VOLUME 7. NORTH VANCOUVER, B. C., FRIDAY, OCTOBER 2, 1908. NUMBER 6

CITY COUNCIL

Ald. May, Crickmay, Wheeler, Smith and Braim were present at the regular meeting of the city council held on Monday evening last. Mayor Kealy presided. A letter from Robert L. Docherty, secretary of the Horticultural Society and Farmer's Institute, requesting that the property of the society be exempt from taxation, was referred to the committee of the whole.

A letter from F. W. Young asking that a culvert be put in the creek that crosses 21st street just west of Lonsdale, in order to give access to two new houses recently completed by him, was referred to the board of works to report and a similar request for the extension of the water connections was referred to the waterworks committee to report.

A letter from the solicitors with reference to progress in the matter of deeds of the lanes throughout the Hammersley property was laid over.

Bylaw number 44 was given its first, second and third readings. This bylaw empowers the council to raise by way of loan, under the statutory loan bylaw, the sum of forty-one thousand dollars, for the purpose of paying off the balance of the indebtedness of the city to the district. The yearly provision for sinking fund will be $268.60 and for interest $2050.

The special committee appointed to draft a petition to the department for the establishment of a free delivery of mails throughout the city submitted their report, which likewise asks for the placing of twelve letter boxes at intersections of principal streets. Report adopted and petition to be forwarded.

The mayor referred to the matter of the care of the public parks throughout the city. This is bound to become an important item in civic business, and it was not wise in any case that they should undertake it. The statutes did not empower the appointing of park commissioners, except in the case of parks granted from crown lands. He would suggest that the government be requested to provide for the appointment of park commissioners in cases such as this. Ald. May moved and Ald. Smith seconded, that a letter to this effect be forwarded the executive; carried.

The city solicitor wrote that he had given notice of application for the appointment of a third arbitrator in the matter of the expropriation of land at the corner of 1st and St. David's Avenue.

The mayor reported the sale of an additional $20,000 of the city debentures, at the same as previous sales. The mayor further reported that all matters of difference as between the city and the district had been amicably arranged, to the satisfaction of both parties, and matters are now in first class shape.

It was moved by Ald. Wheeler, seconded by Ald. Braim, that the mayor be empowered to deliver to the district as colateral security, until sold, bonds to the amount of $27,500 for amounts remaining unpaid; carried.

Ald. Braim referred to fact that the condition of 3rd street is very unsatisfactory to residents thereon. Council regretted the conditions, but were at a loss to propose a remedy.

Ald. Smith reported that ferry committee had a conference last week with the directions of the ferry company. The company does not see its way to the expenditure of any further funds at present, in wharf improvements, etc., neither can it agree to guarantee the continuance of half hourly service, unless some assistance is forthcoming from the city. Another meeting will be held at an early date, when the company will have their counter proposition ready to submit.

Ald. Braim referred to the fact that the grading of 3rd street was raising the roadway above adjoining property in some instances and there was danger of fences being broken down and the earth being washed down upon lawns, etc. Clerk to write the solicitor for his opinion as to the liability of the city in such cases.

Ald. Braim called the attention of council to the fact that at its intersection with St. George's avenue, the fall in 3rd street was so slight as to be practically bench grade of St. George's avenue. The mayor recalled the fact that council had passed a resolution governing the grades and called for the reading of the same. The motion read that where the various permanent grades are to be laid on the streets, a straight grade shall be laid as follows: On Mahon and St. David's avenues, from the north side of 1st street to Keith road on St. Patrick's avenue, from the north side of 1st street, to 4th street and on Chesterfield, Lonsdale, St. George's and St. Andrew's avenues, from the north side of 1st street to the north side of 8th street. In consultation with council on the matter, the city engineer stated that plans had been submitted to council and passed, showing grades as they are now being constructed.

The mayor read a further resolution of council, in which it was ordered that plans and profiles in which grades are established shall be drawn in triplicate, each copy to be signed by the mayor, the clerk and the council and the corporate seal attached. One copy was to be deposited in the registry office, one copy to be deposited in the vault at the city hall, and one copy to be used for reference. The plans and profiles at present being used for 3rd street were produced and it was found that they were not signed nor sealed and that only one copy had been made. The mayor stated that the matter was of a serious nature and that it placed the council in the position of passing resolutions only to find that they were not observed in actual operations. Proper methods had been followed with reference to Lonsdale avenue and 1st street, but in this instance this was not the case. The matter was referred to the board of works, to bring in recommendations.

Liberal Meeting

Last night the Liberals held a meeting in the public hall, at Lynn creek, the hall being filled with the residents of the valley. J. Y. McNaught acted as chairman and gave a few opening remarks. He was followed by Alex. Philip, who made an excellent speech. W. W. B. McInnes, the Liberal nominee, followed, and spoke at length upon the issues of the day, referring particularly to the Asiatic question. Mr. McInnes closed his address with a timely reference to the growing importance of the district, and spoke of its possibilities and needs. He stated he would do all he could to obtain government assistance in developing the district In reply to a question asked of Mr. McInnes, as to the policy of the Laurier government relative to establishing separate or national schools, he replied that separate schools was a Tory measure, introduced for Manitoba's benefit in 1896. They had been defeated on that question and the Liberals elected. As for British Columbia, the system here must remain for national schools, as guaranteed by confederation. Joe Martin knew this and it was idle for him to speak otherwise. Even if they would, the Liberals could not give separate schools in this province. This statement of the Laurier government's school policy was received with applause. The meeting was a good one and the audience quite attentive.

Sad Death

The death occurred on Sunday night last, of Joseph, eldest son of Philip and Mrs. Branca, at the age of ten years. The lad had been ill for upwards of a month, of what ultimately developed into typhoid fever. The funeral took place on Monday, proceeding first to the church of the Holy Rosary, Vancouver, where a service was held and from whence a very large cortege of sympathizing friends proceeded to the cemetery, where the interment took place. The pall bearers were Luigi Batistoni, Guiseppe Batistoni, Antonio Borio, and Agostino Golla. The floral tokens of sympathy were numerous and beautiful, comprising the following amongst others: Mr. and Mrs. Branca, cross; Henry and Mrs. Eves, wreath; S. M. S. F. D'Italia, heart; Y. Meuchse, cross; Charles and Louis Reda, spray; Mrs. Reda and Mrs. Andruss, heart; Mrs. Sargent, spray; Folcisini Ensgnio, wreath; Mrs. Filion spray. The circumstances of the lad's death are rendered additionally pathetic from the fact that Mr. Branca has been in Europe for sometime past and was in Paris, France, when the sad intelligence reached him. He is now on the homeward journey.

St. John's Church

It is quite safe to say that the congregations attending the harvest thanksgiving services, in St. John's church, last Sunday, were the largest in the history of the parish. In the evening especially seating capacity was taxed to the utmost, and though the aisles were filled with chairs, it was still impossible to find room for all who desired to enter.

The church was beautifully decorated with a profusion of fruits, flowers and vegetables—thankofferings which bore eloquent, if silent, testimony to the abundance of the harvest with which the country has been blessed. The music at St. John's, which has been steadily improving, was on this occasion exceptionally good, proving that both choir and choirmaster have given to this part of the public worship of the church that painstaking care and attention which its importance demands, and that no pains have been spared to make it what it should be: a real "sacrifice of praise," an offering of the best results of earnest and intelligent effort.

Sons of England

Western Rose lodge, Sons of England, held a successful gathering on Tuesday evening. After initiating a number of new members the rest of the evening was devoted to a social, which was conceded by all to have been most successful. Songs and recitations were given by Bros. H. V. Baker, R. H. Tarn, W. Worth, Humphreys and a number of others. Refreshments were served during the evening. A large number of applications have been received and these will be initiated next Tuesday evening.

Another Bear Story

A black bear in Victoria Gardens is the latest authentic story of the astonishing tameness of Bruin this fall. Donald Cameron, district engineer, coming down Lonsdale avenue a little before nine o'clock yesterday morning, was astonished to notice a black bear, about a year old, making his way up the hill through the gardens on the west side of the avenue. A lady, engaged in tethering a cow in the vicinity, evidently received a considerable fright from the bear. The animal leisurely entered a clump of bush on the northern border of the gardens and disappeared.

Burglars at Work

Burglars paid a visit to the premises of A. J. Picton Warlow, on Friday night last. Mr. Warlow closed his place of business at the usual hour and saw all in proper shape for the night. On coming down the next morning he discovered that the stock had been rifled. Upon examination he found that the thieves had stolen five or six hundred of the best brand of cigars together with a supply of confectionery. Entrance was effected by forcing open a back window.

Insufficient Postage

EDITOR THE EXPRESS:

Sir,—Since the one cent postage rate has come into operation for letters posted and delivered within the city of Vancouver, considerable inconvenience has been caused by letters posted in North Vancouver and addressed to Vancouver being surcharged. In the same way, letters posted in Vancouver and addressed to North Vancouver are very frequently stamped with the one cent and surcharged, to the annoyance of the recipient. A prominent notice in your paper to the effect that the one cent rate does not apply across the Inlet in either case, would be a great benefit and prevent a lot of annoyance.

Yours faithfully,

COLIN F. JACKSON

Vancouver, Sept. 23rd.

Sale of Government Lands.

The auction sale of government lands held by J. S. Rankin in Vancouver on Tuesday was largely attended, many local real estate men being present. The lots offered in North Vancouver district with prices and purchasers were as follows:

	Lot	Acres	Purchaser	price
S.E. quarter	1052	5.25	F. N. Gillies	$ 997 50
S.W. quarter	1051	5.20	John Tipping	1092 00

Cambridge Guest House

R. E. Macnaghten has returned from a trip to Prince Rupert, and is now in charge of the local office of Inkster & Ward. While in Prince Rupert Mr. Macnaghten took the initiatory steps for the establishment of the "Cambridge Guest House" in that city. In a letter appearing in the current issue of the Prince Rupert Empire, Mr. Macnaghten sets out clearly his ideas with respect to the proper handling of liquor licenses, and expresses his willingness that his application should be submitted for decision to a popular vote of the citizens. Should the guest house become an accomplished fact, Mr. Macnaghten, who is a Cambridge man, intends having one room furnished with pictures and other appointments pertaining to his alma mater,

LOCAL NEWS

Alex. Gibson was a visitor at Victoria during the week.

Committee rooms have been opened by the Liberals in the corner store of the Horne block, Lonsdale ave.

The ferry St. George was laid off Wednesday and Thursday for repairs, the North Vancouver taking her run.

Next Wednesday night George H. Cowan, the Conservative candidate, will hold a meeting in Larson's pavilion.

A meeting in the interest of Joe Martin, the Exclusionist candidate, will be held tonight, in the committee rooms, Horne block.

The Martin supporters have opened committee rooms in the Horne block, in the store formerly occupied by Sale & Brewitt.

A meeting of the Athletic club will be held in Larson's pavilion to-night at 8 o'clock. All members are asked to be present.

Up to the present 160 applications have been made for a license to sell liquor in the town of Prince Rupert, all of which have been refused.

For Sale.—Two heaters, suitable for either coal or wood. Will be sold cheap for cash. Apply in mornings at 362 Tenth ave East, cor. Ridgeway.

Thomas Dickinson, who has recently arrived from the Similkameen country, has rented the house of James Clark, on 4th street, for a period of six months and will take up his residence therein.

R. Allan and family came to the city on Saturday last and have taken up their residence on Bewick ave. Mr. Allan is connected with the fire insurance department of Robt. Ward & Co., Vancouver.

WANTED TO EXCHANGE.—$1275 equity in house and lot, just east of Westminster avenue, on Harris street, for North Vancouver acreage, or vacant lots. Full particulars of Frederic Olson, 2 Powell street.

On Saturday the local football club was defeated by the Shamrocks, six goals to nil, at the Recreation park. No goals were scored till the last quarter, when McPherson got hurt and the locals went up in the air.

An interesting meeting was held last evening by the local lodge of Oddfellows, when four members were given their third degree. Mr. Pilling has been appointed degree captain and will confer the initiatory degree on a number of candidates next Thursday evening.

R. T. Blackburn brought into this office this morning a magnificent cluster of green tomatoes, grown on Pete Larson's ranch. There were six tomatoes in the cluster and they weighed 4½ lbs., being taken from the one vine. A single other tomato weighed 1½ lbs. There are plenty of others.

E. J. H. and Mrs. Cardinal have vacated their apartments in the Manhattan, Vancouver, and have taken up their residence in Kearsney cottage, on 1st street east. Mrs. Cardinal is a graduate of the Royal Academy of Music, London, Eng., and is an accomplished violinist. She will doubtless prove a most desirable acquisition to musical circles in the city.

Henry T. C. Eves has on exhibition at his office, Lonsdale ave., tangible evidence of the agricultural possibilities of the soil and climate of North Vancouver, in the form of a very large squash, grown in the garden of G. W. Sugden, Lynn valley. He has also a very fine sample of ripe tomatoes, grown in the garden of George Prime, on 1st street.

The annual meeting of the Young Peoples' club will be held in St. Andrew's church on Tuesday evening next at eight o'clock. Officers will be elected for the ensuing term, and committees will be appointed. The report of the syllabus committee will be considered and the winter's programme finally arranged. There will be a short programme during the evening.

Work on the Lynn Valley water system is proceeding satisfactorily. On the Lonsdale section the clearing, grading and trenching are practically completed, and a considerable portion of the pipe is in place. On the Lynn Valley section the clearing, grading and trenching is all completed. All the pipe laying should be completed next week.

Rev. E. R. Brecken, M.A., B.D., who is under appointment to a mission field in the far east, will preach in the Methodist church here on Sunday morning. The evening service will be conducted by Rev. Thomas Marshall and Rev. T. C. Buchanan, delegates to the annual meeting of the Methodist mission, which convenes in Vancouver on Monday, 5th inst.

The annual meeting of the North Vancouver board of trade will be held in the city hall on Tuesday evening next, Oct. 6th, at 8 o'clock p.m. Officers will be elected and committees appointed for the ensuing year. Members are requested to make a special effort to attend. Any who are not at present members, but who are disposed to take an active interest in the progress of the city and district, are invited to attend.

The east abutment for the Seymour creek bridge is now completed and the west abutment is about four feet above the water line. It will be completed next week. The approaches on the west are rough graded to the bridge and on the east are well advanced. The superstructure is to be on the ground within two months after the letting of the contract, so that the work of putting it in place should be in process during December.

About 9 o'clock p.m. Tuesday evening the outgoing Queensbury avenue tramcar met with an accident, on 4th street, which put that line out of business for the night. A flaw in the metal caused an axle to break and the car to take to the ditch. A gang of men was immediately set to work and by strenuous efforts succeeded in getting the line clear at two o'clock a.m., so that cars were in operation as usual Wednesday morning.

Ald. Braim is highly pleased with the speed developed by his new motor launch. On the return trip from Pitt lake last week, with a party of hunters, the sixty miles were made in six hours against the tide. Ald. Braim is confident that under normal conditions the launch will hit off at 12 miles an hour. The party, who comprised F. Briton, C. McRae, J. Williams, R. McRae and J. Kelly, had a thoroughly enjoyable trip and brought home two bear pelts as trophies of the chase.

Geo. A. Gordon haa plans out for a sub-division of a portion of his property, west of the Capilano. The section sub-divided comprises the easterly one half of district lot number 783. Its proximity to the waterfront, together with the fact that roads at present constructed render it easily accessible, makes the location exceptionally desirable. The lots will be placed on the market as soon as the plans have been approved by the district council and duly registered.

The city was left without either car service or electric light for about two hours on Wednesday night. The difficulty arose on the other side of the Inlet, where a "ground" put one of the high tension wire out of business. The trouble in Vancouver endured for only a few minutes, for the reason that they have the advantage of an alternative circuit, which was at once put into service. This city, however, has only one circuit, and when that was deranged there was no relief until a workman went from Vancouver to the Burnaby substation and set matters right. Operations are now under way to give North Vancouver an alternative circuit, and when this is done awkward situations such as that of Wednesday night will be a thing of the past.

UNION LABEL — TRADES UNION COUNCIL — VANCOUVER B.C. — 51

NORTH VANCOUVER, OCT. 2, 1908

A DEFECTIVE MAP

One of our prominent citizens this week showed THE EXPRESS a copy of a map of the lower mainland of British Columbia, to which very serious objection cannot but be taken by North Vancouver citizens, collectively and individually. The map was procured from the Vancouver Tourist Association and bears an inscription to the effect that it was compiled by the lands and works department under the administration of Hon. Robert Green. The date is 1907. The map bears several inaccuracies as to the section about the mouth of the Fraser river, but its chief defect lies in the fact that no mention whatever is made of the city of North Vancouver. The only centre of population appearing where North Vancouver should be found is Moodyville. Doubtless the map was compiled before this city was incorporated, but even so it is difficult to see why Moodyville should appear therein, while North Vancouver (a fraction of whose population even at that time would equal that of the former place) should be overlooked. The regrettable phase of the matter lies in the fact that, we understand, this is distributed broadcast as the latest and most accurate map of the district involved. The circulation of this map beyond the boundaries of the province throughout Canada, the United States, Great Britain, etc., is more than likely to result prejudicially to this city. The matter is of sufficient importance to warrant action upon the part of the city council and the board of trade.

CHILDREN'S EYESIGHT

Those parents whose children are in attendance at Chesterfield avenue school should appreciate the action of the trustee board, in securing a thoroughly competent optician to make a careful examination of the eyesight of every child in the school. These professional services were rendered gratuitously and the work has evidently been thoroughly and carefully performed. The report of the results will be found in another column and should receive careful perusal. According to the report, about 30 per cent of the children examined have errors of refraction. In many cases the inconveniences arising from this may be overcome by the teacher allotting the pupil a seat situated at the proper distance from the blackboard. In other cases where the effects are somewhat more aggravated, causing headaches, irritability, dullness, etc., the welfare of the child will be promoted by the use of glasses.

The report further states that seven per cent of the pupils reveal such errors of vision as to demand immediate attention. Of this seven per cent, three per cent have such defective vision that they should not be allowed to study at all until properly ground glasses have been fitted. These are facts which should not be ignored by the parents. The information thus provided is invaluable and the health and future success of the child is involved to a very great degree. A little wise precaution exercised during early years will not only prevent further deterioration in vision, but may considerably improve it, while neglect will send the child out in the world seriously handicapped in the matter of eyesight. There are many unfortunate persons who are struggling along and striving to keep their places in the race, and who possess only a fraction of normal eyesight. That they are at a tremendous disadvantage is self-evident.

Good eyesight is an invaluable asset and any intelligent measures adopted to preserve it, or to improve it in any instance, are in the highest degree commendable.

EDITORIAL NOTES

The subject of underpaid postal matter as between this city and Vancouver is referred to in a timely letter from Colin F. Jackson, in this issue. There has been a pretty general complaint from business men of late in this particular. The amount of the surcharge is not the basis of the objection, as it is insignificant. Its presence is evidence of the obtrusion of habits of carelessness as to correspondence, which every thorough going business man is keenly anxious to avoid, even in matters of the most trivial order, mere reference to which will ensure prompt remedy.

The annual meeting of the board of trade is announced for Tuesday next. In the interests of the city and district it is most desirable that there be a large gathering of those who are prepared to devote a portion of their time and energy to such public matters as fall within the scope of this organization. There are immense possibilities of usefulness in the board of trade organization, but the machinery is of little use unless it is well manned. The first requisite to success is that the citizens at large should manifest a helpful interest by uniting with the board and then that the officers, the chairmen of committees, and the members of committees should be wisely chosen in order to ensure an energetic policy and a sustained enthusiasm. There are large possibilities in Tuesday evening's meeting, which should command the presence of all public spirited citizens.

Born.—On Sunday, September 27th, the wife of J. T. Device, of a son (stillborn.)

PROPOSED LOCAL IMPROVEMENT

TAKE NOTICE that the Council of the Corporation of the City of North Vancouver intends to construct the Local Improvement set out in the schedule appearing below, and intends to assess the final cost, or a portion thereof, upon the real property benefited thereby fronting or abutting thereon and held liable for assessment therefor.

A statement showing the lands liable and proposed to be specially assessed for the said improvement and the names of the owners thereof, so far as the same can be ascertained from the last revised assessment roll and otherwise, is now filed in the office of the Assessment Commissioner and is open for inspection during office hours.

The schedule below shows the estimated cost of the improvement and the proportion to be provided out of the general funds of the city.

A court of revision will be held in the City Hall, North Vancouver, B.C., on the 19th day of October, 1908, at the hour of 8 o'clock p.m., for the purpose of hearing any complaints against the proposed assessments, or the accuracy of the frontage measurements, or any other complaints which the persons interested desire to make and which is by law cognizable by the Court.

THOMAS SHEPHERD,
Assessment Commissioner.

NEW WESTMINSTER LAND DISTRICT

DISTRICT OF NORTH VANCOUVER

TAKE notice that Francis William Caulfeild, of Vancouver, B.C., Gentleman, intends to apply for permission to lease the following described land:

Commencing at a post planted at the South Easterly corner of District Lot 811, Group 1, New Westminster District, thence south along the east boundary of Lot 811, Group 1, New Westminster District, produced 27 chains, thence west 30 29 chains, thence north 30 degrees, west 17.32 chains more or less to the northeasterly corner of District Lot 447, thence southeasterly, easterly and northeasterly along the northerly shore of Burrard Inlet to the place of beginning, containing 63 acres more or less.

FRANCIS WILLIAM CAULFEILD
Dated 26th August, 1908 29-8t

City of North Vancouver

PUBLIC HEALTH DEPARTMENT

COMPULSORY VACCINATION

PUBLIC NOTICE is hereby given that in accordance with the provisions of the Public Health By-Law, of the City of North Vancouver, the Municipal Council have contracted with the Medical Health Officer to attend at the City Hall, North Vancouver, on the First Monday of each month, at the hour of 11 o'clock in the forenoon, for the purpose of vaccinating at the expense of the city, all poor persons; and all others at their own expense.

The father, mother, or person having the care, nurture, or custody of every child born in the city, shall, within three months after the birth of such child, take or cause to be taken, the child, to the Medical Practitioner, in attendance at the above appointed place for the purpose of being vaccinated; unless the child has been previously vaccinated by some legally qualified Practitioner, and the vaccination duly certified.

THOMAS SHEPHERD,
City Clerk.

North Vancouver, B.C.,

Conservative Party

North Vancouver

Geo. H. Cowan

Will address a Public Meeting in

LARSON'S PAVILION

on

Wednesday Evening, Oct. 7th

Chair Taken Promptly at 8 p.m.

EVERYBODY WELCOME

GOD SAVE THE KING

THE DISTRICT COUNCIL

A special meeting of the district council was held on Friday evening last. The meeting was called for the purpose of further consultation with the committee of the city council, with reference to the arrangements of financial matters between the two municipalities, but inasmuch as the city council had not been able to complete arrangements for carrying out their proposition submitted at the previous conference, the matter was laid over for one week, when another conference will be held.

The matter of lumber for the new Seymour creek bridge was considered and disposed of.

W.C.T.U. Notes

The regular monthly meeting of the W.C.T.U. was held on Sept. 16th, and it proved a successful and enthusiastic gathering. One lady recently arrived from the United States signified her intention of transferring her membership to North Vancouver. An associate member also joined, while Mrs. Watson, district president of Vancouver, reported on Miss Murcutt's plans for the "local option" campaign.

Satisfactory plans were drawn up for the medal contest, to be held in the Horticultural hall Oct. 15th, to start punctually ten minutes before 8 p.m. His worship Mayor Kealy will occupy the chair.

An excellent musical programme has been provided. Three of the items will be contributed by visitors from across the Inlet and three by local artists. To do more than mention Mr. Alexander as musical director and Mrs. Rochussen as pianist would be a waste of words, the quality of their talent being too well known to need comment.

Details have been carefully looked into and studied out, so as to be mutually agreeable to both audience and performers, and that the elocutionists of the evening be undisturbed and the judges and audience have the best opportunity of hearing and judging their various items, the middle of the programme has been allotted to them. Negotiations are being carried on with the manager of the B. C. Electric Railway Co. to have ample car accommodation for passengers to and from the hall. The five judges chosen and who have kindly consented to act are second to none.

Everything should combine to make this the first elocutionary contest in North Vancouver a decided success. The proceedings are timed to start promptly at 7 50 p.m. and close at 10 o'clock.

Prevention of Forest Fires

The following data, furnished by the Canadian Forestry Association, places additional emphasis on the value of an effective patrol for the prevention of forest fires.

Five dollars per acre is the minimum price given by forestry experts for forest tree planting; and the price ranges from this up to $10 and more.

When the lower figure is taken as the basis of calculation, the planting of one square mile will cost $3200; to plant ten square miles will cost $32,000, and the planting up of a township six miles square (area, 36 square miles) will require the expenditure of $115,200. Such figures are apt to make one stop and think before advocating extensive planting.

The cost to the Dominion government of patrolling the railway belt in British Columbia during the last fiscal year (April 1st, 1907, to March 31st, 1908) amounted to $14,111.64. The area of the railway belt is a little over ten million acres. The cost, then, of patrolling this tract was less than 1½ mills per acre, or about 90 cents per square mile. No fire of any magnitude was reported during the year. The railway belt is exceptionally well guarded, but even with the cost several times what it is, the expense is well worth while, considering the value of the mature timber and young growth thus saved.

Report of Optician

Dr. H. B. Howell, optician at the Burrard Sanitarium, Vancouver, has submitted the following report of the results of his examination of the eyesight of the children of Chesterfield avenue school: "Upon examining the eyes of the pupils in the school, as requested by you, I find the following conditions:—There are about 30 per cent of the scholars whose eyes were tested that had some error of refraction, many cases of which can be overcome by accommodation without glasses and not cause inconvenience. In others the same amount of error would cause headaches, nervousness, inattentiveness, even amounting to dullness, etc. About seven per cent of the total had errors that should be corrected with glasses at once, and three per cent that should not be allowed to study until they have glasses properly fitted. The school-rooms, I find, are so arranged as to get the light to the best possible advantage."

Lynn Creek Notes

The supply of free text books, etc., for Lynn valley and Capilano schools came to hand last week.

R. Magennis has laid upon ye editor's table an exceptionally fine sample of potatoes, grown in Lynn valley. The potatoes are of the Dakota Red and the Burbank Seedling varieties. They will measure about 8x16 inches in size and are of excellent quality. They were grown on the ranch of Mr. Goodall, in the upper portion of the valley, no fertilizer whatever having been put in the ground.

A movement is on foot to have the board of school trustees make over the old schoolhouse for the benefit of the residents of the valley. It is proposed by Councillor McNaught that a society be formed, under the benevolent societies' act, and that the building be regularly conveyed to them. The purpose is to make use of the building as a reading room, amusement hall, etc. Advantage will probably be taken of the governmental circulating library; a debating club will be formed and the society will endeavor in every way to promote the social life of the community. The trustees were approached in the matter, at a meeting held on Thursday evening last and the proposition was accorded favorable consideration.

The United Brotherhood of Carpenters & Joiners have established a union in North Vancouver, with a fairly large membership. They hold their meetings every first and third Tuesday in each month, at the Palace hotel, and they invite the carpenters from Vancouver to attend their meetings.

MUNICIPAL ELECTIONS ACT

Registration of Persons Entitled to Vote as Householders

PUBLIC Notice is hereby given that all persons entitled to vote as Householders and desiring to have their names on the Voters' List of the City of North Vancouver, for the year 1909, must make and cause to be delivered to the City Clerk, during the month of October next ensuing, a statutory declaration in the form prescribed by law. Copies of such declarations may be obtained on application to the City Clerk.

HOUSEHOLDERS' QUALIFICATION:

"Householder," shall extend to and include every person who holds and occupies a dwelling, tenement, hotel or boarding house, or any part or portion of a dwelling, tenement, hotel, or boarding house within a municipality, who has paid directly to the municipality rates, taxes or fees of not less than two ($2) dollars during the current year."

Second Narrows Bridge

A valued subscriber, writing to THE EXPRESS, says:

"May I congratulate you on your article of two weeks ago, on the Second Narrows bridge and the necessity of a provincial government subsidy towards it? It is most important that this matter should be kept before the people and pressed upon the provincial government from now until the next session of the provincial legislature. The Dominion government, at Ottawa, have done the right thing in this matter at any rate, in granting a subsidy towards a railroad bridge across the Second Narrows. It is up to the provincial government to grant a similar subsidy towards making it a combined railroad and traffic bridge. The case of the Westminster bridge does not apply here. In that case the Dominion government did not subsidize the bridge, because it was built and owned by the provincial government. But in the case of the Second Narrows bridge, it is neither necessary nor desirable that either government should own or control the bridge. But it is both necessary and desirable that both governments should assist the residents of each side of the Inlet in the construction of this bridge, which is so important a factor in the progress and development of this part of the province. If our representative in the provincial legislature, who also has a seat in the cabinet, is not in favor of a provincial subsidy towards this bridge, we are entitled to know it, because, if so, he is undoubtedly out of sympathy with the whole body of his constituents on this question. If he is in favor of it, he should take the earliest opportunity of giving us an assurance of his active support. In addition to this, the holders of the V. W. & Y. charter should show themselves more ready to act with the people of North Vancouver in pressing the justice of their claims upon the provincial government."

Lynn Creek Notes

The derangement of the street car service which occurred about seven o'clock on Tuesday evening upset the arrangements for the Conservative meeting announced for that evening. The speakers who were announced could not arrive, but Colin F. Jackson and W. Duke filled the breach very effectively. The attendance was good notwithstanding the inclement weather. Harry Holland occupied the chair.

A very enjoyable social event transpired on Tuesday evening at the residence of Mr. and Mrs. G. Y. Cross on the Fromme road, Lynn Valley. In view of the approaching departure of Chester Cross on an extended visit to his former home at Beaver Harbor, New Brunswick, a party of young people in whose circles Chester is a prime favorite, decided to give him a send off in the form of an old time surprise party. A hearty welcome met the jolly company when they arrived at the house and the evening was rendered thoroughly enjoyable by means of those up-to-date expedients in the line of entertainment, in which the present day youth is adept. The names of those present are as follows: Mr. and Mrs. Cross, Coun. and Mrs. Davidson; Misses A. McDonald, M. McDonald and E. Neat; Messrs. V. P. Cross, C. Cross, E. Jackson, E. Robertson, L. Nelson and O. Peers, of Lynn Valley; Misses M. Phillips, F. Russell, Laing, Peers, Innes, A. Morden, Wilson, N. Phillips, A. Pitt, Hall and Lindsay; Messrs. E. Peers, R. Ritchie, L. Grieves, Wm. Philip, F. Atkinson, Jas. Phillips, G. Baxter, and C. Wheeler of North Vancouver. The return journey was somewhat prolonged on account of the interrupted tram service, but the night was clear and beautiful so that the whole enjoyment of the evening was really enhanced by the walk home. Chester's intimate friends incline to the opinion that he has weighed the pros and cons of "bachelor or benedict," with the inevitable conclusion.

D.O.K.K. Gathering

Saturday evening quite a number of local Pythians will go over to Vancouver, to assist in a ceremonial session of the Dramatic Order of the Knights of Khorassan, an organization attaching to the Pythian Order. A hundred visitors will also be present from Seattle. The visitors from across the line will arrive tomorrow morning on the S.S. Iroquois, and they will be met by a large reception committee, formed by members from the various Pythian lodges in the district. The company will then proceed to the Pythian castle hall, Cordova st., where an address of welcome will be extended by Mayor Bethune of Vancouver, and Mayor Kealy of this city. A reply will be made by Major Otto Chase, the grand chancellor of Washington.
