RATEPAYERS' MEETING

Committee of Six Appointed

The open-air ratepayers' meeting held on the grounds in front of the Hotel North Vancouver last evening was a practical demonstration of the intense interest that is being taken in the street grade problem in this city. The meeting was called for the purpose of appointing six delegates to confer with the city council relative to arriving at some solution of the difficulties. The business of the meeting was despatched with haste and with very little discussion, Messrs. A. J. Henderson, C. F. Jackson, W. J. Dick, Jas. Hay, W. L. Boult and A. W. Sargent were chosen to represent the ratepayers in a conference with the city council which will be held in the city hall next Wednesday at 8 o'clock p.m.

His Worship the Mayor opened the meeting and stated that it was called on invitation from the ratepayers and was, therefore, a ratepayers' meeting. It was then for the meeting to appoint their chairman. He hoped that this would be the last public assembly on the grade question and that it would be the means of removing the stigma from North Vancouver's name so that the delayed improvements in the city might be proceeded with without further delay.

Two nominations were made for chairman, Mr. C. F. Jackson and Mr. G. H. Morden.

On the vote Mr. Jackson received 50 votes and Mr. Morden 22.

Mr. Jackson, on taking the platform, said the subject had been thoroughly enough discussed. The appointment of six ratepayers was a step in the right direction and he suggested that nominations be taken at once and that afterwards an opportunity would be given each of the committee appointed to address the meeting briefly. At this stage Mr. A. R. Crickmay moved the following motion: "Mr. Chairman and Gentlemen, this meeting having been called by the city council for the purpose of electing six representative citizens to confer with the council to try to amicably help settle the grade question, I beg to move that we at once proceed to elect this committee without further discussion and include in my resolution that we appoint three gentlemen representing bench grades and three representing straight grades."

Wm. Morden in seconding the motion said that it was generally realized that the question should be settled at once and for all time. He considered fair play could be best served by appointing three bench grade advocates and three straight grade ones. He contended that the delay in civic improvements was a disgrace to the city.

Mr. A. W. Sargent declared that in Canada and elsewhere the majority ruled and "they will rule here tonight," he exclaimed. "I say stand by the wishes of the majority of the people."

J. F. O. C. Wood concurred with Mr. Sargent's statements. He considered it was a conspiracy to choose three to each side.

Mr. King also agreed with Mr. Sargent and Mr. Wood. He then moved that the resolution be laid on the table for five years.

Mr. Walden did not understand how the dead lock would be removed by electing three to each side.

George Bartley moved that nominations be proceeded with.

Mr. Brown suggested that each of the nominees make a brief statement of his stand on the question.

The amendment to lay the resolution on the table for five years was voted upon first and the vote stood 69 for and 8 against. The chairman then declared nominations in order and the following were nominated: A. G. Henderson, Geo. McBain, A. E. Crickmay, W. J. Dick, Jas. Hay, W. L. Boult, A. W. Sargent, William Morden, Jesse Williams, C. F. Jackson and E. Mahon.

Mr. G. H. Morden moved that the six men receiving the highest number of votes at first count be elected and the seventh be ready to stand in case of any withdrawing. Mr. A. E. Kealy seconded the motion and it passed unanimously. Mr. W. L. Boult and A. B. Stevenson were appointed scrutineers, City Clerk Shepherd assisting. After the ballots were counted the poll stood:

Henderson 107,
G. A. McBain, 30.
A. E. Crickmay, 26.
W. J. Dick, 94.
Jas. Hay, 92.
W. L. Boult, 87.
A. W. Sargent, 83.
Wm. Morden, 37.
Jesse Williams, 38.
C. J. Jackson, 109.
E. Mahon, 43.

The chairman then declared the six highest, Messrs. C. F. Jackson, A. J. Henderson, W. J. Dick, Jas. Hay, W. L. Boult and A. W. Sargent elected a committee to confer with the city council looking to a settlement of the grades.

The members of the committee were then called to the platform and asked to express their views on the subject at issue.

Mr. Henderson said in the first place he desired to thank the ratepayers for the trust they had placed in him. In reference to his opinion on the vexed question of grades he said in the first place he would set aside his personal opinions and look at the matter from a broad and business-like standpoint. He commented that the city council had failed in an endeavor in respect to fixing the grades of the city and had called in professional gentlemen of high standing in who presumably they had confidence. These gentlemen, after considering the matter, had turned in a report for which the city had paid about $600. "I look upon that report as the best information that the city council could purchase for utility in the city and I hold that that report should be accepted," asserted Mr Henderson. Continuing, the speaker affirmed that in every civilized community it was the recognized principle that the will of the people should rule and he ventured to say that it would be a dangerous precedent to set in any city to allow a small majority to go opposite to the expressed wishes of the electorate who placed them there. Speaking personally Mr. Henderson said he was strongly opposed to the streets of the city being marred and disfigured by intersections being dished and depressed just to form a straight grade for any special street To attempt to bring a level plane to intersect with an 8 per cent. grade he thought would be very dangerous to both motive as well as vehicular traffic.

W. J. Dick stated that he had taken a great deal of interest in the grade question and he continued to do so. He believed that the matter should be settled in a manner so that it could not be changed by each succeeding council by accepting the report of the engineers. The city would then have something to rely on and the council would have something of a permanent character to work under. "I am very much in favor of upholding the engineers' grade as given in North Vancouver," concluded Mr. Dick.

Mr. J. Hay said he had never taken any particular part in the matter, but if there was any way to help remove the tangle he would be most pleased to do so.

Mr. W. L. Boult did not pretend to know very much about grades. He thought that the advice of those who did know should be taken. He inquired the reason why it was that Engineer Clements' advice was so valued in 1907 and was thought so little of now. Also he wanted to know what the B. C. Electric Ry. had to do with fixing the grades of this city.

Mr. Sargent stated that his idea was to do what he could to straighten out this question of grades. He contended that a city whose people were united could accomplish very much more than a city whose people were continually pulling apart. We have heard a report from a distinguished board of engineers and I am satisfied with the percentage of grade therein contained, was the speaker's remarks. He believed that the recommendations contained in the reports were in keeping with the needs of the future of this city and he heartily concurred in adhering to that report.

Mr. C. F. Jackson remarked that while he was not an engineer he, nevertheless, understood most of the principles which underly the present grade question relative to the importance of east and west streets as compared with the north and south ones. He averred that he was convinced that the east and west streets would be the main thoroughfares on which heavy traffic would follow and he strongly believed that nothing should be done to sacrifice these east and west arteries.

Speaking of the immediate subject in hand he said that the ratepayers had come together to settle the grade question and he hoped that there would be no personal feelings shown and that for his part he intended to try and settle the matter along these lines. He compar the present situation to the House of Commons, the committee representing the ratepayers, going to look into the difficulties in the House of Lords for the purpose of ascer-

(Continued on page 10)

S. S. ST. GEORGE TO LAY OFF

The S. S. St. George will not be on the run on Thursday and Friday, June 23rd and 24th and the management begs to notify the local merchants of this fact so that the handling of freight will be avoided as much as possible.

CASKET FACTORY

Preparations are fast being completed for North Vancouver's first casket factory which will be established on the Esplanade about opposite to the North Vancouver Lumber Co's. mill.

Mr. Cunningham who formerly successfully managed the largest supply houses of New York and Chicago, has been appointed to undertake the management and control of the new concern. This gentleman called at the Express office this week and volunteered the information that he had already secured the lot and that clearing operations have been commenced. The construction of the building will be rushed to completion immediately and he expressed the desire to have the plant in operation within three weeks.

Special machinery which is required for this business has been ordered in the east and will arrive in the course of a few days.

It is estimated that the mill will employ steadily about 1 or 18 men, many of whom will be thoroughly practical men from California.

The raw material such as lumber, etc. will be purchased on the local market during the early period of the plant's operation and until such time as they provide for their own mill for which negotiations are said to be now in progress.

A false alarm turned into the fire station yesterday from the corner of Jones and 15th street gave the brigade a run. Smoke from a bush fire was the cause of the alarm.

District Council

The regular meeting of the district council was held last evening with the reeve in the chair and all the councillors present.

Mr. John McInnes interviewed the council as to getting an extension of the Seymour road wharf. The difficulty of this was pointed out that the wharf was now on private property. Mr. McInnes suggested that the Vancouver city council was willing to make arrangements for the public having the use of it and he asked that the council confer with the city council in this regard. The Reeve and Coun. Bridgman were delegated to wait upon the council in connection with the matter.

Mr. A. G. Perry was again heard as to a grant for the Dominion Day celebration committee and it was resolved that a grant of $125 be allowed.

Messrs. Lewis D'Orr and Co. asked to have the lanes closed in block 8, D.L. 1099 and 1100 in respect that the whole block was to be occupied as a large summer resort. It was resolved to authorize the cancellation of the plan of the whole of the block.

The Attorney-General wrote agreeing to take up the matter of authorizing the preparation of the voters' lists for licensing businesses with the municipal committee at the next session of the House.

P. King wrote asking for the removal of dangerous trees and for other work adjoining his property on Peter street. It was resolved to have the stumps removed at once and to instruct the engineer to report on the other requests.

Messrs. Summerfield and McKinnon asked to have Chesterfield Ave. cleared so that they could have access to their property and Nye street. The engineer was instructed to have the work done.

The Lynn Valley Lumber Co. asked to have Center road and Mill street sufficiently cleared to allow them to get the pole line in to their mill. It was referred to the board of works with power to act.

Dr. J. G. Davidson wrote asking a contribution of $75 from the district towards the reception of the university commission. It was referred to the local Joint Civic Committee to adjust the whole matter.

Attention was called to the alleged pollution of the upper part of Hastings creek and this and other matters were referred for investigation.

The engineer reported regarding the non-completion of Berger and Carter's contract for compressor plant. It was resolved to wire that firm that if the machinery was not finished by Monday noon that it would be completed by the council at their expense.

Ten plans were submitted, eight of which were passed. The other two were laid over.

The reeve reported result of the meeting in Victoria regarding "Idyle Wyld" subdivision. He said that the government on his suggestion had instructed an independent surveyor, Mr. J. F. Garden, to examine the property and report to them before giving their decision.

It was resolved that the annual tax sale be held on Tuesday, Sept. 6th, at 1 o'clock.

The Dovercourt and Frederick road local improvement bylaws were introduced and passed by the council.

The Board of Works financial reports and wage bills were passed and payment authorized.

FERRY NOTICE

The ferry steamer St. George will be laid off for annual inspection on Thursday and Friday, June the 23rd and 24th, 1910.

T. M. HEARD,
Manager.

CITY LEAGUE LACROSSE

The North Vancouver lacrosse club played its initial league match on Wednesday evening when they met the Grandview team in the city league series at Buffalo Park. Sixteen of the playing members of the team were in attendance, so that Manager Kittson was able to put one of his strongest teams in the field. The game was fast and very closely contested throughout and ended in a score of nine goals to three in favor of Grandview. The score, however, is not an accurate index of the relative merits of the teams. Certain members of the Grandview team appeared to confuse rough-house methods with good lacrosse and inflicted severe punishment upon the members of the local team, the over lenient tactics of the referee encouraging rather than impending their style of play. The friends of the local team are highly elated at the showing made and consider that the prospects of North Vancouver leading the league at the close of the season very bright. The next match to be played by the locals is on June 25th when North Vancouver and Fairview teams play on the local athletic grounds.

DOMINION DAY FERRY SERVICE

The apprehensions in regard to an adequate ferry service on the 1st of July are now set at rest by the announcement by the management that they have engaged the S. S. Baramba and the S. S. Sechelt to supplement the fleet on that date and that it is proposed to run a twelve minute service throughout the day. A twelve minute schedule with four steamers plying to and fro will undoubtedly add greatly to the number of visitors to the North Shore on Dominion Day as formerly many were hindered from coming to North Vancouver on account of the possibilities of a crush which has always been the case when only two ferries were running.

Mr. A. N. Giffen, the popular B.C.E.R. motorman, is receiving the congratulations of his friends on account of the arrival of a young visitor at his home, corner of 5th street and St. David's street, on Thursday, June 16th. Mother and son are reported to be progressing favorably.

AWARDED CONTRACT

McDougal - Jenkins Engineers have received the contract from the North Vancouver Ferries for four large pontoons. These are in addition to the six completed. They have also received the contract from the Wallace shipyards for the construction of the five pontoons which was awarded them by the company at the same time as the Vancouver Engineering Works received their contract for the other four pontoons required by the Ferry Company.

The Engineering Works in this city now employ 72 men and the large force is working full time. Besides the ferry work a number of boilers are in course of construction for local firms.

As stated by Mr. McDougal, the outlook for a busy summer is exceptionally good.

LACROSSE

Final arrangements have been completed for a lacrosse match on the 1st of July in North Vancouver at the recreation grounds. It will be North Vancouver vs. New Westminster intermediates and the game will be held about three o'clock in the afternoon. North Vancouver boys have made an excellent showing in their recent matches and expect by diligent practice to make a strong bid for first honors on Dominion Day, although the visiting team from Westminster are recognized to be exceptionally well up in the game and some skilful stick handling is looked for from both sides.

Improved Telephone

The delegation appointed by the North Vancouver Board of Trade comprising the President, W. J. Irwin, Mr. A. Philip and J. R. J. Murray, waited upon the management of the B. C. Telephone Co. Wednesday morning relative to the large number of complaints that have been made about the local service. The delegates were kindly received by Mr. Halse, the manager, who freely went into a full discussion on the difficulties effecting the service in North Vancouver. He informed the delegates that his company was immediately going to erect a brick block on 8th street for their central office, and would instal therein a modern switch board and other appliances for the handling of the service in the best manner possible. Mr. Halse further explained that they were also endeavoring to arrange for a large submarine cable across the Inlet, but had met with some difficulty in satisfying the department of marine and fisheries owing to the objections that it might in some way interfere with the anchorage of ships. This difficulty, however, his company was doing their best to overcome.

SUCCESSFUL FISHING PARTY

The happy fishing party composed of Messrs. C. S. Young, Dr. J. C. Morrison, C. Thornton, C. Pierce, T. Prime and W. Braim returned on Wednesday after having spent a very enjoyable and successful fishing expedition up Powell river. They brought home with them over 200 speckled beauties and this, in addition to the number they ate while in camp, brought the total catch up to about 300. Transportation was afforded both coming and going in Mr. Braim's launch and to the launch ride the members of the party attribute a large amount of the pleasure of their outing.

On arrival at the Powell river those of the party who had been there before were struck with the vast amount of improvements which had been accomplished since their last visit. The Powell River Paper Mills Company have established an enormous plant at the mouth of Powell river and is at present employing at least 500 men. The Company is proposing to erect a dam at the mouth of the river near their establishment for the purpose of increasing the already enormous water power which is available and this proposed dam is said will be the means of raising the waters of Powell lake about 10 feet.

At the southern end of the lake the fishermen were met by a guide who with his launch transported the whole outfit up to the mouth of Goat river which empties into Powell lake about half way up. Close to the shore was located the guide's camp where excellent accommodations were provided during the whole time that was spent on the lake. Fishing was done partly at the head of Powell lake and up Goat river and in Goat lake and in all three waters exceptional luck was had. Numerous deer and goat were seen, but bruin was conspicuous by his absence. On the way back some rough weather was encountered and the launch was forced to seek shelter in a cove on Texada Island. Otherwise no mishaps were met with. The party were absent from the city just six days.

SUNDAY OPEN AIR SERVICE

Mr. Raine, a student of Westminster Hall, will officiate at the services to be held in Lonsdale Gardens on Sunday afternoon, weather permitting, under the auspices of the C. E. of St. Andrew's church. Rev. Davis of Lynn Valley was to have spoken last Sunday, but on account of the wet state of the grass the service was postponed.

LYNN VALLEY CONCERT

St. Clement's hall, Lynn Valley, was crowded beyond the doors Wednesday evening at the grand concert given under the auspices of the English church. Long before the chairman, Rev. H. H. Gillies, took his place on the platform standing room in the hall was not to be had and spectators were hanging on to the window ledges and craning their neck from every point of vantage to get a look in.

Along the route from the car to the hall was lined by Chinese lanterns which provided light as well as decoration.

The program, which was provided principally by North Vancouver and Lynn Valley talent, was one of the best ever given in the Valley and is likely to remain so for some time. It was also lengthy and before the large audience from North Vancouver found their way home it was well on to midnight.

Special mention can hardly be made of any particular item as all were particularly well rendered and enthusiastically received. Mrs. Burmeister, whose name did not appear on the program, gave a piano solo which received much applause, and which gave evidence that she was an artist of more than ordinary standing. Mr. Sydney Humphrey gave a couple of humorous stunts for which he was accorded hearty and prolonged applause and a fine large bunch of ferns at the conclusion. The Parish Glee Singers, Mr. and Wrs. C. F. Jackson, Miss Gladys Kirkland and Messrs. J. Alexander and Percy Ward were also particularly good. Miss Betty Cameron and Miss Laing of North Vancouver gave a very creditable rendering of their respective numbers. During the intermission between the first and second part of the program tea, ice cream and refreshments were served by the ladies of the church.

The program was as follows: Song, Mrs. Campbell; piano solo, "Lyric Suite," Mr. War song, "Asleep in the Deep,' Mr. Varnes; glee "Doan Yo Cry Ma Honey," Parish Glee Singers; song, "Carissima, Miss Cameron; sketch, Mr. H McPherson and F. Diplock; song, "A Soldier's Song," Mr. Percy Ward; piano solo, "Overture to Zampa," Mr. Ward; duet, "Snowdrop," Mr. and Mrs. C. F. Jackson; song, Miss Laing; songs, selected, Mr. Sydney Humphreys; piano duet, Miss Gladys Kirkland and Mr. John Alexander; song, Miss Neat; song, selected, Mr. Adamson, B. C's. favorite coon singer; glee "Ye Catte," Parish Glee Singers; song, "Come into the Garden, Maud" Mr. F. Underwood and son; "My Ain Folk," Mr. Percy Ward. Mrs. Douglas was accompanist.

The piano used was the property of the North Vancouver Music Store which was kindly loaned to the church for the entertainment.

The proceeds of the concert were in aid of the church funds and this was added to materially by Mrs. Adams who turned over the entire receipts of the day from her tea gardens to swell the amount. Mrs. Adams also kindly provided the Chinese lanterns for the occasion and the only disagreeable feature of the affair was that some young persons who should have had more respect for themselves carried off some of the lanterns.

PLEASED WITH NORTH VANCOUVER

Mr. and Mrs. Clement E. Robertson of Cincinatti, Ohio, are spending a week the guests of their brother at the Hotel Vancouver. Mr. C. Robertson has been appointed agent for the Great West Life Assurance Co. for the interior of British Columbia with headquarters at Kamloops. Speaking of North Vancouver, Mr. Robertson was highly elated over the present prospects of the city and the marked advancement that has been made in the last two or three years.

NEW WESTMINSTER

From all present appearances the salmon run this year will be small. Practically no fish are in the river at present and the few fishermen who have been out are laying off till the prospects look a little brighter.

BOARD OF TRADE

A special meeting of the executive of the Board of Trade was held in the city hall Tuesday afternoon for the purpose of receiving the report of the delegation which interviewed Mr. D. D. Mann last week and to formulate an invitation to Mr. Mann to visit North Vancouver on his return to the coast.

President W. J. Irwin was in the chair.

Mr. Philip reported for the delegation which was composed of the president, Mr. A. Philip and Mr. G. H. Morden.

Mr. Mann was met in the hotel Vancouver and courteously granted an interview. Mr. Philip said that Mr. Mann was greatly surprised that the bridge scheme was so far ahead and was rather inclined to think that the bridge would not be forthcoming as soon as the North Shore people expected it. Mr. Mann evidenced a great deal of interest in the project and what the delegates had to say and when told that the finances for the construction of the Second Narrows bridge were an assured fact he was agreeably pleased.

Asked by the delegates if he would accept an invitation to visit North Vancouver he said that he would be back to the coast in about a month and on his return would be delighted to accept.

The report was received with a great deal of satisfaction by the Board of Trade members present and the following letter-gram was moved by Mr. Philip to be despatched at once to Mr. Mann in the east: "The Board of Trade of North Vancouver heartily invites you on your return to this coast to visit North Vancouver and accept hospitality at its hands. Kindly let us know when you are likely to be here."

Mr. G. H. Morden considered that there was great possibilities in cultivating an acquaintanceship with men of the stamp of Mr. Mann who has shown more than kindly interest in North Vancouver's affairs, and he heartily concurred in the proposition.

Mr. Philip said that the district council were in accord with the suggestion and would undertake to furnish vehicles to take the distinguished guest all over the district.

Relative to telephone matters Mr. Farmer reported that he had interviewed the local management who had informed him that the head of the office in Vancouver was desirous of meeting with a committee in regard to N. V. telephone matters. Mr. Farmer said that he was informed that private arrangements were now under way in connection with the local service which when completed would greatly facilitate the present service.

A committee was accordingly appointed composed of the president, A. Philip and J. R. J. Murray.

The interview was to take place the following morning.

ST. ANDREW'S AND CALEDONIAN SOCIETY

This society had their regular monthly meeting on Tuesday evening, and after business was finished a social program was entered on. There was a large gathering of ladies and gentlemen. In his opening address the president, Mr. Philip, called attention to the fact that a large proportion of those present were new comers from the home land who had arrived some time last Friday, some on Monday and a number that morning and he extended a very hearty welcome to them. The object, he said, of their society was to make the new land as homelike as possible, and to establish a bond of union among fellow countrymen here. An at early part on the program Mr. George Shepherd read an excellent and thoughtful essay on the days and exploits of Sir William Wallace, and in appreciation of it at its close the audience rose and sang with great zest Scotland's National Anthem "Scots Wha Hae."

During the evening songs were rendered by Mr. Gallagher and Miss Simpson and Miss Graham, Baillie, Baldwin, Melville, and a short dance program followed. Altogether a most enjoyable evening was spent and the party broke up shortly after midnight.

Mrs. Findley and her daughters, Misses A. and M. Findley, of Dundee, Scotland, arrived in the city this week direct from the Old Sod and are at present staying with Mrs. Simpson on 19th street.

JET JEWELLERY

still attracts the attention of fashion, and this season will be much in evidence as an adornment among young and old.

Our stock of this jewellery which has won such universal favor, consists of a well chosen assortment of the best "WHITBY" which we are placing on the market at most reasonable prices.

ITALIAN CAMEOS

The genius of art which once made Italy famous throughout the world, still lingers in the cameos which are imported yearly from that sunny clime.

Many masterpieces of this work may be seen in our new stock of brooches and rings, in shell, coral and cornelean.

Upon these the artist has employed infinite care, every line and feature being shown as clearly as though it had been moulded by the hand of nature.

We have a large stock of these cameos in assorted sizes unset, which we can mount in any design of setting on short notice. They make most handsome birthday gifts for mothers, sisters, wives or sweethearts.

ST. AGNES CHURCH OPENING

The new Anglican church (St. Agnes) on 12th street near the Boulevard will be opened for service at 11 a.m. and 3 p.m.

The plans for the building were drawn by Mr. Reyburn Jameson, architect, under whose supervision the building has been erected. The contract was awarded soon after Easter to Mr. Wm. McNie, who has carried on the work most satisfactorily and it will be completed during the present week.

The opening services will be as follows:

SUNDAY, JUNE 19th—

11.00 a.m.—Formal opening service by Ven. Archdeacon Pentreath.

3.00 p.m.—Evening prayer and sermon by Rev. C. C. Owen, rector of Christ church, Vancouver.

MONDAY, JUNE 20th—

7.30 p.m.—Laymen's Missionary Banquet; addresses by leading business men of Vancouver city, as follows: Mr. J. Dodds, of the Bank of B.N.A. will speak on St. Agnes parish, its present and future.

Mr. T. W. Clark of Christ Church speaks on the Laymen's Missionary Movement.

Mr. T. L. Peake of St. James' church speaks on "The World Outlook," and "Individual Responsibility."

Mr. A. McC. Creery, treasurer of the diocese, speaks on the work of our own diocese.

IDYLE WYLD

The adjourned hearing of the "Idyle Wyld" case came up before the executive committee in Victoria on Tuesday. On being informed that no agreement had been reached between the proprietors of the subdivision and the district council the committee resolved to refer the matter to J. F. Garden, C.E. for adjustment. Mr. Garden will take a survey of the property and report his decision to the executive committee. Reeve McNaught, who represented the district, returned yesterday.

NEW FERRY

The new ferry steamer now under construction at the Wallace shipyards, is showing excellent progress in the steel hull work which is being handled by the McDougall-Jenkins engineers. The last frame is now in place and the shell plate was commenced yesterday. There are about 32 men working on the job and the work is carried on under the superintendance of Mr. McDougal. Viewed from a point of vantage the skeleton frame of steel ribs, keel, etc., presents a most stable structure and gives promise that the Ferry Company's new boat will be a credit to the service both in appearance and stability.

Parisian Sage Cures Dandruff

If it Don't The Lonsdale Pharmacy Will Give You Your Money Back.

Yes, Parisian Sage, the most invigorating hair restorer, cures dandruff and grows hair. The women of Canada, who have luxuriant hair, know it does, and that is why thousands of attractive women throughout the land are regularly using it.

For years this almost marvellous grower of lustrous and beautiful hair was confined to the elite of Europe and New York City, but about two years ago it was given to a select list of druggists, and today can be obtained in any city or town in America where society women of refinement dwell.

Parisian Sage is the most delightful hair tonic in the world. It makes the hair soft, lustrous and luxuriant in a few days. It is perfumed most daintily and is not sticky or greasy. It stops falling hair, cures dandruff and itching scalp in two weeks or money back.

The Lonsdale Pharmacy sells it for 50 cents a large bottle, and guarantees it, or direct, all charged prepaid, by Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

We have a good list in 265. A House and Lot on 17th for $2000. Good Buys in 273 and 274. A Good Lot on 4th Street for $3100.

NORTH VANCOUVER, JUNE 17, 1910

SOLVING THE GRADES PROBLEM

There are signs that a reaction has set in as against the unfortunate controversial spirit which has characterized the progress of the discussion of the question of grades on city streets and that the process of recrimination and reprisal which has developed is to give place to a spirit of concilation. This of itself is a notable step toward an amicable solution of this vexatious problem and gives ground for the hope that the community will shortly be delivered from a condition of affairs in every way regrettable and detrimental to the welfare of the city.

By a unanimous vote the city council on Monday evening instructed the mayor to call a public meeting of the ratepayers for the express purpose of appointing a ratepayers' committee to confer with the city council with a view to arriving at a practicable basis of settlement of the dispute with reference to street grades. This action involves a very important concession upon the part of all parties which in the ordinary course of events should exert a most salutary influence upon the situation. Having been called authoritatively by unanimous vote of the city council this meeting of the ratepayers will necessarily be recognized by the aldermen as representing the entire body of electors, and not any particular section of them as would probably be the case were the meeting called by the mayor in response to the request of a number of individuals. The status of this committee in approaching the board of aldermen by invitation and as the official representatives of the whole body of ratepayers must of necessity be such that the aldermen will be prepared to accord the most cordial and careful consideration to whatever propositions may be submitted by that committee in the course of deliberations, while on the other hand the committee will be prepared to receive with open mind any information which has not as yet been submitted or which has not received due consideration.

By means of this expedient the whole question will be removed from the heat of controversy and will be dealt with in a calm and deliberate manner with the sole purpose of finding some common ground upon which all parties can meet and upon which can be based a permanent adjustment of outstanding differences.

The personnel of the committee appointed by the ratepayers' meeting is a factor which will affect to some extent, the probabilities of success but by the exercise of due discretion with respect to this item, there does not appear any reason why matters should not move smoothly and expeditiously to a satisfactory conclusion.

PUBLIC HEALTH AS A NATURAL ASSET

The fundamental importance of the subject of public health to our natural civilization and industrial efficiency was concisely expressed by the chairman of the commission of Conservation in his inaugural address before the First Annual Meeting of the Commission. In this connection Mr. Sifton said in part: "The physical strength of the people is the resource from which all others derive value. Extreme and unscrupulous regard for the lives and health of the population may be taken as the best criterion of the degree of real civilization and refinement to which a country has attained. It cannot be said that it has received too much attention, though the provinces, the Dominion, and the municipalities have health administrations all doing effective and useful work. There are, however, many branches of the subject, general in their character which merit attention. The Dominion spends hundreds of thousands of dollars in eradicating the diseases of animals, and the work, it is pleasing to know, is being done with thoroughness. But no similar effort is made to meet the ravages of diseases among human being, such, e.g., as tuberculosis."

That there is a great work to be done in checking the inroads of tuberculosis is evidenced by the mortality statistics of the last census. In the census year there were 4,709 deaths from the disease in Canada. Or, in other words, twelve deaths out of every hundred in that year were due to tuberculosis. And yet tuberculosis is classed by modern medical science as a preventable disease. The results which have accrued from scientific treatment of this disease, in private and philanthropic institutions have proven successful to a marked degree particularly in the earlier stages of the disease. The efforts of the local government through the public health department to combat the advance of this malady are of a most commendable nature and a similar departure upon the part of the Dominion government in a broader field would be in the interests of humanity and enlightened government.

Provincial News

NELSON

A movement is on foot in the Nelson district tending toward the establishment of a fruit nursery. Public meetings have been held and the scheme seems feasible and appears probable to be pushed to a successful issue. At present 75 per cent. of the fruit trees set out are said to be imported, the nurseries of British Columbia being quite unable to meet the demand.

SHEEP CREEK

A deal has just been concluded in the Sheep Creek Gold Mining Camp which furnishes fresh evidence that this section of the province is beginning to attract the attention of large operators. The deal which has just recently transpired places Robt. H. Leach, managing director of the Britannia Mines and the Crofton smelter at the coast and his associates in the two latter concerns into possession of the Clyde-Belt group the vendors in the case being Dr. W. H. Willson and J. G. Devlin. The price paid is said to be approximately $100,000.

GRAND FORKS

A large crowd, composed of members of the Methodist church and their friends, assembled at the church on Tuesday evening for the purpose of bidding farewell to Rev. W. C. Schlichter and wife, who left this week for North Vancouver. A program consisting of music and speeches occupied the larger portion of the evening, after which the ladies of the church served light refreshments. Mr. and Mrs. Schlicter have been residents of this city for the past few years and during their stay here have made many friends who are sorry to see them leave the city.

NELSON

At a well attended meeting held in the Board of Trade rooms recently the question of establishing a local nursery was discussed and the following resolution was passed:

"That in the opinion of this meeting a local nursery company should be organized and that this meeting be adjourned until Tuesday, June 7, 1910, a which time the organization of such a company shall be proceeded with."

CHILLIWACK

Present prospects indicate that there will be a heavy crop of all kinds of field produce and fruits in the Chilliwack Valley this year. The fruit crop is expected to be the heaviest one that the growers of the Valley have have been called to handle yet, and preparations are being made by the cannery operators and the different transportation companies to handle the crop that is promised. Two things have helped towards the promise of the heavy crop, one is the increasingly large acreage annually coming into bearing, and the other is the improved methods the best growers are adopting in the handling of their orchards.

The Chilliwack council will shortly submit a bylaw to the ratepayers for the purpose of purchasing property and constructing a new city hall with a lockup in connection.

MERCHANTS' FLOAT

Representatives from the merchants and manufacturers of this city met in the store of Wood & Son last Tuesday relative to making arrangements for a combined merchants and manufacturer's float to be a part of the industrial parade on the 1st of July. A great deal of interest was manifested and it was found that over forty of this class of business concerns in the city were willing to take an active part in the scheme. After fully discussing the pros and cons of the proposition it was decided to appoint a committee to go into the matter as to cost and the formation of the float. The committee appointed were as follows: J. F. O. C. Wood, chairman, Messrs. Crook, J. B. Paine, A. R. Steacy, G. Carpenter, J. Morris and H. W. Fuller, secretary. This committee will report back to a general meeting to be held in Mr. Wood's store on Friday evening at 8 o'clock.

NEW WESTMINSTER

The city council of New Westminster recently decided to erect a new grand stand at Queen's Park by issuing debentures for $10,000 to cover the initial cost and taking 25 per cent. of all receipts from the grand stand and bleachers until the cost is paid for.

The old Lulu Island bridge is reported to be in a dangerous condition and the fear is entertained that at the next high water it may give way and not only seriously damage the water pipes leading on to the Island, but may sweep down and impair the new structure.

SEVEN YEARS AS PREMIER.

On June 1, 1910, Premier McBride was the recipient of warm congratulations on the seventh anniversary of his able and progressive ministry. In the seven years of his premiership he has brought British Columbia to the forefront of the provinces of confederation and there is in view long years ofu sefulness to his province in the first political position which he has already held longer than any of his predecessors.

On June 1, 1903, Hon. Richard McBride was called upon by the Lieutenant-Governor of British Columbia, Sir Henry G. Joly de Lotbiniere, to form a government and his first ministry was then named with himself as Premier as follows: Hon. A. E. McPhillips, attorney-general; Hon. R. G. Tatlow, minister of agriculture and finance; Hon. Charles Wilson, president of the council; Hon. Robt. F. Green, minister of mines; Hon. A. S. Goodeve, provincial secretary.

During the 38 years British Columbia has formed part of confederation with other provinces of Canada, fifteen premiers have directed administrative activities. These are given as follows:

Hon. J. F. McCreight, Premier and Attorney-General from December 1871, to December, 1872.

Hon. Amor De Cosmos, Premier and President of the Council from December, 1872, to February, 1874.

Hon. G. A. Walkem, Premier and Attorney-General from February, 1874, to January, 1876.

Hon. A. C. Eliot, Premier and Attorney-General from January, 1876, to June, 1878.

Hon. G. A. Walkem, Premier and Attorney-General from June, 1878, to June, 1882.

Hon. Robert Beaven, Premier and Chief Commissioner from June, 1882, to January, 1883.

Hon. William Smythe, Premier and Chief Commissioner from January, 1882, to March, 1887.

Hon. A. E. B. Davie, Premier and Attorney-General from April, 1887, to August, 1889.

Hon. John Robson, Premier and Provincial Secretary from August, 1889, to June, 1892.

Hon. Theodore Davie, Premier and Attorney-General from June, 1892, to March, 1895.

Hon. J. H. Turner, Premier and Finance Minister from March, 1895, to August, 1898.

Hon. Charles A. Semlin, Premier and Chief Commissioner from August, 1898, to February 1900.

Hon. Joseph Martin, Premier and Attorney-General from February, 1900, to June, 1900.

Hon. James Dunsmuir, Premier and President of the Council from June, 1900, to November, 1902.

Hon. G. E. Prior, Premier and Minister of Mines from November, 1902, to June, 1903.

Hon. Richard McBride, from June 1, 1903.

GRADES

An Engineer's Talk

Yes, I'm the head of my profession,
And a specialist on grades,
And my life's a long procession
Of municipal crusades;
But as outcome of my struggles
Why, I'm like a blooming pope,
And my name is one that juggles
All along the western slope.
I'm a man with one idea,
That will either cure or kill;
It's entitled "Panacea
For a city on a hill."
Will you swear to keep it private?
Well, extend your ear this way,
Sir, the scheme, as I contrive it
Is to wash the hill away.

Oh, they'll drivel about beauty
And economy and that;
But the engineer's chief duty
Is to make that mountain flat
Yes, an engineer's first duty
Is to make his city flat.
Think I'm batty. That's a pity
As your belfry has the bats,
I have changed, sir, half this city
And its citizens to flats.
Why, of course they wouldn't stand it,
If they saw the game an inch,
But the way I've always planned it,
Gives a most unholy cinch.
Mind you, hold yourself together,
For if once they scent the snare,
Though it won't be tar and feather
You'll require a change of air.

When a modern mountain-sweeper
Flattens out a hill and scar
He proceeds to make them steeper
Than they naturally are.
Bench with scarce a slope or bevel
Streets that parallel the shore,
Till throughout they's almost level,
Like an ordinary floor.
This makes gradients aggravated
On the streets that climb the slope;
And the end desiderated
Shows up in the telescope.
While the advocates of levels
Sell, and seek for other hills,
And the Henry Georgian revels
Over the assessment bills.
First, the grades are felt as troubles,
Then ascents become a toil,
Then the perspiration bubbles,
And the place begins to boil
Teams whose quiv'ring tendons languish,
Props behind the carts and cars,
Drivers lashing helpless anguish
Mix the tragic with the farce.
Business tends to other centres
Traffic looks for easier routes
Disappointed residenters
Shake the dust from off their boots.
Scandal follows, times get worse, and
Taxes reach the top degree
Men who climb the grades will curse and
Wish the hill was in the sea.

Then you've got them in the gravy,
And you'll wash the hilltops down,
Or you take your solemn davy
That you'll flatten out the town.

Finally my maxim's beauty
Dawns upon the diplomat,
That the engineer's prime duty
Is to make his city flat.

BANK OF HAMILTON

Do You Realize What a Savings Account May Mean to You?

A valuable asset for every one is a Savings Account Pass Book, in which deposits have been entered frequently, and withdrawals seldom.

Not only does the ability to save indicate "character"—which the business world of to-day demands—but it establishes "an anchor to windward" against temporary adversity.

Why not commence to-day to build *your* asset?

One Dollar will start an account in the BANK OF HAMILTON, and interest will be credited every six months.

GRADES

Editor Express:

Sir,—At last we have arrived. While other cities have been considering for so long what would be the best form of civic government, our four insurgent aldermen have solved the situation. While others have been talking they have acted and with the courage of gladiators have seized the reins of government, and have declared themselves a dictatorship committee, a la mode de South American Republic, with the most noble scion of aristocracy as special press agent. No longer do the people rule, their rule is to pay taxes and keep quiet.

I have a suggestion to make to the Dominion Day celebration committee, viz., that they immediately prepare to have a civic float depicting the situation. In the forefront of the float Ald. Irwin might stand with his hand on his heart, and the other raised high to heaven, exclaiming "To arms, to Arms, ye brave. To victory or the grave. Ald. Schultz might be depicted as endeavoring to demonstrate to his brethren jelly fish, that it is impossible not to wriggle. Ald. Fowler would be giving an illustration of how to set up type on a straight grade, while Ald. Smith would demonstrate how to stop a horse without shouting "Wo." I am sure this would be a great drawing card if properly advertised Over the top of the float the banner should wave "We stoop to conquer."

In order to get the matter settled if possible, I have a suggestion to make as follows, that the people allow the council to put in straight grades on one condition, viz., that the council immediately proceed to breed a new strain of horses with legs longer on one side than the other, so that at intersections they would not slip because of the 8 per cent. grade.

In conclusion the great quartette, because of their ambiguity of language remind me of the wag who once published in a paper that a certain magistrate had given a man one month's hard labor for keeping a cow. Immediately there was a storm, and letters of indignation poured into the press when on inquiry it was learned that the cow the man was keeping belonged to someone else. Let the council say what they mean in no uncertain language, because as Barnum said, no one can fool all the people all of the time. Yours very truly,

PERCY KING.

Editor Express:

Will you be good enough to allow the following to appear in your paper:

If the person who took the 25 pounds of red and 2 tins of white paint from the new house being built for Mr. M. McMillan on 15th street on Wednesday evening would be brave enough to call when the painters are on the job any other colour he would like to complete his job will be given to him and oblige, Yours truly,

G. W. HARDING.

ROSSLAND

The party of McGill students who have been visiting Rossland recently in connection with acquiring knowledge in pursuit of their studies in mining, have been royally entertained by the citizens of Rossland. After the social functions were past and a pleasure tour taken of the surrounding points of interest they broke up and were distributed among the various mines of the district where they will remain at work until Sept. 1st when they will return to the university to finish their studies in preparation for graduation next spring.

The Rossland Progressive Association are in receipt of a letter from the department of Agriculture in reply to their request for the establishment of a demonstration orchard in Rossland. The letter intimated that Mr. Middleton was favorably impressed with the district and with its suitability in regard to fruit growing.

TO IMPORT MILCH GOATS

While not much has been heard lately of the suggested importation of purebred milch goats from England, effective work has been going on behind the scenes, and the stage has at last been reached where the ante is required. Henry Hincks the well known Howser rancher is in Nelson now preparing circulars to be sent to all those interested in the project. It is understood from representation that has been made to Mr. Hincks that at least 30 or 40 of these pedigreed goats will be placed on B. C. farms.

Women's Woes

North Vancouver Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people in Moose Jaw.

Mrs. C. W. Hammill, of 100 Manitoba Street, Moose Jaw, Sask., says: "We are very much pleased to recommend Booth's Kidney Pills for what they have done for us. I had suffered for months with my back. It was so lame and sore that at times I could scarcely stand up. My husband had been greatly troubled in the same way. He also complained of a very weak stomach and felt all run down. On learning of Booth's Kidney Pills we procured a supply and after a short treatment with this medicine we have found more relief than we did in any other remedy. We are both feeling better in many ways.

It's Quality That Counts

THE FIVE THOUSAND FINE SUITS NOW ON SALE ARE QUALITY SUITS

Manufacturer's Realization Co.

Quality is the true test of cheapness. Because an article is a low price it does not follow that it is worth its money. This firm makes quality its password, and every one of the five thousand fine suits for men is up to the standard. But when you can get quality combined with a low price, that's the time to buy. There are no better goods made than the Style-Craft suits we are now selling at the price of ordinary shop made clothing.

This Sale of Style-Craft Suits Continues All Week

$18 Fancy Worsted Suits for

$10.75

250 of them left. We have sold hundreds since Friday, when we first advertised them. They are made from an all wool worsted cloth, imported from Britain, are fast in color; made in good styles of two and three button sacks, with the long rolling lapel; in colors of blue, brown, fawn, green and grey. They are worth every penny of $18. Sale Price..... **$10.75**

Our Best Suits at

$18.00 and $20.00

are real marvels in value. People who know are buying them and buying them freely. They all come semi-finished and are finished to your own measure by our own expert tailors. Buy these suits; you cannot equal them anywhere at the price. New colorings, new patterns, new styles. Worth $25 to $35. Sale Price ..... **$20** and **$18.**

$20 and $18 Fancy Worsted Suits for $12.50

We say these are regular $18 and $20 suits, but if you look in the window of some of the Vancouver Stores you will find some of the exact patterns marked $25. These are all Style-Craft make, are second to none in the Dominion for cut, style, make and finish. They will retain their shape to the last. The cloth is imported and will retain its color; and for a good suit at a moderate price it cannot be beaten.

WELCOME TO NEW PASTOR

The congregation of the Methodist church extended a very hearty welcome to their new pastor and his wife, Rev. Wm. and Mrs. Schlicter, on Tuesday evening. The proceedings were held in the church, corner 6th street and St. George's Ave. The chair was occupied by Mr. M. B. Martinson, sr., who, in a short speech, extended a warm welcome to the pastor and his wife on behalf of the official boards, the members of the church and the congregation. Mr. Schlicter made an appropriate reply, expressing his hope of a helpful and successful pastorate. Speeches were then made by Rev. R. Newton Powell, president of the B. C. Conference, Rev. J. Hugh Hooper, rector of St. John's, Rev. J. D. Gillam, pastor of St. Andrew's, Rev. A. M. Sanford, chairman Vancouver district, Rev. W. Fakeley of Lynn Valley and Capilano, Geo. H. Morden and Wm. Townsley. Refreshments were provided by the Ladies' Aid in the auditorium of the church. Rev. and Mrs. Schlicter will reside at the corner of St. Andrew's Ave. and Eighth street.

Mr. Thomas Hutchison of Keith Road returned the first of the week from a short trip up the Upper Squamish. His trip was in connection with an inspection of certain portions of the Upper Valley for agriculture lands. Mr. Hutchison was highly delighted with the trip from an epicurean's point of view and enjoyed every hour of the outing whether in the active pursuit of his duties or while travelling to and fro.

FIRST JULY CELEBRATION

Everything is rounding into excellent form for a majestic celebration on the North Shore on Dominion Day.

Naturally the extent of the celebration hinges on the funds available and the mark set this year was $3,000. Last evening at the regular meeting of the celebration committee a summary of the collections was made and the fact was revealed that to date $1,575 had been gathered in and with over two weeks to work there is little doubt that the $3,000 will be reached. Reports from the various committees were received. A feature for the fireworks display was suggested by the chairman of that committee, Mr. Jones. It was to illuminate the first train in North Vancouver, an engine and three coaches, from a scow anchored in front of the Hotel North Vancouver. The piece would cost about $80 and it was thought that such an addition to the fireworks display would be a first class attraction.

Mr. Walker, chairman of the industrial parade committee, said it was proposed to divide the prizes for the floats into local exhibits and outside exhibits.

Dr. Gibson, chairman of the sports committee reported that the program of events was almost ready for the printer, also that he had had an interview with the representative of the B.C.A.A., who advised that he foresaw no difficulty in obtaining the association's sanction to the meet in North Vancouver and further that some of the crack members would probably compete in the local events on that day.

A suggestion as to securing the Mission band for the day was made and it was referred to the chairman of the music committee to consider.

Mr. Perry, the chairman, in the absence of Mayor May, said that the idea of a two days' celebration seemed to meet with general approval and he thought the sports events and music could be very well arranged to meet this purpose. The matter was left in abeyance however.

A communication was received from the local manager of The Daily Province offering to publish a photograph of the chairman of the various committees free of charge as an advertisement for the celebration. It was resolved to meet at the local photographers in the Junction block over the Bank of B.N.A. on Saturday afternoon at two o'clock.

Another resolution was passed requesting the newspapers to publish an appeal to the local citizens for funds to aid in meeting the demands of North Vancouver's (expected to be) largest celebration.

An appropriation of $500 was granted to the fireworks committee and $300 to the aquatic sports committee.

CELEBRATION FUNDS

Following is a detailed list of all those who have subscribed to the 1910 Dominion Day celebration fund and their respective amounts.

The celebration this year is following somewhat broader lines than heretofore and to do this additional funds are required. While exceptional success has been met with so far the committee in charge are of the opinion that unless each and every citizen on the North Shore joins in with his or her little mite, be it ever so small, the standard set up at the beginning will not be reached and the loss will be to the city as a whole and all are alike interested in the proud deportment which it does and will show to the thousand of visitors from all over the province on the First. An earnest appeal is, therefore, made for individual efforts among the citizens of North Vancouver. The donations yesterday morning were as follows: N. V. City Ferries, $250; Pacific Bottling Works $100; Hudson Bay Co., $250; John Robertson & Sons, $50; Capt. Cates, $20; Benwell Peart & Co., $25; Yorkshire Guarantee Co., $25; D. Smith & Co., $10; B. C. Distillery, $10; City of North Vancouver, $400; Thacker & Thornton, $25; V. W. & Y. Ry. Co., $50; Fraser Hardware Co., $5; B. C. Electric Ry. Co., $50; Thompson Stationery, $10; C. E. Lawson, $20; N. V. Cartage Co., $10; Bressey, Peers and Boult, $5; Pierce Thomas, $5; A. Philip, $10; J. Loutet, $5; Reda and Andruss, $50; H. W. Fuller, $5; Terminal City Cigar Co., $5; Kurtz & Co., $10; Pither & Leiser, $25; A. H. Wallbridge, N. C. Reg. $10; John Alexander & Co., $5; Wallace Shipyards, $25; J. J. Woods, $10; N. V. Land & Imp. Co., $100; Thorpe & Co., $15; J. C. Keith, $25; J. Kendall, $5; Parsons and Reynolds, $10; W. Glenn, $10; A. Smith & Co., $10; Wm. Cummings, $5; Askew & Kennedy, $20; C. S. Dent, $5; J. P. Fell, $50; W. Tremain, $10; The Leonard Sale Co., $10 and Henry Eves & Co., cup, $50.

B. C. DINGHY ASSOCIATION

A meeting of the B. C. Racing Dinghy Association was held in Commodore Marshall's office in Vancouver on Wednesday at which a program for the year was drawn up.

All races sailed up to date have been declared nul owing to the fact that no boat had an official certificate from the measurer. Certificates of measurement will be issued immediately and the first race will take place at 2.45 tomorrow Saturday.

Only members of the Association or of affiliated clubs will be allowed to sail th? boats in future. The racing program drawn up is a long one, standing throughout the season continuously until the 23rd of September so that intending builders have yet a good opportunity of getting in and having a reasonable chance of securing some of the prizes.

NEW WESTMINSTER

The B. C. Electric Co. are calling for tenders for the erection of a new passenger and freight depot at New Westminster.

WELCOME TO NEW PASTOR

The congregation of the Methodist church extended a very hearty welcome to their new pastor and his wife, Rev. Wm. and Mrs. Schlicter, on Tuesday evening. The proceedings were held in the church, corner 6th street and St. George's Ave. The chair was occupied by Mr. M. B. Martinson, sr., who, in a short speech, extended a warm welcome to the pastor and his wife on behalf of the official boards, the members of the church and the congregation. Mr. Schlicter made an appropriate reply, expressing his hope of a helpful and successful pastorate. Speeches were then made by Rev. R. Newton Powell, president of the B. C. Conference, Rev. J. Hugh Hooper, rector of St. John's, Rev. J. D. Gillam, pastor of St. Andrew's, Rev. A. M. Sanford, chairman Vancouver district, Rev. W. Fakeley of Lynn Valley and Capilano, Geo. H. Morden and Wm. Townsley. Refreshments were provided by the Ladies' Aid in the auditorium of the church. Rev. and Mrs. Schlicter will reside at the corner of St. Andrew's Ave. and Eighth street.

Mr. Thomas Hutchison of Keith Road returned the first of the week from a short trip up the Upper Squamish. His trip was in connection with an inspection of certain portions of the Upper Valley for agriculture lands. Mr. Hutchison was highly delighted with the trip from an epicurean's point of view and enjoyed every hour of the outing whether in the active pursuit of his duties or while travelling to and fro.

FIRST JULY CELEBRATION

Everything is rounding into excellent form for a majestic celebration on the North Shore on Dominion Day.

Naturally the extent of the celebration hinges on the funds available and the mark set this year was $3,000. Last evening at the regular meeting of the celebration committee a summary of the collections was made and the fact was revealed that to date $1,575 had been gathered in and with over two weeks to work there is little doubt that the $3,000 will be reached. Reports from the various committees were received. A feature for the fireworks display was suggested by the chairman of that committee, Mr. Jones. It was to illuminate the first train in North Vancouver, an engine and three coaches, from a scow anchored in front of the Hotel North Vancouver. The piece would cost about $80 and it was thought that such an addition to the fireworks display would be a first class attraction.

Mr. Walker, chairman of the industrial parade committee, said it was proposed to divide the prizes for the floats into local exhibits and outside exhibits.

Dr. Gibson, chairman of the sports committee reported that the program of events was almost ready for the printer, also that he had had an interview with the representative of the B.C.A.A., who advised that he foresaw no difficulty in obtaining the association's sanction to the meet in North Vancouver and further that some of the crack members would probably compete in the local events on that day.

A suggestion as to securing the Mission band for the day was made and it was referred to the chairman of the music committee to consider.

Mr. Perry, the chairman, in the absence of Mayor May, said that the idea of a two days' celebration seemed to meet with general approval and he thought the sports events and music could be very well arranged to meet this purpose. The matter was left in abeyance however.

A communication was received from the local manager of the Daily Province offering to publish a photograph of the chairman of the various committees free of charge as an advertisement for the celebration. It was resolved to meet at the local photographers in the Junction block over the Bank of B.N.A. on Saturday afternoon at two o'clock.

Another resolution was passed requesting the newspapers to publish an appeal to the local citizens for funds to aid in meeting the demands of North Vancouver's (expected to be) largest celebration.

An appropriation of $500 was granted to the fireworks committee and $300 to the aquatic sports committee.

CELEBRATION FUNDS

Following is a detailed list of all those who have subscribed to the 1910 Dominion Day celebration fund and their respective amounts.

The celebration this year is following somewhat broader lines than heretofore and to do this additional funds are required. While exceptional success has been met with so far the committee in charge are of the opinion that unless each and every citizen on the North Shore joins in with his or her little mite, be it ever so small, the standard set up at the beginning will not be reached and the loss will be to the city as a whole and all are alike interested in the proud deportment which it does and will show to the thousand of visitors from all over the province on the First. An earnest appeal is, therefore, made for individual efforts among the citizens of North Vancouver. The donations yesterday morning were as follows: N. V. City Ferries, $250; Pacific Bottling Works $100; Hudson Bay Co., $250; John Robertson & Sons, $50; Capt. Cates, $20; Benwell Peart & Co., $25; Yorkshire Guarantee Co., $25; D. Smith & Co., $10; B. C. Distillery, $10; City of North Vancouver, $400; Thacker & Thornton, $25; V. W. & Y. Ry. Co., $50; Fraser Hardware Co., $5; B. C. Electric Ry. Co., $50; Thompson Stationery, $10; C. E. Lawson, $20; N. V. Cartage Co., $10; Bressey, Peers and Boult, $5; Pierce Thomas, $5; A. Philip, $10; J. Loutet, $5; Reda and Andruss, $50; H. W. Fuller, $5; Terminal City Cigar Co., $5; Kurtz & Co., $10; Pither & Leiser, $25; A. H. Wallbridge, N. C. Reg. $10; John Alexander & Co., $5; Wallace Shipyards, $25; J. J. Woods, $10; N. V. Land & Imp. Co., $100; Thorpe & Co., $15; J. C. Keith, $25; J. Kendall, $5; Parsons and Reynolds, $10; W. Glenn, $10; A. Smith & Co., $10; Wm. Cummings, $5; Askew & Kennedy, $20; C. S. Dent, $5; J. P. Fell, $50; W. Tremain, $10; The Leonard Sale Co., $10 and Henry Eves & Co., cup, $50.

B. C. DINGHY ASSOCIATION

A meeting of the B. C. Racing Dinghy Association was held in Commodore Marshall's office in Vancouver on Wednesday at which a program for the year was drawn up.

All races sailed up to date have been declared nul owing to the fact that no boat had an official certificate from the measurer. Certificates of measurement will be issued immediately and the first race will take place at 2.45 tomorrow Saturday.

Only members of the Association or of affiliated clubs will be allowed to sail th? boats in future. The racing program drawn up is a long one, standing throughout the season continuously until the 23rd of September so that intending builders have yet a good opportunity of getting in and having a reasonable chance of securing some of the prizes.

NEW WESTMINSTER

The B. C. Electric Co. are calling for tenders for the erection of a new passenger and freight depot at New Westminster.

RATEPAYERS' MEETING

(Continued from page 1)

taining the exact facts of the trouble with a view to a settlement in a modified manner so as not to work an injury on either side. If at the conference the representatives of the people come to the same frame of mind Mr. Jackson thought it was the duty of the House of Lords to acquiesce in favor of the former. He assured in conclusion, that he would use his best efforts to arrive at a practical solution of the problem.

The following petition was then read and laid on the table for signature, after which the proceedings were brought to a close by a few remarks from Mayor May.

PETITION

PETITION of the Electors of the City of North Vancouver to the Hon. W. J. Bowser, Attorney-General, government offices, Victoria, B. C. :

WHEREAS an acute divergence of opinion exists in this city between the four Aldermen who at present constitute a majority in the City Council and the electors, on the question of Street Grades, and

WHEREAS the following motion was carried by a majority of the said four Aldermen at ameeting of the City Council on Monday evening last viz., Moved by Ald. Schultz and seconded by Alderman Smith "that Inspector of Tramways McRae be requested to come to North Vancouver to inspect the grades and inform the council what percentage of grade would be allowed," and

WHEREAS your petitioners are desirous of being present should the Inspector accede to the before mentioned motion of the council for the purpose of placing the views of your petitioners before the Inspector.

NOW YOUR PETITIONERS PRAY that you will cause public notice to be given to the electors of the City of North Vancouver intimating the day and hour the Inspector will attend and your petitioners further humbly pray that the electors may have the privilege of being present when the Inspector meets the City Council in order that the views of your petitioners and electors generally may be placed before the Inspector.

His Worship tendered the ratepayers present a hearty vote of thanks for the appointment of a committee looking to the settlement of the grade question. The mayor made the statement that there was no one had the power to establish the grades in the city except the city council. He read from the Municipal Clauses Act the sections bearing on the matter which went to show that the council had the power to regulate plans and materials etc. for streets and in another section the council was vested with the power to establish general grades for the roads and streets in the municipality.

Regarding the Tramways Inspection Act the mayor asserted that there was absolutely no change in the effect of the Act except that in the Railways Act the word "tramways" was added and now reports had to be made to the Attorney-General instead of to the Commissioner of Lands and Works as heretofore. His Worship said that the only channel through which the grades of a city could possibly be dealt with by the government was in the case of a dangerous car or car line being noted the inspector could report to the Attorney-General, who could take it up before the Lieutenant Governor in Council when and when only restraining orders could be sent out.

Tenders Wanted

Tenders are invited by the City Council for the Season's grass in Victoria and the Grand Boulevard Parks.

To be lodged with the undersigned before 5 p.m. on Monday, 20th June, next.

BY-LAW NO. 105

A BY-LAW to provide for changing the names of certain streets, and to establish and name certain other streets in the City of North Vancouver.

WHEREAS all streets in the City of North Vancouver are numbered consecutively from the Esplanade to the north boundary of the city, and that as far as 21st street they are spaced at ordinary distances apart, provision having been made in 1893 when the plan of sub-division of what is now the city was settled on for a townsite extending back to that point.

AND WHEREAS it has since been proven that Town lots are required further north than 21st street and as a consequence alternate streets have become necessary and are being provided for in plans of recent sub-divisions of property in that portion of the city north of 21st street.

AND WHEREAS it is now deemed advisable to alter the numbering of the streets north of 21st street and to establish and name certain other streets from that point northward.

BE IT THEREFORE ENACTED BY THE MAYOR AND ALDERMEN of the city of North Vancouver in open meeting assembled as follows:

1. From and after the passing of this By-law the street heretofore known as 22nd street shall hereafter be known as 23rd street.

2. From and after the passing of this By-Law the street heretofore known as 23rd street shall hereafter be known as 25th street.

3. From and after the passing of this By-Law the street heretofore known as 24th street shall hereafter be known as 27th street.

4. From and after the passing of this By-Law the street heretofore known as 25th street shall hereafter be known as 29th street.

5. There is hereby established between the streets heretofore known as 21st and 22nd streets, a street 66 feet in width to be known as 22nd street.

6. There is hereby established between the streets heretofore known as 22nd and 23rd streets a street 66 feet in width to be known as 24th street.

7. There is hereby established between the streets heretofore known as 23rd and 24th streets a street 66 feet in width to be known as 26th street.

8. There is hereby established between the streets heretofore known as 24th and 25th streets a street 66 feet in width to be known as 28th street.

This By-Law may be cited for all purposes as the "Street Naming and Establishment By-Law, 1910."

Passed by the Council on the 27th day of May, 1910.

Reconsidered by the Council and finally adopted, signed by the Mayor and City Clerk, and sealed with the Corporate Seal on the Sixth day of June, A.D. 1910.

(Sgd.) Wm. H. MAY,
Mayor.

(Sgd.) THOS. SHEPHERD,
City Clerk.

A true copy, certified by me
THOMAS SHEPHERD,
City Clerk.
