have seen a similar petition to that signed for Maxey.

The Star vs White case may come up next week at the Supreme Court as Manager Parrish may now be well enough to tender his testimony.

The insuring public may thank the City Council for taking the hint affored by the WORLD and asking the owners of tumbledown shanties to either rebuild or remove them.

Mayor Clute should have remebered when he planted his arboretum that it would interfere with the due display of signs such as Maxey. Therefore the vandals ought to be paid instead of flogged for breaking down the trees.

An atrocious libel upon the police magistracy, in connection with the suspension of judgment in the Max Crow case was seen hanging in the empty window of the Family Theatre this morning. It was promptly removed.

AT THE CHURCHES TOMORROW

St. George's Church—Rev. J. A. Cleland, rector. Fifth Sunday after Easter 11 a. m., Matins; 2:30 p. m. Sunday School; 7:30 p. m., Evensong. Mr. Bruce of Trail is exchanging pulpits with the rector.

To the Merchants

Why Don't You Increase Your Business?

Do not sit down and complain of lack of business, because people are sending out of the city for their goods.

Hustling will Do the Trick

Give them to understand that they can save money by dealing at home.

YOU WILL HAVE TO SHOW THEM

That you can sell them better goods for less money than they can get them for at some Cheap John department store in the east, and keep the money at home.

When you have done this You will get the results

The next question is how to reach the people to tell them what you want them to know

You can do this by keeping your advertisement in

The Evening World....

It reaches all the people and goes in all the homes in the city. Its circulation is increasing every day.

Give it a Trial

And you will not complain as to the result
