VOLUME 6. NORTH VANCOUVER, B. C., FRIDAY, MARCH 6 1908. NUMBER 3

City Council Makes Good Time

At the regular weekly meeting of the City Council Monday night considerable business was gone through in a short time. The mayor and all the aldermen were present.

A letter was read from Robt. T. Blackburn, asking that the water pipe be laid to the corner of Nineteenth street and Mahon avenue, so as to enable his house to be connected. Referred to the water committee to report on.

Mr. Blackburn also asked when the council proposed taking up the improvement of the cemetery, as he wished to take steps to protect his son's grave. The mayor said that the matter of the cemetery should be taken up, and appointed Aldermen May, Irwin and Wheeler, as a hospital committee, to inquire into the proposition and report.

Dr. C. J. Fagan, president of the British Columbia anti-tuberculosis society, asked the city to send delegates to the meeting of that society in Victoria, on the 17th. The letter also asked the council to make a donation of $30 per thousand population, which would give a representation on the governing board. The letter was filed.

The Wallace Shipyards, Ltd., thanking the council for resolutions in regard to the guaranteeing of the company's bonds. The letter also stated that the financial statements were at all times open for any civic official who might care to peruse them.

After some discussion in regard to the framing of the necessary by-laws, Ald. Smith moved that the solicitor be instructed to draft same for the guaranteeing of the bonds of the company for their proposed extension and establishment here.

The clerk was also instructed to write the company, asking them to guarantee in writing that it would defray the necessary expenses in connection therewith.

Jos. Bennett, Second street, asking for permission to connect three houses under construction to one septic tank. The houses are on lots 7 and 8, block 152, D. L. 874.

Several of the aldermen thought that complications might arise if this was done. After getting the views of the engineer, it was decided that as the tank will be built according to his plans, there would not be much likelihood for trouble unless the houses became the property of separate individuals, in which event, two other tanks were to be built, giving each house a separate tank.

Plan of a culvert on the Esplanade was submitted by the engineer at an approximate cost of $450, and would have a life of twenty-five years. Laid over.

F. St. John Hooker wrote requesting the council to build a wagon road to his property, lots 44 and 45, block 166, D. L. 274. The road would cross a ravine opposite those lots, and at present it was impossible to get lumber to his property. Referred to board of works, with power to act.

The city clerk opened the tender box for wood for the fire hall. P. Baker was found to be the only tenderer, at a price of $3.25 per cord, delivered from Vancouver. This being the only tender, was accepted.

The clerk of the district council's letter, which was laid over from last week was again taken up. After thinking over the advisability of complying with the request to send delegates to arrange for the invitation to Rear Admiral Evans, Mayor Kealy appointed Aldermen Smith and Braim to meet the joint committee.

The board of school trustees waited on the council in regard to additional school accommodation. They stated that a meeting of the school trustees would be held next Thursday evening at the school. Aldermen Crickmay and Irwin were appointed to meet the trustees and go into the question.

Hospital Committee Makes Good Progress

The hospital committee, composed of delegates from the City and Municipal Councils and the Board of Trade, met in the Municipal Hall Monday afternoon. Present: Councillor Nye, chairman, and Alderman Irwin and Smith, Councillor McNaught and Messrs. Murray and Fraser. Clerk Philip officiated in the capacity of honorary secretary.

Several communications were read and disposed of.

After considerable discussion, Councillor McNaught moved, seconded by Ald. Irwin, that the committee resolve to take steps to arrange for the forming of an hospital society under the hospital act, for the purpose of erecting, buying or leasing for hospital purposes, and that a committee be appointed to solicit subscriptions from public and private sources in aid of the society. It was further resolved that a public meeting of citizens and all others interested, to be held on such date and such place as a sub-committee may arrange, and that Councillor Nye, Ald. Irwin and Mr. Murray be the sub-committee, with power to make all arrangements, draw up by-laws and other papers for the public meeting.

It is confidently expected that at the public meeting to be held it may be possible to form a ladies auxiliary to aid in raising funds for the carrying out of the plans.

The meeting then adjourned.

Active work was commenced on the North Vancouver wireless station of the United Wireless Telegraph Co. this week. An office building has been erected, and at time of going to press, the contractors are preparing to erect the first pole. Wireless communication with Victoria and Seattle is provided for not later than Wednesday next.

The Hedley *Gazette* states that steady progress is being made on the V., V. & E. railway grades. The working force is gradually drawing away from the Keremeos end and bunching up more thickly between Ashnola creek and Hedley. Everything is finished now for five miles out of Keremeos, and since the removal of No. 1 camp, which took place last week, Keremeos is now about out of it so far as construction is concerned.

Editor Coyle will start a newspaper at Hazelton this spring.

Zinc mining in the Slocan will be active next summer.

Canada consumes a little over 19,000 tons of lead yearly.

The Wright-Diplock sawmill has resumed operations. About forty men are employed in and around the mill.

LOCAL NEWS

Mr. W. W. Montelius, of the Montelius piano house, Vancouver, called on THE EXPRESS yesterday.

A large scow load of lumber was unshipped at the Wallace shipyards this week. The lumber is to be used in the building of scows.

Rev. R. and Mrs. Marsden are this week mourning the loss of their infant daughter, who died on Monday evening. The funeral, which was in private, took place Wednesday.

The Rev. Mr. Sovereign addressed the Young People's Club Tuesday evening in St. Andrew's church. The subject, "The Eye and How We See," was interesting and instructive, and was listened to by a large number.

Messrs. Fyfe & Duke are working overtime building gasoline launches. They have completed the launch for the Fairbanks-Morse people, which is to be used for demonstrating purposes, and have the frame set for another like boat.

Contractor Auld is rushing to completion the large building being erected for W. Owen, on First street. When completed the first story will be occupied by THE EXPRESS, and the second storey by the Masonic lodge.

Mr. P. Larson is erecting a dwelling on Nineteenth street for the use of his gardener. Mr. Larson intends putting in a large garden on his property there, which will supply his table with fresh vegetables the year round.

Mr. Wm. Burrill, of Lynn Valley, brought in a sample of the sand found on his property last week. The sand is something rare, being of an extra fine grade and free from mud and pebbles. No doubt Mr. Burrell's find will prove valuable in the manufacture of cement and sand brick.

The excavation work for the Larson-McMillan block, next THE EXPRESS office, has been completed. Much hard digging and picking was required owing to the proximity of the hardpan to the surface. At the rear of the present building will be erected an extension, in which will be situated the situated the post office.

Messrs. Picton-Warlow, of the Lounge, and Pettley, of Con's billiard parlors, are arranging for a game of English billiards, which will be played shortly. As both players are nifty on the cue an interesting game is looked for.

The district council has completed repairs on the Keith road from the eastern limits of the city to Lynn creek. The road became almost impassable owing to the winter rains and improper drainage.

A Queensbury avenue car tried trien to take the wagon road at the corner of Lonsdale and First street Tuesday afternoon. Owing to there being no speed the car was quickly placed on its way again.

Dr. and Mrs. Anthony have left on an extended tour of the eastern States and Europe. They expect to be absent a twelve-month, and during their absence their residence on St. George's avenue will be occupied by Mr. Dodds, of Bruce & Dodds.

Mr. Geo. Davis paid the Ambitious City a business visit Thursday.

An Indian came up before Magistrate Kealy yesterday morning for being drunk and disorderly. A fine of $100 and costs was imposed.

Among the appointments in last week's B. C. *Gazette* are Ald. A. E. Crickmay and Isaac Walden, to be members of the board of police commissioners for the year 1908. The license commissioners are Ald. Wm. J. Irwin and A. R. Steacy.

The tug Constance, of New Westminster, which is now lying at the ferry wharf here, will shortly be put on the Wallace ways for general overhauling.

The Presbyterian service in Moodyville school will be conducted by a clergyman who has but lately came from California. Public worship will commence at 7 o'clock, and an earnest invitation is given to all around Moodyville to avail themselves of this privilege.

Tuesday, the 17th day of March, has been proclaimed a public half holiday by Mayor Kealy, and all places of business will be closed from 12 noon, for the celebration of Arbor Day. On that day it is proposed to set out trees on the public parks of the city, and the citizens are requested to assist in the good work.

Mr. Frank Pike, who has been the guest of Mrs. Phillipo, Fourth street, for the last few weeks, left on the SS. Princess Beatrice for Skagway, en route to Dawson, Y. T. Mr. Pike will operate his claim on Sulphur creek with his partners.

The Ladies' Aid Society of the Methodist church are holding a sale of work on Thursday, March 12th, in the Inkster-Ward building north of A. R. Steacy's store. On the evening of the same day there will be an entertainment in the church, given by the Wesley Epworth League.

At Monday night's council meeting Chairman Steacy and Secretary Peacy of the school board advocated an enlargment of the school. Mr. Steacy stated that owing to the rapidly increasing membership steps should at once be taken to make provision for a larger school. More ground would be required, and he asked the city for the ground now occupied by the city pound and stables, which adjoins the school property. The council appointed a committee to confer with the school trustees on this matter.

Ald. Wm. Braim has completed and launched and tried his new boat, the product of his leisure moments. The boat is thirty feet over all, with a seven-foot beam. An overhanging torpedo stern, with plenty of freeboard fore und aft, form two special features of the craft, while a canopy top, with two front windows and curtained sides keep out the weather. On stepping aboard one is amazed at the great amount of room, the the small eight-horse power engine sitting amidships, being hardly perceptible. When running full speed the "Geneva," does about eight miles an hour. Mr. Braim built his launch from patterns obtained from boatbuilders in the east.

Several members of the athletic club attended the smoker given by the Thistle football club last evening in O'Briens hall, Vancouver. Included in the program was a wrestling match between Rod Renshaw and Bob Rowley. After fifteen minutes, each man got a fall, the referee, Alex. Smith, declared the match a draw. A good time was indulged in by all.

TO RENT—Well furnished house with all modern conveniences. Apply, Corner First street and Chesterfield avenue.

FOR SALE—Number of canaries, good singers; also 120-egg Cypher incubator. Apply to Mrs. A. E. Kealy, corner 17th and St. Andrews

WANTED—Woman for housework, three or four hours daily. Apply to Mrs. Boult, Second street west.

Arbor Day on the 17th Day of March

Highly commendable and in keeping with the proverbial enterprise of our fair young city is the setting apart of an Arbor Day and the declaration of a civic half-holiday on the above date by order of his worship Mayor Kealy.

It is hoped that all the citizens will co-operate heartily and assist in the successful inauguration of this the first annual Arbor day for the city of North Vancouver.

Of great historic importance, utility and arboreous beauty in the years to come will be many of the trees planted in our public grounds at this time.

Is there one amongst us who has not on many a hot summer day enjoyed the cool shade of some friendly tree that had been planted perhaps in like manner as these trees are to be planted?

In a few more years the trees that we now plant will not only be a source of comfort to residents and visitors, but a material aid toward the realization of the city beautiful.

A committee has been appointed representing the city council, the school board, the board of trade and the horticultural association, arrangements will be made for tree-planting on Victoria park, the Chesterfield avenue school grounds and the horticultural grounds.

PROGRAM.

The program arranged provides for meeting at Victoria park, at 1 o'clock p. m., on Tuesday, March 17th, each man, woman and child, who can so arrange to bring one or two trees, suitable for planting, and the men to bring along spades and shovels, in addition to their quota of trees.

The city engineer will have stakes set indicating where trees may be planted.

The committee in charge will be at Victoria park (Lonsdale avenue and Keith road) and there announce further arrangements as to tree-planting on the school grounds and horticultural grounds.

Suitable young trees may be obtained at any of the leading nurseries for fifty cents each, and some very good specimens of native maple may be obtained free in the suburbs of North Vancouver. It would be well, however, for each person to have their trees on hand one or two days before the 17th in order to avoid delay and disappointment.

The school board recognizes the value of a varied collection of trees on the school grounds and parks, thus constituting the neuclus for an arboretum that will provide better facilities for a more comprehensive course of nature-study for the children.

New Secretary of Board of Trade

Owing to his rapidly increasing business and multidudinous other duties to perform, Mr. J. H. Selkirk has been forced to resign from the office of secretary of the board of trade. Mr. Selkirk has held the position for some months, and has loyally and punctually fulfilled the many duties of that office. Most laborious among these is the compilation and financing of the year-book of the North Vancouver Board of Trade now on the press. This book contains beside many North Vancouver views, complete statistics of its growth, its mercantile and other businesses, and will contain about 100 pages when finished. The expenses of production have been entirely defrayed by voluntary subscription, which Mr. Selkirk was instrumental in securing.

The new secretary is Mr. J. R. J. Murray, of the real estate firm of Elder, Murray Co., and has since the incipiency of the board of trade taken a keen interest in its affairs. In Mr. Murray the executive have made a wise choice, and we may look forward to the work of the secretary being done to satisfaction in the future as in the past.

Mass Meeting Discusses Licenses

A public meeting was held in St. Andrew's church on Wednesday evening to discuss the question of the attitude of the ratepayers to the new licenses to be applied for next week. After hearing words of counsel and encouragement from Mr. Matthew and Rev. Mr. McRae, interspersed with solos, the meeting settled down to the consideration of local affairs. After several short addresses by local men, it was moved by Mr. McBain, seconded by Mr. Device, and carried, without dissent, "That in the judgment of those present no additional license is necessary in North Vancouver, and that the license commissioners be petitioned to refuse the requests coming before them." A deputation, consisting of Messrs. G. A. McBain, Martinson, and Jesse Williams, Mrs. J. Hall and Mrs. Wheeler, president and secretary of the W. C. T. U., and the pastors of the Anglican Methodist and Presbyterian churches, was appointed to present the resolution before the board of licensing commissioners.

The circulation of a petition against the granting of the licenses was left in the hands of the Women's Christian Temperance Union.

Considerable vigor was shown in statements regarding the recurrence of the necessity of appealing to the electorate against new licenses. The most to-be-desired solution of the difficulty lies in local option, when the city shall once for all determine whether there shall be any licenses at all. The vast change that has swept over the old country, where brewery stock has fallen at a slump, and the marvelous spread of prohibition over the United States were commented on, and the devout hope expressed that the wave of reform would soon reach the Pacific coast.

Meantime it was evident that if the power lay in the hands of those gathered to discuss this question on Wednesday, North Vancouver would not only have one real dry day a week but seven.

THE EXPRESS

THE EXPRESS PRINTING COMPANY, NORTH VANCOUVER, B. C.

J. B. WILLIAMS, Manager.

The Express is delivered in North Vancouver within a radius of 12 blocks of the office. All outside this district is placed in the post office.

Rates of Subscription:

One year	$1.00
Six months	.50
Three months	.25

United States and Foreign, $1.50 per year.

All subscriptions must be paid in advance.

Any person not receiving this paper regularly will please notify the office. No paper stopped unless notified either by letter or card

ANNOUNCEMENT

On the first of March a partial change of ownership of this paper took place, whereby G. A. Love, formerly of the Red Deer, Alta., *News*, purchased the interest formerly owned by Geo. Bartley. Mr. Love has returned east for his family, but expects to arrive here to assume editorial charge of THE EXPRESS about the 15th of the month.

REGARDING CORRESPONDENCE

THE EXPRESS invites views of residents on matters appertaining to the general welfare of the city, and will publish correspondence handed in at the office *not* later than Thursday morning. No restrictions are placed on any writing further than that the writer must send in his name along with the correspondence though not necessary for publication. Any article dealing in personalities must not be published under a *non-de-plume*

The columns of this paper have at all times been free for the use of correspondents, and any one sending in such may rest assured that his communication will receive due attention, providing the writer is known to the publishers. It does not necessarily follow that views contrary to those expressed by the paper will be barred, as the press is an organ of public opinion, and as such will be run.

At present there are questions that we would like to see discussed through these columns which are of vitul interest to North Vancouver, and any letter sent in will be published.

IT PAYS TO ADVERTISE.

The average merchant usually gives advertising too much or too little credit. If the store management and service are bad—if the stock is poor and the sales force inefficient and discourteous—he is likely to have a poor opinion of advertising, for advertising can do very little for a store of that sort.

On the other hand the merchant who has a fine store with a good stock of merchandise and excellent service is apt to think that it is not necessary to advertise. He thinks he can get along without it on the presumption that the store will advertise itself. That's where he is wrong. The better the store is the more this fact should be advertised.

The Mount Pleasant *Advocate* has changed hands, Mrs. Whitney, who has conducted the paper for the past nine years, having severed her connection therewith. Messrs. Rhian and Leathley are the new proprietors. With Friday's issue the *Advocate* appeared in its enlarged form, having eight pages, neatly printed, and full of news concerning the surrounding district in which it is published. We extend to the *Advocate* and its publiihers our wishes for success.

The Fertility of Sunny Lynn Valley

The cutting left at this office last week by a subscriber in the valley is a splendid testimonial of the growing qualities of the land in the valley. The stock measured seven feet four inches in length, and is the product of a year's growth.

The fertility of the valley is well known, and we are assured by competent authority that it is in many places especially suitable for nursery purposes, the results that have been obtained equalling in many instances those of the far-famed Willamette valley in Oregon.

The fine southern slope surrounded by the mountains on the north, and particularly on the east and west, gives a very early growth. The altitude is about 500 feet above sea level, and insures it freedom from those fungus growths that are prevalent on low elevations near the sea, and makes it an excellent place for greenhouses, the best of light being obtained all through the winter. No haze or fogs to obstruct the light, and its freedom from late frosts in spring or early in the fall makes it an ideal place for a nurseryman. We are surprised that not more nurserymen are giving their attention to this part. The extension of the street car lines into the valley in the very near future will make it one of the finest suburban districts on Burrard inlet.

CORRESPONDENCE

Poo Bah!

TO THE EDITOR:

North Vancouver is justly entitled to the distinction of being an enterprising city, and its citizens generally are noted for courtesy, truthfulness and honor in discussing fairly and impartially details of the administration of civic government by those whom the people select as their representatives.

While it is to be deplored that occasionally some two or three misguided individuals, laboring under some serious misapprehensions and an over-estimation of their own self-importance, so far forget the essential first principles above enumerated and intemperately indulge in wholesale denunciations of councils, etc. Yet it is pleasing to note that the citizens generally do not approve of such actions.

The following remarkable paragraph appeared in the W. C. T. U. item in the *World* of March 5th, 1908, and if correctly reported the two individuals therein mentioned by name certainly owe an apology to the citizens generally:

CITIZEN.

"Mr. McBain scathingly criticized the councils of the city. Mr. Bain thought it was very strange that at the convening of the license board every year such means as the meeting was about to adopt should have to be used. If the city council was properly selected there would be no need for thsse yearly protests and petitions, he said. Mr. McBain supported Mr. Bain.

Over three hundred and fifty cases were heard in the Vancouver police court during the month of February.

L. E. Price is raising Angora goats on his ranch in the Cariboo country.

He Was Very Indignant

A hardware manufacturer in eastern Ontario recently received the following amusing letter from a merchant in Quebec province:

Dear Sirs—i Receeve de stove which i by from you alrite but for why dont you send me no feet. I am loose to me my customer sure thing by no having de feet and as dats no very pleasure for me.

What is de matter wit you is my trade money's so good like anoder mans. you lose to me my trade and am veree anger for date and now i tells you dat you are a dam fool and no good. I send you back at wunce you stove tomorrow for sure bekawse you are such a dam foolshness peepless.

Yours Respectfullee

P. S.—Since I rite you dis letter i find de feet in de oven excuse to me.

Ed. Covert, of Grand Forks, has been offered $10,000 for a hay ranch of 320 acres in the Buckley Valley.

THE EXPRESS, $1 a year.

An office for the sale of fruit lands has been opened in New Denver.

A ten-stamp mill is to be put in at the Little Bertha mine near Grand Forks.

The Owls are being organized in the Boundary. They are related to the Eagles.

A year from now the C. P. R. expects to be mining 3,000 tons of coal a day at Hosmer.

In the Slocan and East Kootenay there are a little over 100 mines working, principally on a small scale.

Under the management of Col Tomkins the Hume in Nelson has become one of the greatest hotels in B. C.

THOMAS SHEPHERD, City Clerk.
North Vancouver, B. C., Feb. 28, 1908

NOTICE.

George Bartley has this day, by mutual consent, retired from the Express Printing Co. All debts due to said firm will be collected by the company, and all liabilities of said concern will be assumed by

THE EXPRESS PRINTING CO.
J. B. WILLIAMS, Manager.

North Vancouver,
Jan. 7th, 1908

NOTICE IS HEREBY GIVEN, FOR the information of intending settlers and others, that selection has been made of the 3,500,000 acres of land situated in the Peace River Valley, *Province of British Columbia*, granted to the Dominion Government under the provisions of Section 7, of "An Act relating to the Island Railway, the Graving Dock and Railway Lands of the Province," and such land is not open to entry under the Land Laws of the Province.

The block selected is described as follows: Commencing at a point 33½ miles south of the Peace River, on the 120th Meridian, being the Eastern boundary of the Province, thence West 75 miles and 38.64 chains, thence North 72 miles and 35.03 chains, thence East 75 miles and 38.64 chains, thence South to the point of commencement, following the 120th Meridian, and containing approximately 3,500.000 acres.

Notice is Also Given that, with a view to facilitating settlement in the Valleys of the Peace, Parsnip and Pack Rivers, the following belt of land forty miles in width, and extending 20 miles on each side of the Peace, Parsnip and Pack Rivers has been reserved for actual settlers, to be acquired by pre-emption *only under the Land Act, such land not* being open for sale, lease, license or other alienation under the said Act except by pre-emption.

Commencing at the intersection of the Western boundary of the block of land selected by the Dominion Government with the Peace River, thence following the Peace River and Parsnip River to their confluence with the Pack River, and thence following the Pack River to the point where said Pack River leaves McLeod Lake, and extending for a distance of 20 miles on each side of said Rivers and approximately 170 miles in length.

All lands outside the boundaries of the Dominion Government Grant and the reserve above described are open for location under the laws of the Province.

W. J. BOWSER,
Acting Chief Commissioner of Lands and Works.

Lands and Works Department,
Victoria, September 13th, 1907.

NEW RESIDENCES
are Being Erected in All Parts of the City
BUSINESS BLOCKS

The financial depression which has considerably affected the continent, has been little felt in the Ambitious City, judging by the large number of buildings erected and in course of erection here. No time in the history of the city has there been such a rapid growth in this line, as already there are over fifty residences and several business blocks under way. The outlook for even many more is most gratifying. and it will be but a short time ere we have a metropolitan aspect when viewed from the inlet.

The block being erected by Mr. W. Owen, on First street, is fast nearing completion. The contractor says it will be ready for occupancy in about three weeks. The building is 26x60, two storeys and basement.

The Horne block, on Lonsdale avenue, has been finished and several of the stores are now occupied.

The Esplanade also comes in for its share in the building industry. Carpenters are now busy on the Larson-McMillan stores, as the excavation work is completed.

Mr. Eilwood's stores and rooms on the present site of Mrs. Hogg's confectionery, will be well under way by the end of the month. These stores will be large and well adapted for business. Upstairs the space will be made into living rooms, and will be fitted up-to-date.

An office, also diagram room, is now being completed on the northwest corner of the Wallace shipyards, which will also add greatly to the general perspective of the Esplanade.

At the corner of Fifth and Lonsdale Mr. Geo. A. McBain is completing a handsome structure for his real estate business.

The new $15,000 residence of Mr. Jas. A. McNair, of the McNair Lumber Co. is finished and now occupied by the builder. Mr. McNair has spared nothing to make this one of the finest residences on the coast. From cellar to garret the inside has been finished in elaborate style, some of the wood used being imported from Australia. The floor of the drawing-room is composed of walnut and tallowwood inlaid, with five strips of each consecutively placed and forming the outside border. The wide staircase in the front hallway is in itself a work of art, and is composed of oak and walnut. In all there are eight rooms, all elegantly finished in harmony with the furnishings. The house is situated in the centre of nine lots on Sixth street east, fronting Victoria park, commanding view of the inlet and gulf. It is Mr. McNair's intention to beautify the grounds and set out shade trees, making the lawn on the three sides of the house unequalled in these parts.

At the western extremity of Victoria park is situated the new residence of Mr. Bailey, of Bailey Bros., Vancouver. This house, from an architictural point of view, is original, and strikes one as having the embodiment of beauty and comfort. The outside of the house is shingle finished. Large bay windows and a good overhang on the eves lend adornment, while the spacious veranda looks cosy from the street. Mr. Bailey has several lots surrounding his residence, on which are shade trees and a little brook. The house is in keeping with the surroundings, facing as it does, Ottawa gardens, with Victoria park at the opposite side. The house will be finished in about three weeks time.

For originality, both as to design and finish, probably Mr. F. B. Cudney's residence—or more properly bingalow—is unique. The appearance is that of an old-time log house, with its deep-setting windows and its low hanging roof. Mr. Cudney has done much of the work himself, and the design is purely his own. The interior is being finished in natural wood, and contains, besides other homogenuous fixures, a real old-time fireplace, built at the back and forming a separate compartment. The house sits on a stone foundation and in the midst of good surroundings.

Ald. Wm. Braim has completed five dwelling houses on the corner of St. George's avenue and Sixth street. Three of the houses have the shingle finish, with veranda, large windows, and all have modern conveniences.

In the vicinity of Tenth street and St. George's avenue there are several comfortable looking cottages and residences being completed. Mr. Geo. Telford's new seven roomed house is receiving the plaster. This house faces the south on Tenth street, and has besides other conveniencies, plenty of room for a lawn and garden.

Beside the above-mentioned residence, Mr. J. H. Pilling has lately completed a large six-roo ed house for his own use. A striking feature of this residence is its elevation, as from the upper storey the occupant has a commanding view of the inlet, the gulf and surrounding country. Mr. Pilling has used good judgment in having large windows and a good veranda.

Mr. J. B. Bennett, principal of the North Vancouver school, has erected a nice looking and commodious residence on Eleventh street. There are eight rooms and attic. The house sits on a good elevation with plenty of ground surrounding.

Ex-Ald. Emery is a neighbor of Mr. Bennett, and has a comfortable cottage on the corner, where he resides.

Dr. Anthony's bungalow, on St. George's avenue, near Tenth street, has a design that is striking. A large old-fashioned chimney is built on the outside of the building, after the style of Swiss architecture. There is only one storey, but two wide verandas, facing north and south, set the place off. The house is stained a dark green, and has a home-like appearance.

Mr. Studbaker also has a shingle finished cottage setting in the center of his large corner lot on Tenth street and St. George's avenue, which, along with his surrounding neighbors, gives this spot a rich appearance.

Mr. E. L. Kinder, at the corner of Chesterfield and Eighth street, has erected and is now finishing a fine twelve-roomed house. Mr. Kinder is a carpenter, and has supervised the work and plans after his own ideas. Every room is large with plenty of light, the drawing-room facing the south and containing a large three-sided bay window. The house will be occupied by Mr. Kinder.

Mr. Jos. Bennett is building three houses for rent on Second street.

Mr. L. Platt is erecting a residence on Fourteenth street east.

Mr. Jas. Hays is erecting a residence on Sixth street.

The Nanaimo city council has sent a delegation to interview the provincial government with reference to the labor situation there.

Ritchie Meets His Waterloo

Driver Miller, the ex-army pugilist and victor of thirty-five battles on the coral strands of India, retrieved his lost reputation Monday night, when, in the third round of a strenuously contested encounter, he succeeded in getting the best of Bob Ritchie, of the North Vancouver Athletic Association. From the start the contest was fast, each man working with determination.

Each man was at his finest. The first round ended with honors even. In the beginning of the second Ritchie landed two blows on Miller's jaw. Miller then retaliated on his opponents body with such force that it was at once seen that he had all but knocked his man out. The two squared off again, but Miller gained on his opponent, when the gong saved the latter at the end of the second round. Miller opened strong in the third, landiug bodily blows that were fast telling on the North Vancouver boy. At two-minute time Ritchie went to the floor, but rose in a dazed condition, only to fall again before the rain of punches. The third fall, the referee gave Miller the decision.

From start to finish the contest was clean and manly. Jack McPherson, the referee, having no occasion to interfere. The breaks were clean and quick, the punches square and precise.

About 350 people availed themselves of the opportunity to witness the much-talked-of bout. The betting was decidedly in Ritchie's favor, no doubt Miller's former showing causing some apprehension as to his capabilities.

Just prior to the main bout R. Breen, a well-known fistic artist, entered the ring and challenged the winner.

The preliminary to the main bout, between Lane and McLean, was rather in the farcial class, both men failing to do even a sparring stunt, either from predesigned arrangement or through fear of each other.

Forestry Association A National Benefit

Canada's forest wealth and its preservation and the perpetuation of the forests are subjects now occupying a large share of the public attention. Not a little of the attention now given to these topics is to be ascribed to the efforts of the Canadian Forestry Association.

The association is a national body, now numbering some 1,200 members, and having on its roll representatives of every province and district of Canada, not to speak of Newfoundland, United States, Great Britain and several European countries. The next annual meeting will be held in Montreal on March 12th and 13th, 1908. Previous annual meetings have been held in Ottawa, Toronto, Quebec and Vancouver.

Commencing at a post planted on the south side of Lynn Valley Road, about forty (40) chains east of St. John's College and adjoining John Claverie's claim, thence north eighty (80) chains, thence west eighty (80) chains, thence south eighty (80) chains, thence east (80) chains, to the point of commencement, containing six hundred and forty (640) acres more or less.

SILVERT BENSON.

Dated January 7th, 1908.

CITY OF NORTH VANCOUVER

Proposed Local Improvement

TAKE NOTICE THAT THE COUNCIL of the City of North Vancouver intends to construct the Local Improvements set out in the schedule appearing below, and intends to assess a portion of the final cost thereof upon the real property benefitted thereby, fronting or abutting thereon, and held liable for assessment therefor.

A statement showing the lands liable and proposed to be specially assessed for the said improvements and the names of the owners thereof, so far as the names can be ascertained from the last revised assessment roll and otherwise, is now filed in the office of the Assessment Commissioner, and is open for inspection during office hours.

The schedule below shows the estimated cost of the improvements and the proportion to be provided out of the general funds of the city, if any.

A Court of Revision will be held on the Twenty-third day of March, 1908, at the hour of 7:30 p. m., in the City Hall, North Vancouver, B. C., for the purpose of hearing complaints against the proposed assessments, or the accuracy of frontage measurements, or any other complaint which the persons interested desire to make, and which is by law cognizable by the court.

THOMAS SHEPHERD,
Assessment Commissioner.

North Vancouver, B. C., February 27th, 1908.

SCHEDULE ABOVE REFERRED TO

No. Proposed improvement	Estimat'd total cost	Estimate city to pay
1. Clearing, grading and ditching of 11th St., bet. St. George's and St. Andrew's Aves., and laying of six-foot sidewalk on north side thereof; also grading and ditching of 11th St. bet. St. Andrew's and Ridgeway Aves., and laying of six-foot sidewalk on north side thereof	$2,400	$30
2. Maintenance of Ottawa Gardens and their equipment (one year).	$96	—

CORRESPONDENCE

Bottler's License

DEAR SIR,—Referring to the above, the following cutting from the Liverpool *Post* may i terest some of your readers, who see no objection to the licenses. Comment is needless, but I may say that from my own personal experience this is no exception, but a very common occurrence.

Yours truly,

A. E. A.

North Vancouver, March 5, 1908

"THE GROCER'S MAN.

HUSBAND'S PAINFUL STORY.

Amelia Francis, a middle-aged woman, of Breakspears road, Brockley, was found lying face downward in her bed-room, having apparently been suffocated while in a fit of drunkenness.

At the inquest her husband said that a grocer had, despite a letter sent by a solicitor and a verbal warning, continued to supply his wife with alcohol. "The confounded grocer's man" came round touting for orders, and continually put temptation in his wife's way.

The grocer said it was two years since the instructions were given. They were only for spirits, and not for alcohol generally.

A verdict of "Death from Accidental Causes" was returned, the coroner remarking that Mr. Francis could, if he pleased, oppose the grocer's license."
