VOLUME V. NORTH VANCOUVER, B. C., FRIDAY, SEPTEMBER 20, 1907. NUMBER 5

BOARD OF TRADE

The executive of the board of trade met on Tuesday night, Vice-President Phillippo presiding. Secretary Irwin was also in his place. Messrs. H. C. Wright, Dr. Jordan, M. S. McDowell, D. G. Dick, H. R. Heffell and George Bartley were also present.

The matter of having an agency of the Dominion Express Company located in this city was gone into. On motion the board recommended the name of Thos. A. Martin, agent North Vancouver Ferry and Power Company, to act in the capacity of representative of that company here.

The question of bridge was also discussed at some length, and referred again to the committee.

The matter of a car barge to give North Vancouver railway connection with the C. P. R. was brought up by George Bartley. It was decided to refer this matter to the commerce and industries committee.

Votes of thanks were tendered Mr. John Alexander and the entertainment committee for their services in connection with the recent board of trade concert.

Applications for membership were received from Messrs. John Loutet, C. E.; A. E. Andrews, James Fieldhouse and A. B. Gardiner, which were accepted.

Messrs. Irwin, Dick and Jordan were appointed a hall committee. It is the intention, if possible, to build a hall 40x60 feet, with a verandah.

Votes of thanks were passed to the tourist and settlers committee and the Vancouver tourist association for their services in connection with the building of the Grouse Mountain trail.

The annual meeting of the board of trade will be held on October 8th.

Adjourned.

Moving Pictures at Larson's Pavilion

Commencing Monday, September 23rd, North Vancouver is to have a moving picture show one night every week during the long winter months. The management assures us that the entertainment is to be up to date in every detail, with a complete change of programme every Monday night. The entertainment will consist of the latest moving pictures, illustrated songs and magnificent chromatic panoramic views, and the management has been fortunate in securing the services of Mr. Leo Gibson, the eminent baritone, to sing the illustrated songs. Therefore keep your date open for the evening of the 23rd, and you are assured of an entertainment that will satisfy the most critical.

A Catholic Sermon

We are pleased to read, in the *Journal Zoophily*, an eloquent sermon preached by the Rev. Father James L. Hayes at Dallas, Texas, on the text, "The righteous man takes care of his beast, but the heart of the godless man is cruel." (Proverbs xii, 10). Various texts are quoted of Christ's love for animals. Quotations are given from St. Francis at Assiis and Pope Pius V; also from Cardinals Manning and Zigliara. The Rev. Father quotes at the end of his sermon:

"He prayeth best who loveth best
All things both great and small,
For the good Lord who loveth us,
He made and loveth all."

Conservative Meeting

The adjourned meeting of the newly formed Conservative Club was held Wednesday evening, there being a good attendance.

In the absence of the president, Dr. A. McKay Jordan, vice-president, took the chair. After explaining the nature of the meeting, the Hon. Carter-Cotton was called upon and made a few remarks. President Woodworth, of the Vancouver Conservative Association, also gave a few helpful pointers in organization. Messrs. Bryce, Duval, Kealy and others were called upon, and by their words of enthusiasm did much to make the meeting a success. The membership roll was laid on the table, and was signed by many of those present. The following comprise the executive committee, including the president and vice-president: Messrs. J. Duval, J. Copeland, R. Bryce and S. D. Schultz. Application will be make to the government to have these men made commissioners for taking affidavits. Much other matters relative to the future welfare of the club was discussed, after which the meeting adjourned.

Church Notice

ST. ANDREW'S PRESBYTERIAN CHURCH
SIXTH STREET.

Services will be conducted as usual on Sunday by the pastor.

Sunday school, 2:30 p. m.

Service at Moodyville school at 7:30 p. m.

Dates of Fall Fairs

A list of the fairs to be held this fall in British Columbia has been compiled in the office of the deputy minister of agriculture. In many cases the dates have not been definitely settled. The fairs will be held at the following places on the dates mentioned:

Armstrong	September 24 and 25
Salmon Arm	Sept. 30 and Oct. 1
Kaslo	September 24 and 25
Surrey	September 24
Victoria	September 24 to 28
Langley	September 25
Maple Ridge	September 26
Coquitlam	September 26
New Westminster	October 1 to 5
Richmond	October 8 and 9
Saanich	October 18 and 19

What has become of the old-fashioned man whose breath smelt of garlic?

It is surprising that a mean woman and a very good woman can belong to the same sex.

CITY AND COUNTRY

The local dog license is now due. Persons owning dogs are requested to pay the half yearly fee. The annual fee is: Dogs, $2; bitches, $3.

Mr. Jas. Elder, Fourth street, is confined to the house with a slight attack of pleurisy.

Chas. Mee, of Moodyville, has returned from Norfolk, Va., where he attended the big convention of the Fraternal Order of Eagles. He was honored there with a position on the credential committee. There were 1,587 duly credentialed delegates, besides some thousands of visitors. The parade was one of the largest ever held in the United States. The weather was sweltering. There were twelve delegates from Canada. The convention meets next year at Seattle. Mr. Mee said he was glad to get home, that after all there is no place like British Columbia.

When a man makes a serious mistake it weakens his nerve and lessens his confidence in himself.

Go to an old-fashioned person for comfort and you will learn that you are seeing your best days.

A very distinguished party from Calgary spent a few pleasant hours in the Ambitious City on Tuesday, and stopped at Hotel North Vancouver. Following were those registered: Hon. Jas. Smart, 216 pounds, good health; H. E. Gillis, 180 pounds, good health; G. H. Mitchell. 180 pounds, full weight; S. E. English, 302 pounds, baseball fan; A. Creighton, the man with the iron jaw; Alex. McTavish, the chief sampler; W. B. Barwiss, of Nova Creine, and Roland Harrison.

Mr. and Mrs. Colemnn and daughter, Toronto, were guests of Mrs. Winters, Lonsdale avenue, on Wednesday. Mr. Coleman has not been in British Columbia for nineteen years, and naturally was agreeably surprised at the growth of the place.

Avon Eaton, London, Eng., who is on a trip around the world, was a visitor in North Vancouver on Wednesday.

Mr. J. J. Miller and family, who have been on an extended trip to Eastern Canada and United States, arrived back to North Vancouver Sunday evening. They had a most enjoyable trip, notwithstand- the fact that Mrs. Miller suffered considerably from pneumonia and neuralgia. North Vancouver, Mr. Miller says, is good enough for him.

It seems perfectly natural for some people to abuse a newspaper.

Best dairy butter at McMillan's, 25 cents a pound.

Mr. John M. MacLeod, jr., wife and child, Chicago, are guests of His Worship Mayor and Mrs. Kealy. Mr. MacLeod is an old Vancouver boy and the son of Rev. J. M. MacLeod, the pioneer clergyman. He is now chief clerk of the mileage of the Western Passenger Association.

Several new residences are in the course of erection in Lynn Valley, and settlers are arriving daily.

Owing to the recent heavy rains a large number of bolts lying in Rice lake, over 6,000 cords, are now finding their way to the inlet through the flume at the rate of over 200 cords per day, under the capable foremanship of Mr. Davidson.

School Inspector Stewart visited Lynn Valley Tuesday on official business, where he looked over the sight of the proposed new school house. As regards the sight, and also the attendance he was much impressed. Accompained by Councillor McNaught he visited the Capilano district, where application had been made for a new school Owing to there not being the requisite number of white children the government could not erect a school building, but a proposition was made to the government through the inspector by the school trustees, whereby it is proposed that tha municipality erect a school building according to government plans, the latter to refund the cost of the building when the required number of scholars are on the school roll. But in any event the inspector will recommend the usual grant being given for a Capilano school.

Most people will make any sacrifice to gratify their fool streak.

It has been suggested that a local mutual improvement and debating club be formed. This is the proper time to arrange the same. All the young men should take a deep interest in the proposition.

BORN—On Sunday, to Mr. and Mrs. P. Linham, a son.

Dr. McLeod, of Spokane, and Mr. J. McLeod, of Chicago, are visiting at the residence of their sister, Mrs. A. E. Kealy.

We are pleased to announce the formation of the new firm of Shaw & Cummins, real estate brokers. The Vancouver office is at 316 Richards, near Cordova St., and the local headquarters is at corner of Second st. and Lonsdale ave. H. A. Shaw, of this city, is well known hereabouts to need any introduction to the people of North Vancouver. C. J. Cummins, is a Vancouverite of several years standing, having been in the painting and paper hanging business at the Terminal City. THE EXPRESS wishes the new venture every success.

LOST—Thursday evening, between Mahon avenue and Larson's pavilion, First street, a diamond pin. Finder will please return to this office.

It is unfortunate when a busy man has a loafer for a friend.

Subscribe for THE EXPRESS.

F. B. Day, Lynden, Wn., was registered at Hotel North Vancouver this week,

Mrs. W. N. O'Neil, guest at Hotel North Vancouver, is convalescing after her recent illness.

If you really want people to dislike your enemy, praise him. It is pitiful but true that people do not like a person who is praised.

Barnie — Has Hugh a good memory? George B.—I should think he has. He always remembers when he lends you his lead pencil.

Boost our business houses.

Mr. Harris, lately of Manitoba, has erected a dwelling in D. L. 2022, a short distance from the skid road from Moodyville.

Jas. McIntyre, while engaged in releasing bolts in the Rice Lake flume, near the post office in Lynn Valley, over a deep ravine, slipped on the narrow plank and fell a distance of fifteen feet and received a bad shaking up, falling in such a bad place he was fortunate in escaping sarious injury,

D. G. Dick is remodelling his real estate office, on Lonsdale avenue.

N. V. B. C. BALL.

One of the most successful at-homes held here for some time was that given last evening by the North Vancouver Boating Club. Larson's pavilion was prettily festooned with bunting and flags and the colors of the club, while at each end of the hall were the emblems of victory and defeat—the oars.

At 8:30 the dreamy music burst forth in waltz time, when the merry-makers began the evening's enjoyment, one that is not soon to be forgotten by those in attendance. The well selected program of waltzes, two-steps, three steps, three-steps, lancers, etc., was forgotten at midnight, when the announcement was made that refreshment time had arrived. Mr. and Mrs. P. Larson excelled themselves in the bounteous spread which they had prepared, and the boating club is to be congratulated on their choice of host and hostess. Half past one saw the close, when late cars conveyed the North Vancouverites to their homes, and the ferry boat took away the large number of visitors from abord.

Among those present were the following: Mayor and Mrs Kealy. Mr. and Mrs. J. McLeod, Chicago, Dr. and Mrs. McLeod, of Spokane, Mr. and Mrs. A. S. Billings, Mr. and Mrs. Bunbury, Mr. and Mrs. Hickman, Mr. and Nrs Tytler, Mr. and Mrs. Diplock, Mr. and Mrs. Evans, Mr. and Mrs. J. J. Woods, Mr. and Mrs. W. Green, Mr. and Mrs. Larson, Mr. and Mrs. Stevenson, Mrs. W. Dick, Mrs. C. Grosse, Mrs. H. C. Wright, Mrs. Fugler, Mrs. Chance, Mrs. Parrott, Mrs. Dougall, Mrs. Gifford, Miss. Pilon, Miss. Davis, Miss. Russell, Miss. Fugler, Miss. Olga, Larson, Miss. Hewett, Miss. Smith, Miss. Anderson, Mr. W. J. Butler, Mr. G. Williams, Mr. Shaw, Mr. W. D. Duke, Mr. H. Larson, Mr. R. Wheeler, Mr. Burnett, Mr. Mr. J. B. Williams, Mr. M. S. McDowell, Mr. C. O. Julien, Vancouver, Mr. H. Woods, Dr. Campbell, Mr. R. H. Bryce, Mr. W. Mee, Mr. Martin, Mr. A. A. Crickmay, Mr. W. Loutet,

Ambition Lodge No. 73.

The meeting of the Good Templars was well attended on Monday night. In spite of the rain a large crowd came over from Vancouver.

An open meeting will be held on Monday next at 8 p. m. A good programme is being arranged by Vancouver Lodge No. 10.

All are cordially invited to attend. The following programme for the next two months has been prepared:

Sept. 30—Open meeting.

Oct. 7—C. T. Responsible.

Oct. 14 — Ladies nail-driving contest.

Oct. 21—Basket social.

Oct. 28—Election of officers.

Nov. 4—Reports and installation.

Nov. 11—P. C. T. supplies programme.

Oct. 18—Heart social.

Oct. 25—Sunset Lodge No. 69 to provide.

Motto: "Onward and Upward."

A wrestling match for the 155 pound championship of B. C. is being arranged between Rod Renshaw, the present holder of the belt, of North Vancouver, and Bob Rowley, of the National Sports Club, Vancouver. The match will probably be held some time next month.

The Horicultural Exhibition

To the Editor of THE EXPRESS.

SIR,—An explanation is due to the citizens regarding abandonment of the exhibition for this year. It was deemed indispensible to have a permanent building for the exhibition, and to provide this it was necessary to raise a loan. The institute as constituted had no borrowing powers, hence it had to be reincorporated as a Horticultural Association. The steps necessary to carry this out took some time, and a serious delay arose at Victoria, hence it was only last month that action was possible. A loan of $3,000 has been arranged and plans of a pavilion are now being adjusted, but the building itself cannot possibly be erected for some time. When it is completed there will be some suitable exhibition or other demonstration, and everything will be in the best form for an early exhibition next year. We shall be glad to have the enrollment as members of many of our new citizens to give strength to the association.

I am, yours truly,
ALEXANDER SMITH,
President.

North Vancouver, Sebt 20, 1007

Horses Have Humor

Horses may have no souls but they have humor, which for the practical purposes of the world is sometimes quite good, and let no one doubt they enjoy it. Some time ago a fire horse that had been sold to a second hand furniture man was coming down the street with a load when the signal gong rang in the engine house it just happened to pass. The old horse had been going at the pace of a nag that works by the day. But there was a change.

The driver picked himself up to see his steed disappearing around the corner at breakneck speed, with bureau drawers and chairs flying out behind and littering the street. Away it went, like a meteor, ahead of the fire brigade to the fire, picked out a hydrant and backed what was left of the wagon up against it. Only then did it stop. But if any doubter could have seen the grin on that horse's face as it eyed its driver who came panting up to claim it, he would have doubted no longer.

A portion of the Esplanade, immediately east of Lonsdale avenue, is being converted from a plank to a graded street. There is quite a depression in the street at this spot and the contour of the ground necessitates quite a fill in, which is being made with earth taken from J. W. Horne's excavations at the corner of Lonsdale avenue and Second street.

The first of the nine stores between the wharf and Second street which have been in course of erection, has been been finished, and is now occupied. This store is the one to the north in the Thompson block, at the corner of Lonsdale and Second, and the tenant is H. A. Shaw, who has recently occupied the south half of the block together with A. R. Stacy, grocer, at the northwest corner of the same streets.

"Assistant to an inventor! Oh how delightful!" the young man cried.

"Salary a hundred a month. Hours 10 to 4. Is it a go?" inquired the other.

"Well, rather!" said the young man. "And what," he added lightly, "will my duties be?"

"The simplest," was the answer. "I am an inventor of aeroplanes, and you will merely have to go up in my various new machines."

THE IMPROVEMENT BY-LAW.

The city council of North Vancouver has passed a by-law providing for local improvements on streets and special assessments, which the ratepayers undoubtedly will approve. It provides that the act of ordinary improvements shall be charged against the frontage property in the block or blocks improved, thereby chargeable on both sides of the street, and in proportion to the lineal feet frontage. Special improvements shall be paid one-fourth out of the general fund and three-fourths by the fronting property so improved on both sides of the street. Extraordinary improvements must be paid out of the general funds, and the remainder of the cost will be charged to the district benefitted and against the respective properties therein in proportion to the benefit so derived.

In ordinary improvements on streets over 80 feet wide the proportion of the cost over the excess over the 80 feet shall be paid out of the general fund, but not to exceed one-half, including the intersections. On street intersections the cost of all improvements shall be paid out of the general fund. Frontage property exempt from taxation shall be paid out of the general fund. Fronting property unfit for building purposes, the value of which would not be enhanced by the improvements, also shall be paid out of the general fund.

Foreshore improvements, such as continuation of street ends, etc., shall be paid out of the general fund. Clause 10 provides that in the case of ordinary or special improvements or sidewalks in blocks in which fronting property lays flankwise (the longest side of lots fronting) on the street being improved to the extent of one-half. In such blocks the fronting property not laying flankwise shall be assessed for its full share.

Improvements or sidewalks in front of triangular shaped corners shall be as if the area were a square, and the remainder shall be charged against the fronting property for a depth of half a block measured from the corner of said intersection. All ordinary repairs and maintenance of improved streets and sidewalks shall be paid out of the general fund.

Trunk roads may be constructed and a proportion thereof assessed against any property within a reasonable distance thereof, and the remainder must not exceed one-half the cost out of the general fund.

In the event of a wagon trail being required to enable material to be hauled for the construction of a building, which will cost not less than $500, will be paid out of the general fund.

Sidewalks may be constructed on one or both sides of the street, and two-thirds of the cost shall be chargeable against the fronting property and one-third against the opposite side. When the sidewalk is built on the other side two-thirds of the cost shall be assessed to the fronting property and one-third to the other side.

A petition signed by the owners of over one-half of the total lineal feet in the block to be benefitted and assessed equally in proportion is required before a sidewalk will be built, and the city engineer must report, without delay, amongst other things, the lifetime and cost of the work. Also by recommendation of the board of works or the board of health, works necessary for sanitary or drainage purposes, and approved by a two-thirds vote of the council, shall be brought before the court of revision and the property assessed accordingly. Before awarding any contract, however, which shall be given by the city clerk, and if within ten days no objection is made by the owners, the proposed contract shall be awarded.

Every by-law passed by the city council respecting the yearly rates shall name a rate distinct from all other rate, to be known as the "street local rates," and shall include the items of the estimates for the year as finally adopted by the city council providing for the several improvements, works and sewers, which may be provided for by special assessment.

The frontage owners may, by petition, request permission to make street improvements or lay sidewalks by private contract at the expense of the petitioners, accompanied by a guarantee satisfactory to the council that the proposed work or improvements should be performed in accordance with the grades to be given by the city engineer, and plans and specifications must be approved by the said engineer and the council.

In all there are 55 clauses in the by-law, carefully drafted, which will shortly be printed for the benefit of the ratepayers who should read them.

Much credit is due Ald. Irwin and committee for the framing of the same.

The executive of the board of trade at its session the other evening moved to procure two important public utilities, namely, (1) A branch of the Dominion Express service, and (2) a telegraph office. The business men and others of the city have been greatly handicapped for these convencies. Telegraph messages must either be carried across to Vancouver on the ferry or telephoned, and, as a rule, the telephone cannot be relied on, and it takes too much time to get to the telegraph office. As for the express office it has been suggested that it be established at the wharf. It is to be hoped that the board will be successful in its endeavors.

NOTICE

OF

APPLICATION FOR LOGGING RIGHT-OF-WAY

NOTICE IS HEREBY GIVEN PURSUANT to Section 20, of the "Land Act Amendment Act, 1907," by the undersigned, which is a holder of a Special Timber License, that the undersigned intends, thirty days after service and first publication of this notice to apply to the Chief Commissioner of Lands and Works for authority to construct chutes, flumes, roads or other works for use in getting out timber from the limits covered by a license held by the applicant, across and upon the following lands, namely:

All and singular that certain parcel or tract of land and premises, situate, lying and being in the Province of British Columbia, in the District of New Westminster, being composed of portions of District Lots 1053 and 1054, and which may be more particularly known and described as follows, that is to say: Beginning at the point of intersection of the center line of the McNair-Fraser Lumber Company Limited's proposed logging right of way and the westerly boundary of the Southeast Quarter of District Lot 1054, said point being north distant 5.38 chains from the southerly boundary of the said district lot, thence in a N. 46 deg. 35 min. E. direction, 8.34 chains more or less to the point of intersection of the said center line with the north boundary of the south west quarter of District Lot 1053, said point being distant 1.06 chains from the westerly boundary of the said lot, and having a uniform width on either side of the said center line of 20 feet, and containing 50/100 acres, be the same more or less.

Dated at Vancouver, B. C. this 26th day of August, A. D. 1907.

McNair-Fraser Lumber Co., Ltd.

By its Solicitors,

CITY COUNCIL

The regular meeting of the city council was held in the City Hall last Monday evening, the mayor and aldermen Irwin, Emery, Dick, Jordan, Crickmay and South were present.

A. F. Beasley wrote requesting the opening up of an outlet to the stream which crosses 14th street between lonsdale and Dunham avenues before wet weather sets in, as the same overflows his land. It was referred to the board of works.

W. J. Butler, secretary of the North Vancouver Boating club wrote, asking the council's permission to move the boat club to the east side of the ferry wharf at the foot of Lonsdale avenue. Permission was granted.

A. B. Diplock wrote advising the council that he, as coroner, found that the Hindoo Majara, who was recently killed by a blast, came to his death by concussion. Filed.

Mr. Diplock also wrote stating some suggestions in connection with the work of blasting.

D. Bourden sent in a request to have the street in front of his property in D. L. 274 cleared, as he anticipated building at an early date.

Owners of property on Second street petitioned to have that street cleared and graded to full width from Lonsdale avenue to Forbes avenue and to open an alley from Second street to third street west of Lonsdale. These two communications were dealt with by the clerk being instructed to forward to them the circular letter in reference to the frontage improvement bylaw.

Mahon, McFarland & Mahon wrote in connection with the unfinished Anderson contract, for the altering of the side walk on Lonsdale avenue to the north of Eighth street. Mr. Anderson did not appear to be in a position to complete his contract.

Mr. P. Larson, one of Mr. Anderson's bondsmen, was present and assured the council that if a new agreement was drawn up he would undertake the completion of the work. Mr. Larson's offer was accepted.

Plan of subdivision of lots 5, 6 and 7, block 86, in D. L. 548 and 549, was submitted and accepted. Other plans were laid over.

Reports of different committees were read and adopted.

Under the head of inquiries, Alderman Crickmay wanted to know if the sidewalk on Eighth street between Chesterfield and Mahon which was taken up for city work and never replaced, should not be relaid. The road foreman was accordingly instructed to relay the walk. Ald. Crickmay also drew attention to some culverts that were needed on certain sections. The engineer was present and asked to look into these matters. Ald. Irwin spoke in reference to a recent petition for a sidewalk on Keith road between Chesterfield and Mahon. He stated that there was no means of access to any property between these streets from Fourth northwards to Thirteenth and that there were residences in that district that greatly needed means of ingress and egress other than through the mud and water that now existed. He also spoke of the appropriation for Keith road that had never been used on the street. His request was however defeated by the mayor's casting vote, who contended that the petitioners should adhere to the new local improvement bylaw.

Ald. Irwin gave notice of introducing a blasting and fire bylaw, Ald. Smith a license bylaw, Ald. Crickmay street and sidewalk regulations bylaw, Ald. Irwin street regulations bylaw.

The council then went into committee.

Last week we were pleased to see Mr. Hector McFayden in the village. He was visiting his brother, Mr. Neil McFayden, and his two nieces, the Misses McFayden, dressmakers, and was accompanied by his daughter, Mrs. Ferguson. Mr. McFayden spent the winter with Mrs. Ferguson at Vancouver and enjoyed the place very much and as his appearance shows agreed with his health. Mr. McFayden is very active though well advanced in years. He is one of a long-lived family. There are six of them still living, ages ranging from 72 to 88 years thus averaging 80 2-3 years. This is a wonderful record, being one of the oldest families in this part of the country. Until within the past year the Clark family were the oldest, seven of them ranging from 70 to 93 years, making an average of 81 6-7 years, but within the year two of them, namely, Mr. John Clark of the village, and Mrs. McDougall, of Bruce Tp., passed away, so now we believe the family to which Mr. Hector McFayden belongs to be the oldest. Mr. McFayden expects to return to Vancouver in a couple of months. We will be pleased to see him back here again next summer.—Tiverton Watchman.

THE EXPRESS, $1 a year.

DR. TELFORD BUYS RANCH ON NORTH SHORE

Dr. Telford of the Burrard Sanitarium, Vancouver, is completing the up-to-dateness of his sanitarium by adding to the institution a fruit and vegetable garden which will be a material advantage to the patients whereby a daily supply of fresh vegetables and fruit will be supplied them.

Dr. Telford only recently purchased twenty acres east of the Capilano creek and adjoining Navvy Jack's ranch on the west side. The property lies to the west of the Keith road. It has a water frontage of 280 feet and commands an excellent view of English Bay and the gulf.

The doctor will in all probability make it a summer home and will probably erect a handsome dwelling next spring.

SHIPPING LUMBER AND SHINGLES TO ENGLAND

North Vancouver will make her first shipment of lumber to the old country on Saturday, the 14th, when the Western Corporation will ship 100,000 feet by the Blue Funnel liner now in port.

On the 19th this firm will make another shipment of 400,000 shingles also to England.

This is most decidedly a boon for the ambitious city and conclusions can easily be drawn of what the future has in store for the young city with its abundance of waterfront and the rapid strides of development made thus far. The electric street railway, telephone, splendid water system, first-class tourist resorts and hotel accommodations are significent signs of prosperity.

THE AMBITIOUS CITY IS GROWING RAPIDLY

North Vancouver has now a population ranging in the neighborhood of twenty-five hundred, with a complete and up-to-date street car system, electric lighting, a splendid waterworks system, a telephone exchange, two photo galleries, four express and dray companies, two paint shops, two schools, one college, three restaurants, five parks and play-grounds, four grocery stores, one Chinese store, one Italian store, three Chinese laundries, three fruit stands, two blasksmith shops, two fine hotels, three halls, one pipe-organ manufacturer, two sawmills, one shipyard, one feed store, city hall and district hall, two shoemakers, one gent's furnishing and shoe store, two firehalls, one newspaper and job printing company, two liveries, one barber shop, one bakery, one drug store, two butcher shops, one dry goods store, ten real estate offices, two churches and two others in contemplation, one hardware store, one bowling alley, one bank, one lumber and builders' material office, 35 arc lamps and about 45 hydrants.

CITY PLANER WENT OVER EMBANKMENT

The city of Vancouver came nearly having a costly accident last week when the large planer, which was being trucked out to the camp on Seymour creek, dumped over the bank, going down the steep grade, near to Scott's ranch, and rolled into the ravine below. Mr. Geo. Bonson, the driver, was slightly hurt and one of his horses got a very nasty cut on the hip, which will put it out of commission for some days.

The accident occurred at a sharp turn in the road. The load became unmanageable and Bonson had either to drive directly over the bank or try and make the turn, which resulted in the machine leaving the trucks and plunging down the embankment. However it sustained very slight damage.

The large tract of timber land comprising some 4000 acres in the Capilano basin, mostly cedar of the best quality which the city decided three years ago was not worth $30,000, has been sold to an Everett syndicate for $125,000 cash. A cruise has just been made over this land, the report being that there are from 160,000,000 to 116,000,000 feet of the best timber on the coast.

G. A. McBain's fine new dwelling on Lonsdale avenue has been completed and leased. Mr. McBain has started the erection of another equally handsome structure immediately south of the finished one. These two residences will add greatly to the residential portion of Lonsdale avenue.

C. P. S. B. Piers was in the city Friday. Mr. Piers at one time was purser of the North Vancouver ferry boats. Since leaving the employ of the ferry company he has lived in different parts of the country.

CITY AND COUNTRY

Complaints have been received from northern points stating that logs have been shipped to Puget Sound and as this is strictly against the provincial laws it was decided that Provincial Timber Inspector Murray should go north and inquire into the matter. Mr Murray returned last Sunday from an inspection of the camps and issued several warnings to the lumbermen in the north and states that every precaution will be exercised to stop this illegal business, and should any parties be found in any way infringing the laws prosecutions will immediately take place.

Robert Bryce has brought his running gelding, "Sandstone," to North Vancouver and is keeping him in Larsen's stables.

J. G. Bressay, of the logging firm of Bressay & Quinn, has purchased a fine new donkey engine for his company and will shortly start up coast with it for immediate use in the camp.

Alderman Alex. Smith's new cement block house on 5th street is beginning to take proportions and shows up to great advantage. When finished it will be the second of its kind in North Vancouver and a fine addition to the number of good dwellings that are now erected and in course of erection here.

W. J. Horne has completed arrangements for the erection of a block at the corner of Second and Lonsdale. The exact dimensions are not given out, but it is understood the building will have a frontage of twenty-six feet on Lonsdale avenue.. The work of excavating is progressing favorably, under the supervision of Contractor McLennon.

The death occurred on Wednesday at Balmoral Cannery, Skeena river, of Toki Shumamura, the wife of a Japanese employee of the cannery. The remains of the deceased lady, who was 52 years of age, were brought down to this city on the Princess May, which arrived here last night, and the funeral took place at 3 o'clock this afternoon from the Japanese Methodist mission, corner Powell street and Jackson avenue, Rev. Ono officiating.

The Knights of Pythias meet tonight in the Orange hall. This will be the first regular meeting of the new lodge here, and a large enrollment of members is expected. Quite a number have already undergone the required medical examination and will go through the initiation ceremonies tonight.

One of the Brackman-Ker Milling Company's horses broke loose in the stables Thursday night and broke through the flooring of the stable and fell a distance of about twelve feet to the ground floor, without even getting a scratch. The stable is built over the beach, just east of the ferry landing and is some twelve or fifteen feet above the beach, where the animal was found standing on Friday morning.

The contract for Mr. McBain's new residence on Lonsdale has been let to Wm. Hall of 10th street. Mr. Hall was also the contractor who built Mr. McBain's other fine dwelling just to the north of the present site.

The Rev. J. D. and Mrs. Gillam are spending a couple of weeks at Harrison Hot Springs. Mr. Gillam has been in charge of St. Andrew's church pulpit during the pastor's absence.

The first game of the season in the Mainland League association will be played on Saturday at North Vancouver at the Athlete grounds, Ninteenth street. The contending teams are North Vancouver and the Thistles. The result is quite a speculation; as a matter of fact the previous friendly games between these two clubs was very much in favor of the Thistles, but this was due to the unfortunate shortage of the North Vancouver players, who for various reasons were unable to take part. However, on Saturday, it being the first of the league's games, the North Vancouverites will make strenuous efforts to make a good showing and will endeavor to have their best players on the field. The line-up is: Goal, F. Baglow; backs, H. McPherson and R. H. Tarn; halfbacks, A. Smith, W. Owen, E. Beecroft; forwards, F. Tarn, J. Turnbull, J. Badger, J. Thoeshie, W. Loutet.

POUND BYLAW.

At a special meeting of the city council held in the city hall last evening, the pound bylaw was given its final reading and is now in force. Everything in the domestic animal line is dealt with in the provisions of this bylaw. The tax on dogs is $2.00 and bitches $3.00. Those now possessed of either will only be required to pay the proportion of the tax to the end of the year. The mayor and all the aldermen were present.

THE UNPOPULAR PUMP.

"That famous temperance reformer, the late Francis Murphy," said a Pittsburg man, had many an odd adventure in the course of his very useful life.

"He once told me of a case where a drinking man, with a nest joke, got for a moment the best of him in an argument.

"The man was a club man, a bon vivant, famous for his wine cellar, and Mr. Murphy read him a strong lecture on the drink evil.

"But the bon vivant only smiled, shook his head and said:

"Well, Mr. Murphy, I have seen many a pleasant party around a table, but I have seen none 'round a pump."

A GREAT MISTAKE.

"In my country," said a Swedish engineer, "they make a brown cheese of goat's milk. It is a delicious cheese, but to a foreigner its aspect is not inviting. It is made in little bricks.

"In Sweden last summer I sent to some of my British Columbia friends a few of these cheeses, along with some Swedish punch and other native delicacies.

"One letter of acknowledgement that I got said:

"Thanks, awfully, for the punch and salmon. The soap, too, is very nice, but we find great difficulty in making it lather."

F. Cartier, Oakland, Cal., was in the city on Tuesday.
