EDITORIAL.

LYNN VALLEY ROAD.

Since the publication in the last issue of THE EXPRESS of the resolutions passed at the last meeting of the municipal council regarding the moving of the telephone poles on the Lynn Valley road, there has been considerable comment thereon. On August 6th last, Clerk Philip wrote the city that "the council desires me to intimate to you that these poles must be removed from their present location within thirty days from this date . . . In some cases (the poles) were an obstruction to the flow of water in the ditches."

On August 16th, City Clerk Shepherd wrote the district council stating "that we (the city council) are working under the water clauses act and our own incorporation acts of 1906 and 1907, especially clause 7, schedule a, of the 1906 act. The poles in question are temporary poles, most of them having been put up by last year's district council. However, if we find that the flow of water is obstructed when the rainy season sets in, we will take steps to remedy any damage that may be caused by the poles."

On August 26th the district municipal council passed a resolution to the effect "that we refer said disputes to arbitration in terms of section eight of the indenture of agreement scheduled to the incorporation act, and that the clerk be asked to notify the city council of this."

Again on September 6th last the district council passed a resolution in effect "that it is impossible to arrive at a settlement without arbitration; (1) regarding the matter of the ferry rent due on 15th July last, and since paid to the city; and (2) regarding the matter of the district's control of the Lynn Valley road."

The city council replied on September 13th "that it would be a waste of money for the two councils to go to arbitration of the matters referred to.

"With regard to No. 1, namely, the ferry rent, it is clearly stated that $2,000 is the amount arrived at for the difference that there might be after incorporation; in fact, this was the very argument used by some members of your honorable body when the question of the interest was brought up.

"With reference to No. 2, we do not think that you can find in any of our correspondence wherein we have once stated that the district municipality is not in control of the Lynn Valley road, but your honorable body, with all due respect to yourselves, still seem to be under a misapprehension with regard to the telephone poles already erected thereon.

"As previously stated by us, a fact which will not bear contradiction is, that the telephone poles mentioned were, with the exception of about six in three miles, erected by the district municipality; therefore, there was no object in the city asking permission to do that which was already done. The city has, under the incorporation act, and also under the water clauses act, certain rights to the Lynn Valley road, as far as the water right-of-way and all matters connected with their water system are concerned, but they do not wish, nor have they ever intended to abrogate any right to themselves in detriment to, or against the wishes of the district municipality."

Lynn Valley road is gazetted as a 66-foot public highway, and, of course, must be controlled by the district. At present there is a plank road eight feet wide most of the way to the intake, and the city has its water mains laid along the same road, but whether the plank roadway is in the centre of the 66-foot limit, or whether the water pipes are laid there, we do not know. The road is not cleared and graded the full width, and consequently it does not seem to us to be reasonable at the present time to expect these poles being removed much further from the plank than they are. In some cases the wires are actually fastened to the trees. Some have suggested that more passes for the teams be built along the Lynn Valley road. To this we agree but we do not think it makes any difference on which side of the road they are put. The moving of a pole here and there to make a passage along the highway is a mere bagatelle.

In view of these facts, we think that the idea that the city wishes to control Lynn Valley road is only "a tempest in a teapot."

On the other hand the further incident, however, which took place at the recent meeting of the district council has led some to imagine that there was in this case a huge African gentleman somewhere in the political fence. When the last letter from the city council, as referred to above, was read by the clerk for the first time in council assembled, Councillor McNaught arose and immediately submitted the lengthy resolutions, which had been carefully prepared and typewritten. The only other member of the board present was Councillor Davidson, who seconded the adoption of the document. Reeve May took occasion to ask Councillor McNaught if he had seen the communication just read before this meeting, to whichhe replied that he had not. Reeve May then asked how it was that such a lengthy resolution had been drawn up and typewritten before any discussion had taken place on the city's communication to the municipal council. The councillor from Lynn Valley then replied to the effect that there were ways and means of finding these things out.

The Capilano road, from the second canyon to the dam, is owned and controlled as a private one by the City of Vancouver. No suggestion has yet been made to debar the public from using it.

North Vancouver Pointers.

R. H. Bryce won in the "open bitches" class with the famous Queenie at the New Westminster dog show this week. Many authorities hold that she is the greatest bench and field dog in the world. Her long list of winnings should prove this so.

Mrs. A. Hodgson, with her six-months-old bitch, Dunelm Joy, won easily in the puppy and novice classes. The judge said that she was a most promising show canine.

The period of the tax rebate in the district expired on September 30th. Clerk Philip reports a large proportion of the taxes as having been paid.

BOARD OF TRADE

An executive meeting of the North Vancouver board of trade was held on Tuesday in the city hall. There were present President Geo. J. Phillippo, Secretary W. J. Irwin, Dr. A. McKay Jordan, M. S. McDowell, S. D. Schultz.

A few matters of correspondence were dealt with, the principal communication being aletter from the B. C. Telephone Co., whereby that company gave a written agreement that when the number of phones installed in North Vancouver reached the 75 mark a continuous service would be given.

It was moved and carried that the district council be informed of this fact and their assistance in the direction of encouraging the installating of phones till the number of 75 was reached, solicited.

On Oct. 8th the general meeting of the board will be held in the city hall and all members are expected to attend. The public are also cordially invited to be present as matters of importance and general interest will be discussed.

North Vancouver residents feel the necessity of a continuous telephone service keenly, and the agreement of the company to give the same when 75 phones are installed should be taken seriously. Any persons intending to have a telephone put in would be, it is thought, serving their own interests by making an applications shortly in order that the continuous service might be working before the nasty weather sets in. Besides, the fact that a night and day service would be a great convenience, it would also be a material advantage and safeguard in case of sickness, which might occur at any time through the night. At present there are 52 phone and four applications, and the closing hour is ten o'clock week days and six o'clock Sunday evenings.

Engineers to Advise.

A party of engineers, consisting of Messrs. Clements, Dawson, Cleveland of New Westminster, were the guests of the city council on Saturday. The council at a recent meeting decided that the opinion as to streets could be most satisfactorily settled by inviting several engineers to inspect the conditions existing here and that their report should carry great weight in the council's decision as to whether the streets running north and south should be terrace graded or be made the straight grade.

The party on arriving in this city were met by the mayor and aldermen and City Engineer Loutet and taken to the Hotel North Vancouver where luncheon was served. In the afternoon Mr. Loutet drove the party over the district where the grading question covered. The engineers did not come to any decision, but are sending in a written report to the council.

Afternoon Tea.

Mrs. J. J. Woods and party of lady friends visited the mill and workings of the Western Corporation at the head of Queensbury avenue last week and were the guests of the manager, Mr. H. C. Wright. Mr. Wright took considerable pains in explaining the workings of the several departments and the expansion that the company was making which is in keeping with the rapid growth of the city.

Afternoon tea was served in the cook house to the great delight of the visitors At the close of the visit the ladies took occasion to congratulate Mr. Wright and his company on the rapid strides they had made in the last short while.

Destitute.

A case of distressing circumstances worthy of immediate steps for relief has been brought to public attention, in the attention of Mrs. Harris, of Lynn valley. Mrs. Harris and her husband, together with their two children, arrived in North Vancouver about two months ago, from Manitoba. Mr. Harris immediately set to work building a small residence and it is thought became too anxious for its completion and overheated himself. The family not having a proper supply of bedding he contracted a cold and was taken to the hospital, which place he has only recently quitted and will be for some time unable to do any labor. In the meantime Mrs. Harris, with her two small children, moved to Lynn valley, but having no money has been and is in destitute circumstances with no means of obtaining a livlihood. A number of North Vancouver people have given assistance but her case is in urgent need. M. S. McDowell has started a list and quite a number have volunteered both money and provisions. The district municipal office would also receive and forward any donations. It is stated that Mr. Frome's mill has kindly supplied lumber for the erection of a shack for the family.

The Board of Trade
—WILL HOLD ITS—
2ND ANNUAL MEETING
—ON—
Tuesday Evening Next
In the City Hall at 8 o'Clock Sharp
ELECTION OF OFFICERS AND ENROLLMENT OF NEW MEMBERS
All Members and Those Interested Are Earnestly Requested to Attend

New School.

Mr. J. C. Keith, of Vancouver, is donating an acre of land on the Capilano road near the junction of the Keith road for a school site. When the papers are finally arranged the district council intends going ahead with the erection of a school building. At the present time there is not a sufficient number of pupils necessary for the government to proceed with this work and therefore in the meantime the municipality will bear the expenses until the attendance will have reached the rquired number, when the district will be reimbursed and the school formally taken over by the government.

THE LATEST IDEAS IN MOTOR BOATS AND ENGINES

Are embodied in the production of Messrs. Hutchison Bros. & Co., Ltd., of Victoria, B. C. This firm, who have been established for several years, have one of the most complete and attractive displays at the New Westminster exhibition, and one which is of much interest to motor boat devotees. The display is situated in the Manufacturing building, and consists principally of a beautiful specimen of motor boat workmanship, about which are placed gasoline engines, models and different kinds of fixtures. The boat is 21 feet long with a beam of 4 feet 6 inches, and is built from Australian rosewood, oak, white pine and cedar, with brass furnishings. A very complete steamboat model—the work of Mr. R. Hutchison, is placed on the forward deck, and the entire display is one which will well repay a visit.

CITY COUNCIL

The regular meeting of the city council was held in city hall Monday night, Mayor Kealy presiding with all the aldermen present.

R. L. Dockerty, secretary of the North Vancouver Horticultural and Agricultural Association, wrote asking for a rebate of taxes on the association's property, corner Lonsdale and Twenty-first street, as had been done in previous years. The amount was $54.55. It was decided that the taxes should be let stand and that a donation of a like amount be made to the association.

Mrs. E. J. Green, Jones avenue, wrote requesting that an alley be opened in block 46 D. L. 271. Referred to board of works. A letter from S. Gintzburger pointing out that he had received a tax notice for taxes on 72 lots in block 33, D. L. 550 and that this block had been surveyed into 56 lots and those plans had been accepted by the council. He therefore did not understand why his client, Baron de Silans should be charged for the extra 16 lots. Referred to the finance committee. G. H. Dawson's letter informing the council that he had surveyed D. L. 1620 as per instructions, was read. He also gave a detailed account of the character of the ground and his opinion as to the utility of same. The plot of land lies midway between the Lillooet road and Lynn creek and is set aside for cemetery purposes. Referred to the board of works.

Alderman Irwin referred to an obstruction and overflow of water from a small creek crossing 14th street near Mr. Beasley's property. He suggested that the creek be cleared and widened for a length of 80 feet, across the street. The matter was referred to the board of works to act.

The capes and caps for the use of the police department as exhibited and recommended by the police committee were accepted.

Alderman Dick inquired if any action was to be taken in regard to septic tanks passing inspection and permits granted therefor, as he understood several had been installed since the passing of the septic tank bylaw and that its provisions in that connection had not been followed out by the plumbers of the city. It was resolved that a letter should be written to plumbers and builders advising them of the conditions of the bylaw and the penalty they were liable to by not abiding by its provisions.

Inquiry was made as to the intended location of the dog pound and also if the pound keeper should be allowed any commissions on dogs he came in possession of. Both matters were referred to the police committee to report on at next meeting.

The waterworks and board of work wages bills were adopted and passed, as recommended by the committees.

The explosion, water and boulevards bylaws were read and occupied the remainder of the business of the evening when the meeting was then adjourned.

Milk Scarce.

The scarcity of milk in this city still prevails and is felt by a large majority of the residents and especially by those who are the unfortunate owners of a cow and who unwilling to refuse the almost entreating solicitations for small quantities. An unfortunate factor in connection with the milk question is the very high and increasing price of feed. The winter is approaching and the cost of keeping a cow so expensive that people are loath to venture on a deal of that nature. However, it is thought if a proper dairy was started, the custom would be so large that small individual profits would aggregate into a substantial income.

New Realty Office.

C. R. Hickman & Co. opened up this morning on Lonsdale avenue in the real estate, insurance and loan business. The new firm occupies one of the Kilroy & Morgan offices which have only been recently completed. Mr. Hickman is a resident of this city, but has heretofore had his office in Vancouver, where he is credited with having quite a large connection. He has, however, been convinced of the possibilities of the Ambitious city and with what rapidity it has come into prominence, and closed his Vancouver office to open here.

School Inspector Stuart paid the North Vancouver school a visit Friday.

Much Annoyed.

North Vancouverites according to a prominent north shore resident, are certainly up against it when it comes to catching ferries on this side of the inlet. Every day the congestion of freight traffic at the foot of Carrall street impedes approach to the ferry to such an extent that at times hundreds of passengers to and fro, as well as teams, may be seen waiting on either side of the tracks. This morning was no exception to the rule. At the time passengers for the 8:40 ferry were wending their way to the boat a yard engine with a long string of cars pulled across the highway and see-sawed back and forth for twelve minutes. It finally pulled away and the eager crowd of would-be passengers made a rush for the boat, but on another track between them and the landing and across the road, was a train standing, effectually blocking traffic. This train was too busy standing to break a coupling, and consequently the people on the south side were forced to miss the boat.

Will Enlarge.

Mr. McMillan of Rossland, B. C., has arrived in this city and is taking a partnership in the grocery business conducted by his brother, J. A. McMillan, at the corner of Lonsdale avenue and the Esplanade.

Mr. M. McMillan has had an extensive experience in the grocery business.

The recent sale of the store property having brought Mr. J. A. McMillan in control of the whole block, an enlargement of the store is contemplated.

The Good Templars met at the Orange hall Monday evening. There was a good attendance and the program which was had after sundry business was disposed of was supplied by No. 10 lodge from Vancouver, and consisted of songs and recitations.

The fourth room in the North Vancouver school was opened on Monday, the first of October.

All the available space is being occupied in the building at present, despite the new addition, and additional rooms that were added at the begining of the term.

The chartered banks of Canada might condescend to bid for the confidence and money of foreigners. Canada is sure to draw an increasing supply of laborers from Europe. These workers should not be left in ignorance of the truth that their surplus earnings are safer in the chartered banks than the fly-by-night ventures of eager bidders for the savings of the unwary. It may be beneath the dignity of great banks to advertise, and thus thrust their merits upon the attention of the strangers and foreigners. Consequently thousands of helpless laborers are and will be exposed to the greed of cunning schemers when an educational campaign would teach them that the chartered banks of the nation are the best receptacles for their savings.—Toronto Telegram.

North Vancouver is to have a plumbing shop in the near future. Mr. Jas. Fraser of Vancouver is the party and definite arrangements will be finished shortly.

Mr. and Mrs. P. Larson and Robt. H. Bryce are attending the field trials at Ladners. Mr. Bryce has several dogs entered.

Mrs. Stevens, a transient resident at the hotel North Vancouver, has taken her two boys to Duncans, where they will attend school.

E. Bachelor, of California, is the guest of Capt. Bachelor, of this city. Mr. Bachelor is greatly taken with the Ambitious City and the progressiveness that is everywhere evident.

Mrs. Jno. Philip of Brockville, Ont., is the guest of her daughter, Mrs. A. R. Stacey, of Sixth street. Mrs. Philip intends spending some time in the west before starting on her homeward journey.

Mrs. Medders—Did you and Hiram stop to a nice hotel while you was in the city.

Si Medders—Fine. Hi an' I went to a show an' didn't get back until after 12 o'clock, an' the clerk wis still keepin' the place open fer us.

"Do you love me enough, dear, to give up smoking fer my sake?"

"Yes, pet; but I couldn't endure having you suffer by watching the misery I'd go through."

Waiter—Will you have tabled'hote luncheon or a la carte.?

Uncle Hiram—No, just bring me some roast beef an' a piece of apple pie.

CITY AND COUNTRY

There is on exhibition at THE EXPRESSS office samples of a second crop of strawberries, grown on the ranch of Mr. P. Larson, Nineteenth street. Manager Heffel, of the Bank of B. N. A., states that he also has a second fine crop grown on his garden.

W. K. Smith, recently arrived from Winnipeg, was here on Wednesday. He is now interested in a new mining company.

R. H. Bryce is receiving the congratulations of his many friends upon the great performance of his pointer Queenie at the field meet at Ladner's last week. She is reckoned by many authorities to be the best in her class in the world.

Mr. Stephen Spence, son of Mr. Chas. Spence, of this city, and Miss Mary Cottell, daughter of Mr. Matson Cottell, of this city, were united in marriage on Monday evening. The ceremony was perfomed by the Rev. Mr. Gillam at the residence of the bride's parents, on Second street. Only members of the family were present. Mr. and Mrs. Spence are well-known young people in this city, and take with them best wishes of a host of friends.

A large number of North Vancouverites took in the Westminster fair on Wednesday.

There is on exhibition at this office cabbage, carrots and parsnips, which would have been prize winners at the New Westminster fair. They were grown by Robert McGinnis, of Lynn Valley.

Mr. L. Reda, proprietor of the Palace Hotel, is the proud possessor of a Kangaroo terrier. It is the only one of its kind in the province, so far as known.

Ed. Lennox, of Lynn Valley, is willing to play any one in the city or district of North Vancouver a game of chess.

THE EXPRESS, $1 a year.

Our highly esteemed fellow citisen Mr. A. A. Crowston was out last Wednesday airing his calves—in the typical model of a Highland Scottish chief.

The North Vancouver Club will hold a grand smoker and kangaroo court next Wednesday evening, October 9th. The function will be held in Larson's pavilion. The tickets have been placed at twenty-five cents, and may be procured from the members.

J. A. McIlroy, Seattle, came over yesterday morning and spent the day.

C. K. C. McKenzie, London, is registered at Hotel North Vancouver.

Mrs. and Mr. Bird are stopping at Hotel North Vancouver.

Several young men of this city have organized a bowling club. It will be known as the North Vancouver bowling club. The alleys will be on First street, in the rear of Hotel North Vancouver. The temporary secretary-treasurer is Stewart Ross. Any one desiring to become a member will please communicate with him, or Oscar Evanson, of the North Vancouver Hotel.

So many guarantees are not good.

R. H. Evans, the pioneer baker of this city, has sold his shop to S. Walker, Vancouver. Mr. Walker is a well and favorably known workman, and we bespeak for him a liberal patronage. Mr. Evans says he is going to take a holiday, which he certainly has well-earned.

Mr. A. B. Diplock, president of the Western Corporation, left yesterday for New York, and will not return till about Christmas.

CITY AND COUNTRY

Boom the city and district.

Cauncillor W. H. Davidson left on Monday afternoon on a business trip to River Philip, Cumberland county, Nova Scotia. He expects to be absent about four weeks.

Bruce & Dodds have in shipment a car of fifteen tons of choice Alberta dairy butter. This is the biggest consignment of butter made to North Vancouver.

Those desiring to become members of the proposed new building society will please send in their names to THE EXPRESS forthwith.

Work has been started on the proposed new Keith block, corner of Lonsdale avenue and First street.

The Western Corporation will ship 200,000 feet of lumber to New Zealand in November. The company has also shipped a large consignment of timber to England this week.

While there are three saw mills on this side of the water, yet it is quite noticeable that local contractors purchase their building material out of town. The only way to build a town is to patronize home industry.

Mr. and Mrs. Glass, of Gleischen, Alta., are visiting at the home of Mrs. Glass' mother, Mrs. Brereton, Second street. She is also a sister of Mr. R. Brereton, whom he has not seen in 26 years.

The fifth main water pipe to be in commission across the First Narrows is now being put in by Vancouver. It is 1,380 feet in length and 12 inches in diameter. The total weight is estimated at 75 tons. Capstans with heavy purchase tackles, pulled by heavy wire cables, are being used to draw the pipes across.

Boost our business houses.

"We use the low pressure system in this plant," explained the engineer. "That is, we use the steam over and over again." "I see," said the visitor. "It's something like the system of ventilation in the sleeping cars.

"The mill will never grind again with water that is past," remarked the mournful citizen. "That's where a joke mill has the bulge on a water mill," crackled the cheerfull press humorist.

Subscribe for THE EXPRESS.

Dr. Clayton, of Chicago, the famous dog fancier, and judge at all the great kennels in America, who was the judge at the New Westminster kennel show this year, paid the city a flying visit to-day. He visited the B. & B. kennels of this city and praised the ambitions of the owners of prize dogs hereabouts. In company with Mr. R. H. Bryce, whose guest he was at the Hotel North Vancouver, he spent a few happy hours looking over the townsite, and was favorably impressed with the prospects of the Ambitious City. He said the poiuter pup of Mrs. Hodgson, which made a fine showing at the Ropal City, was a most promising one. He will leave for Victoria to-morrow, and thence will go to San Diego, Cal. After taking in the kennel show there he will return to the Windy City.

C. A. Davidson, salesman for the Remington Typewriter Company, limited, Vancouver, paid the city a flying visit on Wednesday. He reports business good.

The sidewalks and streets were very much alive with the red and black caterpilars on Tuesday.

Ald. Irwin's two lots, corner of Fifth street and Lonsdale avenue, are being cleared and leveled by Contractor McLennan. Mt. Irwin will build a block on them next year.

Successful Conversazione.

Under fhe auspices of the "Entertainment Committee" of the Church of St. John the Evangelist North Vancouver, an entertainment was given at Larson's Pavilion on the evening of Tuesday, October 1st, which was a great success both financially and otherwise.

Following was the following :

Song.....Mr. Wright
Song.: .....Master Carol Jackson
Chorus..Mr. Jackson, Mr. Wright, Mrs. Jackson, Mrs. Rochussen, Mrs. Hooper.
Song.....Miss Cameron
Song (comic).....Mr. Scriven
Song.....Mr. Kealy
Song.....Mrs. Kealy
Dialogue..Messrs. Butler, Fred Diplock and Tom Diplock.
Chorus. Mr. Johnson, Mr. Wright, Mrs. Jackson, Mrs. Rochussen, Mrs. Hooper.
Refreshments.....

The proceeds of the entertainment will go towards the fund now being raised for the purchase of a lot, near the corner of Chesterfield and Thirteenth street, in the block in which the church is situated. The plans of the church committee include the building of a church hall on the church grounds, and later on the erection of a rectory on the site now being purchased. The congregation has been greatly encouraged in these undertakings by the entire success, which, thanks to the generosity of both friends and members, has attended the effort to free the church of debt. Judging frcm what has been already accomplished there is good reason to hope that their plans will be carried into effect at no far distant date.

The committee states that the eatertainment of Tuesday last is but the first of a series of at least equally pleasant, and that the next will be announced shortly.

Church Notice

NORTH VANCOUVER CATHOLIC INDIAN MISSION.

Sunday Services — Mass at 8 a. m., Sunday school at 2:30 p.m., Benediction at 3 p. m.

A Lynn Valley Wedding

The marriage wave of late has apparently struck this side of the inlet. The latest game of Cupid was pnlled off at Lynn Valley Monday night. The residents there were much surprised in hearing the news of the marriage of Mr. J. H. Hanowell, a much respected and esteemed citizen there, to Miss Narr, of Lynn Valley. The bride has recently arrived from Germany. The ladies of the valley are much puzzled as to how the courtship was conducted, as the groom cannot speak German and the bride does not understand English. Notwithstanding thls, however, the newly made couple are living as happy as two turtle doves. The power of love nnder difficulties is amply demonstrated.

Dr. Verne, of Toronto, and family, is moving to our fair city. Dr. V. has practised in Toronto for twenty years, has been on the staff of two hospitals there, and is moving west for the benefit of his wife's health. Dr. V. is a graduate of the old country. Office (temporarily), Room 1, Thompson block.

If you meet with accident or illness, how about your earnings? Come and have a talk.

If you should die to-day, would your wife and children be pretty well fixed?

Think that over and discuss it with me.

Employers Liability, Fidelity Guarantee and Plate Glass Insurance.

List yonr property with me. I am here to find investments.

Garrison-Mahlman.

A well-known young man to those who travel on the ferry was united in the holy bonds of matrimony, on the 25th of September, in the person of Mr. Reuben John Garrison, who took as his life partner a popular Vancouver girl, Miss Agnes Mahlman. The ceremony was performed at the residence of the bride's parents, by the Rev. Dr. Fraser. The bride wore white silk, trimmed with orange blossoms, and carried a bouquet of orange roses and asparagus fern. Miss May Mahlman was bridesmaid, and Mr. Wm. McWilliams assisted the groom.

The numerous presents bestowed on the happy couple testify to the high esteem in which they are held by their many friends.

After a sumptuous repast the young couple enjoyed an automobile ride around Stanley park They will reside at Gedar Cove.

On the dead square, how much older are you than you confess?

If you get along pretty well, you are doing as well as anybody.

When things go wrong at home, what an affection the average man develops for his busines and his office.

Come and inspect, all true citizens. All are welcome.

Corner Lonsdale Ave. and Second St

A New Firm.

A. J. Picton-Warlow has opened an office at the corner of Lonsdale avenue and Second streets as an insuranre, real estate and financial broker. We bespeak for him a liberal patronage, as he comes well recommended. He was in business in Celgary, where he was general manager for the Railway Passengers Accident and agent for several of the largest fire companies. Mr. Warlow comes originally from England and an athlete, jumping for Cambridge against Oxford in 1894. After visiting several places he selected North Vancouver as a future field of operations.

CANADA'S FINANCIAL SITUATION.

The London Daily *Times* in a report says that a cry has arisen that the Canadian banking institutions are keeping short of funds the man who desires to extend his business, and incidentially assist in the development of the Dominion. At first glance this may appear a substantial complaint. For many years the Canadian mortgage loan companies, insurance companies and private capitalists have been advancing money forthe development of the eastern provinces of Canada. They have done so sometimes lavishly. Money could be obtained for almost any enterprise in the west that could show a reasonable prospect of success. A time of stringency came in 1906-7, when the world over, in consequence of extensive industrial and speculative activity, enterprise outran the supply of capital. The Canadian banks and financial concerns, equally with those of other countries, found it needful to restrict their loans.

Instantly a crash arose, more particularly from the prairie provinces and British Columbia, that the banks are arbitrarily shortening credit. "The east is squeezing the west." Ignoring the conditions, forgetting the liberality with which the west has been treated by the Canadian banks for twenty years, and the unexampled facilities offered there by the banks—there are 457 branches or offices of the banks west of Lake Superior—a portion of the press of the western provinces talks of a cruel lack of just banking liberality. In particular of the lack of money which should be at the disposal of western merchants and investing it in call loans in New York. The *Monetary Times* states that it has the best authority for asserting that there has been no concerted action in this direction. If there was a general movement among bankers to store up money against harvest time, it was doubtless caused by the feeling of each conservstive bank manager that such proceedings was dictated by prudence and by good banking.

"The World" Speaks.

Let development wait if it must, but let it be the right development when it comes. Even the Grand Trunk Pacific and the All Red Line may be purchased too dearly—will be purchased too dearly if by the gift of British Columbia to the Asiatic. We speak strongly because we feel strongly on this matter, so strongly that we are prepared to take the logical course should the dominion government fail to act and act quickly. The *World* is a liberal paper—the chief organ of liberalism in British Columbia—but it puts the province before party, and should the party candidates at the next general election fail to give the most explicit undertakings, that they will fight this issue to the finish, we shall be compelled to advocate the election of independent men who realize that before this all other questions sink into insignificance in British Columbia.
