VOLUME 9 NORTH VANCOUVER, B. C., FRIDAY, JANUARY 14, 1910. NUMBER 19

City Council Meeting

The final meeting of the city council of 1909 was held Monday evening. There were present Aldermen McRae, McNeish, Schultz, Young, Dick and Braim Mayor W. H. May presided.

Communications as follows were referred to the city engineer for the consideration of the new council: A petition that the city repair the portion of the pipe line road lying within the city limits; from W. Hall, asking that the street be put in shape in front of his new store, corner of 8th and St. George's; from Alex. Philip, C.M.C., to the effect that district engineer had been instructed to report as to allowing the use of a portion of a street for a caretaker's cottage at the Lynn Creek intake; from the Colonial Engineering Co., Ltd., with a proposition to instal a lighting and pumping station for the city.

A plan of subdivision of lot 9, block 8, D. L. 616 was referred to the city engineer, as was a plan of subdivision of block 60, D. L. 549.

Accounts as follows were ordered paid: Finance committee $332.43; fire and light committee $43.70; police $55.50; waterworks committee $69.75; board of works $14.15.

Owing to another appointment, Mayor May retired from the chair with a few courteous words of parting, and Ald. McRae was appointed chairman.

The fire and light committee recommended that an arc light be placed at the corner of 17th and Mahon avenue, adopted.

It was moved by Ald. Schultz and seconded by Ald. Young, that the council questions the propriety of the action of the board of trade in recommending the publication of an article condemning the record of this year's council. The motion carried, Ald. Dick and Braim dissenting.

The amendment to the engineer's appointment by-law was read a last time and finally passed.

Council adjourned sine die.

Winnipeg Exposition

The proposed Canadian International Exposition and Selkirk Centennial, at Winnipeg, the date for which has been finally set for the year 1913, brings under review the record of similar expositions which have been held. The exposition era may be said to have begun with the great industrial and arts exhibition arranged by His Royal Highness Prince Albert, and held in the Crystal Palace, London, in 1851. At this exhibition there were 13,937 exhibitors, over six million admissions recorded and after all obligations were paid, there remained a profit of three quarters of a million dollars in the treasury.

This was followed by a great exposition in Paris, called the Exposition Universelle, where there were 23,839 exhibits, with a total of admissions of about five millions.

In 1862 London held a second great international exhibition, at which the attendance reached 6,211,103, notwithstanding the fact that the American civil war was raging at the time.

In 1867 Paris repeated the Exhibition Universelle, in the famous egg-shaped building erected on the Champs de Mars, for that purpose, at which the attendance climbed to nearly seven millions.

In 1873, Vienna broke into the game holding a world's fair in the Weltausstelling, which was attended by approximately seven millions.

The first effort made by America in the exposition line was the great centennial exhibition at Philadelphia in 1876. Notwithstanding the general financial depression which prevailed at the time, a new record was made as to attendance, the total reaching almost ten millions anywhere else in the world. The tions in which it preponderates the outside vote. The fact that a certain number of aldermanic ballots found their way into the boxes for the various by-laws, necessitated a re-count of the aldermanic ballots this morning, with the result that the personnel of the aldermanic board was changed somewhat from what appeared to be the result upon the first count. Ald. McRae moved up to a position among the fortunate six, while Messrs. F. W. Fowler and Isaac Walden tied for the sixth seat. Returning Officer Thos. Shephord giving his casting vote in favor of Mr. Fowler.

The official report of the count as revised and finally issued by the returning officer was as follows:

For Mayor:

William H. May	422
William J. Dick	356
Majority for May	66

For Aldermen:

R. C. Biss	274
F. W. Fowler	291
W. J. Irwin	456
William Knowles	197
Donald MacLennan	290
William McNeish	466
Geo. W. McRae	299
A. W. Sargent	181
S. D. Schultz	329
Alexander Smith	325
Isaac Walden	291
H. W. Young	287

Messrs. McNeish, Irwin, Schultz Smith, McRae and Fowler, elected.

For Nominees for Ferry Directorate:

A. J. Henderson	398
T. Kickham	406
P. Larson	427
J. A. McNair	493
W. D. Reeve	253
Jesse Williams	411

Messrs. McNair, Larson, Williams and Kickham elected.

The voting on the money by-laws resulted in the ratification of all the bylaws by overwhelming majorities, as follows:

Parks Improvement By-law:

For the by-law	570
Against the by-law	128
Spoiled ballots	53
Majority for the by-law, above three-fifths	125

School Site By-law:

For the by-law	603
Against the by-law	99
Spoiled ballots	53
Majority for	150

Waterworks Improvement by-law:

For the by-law	644
Against the by-law	60
Spoiled ballots	50
Majority for	191

Fire Equipment By-law:

For the by-law	634
Against the by-law	75
Spoiled ballots	45
Majority for	181

Road Machinery By-law:

For the by-law	610
Against the bylaw	84
Spoiled ballots	54
Majority for	161

Main Sewer By-law:

For the by-law	666
Against the bylaw	51
Spoiled ballots	40
Majority for	211

ITEMS

It is a noteable fact that not one ballot was spoiled in the voting for mayor, aldermen or ferry directors.

To Ald. William McNeish, the chairman of the board of works in last year's council, belongs the honor of heading the poll in the aldermanic race, with ex-alderman W. J. Irwin a close second.

I.O.O.F. Installation

North Vancouver lodge No. 55, I.O.O.F. enjoyed a visit from Grand Master Bro. Wallace Law and Bro. Archie Russell, D.D.G.M., at the regular meeting on Thursday evening. The business of the evening was the installation of officers for the ensuing term, the grand master taking charge of the ceremonies assisted by the district deputy G.M. and also P.G. Bros. A. C. Barclay, F. B. Croston, A. L. Clements, F. Farrow, James Stewart and A. Laidlaw. The newly installed officers were as follows: Bro. J. G. Kelly, N.G. Bro. Ira Peers, V.G.; Bro. A. Kennedy, Rec. Sec.; Bro. J. Pilling, P.G., Fin. Sec.; Bro. C.H. Nye, Treas.; Bro. F. Gladwin, Warden; Bro. A. L. Clements, P.G., Con.; Bro. F. Farrow, P.G. R.S.N.G.; Bro. J. Brown, L.S.N.G.; Bro. Dr. Dyer, R.S.V.G.; Bro. E. Groleau, L.S.V.G.; Bro. C. Stonehouse, O.G.; Bro. R. Innes, I.G.; Bro. E. D. Lyons, R.S.S.; Bro. A. Anderson, L.S.S.; Bro. J. R. J. Murray, Chap.

Following the installation the grand master and the district deputy grand master favored the lodge with short speeches, complimenting the local lodge upon the healthy growth and the financial prosperity which marked its position and likewise giving some very encouraging information with respect to the steady advancement being made by the order throughout the province. Light refreshments were served after the close of the lodge session.

Correspondence

Editor Express:

Sir,—I should like to call the attention and sympathy of the public of North Vancouver to a very deserving case which for the past nine weeks has been treated at the hospital.

The young man was working on the extension of the B. C. El. Ry. to Lynn Valley and had only a few hours at the work when he was struck down by some blasting operations, inflicting serious injuries. However, he has improved beyond expectations, and though not able to work for some months, is leaving the institution shortly. The company for which he worked made compensation, and a benefit dance is to be given on January 20th in the Horticultural hall, when I hope the public will come to the front.

J. HUGH HOOPER

St. John's Rectory.

A large turnover in local real estate is reported this week, whereby about 150 acres of land west of the Capilno, changed hands for $120,000 or $800 per acre. The property is scattered throughout D. L. 1000 and is selected acreage. The purchasers were Messrs. J. B. Mathers, president of Dominion Trust Co., Ltd., and Geo. Hay of Vancouver. The deal was negotiated by Thacker & Thornton, of Vancouver and North Vancouver. The price is believed to establish a new record for Capilano acreage outside of waterfront property.

Next in order the exhibition at Paris in 1878 registered more than sixteen million admissions

Glasgow entered the field and held two exhibitions in close succession, one in 1888 and the other in 1891. The first exhibition had a total of 5,748,379 admissions in 161 days, and showed a profit of $265,000. The second exhibition reached eleven and one-half million admissions and made a profit of $152,855.

Paris again entered the arena in 1900 and manifested the fact that exposition methods had been reduced to a science in that city, by operating upon a campaign of ticket selling upon a plan which resulted in an attendance nearly twice as large as the largest ever attained

Continued on Page Ten.

Civic Election Results

The civic elections held yesterday for mayor, aldermen and nominees for the board of ferry directors, resulted in the polling of a record vote in the city's history. The total number of ballots deposited was 783, a number 195 in excess of the vote polled last year, when the total poll was 588. The increase was doubtless due in part to the exceptionally large number of ratepayers who came over from Vancouver to register their votes.

At the same time the large increase in the residential vote was particularly noticeable, and it is the opinion of those who are in excellent position to judge, that the local vote has at last reached those proportions

His Worship Mayor May

William H. May, who was elected yesterday for his second term as mayor of the city of North Vancouver, has been for practically a quarter of a century a property owner on the north shore, having made his first investment here in the year 1887, 23 years ago. He has had a long and honorable career in public service in the capacity of district councillor and reeve, and of city alderman and mayor.

He was elected to the district council for the first time in the year 1893, and sat continuously as a councillor until the year 1907, with the exception of the year 1905. In 1907 he was elected reeve of the district, and in 1908 held the dual office of reeve of the district and alderman for the city. In January 1909, he was elected to the position of mayor of the city, and the electors again expressed their confidence in him by re-electing him yesterday to the mayoralty for the year 1910. It is safe to say that Mayor May's record in municipal honors is one that cannot be duplicated in British Columbia.

The work of laying the steel on the Lynn Valley tram extension has begun and has reached the turn on to the pipe line road Grading is completed to Hoskins road. The deep cut beyond Hoskins road is about completed and clearing operations are in process for the remainder of the line.

J.M.Pollard, manager of the Colonization Co., with offices in the Winch block, Vancouver, and family, will make their home in this city, having secured a residence on 6th street, near to St. George's avenue.

Superintendent Wilson of the C.P.R. telegraphs was in town yesterday looking for an office suitable for telegraphic purposes. It is understood that satisfactory arrangements are being made, and that a telegraphic station will be opened as soon as the office can be prepared.

Local and Personal

Jack Loutet and N. Lonsdale

Wanted.—Woman for housework, mornings, at once. Apply Suite 7, Keith block.

The Salvation Army has rented the hall over the B. C. Meat Market for barracks purposes.

Modern six room flats, in the Skelhorne block, to rent from $15 to $18 per month. Irwin & Billings Co. Ltd.

Wanted.—A building lot on the Lynn Valley road. Close to store. Send best terms to W., this office.

Wanted.—By a young office man, room and board with a private family. Apply P. O. box 100.

The many friends of Malcolm McMillan are delighted to see him around again after his protracted illness.

Elder Murray Co. fire insurance

Mr. A. Clucker of Millwaukee is the guest of Mr. and Mrs. J. J. Woods at their home, on St. Patrick's avenue.

The St. Andrew's and Caledonian Society have established permanent quarters on Lonsdale ave. in the Thompson block.

The rock crusher is now in permanent position at the Lynn Valley quarry. The bins are completed and the grade is in readiness for laying the track.

Contracting. — For all kinds of teaming and team work, land clearing, etc. D. L. McIntominey at 132 1st street east, or P.O. box 84.

Born.—In this city on Thursday, January 13th, to Mr. and Mrs. W. H. Foster, Lonsdale avenue and 23rd street, twin sons.

For Sale.—Big double corner, 10th and Sutherland ave. $1800. $400 cash, balance in 6, 12 and 18 months. No commission. Apply P. O. box 471, Vancouver

Join Cumming's suit club.

Mrs. W. J. Irwin will receive on Wednesday, January 19th, from three to six p.m., and thereafter every third Wednesday of the month.

Wanted.—From owners only, a lot on 1st street, north side, first block from Lonsdale. Quote lowest price and best terms. Advertiser genuine buyer. Address Express Office. 19-20

The first draw of Cumming's suit club took place in his store on Tuesday evening, and the lucky person was Fred E. Atkinson. This entitles him to receive a $30 suit of clothes for $2.00

A family of seven Plymouth Rosk chicks, hatched in December are busily engaged scratching for a living at the residence of Miss C. Homewood, of 14th street. Our sunny southern slope makes even the hens think that December is May.

Capt. C. H. Cates and family returned to the city last week, after a sojourn of several months at Savonas, in the interior. They all thoroughly enjoyed their holiday and are much benefited physically from the change and the rest.

Mr. E. T. Bailey visited the city for the first time on Thursday and was so favorably impressed with what he saw that he promptly rented a house at the corner of 3rd street and St. Patrick's avenue, and will remove thither with his family at once.

Opening Services

The opening services in connection with the new Methodist church, corner St. George and 6th street, were held on Sunday morning, afternoon and evening. The dedicatory service was held in the morning under the guidance of Rev. Ebenezer Robson, D.D. The sermon at the morning and at the evening service was preached by Rev. W. J. Sipprell, B.A., D.D., principal of Columbian College, New Westminster. The morning theme was "Christ in the Treasury" and constituted a masterful plea to men of force of character and of financial means, amid their many activities and investments, to invest a portion at least of their energies and of their money in building up the manhood of their times, as well as in the promotion of commercial and other projects. The evening theme was "The Church of Christ, Her Message and Her Mission." In eloquent language and in clear and forceful terms Dr. Sipprell unfolded the various phases of his subject in a manner which elicited expressions of approval from his hearers and carried conviction to their minds. The large congregations were intensely interested throughout both discourses, and were not slow to appreciate the fact that they were enjoying the privilege of listening to one of the foremost pulpit speakers of the west.

The afternoon service was well attended and thoroughly enjoyed. Rev. E. W. Stapleford, B.A., pastor of Fairview Methodist church, Vancouver, delivered a sermon of a helpful devotional character, marked by a depth of earnestness and sincerity that stirred the emotions of his hearers.

The spacious auditorium of the church, with its attractive appointments, called forth universal expressions of commendation, the structure being considered a credit alike to the denomination and to the city.

The church warming, as the social entertainment on Monday evening was termed, was marked by the same enthusiasm and success which characterized the Sunday meetings. The program consisted of short speeches, interspersed with musical selections and followed by light refreshments and was conducted under the auspices of the Ladies Aid Society.

Mayor W. H. May extended congratulations to the congregation upon the beneficial importport of the completion of the new building from a civic standpoint. Rev. A. M. Sanford, B.A., B.D., pastor of Central church, Vancouver, and the chairman of the Vancouver District, together with Rev. R. Milliken of Wesley church, and J. F. Betts of Mountain View church, conveyed the good wishes of the Methodist church.

Rev. J. D. Gillam pastor of the St. Andrew's Presbyterian church, this city, and Mr. Geo. A. McBain, Sunday school superintendent of that church, expressed the cordial goodwill of the sister denomination. Mr. R. C. Biss, secretary of the Local Option League, expressed his appreciation of the good work done by all the churches in the recent campaign, together with his conviction that the prosperity of the churches constituted one of the strongest factor in the welfare of every movement for the moral elevation of the citizenship. Rev. B. H. Balderston read a letter from Rev. J. Hugh Hooper, M.A., pastor of the church of St. John the Evangelist, this city, regretting his inability to be present and conveying cordial good wishes upon behalf of himself and his congregation.

The musical program was as follows: Selection, Parish Glee Singers; solo, Mrs. Fraser; solo, Miss Leeson; duet, Misses Ward and Carman; solo, Mr. William Hicks; solo, Mrs. McAleece; selection, Parish Glee Singers. Every item on the program was excellently rendered, and was thoroughly enjoyed.

The audience adjourned to the assembly room on the lower floor where choice light refreshments were served by the ladies.

The special contributions during the several opening meetings amounted to somewhat more than $600.

THE STRATHCONA TRUST

A circular letter recently issued and forwarded to the respective provincial premiers, with a view to the early adoption of the scheme, by the educational departments, clearly sets forth the purpose and the conditions of the trust and disposes of the mistaken position that it contemplates a system of compulsory military training throughout the schools of the dominion The purpose of the trust is twofold, first to improve the physical and the intellectual capabilities of the children and to inculcate habits of alertness, orderliness and prompt obedience, and second to foster a spirit of patriotism, by giving all boys an opportunity of acquiring a fair acquaintance with military drill and rifle shooting. With regard to the latter, it is stipulated only that the educational departments shall encourage it, leaving the decision optional on the part of the parents.

The specific conditions attached to the trust by Lord Strathcona are as follows:

(a) Physical training to form an integral part of the curriculum in every school, or public educational establishment maintained mainly out of public funds, at which a teacher holding a certificate other than that of the lowest grade is employed

(b) A certificate of ability to instruct in physical training to form part of every teacher's certificate, other than those of the lowest grade, granted by the Education Department of the Province.

(c) The Education Department to undertake to encourage the formation of cadet corps, including the practice of rifle shooting under suitable conditions by the older boys, in all educational establishments under its control.

(d) The system of physical training to be that in force in the elementary public schools in Great Britain (which has been recently revised in view of the latest developments in Sweden, Switzerland and other countries,) with such modifications therein as the local conditions of any Province may show to be necessary.

(e) The Education Department to undertake to require, within a specified period, all teachers who are already in possession of its certificates other than those of the lowest grade, to qualify themselves to instruct in physical training (subject to the exemption of such teachers as are physically unable to qualify, or are nearly at the end of their term of service) so that in every school there shall be at least one teacher capable of imparting the necessary instruction.

The Militia department agrees to provide facilities for teachers to qualify themselves in physical training and also in military drill, to supply arms and equipment and to pay the specified grants to the teachers.

B. C. GAZETTE

Thirty-eight appointees are added to the provincial list of commissioners for taking affidavits under the elections act, in the current issue of the Gazette. Herbert Young of Prince Rupert is appointed a coroner for British Columbia; Jas. Bushfield, Herbert Charman and Hiram Woodward of Nanaimo are appointed fence viewers for Nanaimo district; E. T. W. Pearse is appointed government agent, etc., at Kamloops; Ed. Fisher is appointed mining recorder for Kamloops; P. A. Goepel of Nelson is appointed inspector of machinery; Thos. Leith of Vancouver is appointed an inspector of schools; John H. McMullin is appointed government agent at Prince Rupert.

New companies are incorporated as follows: British Columbia & Saskatchewan Investment Co., Ltd., capital $250,000; Lumby Saw Mill Co., Ltd., capital $25000; Kernaghan Lumber Co., Ltd., capital $25,000; Fraser River Brick & Tile Co., capital $50,000; The North Vancouver Masonic Temple Association, capital $25,000; Hale Bros. & Kennedy, Ltd., capital $20,000; Nanaimo Herring Canning & Packing Co., Ltd., capital $50,000; Queen Charlotte Whaling Co., Ltd., capital $275,000; E. W. MacLean, Ltd., capital $100,000.

Extra-provincial companies are licensed as follows: Silverton Mines, Ltd., of London, England, capital £20,000; Western Canada Trust Ltd., of London, England, capital £200,000.

Applications for water records are gazetted as follows: J. H. Latremouille of Kamloops, 20 cubic feet per second out of Campbell river; Vancouver Power Co., Ltd., 1000 cubic feet per second out of Statloo lake, (Chehalis lake) also 5000 cubic feet per second out of the same stream; Douglas Lake Cattle Co., Ltd., 25 cubic feet per second out of Tok Kos Special lake, 29 cubic feet per second out of Pikes Creek, 14 cubic feet per second out of Fall Creek, 7 cubic feet per second out of Quilchena creek, seven cubic feet per second out of Fish Lake creek, 15 cubic feet per second out of Chapperon creek.

G. Martin, W. Shannon and J. B. Mathers of Vancouver apply to form a company to construct a line of railway from the head of Khutze Inlet to the mouth of Khutze river.

CONGRATULATIONS

The Express extends congratulations to Reeve J. Y. McNaught upon attaining the distinction of unanimous endorsation by the electorate of the district of North Vancouver, as signified in his return by acclamation to the reeveship for 1910

District of North Vancouver

To the Electors
of Ward Two:

In response to the request of a large number of influential electors of Ward Two, that I allow my name to be placed in nomination for election as Councillor, for the year 1910, I take this opportunity of announcing that I have decided to accede to their request and to respectfully solicit your vote and influence in my behalf.

Yours respectfully,
PETER WESTOVER

MINERALS OF CANADA

A descriptive sketch of the geology and economic minerals of Canada, by G. A. Young, is one of the latest publications by the department of mines.

The book is copiously illustrated by means of photographic views and is accompanied by maps specially designed to elucidate the text. The descriptive matter consists of an exhaustive discussion of the conditions obtaining in the various geological provinces into which the dominion is naturally divided, covering the entire area from Ungava on the east to Vancouver Island on the west, and from Hudson's Bay and the Yukon on the north to the 49th parallel on the south. The geological sruvey of Canada, under Sir Wm. Logan, which commed its operations to the southern portions of Ontario and Quebec, is stated to have commenced in 1843. Since that time the work has gradually widened until at present it embraces the entire northern half of the continent of America. Much of the work has as yet been of an exploratory character so that a large part of Canada may still be said to be practically unexplored. Nevertheless, sufficient has been done to make known its chief geological features; also to roughly indicate the mineral bearing territories; to presage the nature of the mineral resources of each, and to demonstrate that Canada is destined to become one of the great mining countries of the world. The amount of mineral bearing territory still awaiting the prospector in Canada, is the greatest that now remains anywhere on the globe.

The total production of minerals in Canada for the past 23 years amounts to $926,516,579. The production for the year 1908 was over $87,000,000.

Notwithstanding the fact that the mining industries of Canada have only just begun, the dominion already ranks well among the mineral producing countries of the world.

According to statistics of the world's production for 1907, Canada ranked first in Asbestos and Nickel, third in chromite, fourth in silver, seventh in copper, eighth in gold, and tenth in coal.

B.C. MINERAL PRODUCTION

In an excellent special number of thirty-two pages describing the resources of the Kootenays, the Nelson daily News gives the following statistics with reference to the mineral production of the province for 1909. The statistics are compiled by Mr. M. Jacobs of Victoria who is well qualified to write with authority upon the subject, and a(e as follows:

Placer gold 30,000 oz., value $600,000; lode gold 250,000 oz., value $5,167,500. Total value $5,767,500. Silver 3,000,000 oz. value $1,470,000. Lead 46,000,000 lb, value $1,748,000. Copper 41,000,000 lb, value $5,289,000. Zinc 270,000 lb, value $500,000. Total metallic output $14,774,500. Coal 1,940,000 tons, value $6,796,000. Coke 277,000 tons, value $1,662,000. Building ...aterials, etc., $1,200,000. Total value of production $24,426,500, as against $23,851,277 in 1908.

The aggregate of British Columbia mineral production for the past 11 years is shown to be $350,000,000, made up as follows: Gold $126,317,000, silver $23,298,000; copper $55,242,000; other metals $991,000; coke and coal $102,782,000; building materials $9,093,000.

GOVERNMENT MAIL

Some idea of the volume of business done daily through the mails at the provincial government buildings in Victoria, may be gathered from the following information, given by the Victoria Times:

In the basement of the provincial parliament buildings a very complete little post office has been fitted up for the better handling of the mail that is intended for the buildings. That there is a necessity for it is shown by the fact that in one day of last week 1,900 letters were received and dispatched at the buildings, and 400 pounds by parcel post. In the past a part of the room occupied by the bureau of information has been used, but the work has been difficult to carry out there. The new room specially set apart in the basement will be of the greatest convenience. There are all the facilities for sorting the mail with a large number of drawers so that letters may be obtained by the holders of these drawers out of regular hours.

TENDERS FOR FERRY STEAMER

TENDERS are invited by the North Vancouver City Ferries Ltd., for the construction of a double end steel ferry steamer, 165 feet in length, with 29 foot beam.

For further particulars apply to the subscriber, with whom tenders must be lodged before 12 o'clock noon of the 20th day of January, 1910. The lowest or any tender not necessarily accepted.

All envelopes shall be addressed to the secretary of the company and marked, "Tender for Ferry Steamer."

H. E. KEMP,
Secretary

TO THE ELECTORS OF WARD 1
District of North Vancouver:

Being a Candidate for Representative for Ward I. on the District Council, I would respectfully solicit your vote and influence.

I would favor a vigorous policy in regard to the Second Narrows Bridge, road building, tram extensions, attraction of tourists and settlers, and would favor the encouragement of any sound scheme for the commercial or other development of the District of North Vancouver.

Yours respectfully,
JACK LOUTET.

Polling takes place on Saturday, the 15th inst., between the hours of 9 a.m. and 5 p.m., at The Lynn Valley Institute Hall, my office, corner of Lonsdale and Queen street and at Hollyburn, West Capilano.

NORTH VANCOUVER JAN. 14, 1910

DISTRICT-COMPANY AGREEMENT

The proposed agreement between the district municipality and the Imperial Car, Shipbuilding & Dry Dock Corporation, upon which the ratepayers will be called upon to vote tomorrow, marks an exceedingly important juncture in the development and the progress of the north shore. The manner in which important industries are turning their attention to the north shore and are either already locating here or are taking active steps to ensure themselves suitable sites, with a view to locating here, immediately upon the providing of railway facilities, not only establishes beyond controversy the fact that all that has been said so frequently with reference to the great value of the waterfront on the north shore of Burrard Inlet, for commercial and industrial purposes, is sound in theory, but also, already shows these statements in process of transformation from theory to actuality.

In approaching the district council with a view to entering into an agreement to their mutual advantage, the Imperial Car, Shipbuilding & Dry Dock Corporation, is the pioneer as for the district, marking the inception of a movement of vast possibilities as to industrial development and as to the creation of a great wealth producing centre, whose extensive and varied factories and plants, as well as wharves, will line the entire littoral from Deep Cove to First Narrows and probably beyond.

The basis upon which the present company approaches the district, is one which will commend itself as sound and secure as to its financial aspects. The company proposes to carry out certain projects for which purpose it desires to float debentures for a specified amount and it asks the district to lend assistance by guaranteeing the interest on these debentures for certain considerations and upon certain security.

The vital question for the ratepayers in this connection is, "Are these considerations good and is the security ample?"

To be specific, the amount for which the debentures are to be floated is $200,000, the interest upon which will be $10,000 per annum. The term for which the debentures are to be written is 15 years. The debentures themselves are to be guaranteed by a guarantee insurance company, and it should be clearly noted that the district is asked to guarantee only the interest, namely $10,000 per annum. As security for this amount the company agrees to deposit with trustees, to be named by the district, assets reasonably worth $400,000, according to a valuation to be arrived at by appointees of the district. These assets are composed in part of 600 acres of North Vancouver property, lying between the mouth of Lynn creek and Deep Cove, having a waterfrontage of 8000feet and valued at $360,000.

The company likewise asks that thirty acres of its land be exempt from taxation for a period of ten years.

In further consideration for the granting of its requests, the company agrees to erect buildings and to instal plant, to cost at least the sum of $300,000 and that sixty per cent. of the cost of this shall be paid out of the $200,000 raised from the sale of the debentures, upon warrants issued by the district; to grant the reeve of the district a place on the board of directors of the company during the term of the district's guarantee and to deed to the district a strip of land 100 feet wide, through the entire length of its lands, near the shore line, for railway and traffic purposes.

As a business proposition, anyone who reads the agreement (to be found elsewhere in this issue) carefully, cannot but conclude that in formulating its terms, the interests of the district have been well cared for, and that if the municipality intends to grant any concessions to industries, for the purpose of inducing them to locate upon the north shore, here is a proposition that should meet with their favorable consideration.

In addition to the fact that the terms of the agreement are of an advantageous nature from a business point of view, it is likewise known that the personnel of the company includes several of the largest property owners in the district, whose names are of themselves assurance of the most satisfactory nature, to the effect that the entire transaction is bona fide.

The benefits to accrue from the establishing of an industry of such proportions upon the north shore, are so apparent to all, that it would be altogether superfluous to attempt any enumeration of them. It is well, however, to note the fact that the scale of operations which is contemplated by the company, represents a plan, which when developed will give to North Vancouver one of the largest industrial institutions on the Pacific coast.

There are those who object to the principal of municipal aid to industrial corporations, and to such, the terms of the agreement, however advantageous they might be, would not appeal. But to those who believe that the principle in itself is a good one, when its application is properly safeguarded (and the mass of the ratepayers will doubtless be found in this category), the proposition will commend itself as one concerning which the final conclusion, from careful consideration of all its phases, must be decidedly favorable.

DISTRICT RATEPAYERS

The annual meeting of the ratepayers of the district of North Vancouver was held in the Municipal hall, Esplanade, on Tuesday evening. Reeve McNaught and Councillor Allan were the only members of the council of last year who were in attendance. Of the candidates for the ensuing year there were present Messrs. E. H. Bridgman J. Lawson, J. Loutet and P. Westover.

Reeve McNaught was appointed to the chair. In printed form the annual financial report was submitted to the meeting, attached to which was a report descriptive of the progress that had been made in municipal matters during the year. Reeve McNaught enlarged upon the salient features of the report as submitted and passed on to the by-law which is now before the ratepayers to sanction the agreement with the Imperial Car Shipbuilding & Dry Dock Corporation. He emphasized the great importance of securing the establishment of industries within the bounds of the district. Referring to bridge and railway construction, he declared that he expected to see this problem solved during the coming summer. The proposed tunnel would be a matter for later consideration, but would doubtless become an accomplished fact in the course of time, when North Vancouver would be as closely linked with Vancouver physically as are the outlying sections of that city themselves. He painted a glowing picture of the future progress of North Vancouver, venturing to prophesy that within fifteen years the north shore would have a population of forty or fifty thousand. The excellent climate which our southern slope affords, was next dilated upon and was declared to be so desirable that if properly exploited, this feature would render this section a rival of California itself. The reeve then proceeded to place stress upon the necessity of adding to the natural beauties of the district by artificial means to make them more readily accessible and even yet more attractive. In this connection he outlined the route of the marine drive from White Cliff City on the west to Deep Cove on the east, preparations for which are now actively in hand, and further referred to the possibility of constructing a scenic driveway in the northern portion of the district along the foothills. The two systems when connected, would constitute a circular driveway, unexcelled for grandeur on the continent. It was only with great effort that the reeve was able to speak, as his throat was in bad shape from a severe cold, but he was listened to with close attention and with appreciation.

Councillor T. A. Allan was the next speaker. He directed the attention of the audience to the large amount of work that had been done during the past few years throughout the district, declaring amid applause that there are now 79 miles of road in all in the district. He briefly outlined his ideas on the important issues before the electorate, with special reference to the Second Narrows bridge, which, in his opinion, the next council ought to vigorously prosecute.

Mr. E. H. Bridgman, candidate for councillor for Ward II, in a businesslike manner presented his platform to the ratepayers. He particularly emphasized the desirability of doing everything possible to secure the location of industries in the district, and strongly favored the ratification of the agreement with the Imperial Car, Shipbuilding & Dry Dock Corporation. This was the first great industry to approach the district and the first one was the most difficult to secure. Once the first industry was established, others would follow rapidly.

Mr. John Lawson of Hollyburn, candidate for councillor for Ward I, complimented the reeve upon his untiring efforts in the interests of the district, and particularly with reference to the construction of the marine driveway. If elected he would endeavor to devote the same earnest attention to the affairs of the district as he would to his personal affairs.

Mr. J. Loutet, candidate for councillor for Ward I, declared that he would favor any sound scheme for the development of the district commercially or otherwise, irrespective of the particular section of the district which might be immediately benefited. He was in favor of making reasonable concessions to industrial concerns which might desire to locate in the district. He advocated the building of a new municipal hall, of suitable proportions in a desirable location. He would stand for the building of roads throughout the district, not for exploiting schemes of subdivision, but for the benefit of bona fide settlers. He favored a vigorous policy with regard to the Second Narrows bridge, tram extensions and providing attractions for tourists and settlers, as well as in all matters of a general character pertaining to the progress of the district.

Mr. P. Westover, candidate for councillor for Ward II, created some excitement by entering upon an adverse criticism of the doings of last year's council in certain matters. He had been a member of the council for a portion of that term, but had been compelled to resign because of extended absence in the east. Mr. Westover advanced the following queries: Why had the Frederick road local improvement petition not been complied with? Why had Lynn Valley trail not been widened by expropriation or otherwise? Why had Hollyburn wharf cost nearly $5000, instead of $1200 as estimated? He expressed the opinion that too much secrecy attached to the proceedings of the council, and was in favor of the publication of fuller reports of council proceedings. Mr. John Lawson replied to the aspersions of Mr. Westover with reference to Hollyburn wharf, and a somewhat warm argument was precipitated.

Reeve McNaught briefly referred to the remarks of Mr. Westover, insofar as they might reflect upon his administration, saying that the fact that the ratepayers had seen fit to return him by acclamation, as their reeve for a second term, was a sufficient reply to the charges made.

By invitation of the chairman John M. Duval addressed the meeting. He criticised in some respects the record of last year's council and dealt more particularly with the need of the council taking the necessary steps to provide a rural telephone service. The impossibility of arriving at a basis of agreement with the B. C. Telephone Company in this regard, was discussed and the opinion prevailed that it would be necessary that independent action be taken to provide a service.

ITEMS

Among the items of information appearing in the descriptive circular attached to the financial report of the district council for the year are the following:

Ward I, assessment for the year, $1,293,100; expenditures, $19,265.87.

Ward II, assessment for the year $1,631,315; expenditures $23,442.50.

It is expected that the dominion government will make a liberal grant toward Hollyburn wharf.

Twelve miles of new roads were built during the year, nine of which were built by the district and three by the government.

The government has promised $50,000 toward the marine drive from the city to White Cliff City

A suitable site for a municipal hall has been purchased in D. L. 2025, corner of Lynn Valley road and Fromme road, and the erection of municipal offices and a public hall is recommended.

Last year there were 2050 names on the voters' list of the district and this year there are 4074.

The satisfactory condition of the credit of the district is evidenced by the steady improvement in the price procured for debentures during the year, as follows:

$30,000 general loan realized $28,250.

$15,000 water loan by-law realized $14,130.

$10,220.80 Lonsdale Avenue loan realized $10,400.

$7253.60 Centre Road loan realized $7380.

NOTICE OF COURT OF REVISION

NOTICE is hereby given that the Court of Revision of the District Assessment Roll will meet in the District Municipal Office, North Vancouver, on Monday, the 7th day of February, 1910, at three o'clock p.m., when all complaints and appeals against assessments will be considered.

Notice of complaints and appeals must be given the subscriber as Assessor at least ten days before the said date, and such notice must set forth the ground of complaint.

Given under my hand this 30th day of December, 1909.

ALEX. PHILIP, C.M.C

DISTRICT OF NORTH VANCOUVER

PUBLIC NOTICE is hereby given to the Electors of the Municipality of North Vancouver, that I require the presence of the said Electors at Mr. Loutet's office, corner of Lonsdale avenue and Queen street, North Vancouver, in the said Municipality, on

Monday, 10th January, 1910
at 12 o'clock noon

for the purpose of electing persons to represent them in the Municipal Council as Reeve and Councillors, and electing three persons to represent them on the Board of School Trustees.

The Candidates shall be nominated in writing, the writing shall be subscribed by two voters of the Municipality as Proposer and Seconder, and shall be delivered to the Returning Officer at any time between the date of this notice and two o'clock p.m., on the day of the nomination. And in the event of a poll being necessary, such poll will be opened on

Saturday, 15th January, 1910

between the hours of Nine o'clock a.m., and Five o'clock p.m., of the said day, at Mr. Loutet's office, corner of Queen street and Lonsdale avenue, and at Lynn Valley Institute Hall, and at Hollyburn, West Capilano, in said Municipality, of which every person is required to take notice and govern himself accordingly.

"The qualifications for Reeve are his being a male British subject, and having been for the three months next preceeding the day of his nomination the registered owner in the Land Registry Office of land or real property, situate within the Municipality of the assessed value on the last Municipal Assessment Roll of five hundred dollars or more over and above any registered judgment or charge, and being otherwise duly qualified as a voter."

"The qualifications for Councillor are his being a male British subject, and having been for the three months next preceeding the day of his nomination, the registered owner in the Land Registry Office of land or real property, situate within the Municipality, of the assessed value on the last Municipal Assessment Roll of two hundred and fifty dollars or more over and above any registered judgment or charge, or being a homesteader, lessee from the Crown or pre-emptor who has resided within the Municipality for the space of one year or more immediately preceeding the nomination, and who is assessed for five hundred dollars or more on the last Municipal Assessment Roll, over and above any registered judgment or charge, and being otherwise qualified as a voter."

"In every Municipal School District any person being a householder in the School District and being a British subject of the full age of twenty-one years, and otherwise qualified to vote at an Election of School Trustees in their District, shall be eligible to be elected as a School Trustee in the Municipal School District."

Given under my hand, at North Vancouver, this 28th day of December, 1909.

ALEX. PHILIP,
Returning Officer.

BURGLARY

The city received a visit from members of a very undesirable section of society on Friday night last, when theives broke into the premises of the North Vancouver Hardware Company, on the Esplanade. Access was gained by means of prying the front doors open with a jimmy. It would appear that the burglars committed the deed for the specific purpose of equipping an arsenal on their own account, for they passed by much more valuable goods of smaller bulk, and made straight for the gun rack, where they helped themselves to four shot guns and three rifles, the largest and the best in the stock. They then patronized the amunition boxes and appropriated the entire stock corresponding to the firearms, after which they took their departure, leaving the remaining stock, otherwise undisturbed. From the store they proceeded to P. Larson's boat house, which they broke into, and stole a row boat, by means of which they effected their getaway. The police have not yet succeeded in making any arrests although they have satisfied themselves that the deed was perpetrated by two members of the band that has been operating at Hastings. On the night previous to the robbery, these two men were seen by two parties, engaged in close consultation under the trees at the eastern end of Larson's grounds and from photographs in possession of the police, they have been recognized as members of this gang, for whom the police have been seeking. The value of the booty in this instance was upwards of $200.

POULTRY SHOW

That North Vancouver again has more than held her own in the raising of thoroughbred exhibition poultry has been demonstrated this past week, at the Vancouver Poultry Show, held in the city market hall.

Mr. M. B. Martinson sent over some good buff Orpingtons, and in spite of great competition from Victoria breeders, was fortunate enough to secure a prize on pullets. Mrs. R. Archibald also entered a nice display of Indian Runner ducks. In white Wyandottes, Mrs. H. L. Radermacher had more than her usual share of success, winning easily over the blue ribbon birds from the A.-Y.-P. exhibition, and being highly complimented on the preparation of her birds for exhibition. Following are the prizes obtained: 2nd Cock; 1st, 3rd and 4th hen; 1st, 2nd and 4th cockerel; 1st, 2nd and 3rd pullet; 1st and 3rd breeding pen Specials: Silver cup for the 10 highest scoring birds in the American class. Silver cup for largest display of Wyandottes scoring 90 points and over. and specials for the following: For highest scoring pen of Wyandottes; for highest scoring pen in American class; for highest scoring Wyandotte cockerel; for largest number of prizes won by a lady. Canadian white Wyandotte ribbon for best hen, the same for best cockerel and also for best pullet.

DISTRICT NOMINATIONS

The nominations for the official positions for the district of North Vancouver, held on Monday, resulted as follows:

For reeve, John Young McNaught, elected by acclamation

For councillors, Ward I: Wm. A. Thompson, John Lawson, J. Loutet; Ward II: Thos. A. Allan Edward H. Bridgman and Peter Westover. Two to be elected in each ward.

For school trustees: J. Neat, Mrs. Ethel J. Campbell, Henry Thompson, John Lawson, and Wm. C. Thompson. Three to be elected.

The regular meeting of the W. C. T. U. will be held on Tuesday, the 18th inst., at the home of Mrs. Stoney, 6th street west, at 3 p.m. All members please attend, and all ladies interested cordially welcome.

Coasting Accident

Walter C. Green, local representative of the World of Vancouver, was the victim of a somewhat serious accident on Monday. On his way down town in the morning, in connection with his duties, he good naturedly took a place on a pair of bob-sleighs on which some boys were coasting down the sidewalk on Chesterfield avenue. After the sleighs passed 2nd street they struck some sort of obstruction which caused them suddenly to careen and to run off the sidewalk. The boy who was steering the sleighs was hurled some distance but escaped injury, as did the other members of the party, with the exception of Mr. Green, who was unfortunate enough to receive a deep cut in one of his limbs, above the knee, as well as a severe shaking up. He was quickly carried to the office of Dr. Campbell, where he arrived very weak because of the copious flow of blood. The wound was carefully dressed and he was conveyed to his home, where the work of recovery is steadily progressing, although he will be incapacitated for about two weeks.

NORTH VAN. IN THE VAN.

By defeating the Garrison team of Victoria on Boulevard park, Saturday afternoon last, the North Vancouver Hockey team captured first place in the race for the Colonel Prior Hockey trophy. The garrison team were much heavier than the locals and their attack was impetuous, but the superior combination play of the home team was not to be denied, and the result was four goals to one in favor of North Vancouver. The last goal was scored by the local team within five minutes of the close of the match and was of a spectacular order. It was secured as the result of a penalty bully, in which two players alone are allowed to participate E. S. Bayliss giving an exhibition of superior play and landing the ball in the net after a short struggle. The presence of a goodly crowd of spectators who "boosted" freely, greatly encouraged the local team, which was composed as follows: E. J. H. Cardinall, C. Mappin, G. Green-Armytage, E. S. Bayliss, R. Dixon, S. Humphreys, H. L. MacPherson, C. Fitzherbert, R. G. Ward, H. Swayne, P. N. Bayliss, captain.

LOCAL IMPROVEMENT

The meeting of ratepayers of the city, held on Tuesday evening by the arrangement of W. J. Irwin, for the discussion of the local improvement problem, proved of a very helpful nature to the large assembly of ratepayers. The candidates for mayor, aldermen and ferry commissioners were all seated on the platform in imposing array. The time was allotted equitably among the eighteen or twenty speakers, and every aspirant was given a cordial and attentive hearing. Geo. H. Morden was appointed to the chair.

The subject was opened by W. J. Irwin in an address which thoroughly sustained his reputation as a close student of the local improvement problem, after which the respective candidates for municipal honors were heard in short addresses on local improvement and allied matters.

MACHINERY IN PLACE

The large building for McDougall - Jenkins Engineers Ltd., is now practically completed, and considerable machinery is already installed. The compressor, crane, hydraulic jack, and punch are now in place and the additional parts of the plant are steadily coming to hand.

The contract for the construction of the wharf, has been awarded to Evans, Coleman & Evans, and construction work will be started by the 15th inst. The wharf will carry more deck space than any wharf yet built on the north shore and will be almost as large as some of the main wharves on the south side of the Inlet. It will measure 326 feet in length and 50 feet in width. There will be 35 feet of water in the clear at the end of the wharf.

A GOOD MOVE

The North Vancouver Home Furnishers are moving into more commodious quarters, having secured a lease on the building just north of the city hall, on Lonsdale avenue, formerly occupied by the North Vancouver club. The lease covers the entire building, although only the ground floor will be used for store purposes at present. The premises are well adapted for a furniture store and will permit of the proper display of the increased stock that it is intended by the firm to carry.

READING CONTEST

The public school reading contest inaugurated by Professor R. E. Macnaghten, will be held this evening in Larson's pavilion, instead of the Horticultural hall as previously announced.

CITY NOMINATIONS

The record of nominations for the various city official positions for 1910, held on Monday, is as follows:

For Mayor: W. H. May, and W. J. Dick.

For Aldermen: Wm. McNeish, Geo. W. McRae, S. D. Schultz, W. H. Young, W. J. Irwin, A. Smith, R. C. Biss, F. W. Fowler, W. Knowles, A. W. Sargent Isaac Walden and Donald MacLennan. Six to be elected.

For Ferry Directors: Jas. A. McNair, Jesse Williams, P. Larson, D. W. Reeve, A. J. Henderson and Capt. T. Kickham. Four to be elected.

For School Trustees: A. R. Steacey, Dr. Howell, M. S. McDowell and Geo. H. Morden. Elected by acclamation.

DRESSMAKING

The ladies of the city will be interested to note the fact as advertised elsewhere, the Mesdames Haigh & Castle, of Manchester, England, and more recently of Regina, have opened up-to-date dressmaking parlors at their residence, at 141, 6th street east. Mesdames Haigh & Castle bring with them high credentials as high class artistes having included in the patrons many of the first families in the prairie capital. The latest fashions and the most recent creations in the line of ladies' garments may always be procured from their establishment.

District of North Vancouver

A BY-LAW to authorize the Corporation of the District of North Vancouver to enter into and execute an agreement with The Imperial Car Shipbuilding and Dry Dock Corporation.

Be it enacted by the Reeve and Council of the Corporation of the District of North Vancouver, in council assembled, with the assent of the electors of the District duly had and obtained, as follows, viz.:

1. Authority is hereby given to the Reeve and Clerk of the Corporation to sign on behalf of the Corporation, and to seal with the corporate seal an indenture of agreement between the Corporation, of the first part, and the Imperial Car, Shipbuilding and Dry Dock Corporation, of the second part, in the terms of the schedule appended to this by-law, and authority is given to the Corporation to enter into and agree to all the provisions of said agreement.

2. In the event of the said company complying with the provisions of said agreement as regards the issue of debenture bonds to the amount not exceeding $200,000, the Reeve of this Corporation is hereby authorized to sign an endorsement on the back of the coupons issued with said debenture bonds, guaranteeing interest thereon at the rate of five per cent. per annum far fifteen years in the following terms, viz.:

"Payment of this coupon is guaranteed by the Corporation of the District of North Vancouver," and such signature may be either written or stamped.

3. In the event of the Corporation being called upon to pay and making payment of any of said guaranteed interest coupons, and failing to recover payment thereof from the said company or their representatives, such payment may be made from the general revenue of the Corporation, or it may be the subject for a special tax on the Municipality, to be levied in the Annual Revenue By-law.

4. An area of land occupied by the said company or adjoining to the works of the said company to an extent not exceeding thirty acres, is hereby declared to be exempt from the annual levy of the ordinary land tax for the period of ten years from the date of the execution of the said agreement, in accordance with the terms of the said agreement.

5. This by-law may be cited for all purposes as "The Imperial Car, Shipbuilding and Dry Dock Corporation Guarantee By-law, 1910."

6. This by-law shall take effect after the first day of February, 1910.

Passed by the Council an the 3rd day of January, 1910.

Received the assent of the electors at an election held on the day of January, 1910.

Reconsidered and finally adopted on the day of January, 1910.

ELECTORS OF THE DISTRICT OF NORTH VANCOUVER

Take notice that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken within the polling places at the Lynn Valley Institute Hall; Mr. Jack Loutet's office, corner of Queen street and Lonsdale ave., and Hollyburn, West Capilano, all in the District of North Vancouver, on Saturday, the 15th day of January, 1910, between the hours of 9 o'clock a.m. and 7 o'clock p.m.

ALEX. PHILIP
C.M.C. and Returning Officer.

Public notice is hereby given that the vote of the electors of the District of North Vancouver will be taken on "The Imperial Car, Shipbuilding and Dry Dock Corporation Guarantee By-law, 1910," on Saturday the 15th day of January, 1910, between the hours of 9 o'clock a.m. and 7 o'clock p.m., within the following polling places, viz. The Lynn Valley Institute hall, Mr. Jack Loutet's office, corner of Queen street and Lonsdale avenue, and at Hollyburn, West Capilano, all in the District of North Vancouver, and that Alexander Philip has been appointed Returning Officer to take the votes of such electors, with the usual powers in that behalf.

By order of the Council.

JNO. Y. McNAUGHT,
Reeve.
ALEX. PHILIP, C.M.C.

SCHEDULE REFERRED TO

This indenture, dated the 3rd day of January, in the year of our Lord one thousand nine hundred and ten, between the Corporation of the District of North Vancouver (hereinafter referred to as "the Corporation," of the first part) and The Imperial Car, Shipbuilding and Dry Dock Corporation (hereinafter referred to as "the company," of the second part) witnesseth:

Whereas, the company has acquired and is about to acquire different areas or blocks of land in the District of North Vancouver comprising about six hundred (600) acres, with a frontage on Burrard Inlet of about eight thousand (8,000) feet and of a total value of not less than three hundred and sixty thousand dollars ($360,000); and

Whereas the company proposes to occupy a part of said lands with a business of constructors of safety steel railway sleeping cars, the building and repairing of ships of all kinds, and other kindred undertakings, and for the purposes of said business proposes to erect buildings and to equip the said premises with machinery and working plant, the total cost of which buildings and plant being not less than three hundred thousand dollars ($300,000), and the company is now the owner of a number of valuable patent-rights relative to the business it is to carry on; and

Whereas, the Company has agreed to transfer and convey to the Corporation a strip of land through the said lands belonging to, or to belong to the company, for railway and traffic purposes; and

Whereas, the Company has asked the Corporation to give sundry concessions to facilitate the establishment of the said business within the bounds of the Municipality, and the Council of the Corporation are of opinion that these concessions and considerations are reasonable and that the establishment of the said business will be of great benefit to the whole district; and

Whereas the Company proposes to borrow money, not exceeding two hundred thousand dollars ($200,000) for the purposes of the company, by means of debentures secured by the assets of the company;

Therefore, in consideration of the premises and of the mutual covenants and agreements herein contained, it is agreed between the parties hereto as follows:

1. In the event of the company, producing to the council of the Corporation free and unencumbered titles to an area of about six hundred (600) acres of land or more within the Municipality, having about eight thousand feet (8000ft.) or more of frontage on Burrard Inlet, situated between the mouth of Lynn Creek and Deep Cove and of the value in the opinion of three independent valuators to be mutually agreed upon, of not less than three hundred and sixty thousand dollars ($360,000) and in the event of the company transferring by deed of trust to a trustee or trustees designated by the Corporation and the Company an amount and quantity of securities located in the Municipality of North Vancouver reasonably worth four hundred thousand dollars ($400,000), such value to be arrived at by valuators appointed by the Corporation and the Company, said deed to be held by the said trustee or trustees subject to the conditions set forth in paragraph 2 hereof, to secure to the holders of the said debentures payment of the principal and interest of the said debentures, then the Corporation will guarantee that the interest due on the said debentures for a period of fifteen years at the rate of five (5) per cent. per annum will be duly and regularly paid.

2. The said deed of trust shall be in the form of a debenture mortgage, which form shall first be approved of by the Corporation, and shall secure the payment of the principal sum of two hundred thousand dollars ($200,000) together with interest at five (5) per cent. per annum, which sum shall be repayable at or before the expiration of fifteen years from the date of the said deed of trust, and the said deed of trust shall contain provisions satisfactory to the Corporation as to the principal moneys of the debentures issued under the said deed of trust becoming due, and the collection thereof, and as to enforcing the security constituted by the said deed of trust, and for the registration of the same and generally, the Corporation shall be entitled to insert such provisions as it may deem necessary whether embodied in this agreement or not, for the protection and safety in every respect of the debenture holders and the trustee. The company shall pay all expenses of the Corporation and of the trustee incurred in the preparation, execution and registration of the said deed of trust.

3. The said guarantee shall be effected by an endorsement printed on the back of each interest coupon, as follows, namely: "Payment of this coupon is guaranteed by the Corporation of the District of North Vancouver," and the said endorsement shall be signed either in writing or by a stamp of the Reeve of the Corporation.

4. The company agrees, after two (2) years, to provide annually the sum of fourteen thousand dollars ($14,000) to constitute a sinking fund for the payment of the said debentures, and the company undertakes and agrees to have the payment of the principal and the providing of the said sum of fourteen thousand dollars ($14,000) per annum for the said period of fifteen (15) years guaranteed by a guarantee insurance company acceptable to and approved of by the Council of the Corporation, the said guarantee to be made in favor of the trustee or trustees before the said debentures are issued, and the said sinking fund shall be paid annually to the trustee or trustees who shall hold, invest and accumulate the same until there is sufficient moneys to pay off the said debentures as and when they become due, and the said deed of trust shall contain provisions to the above effect satisfactory to the Corporation.

5. Upon the issue and sale of the said debentures the company agrees to deposit the proceeds thereof in the Bank of British North America in North Vancouver, to be held as a capital fund in the joint names of the Corporation and the company, to be withdrawn only on the joint signatures of the Municipal Treasurer and the treasurer of the company, upon warrant or certificate issued by Donald Cameron, consulting engineer of the corporation, or such other engineer as the Council of the Corporation may appoint.

6. It is understood and agreed that the cost of erecting the said business buildings and installing the said machinery and plant shall be the sum of three hundred thousand dollars ($300,000) at least, and shall be erected and installed according to plans and specifications satisfactory to the Corporation, and that as the work progresses sixty (60) per cent. of the value of the work carried out shall be paid out of the said capital fund upon said warrants or certificates, and twenty (20) per cent thereof shall be paid simultaneously by the company. On and after the expiration of thirty-two (32) days from the completion of the said work the Company shall pay the remaining twenty (20) per cent. of the value of the said work and shall thereupon be entitled to receive the balance of the said capital fund deposited in the said bank as aforesaid.

7. So long as the Corporation is responsible as guarantors for any of the said interest coupons the Reeve of the Corporation for the time being shall be ex-officio a director of the company, with all the powers and privileges pertaining to that office.

8. It is provided and agreed that for a period of ten (10) years from the date of this agreement the said company shall be exempt and free from the ordinary land tax levied by the Corporation as regards an area of thirty (30) acres occupied by or adjoining their said works, provided the company has completed or is completing its undertakings according to the tenor of this agreement.

9. The company agrees that upon demand made by the corporation after the execution of the conveyance to the trustee or trustees of the securities of the company, as aforesaid, the company will convey to the Corporation a strip of land for railway and traffic purposes one hundred feet (100) wide for a distance of approximately one and one-half (1½) miles in length through the entire length of the said lands of the company, located along a feasible grade, for railway purposes, near the shore line of the said property, and said strip of land shall be reserved and exempted from the conveyance to the trustee or trustees above mentioned.

10. The campany agrees to pay the whole expenses of this agreement and of submitting a by-law to the electors of the district to receive their assent to the undertakings under this agreement.

11. This agreement is provisional as regards the corporation, on the assent of the said electors being duly obtained as required by the law.

In witness whereof, the parties hereto have hereunto subscribed their names and affixed their seals the day and year first above written.

THE CORPORATION OF THE DISTRICT OF NORTH VANCOUVER, by
(Seal) JNO. Y. McNAUGHT,
Reeve.
ALEX. PHILIP, C.M.C.
IMPERIAL CAR, SHIPBUILDING AND DRY DOCK CORPORATION, by
(Seal) JOHN ARTHUR,
President.
JOHN J. LOUGHRAN,
Secretary.

Signed, sealed and delivered in the presence of Geo. A. Fair, G. A. Barrett, Frederick J. Leigh, John G, Farmer.

In addition to the agreement executed this day by Imperial Car, Shipbuilding and Dry Dock Corporation with the Corporation of the District of North Vancouver, and as part thereof, Imperial Car, Shipbuilding and Dry Dock Corporation agrees, at or before the execution of the deed of trust therein mentioned, to provide and submit plans, drawings and specifications of its proposed works, with location, area and other data, including list of machinery needed at the outset, to the satisfaction of the Consulting Engineer therein named, or such other competent engineer as may be agreed upon.

Seattle, Wash., December 30, 1909.

IMPERIAL CAR, SHIPBUILDING AND DRY DOCK CORPORATION,
(Seal)
By JOHN ARTHUR, its President, and
By JOHN J. LOUGHRAN, its Secretary.

Winnipeg Exhibition

Continued from Page One.

enormous total of 50,860,801 visitors passed through the gates of the exposition.

The Chicago world's fair, in 1893, secured a total attendance of 27,539,521, and the proceeds of the business done within the famous White City were $10,-317,814.

The Pan American exposition at Buffalo in 1901, marred by the untimely death by the hand of an assassin, of President McKinley, and the St. Louis exposition in 1904, each resulted in a successful issue, notwithstanding adverse conditions.

The Lewis and Clark exposition at Portland in 1905, and the A.-Y.-P. exposition at Seattle last year are fresh in the mind of all residents of the Pacific coast, and are remembered because of the conspicuous success attained and the substantial benefits accruing.

It is quite in order that Canada should now try her hand at the enterprise from which other countries have so largely benefitted. There is every reason to anticipate financial success. The example of the other places in which expositions have been held will be serviceable in suggesting methods and means and with the returning tide of financial prosperity throughout the world, the attendance and the resultant benefits should assume imposing proportions, even in comparison with the best that has hitherto been accomplished.

ELECTORS OF WARD II.

At the request of a number of the electors of Ward II, I have decided to offer myself as a candidate for councillor for the year 1910.

Should you favor me with your sufferance, I will do all within my power to expedite the building of Second Narrows bridge, to further the location of industries on the north shore of Burrard Inlet, to secure suitable sites for municipal buildings, and in general to promote the interests of the ratepayers.

Being a resident of the district and long associated with the business interests thereof, also having the necessary time at my disposal to give proper attention to the duties of councillor, I respectfully solicit your votes.

Yours faithfully,

E. H. BRIDGMAN
